New Causeway Opening Set For June 22

A two-and-a-half hour program including outboard boat racing and parachute jumping has been planned for the official opening of the Chemong Causeway on June 22.

Tentative plans for the entertainment were drawn up on Tuesday night at a meeting of the Watersports Committee—a joint body of County Council representatives and interested citizens. Details of a dedication ceremony to be included in the afternoon's agenda will be drawn up later at a meeting of a separate committee made up of County Council members.

It is expected that a large crowd will turn out to see the official opening of the causeway which for several years was a controversial project in county politics.

If all goes well there will be representatives from both the federal and provincial governments to see the completion of the rock-fill causeway traversing Lake Chemong. It replaces the former floating bridge.

Expected are representatives from the Dominion Department of Public Works and the Department of Transport, and several Ontario cabinet ministers as well as engineers with the Department of Highways and the Department of Planning and Development.

Plan Races

Three outboard boat races have been arranged by Don Wood and Harry Oakman in charge of that section of watersports. Classes will be (1) 17 h.p. and under; (2) 22 h.p. and under (3) open.

Entries are expected from such centres as Windsor, London, St. Catharines, Toronto, Hamilton, Niagara Falls, Dunnville, Campbellford and Bowmanville. The races will be run off under Southern Ontario Outboard Association rules.

Local boat owners who fancy their chances of placing in the races are urged to contact Harry Oakman, 48 Lansdowne St.

Tom Mathias and George Stevens of Rockland Airways have arranged for perhaps the most thrilling event of the afternoon—three separate parachute jumps from aircraft into Lake Chemong. They expect to have at least five

(Continued on Page 26)

Main Street Topics

MEET MAY 19

A meeting of the city planning committee has been postponed until Thursday, May 19, at the city hall.

BUY ELM STREET LOT

Finance committee of the council has accepted the offer of B. J. Allen, 465 Bolivar St. of $600 for a 50-foot frontage lot on Elm St. He intends to build a house on the property.

ANOTHER 100 HOUSES

The pressure of housing demand is apparently as acute in Belleville as in Peterborough. Both cities are asking Central Mortgage and Housing Corporation for 100 low-rental houses. The council of Belleville passed its bylaw Tuesday night.

ATTENDS CONFERENCE

Bev Goulding, coach of PCVS basketball and football teams, recently attended the Cleveland Browns, All-American Conference Football Champions, 4th Annual Football Clinic. There were present 1,500 college and high school football coaches.

NOT THIS YEAR

Utilities Commission has informed the council that work planned for this season, including the laying of water main across the river from Burnham's Point to McDonald's Point, does not provide for the extension of the Lansdowne St. main to Downer's Corners, crossing the river at the Peterborough Lock.

STREET TORN UP

Utilities Commission workmen were engaged today in digging a drain in front of the Churchill Restaurant on George St. for the purpose of installing a new and larger lead-in pipe from the water main. The new pipe will be 1¾ inches in size, instead of 1 inch, the size of the old pipe. The work is being done to improve the water pressure in the restaurant.

BUY 150 COPIES

The Chamber of Commerce h purchased 150 copies of the Vac tion number of The Peterborou Examiner and presented one to each of the delegates who attended last week-end's annual conference here of the Federation of Ontario Women Teachers. The issues will be distributed by delegates of the Federation as a souvenir of their visit to Peterborough.

TO TOUR PLANTS

Members of the Fleur-de-lis Club, a women's group in Mount Dennis, a suburb of Toronto, will visit Peterborough on June 16 to make a tour of inspection of the plants of the Quaker Oats Company and Western Clock Company, it is announced by the Chamber of Commerce. The trip stems from a visit several club members paid here a month ago when the dramatic group of Canada Packers, Ltd., Toronto plant presented an operetta.

SHOW LAST FILM

Film in Reality, a British film, will be shown Friday at the Public Library. This film is the last of a series of five foreign movies to give the people of Peterborough an opportunity to see films of other countries besides American and Canadian.

CANCER FILM SHOWN

Mr. E. E. Ingall was in charge of cancer publicity film of Peterborugh Film Council shown at the Federation of Agriculture meeting Tuesday night. It is a production of the American Cancer Society with a forceful main message advising prompt action in consulting a physician when suspicious signs appear.

OPEN OFFICIALLY

Peterborough Branch Library on Park St. will be officially opened this evening. Members of the Board of Education, the City Council, Separate School Board, Library Board, principals of the schools in the southend and the presidents of the Home and School Associations in that area have been invited to attend.

SPEAKS AT CONFERENCE

Lynn Russell, director of Physical Education in the YMCA of Detroit was guest speaker at the Ontario YMCA Physical Directors Conference Tuesday at the Casa Loma in Toronto. Al Clark, physical director of the local YMCA was one of the 25 YMCA directors who attended.

MOTORIST KILLS CALF

William Richmond, of Nogie's Creek, while driving along No. 28 Highway near the city waterworks Tuesday night at 10:50 o'clock ran into a calf owned by H. G. Brown, R.R. No. 4, Peterborugh, and killed it. The animal had apparently strayed from its pasture.

$27,605 FOR ROADS

Port Hope has had approved by the Minister of Highways a grant of $27,605 for upkeep and repair of provincial roads passing through town. This grant is for 1948 and came as a result of a law passed recently in town council which set down the estimated expenditures.

VISITS SPORT LAYOUT

A group of Stouffville officials, several from service clubs, visited Peterborough Tuesday to look at the Bowl softball park and Civic Arena. They were shown around by Ald. Hurrell Dodds, and the party expressed approval of both layouts, stating Stouffville would probably pattern its arena after the one here.

11,106 Citizens X-Rayed In Two Weeks

By Tuesday night 11,106 people had been X-rayed in the current survey being undertaken in the city by the Peterborough County T. B. Association. Later the survey will be extended to the rest of the county.

The industrial division has now been completed and about 8,000 workers took advantage of the X-ray units to ensure that their lungs gave no indication of tuberculosis.

In the general survey 500 people were photographed—some of them on the opening day in front of the Examiner and others when the bus unit was parked on Charlotte St.

The bus unit started on Monday at PCVS and remained there till Tuesday noon doing a total of 1,225 Collegiate students and pupils from Central School. In the afternoon the bus moved to St. Peter's School where an additional 556 were X-rayed.

Those included at St. Peter's were: St. Mary's School, Canadian Ventilating Shades Ltd., Queen Mary, Mount St. Joseph, and Queen Alexandra.

Working In Zones

On Monday morning the mobile unit moved into its five-day headquarters in Zone One: Mark Street United Church basement. By Tuesday night at 5 p.m. 825 persons had been X-rayed.

Officials in charge reported that the public response was slow in Zone One (East City). A total of 2,400 people are scheduled to be surveyed and unless more turn up today than hitherto the last couple of days will be overcrowded, they fear.

Zones are the following: One—East City, H, Mark Street Church basement, from May 9 to May 13; Two (A) north of Charlotte St. to Parkhill Rd. HQ, George St. United Church, May 16-18; Two (B)—north of Parkhill Rd., HQ, Normal School, May 19-20; Three—south of Charlotte to Lansdowne St., HQ, Knox United Church, May 23-27; Four—south of Lansdowne, HQ, Confederation School, May 30-June 3.

Financing of the project is being undertaken by the Peterborough County T. B. Association. Organization of the survey has been done by the Junior Chamber of Commerce assisted by the IODE.

License To Pop Popped Down

"Do you think this is big enough to bother with?" Ald. P. J. Anglesey questioned as the finance committee of the council decided Monday night not to renew the license of the ambulant popcorn-peanut wagon.

"I do," said Mayor Swanston, commenting that there had also been some questioning of the parking of the potato chips van at Simcoe and George streets.

Ownership of the popcorn wagon has changed twice in the last year, and because it tends to interfere with traffic and parking, the license at $50 a year is not being renewed as directed in a motion by Aldermen Gillespie and G. Miller.

Ald. Anglesey said he was thinking about the disappointment of youngsters who have been popcorn and peanut customers.

ALLIED CITY TRADES were represented at the PCVS Parents' night, Tuesday, by H. Pulley, Centre, and E. Pinn, both of the De Laval Company machine shop. Instructor Wesley Brown, Left explains a project in progress on one of the Vocational School's lathes.

—Examiner Staff Photo

50 Films Borrowed From Library In Week

The distribution of educational and entertaining films goes on from week to week with gradual decline from the peak of Christmas time to the vacation period of midsummer months.

Miss Helen Watson of the Peterborough Film Council said 50 reels were sent out from the public library here last week to Norwood, Lakefield and to other sections of the country in addition to the city. It has become an established service. This week 21 applications were filled, the farthest from Belleville.

The use of the films continues during the summer, but the circulation peak is in the two months at the turn of the year.

Obituary

JAMES SISSON

OMEMEE, May 11—(ENS)—A lifelong resident of Cavan Township, James Sisson, 85, of Ida, died suddenly on Tuesday at the home of his son J. H. Sisson, Omemee, with whom he had been living for the past four years.

Mr. Sisson was born in Cavan, son of the late Henry Sisson and Ellen Jackson. He retired from farming more than 25 years ago and resided in the village of Ida.

For many years he was secretary of the local branch of the Canadian Order of Foresters, and an active member of St. John's Anglican Church, Ida, of which he was a former warden and Sunday School superintendent. He was also caretaker of the church and looked after the cemetery.

Left are a son Harry of Omemee, a daughter Mrs. Stanley Tully (Kathleen) of Emily township, a sister Miss Annie Sisson of Emily township; and two grandchildren, Kenneth Sisson, Peterborough and Jimmy Kelly of Emily.

The body is resting at the home of H. J. Sisson, Omemee, where a special service for friends will be held on Thursday at 1 p.m.; the Rev. F. W. Pooley, Christ Church, Omemee, officiating. Another service will be held at 2 p.m. in St. John's Anglican Church, Ida.

Burial will be in St. John's Cemetery.

TO ADDRESS LIBERALS—Rt. Hon. C. D. Howe, federal minister of Trade and Commerce, who is scheduled to address the convention of Liberals of Peterborough West on Thursday night in the Legion Hall, when a candidate will be named to contest the federal election.

Ottawa Helps Build Steamer

OTTAWA, May 11 (CP)—The Dominion government is going to help the Owen Sound Transportation Company build a ship which will replace the SS Manitoulin on the run between Owen Sound and Sault Ste. Marie, Ont., it was learned Tuesday.

The 187-foot vessel is expected to be ready for operation by opening of the navigation season next spring. Contracts for its construction have not yet been let, but it will be built in one of the Great Lakes shipyards, possibly either at Midland or Collingwood.

The ship will carry 22 automobiles and will have sleeping accommodation for 98 persons on a regular run around the north of Manitoulin Island in Georgian Bay and Lake Huron.

The government will work out a plan to subsidize the Owen Sound company and thus permit it to build the ship to replace the now obsolete Manitoulin.

New Coffee Makes Early Morning Angels

● If your day starts off gray, turn on the sunshine with a steaming cup of this grand, flavorful new coffee. One swallow, and "bears" turn into "dears"! It's the NEW Chase & Sanborn Coffee.

Your grocer has this "angel-making" coffee right now. Ask for a pound of NEW Chase & Sanborn to-day.

The NEW Chase & Sanborn

SUCCEEDS ON SECOND TRY — Her Majesty Queen Elizabeth smiles in photo at left as four-year-old Sandra Wakefield walks right past her, lost in thought as she admires the bouquet she was to present the Queen. At right, Sandra, on a second try, curtsies as she makes the presentation. The occasion was the appearance of the Queen at a London benefit for the nursery school which Sandra attends, recently.

Planning Clinic For Eskimos In The Northland

By JACK AVESON

WINNIPEG, May 11 —(CP)— Increased medical facilities for Eskimos and Indians of Canada's northland may result from the poliomyelitis epidemic which during the last few months has affected approximately 90 persons in the Chesterfield Inlet Region of the Northwest territories.

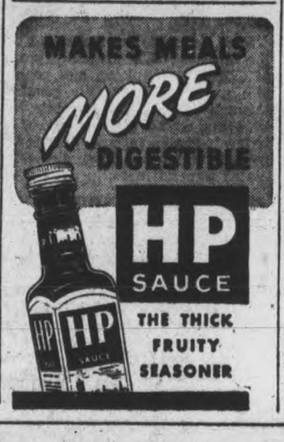
Included will be a clinic for the nomad population of the north, if a recommendation of Dr. W. J. Wood, regional superintendent of Indian Health Services, is accepted by Ottawa officials.

Dr. Wood, whose headquarters are in Winnipeg, made the recommendation in a report following his second visit to the poliomyelitis-stricken region. Dr. Wood believes that ultimately the clinic could develop into a centre for diagnosis.

The clinic probably would be located in Manitoba, its field the vast area stretching westward from the chilly coastline of Hudson Bay. Similar clinics, however, also could be established to service other regions such as Labrador and the Yukon.

Interest in the Eskimos' Health given impetus when it was found that family allowance grants decreased infant mortality among the northern nomads, has been heightened this year following several serious outbreaks of disease in the northland.

The poliomeylitis epidemic in the Chesterfield Inlet Region 400 miles north of Churchill, Man., was one of the most severe, claiming 14 lives and affecting approximately 74 other persons in varying degrees.



Collect Waste Paper To Aid Rink Drive

HAVELOCK, May 11 (ENS) — The Havelock Memorial Recreation Centre Fund has now reached $21,000. of the objective of $25,000. So eager are the young people of the village to see the rink project materialize that the boys have inaugurated a waste paper drive to help swell the fund. They take turns at the work and make a collection every Saturday. The Hubbel Hardware Company has loaned their truck for making the collections. About five tons of paper have been collected.

Friends Honor Coming Bride

BAILIEBORO, May 11 (ENS)— A large number gathered in South Monaghan Community Hall Thursday evening to honor Miss Jean Rutherford, who will be married to Leo Cann on May 14. The bride-to-be was presented with many useful gifts.

James Roddy was chairman of the following program: vocal solos, Beryl Challice of Garden Hill; piano solo, Mrs. Grace Muspratt; vocal solo, Harland Seens; duet, Eldridge White and Harland Seens; readings, Mrs. Ada Montgomery, Miss Barbara Campbell read the address accompanying the gift.

Mrs. Fred Wood made the presentation of a wall mirror on behalf of Centerville church choir, for which Mrs. Dick Hutcheson read the address.

Fred Barnard was called upon to say a few words of best wishes to the bride-to-be.

To Present Play

Bensfort Women's Association held their May meeting at the home of Mrs. Charles Barnard.

Plans were made to present a play some evening in May.

There was a sale of plants and lunch was served by the hostess and Group A.

The Young People's Society of Bailieboro, met at the home of Marilyn Barnard on Tuesday evening.

Havelock News

Mrs. E. W. Seeney has returned from North Augusta where she visited her aunt, Mrs. A. Whitmarsh.

Mrs. Harry Anderson spent a few days last week with her sister Mrs. Wilfred Jameson, at Codrington.

Mr and Mrs. Robert Anderson, Mrs. Harry Anderson, Miss Essie McQuigge and Mrs. Evelyn Ellis attended the funeral of Mrs. W. H. Sayers at Tweed on Friday.

Mrs. M. Spencer has returned from Cordova Mines where she spent the winter months.

Mrs. Alvin Fox of Wooler was a recent guest of her daughter, Mrs. Harry Anderson and Mr. Anderson.

Mr. and Mrs. Clinton Ketchen of South Bend, Indiana, are spending a few days with the former's parents, Mr. and Mrs. J. W. Ketchen, and other relatives, prior to leaving by air for a holiday in Scotland.

Mr. and Mrs. Harold Bonter and daughters of Belleville were guests on Saturday of Mrs. Bonter's sister, Mrs. Harry Anderson and Mr. Anderson.

Master Bruce Anderson, who is concalescing after an illness of several months, is now allowed up for a few minutes each day.

65 Coal Pits Idle

MANCHESTER, England, May 11—(Reuters)—All 65 pits in the Lancashire coalfields remained idle today with 52,000 miners on strike to back up a demand for cheap or free coal for their own use. Prospects today were that the stoppage will continue until Saturday when union delegates will meet to consider an offer from the National Coal Board to a limited amount of coal at pithead prices.

BLAME THE ARABS

The Arabs invented algebra.

Killed By Burglars

HERFORD, Germany, May 11—(Reuters)—Sir John Sheehy, assistant financial adviser to the British military governor, was shot and killed Tuesday night by two burglars who broke into his house at Minden.

Picket Lines Quiet At Plant

ORILLIA, May 11—(CP)—Reinforced picket lines were quiet Tuesday as the ninth day of the strike at the Heywood-Wakefield Company, baby-carriage manufacturers, passed with no break in the deadlock between union and company.

The Orillia General Workers Union (CCL) walked out in protest against what they called the "arbitrary dismissal" of 18 employees. Company officials claim the strike is illegal and that the union does not represent the majority of employees.

Two automobiles carrying foremen and office workers were stopped at the plant gates at noon but police soon opened the picket lines and the cars proceeded into the premises without further incident. Monday one car was overturned and there were numerous fights between strikers and non-strikers.

Mayor W. M. Seymour said the Ontario Labor Department had agreed to set up a board of inquiry if both sides agreed but George Brough, CCL organizer, said he could not call off the pickets unless he was assured the discharged employees would be reinstated.

Elected To Commission

MILLVILLE, N.J., May 11—(AP)—Simon Cherivitch an automobile dealer under federal indictment for income-tax evasion, Tuesday night won election to the city commission with the highest total vote, 2,904. Lewis Hogan, a former commissioner convicted of malfeasance in office, who conducted his campaign from state prison, was defeated, but came in ninth in a field of 20.

Asks Work Continued

NEW YORK, May 11—(AP)—Serge Koussevitzky, who recently retired as conductor of the Boston Symphony Orchestra after 25 years, called at a presentation banquet Tuesday night for a federal "Department of Fine Arts" to continue his work of befriending native creative talent in the United States. About 1,000 persons, including 50 composers, attended the banquet.

British Planes Due

MANILA, May 11—(AP)—A flight of British warplanes from Singapore is due in the Philippines tomorrow on the way to Hong Kong to reinforce the British colony off South China. British sources said it would be made up of 15 Spitfires and one Sunderland flying boat.

RUPTURE EXPERT

COMING TO

PETERBOROUGH

BEASLEY'S Canada Ltd., makers of the Famous Patent Air-Cushion Hernia Appliance, announce that their Mr. C. G. Gosney will be in PERSONAL ATTENDANCE at the

Ask Tamblyn's

CHROME FURNITURE MARKS: "How can I prevent tubular chrome kitchen chairs from leaving black hard-to-scrub patches on inlaid linoleum or waxed hardwood floors?" Three ways to avoid these unsightly marks. Wind tube runner with colourless Scotch tape. Paint tubular runner with colourless nail enamel. Paste a thin strip of adhesive tape on the bottom of tubular runner.

CREAM OF RICE: "I have been advised by a pediatrician to buy cream of rice cereal for my baby who is a coeliac. Where can I get this cereal?" Sorry, we have not been able to locate this cereal. Canadian Customs tell us it has only recently been taken off the restricted list for import from the United States; it may appear on the Canadian market soon. If anyone knows where it can be purchased, will they please phone this office, ELgin 9032.

SPRING CLEANED LEATHERETTE: "How can I clean wine coloured leatherette on my dining room chairs?" Try saddle soap, following directions on the package. Finish with a coat of wax. Buff lightly but steadily.

FAMILY BOARD: "What is the cheapest board I could charge for a family of four? The group includes a working father, a mother, a boy of two and a baby of one year, who by the way is still on tinned food and uses four or five tins each week." Food for this family will cost you between twenty-five and thirty dollars a week. Fuel would be extra, wear and tear on equipment another extra. If beds were provided you should add, say the housing experts, another ten dollars a week.

MY WILL: "Where should I go to have my will made out? What will the charge be?" Any lawyer will make out your will for you. Charge ranges from five dollars up, according to the intricacies of the document.

ENJOYS STROLL—Like most members of Parliament, M. J. Coldwell, CCF Leader, likes to view the tulips on Parliament Hill during his less-busy Ottawa moments. This photo by Malak of Ottawa was taken before Mr. Coldwell opened his campaign tour. The bronze-colored blooms are his favorites.

Plan To Give Port Of London $74,000,000 Face Lifting

By H. L. JONES

LONDON, May 11—(CP)—The huge port of London is to get a £18,500,000 ($74,000,000) face lifting. Its 44 miles of docks and port facilities still bear the scars of German bombs but plans are under way to bring the port back to its pre-war efficiency.

"The magnitude of this task may be inferred from the fact that the (port of London) authority's war damage claim has been agreed at a figure of approximately £13,500,000," Sir John Anderson, the authority's head, reported recently.

In addition, there are arrears of maintenance and dredging that will cost £5,000,000.

All this money will be poured back into re-development of the vast canal lockage system cut into the banks of the Thames and known to ships of every flag.

Small Part Authorized

A small part of this post-war re-development already has been authorized for the port that in tonnage and value of cargo handled is the largest in the Commonwealth and in the world ranks second only to New York.

This includes re-development of the south pier of the huge west India dock known as the "rum quay" to provide additional berthing facilities for deep sea vessels at a cost of £400,000. Part of this dock was destroyed in a fire in 1933 and the remainder was bombed out in 1940.

The port authority also has approved reconstruction of the millwall entrance lock, delayed by the war, at a cost of £300,000 and has decided to purchase 117 additional cranes at a cost of £898,500.

In 1939 a total of 62,085,840 registered tons of world shipping used the port of London. In 1947 this figure had dropped to 34,811,540 tons; in 1948 it was 41,372,625 tons and has been estimated at 45,500,000 tons for this year.

Imports and export which totalled 41,662,063 tons in 1939 dropped to 36,368,251 tons in 1948 but have been estimated at 38,869,000 tons in 1949.

These totals did not include the tonnages dealt with by barge traffic and at wharves and moorings in the river Thames itself.

Graydon Nominated To Contest Riding

BRAMPTON, May 11 (CP). — Gordon Graydon, Progressive Conservative member of Parliament for Peel since 1935, Tuesday night was nominated to contest the riding again in he Federal election June 27. Nominated by Ontario Agriculture Minister T. L. Kennedy, Mr. Graydon attacked the Liberal Government for its economic policies, maintenance of war-born taxation, and alleged extravagance."

"They have for far too long been cruising down the river on a Sunday afternoon, with absolutely no regard for storm clouds," said Mr. Graydon "This disregard continued until Mr. St. Laurent travelled across Canada, saw the storm clouds and immediately rushed back to Ottawa to call for an election before it was too late."

No Power Shortage

TORONTO, May 11 — (CP) — Premier Leslie Frost said Tuesday that barring unforeseen developments Ontario's chances of getting through the next winter without a power shortage are good. He made the statement following a conference with Hydro chairman Robert H. Saunders. The premier said the southern Ontario system will be aided by some 8,000 horsepower expected from emergency units.

Playwright Dead

TORONTO, May 11 — (CP) — Funeral services will be held here for H. Campbell Duncan, playwright and radio script writer, who died Sunday on a trip to New York city. For some years he was on the staff of the old Toronto Globe and the Victoria Colonist and was subsequently employed on a Chicago newspaper. As a New York playwright, he wrote several successful plays, including "The Chillingtons" and "Pilate."

Made by the bakers of Nabisco Shredded Wheat

STUDY SOCIAL PROBLEMS—Discussing the agenda for the second meeting of the United Nations Social Commission are Canada's two representatives, George F. PDavidson, left, Deputy Minister of National Welfare and chief delegate, and R. Byrnes Curry, Director of Family Allowances and alternate delegate. This United Nations photo was taken before the session of the commission, which is studying legislature to prevent traffic in women and children.

Committee of Three Named To Discuss Gasoline Sales

Mayor Swanston, Ald. Waddell and City Clerk Outram were appointed by the finance committee Monday night to interview the Garage Operators' Association respecting arrangements for the sale of gasoline during the summer season.

This action was inspired by representatives of the minority group of service station operators who are opposed to the city by-law restricting gasoline sales to 10 p.m. on week days and 7 p.m. Sundays. Bound up in their case is their concern for supplying the usual and adequate service to the great number of tourists who visit Peterborough during the months of June to September inclusive.

Responsibility to Public

"The city has a responsibility to see that the travelling public obtains the service they need," said Ald. Waddell, chairman, expressing the opinion of the committee.

A deputation from the group of operators who petitioned the council a week ago for the rescinding of the bylaw renewed their appeal to the committee Monday night. One of their grievances is that the bylaw will deprive Peterborough of sufficient gasoline outlets at night for the needs of the volume of tourists, and, as a result, permanent loss of business is likely to ensue from experience here.

The operators who object to the bylaw are considering the circulation of a new petition against it. They say that some of the operators who brought about the bylaw make no attempt to provide night service as provided by a clause in the bylaw permitting the issuance of permits for that purpose by Chief Constable John Thompson.

Concern of Council

The action of the finance committee was an indication of the concern of the council about the adequacy of gasoline outlets during the night hours during tourist season. It was said that the Association members would probably be willing to concede to the wish of the council that an adequate service during the tourist months would be provided to keep Peterborough on the tourist map after all the money and effort that has been expended to attract this seasonal business.

Jack Thompson of Thompson Brothers garage at George and Rink Streets told the committee that a "lot of tourists are going to bypass Peterborough if some sensible action is not taken. The least that can be done is to try to bring the two groups together, and see if we can arrive at an arrangement that will be at least satisfactory."

That proposal is the purpose of the committee's appointment of three members to interview the Garage Operators' Association.

HOSIERY LOOKS SMARTER—LASTS LONGER—WHEN THEY'RE Chipman Knit HOSIERY for all the family

Dies From Blow On Head, RefusedHandout

DOWNEYVILLE, May 11 — (ENS)—Dying from a blow on the head he received when accosted and asked for money on his way home from work, Emmett Herlihey of Downeyville, who was living in Chicago at the time of the assault, was buried in Downeyville Monday. Mr. Herlihey, 49, had lived in Downeyville, which was his birthplace, until moving with his wife to Chicago.

The funeral was held from the home of his brother, Earl, at St. Luke's Church where requiem mass was said by the Rev. Father McFadden assisted by the Very Rev. Dean McAuley of Lindsay and the Rev. Father Donoghue of Port Hope, cousin of Mr. Herlihey.

Pall-bearers were Austin O'Neill, Walter Herlihey, Simon O'Connell, Fabian O'Neill, Alvin Perdue, all cousins and a nephew, Joseph Flynn of Peterborough.

Son of the late Neil Herlihey and Agnes O'Connell, Mr. Herlihey was twin brother of Albert Herlihey and also surviving him are Joseph, Earl and Ambrose, all of Downeyville, Austin of Rochester, N.Y., two sisters, Mrs. Clarence Merz of Rochester and Sister Cornelius of the west. He leaves a widow, who accompanied the body home to Downeyville with his brothers Earl and Austin.

Prayers at the graveside were recited by the Rev. Father McFadden assisted by the Rev. C. Donoghue.

The large number of callers to the house and the numerous mass cards received indicated the high esteem in which Mr. Herlihey was held.

Among those who attended the funeral were Mr. and Mrs. Leo McColl, Mr. and Mrs. Pat O'Neill, Mrs. Teresa Herliney and daughter, the Misses Patricia and Mary Twomey, Anna Devine from Peterborough, Mrs. Frank Cavanagh, Laverne Perdue, Thomas Harrington, Dennis Donoghue, Gerald Cavanagh from Ennismore, Mrs. Michael O'Neill and sons Emmett, Stanley and Elmer O'Neil, Gordon Murtha and Kevin Perdue, all of Toronto. Also a number from Dunsford, Lindsay and Bobcaygeon.

400 Join Picket Line Around Orillia Plant

ORILLIA, May 11 (CP) Picket lines at the plant of the Heywood-Wakefield Co., baby carriage manufacturers swelled to 400 Tuesday as Orillia General Workers' Union strikers were joined by more than 300 sympathizers from neighboring factories. There was no recurrence of Monday's violence.

The two-week-old strike started when union members walked out over what they called "the arbitrary dismissal of 18 employees of the plant. Company officials claim that the strike is illegal since the OGWU does not represent a majority of the workers.

THEY ARE TOPS—You can't beat the Dutch when it comes to growing tulips, and seven-year-old Caroline, a daughter of A. S. Tuinman, agriculture attache from the Netherlands, is proving it to George Drew in this photo by Malak of Ottawa. Caroline donned her Dutch Volendam dress to pose for the photo on Parliament Hill.

Germans Counting Hours Until Blockade Lifted

BERLIN, May 11 (AP)—You'd count the hours, too, if you were a German in blockaded West Berlin.

You'd be thinking, "The blockade ends tonight, and I can hardly wait. Pretty soon, now, fresh food on the table, a job to work at, and no more of having to cook dinner at 2 a.m. Maybe the police will leave us alone in the streets, too."

Through the 10 months of the blockade the West Berliner has eaten mostly dehydrated foods. It was monotonous fare, but he knew it was necessary. Fresh foods would have wasted weight and space on the air lift.

A trainload of fresh potatoes will move into Berlin when the blockade ends at one minute past midnight. It won't last long, but its arrival will be a big event here.

The coal will start to roll next. A lump of coal is precious. Twenty-five pounds of coal was the basic ration per person for all of last winter.

Coal deliveries by rail will mean a chance to reopen factories which had to close for lack of fuel, throwing 100,000 men out of work.

Enough coal also will mean that street lights can be turned on again. It will mean the end of the order limiting household lighting to four hours a day, and the use of gas for household purposes for only a little longer. Berliners who lived in areas which got their gas supplies only in the early morning sometimes had to start cooking the whole day's food at 2 a.m.

To cook when you want to, take a warm bath when you want it, and have enough light to catch up on your reading will seem luxurious living.

Editor Dies

NEW YORK, May 11—(AP)—Mrs. Anna Steese Richardson, 84, who retired in 1940 as associated editor of the magazine, Woman's Home Companion, died Tuesday. A newspaper woman, playwright and author of several books, she joined the magazine in 1908.

Personals and Social

Mr. Wm. G. Heard, 1065 High St., quietly celebrated his 86th birthday on Tuesday, May 10.

✧ ✧ ✧

Mr. and Mrs. Wm. Coros, Stewart St., are leaving by plane Thursday for a ten-day visit in Philadelphia and other points in Pennsylvania.

✧ ✧ ✧

Large delegations from four United Churches in the city motored to Norwood today to attend the annual convention of the Peterborough Presbytery Woman's Association.

✧ ✧ ✧

More than 300 invitations to attend the concert and dance being given this evening in St. Joseph's nurses' residence auditorium have been issued by the Holstein Breeders' Association.

✧ ✧ ✧

Old Country Club members met Tuesday evening in the YWCA for knitting and sewing. Plans were made for election of new officers at next week's meeting. Lunch was served by Mrs. L. Higgs, Mrs. A. D. Taylor, Mrs. D. Thomas and Mrs. A. Graham.

✧ ✧ ✧

Mrs. Stanley A. Darling, attended a luncheon given for Mrs. Walter C. Fisher of Niagara Falls wife of International first vice-president of Lions, given by Mrs. Bruce Malcolm in her suite in the Frontenac Arms Hotel, Toronto.

✧ ✧ ✧

St. John's Catholic Women's League met in the school auditorium Tuesday evening, Mrs. T. McGarrity, president, in the chair. Miss Agnes Grant spoke on the work being done by the League and on scholarship. After business discussion, lunch was served under convenership of Mrs. L. Lefley.

✧ ✧ ✧

Mrs. Nelles R. Fallis of Toronto, first vice-president of the Dominion Woman's Association Council of the United Church, is the special speaker at the annual meeting of the Woman's Association of Peterborough Presbyterial in Norwood today. Mrs. Fallis was the guest of the Rev. and Mrs. Fred Horton, Pearl Avenue, during her stay in the city.

✧ ✧ ✧

Mr. and Mrs. Stanley A. Darling, Weller St., have returned from a few days visit in Toronto. On Monday evening they were guests of Leaside Lion's Club celebrating their tenth anniversary at the Royal York Hotel. District Governor Darling introduced the incoming president of Lions' International, Walter C. Fisher of Niagara Falls, to the large gathering of Lions and their ladies. Mr. and Mrs. Darling received a lovely gift and flowers from the Leaside Club.

✧ ✧ ✧

A graduation dance in the nurses' residence of St. Joseph's Hospital Tuesday evening was the gala climax to graduation day. Nurses and their friends enjoyed the affair arranged by the Hospital Woman's Auxiliary, and Mrs. J. V. Gallivan, president, at[illegible] as chaperone. Pa[illegible]esses were Dr. and Mrs. J. R. Epping, Dr. and [illegible] Dr. and Mrs. B. H. Craig, [illegible] and Mrs. E. M. Crough, Mr. and Mrs E. F. Sheehy.

✧ ✧ ✧

Acknowledges Prayer Book

Mrs. H. C. Sootheran presided for the meeting of St. John's WA Afternoon Branch, Tuesday. Devotions were taken by Mrs. W. M Cruthers. A letter from the Rev. R. Crocker, thanking the Auxiliary for a prayer book presented on the occasion of his ordination recently, was read. Mrs. R. Cooper and Mrs. E. Knight were appointed to be responsible for shipment of food parcels to Britain early in July. Mrs. F. Stewart and Mrs. J. Cochrane reported on the annual meeting of the WA held in Toronto last week and Mrs. T. W. Floyd gave an account of the Girls' Auxiliary meetings. It was arranged to hold the annual picnic on June 14, further plans later. Refreshments were served at the close by tea hostesses Mrs. B. Wardle and Mrs. W. Flowers.

✧ ✧ ✧

Plan Picnic

Evening Branch of St. John's Anglican Church Woman's Auxiliary met Monday evening in the Parish Hall, Mrs. Fred Marshall, president, conducted the devotions and business. It was decided to hold the annual picnic on June 10 and to charter a bus for a trip. Also to hold the next meeting on June 6 to avoid interference with lectures of Dr. Cliff in the week of June 13 to 18. Mrs. Fred Ford and Miss Margaret Dainton were joint hostesses for refreshments at the close.

✧ ✧ ✧

Draw Winners

Selection of winning tickets on prizes offered in St. Joseph's Hospital Woman's Auxiliary draw was made by Mayor M. J. Swanston Tuesday afternoon during the reception following the nurses' graduation. Mrs. J. F. O'Brien, secretary, announces the winners: silver tray, Mrs. J. McGrath, 117 James St.; $10. certificate for silver, Mr. Ton yPepe; two pair of nylon hose, Mrs. Lillie A. Abbott, 452 Donegal St.

✧ ✧ ✧

Donate To Cancer Fund

Peterborough Kinette Club held their monthly meeting at the Empress Hotel, Tuesday evening. President Mrs. T. Williams presided. Reports of the Blossom Tea showed it was successful financially and otherwise. The club passed a motion to donate a sum to the cancer society. Guest speaker was Michael Saddler of the Summer Theatre, who gave an interesting explanation of how the theatre will operate the various actors, and plan of ticket selling.

A committee consisting of Mrs. S. Gilmore, Mrs. W. Vanstone and Mrs. J. Elliott was appointed to look after arrangements for June meeting which will be held at Mrs. Cecil Wasson's cottage in Chemong Park.

1949 GRADUATION CLASS OF ST. JOSEPH'S HOSPITAL who received medals and diplomas at Commencement Exercises Tuesday afternoon. Back Row, left to right: Corinne Pearson, Mary O'Ttoole, Aileen Potter, Josephine Duggan, Adeline Bradamore. Centre row, Mary O'Brien, Hope Zawadski, Audrey Doherty, Inez Morrissey, Therese Lucas, Irene Dickie. Front, Ethel Cavanagh and Mary Cummings.

St. Joseph's Student Nurses Given Ideals on Graduating

The Rev. J. Fullerton, director of Catholic Charities, Toronto, addressed the graduating class of St. Joseph's School of Nursing at the Commencement Exercises Tuesday afternoon. He urged that they do not relax in ambition to teach and keep a high standing now they have become members of a profession. "Feel that you must keep apace with graduates of other schools and strive always to rise as far as possible in the rank of nurses."

Emphasizing that the responsibilities of a nurse cannot be taken lightly, he admonished "we expect graduates of such a school to live like ladies and keep their names as spotless as is possible. Don't be too concerned about your own rights. Spend yourselves an dbe spent by those to whom you have dedicated your lives. Don't let a desire for emoluments interfere with service. You will have to be utterly unselfish and have a broad outlook on life."

Father Fullerton pointed out that nursing is not an easy way of life. Years of training have made her accustomed to sickness and suffering, but it is never commonplace to the patient or the family and she may be tried almost beyond human endurance. It is at such times that the nurse must remember the ideas of service which led her to enter the profession for incentive to carry on.

"If you are to be successful you will nurse more with your hearts than your hands and minds", he said.

Inscription on the medal worn by graduates of Catholic hospitals is "Whatsoever you do unto the least of these My brethern, you do unto Me." "I wish these words could be inscribed in your hearts" said Father Fullerton. "It is the teaching of our Church that you see Christ in the face of your patients and minister as if it were He."

Hospital Auxiliary Entertains Graduates' Guests

Tea was served to relatives and friends of 1949 graduates of St. Joseph's School of Nursing during the reception hour which followed their Commencement Exercises Tuesday afternoon in the nurses' residence. Mrs. J. J. Crowley, convener of nurses' entertainment, made the arrangements assisted by Mrs. Vincent Sullivan and members of St. Joseph's Hospital Woman's Auxiliary.

President Mrs. J. V. Gallivan received assisted by Sister Gonzaga, principal of the School of Nursing. Small reception room for use of the graduates was lovely with spring flowers.

Miss L. Hurley and Mrs. M. J. Roche invited guests into the tea room.

The table was charming with tall stocks of pink snapdragon and pink carnations in a silver basket at the centre of a beautiful hand-made cloth of ecru lace medallions. Lighted tapers were in handsome silver candlebra and silver trays at each end held matching tea things.

Mrs. F. J. Lynch, Mrs. R. Paquette and Mrs. W. S. Kilpatrick poured the tea. Serving were Mrs F. J. Hickey, Mrs. C. F. Cahill, Mrs. J. A. Fair, Mrs. P. J. Anglesey, Mrs. L. Picard, Miss M. McNulty, Miss Helen Hickey, Miss Barbara Hickey, Mrs. W. M. Roche, Mrs. R. Bacon, Miss Louise Flynn, Miss Madeline Flynn, Miss M. McCabe, Mrs. J. Cairns, Mrs. R. McCabe, Mrs. D. Carter, Miss M. Theobald, Miss Eva Letellier, and Miss J. McCarthy. Plates were replenished by Mrs. A. E. Cauley and Miss Louise Letellier.

V.O.N.

The discomforts of illness are greater for the elderly person confined to bed. Let your V.O.N. show you how to make Mother or Dad more comfortable and your work lighter. Do you know that this service is free if in receipt of the Old Age Pension?

14 Nurses Given Diplomas In 1949 St. Joseph's Class

Fourteen names were added to the lst of graduates from St. Joseph's School of Nursing on Tuesday afternoon. Exercises which marked the occasion were attended by the many friends which taxed to capacity the residence auditorium.

In a message to the graduates His Excellency Bishop Gerald Berry commented on the indication of "reaching out" by the school, since completion of the new building, in the large number in the class. He spoke of the service to the community which is performed by Sisters in training the nurses. To the graduates he said "Part of the treasure you take with you is the growth that comes from human relationships. Your training has given contact with the patients as well as knowledge from lectures and books, and you have known what it is to live with women who have consecrated their lives and who live by the ideals of our Lord. You have seen Christian service as it should be. May you carry on your profession far and wide in such a way it will reflect a good name for this School and this city."

Bishop Berry presented diplomas and medals to graduates Sister M. Sheila, Misses Mary A. O'Toole, Corinne Pearson and Mary T. O'Brien, all of Peterborough; Aileen J. Potter, Swastika; Inez M. Morrissey, and M. Theresa Lucas, Downeyville; Audrey S. Doherty, Lindsay; Josephine C. Duggan, Fenelon Falls; Hope A. Sawadski Smooth Rock Falls; Adeline E. Bradamore, Coboconk; Ethel Cavanagh, Ennismore, Mary E. Cummings, Kinmount, and Mrs. Irene E. Dickie, Indian River.

Benefaciendo medals are presented each year by Monsignor F J. O'Sullivan to the three students of each class showing the highest proficiency. Those who merit the award for three years in succession have their names engraved on the medal and it becomes their own. Misses Ethel Cavanagh, Audrey Doherty and Inez Morrissey of the '49 class attained this goal.

Miss Hope Zadawaski was winner of the annual Medical Staff scholarship for general aptitude and proficiency, presented by Dr. S. Y. Walsh. She will take a post-graduate course at University and return to her Alma Mater to teach on finishing. The annual prize for bedside nursing was awarded Sister Sheila and she received the gift from Dr. R. J. Young.

First awarding of a medal donated by benefactor Mr. P. Ryan for proficiency in operating room technique was to Mss Aileen Potter. Mr. Ryan, who lives in Ottawa, attended the graduation and presented the medal.

Scholarship of $125 for general proficiency in the first year of training went to Miss Jean Arnott of Toronto and the presentation was made by Mr. Ryan.

Second year students receiving Benefaciendo Medals donated and presented by Monsignor O'Sullivan were: Misses Geraldine Crough, Teresa Garvey and Helen McDonald. First year winners were Misses Jean Arnott, Rita Leveque and Patricia LaForce.

Civic greeting and congratulations was extended by His Worship, Mayor M. J. Swanston who also congratulated the Sisters for their splendid contributions to the welfare of Peterborough.

Violin solos by Robert Hutchinson with Max Clark accompanying at the piano, and two choruses and a song by the students' choral group provided pleasant musical interludes in the program. Processional and recessional marches were played by St. Cecilia's School of Music orchestra.

Dr. J. R. Epping, president of the Medical Staff at St. Joseph's Hospital, was chairman.

EGYPT'S CANALS

In addition to the Nile, Egypt has about 1,000 miles of navigable canals.

125 Excited Girls To Be Presented At Palace Parties, 45 from Canada

By JOAN CAPREOL

LONDON, May 11—(Reuters)—A group of 125 excited young women from the Commonwealth, including 45 from Canada, are practising their curtseys here for the presentation parties to be held next week by the King and Queen at Buckingham Palace.

The two presentations parties—May 18 and 19—take the place of the pre-war courts. They were originally to have been held last January before the departure of the King and Queen on their tour of Australia and New Zealand which was postponed owing to the King's illness.

Attendance counts as a court presentation, which is a top ambition for thousands of young women through the Commonwealth. In addition to the 45 girls from Canada, 60 from Australia and 20 from South Africa will be among the 5,000 presented during the two afternoon parties in the brilliant state rooms of the palace. These affairs are considered more important gatherings than the garden parties in July.

The guests will see Princess Elizabeth and Prince Philip and Queen Mother Mary, but Princess Margaret will be on holiday in Italy.

Mrs. Dana Wilgress, tall, vivacious wife of the new Canadian high commissioner, will present the Canadians May 18. Most are wives of service men on duty in Britain. One of them will be her daughter-in-law, Mrs. Victor Wilgress.

DOROTHY DIX

No Place for Snoopers In Man's Business Office

DEAR MISS DIX: What is your opinion of a wife working in a professional man's office? I am 58 years old, and I realize that I am not the business type, but I cannot stand to have any woman in the office with my husband. Regardless of her efficiency, isn't it a mistake for a man to keep a woman secretary taking over all responsibility, getting to know too much about his business and expenditures?

Dorothy Dix

I have this problem to meet, and am going to ask my husband's secretary of many years to leave so that I may go into his office. What do you think my husband's business associates and friends will think of my doing this? MAGGIE.

ANSWER: There is nothing that you could possibly do that will alienate your husband so surely from you as for you to meddle with the running of his office, and for you to force the woman who has been his invaluable secretary for years to leave because you have gotten jealous of her. And what your husband's business associates and friends will say about it will be a-plenty.

Of course, if a man marries his business partner who is already well trained in her line of work, she may be an asset whose price is above rubies. But if she is totally ignorant of the technique of any occupation and only wishes herself on her husband's business in order to spy on him, she is the greatest handicap that a man can have.

Ruins Career

Yet many a wife ruins her husband's career by camping in his office. For, curiously enough, there are innumerable women who are eternally suspicious of their husband's business or profession and who are always popping in on them to see if their Johns or Toms are really at work or just having a love affair with an office girl.

The wives who stand guardians over their husbands' offices and who keep tab on every female employee under 70 make a great mistake, for men are absorbed in business, not philandering, during business hours. And they do not want wives who are snoopers.

✧ ✧ ✧

DEAR MISS DIX: I am a woman of 30 and am married to my fourth husband, and now find myself in love with my second husband again. Number Two is married. My present husband is insanely jealous of me and will not permit me to date my second husband. I am only doing this to see for myself and my present husband (Number Four) whether I love him or my second husband.

I think this is the fairest way for us both, don't you? My second husband makes passes at me whenever we are together. I would appreciate an answer immediately on this very delicate situation. B.D.L.

ANSWER: In these days when there are so many eligible women who are old maids and who would like to have at least one husband, or even a part-time one it seems the Christian duty of such an expert husband-snatcher as you are to write a book and tell how you do it. For your record shows that you are no sooner off with the old love than you are on with the new, and that such is your power of fascination that you can even be a repeater and hook the same fish twice.

I regret that I am unable to help you solve your problem as to which of the four husbands you are in love with at present, but if you can't take the temperature of your affections, who can? Certainly not Number Two, who has tried it twice and is still flirtatious. But here is wishing you good luck whoever he is.

✧ ✧ ✧

DEAR MISS DIX: Do you think it is the proper thing for a husband to carry his divorced wife's picture in his billfold and show it to his friends in my company? At times I think he is still in love with her, although she is married again. Please tell me if I am being selfish.

AN UNHAPPY WIFE.

ANSWER: Certainly you are not being selfish in considering that you have a right to first claim on your husband. The one thing that a wife is entitled to monopolize is her man and you should call time on yours and tell him that you are not going to play second fiddle to any divorced lady.

Certainly your husband shows great lack of taste and even decency of feeling to carry around his first wife's picture in his billfold and flaunt it in his current wife's face.

WEDNESDAY

SITUATION: Another couple, knowing that you and your wife are going to an evening entertainment, suggest: "Why don't we all go out to dinner together first?"

WRONG WAY: Assume that the persons who made the suggestion are taking you and your wife to dinner.

RIGHT WAY: Assume that each couple will take care of their own dinner checks.

Grand Opening OF FOSTER'S GRILL

Opening Friday,

MRS. FOSTER

Formerly Miss Carole Vossberg of Saskatoon, Sask. Graduated from University of Saskatchewan in Home Economics. Further training in commercial dietetics at Hart House, Universityof Toronto. Was employed for six years by S. S. Kresge Co. as dietitian and managed their food department in Calgary and Edmonton. Terminated her work with this company to take over the position of Chief Messing Officer with the Royal Canadian Mounted Police in Regina, Sask. and later, Toronto, Ont. Married in 1946 and accompanied her husband to Stratford, Ont., where he had half interest in a leading restaurant.

MR. FOSTER

Formerly of Edmonton, Alta. On completion of high school, joined the Royal Canadian Mounted Police and served seven years with this force, four of which were spent overseas on investigation work. Left the police in 1946 to go into business and had half interest in a large restaurant in Stratford, sold his interests and went to Toronto where he was employed by Mr. G. Francis Dick, owner of three Fran Restaurants in Toronto Was impressed with his method of operation, decided his style of restaurant was the type he would open up. Considerable time was spent travelling to various cities in Ontario. Was very impressed with the friendliness and business possibilities of Peterborough, decided to settle here and make this their home.

THE GRILL

Situated on King and George Sts. in the new Cherney Bros. building will be featuring an open kitchen, which means the grill will be in view of the customer and all food dishes such as grilled steaks, chops, ham or bacon and eggs, wheat cakes, hamburgers, etc., will be grilled in front of you and grilled to suit your tastes and requirements. With the grill being in the open you can watch your steaks sizzling and see how unnecessary it is to be handled by human hands. Your eggs will be fried in butter in individual fry pans. Wheat cakes which is a Foster specialty, will be grilled to a golden brown, wheat cakes which will melt in your mouth and suggest more on every serving.

With Foster's Grill being in new Cherney Bros. Furniture Store Bldg. and so near to the new Odeon and Paramount theatres, we suggest you drop in after a show and see for yourself what a new modern restaurant can offer you in delicious food, home baked pies, cleaniness and a cheerful surrounding which will compare with conditions in your own home.

The highest quality food available will be bought and served in Foster's in the best possible way. Aside from the soda fountain list, the menu will be simplified and patterned after the style of Fran Restaurants in Toronto, one of Canada's leading restauranteurs.

This restaurant was designed to give you the best in fine foods along with fast, efficient and friendly service. Food will be piping hot as it will be served to you directly from a thermostatically-controlled electric grill.

Cutlery and dishes will be washed in an automatic dish washing machine with rinse water at 180° temperature which will insure cleanliness. To lessen the possibility of germs, and ensure our patrons the utmost in cleanliness, paper service will be used for all soda fountain beverages and sundaes. Cleanliness will be a watch word in this new modern restaurant.

We cordially invite you to come and inspect our new premises and sample the food which will melt in your mouth. Be it a steak or a cup of coffee, Fosters are here to serve you in a friendly and efficient manner.

6—In Memoriams

MOORBY—In loving memory of William Moorby, who passed away suddenly May 11, 1948.
—Sadly missed by his loving wife, son Donald and step-daughter Carrie.

SLOAN—In loving memory of our dear father, George S. Sloan, who passed away May 11, 147.
As long as life our hearts shall hold
Thy memory ever dear,
And o'er thy grave in loving grief,
Shall fall our silent tears.
—Always remembered by the family.

WARMAN—In loving memory of Albert Edwin Warman, who passed away May 11, 1946.
You left me beautiful memories,
Ofter silent tears,
But you will always be with me
As I journey through the years.
You are always in my mind, Bill,
No matter what I do,
Never for a moment
Are you very far away.
Absent, yet near, you seem,
But dearer every day.
—Sadly missed by loving wife and family.

7—Cards of Thanks

Mr. and Mrs. Dewey Hoskin and family wish to extend their thanks and appreciation to friends and neighbours for the many acts of kindness and sympathy received during their recent bereavement. They especially thank Rev. Mr. Zufelt, Mr. E. Faulkner and Mr. E. Storey.

Mr. Glen Ball and family wish to thank their many friends, neighbours, St. James' W. A. and Kawartha Deaf Club, attending doctor, also Rev. Craik for their expression of kindness, for fruit basket and cards.

Mrs. Robert Armstrong and family wish to express to their many friends and neighbours, the doctor, and nurses, their heartfelt thanks and appreciation for the many acts [illegible] and floral tributes extended to them in their recent sad bereavement.

Wish to thank my many friends for fruit and cards sent to me during my recent illness; also Wire & Cable Club, CGE; also visiting clergymen, nurses and staff of St. Joseph's Hospital.—R. E. Glover, 832 Wolfe St.

TENDERS RE
INTERIOR DECORATING

SEALED TENDER plainly marked and addressed: J. W. Wocker, Branch Manager, Central Mortgage and Housing Corporation, 269 George Street, Peterborough, will be received up to 12 o'clock Noon, on the 20TH MAY, 1949 for the Interior Decoration of approximately 52 HOUSES, in the Town of Lindsay, Ontario.

Tender forms and full particulars of Painting to be done may be obtained from:

J. W. WOCKER,
Branch Manager
269 George Street,
Peterborough Ont.,
Or L. BIGHAM,
Central Mortgage and Housing Corporation Representative,
1 Howard Avenue, Lindsay, Ont.

Lowest Tender not necessarily accepted.

PAINTING TENDERS FOR CITY HALL

Sealed tenders marked "Tenders for Painting" will be received by the undersigned at his office up to 5 p.m. May 20th, for painting the whole City Hall building at the south-west corner of Water and Simcoe, including Police Department and Utilities Offices.

Work to include removal of all loosened old paint by steel brushing, etc., and covering brick and woodwork with two new coats of paint.

Tenderers to suggest colour scheme and to specify manufacturer and quality of paint to be used.

Lowest or any tender not necessarily accepted.

E. A. OUTRAM,
City Clerk.

NOTICE

APPLICATIONS for the Office of Tax Collector, in the Townships of Belmont and Methuen, will be received by the undersigned up to and including MAY 14, 1949.

GRANT DAFOE,
Clerk and Treasurer,
Havelock, Ont. R. 1.

Give Exhibition

About a dozen members of the Ornamental Swimming Club will give an exhibition of their talent which has won both awards and praise in the United States.

A mystery event, also designed to give spectators a thrill, has been promised for the Chemong celebrants. But there is no further hint as to its nature other than it will be worth seeing.

Tentative schedule for the afternoon follows: 2-2.15 p.m.—1st outbord heat; 2.15-2.30—1st parachute jump; 2.30-2.45—water skiers; 2.45-3.00—2nd outboard heat; 3-3.30—dedication ceremony; 3.30 3.50—ornamental swimmers; 3.50-4.00—2nd parachute jump; 4 p.m. —mystery event; 4.10-4.30— 3rd outboard heat; 2.15-2.30—st para-parachute jump.

The causeway is expected to be open for motor traffic some time before the official opening. On the afternoon of June 22, however, it will be closed off to motor traffic from about 1 p.m. on. Apart from the official convoy the pedestrians will have the causeway to themselves for the three-hour period.

Included on the committee are James Gifford, chairman of the County committee, J. D. Kean, James Buchanan, Tom Mathias, Don Wood, Harry Oakman, Norris Williamson, Karl Duffus, Errol Wilson, Ross Thompson, John Madden, Jack Stewart and Bob Baker.

Priddle Remanded In Manslaughter Case

HAMILTON, May 11 (CP) — Arthur Priddle, 28, of Niagara Falls, Ont., today was remanded till Monday on a charge of motor manslaughter. The accused did not enter a plea and bail was set at $20,000.

Police allege that Priddle is the third man who escaped from a stolen car which during a wild chase in the vicinity of Waterdown on March 27, crashed into another car and caused fatal injuries to Murray Buchan, 18, of Waterdown.

Two other men allegedly in the stolen car, Joseph Long and Marvin Breaton were arrested at the scene of the crash. They have appeared in court on several occasions but their trial has been adjourned from time to time.

List Events During Year Blockade

BERLIN, May 11 — (AP) — Following is a chronology of main events involving the Berlin blockade.

1948

June 24—Following East-West dispute over currency reform in Berlin, Russians blockaded city by stopping all rail and barge traffic from Western Germany because of what Moscow calls "technical difficulties."

June 26—British-American air lift begins.

July 1—Russia withdraws from four-power rule of Berlin.

July 26—Western allies clamp down counter-blockade, cut all rail traffic between eastern and western zones of Germany.

Aug. 2—Western envoys in Moscow meet with Prime Minister Stalin and Soviet Foreign Minister Molotov, regarding Berlin deadlock.

Aug. 27—Western envoys and Molotov send a directive to the four military governors to negotiate a settlement.

Sept. 1—German parliamentary assembly meets in Bonn to start drafting constitution for Western Germany.

Sept. 29—The United States, Britain and France accuse Russia before the United Nations of menacing world peace with the Berlin blockade.

Dec. 1—Communists seize control of Berlin city hall; anti-Communist government moves to western sectors.

Dec. 31—Three western powers announce re-establishment of allied Kommandatura in Berlin on a three-power basis.

1949

Feb. 2—Premier Stalin says he sees "no obstacles" to lifting the Berlin blockade if western powers drop their counter-blockade.

April 4—North Atlantic treaty is signed in Washington.

April 27—Dr. Philip C. Jessup, United States ambassador at large and Jakob A. Malik, Soviet United Nations delegate meet on the blockade.

May 4—Four powers agree on terms to lift blockade.

Council Endeavors To Change Lot Title

MILLBROOK, May 11 (ENS)—Municipal council is to consult counsel about the irregular title of Lot A on the east side of Distillery St. At the council meeting it was decided to forward a letter from Mrs. Dunlop concerning an accident on Union St., April 14 to the insurance agents.

J. J. Kellett was appointed weed inspector for the village for 1949.

The clerk was instructed to renew the insurance with Lloyds of London for one year, covering liability and property damage.

A $50 grant is to be made to Cavan and Millbrook Agricultural Society.

Jury Refuses Indict Mother

MINEOLA, N.Y., May 11.—(AP).—A Nassau county grand jury has declined to indict a 38-year-old mother in the slaying of her landlord.

Mrs. Dorothy Miners was freed from the county jail Tuesday to return to her husband and two children.

She had been held since April 29 on a police charge of fatally shooting her landlord, John A. Grady, 50, as he fought with her husband.

Police said the fight resulted from Grady's complaint that the Miners were burning lights too late and consuming too much electricity.

Charges Wife Spent His $105

MONTREAL, May 11.—(CP).—One week from today judgment will be rendered in the case of 46-year-old Eugene Lacombe of Cornwall, who accuses his common-law wife of converting $105 to her own use.

He testified Tuesday and attendants had trouble keeping order. Judge Edouard Tellier was hard-pressed to keep from smiling as the leather-lunged plaintiff discussed everything from bologna dinners to what he thought of the earning capacity of certain young lawyers.

The accused, Marie Claire Fournell, was charged with having converted to her own use money Lacombe gave her for payment on some furniture. Lacombe said he lived as man and wife with the accused for four years and that he gave her the money in Cornwall last month.

Defence Attorney Gerald Leganiere asked him if last January he had any money?

"Money! money! shouted the witness. "I was earning $100 a week in Cornwall. That is more than you make, young fellow."

Heads Fire Marshals

REGINA, May 11 — (CP) — S. S. Wright of Halifax, fire marshall of Nova Scotia, Tuesday was elected president of the Association of Canadian Fire Marshals at the annual convention here. He succeeds R. E. Tiffin of Regina.

Six Sons Bear Mother To Grave

Funeral service for Mrs. Lottie McNutt at Warkworth Free Methodist Church Saturday was conducted by the Rev. A. B. Moffat who was assisted by the Rev. C. W. Kay. Mrs. McNutt died on May 5.

Daughter of Timmothy and Catherine Anderson, she was born in Seymour Township Sept. 1, 1873. In 1893 she married William McNutt and they lived in Brighton Township until his death in 1927.

Later Mrs. McNutt moved to Campbellford and then to Norham where she lived until her death. She was converted about 42 years ago when she united with the Free Methodist Church of which she remained a faithful member until her death. She was a loving mother to 10 surviving children namely: Mrs. W. Brownson (May) of Norham, Mrs. David Vansickle (Adella), Peterborough; Mrs. R. Finch (Clara), Warkworth; Mrs. Herbert Hamilton (Elsie), Windsor; Isaac of Marmora; Avery, Kingston, Lloyd, Rochester, N. Y., Raymond, Warkworth; Jesse, Peterborough and Claude of Havelock. The six sons were pall bearers. Burial was in the family plot in Warkworth cemetery.

Mrs. McNutt leaves 19 grandchildren and 12 great grandchildren.

Royal Commission To Determine Bribe

SYDNEY, Australia, May 11—(CP). — A Royal Commission appointed by the Australian Government is trying to determine whether a Cabinet minister was given a bribe to swing a timber-cutting concession in New Guinea.

Edward J. Ward, External Territories Minister, had urged Prime Minister J. B. Chifley last year to set up the commission to clear Ward's name.

There had been charges that Ward received $16,000 in connection with an attempt to defraud a Brisbane timber firm out of $160,000 by selling them the timber lease of Bulolo Valley, New Guinea.

Rug Peddlers Refused License By City

Two unlicensed rug peddlers were afoot in the city today, liable to arrest. City Clerk Outram said they had been refused licenses, and they took off to sell their wares without benefit of official paper. It was said at the city hall that citizens should telephone the police, if the rugmen made a business call. Incidentally, the matter of police interest related to the fact they were without license to sell from house to house.

Norwood WI Stages Sale Of Home Baking

NORWOOD, May 11 (ENS) — The members of the Norwood Women's Institute sponsored an afternoon tea and sale of home baking on Saturday afternoon in the King's Hotel.

Mrs. Fred Gardner was convener for the tea and her assistants were: Mrs. Frank Andrews, Mrs. Ralph Cuthbertson, Mrs. A. Gill, Mrs. Macpherson, Mrs. Gordon Parker, Mrs. George Oitment, Mrs. Willis Preston and Mrs. T. Stevenson.

Mrs. Roy Baker convened two home-baking and domestic products tables, assisted by Mrs. Harry Pearce, Mrs. William Golloher and Mrs. Percy Williamson.

Disney Offers Half-Hour Films

By BOB THOMAS

HOLLYWOOD, May 11 (AP)—The movie double feature gets a formidable foe—Walt Disney.

The cartoon wizard has started a series of half-hour films called "True Life Adventures." The first is an exciting hunk of nature study, "Seal Island," coming up: "The Life of the Beaver" and "The Atom," says Disney:

I claim the public would rather see 30 minutes of exciting entertainment that two hours of $1.-000,000 boredom.

Disney admitted he would have trouble selling some theatre managers on the idea of running a feature, a half-hour subject and some shorts. He had a job convincing R. K. O., too.

"They wanted me to lengthen the 'adventures' into features. But I would have to pad them and they would be less interesting. Besides, 30 minutes is a good length for showing them in schools.

"And," he added with a glint in his eye, "television."

DOES INDIGESTION WALLOP YOU BELOW THE BELT?

Help Your Forgotten "28" For The Kind Of Relief That Helps Make You Rarin' To Go

More than half of your digestion is done below the belt—in your 28 feet of bowels. So when indigestion strikes, try something that helps digestion in the stomach AND below the belt.

What you may need is Carter's Little Liver Pills to give needed help to that "forgotten 28 feet" of bowels.

Take one Carter's Little Liver Pill before and one after meals. Take them according to directions. They help wake up a larger flow of the 3 main digestive juices in your stomach AND bowels—help you digest what you have eaten in Nature's own way.

Then most folks get the kind of relief that makes you feel better from your head to your toes. Just be sure you get the genuine Carter's Little Liver Pills from your druggist—35c.

Mother's Day Service At Omemee Church

OMEMEE, May 11 —(ENS)—Mother's Day was observed in Trinity United Church Sunday with the Sunday School attending church service in a body. Mr. F Johnson, superintendent of the Sunday School, conducted the service, assisted by three Sunday School boys; Morley Connell read the scripture passages and Leverne McKee and Ernest Raffin ushered. The address was delivered by the Pastor, Rev V. E. R. Zulfelt. He also officiated at a baptismal service when eight children were baptized. They were: Esther Madeline, daughter of Mr. and Mrs. F. Salter; Eleanor Linda, daughter of Mr. and Mrs. H. Ellis; Wayne Lawrence, son of Mr. and Mrs. W. English; John James, son of Mr. and Mrs. H. Crawford; Charles Allan, son of Mr. and Mrs. D. Morton; John Roger, son of Mr. and Mrs. Roger McQuade; Faye Elizabeth daughter of Mr. and Mrs. L. McQuade, and Douglas Wayne, son of Mr. and Mrs. Ira Fallis.

Funeral For Baby

Funeral service for infant Jacqueline Rose Salisbury, daughter of John Salisbury and Minnie Weatherby of Rose Island, took place on Saturday afternoon at Clysdale United Church. The Rev E. Hancock of Coe Hill officiated and pall-bearers were Kenneth, Cyril and Glen Hilker and Gordon Ayotte. Burial was at Clysdale Cemetery.

Jacqueline died in hospital last Thursday at the age of four months. Besides her parents she leaves one brother, John, age two years.

TRAINS RUSH SUPPLIES INTO BERLIN

Pledge U.S. Support For UN Work

Says Disappointed At Group's Failure To Achieve Security

WASHINGTON, May 12 (AP) —President Truman today pledged his administration anew to full support of the United Nations despite "disappointment" at that organization's failure to achieve greater security for the world.

He submitted to Congress a report on the United Nations which placed blame for the failure on Russia.

Of the role of the United States in the United Nations, Truman said:

"We have taken the lead in many fields of international relations. We can be proud of what we have done."

His report, including a letter from State Secretary Dean Acheson, covered the year 1948 and reflected the bitter political conflicts which divided Russia and the West during that 12 months.

Some Disappointment

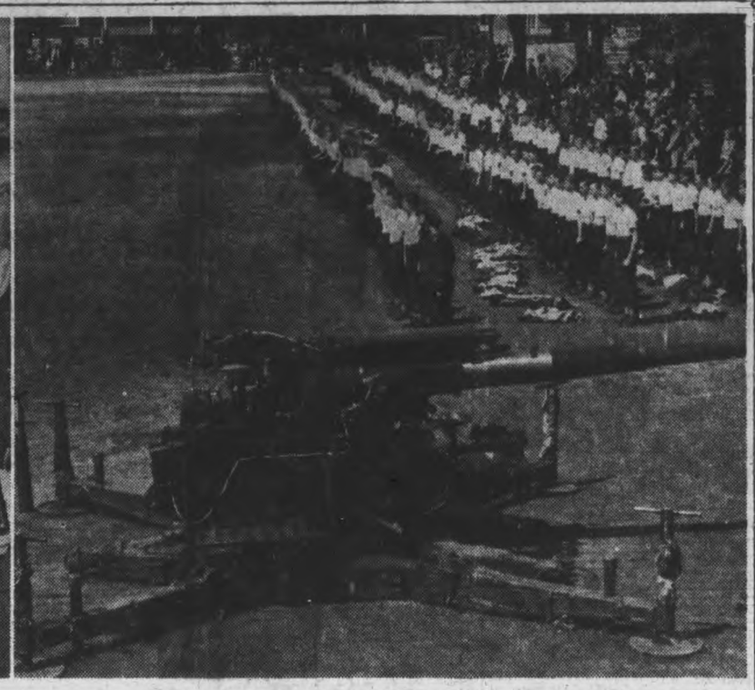
Acheson declared that both "hope and disappointment" marked American participation in the United Nations.

"The hope," Acheson said, "grew out of the continuing feeling that the principles and purposes of the United Nations charter offer the best basis of a peaceful world....

"At the same time there was disappointment because of the failure of certain states to observe their obligations under the charter...."

Acheson said the United States had taken the lead in keeping United Nations attention focussed on the questions of Palestine, the independence of Korea, and the maintenance of the territorial and political independence of Greece. The United States also played a "prominent part," he said, in attempts to bring peace to Indonesia.

The 301-page report which Acheson sent to the President and the President forwarded to Congress dealt in detail with problems which arose before the United Nations Security Council, General Assembly and other agencies during the year.



Lift Blockade Which Lasted Nearly Year

Allies Plan To Keep Air Lift Going For 30 Days More

BERLIN, May 12 —(AP)—The Russians pulled up their German iron curtain today, ending their 327-day Berlin blockade, major sore spot of the cold war.

The blockade-lifting had all the fanfare of a Hollywood movie premiere.

The Russian and Allied military outdid each other in courtesy as the barricades went down ending the blockade, and the Allied counter-blockade.

But the Western Allies were taking nothing for granted. Their air lift, which had made the blockade a useless Soviet weapon by flying in the food, fuel and raw materials needed by West Berlin's 2,000,000 residents, continued flying. It is to continue at least 30 days building a stockpile of supplies and giving a chance to really sound out Russian intentions.

Allied military trains, followed by food and fuel trains, were the first into Berlin after the barriers went down one minute after midnight. Foreign correspondents, racing down Hitler's famous super-highway, were the first into Berlin from the West.

Big Send-Off

The vehicles had a big send-off at the old barrier points, which had been cleared of steel and concrete obstructions by work crews. There were cheering crowds, special lighting for the camera men, and a big display of the black, red and gold colors of the new West German government.

For the people the end of the blockade means the promise of fresh foods, more fuel, enough electric lights. It means that they can move between the east and west sectors of Berlin, free again from the danger of molestation by the police.

The political split in the city between east and west remained as deep as ever, however. Each still has its own police force, city government, fire department and other services.

The first Allied train into Berlin was halted only four minutes

LIFT BLOCKADE
(Continued on Page 2, Column 5)

Forestry Fire Destroys 50,000 Trees

ST. WILLIAMS, May 12—A sudden forest fire swept over 60 acres of the Ontario provincial forestry station here Wednesday afternoon, destroying more than 50,0000 trees and threatening the home of one of he station employees before it was brought under control. The station's entire staff of 130 men turned out to check the blaze, and were joined in a matter of minutes by farmers from the surrounding area. In less than an hour there were more than 500 persons on hand to battle the flames, and farmers had brought tractors and plows with them to cut fire breaks.

By late afternoon, when the fire had been brought to a halt, the 60 acres were blackened and smouldering, and eight men took patrol in case of further outbreaks. This morning 16 others up their posts for an all-night will take their places for daytime patrols. This will be continued until a saturating rain puts an end to the danger of further fires.

Smoke from the outbreak was first spotted by Fern Wingrove of St. Williams. He telephoned Superintendent Frank Newman, and about the same time another call was received from Mrs. John Backus of Port Rowan. A general alarm was sounded.

A crown fire moved rapidly across 20 acres of red and jack pine, while a ground fire burned through 40 acres of second-growth timber. There was no water available for firefighting at the station, but a tobacco grower volunteered use of a 1,000-gallon tank, while other farmers brought plows and axes.

Named Commissioner

OTTAWA, May 12—(CP) —Maj.-Gen. L. R. LaFleche, *60, Dean of the Diplomatic Corps in Athens, has been appointed High Commissioner for Canada in Australia, it was announced today. A native of Sorel, Que., he succeeds Kenneth A. Greene of Ottawa, returning home after two years service. Gen. LaFleche, Ambassador in Greece since 1945, will leave Athens in July.*

Send 22 Police To Orillia Plant

ORILLIA, May 12 (CP)—All was quiet on Orillia's strike front early today as twenty-two Provincial police arrived at the plant shortly after 7 o'clock to assist Orillia police in keeping order and allow workers to enter the plant.

Between 35 and 40 people including management, office workers and foremen entered the plant. Except for the plant superintendent and assistant superintendent, who walked through the picket line, all others were driven in cars.

Union organizer George Brough said that although eight other plants in Orillia were in the process of organizing, he had advised all workers to remain on their jobs for the time being. He stressed the fact that the union did not want any trouble or violence but said that he would not be responsible for what may happen if the company management attempted to bring in any workers from outside Orillia.

Mr. Brough went to Toronto today to arrange legal aid for five men charged by Orillia police with obstruction, following Wednesday's trouble at the plant. One of those charged was picket captain Bruce Mangold.

The police were sent here to help keep order in the strike. Mayor Seymour asked for them after strikers, members of the Orillia General Workers' Union (CCL), were reported to have attacked an automobile carrying five foremen into the plant.

PCVS CADET CORPS INSPECTION was well-staged on Wednesday afternoon under perfect weather conditions. It was a field day for pretty amateur student photographers who expended rolls of film on their favorite "men" in trim military uniforms. In Left photo, film fans, Left to Right, are Flinda Simmons, Delores Sutton, Ruth Sine, Joan Naish and Christine Monk.

A long-shot view, Right, shows cadets waiting for the signal to take positions for mass calisthenics exhibition, one of the many fine displays.

—Examiner Staff Photos

Order Jap Plants Left Alone

WASHINGTON, May 12—(AP)—The United States today ordered a halt in further removals of Japanese plants as war reparations. Maj.-Gen. Frank R. McCoy, the American representative, told the 11-country Far Eastern Commission that even industrial plants classed as "primary war facilities" are needed by Japan to hasten its economic recovery.

The deliveries ordered halted were advance deliveries of plants and equipments which the Commission already had earmarked for removal.

The reparations have gone in limited quantities to China, the Philippines, Netherlands for the Netherlands Indies, and Britain for Burma, Malaya and far eastern Colonial possessions.

Israel Formally Inducted As United Nations Member

LAKE SUCCESS, N.Y., May 12—(CP)—A simple flag-raising ceremony today will complete Israel's formal induction as the 59th member of the United Nations Israel took her seat among the other countries Wednesday night after the general assembly finally approved her membership bid by a vote of 37 to 12 with nine abstentions.

But when Moshe Sharett, Israeli foreign minister, was called to the rostrum after the vote was anounced the delegates of six Arab countries walked out of the hall.

Delegates of Egypt and Yemen returned two hours later. The rest—Iraq, Saudi Arabia, Lebanon and Syria—were expected back at their places today, their protest ended.

Go Os With Work

The assembly went on with its work without them in a late night session, deciding to:

1. Defer action on the Netherlands-Indonesian dispute until the fall session in the light of a reported agreement between the Dutch and the Indonesian Republicans.

2. Accept a Bolivian proposal to study the economic and social conditions of Aborigines of North America.

Informed sources said Israel would play a neutral role in voting at this session on any questions of controversy. They said the new state had not had time to acquaint herself sufficiently with most of the problems.

The question of Franco Spain is expected to be taken up today. The assembly has before it a recommendation of its political committee that member nations be given complete freedom to decide whether they would restore full diplomatic relations with the Franco regime. A 1946 assembly resolution recommended the withdrawal of top diplomatic representatives from Madrid.

Lumber Salvage In Burned Area Saves 12 Million

MISSISSAGI, Ont., May 12 — (CP)—Early results from what has been termed the greatest lumber-salvage operation in Eastern Canada in 50 years were announced Wednesday by Ontario Lands and Forests officials.

In the charred wastes of Northern Ontario's Mississagi forest area, swept by fire last summer, government-assisted contractors are salvaging a fortune in white and red pine.

The operations, directed by Lands and Forests department experts, are reported to have recovered in the last seven months more than 70,000,000 feet of usable lumber worth more than $12,000,000 Nine semi-portable and six portable sawmills are already being used and 21 permanent mills are either being built or planned for use in the next two years.

The cut is expected to reach 100,000,000 feet by July 1—an amount equal to the total annual lumber output of all of Eastern Canada.

The Department aided in financing the operations when private interests refused to risk their capital. Critics claimed the job was hopeless, due partly to the probability of widespread timber spoilage by the pine borer, a type of beetle. They said the beetle's larva would ruin the wood before it could be cut.

Damage, however, has been

LUMBER SALVAGE
(Continued on Page 2, Column 3)

Spend 30 Million Promote Health

TORONTO, May 12—(CP) — Dr. W. S. Stanbury, Toronto, National Commissioner of the Canadian Red Cross, said today approximately $30,000,000 would be spent this year by private volunteer agencies interested in promoting Canadian health and welfare.

"Even in this year of increasing Federal and Provincial aids to health services, Canadian volunteer organizations will spend $30,000,000—more than twice that spent by all governments combined less than 30 years ago," Dr Stanbury told the Red Cross Central Council annual meeting.

He said the Red Cross had pioneered such services as tuberculosis clinics, schools for public health nurses, home makers' services and other early efforts in medicine, dentistry and hospital service. Many of these services were now operated by governments or other agencies.

C. A. Aferle, head of the society's transportation committee, announced more than $93,000,000 worth of Red Cross goods had been sent overseas in the last nine years.

Fire Engulfs 5-Storey Block

SAINT JOHN, N.B., May 12 — (CP)—Fire in a five-storey block in the heart of this city's business section was reported under control early today.

Damage was estimated at $200,000. Cause of the blaze was not known.

The blaze raged on a 100-foot front near Market Square in the downtown area. No injuries were reported.

All available fire-fighting equipment in the city battled the flames. Power lines in the area went down shortly after the blaze started, and offices of the Telegraph-Journal were plunged into darkness.

Policemen Win Race With Death

TORONTO, May 12 — Police won and 80-mile race against death for tiny Douglas Walker of Kitchener Wednesday. The 11-day-old son of Mr. and Mrs. James Walker, 74 Duchess Ave., is an RH baby. An alarming drop in Douglas' blood count, made it imperative that he be rushed to the Hospital for Sick Children, Toronto.

Provincial police provided an emergency escort for Walker's car. Douglas, warmly wrapped, lay in his mother's arms as the miles reeled by. The Walkers left Kitchener at 2 p.m. Their car was picked up by a Toronto traffic squad cruiser at the Humber bridge. At 3:10 o'clock Douglas was being hustled into an emergency reception room of the hospital He was given a blood transfusion immediately.

In the 80-mile journey from Kitchener the police cruiser and the Walkers' sedan were frequently speeded up to more than 80 miles an hour. Toronto officers brought the distraught couple and their baby from the Humber—four miles to the hospital—in four minutes.

Hospital for Sick Children officials today reported the condition of tiny Douglas Walker of Kitchener as **"fairly good".**

Howe To Discuss Trade Agreement

Rt. Hon. C. D. Howe who will address the Liberal Convention this evening in the Canadian Legion has just returned from England where he entered into a new trade agreement between Canada and the United Kingdom. It is expected that Mr. Howe will discuss this agreement which means so much to Canadian trade at the present time.

May Withdraw Some Troops

NEW YORK, May 12—(AP)—The United States is reported studying a plan for the withdrawal of foreign occupation troops in Germany to three northern port cities, the New York Times says today.

In a dispatch from Washington by James Reston, the Times says the United States is discussing the plan with Great Britain and France.

It is reported it would provide for the restriction of British troops to the Hamburg area, United States troops to the Bremen area and Russian troops to Stettin on the west bank of the Oder.

France, which has a common frontier with Germany, would withdraw her troops to Stettin on the west bank of the Oder.

The story says the western powers apparently have agreed to reject any Soviet proposal at the forthcoming foreign minister's meeting for complete evacuation of troops.

1949 Tourist Season Likely Set Record

OTTAWA, May 12.—(CP). — Canada is heading toward a record 1949 tourist season.

That prediction was made Wednesday by the Dominion Travel Bureau as officials started to add up travel letters from the United States and elsewhere.

Inquiries were about 26.7 per cent. higher than last year with bags of mail continuing to pour in.

"If that keeps up," said a bureau official, "then Canada can expect more than the 25,000,000 entries made to the Dominion last year and more than the **$282,000,000 spent by tourists."**

Order Government To Leave Shanghai

SHANGHAI, May 12 — (AP) —Red forces pushed to within 21 miles of Shanghai to-day.

Two separate Communist attacks were under way. The nearest was at Taichang, 21 miles to the north-west

A force south-west of this great Asian city had reached Shihutang, a hamlet 25 miles south-west of Shanghai. Government troops there were reported holding firm.

The Shanghai garrison ordered all government departments out of Shanghai within two weeks.

493 Canadians Die In '48 Fires

REGINA, May 12.—(CP).—The number of Canadians who died in fires during 1948 was the second highest in the Dominion's history, it was announced Wednesday in the Dominion fire loss report presented to the 31st annual meeting of the Dominion Fire Prevention Association.

During 1948, 493 Canadians—including 206 children — died in fires.

"With the exception of 1927 when 272 children lost their lives in fires—78 of that number died in the Laurier Theatre fire in Montreal—this is an all-time high of which we should be thoroughly ashamed," Mr. Schofield said.

Factors contributing to this loss of life were:

matches left where children could get them, overcrowding and lack of housing.

Approximate property loss for the year was $67,035,915 or $9,985,454 higher than in 1947. A total of 53,691 fires caused the loss.

Bevin Sure Atlantic Treaty Will Carry Unanimously

LONDON, May 12—(Reuters) —Foreign Secretary Bevin, moving a government motion in the House of Commons today approving the North Atlantic Treaty, said he did so with complete confidence as to its acceptance not only by the House, but the nation and indeed by all peace-loving peoples of he world.

"We firmly believed that with the experience of the war it would be possible to put into use and develop cooperative machinery so that these great problems of peace and stability might be dealt with on a basis of universality," he said.

"In this connection we agreed to the special position given to the five great powers within the security council with the hope that co-operation between them might assist the world in this tremendous task."

Observing that the blockade had been lifted today, Bevin said "I am convinced that the establishment of this closer link between the Atlantic nations has led to second thoughts about the tactics that have been followed regarding Germany and particularly about Berlin."

Bevin continued: "The policy followed by the Soviet seems to have been to talk of peace and to accuse others of being war mongers but at the same time to carry on a policy of promoting unsettlement all round."

Stowaway On Polish Liner Believed Gerhard Eisler

NEW YORK, May 12—(AP)—A stowaway on a Polish liner at sea has been identified tentatively as Gerhard Eisler, missing alien Communist who was under $23,500 bail in the United States.

Eisler had fought for a long time to get out of the country.

The liner Batory, which sailed from New York six days ago, radioed that a German stowaway who identified himself as Gerhardt Eisler had paid for first class passage after discovery and was bound for Gdynia, Poland.

The 53-year-old Eisler, who faced two possible jail sentences in the United States and who also was awaiting deportation proceedings, has admitted being a Communist, but denied being the No. 1 Red in this country—as alleged before the House Committee on Un-American Activities He even sought help from the United Nations in an effort to be allowed to leave the United States voluntarily and return to his native Germany.

The United States court of appeals at Washington refused recently to upset Eisler's conviction on a charge of concealing Communist connections in an application for a permit to leave the country. The conviction on that charge brought a sentence of one to three years.

For several months he has had an appeal pending before the U.S Supreme Court from a sentence of one year and a $1,000 fine.

Flee Blazing Tanker Crew Sends Out SOS

NEW YORK, May 12 —(AP)—The 9,683-ton tanker Atlanta radioed early today that she was afire in the Caribbean, the Coast Guard here reported.

The distress messages said all crew members had taken to lifeboats except the captain and radio operator.

Position of the Swedish-owned ship was given as 330 miles northeast of the Barbados Islands.

A Coast Guard cutter, the Pandora, was reported en route from San Juan, Puerto Rico, to aid the stricken vessel.

An Italian ship, the Foscolo, also was said to be proceeding to the scene, the Coast Guard said.

Famine And Floods Threaten Dawson City

DAWSON, Y.T., May 12—(CP) —Dawson, famed city of the gold rush days of '98 Wednesday faced a food shortage as a result of a spring thaw closing the airport.

There has been no mail delivery for 10 days and food supplies, especially eggs and meat, are low.

Planes from Whitehorse are unable to land on the soggy runways and it will be at least a week before the ice breaks in the Yukon River.

Floods are another danger.

Three Parties Bid For Votes In Brisk Drive

By The Canadian Press

Communism and Health headlined the developing campaign for Canada's June 27 general election yesterday.

George Drew, Progressive Conservative leader, moved into Newfoundland, the first political leader to enter the new province in the campaign, and told an audience at Corner Brook that a government under his leadership would pass laws to deal effectively with Communists.

"We believe in freedom," he said, "but not in the type of freedom that allows Communists to carry out treir treacherous activity." He also said his party's stand on Labor and Social Security is being misrepresented.

Mr. Drew said it was being stated that his party would wipe out Family Allowances and Old Age Pensions.

Those who make those statements condemn themselves because it is known that what they say is absolutely false, said Mr. Drew at the meeting held in the local school.

No Great Issues

At Saint John, NB, Prime Minister St. Laurent said Wednesday night "there are no great outstanding issues" in Canada's election campaign and, in an implied slap at Opposition parties, said the Liberal party will make only those promises it intends seriously to fulfill.

Addressing a capacity crowd in a St. John theatre, Mr. St. Laurent said there would be charges that the time has come for a change after 14 years of Liberal rule. Yet the country logically would only make a change for the better and it wasn't necessary to defeat the government to get that satisfaction.

There had been plenty of changes in the government since 1935. Only two members of the 1935 cabinet are still on it. Further, a number of eminent Canadians had left secure positions outside politics to take cabinet posts in recent years.

Such men as External Affairs Minister Pearson, Veterans Minister Gregg and Justice Minister Garson were not the type to forsake security for "a sinking ship." The inclusion of such men in the cabinet was desirable but it wasn't necessary to overthrow the government to make such changes.

Predicts Depression

In Edmonton, Solon Low, national leader of the Social Credit party, said Canada is heading straight for a depression because she "toadies to the Wall Street gang."

In an address to a nominating convention, he blamed the Liberal government for "the serious trade crisis the Dominion will face in the next three or four months." He said that for this reason the Liberals had called an election June 27; they knew the crisis was close.

Mr. Low, launching an election campaign tour, said through agreeing to the Geneva trade pact, the Dominion has lost its economic defence against being caught in an economic war between the sterling area and the dollar area. Such a war is inevitable, he added.

Eliminate Waste

TORONTO, May 12 — (CP) — Elimination of a waste of nearly 28 000 horsepower has been made possible through completion of two high-tension electricity transmission lines in Southern Ontario, Robert Saunders, Ontario Hydro chairman, said Wednesday. Since the two lines were put into service recently, an additional 250,000 kilowatt hours a day has been made available to Hydro consumers in Southern Ontario.

Seed Grain Blessed

MONO MILLS, Ont., May 12—(CP)—An ancient Christian ceremony, the blessing of seed grain, was revived Wednesday night in this Peel County village. Seed grain and a vessel of soil were blessed before the altar of St. John's Anglican Church here and then given to the men who will sow it.

Pioneer In Girl Guiding Retires After Two Decades

When Mrs. R. Whalon, 585 Homewood Ave. joined the Girl Guide movement 35 years ago in Canterbury, England, little did she expect to play a leading part in Canadian Guiding. On Thursday she retires from the position of District Commissioner after heading the Guides of this district for 10 years, during which time she had the honor of representing the Dominion at Buckingham Palace on the arrival of the royal family from the S. Africa tour in 1947.

Twenty years ago, when Mrs. Whalon came from England to settle in Canada, she answered a newspaper advertisement appealing for assistance of someone acquainted with Guide work to lead the city's first Guide company and Brownie pack, which had been formed at St. John's Church.

Since that time six companies have been established and there are now some 250-300 Guides and Brownies in this district.

Mrs. Whalon was probably the most able person in Peterborough to undertake the foundation work in Peterborough for at that time little was known of the Guide movement here and she had already had experience of pioneer Guide work. She became a Guide soon after the movement started in England and was well versed in the purpose and ideals of the world-wide organization.

At Buckingham Palace

Before Mrs. Whalon visited Britain in 1947 she was awarded the Canada Badge which is recognised throughout the world as a "passport" to other countries. While in that country she addressed 26 Guide companies and 17 Brownie packs and broadcast from London headquarters. She drove to Buckingham Palace as the representative of Canadian Guides for a welcome home party for Princess Elizabeth after her South Africa tour and she herself received enthusiastic welcome from the Southampton Guides as she arrived at that port.

Mrs. Whalon was greatly impressed by the energy with which Guiding is pursued in Britain. When discussing her resignation with the Examiner she expressed disappointment with Canadian teen-agers. Canadian girls seemed enthusiastic but fought shy of the hard work involved in attaining badges, she said.

Cooking was one of the most popular tests taken by Peterborough Guides she said and several had received their first class badges from Lady Baden-Powell in Oshawa during her Canadian tour in 1946.

Mrs. Whalon has done a great deal to stimulate Guiding in this part of Ontario. Her resignation takes effect as from May 12 and at present no successor has been appointed.

Western Oils Show Slightly Firmer Tone

TORONTO, May 12 —(CP)— Western oils showed a slightly firmer tone in dull trading on the Toronto Stock Exchange today. The group opened weekly but began to strengthen in mid-season as key issues advanced. Base metals resumed their easier level and golds and industrials were quietly weaker.

Volume for the first three hours was 409,000 shares, about 30,000 shares more than yesterday's similar period.

International Paper recovered an early fractional loss to show a gain of ½ at 50 in an otherwise weaker paper list. Textiles were lower and steels, utilities and foods mixed fractional gains and losses narrowly.

Senior golds were lower while a few small juniors turned actively for minor changes.

Cheese, Produce And Livestock

TORONTO FRUIT

TORONTO, May 12 — (CP)— Wholesale fruit and vegetable prices were unchanged here this morning with the following exceptions. Asparagus, $2.75-$3.50; spinach, 65-75; outdoor rhubarb, 50-60; green onions, 25-35; hothouse tomatoes, 40.

HOG PRICES

TORONTO, May 12 (CP)—At Stratford grade A hogs paid $29.85 to farmers and $30 to truckers.

At Hull grade A hogs, dressed, are $29.75 delivered.

BUFFALO LIVESTOCK

BUFFALO, N.Y., May 12.—(AP).—Cattle 450, including two loads Canadian steers and heifers; good dairy type heifers for slaughter 21.00-22.00; good weighty sausage bulls 21.00-22.00.

Calves 100; good and choice 28.00-30.00.

Hogs 700; good and choice hogs 16.00-19.00, good sows 13.50-15.00.

Lambs and sheep 600; good and choice clipped lambs 29.25.

TORONTO LIVESTOCK

TORONTO, May 12 — (CP) — Scattered sales were too few to establish a market on the local livestock market this morning. Receipts reported by the Dominion Marketing Service were: Cattle, 20; calves. 20; hogs, 100; sheep and lambs, none. The holdover from yesterday's trading was 800 head.

A few cows sold for $14-$17.25. Stockers brought $17-$18.50.

Plain quality calves sold for $13-$15.

Hogs were steady at $30 for grade A and $29.60 for grade B1.

TORONTO PRODUCE

TORONTO, May 12 — (CP)— Produce prices quoted on the spot market here this morning follow: Churning cream, No. 1, 58 cents fob, 62 delivered.

Receipts are light on the egg market. The market is firm and prices unchanged. Country shippers quoted graded eggs, cases free: Grade A large 45-45½; A medium, 44-45; A pullet, 41-42; grade B, 40; grade C 35½-36.

Wholesale to retail: Grade A large, 48-49; A medium, 47-48; A pullet, 45-46; grade B, 44-45; grade C, 39-40.

The butter solid market is steady. First grade tenderable solids, 58. Other first grades, 57.

WINNIPEG GRAIN

WINNIPEG, May 12—(CP) — Prices continued to move narrowly as trading continued on Winnipeg Grain Exchange today. There was a slight increase in hedging sales and other offerings.

Oats and barley futures attracted routine shipper demand. Commission houses bought rye on account of the dry weather in the growing belt.

10 a.m. prices:

Oats—May ⅛ lower 78¾; July ¼ lower 75⅝B; Oct. ¼ lower 1.02¼A.

Rye—May ⅝ higher 1.25⅛A; July ½ higher 1.26½; Oct. ⅜ higher 1.28⅜A.

Flax—Not open.

14 RAF Planes Reach Philippines On Trip

MANILLA, May 12—(AP)— Fourteen R.A.F. planes reached the Philippines today en route to Hong Kong to bolster defences of the Crown colony.

The flight included a squadron of nine Spitfires, two Mosquito bombers, two Dakota transports and a Sunderland flying boat.

Flying from Singapore by way of Borneo, their first Philippine landing was on the southern island of Palawan.

The two Dakotas continued on to Hong Kong. The remaining planes are scheduled to complete the trip tomorrow.

slight. Department officials say they hope to cut well into July before any further borer damage becomes apparent. The beetles are dormant in the winter.

Altogether, officials reported, 20 contractors operating 54 camps and employing 2,000 men were aided by the department. Loans to the contractors are said to be $3,000,000 to date with a possible $5,000,000 expected before the job is finished.

Beaten, Car Stolen

KITCHENER, May 12 (CP)— William Howell, 57, of London, Ont., staggered into a home early today in nearby Winterbourne suffering from head injuries and told of being beaten and robbed and having his automobile stolen by a man and a woman. Police said Howell had wandered round the north Waterloo countryside for about five hours after his car was stolen at 11.30 Wednesday night.

2 Youths Guilty Of Stealing Gas From Car

A person must be either pretty stupid or pretty drunk to attempt to steal gas from a car while the owner is sitting inside the car, W. J. A. Fair, K.C., told Magistrate W. R. Philp, K.C., at city police court today. And the magistrate was inclined to agree although he did not allow the lawyer's argument to prevent him from convicting 18-year-old Kenneth Robinson, 778 Monaghan Rd., of attempting to steal gas from a car on the parking lot by the Brookside Pavilion, Otonabee on April 21.

Robinson and Elgie Dunford, (23) 181 Murray St., were both convicted of the offence. Dunford, the first to be tried, defended by John Corkrey, was sentenced to a month in jail and Robinson was sent to jail for 20 days.

The car from which the lads were said to have attempted to take the gas was owned by Ansel Woodcock, 266 Romaine St. He was sitting in his car outside the pavilion when he heard the boys tampering with the outlet of his gas tank.

Both youths also face charges of stealing a 1946 Buick from Percy Harrison, proprietor of the lunch counter at Water St. and Park Hill Rd. They elected trial by judge and jury and preliminary hearings were heard before Magistrate Philp today.

Woodcock told the court how he had been sitting in his car when he heard a noise which he alleged was caused by the two lads. As he went to see what was happening, the lads jumped into a small Ford car and drove off, he said, leaving a gas tin behind.

Have Different Car

About three-quarters of an hour later back came the two youths this time riding in a Buick, Woodcock alleged. He described how he saw the Buick pull up at the parking lot and two men get out and go into the pavilion, where a dance was being held.

Earl Tulley, proprietor of the pavilion, also gave evidence. Mr. Tulley said he saw the boys jump out of the car, which had driven into the lot at high speed. Under pressing examination from Mr. Fair he was unable to say which doors of the car the boys used. He was sure it was the two accused lads who had left the car, because he had followed them into the pavilion and was able to identify them as they came into the light.

Woodcock thought the boys were "pretty drunk" and Tulley said that after drinking a bottle of wine in the wash room of the pavilion, they were drunk.

Robinson is on $1,000 bail and Dunford, who was also allowed $1,000 bail is in custody.

The Weather

Peterborough Temperatures

Today:
Night low..39 Noon ...55

Yesterday:
Highest....55 Lowest..30

One Year Ago:
Highest....68 Lowest..48

Cooler air invaded Northern Ontario last night and is expected to edge southward to reach the lower lakes regions tonight. Skies will clear over Southern Ontario today and frost is expected tonight in the northern Lake Huron, Georgian Bay and Haliburton regions. In the vicinity of the Great Lakes there will be a risk of frost in low-lying areas.

A disturbance over Saskatchewan will bring mild but showery weather to Northern Ontario on Friday. Elsewhere the weather will remain mostly clear with temperatures in the seasonable 60s Friday afternoon.

Forecasts:

Eastern Lake Ontario, Georgian Bay and Haliburton regions: Overcast clearing late this afternoon. Friday clear and not much change in temperature. Extensive frost tonight Winds light. Low tonight and high Friday at Trenton 35, 63; Muskoka 28, 65; Killaloe 25, 65.

Summary for Friday: Clear and cool.

Icelandic-Canadian Farmer Gains Fame As Poet, Author

By DON WEIGHELL

WINNIPEG —(CP)— Guttormur J. Guttormsson, 71-year-old Icelandic-Canadian farmer, who wanted to be a plasterer, has gained continental recognition as author, dramatist and poet.

Considered one of North America's most outstanding poets, Mr. Guttormsson has been honored several times for his contributions to literature. He is the only prominent Icelandic-Canadian poet born in Canada.

Writes on Impulse

Writing "off-and-on" through "impluse" and only in Icelandic, he has had published four volumes of poetry and one of plays, together with a volume of collected works. Many of his poems have been translated into English and French.

Among honors bestowed on him for his literary achievements was appointment last February as grand commander of the order of the Falcon — Iceland's highest award to a civilian. His initial visit to Iceland in 1938 marked the first time an Icelandic-Canadian entered the country a guest of the nation.

The lean, tall farmer values the awards more highly than a Nobel prize because Icelanders are extremely "critical about their poetry." In a recent interview here before returning to his Riverton, Man., farm he said:

Writes Of Pioneers

"Icelandic poetry is difficult to write or translate properly because it's more expressive. Most of the punch is lost in translation."

"Sandy Bar," his most widely-known poem, immortalizes the defeats and victories of Icelandic pioneers in Manitoba's Lake Winnipeg district. Throughout is a deep sympathy for the underdog, for those "whose luckless steering wrecks their ships."

Born Dec. 21, 1878, at Icelandic River (now Riverton), Guttormsson's tanned, wrinkled visage shows he learned the hard way. He entered school at 12, intent on becoming a plasterer, but his stay was short because "I couldn't learn from the teachers. . .was just an ornament in the class."

After tackling the open road and short-term jobs in carpentry, construction, railroading and lumbering, he settled near Shoal Lake, Man., in 1910, later returning to his birthplace where since he has been "taking life easy the way farmers do." And he's there to stay:

"I'm straight from the soil and won't move away from it," he says, "it's a sentimental feeling one gets."

Lift Blockade

to get its clearance from the Russians.

Only Two Hitches

The whole program went off with only two hitches, neither considered serious as of now. The Russians insisted that Soviet-owned locomotives pull the trains. This the Allies agreed to, subject to appeal to higher authority.

For hours Soviet guards refused to permit German trucks bound from Berlin to West Germany to pass their lines without licences from the Soviet-controlled East Germany administration or the Soviet military government. Finally, however, the Russian officer at the clearing post left and the German police he had commanded waved the German drivers through, without explaining the reasons for the change of attitude.

Canadian Band Leaders To Meet In City In August

Members of the Peterborough Citizens' Band have been successful in persuading the Canadian Bandmasters' Association to hold its annual meeting in Peterborough this summer, it was announced today by W. H. Peryer, a member of the executive of the association and bandmaster of the local band for the past 40 years. Approximately 300 delegates and their wives will be in attendance. The Empress Hotel will be convention headquarters, and dates of the session are Aug. 5-7.

This will be the first time that the association has ever met in Eastern Ontario. The convention was originally scheduled to be held in Waterloo, but Peterborough was finally chosen because it was a more convenient location for Quebec and Maritimes delegates.

A big feature of the convention will be a public concert to be given on the afternoon of Sunday, August 7, by the combined bands of Peterborough and Belleville, with guest conductors from across Canada wielding the baton.

A program of entertainment, which will include sight-seeing tours of Peterborough city and county, is now being drawn up by the local bandsmen.

TO BOLSTER AGRICULTURE

Britain will invest £88,000,000 in agriculture this year, one-third in farm building and the rest in new machinery.

HUGE WHALE

The cachalot, or sperm whale is a huge toothed whale, measuring as much as 60 feet.

Rambling Reporter

GALLANT SALUTE

Route-marching PCVS cadets were crossing Hunter street in their post-inspection parade Wednesday afternoon. Passers-by stopped to eye them. One young cadet leading a group suddenly came up to a smart salute, arm long-way-up, pause 1, 2, 3, short-way-down. It was as fine a salute as a veteran of a hundred military parades could perform. Was he saluting the Post Office Flag? A General in a parked staff car? No, the salute was a gallant gesture to a lady, obviously a fond acquaintance, standing admiringly at the street corner. That young cadet should have a brilliant career, if not in the army, then among the fair sex.

—A. T.

Court Denies Perreault Plea

MONTREAL, May 12 (CP) — Quebec Court of Appeals today denied the appeal of Douglas Perreault, convicted of murder in the slaying of two Montreal policemen last September.

Perreault is under sentence to be hanged June 17. The original date for his execution, March 25, was changed when the appeal was lodged.

Noel Cloutier was hanged March 11 for his part in the armed hold-up of an east-end branch of La Banque Canadienne Nationale last Sept. 23.

Donald Perreault, unrelated to Douglas, was sentenced to die and his execution set for July 8. Donald, who turned King's evidence against the other two, has appealed.

WMS Invited To Attend Three Meetings

ROSENEATH, May 12 (ENS)—Mrs. Albert Halstead and Mrs. William Halstead were joint hostesses to the members of the WMS of Roseneath United Church. Mrs. Delbert Brisbin, first vice-president, conducted a missionary program dealing with the church's responsibility toward the newcomers to Canada.

Finances Healthy

The financial statement showed the Easter thankoffering amounted to $16.25. Sixty dollars had been sent in, as the allocation for the first quarter, to the Presbyterial treasurer. There was a balance on hand of $27.55.

Three invitations were extended to the society, one from Hastings WMS to attend their sixtieth anniversary on June 9; an invitation from Fenella WMS to attend an open meeting on June 16, and an invitation to the sectional rally of Plainville on June 15. All were accepted.

Reports on Convention

Mrs. J. N. Lovelace reported on the ninth biennial meeting of the Bay of Quinte Conference Branch at Smith's Falls held on April 26-28.

The next meeting will be held at Mrs. Delbert Brisbin's home on June 7.

Mrs. Ford Devy gave a reading, "My Bible and I," and Mrs. Earl Waldie arranged a contest "Chinese Questions."

Sister's Guest

Miss Helen Harris, R.N., of Gore's Landing, is a guest of her sister, Mrs. Lyle Ball.

Many members of Roseneath YPU motored to Fraserville on Wednesday night to present their play, "A Little Clodhopper."

Canopy Kills Pilot

SEATTLE, May 12—(AP)—A loosened plediglass canopy in a 600-mile-an-hour Boeing XB-47 Stratojet bomber killed the pilot on a test flight at the nearby Moses Lake, Wash., air base yesterday. The canopy somehow shook loose and fatally injured pilot Edward Osler, 30, of Bellevue, Wash., while he was checking the automatic pilot in making a descent. The co-pilot landed the plane.

Gets One World Award

NEW YORK, May 12—(AP)—The One World award—a flight around the world—was awarded Wednesday night to movie director John Huston at the One World award committee's annual dinner. The award was established in 1944 as a memorial to the late Wendell Willkie. Previous winners included Albert Einstein, the late Fiorello LaGuardia and Arturo Toscanini.

Worry of
FALSE TEETH
Slipping or Irritating?
Don't be embarrassed by loose false teeth slipping, dropping or wabbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Get FASTEETH at any drug store.

Government Interference Must End, P-C Women Told

CAMPBELLFORD, May 12 — (ENS).—"If we women band together in a group we can move mountains," said Mrs W. B. Horkins of Toronto, at an organization meeting of local Progressive-Conservative women in the Parish Hall Wednesday afternoon. "There should be," she said, "equality of women with men in all responsibilities of government. It is grey matter, not sex, that counts." printed in every language spoken

Pro-Communist papers are in this Dominion, and their assiduous and damaging propaganda reaches every corner of our country, said Mrs. Horkins. "I am a Progressive-Conservative because George Drew is the only leader who has taken a strong stand against their dangerous doctrines," she declared.

Economy Needed

She said that emphasis must be placed on economy. Unnecessary controls and orders-in-council must go.

Government expenditures should be ruthlessly cut and surpluses lowered. "We have too little of our own money," she said, "to save or spend in our own way. Government interference in the home and business is destroying the incentive to be thrifty."

Mrs. Dorothy Downing of Toronto, provincial organizer, addressed the meeting on organization. "A strong organization behind a candidate assures him of success," she said. Mrs. Downing said that George Drew was a superb leader, surrounded by able men.

New Officers

Mrs. Ruby Meggs of Harwood, secretary of the county association, presided over the election of the following officers: President, Mrs W. C. Tatham; secretary, Mrs. Bruce Grills; chairman, ward one, Mrs. George Moore; Ward two, Mrs. A D. Bennett; Ward three, Mrs. Fred Linton; and Ward four, Mrs N. A. MacColl.

R. Earle Drope, Progressive Conservative candidate for Northumberland county, and Ralph Locke, president of the county association, spoke briefly. Mrs. H. Hendershot, Mrs. Frank DeCarrol and Mrs. Jack Clark sang "The Waltz of the Flowers," with Mrs. George Nicholls at the piano. Mrs. Tatham introduced Mrs Horkins and Mrs. Downing was introduced by Mrs. Meggs.

Prime Minister Visits Towns

SAINT JOHN, N. B., May 12—(CP)—Prime Minister St. Laurent's election strategy of "the neighborly visit" to small and big town Canada began to unfold in southwestern New Brunswick yesterday and continues in western Nova Scotia today.

As a prelude to a major night speech before a packed theatre in Saint John, the 67-year-old Prime Minister drove 120 miles by car to call upon four smaller centres, to shake many hands and to express his anticipation of Liberal victory at the polls June 27.

That is expected to be the pattern for his 10-day campaign in the seaboard provinces. It is designed to make as many Canadians as possible acquainted with him.

Mr St. Laurent squeezed yesterday's program of travel into a few hours less than originally planned because a train breakdown overnight made him more than three hours late arriving at McAdam from Sherbrooke, Que.

In McAdam he started by shaking hands with Veterans Minister Gregg and ended by shaking them with the rueful crew of the belated train, extending them his sympathies.

From there he drove to St. Stephen to talk to both Canadians and Americans from neighboring Calais, Me., of Canadian unity and Canadian-American friendship.

Resigns Legation Post

OTTAWA, May 12 (CP)—Franjo Starman, 32, a clerk at the Yugoslav Legation here, said Wednesday night he was resigning from the staff of the Legation "because I don't like dictatorships." He said he was applying for admission to the United States to rejoin his wife, an American citizen, and two children.

Strikers Visit Prime Minister

SAINT JOHN, N. B., May 12 — (CP)—Prime Minister St. Laurent bumped into the Canadian Seamen's Union strike again Wednesday in this Atlantic seaport.

A small delegation from the Union saw him in his hotel rooms and asked for Federal Government intervention in the strike that has tied up ships at home and abroad. The meeting was arranged through Veterans Minister Greg and Daniel Riley, Liberal candidate in this riding.

A member of Mr. St. Laurent's staff said the Prime Minister told the seamen there are various angles to the dispute which would have to be considered but he promised to take up their petition with the Cabinet.

There was no picketing of Mr. St. Laurent by the strikers here as there had been in Vancouver and Fort William during his recent western tour.

However, leaflets addressed to him and distributed by seamen outside the theatre asked "how many more Canadians will have to be shot and wounded" before something is done about the strike.

The Importance of Mr. Howe's Contracts

Our export trade with Britain has slumped. Although the over-all effect has not been grievous, it has had rather severe consequences in several important industries, notably lumbering, salmon canning, flour milling and apple growing. On Monday the Minister of Trade and Commerce, Mr. Howe, returned from conference in London with Sir Stafford Cripps and other leaders of Britain's economic life with new contracts. He has pursuaded the British Government to buy $25,000,000 more of Canadian goods. The money will be spent chiefly on lumber, salmon and flour, and small amounts of apples. Thus, precisely where adjustments in trade were needed, they have been made.

* * *

What way Mr. Howe was able to accomplish this we cannot say. Perhaps the British have found, at Mr. Howe's instigation, that they have more dollars to spend than they thought they had. Perhaps their export market to Canada which provides them with trading dollars, is proving better than bargained for. However the deal was made, Mr. Howe is to be congratulated, and British Columbia and Nova Scotia in particular should be jubilant, for the new amounts of money will go chiefly for their products.

* * *

Britain's shortage of dollars, and the fact that Canada requires, and almost inescapably must require Britain and other sterling countries to meet their deficits with us in American dollars or gold, have led to sterling area countries increasing their mutual trade, even if the process is costly, and limiting as much as possible their trade with dollar countries like Canada and the U.S.A. When Canada has protested that Britain is unduly restricting her Canadian buying, Britain has replied that it has no option. Mr. Howe seems to have convinced Britain that it can buy for less here, buy more, and if vigorous efforts are made to increase British exports to Canada, that it will have the dollars to pay. The importance of Mr. Howe's new contracts lies partly in the increase of trade in lumber, salmon and flour they represent, partly in their indication that Britain has dollars to spend here and can be persuaded that it is in her interest to buy more from Canada.

We Disagree With Uncle Levi Zink

We have been much struck by a remark attributed to Uncle Levi Zink who writes in *The Farm Journal;* Uncle Levi says, "Give a cat shelter, plenty of food and a feeling of security and she will be so happy she will stop catching mice; people are just like that". We presume that Uncle Levi means this to be a sly comment on some of the social security measures which are advocated by politicians of many parties at the moment. We think that Uncle Levi is wrong. People are not just like that. If people were no more intelligent and ambitious than cats we would still be in the cave man stage of civilization. People have shown, for several thousands of years, that they are capable of profiting by

This newspaper, as its readers know, is no friend of the paternal state; we do not believe that all responsibilities should be shifted to the government. But neither do we believe that poverty and fear are good for anybody. We earnestly hope that a day will come when poverty and fear will be no more. We believe that it would be a very good thing if men and women could be delivered from the dread that a sudden stroke of fate might reduce them to beggary.

Uncle Levi seems to think that such an assurance would make people lazy. We agree that it would make some people lazy for a time, and no doubt it would make a certain section of the population lazy in perpetuity. But we cannot imagine that any country would be so idiotic as to arrange that all its people should have security without also providing the education and the moral atmosphere which would make that security productive. A people who did not have to worry about poverty could achieve great things if it were shown the way to do so. Let us never forget that one of the greatest movements of the past century—the labour movement—was begun by a group of men who thought that if working men and women could be guaranteed decent hours and decent wages they would use their new leisure to become more intelligent and happy people. The labour movement seems to have forgotten that aim for the present; indeed, many labour leaders scoff at such an aim, and fear that greater intelligence among their workers would threaten their own leadership—as indeed it would. But the mills of the gods grind slowly, and we fully expect that the aims of the original trade unionists will be realized in time.

Uncle Levi, like a lot of other people, is shortsighted and he does not appear to like or trust mankind. Like many Puritans, also, he believes that pain is the only spur which will make men go forward. We think that Uncle Levi's mouth would be sweetened by reading a good history of the world.

Mr. Drew And The Bureaucrats

The Progressive Conservative Party has been giving strong hints for some time that when it comes to power it will reduce the numbers of civil servants materially. Mr. Drew has often spoken of the "evils of bureaucracy" and has given notice that when he is Prime Minister the dismissals will not be merely on the lower clerical levels, but that heads will roll in those high places where highly-paid men are retained to advise Cabinet ministers—particularly on financial matters. And now Mr. Drew has begun his election campaign in the constituency of Carleton, where a great many civil servants and their relations live.

To persuade a bureaucrat to vote for you when you have given notice that you are likely to take his job from him is a task to tax even the persuasive powers of Mr. Drew. However, he is attempting it, and has given a vague assurance that civil servants need not worry too much. Apparently his policy will be a dual one: promises of civil service reduction will be used everywhere except in Carleton, and there Mr. Drew will assure his constituents, with a wink, that it is all in fun.

If Mr. Drew comes to power he will find what many a man has found before him: that it is easy to promise reductions in the civil service, but that it is very hard to bring them about. There are always twenty reasons, good and bad, why every civil servant should stay right where he is, and most governments give up the job of housecleaning in despair.

Bad Business

Although the C.P.R. is not a national possession great numbers of people apparently believe in treating it as though it were so. At present seven provinces are busily trying to convince the Transport Board that, whatever may be the case elsewhere, C.P.R. freight rates should not be increased within their borders. They all have good reasons to back up their claims, but they all neglect one important factor: unless the C.P.R. can make enough money to do its job properly, Canada is going to suffer, for Canada still depends very heavily on her railways. The earnings of the C.P.R. were the highest in its history last year; its profit, however, was the lowest since 1905. That is bad business, and it cannot go on for long.

The present scale of railway charges is apparently not high enough to permit the C.P.R. to keep up the standard of its service and pay a reasonable return to its shareholders. That will not give great concern to those who think that all railways should be nationalized, and who are convinced that a national railway must be cheaper and more efficient

But a majority of people in the seven complaining provinces apparently believe in free enterprise and private business, and they should realize that they cannot honestly impose upon the C.P.R. terms which they would not wish to accept themselves.

This is a very prosperous country. It will not remain so if an unbusinesslike method of management is forcibly imposed upon a railway which serves every part of it. We do not imply that the abuse of the C.P.R. would in itself be enough to upset the whole economy of Canada, but we put it forward as an example of a tendency in some parts of Canada to snatch eagerly at the sweets of prosperity, while seeking to escape the increased costs which invariably accompany it.

From The Critic's Notebook

A JOURNAL BY THOS. HUGHES, with Introduction and Notes by the Master of St. John's College, Cambridge (Macmillan). Here one looks into the heart and affairs of a soldier of the King who died in 1790, and what a rare privilege it is.

Thomas Hughes began the journal, now published for the first time, when he was 19, with a recapitulation to his fifteenth year, "for his Amusement and Designed only for his Perusal by the time he attains the Age of 50, if he lives so long". It is the best kind of journal—unaffected, sensitive, and of a man who did not pretend even to himself that he was writing the record for posterity of a person who was or might be numbered among the great. Another value in it is that the writer was young and writing of a new and strange world opening to his impressionable but solid heart. One picks it up tenderly, with the feeling that Thomas Hughes, Subaltern in His Majesty's Forces, would have been a pleasant and gentle person to know. And, at the Journal's close, one does feel oneself to be a familiar of the modest, decent Hughes.

* * *

THE book will have a special appeal to readers interested in Canadian-American history at the time of the Revolution, or in the life and ways of a soldier of the period. Thomas Hughes arrived with his regiment in Canada in 1776, when Sir Guy Carleton was in command. The American attempt to take Canada was ending in retreat. The pursuit, to Ticonderoga, resulted in Hughes being taken a prisoner by the revolting American colonists. For three years he remained a prisoner, much of the time on parole. The book has interest because of the picture he gives of social life in the colonies. But to see the army and American colonial life through the eyes and coloured by the conservative, loyal attitude of Hughes, is to give the formal history of the period humanity and freshness.

On October 26th, 1777, he was quartered as a prisoner paying "two silver dollars per week for board &c &c" with a "very civil" family consisting of "Father (who is almost deaf), Mother (a talkative old woman), and two daughters who are of the order of old maids, confoundedly ugly, with beards an inch long". This was at Fort Pepperell in Massachusetts. "I find that the people here have not the least idea of a gentleman. Our servants are treated just like ourselves, and they are surprised to find our men won't eat at the same table with us, to which they are always invited". He has no sympathy for the revolutionists, who in his view are all rebels, and most of them low rascals.

Hughes was released through an exchange of prisoners and got passage home in 1781, four months before the surrender of Yorktown. He was in France when news came of the Peace "by which America was declared Independent by Great Britain, who lost by the war her blood, her treasure and an empire, owing to a cursed faction and weak ministers".

* * *

IN the autumn of 1784 he rejoined his regiment at Quebec. His descriptions of the Canadian autumnal scene are most pleasant. He was at Fort Detroit on July 23, 1789 when he made his last entry in the Journal. Another hand records his death of consumption on January 10th, 1790. Here is his last and touching entry, written at the age of 30 by this warm, kindly officer with opinions typical of his class and station, an officer typical of thousands of unknown, unrecorded men who served faithfully and unquestionably in the King's uniform in that country.

"My days appear to me to be run, for which reason I have to return the Almighty God thanks for the life and benefits that I have enjoy'd; and as it is most probably I shall still hold out some days longer, and as I am to embark on the 30th of this month—which I am convinced will be my death or my being reduced so low that I shall not be able to carry the Journal any farther — I thus sincerely take leave of all my dearest friends, wishing them every happiness in this life and that God will be pleased to let us meet in happiness in the next. Should any unforeseen turn in my disorder make me well again—as it must come only from God—I here promise to make a gift of ten guineas to the poor, and if I omit it God will punish me as I deserve. . I am far from being without faults—but I know of no very crying sins— and I trust in the goodness of God and the mediation of my Redeemer Jesus Christ to have them forgiven; to whom I now recommend myself this 23rd day of July, 1789, being thirty years of age."

T. J. A.

* * *

ALONG LAUGHING BROOK by Thorton W. Burgess (McClelland and Stewart). Everyone with experience of reading to children knows the Burgess Bedtime Story Books, in which the animals have human attributes and which are much loved by young children, although the adult may sometimes wonder why. The new series called "Books of Nature Stories" to which the book at hand belongs, will appeal to children a little older. There is a good deal more authentic nature lore in this series, although the animals are still "human" and highly moral. "Along Laughing Brook", is a collection of stories about water birds and animals

grees. It would seem more to the point to give Canadian children books by our own naturalist writers such as Ernest Thompson Seton, who present truer and much more interesting pictures of animal life.

H. T. K.

Among The Experts

The visiting teacher from the county town was giving her first demonstration lesson to a class of nine-year-olds in an upland farm area. She had chosen as her subject "Wool," and started off by showing a large coloured picture of a sheep and remarking brightly "Now I am sure you all know what this is."

Much to her surprise there was no response to her surprise there was no response sponse to her implied question. When she put it more pointedly one sturdy boy asked if he could see the picture nearer at hand. On permission being given with much wonderment, he surveyed it carefully and then hazarded, "It's a two-year-old Border-Leicester, isn't it?"—Manchester Guardian.

"HOLIDAY FOR STRINGS"

Letter To The Editor

MRS. JOSEPH HAMILTON'S REPLY TO A TRIBUTE

Sir: It was with great appreciation, that I read the article in the Peterborough Examiner entitled "Mrs. Joseph Hamilton's Letters" and signed Fred Haultain. I want to state that I am glad to hear from another reader of that paper of how he is an ardent reader of our only local daily paper, the Peterborough Examiner, the same as I have been for the past 15 years, the time which I have classed myself as a Canadian from the U.S. citizen's list.

We always greatly appreciate interest in constructive ideas which develop into mental, physical or spiritual growth along with the material development, necessary to keep this and any other country and it's people on the upward trend. It takes all kinds to make such a development and I for one, certainly have always been and hope to continue to be one of those among the many, who can always be classed, as working for power by right and not power by might.

Mr. Haultain mentioned that he would like to see me put my name up for the next election, either Federal or Provincial and I certainly agree with those having made such a statement about women in politics, including Mr. Haultain, but I didn't come to Canada to upset the "applecart" in any form. I certainly do agree that many more women should come forth immediately and donate their ideas and ability and put their full strength behind the political machine and help to steer that machine in the interests and for the welfare of all its people and not chiefly for securing money, power and renown for the few. I must admit the political affairs and progress of this country can be compared to, "The Old Gray Mare Ain't What She Used To Be", she must keep plugging upward and be as stubborn as a mule when that government machine goes galloping out of control of and for the people.

Women have just as much right and necessity as men in the political machine of the government as in any other line of work, should be accepted and respected when in any line of duty for the welfare of their people and country so why not introduce, boost and vote for the people who by their thoughts, words, deeds and actions prove their ability and desire to be an atom among the pretentious learned and efficient or men not worthy to be official governmental servants?

This is a true story to the wise. Once upon a time there were several hundred men gathered for a political meeting. Most all but the council were there just to see and be seen but not trying to be heard. A woman appeared upon the scene breaking the all time record of, such meetings are for men and "taboo" with any women attending a political meeting. Those old officials talked and talked and talked to keep that woman from having a chance to talk. It was like a grind organ and the monkey, same old tune in the same old way. Just one respectful official was asked to talk. He said, "This is not our time to talk, it is the taxpayers' time to talk, 'Now if anyone in this crowd has anything to say, now is the time to shoot her." Some could think that he meant, that was the time to shoot the woman with questions for being in a political meeting, but that woman took her rights into consideration, stood up and asked for a few minutes of the taxpayers' time. That group of officials went into such a boisterous uproar that the papers flew off the tables with their thumping, etc., the yells of those men were as varied and loud as bull frogs' squeak along a lake; the crowd was so divided in speech and action, that it would give a sane person a real cause for consternation, ideas of how people's rights should be presented as a bill of rights, to be added to our laws in this country, to grant every citizen within it's borders their equal rights according to their status as citizens. That woman never did have a chance to speak although she should have had equal justice for doing so. Well, that woman certainly put the "jinx" on that crowd for there never has been more than 75 at any political meeting of that kind since the clerk shooed the taxpayers out like old hens out of a coop. Voters must not fall asleep and stay on the roost for ever.

I am a Yankee by birth, ambition, anxiety and a determination to work, live and if necessary, to fight for, that which is right, but am just as thoroughbred as any Canuck, when it comes to working for, living for, fighting for and if given a chance to run for, I would be found in the harness with the tugs extended with relentless efforts to be a winner for all that stands for the rights of life, liberty and justice in the country where I get my bread and butter. Like too many others, I have not had those rights, to be enjoyed as a citizen, of this country.

Thanks again to Mr. Haultain for his considerate advice and as always to the Examiner for the space. Yours,

MRS. JOSEPH HAMILTON.

How Time Flies

MAY 12

1919 E. A Peck is presented with a carving set on his retirement after 30 years as secretary of the Little Lake Cemetary Board.

The Board of Works decided to have some city streets re-numbered.

A. S. Morrison, S. Whatley, T. R. Cooper, T. Williams, and R. H. Muir represent the local G. W. V. A. at the convention in Windsor.

1929 The death occurs of Mrs. Mauro Giardino, native of Italy, who has lived here for 23 years.

Considerable progress has been made in the beautification of Confederation Square.

Principal R. B. Taylor of Queen's University preaches the anniversary sermons at St. Andrew's Church.

1939 A committee is formed to make plans permitting Peterborough city and county school children to see the King and Queen in Toronto.

A young trapper from Coe Hill is sentenced here to 40 days in jail for trapping beaver.

Senator Frank O'Connor is chairman of the provincial convention of the Holy Name Societies in Toronto.

Bible Message

(From the Authorized Version)

Though I speak with the tongues of men and of angels, and have not charity, I am become as sounding brass, or a tinkling cymbal....

Charity never faileth: but whether there be prophecies, they shall fail; whether there be tongues, they shall cease; whether there be knowledge, it shall vanish away.

For we know in part, and we prophesy in part. But when that which is perfect is come, then that which is in part shall be done away.

When I was a child, I spake as a child, I understood as a child, I thought as a child: but when I became a man, I put away childish things. For now we see through a glass, darkly; but then face to face: now I know in part; but then shall I know even as also I am known. (I Cor. 13: 1, 8-12.)

* * *

Finally brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things. (Phil. 4: 8.)

Unconsidered Trifles

A motorist noticed that a farmer was having trouble with his horse. It would start, go slowly for a while, and then stop again. Then the farmer would have great trouble getting the horse started once more. Finally the motorist stopped and asked, "Is your horse sick?"

"No," said the disgusted farmer. "He's not sick."

"Is he balky?" asekd the motorist.

"Nope, he's not balky."

"Then what's the matter with him?" asked the motorist.

"Well, stranger," said the disgusted farmer, "he's so afraid I'll say whoa and he won't hear me that he stops every once in a while to listen."

* * *

"Why don't you take him into partnership?"

"Well, he was engaged to my wife before I married her. I'm not taking on a business partner who's smarter than I am."

A BRITISH OPINION

World Copyright. By arrangement with Evening Standard.

SCOUTCRAFT HOBBY SHOW was held on Wednesday evening at the Market Hall where booths of exhibits, demonstrations of camping and woodcraft interested hundreds of spectators. Officials said that it was the best show of this nature they had organized to date. In Upper photo, Akela Harold Wilson, Centre, tells a story to New Chums, Left to Right, Frank Perry, Wayne Whitnell, Ricky Krug, David Comstock and Douglas Tweedy. In the Lower photo, Guides of the Salvation Army 4th Peterborough Troop work in the "Needle Woman" booth. They are, Left to Right, Joyce Sucee, Jean Ward and Shirley Sucee.

Much Work Done During Year By Norwood WI

NORWOOD, May 12 (ENS)—Norwood Women's Institute met in the Library on Friday, May 6, with the president, Mrs. A. Gill, in charge. The annual report was given by the secretary-treasurer, Mrs. Lottie Burtt.

Amount raised during the year was $445.72; expenditures, $381.-39. 44 boxes were sent to sick and shut-ins. as well as large boxes of food to two British institutes; 27 get-well and sympathy cards; 5 plants, 1 wreath; First-Aid kit to Board of Trade swimming project; prizes to oratorical contests and Norwood Fair. Other projects were equipping of the Norwood Pee-Wee Club with sweaters for four teams the Institute's community project for the year; catering for one Board of Trade dinner meeting; quilts made and quilted.

It was decided to send a donation of $10.00 to the Cancer Fund.

Course on Meals

Mrs. G. R. Baker will be hostess for the course on oven meals at her home May 12 and 13.

Mrs. Roy Baker, district director, gave a short report of the meeting held in Peterborough, where plans were made for the District Annual, which will be held in Havelock on June 14, with Belmont ladies as hostess.

Mrs. Fred Gardner gave her report of the District Rally held in Peterborough, April 12.

The new slate of officers for 1949-50 are: president, Mrs. Fred Gardner; First vice-president, Mrs. Wm. Golloher, second vice-president, Mrs. Roy Baker, secretary-treasurer, Mrs. Lottie Burtt; district director, Mrs. A. Gill; Institute directors, Mrs. Harry Pearce, Mrs. F. R. Barrett, Mrs. Macpherson, and Mrs. Ralph Cuthbertson; quilt convener, Mrs. George Oitment; sick committee, Mrs. F. Andrews and Mrs. G. R. Baker; pianist, Mrs. G. R. Baker. Conveners for standing committees will be appointed after the District Annual.

Will Be Thanked

A letter of thanks is to be sent to Mrs. Gerald Robson, Peterborough, for her kindness in entertaining members of the Girls Club on their trip to Peterborough. Earl Armstrong is also to receive a letter of appreciation.

Mrs. J. Gilmour offered her home for the June meeting.

Three new members were enrolled, Mrs. Allan Dunk, Mrs. R. D. Fuller and Mrs. Arthur Stainson.

FIRST SOD WAS TURNED for the Peterborough Lions Club swimming pool at Riverside Park on Wednesday morning. Framed in the boom of the power shovel, that started excavation immediately afterwards, pool committee chairman Doug Anderson wields the shovel. Included in the group watching him are contractor George Heffernan, Gordon Shier, Jim Dutton, Jr., E. A. Weston of the Sarnia Lions Club, Jim Marshall and George Hildenbrand.

Central Victorious

Central seniors of the School Softball League defeated King George 18-10 in a keen contest yesterday on the diamond over east. They ran in seven in the first, adding one each the next two chukkers, and their nine-run drive in the fourth clinched it. King George got one in the first, five in the third and four in the fifth. Teams:

King George—Withers, Ash, Crowder, Barker, Starr, Rowe, Fell, Roote, Williams.

Central — Rowley, Delahaye, Black, Lush, Noble Brooks, Gardner, Harte-Maxwell, Patterson, Foster.

Umpires—J. M. Telford and R. W. Rutherford.

Norwood News

Many relatives and friends called on Mr. and Mrs. Andrew Knox on Sunday when a birthday tea was held in honor of Mr. Knox.

Mr. and Mrs. Colin Deck of Lindsay were guests last week-end of the latter's mother, Mrs. O. Bannon.

Miss Isobel MacMillan was a weekend guest of her parents, Mr. and Mrs. G. D. MacMillan.

Guests on Sunday with Mr. and Mrs. John Gardner were Mr. and Mrs. George Gardner and children, Velma, Ruby and Flora, and Mr. and Mrs. Carmen Kingsley.

Mr. and Mrs. Archie Miles and children Iva and Bunny spent Sunday at their cottage at Kosh Lake.

Mr and Mrs. Roy Brown of Harold and Mr. and Mrs. Hugh Jones of Stirling, were Sunday evening visitors with Mr. and Mrs. Herb Jones.

Victor Ferguson of Toronto spent the weekend with his parents Mr. and Mrs. D. O. Ferguson.

Guests of Mr. and Mrs. Will Elliott on Sunday were Mr. and Mrs. Harold Miles, Havelock; Mr. and Mrs. Earl Simpson, Belmont; Mr. and Mrs. Albert Elliott, Westwood, and Mr. and Mrs. Ed. Simpson.

Mr. and Mrs. Robert Crowhurst, Mr. and Mrs. George Crowhurst and son Robert Eugene, of Mount Dennis, were Sunday visitors at the McLaughlin home. Mrs. George Crowhurst and Robert Eugene stayed over for a two weeks' visit.

Miss Lenore Patterson, Warsaw, was a weekend guest of Miss Betty Baker.

Sunday guests at the home of Mr. and Mrs. Golden Andrews were: Mr. and Mrs. Armande Webster and son Bobbie, Lakefield; Mr. and Mrs. M. B. McCleliand and Don Andrews, Peterborough; Mr. and Mrs. J. E. Watts, Warsaw, and Mr. and Mrs. Arthur Andrews and son Douglas.

Mr. and Mrs. Arnold Butcher, Peterborough, were weekend guests of the latter's parents, Mr. and Mrs. W. K. Scott.

Mrs. Rod Webb and son Freddie returned home last week from a vacation spent in St. Thomas with Mrs. Webb's sister, Mrs. Ernie Sutton and Mr. Sutton.

Lorne Johnson, Toronto, spent the week-end with his parents, Mr. and Mrs H. B. Johnson.

Mr. and Mrs. Alec Clements, accompanied by Mrs. Robert Baker, spent Tuesday at South Lake, guests of the latter's sister, Mrs. S. Gerow and Mr. Gerow.

Mr. and Mrs. Jim Throop, Peterborough, called on Mr. and Mrs. W. Throop on Sunday.

Mr. and Mrs. Kenneth Metcalfe and daughter Carolyn attended the funeral in Chandos on Saturday of Jaqueline, infant daughter of Mr. and Mrs. J. Randall Salisbury.

Mr. and Mrs. Dave Annis and sons Ralph, George and Bruce, and Lloyd Annis of Toronto, spent the weekend at their cottage near Hastings.

Weekend guests of Mr. and Mrs. George Bitten were Mr. and Mrs. Wm. Parker, and children, Lorraine and Dale, Peterborough, and Mr. and Mrs. Clifford Dainard of Toronto.

NOW . . . . LOSE UGLY FAT UP TO 7 LBS. PER WEEK THE MODEL DIETARY WAY

SAVES MONEY, TOO!

Begin Losing Fat at Once without starvation, harmful drugs, laxatives or exercise.

The new Model Dietary Plan is not a reducing drug. It's safe, pleasant, simple as A-B-C. It will help you lose up to 7 lbs. per week — or no cost to you! If your excess weight is caused by overeating, the Model Dietary Plan will bring results from the very first day. (NOT RECOMMENDED FOR GLANDULAR OBESITY).

Beauty Queen Hails Model

Noreen Noble, lovely winner of Miss Western Ontario beauty crown for 1948, says: "The Model Dietary Plan is a wonderful help in taking off weight and controlling the figure. Without reservation I recommend it to all women who wish to take off unwanted, unsightly fat. Believe me, the Model Dietary Plan really works."

Make This No-Risk Test Today!

Buy a package of Model at your Drug Store. Check your weight before using and at the end of 7 days, if not completely satisfied, return the empty box to your Druggist, who will promptly refund purchase price. Model available at all Drug and Department Stores. Now only $2.50. Make this test today! The double-size package, only $3.98.

If you don't agree the cakes you make—so easily—with new, quick-mixing Swift'ning are as good as the best you've ever baked! That's how sure we are you'll be delighted with the ease and speed you can bake not only top-notch cakes, but flaky pies and scrumptious cookies with Swift'ning. It's *both* digestible and nutritious—*and* it keeps without refrigeration! Get your Swift'ning today! You'll like it!

You can bake this beautiful cake so easily and quickly... WHEN YOU USE SWIFT'NING* THE NEW KIND OF SHORTENING

CHECKERBOARD CAKE

Sure to be a favourite!

Martha Logan's Helping Hand Recipe points your way to sure success. Helping Hands warn where there's a chance of mistake. Swift'ning ensures light, moist, tender perfection. **Preparation:** *Have all ingredients at room temperature.* Preheat oven at 375°F. Line bottoms of two 9-inch square layer pans with waxed paper.

Ingredients:

½ cup Swift'ning
2½ cups sifted cake flour
Be sure to sift before measuring. Spoon lightly into cup.
5¼ tsps. single-acting baking powder (4 tsps. double-acting †baking powder)
1 tsp. salt
1½ cups sugar
1 cup milk
1 tsp. vanilla
4 egg whites
2 sq. unsweetened chocolate, melted

Step 1: Put Swift'ning in bowl. Sift in flour, baking powder, salt and sugar. Add ⅓ cup of the milk, and vanilla. Beat 2 minutes on medium speed of electric mixer, or by hand using 150 strokes per minute. Scrape bowl and beaters *rubber scraper.* Scrape bowl and beaters.

Step 2: Add unbeaten egg whites and remaining ⅓ cup milk. Beat for 2 additional minutes. Scrape bowl and beaters. Pour half of batter into one 9" square pan lined with 2 layers of waxed paper; add melted chocolate to remaining batter. Fold in melted chocolate with rubber scraper. Pour into other 9" square lined pan. Bake about 28 minutes or until done. *When cake is done it will spring back quickly when pressed by the finger.* Cool. Fill and frost with chocolate frosting, placing and cover alternate squares with coconut.

†*If the words "double-acting" are not on the tin, it is the other kind*

TRIPLE YOUR MONEY BACK!

Try this Helping Hand Recipe with Swift'ning. Then if your family doesn't agree the cake you bake is as good as the best you've ever baked, we'll refund you *triple* the price you paid for Swift'ning, plus the ingredients listed in the Helping Hand Recipe.

If you are not completely satisfied with your results, send Swift Canadian Co. Limited, Toronto 9, Ont., your empty Swift'ning carton, list of ingredients used in Helping Hand Recipe, price paid for each; tell us why you were displeased, and we'll refund you triple your money.

Swift's, famous for fine foods, developed Swift'ning —the new kind of shortening, to make your baking easier and quicker.

Fred Atkins Beats Marvel In Main Pro Grapple Bout

Once again Fred Atkins demonstrated his superiority over Lew Reynheer, when he took the deciding fall from the unmasked Marvel in 11 minutes of the final round last night in the main mat bout at the Brock Arena. He outroughed husky Lew to soften him up and apply his "Kangaroo Klamp" and force the Marvel to concede after a rough session while the fans cheered. Atkins weighed 248 to the Marvel's 251 pounds.

Fred had taken the second fall, also in just 6½ minutes, with the same grip, which looks something like the "Boston crab" hold or a reverse double leglock, making the Marvel con[illegible] Both were rugged charact[illegible] and experienced, with Lew pulling more illegal stuff but finding the Australian champ ready to mix it all the way. He had Atkins in trouble with eye rasping, hair-pulling and smashes to the jaw, but Fred fought back and slowed Reynheer down later with elbow smashes and a series of hard [illegible] Ernie Powers had to pull each in turn off as they were slow breaking illegal holds.

Lew won the opening fall in 18 minutes when he pinned Fred's shoulders, but used the ropes for foot leverage. Powers missed this bit, despite loud warning cries from the crowd, and counted Atkins out. Most pulled for the Aussie, but Lew had some supporters also. He roughed it hard, proving just as strong as Fred and quite fearless, but Atkins was solid and tore right in to have a little edge on the go, despite a cut lip, till the Marvel pulled his doubtful fall.

A Good Bout

The semi-final was a redhot scrap with Wee Willie Davis, at 280, winning from 224-pound Pat Flanagan in 24 minutes when he got back in the ring in time to beat the double count. He had thrown Pat out, followed him to mix outside the ropes, and then clambered back in time, leaving Flan writhing out on the arena floor. Before that, Willie had put the boots to Pat and roughed him hard, using eye rasps and his superior strength as well as a lot of illegal tactics to offset Pat's speed and scrappiness. Flanagan was holding his own, in spite of the difference in height and weight, on straight wrestling—and he threw fists at times, too—but Davis eventually wore him down in brutal fashion. They mixed it up for several minutes after the gong, with the referee [illegible] getting conked once as he tried to stop it. The fans enjoyed this lively tilt but booed Davis.

Big Ben Morgan, 313 bearded and beefy pounds, and Frank Valois, scaling 239, went to a 30-minute prelim draw. It was a fair match but had too much straight mat-work to cause much noise among the crowd. Valois showed a bit more stuff than Ben but had a lot of heft to contend with, and both roughed it in spots, with Frank having more fan support. They showed more life a few times when on their feet but didn't work up too much of a sweat and the referee wasn't worked unduly. After both were dressed upstairs, following the bout, they had some words and mixed briefly in a scuffle before Fred Atkins jumped in and broke it up.

Beaches Plan To Split Football Funds

TORONTO, May 12 (CP)—Toronto Beaches Football Club will operate on a co-operative share-the-wealth plan in the Senior Ontario Rugby Football Union next fall, it was announced today.

In a statement outlining the 24-year-old club's plans, officials said "our senior grouping does not warrant, we believe, entering the player market which at present is out of all proportion for all but a couple of clubs in Canada" (Eastern and western senior teams estimate between $65,000 and $70,000 is needed for a season's operation).

The statement added: "if at a future date football achieves some different grouping, we will be in a position to operate as a professional club again. Meanwhile, we [illegible] a senior club in the Ontario Rugby Football Union on a plan of share-the-wealth (if any) with the players, after training and travelling expenses are met . . .

"Since the war Beaches have reached the playoffs in all four seasons and the eastern Canada finals twice. Like the teams in Regina and other western cities, we visited on our tour last fall, we find that such success will still fail to come anywhere close to meeting expenses if we are to pay a competitive salary list.

"We have no intention of asking our patrons to further support football players in the luxury to which they have become accustomed but are sure we can carry along for good sport on our gates and trust we can supply, as always, our share of hard, fast football."

P of W Takes Win

Prince of Wales took an 18-7 triumph over Queen Mary seniors yesterday in a School Loop softball tilt. They shoved four markers across in the second heat and got seven each in the fourth and fifth. The losers scored four in the second and three more in the fifth. Teams:

Prince of Wales — Holbrook, Downer, Buott, Faiers, Smith, Evans, Deck, Lockie, Speers, Moffatt, Mongraw, Williams.

Queen Mary—Deck, Cullen, Dunn, Watson, Stave, Brady, Clement, Drury, Burgess, Franks, Stewart.

Umpires—V. Cunningham and A. Hill.

NEW TIGER COACH

Eddie Powers of Toronto Wednesday took over as the new coach of Hamilton Tigers of the Ontario Lacrosse Association. Powers captained the squad to the Canadian title and Mann Cup last season.

NAVY'S DISCOVERY

SPORTS SHOW WINDOW

CEC. PERDUE, Sports Editor

Soccer season commences on Saturday, the new commission having drawn CGE and Petes for the opener at 2.30 p.m. in King Edward Park. Then the chaps who boot the blown-up bladder around have two tilts next week, O'Halloran's vs. Lindsay here at 6.30 Wednesday eve, and Petes playing Electrics on Thursday night. Nothing doing on Saturday or the holiday, owing to the visit of Newcastle United in Toronto on May 24. Following week sees CGE at Lindsay on Wednesday—May 25—O'Halloran's vs. Petes here Thursday, and play for the Mayor Ovens Cup for injured players Saturday in a twin bill, CGE vs. Petes at two, followed by Lindsay vs. O'Halloran's.

* * * * * *

Crowned with success the past two seasons as skipper of OLA senior "B" champs, Coach Red Creighton may have his restless nights now. No doubt thinking of the saying: Uneasy lies the head that wears a crown. On account of the Petes have stepped up this season to the faster senior "A" company and the competition will be stiff every game. Nevertheless, Red will likely field another fighting lacrosse squad and the Petes should do okay in the senior "A" circuit. They are drilling hard and have some good newcomers along with the cream of last year's fine crop, and then they have a fiery and experienced gutted-stick mentor in Robert the Red, a great athletic competitor himself.

* * * * * *

Dugan Looked Smart

Referee of the amateur boxing show in Campbellford tomorrow night will be Jack Dugan, former local scrapper who now boxes pro out of Buffalo. He held the Canadian middleweight title ere turning to the moneyed ranks. Tely writer says of his Toronto bout the other evening: "Jackie Dugan looked very stylish and clever, showing a nifty left that repeatedly kept Hayden at a distance. Jim of Buffalo, however, did not show too much desire to toss punches, while Jackie won from here to there. This bout figured to be a yell-raiser as Hayden gave Dugan quite a bout two months ago in Buffalo. However, Dugan still looks like a promising boy."

* * * * * *

Men's softball schedule is in elsewhere, and shows the next twin offering tonight, weather being oke, with Outlaws playing Jewellers at seven in the Bowl, followed by Uniteds against the Knights of Columbus. Latter squad hasn't been seen yet, but we imagine Johnny Russelle will come up with a pretty fair club again. Ken Guilfoyle, veteran and capable twirler, has thrown in his lot with the K. of C.-ers. Cosmos and Uniteds won the opening tilts from Outlaws and Jewellers—both being close till the late stages—and we still think the young Jewellers will create a lot of upsets as the season progresses.

* * * * * *

Powdering That Pill

Perhaps thinking of approaching exams, public school softball hitters are taking it out on opposing pitchers as scores mount in loop games. Recent frays saw Prince of Wales seniors taking an 18-7 win over Queen Mary, Central seniors knocking off King George 18-10, and Confederation juniors blasting out a 23-6 triumph o'er the Grove School. Games resume next Tuesday and Wednesday, and the schedules are due to wind up about two weeks later, so every tussle in these abbreviated lists is important from here on in. Playoffs follow and are out of the way when school exams cause a run on the headache pills.

* * * * * *

It took a tough guy to convince the unmasked Marvel, Lew Reynheer, but Fred Atkins did it last eve in the main mat bout at the Brock. Took him for the second time with his Kangaroo Klamp grip, and Lew said as he wearily climbed the stairs after: "That's a terrible hold." It's somewhat like a reverse double leglock with the pressure on the back, forcing an opponent to concede. They staged a rough scrap all the way, but the "hard rock from down under" had a little too much for Reynheer. Semi-final was a dandy, with wee Willie Davis—who goes six-six and 280 pounds, a guy who also does bit parts in the movies—defeating Pat Flanagan. A so-so prelim with hearded Ben Morgan and Frank Valois going to a draw.

Joe Louis' record of never losing a return engagement was snapped when Marva obtained their second divorce in Mexico.

Here and There In Sport

By The Canadian Press

A. W. (Fred) Steel, unofficial chieftain of Ontario sports for 10 years, has finally achieved recognition with the announcement on Wednesday of his appointment as Ontario Athletic Commissioner.

A former newspaper man and executive of provincial sports organizations, he joined the Ontario Athletic Commission 11 years ago as organizing secretary of the schools' camp program. In 1943 [illegible] was formed in 1920 and was headed by five commissioners. As governing body of professional sports it has been largely responsible for such agreements as that between the Canadian Amateur Hockey Association and the National Hockey League covering relations between the two organizations.

Canada's great athlete, Lionel Conacher, resigned as chairman of the commission in 1943. Steel remained to direct operations.

In 1947 the commission was scrapped and replaced by a commissioner. Syl Apps, then playing captain of the Toronto Maple Leafs of the NHL, was commissioner until his retirement in April last year.

Herb Yanchus of Guelph scored a three-round decision over Jackie Cooper of Hamilton in a 115-pound match at an amateur boxing show at Hamilton Wednesday.

Danny Saunders, 140 pounds, of Hamilton, knocked out Ron Creasy of Guelph at 1:36 of the fourth round of a semi-final bout. Eddie Nadalin of Guelph lost a three-round decision to Roy Merini of Hamilton. Ray Lord of Hamilton pounded out a three-round decision over Doug Broisseau of Guelph.

[illegible] Spencer Busch and Boy Fisher of Buffalo, NY, crossed the finish line two full laps ahead of Joseph Demayer of Delhi, Ont, and Bill Dolan of New Jersey in the wind-up of a six-day bicycle race on Wednesday.

Racing Season Dimmed By New Dispute

TORONTO, May 12 (CP)—The two-buck bettor may be forced to keep his money in his jeans in Ontario this season—all on account of the one-horse trainer.

The province's racing season may halt next Saturday—when it's barely a week old—unless the horsemen can get together with racing authorities.

The Incorporated Canadian Racing Associations, which runs the sport in Ontario, has a policy licensing trainers only if they have two or more horses in their stable. The Horsemen's Benevolent Protective Association, which represents the trainers, wants the policy changed.

Last night the HBPA told James Heffering, ICRA chairman, the trainers wouldn't enter any horses for Saturday's card at Dufferin Park unless the one-horse ruling was lifted.

Heffering promptly replied that his office would be open to take the entries Friday—and that the rule would stand.

The trainers claim the one-horse rule deprives the small-time operator of a livelihood on the track.

Heffering says there won't be more than 16 or 20 men affected and that many trainers have taken a second horse under their wing to qualify for licences.

The ICRA chairman claimed last night that the ruling was designed to protect established trainers and the racing public.

Grove Boys Beaten

Confederation beat Grove 23-6 in a junior School Softball League fixture, riding home on an eight-run drive in the second stanza, with eight more tallying in the third and five in the fourth. Jim Hotson counted three Grove runs, as Wright got four for the winners. Teams:

Grove—Brown, 1b Hotston, cf; Druery c, Chesney lf, Lindsay p, A. Little 2b, Rowe rf, K. Little 3b, Heard ss.

Confederation—Jones c, Wright p, Macdonald 1b, Goldie 2b, Floyd 3b, Manley ss, Sloan cf, Chesher cf, Dolman rf.

Leafs Crush Syracuse In 5-1 Victory

By The Associated Press

Henderson Edward Wright, a lanky hurler who broke into organized baseball 11 seasons ago, is well on his way toward redeeming himself after his first losing year.

Wright pitched 23 victories and lost 15 games in 2½ seasons with Boston Braves. Then last year he was sent back to the minors, to Milwaukee of the American Association. He won nine but lost 12 and ended up below .500 for the first time since he broke in with Jackson, Tenn., in 1938.

This spring found Wright with Toronto Maple Leafs and he has lost no time in getting the jump on the International League's hitters.

He posted his fourth victory [illegible] night as To-ronto brushed aside Syracuse, 5-1. He struck out nine and walked only one as he let the Chiefs down on five hits. The only run scored against him wasn't earned. Ben Zientara of Syracuse doubled — the Chiefs' only extra-base blow —and scored when third-baseman Mike Goliat bobbled a drive by Sammy Meeks.

Baltimore loaded the bases with nobody out in the ninth inning at Rochester but couldn't do any damage against the relief pitching of Dick Bokelmann and lost the game, 6-4.

Montreal pushed across the winning run in the last of the ninth to edge Newark, 7-6 Lou Welaj's single produced the necessary tally.

Jersey City's game at Buffalo was postponed.

Scalpers Busy On Brandon Tilt

BRANDON, Man., May 12 (CP) —Scalpers will be in their glory again tonight when Montreal Royals and Brandon Wheat Kings clash in the seventh game of their best-of-seven Memorial Cup final. Royals now lead three games to two, with one contest tied.

With another sell-out crowd of more than 4,800 ready for the battle, scalpers are asking—and getting in many cases—up to $5 for regular $1.75 and $2 ducats from the hockey-mad fans here.

After a day of relaxation yesterday, both clubs are expected to be at full strength for what will be the final game if Royals win or hold Wheat Kings to a tie.

If Brandon wins, the eighth game probably will be played here Saturday night. No decision has yet been made as to whether the eighth game, if played, will continue to a final verdict if the teams are tied at the end of regulation play, or whether a ninth contest will be held.

THIS MAY BE YOUR LUCK on the opening day of pickerel fishing, Saturday, May 14. This fine fish made a meal for five people and the flavour is distinctive from other types of fish. Gourments say they prefer pickerel to any other.

Eagerly Await Opening Of Pickerel Season

By NICK NICKELS

With the disappointing opening of trout fishing now nearly two weeks behind us, the pickerel season will open at 12:01 a.m. on Saturday morning. Although some fishermen are predicting a poor starting day for them also, the results are very apt to be more satisfying. Pickerel fishing is for the man who cannot afford expensive tackle and in many cases has no car to take him to his favourite fishing spot. He does not need one for there are some of the best in the heart of Peterborough.

There is the Quaker Oats Company spillway, Auburn dam, the CPR Bridge, the Locks and even George Street Wharf. North along the Otonabee River is Nassau, at and below the several locks between there and Lakefield and the Lakefield Powerhouse dam. Still farther north are the dams at Young's Point, Burleigh and Fenelon Falls, to name but a few places. Those whose fancy takes them south of the city may try Bensfort Bridge, Wallace Point, and many spots around Hastings and east along the Trent River. There is also excellent fishing around Marmora and on the Crowe River.

The bag limit is six fish not less than 13 inches in length and all varieties of baits, except luminous ones, may be used. Minnows, worms, small plugs, artificial and natural June bugs may be used to good advantage. According to the Fist and Game Act pickerel may be taken from piers, dams, bridges and from shore-line points. You may also still fish from an anchored boat but may not cast from it although it is alright to cast from shore. Since pickerel surface to feed at night, and most experts know of this habit, they take advantage of lengthening daylight to make a full evening's sport of pickerel fishing.

Many fishermen are not fish eaters but all of them agree that fried pickerel fillets make one of the tastiest meals. Trout, bass and lunge have their very distinctive flavours but the abundant wall-eye finds favour among them all.

Washington Whips Detroit In Ninth Straight Win

By JACK HAND,
Associated Press Sports Writer.

Joe Kuhel, the amateur magician who manages Washington Senators, just pulled a ninth rabbit out of his hat.

Nine straight wins by any Washington club, especially the lack-lustre 1949 version, call for an explosive mixture of voodoo charms and black magic. Mr. Kuhel must be a pro.

There used to be days when Washington had a tough time hitting the ball out of the infield. Not now. They walloped Detroit, 11-1, yesterday with a five-run first inning against stubby Overmire.

Kuhel even used two pitchers. When Paul Calvert, pitching a one-hitter, developed a blister on his pitching hand in the fifth, he called on Dick Welteroth to take over from the Montreal fireballer. Detroit got only two more hits.

Eddie Robinson led the attack with a three-run homer and two singles.

The world champion Cleveland Indians, relieved of the Washington plague after losing three ball games, welcomed the league-leading New York Yankees. The tribe won 3-2 before 61,742 chilled customers. It was the top night crowd of the year, second only to Cleveland's opening day.

Tears Muscle

Bob Lemon tore a muscle in his side during his pre-game warmup and retired after walking the first man he faced. Al Benton, recently purchased from Sacramento, stepped in to stop the Yanks.

Boston Red Sox continued to find it tough going in the west as they were outscrambled by Chicago 12-8. The White Sox, another surprise party, tied an American League record by scoring in every inning with an assortment of 15 hits, five walks, a wild pitch, balk and four errors—three by Bobby Doerr.

Bill Wight, with relief help from Howie Judson, posted his third straight victory while Tex Hughson suffered his second loss. Ted Williams hit his seventh homer off Judson in the eighth.

Jack Graham bombarded Philadelphia's Bobby Shantz with two doubles and a single, driving in two runs and scoring two in St. Louis' 5-4 win over the A's. The little southpaw struck out nine Brownies but couldn't stop Graham. Karl Drews was the winner, despite homers by Sam Chapman and Eddie Joost.

Warren Spahn, pitching back to his 1947 form, pitched his second shutout and fourth straight victory for Boston Braves with a three-hitter against the St. Louis Cardinals, 7-0.

Cincinnati Reds finally stopped New York Giants after seven straight wins. Howie Fox did the trick, 4-2. The Reds, normally no fence busters, shelled Monte Kennedy from the box in the sixth.

Pittsburgh's rookie lefthander, Bill Werle, survived a ninth-inning uprising by Brooklyn to win a 5-3 decision.

Chicago Cubs ended Ken Heintzelman's four-straight win streak by coming from behind to [illegible] relieving Johnny Schmitz in the fifth, was the winner.

The Right Time

ANDERSON, S.C., May 12 (AP)—Doyle Nunnally, Anderson's left-fielder in the tri-state league, became a proud papa for the first time Tuesday night.

When he came to bat tonight the loudspeaker blared. "To Doyle Nunnally: Daddy, hit me a home run tonight. Signed Doyle Jr."

The crowd cheered. Nunally slammed one over the left field fence. It was his first homer this season.

Asks $1 Contribution

OTTAWA May 12 — (CP) — The Canadian Congress of Labor is asking members of its affiliated unions to contribute $1 apiece to back the congress' political action campaign in support of the CCF party, the congress said in a statement Wednesday. The 360,000 member congress has supported the CCF since 1943.

Reports Given On Safety Work

MARMORA, May 12—(ENS)— The monthly meeting of Deloro Safety Committee was held in the Electric Shop Tuesday afternoon under chairmanship of C. H. Buskard.

Five suggestions were reported by F. Gray for the Suggestions Committe. W. M. Regan gave a report of the Competitive Committee revealing that one suggestion had been given an award and that the Star had been won by the General Division.

Appointed For May

Activities of the Inspection Committee for the past month were recounted by C. T. Nicholson. E. Warren was appointed floating member for May.

R. E. Neal gave a report of the Publicity Committee and that of the Health and Investigation Committee was submitted by T. Cousins.

The chairman presented the monthly statement of the Benevolent Relief Funds. M. J. Corrigan gave a report of the Plant Bulletin. F. Everard and T. Cousins gave short talks on the Industrial Accident Prevention Associations recent convention in Toronto.

Quebec No Worry For St. Laurent

ST. ANDREW'S, NB, May 12—(CP). —Prime Minister St. Laurent, stepping into a 10-day campaign tour of the Maritimes, on Wednesday gave the supporters of his Liberal Party assurance that "you don't need to worry about Quebec" in the June 27 Federal election.

In his recent visit to the West, he told the Charlotte County nominating convention here, he had found fears that Quebec would swing its support behind some other party. He did not share that fear and had said so to party workers in the West.

Iceland Draws Many Canadians

WINNIPEG, — (CP) — When When Runa Johnson left Winnipeg 14 years ago to visit her sister Alla in Reykjavik, Iceland, she never expected to make her home across the ocean.

But during her visit she met and married Benjamin Einarsson —and there she stayed.

Mrs. Einarsson now is holidaying here with her husband and a friend, Miss Lilja Fridfinns.

"It's funny the way our family remains in Iceland once we visit there," said Mrs. Einarsson. "My sister Alla left Winnipeg to work for the Icelandic state broadcasting utility. Now she is Mrs. Gunnlaugsson and lives on a farm in Iceland.

"When I went to Iceland to visit, my future husband left for Winnipeg, and it was not until his return to Iceland that I met him."

He is a department manager in a store. His wife works for the Icelandic ministry of justice.

Minnesota's 1947 ore shipments totalled 62,131,362 tons.

Urges College Course In Log Engineering

QUEBEC, May 12 (CP)—University courses in logging engineering were recommended Wednesday at the 63rd annual meeting of the Engineering Institute of Canada by J. O'Halloran, chief engineer of Anglo-Canadian Pulp and Paper Mills, Limited, in Quebec.

"Since pulp and paper is now the largest single industry in Canada and the wood supply is of tremendous importance, it would seem reasonable to have special courses in logging engineering," he said.

The engineer described mechanization of logging operations which would bring employment of more highly-trained personnel and a higher standard of living among lumbermen, he said.

He said wages paid lumbermen have increased from an average of $26.88 weekly east of the Rockies in 1946 to $39.83 at present and wood supply in most cases has become the "largest single item of cost in the manufacture of paper."

MONK INVENTED CANNON

A German monk, Berthold Schwartz, is credited with inventing the cannon. Stones and darts first were used as projectiles.

Congress Takes Cautious Steps Toward Second Showdown On Bill

By GEORGE RONALD

WASHINGTON, May 12—(CP)—Congress is taking the first cautious steps toward another showndown on President Truman's civil right proposals.

The administration apparently hopes to regain some of the ground lost even weeks ago when filibustering Southern Democrats put the skids under the civil highs platform. Chances are slim, however, that the new test will come during the current session.

This is the picture, framed by a mass of "priority" legislation which may postpone full-scale civil rights action until next year:

1. A sub-committee of the House of Representatives is set to start hearings on a bill defining fair employment practices.

2. A Senate sub-committee has approved one anti- lynching bill and is studying a second.

3. Another house sub-committee has revived the annual move to abolish poll taxes as a prerequisite for voting in Federal Elections.

Going to be Tough

These cover three important features of Truman's Civil Rights program. But the going will be tough. Each measure must fight its way from subcommittee to committee to the floor of either the Senate or the House. Then it must win the majority approval of both legislative bodies.

Meanwhile, Congressmen are up to their ears in other matters. Pending in the Senate are major debates on the North Atlantic Treaty and the arms-for-Europe program, both of which may last several weeks. The House of Representatives is busy with domestic legislation and is squaring off for another time-consuming fight over repeal of the Taft-Hartley Labor Law.

Civil rights backers see only slight hope that a farther-reaching bill sponsored by Senator J. Howard McGrath (Dem. R. I.) will get attention this year. It is an "omnibus" measure which wraps most of the president's program into one package.

Proposes Commission

McGrath proposes a civil rights commission to keep a finger on the pulse of public opinion, a joint congressional committee to investigate discrimination and recommend legislation, plus new anti-discrimination powers for the Federal Bureau of Investigation.

His bill also would set heavy penalties for persons or groups jeopardizing a citizen's constitutional rights. It would end "Jim Crow" in Inter-State Transportation and would safegurad every individual's right to vote regardless of "race, color or previous condition of servitude."

But whichever bill does reach the voting stage—whether this year or next —it is virtually inevitable that Southern Democrats will try to smother it with a filibuster. Their battle-cry is that civil rights are a matter for individual states; they want no "federal dictation" in that field.

No Farm Surpluses To Sell–Gardiner

SIMPSON, Sask., May 12 (CP) Agriculture Minister Gardiner said Wednesday there is no truth in opposition parties' charge that the Liberal Government is losing Canada's foreign markets. Canada has no surplus farm products to sell.

"The British, American and other markets have taken all our surpluses at high returns," he said. "We could sell much more of mos farm products if we had them in surplus supply."

Get New Contract

TORONTO, May 12 (CP)—A new contract granting five extra statutory holidays with pay to the majority of Toronto's barmen was announced Wednesday. Under agreement between the Beverage Dispensers' International Union and the Toronto Hotel Proprietors' Association the minimum weekly wage scale remains the same — $34 for waiters in beverage rooms and cocktail lounges; $45 for tapmen; $55 and $60 for bartenders.

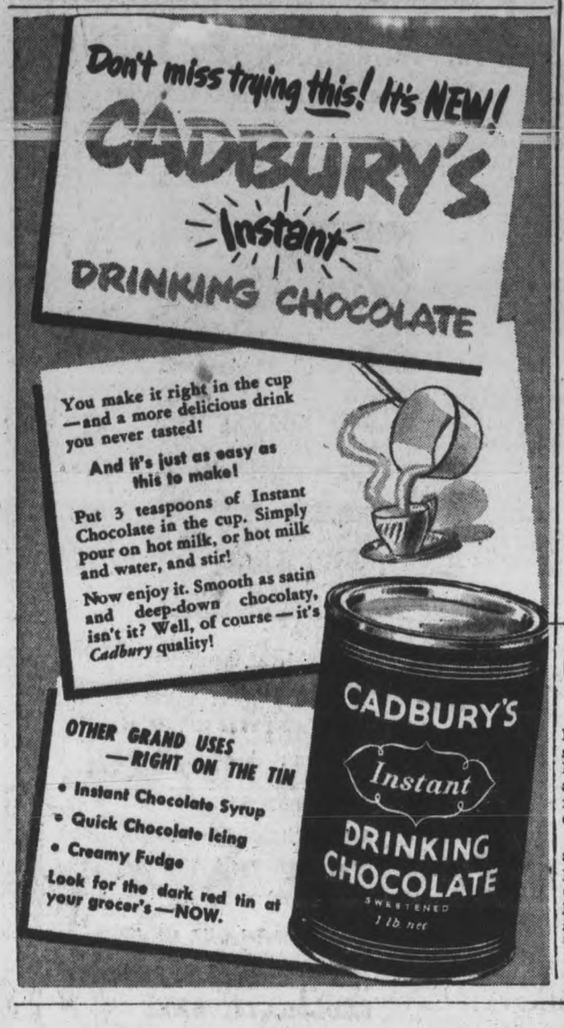
Sanitation Laws Being Supported

The standard of hygiene in Peterborough restaurants is on the up grade and the Sanitary Inspector, R. M. MacPherson, is "quite satisfied" with the standard of service. The sanitizing of utensils is done properly and dishwashing machines are kept in good working order, the inspector told the Board of Health Wednesday. There are now 89 restaurants and refreshment booths in the city.

During the past month the inspector has investigated 20 instances of insects and rodents invading city homes. He has helped families to overcome such pests as roaches, bed bugs, psuedo-scorpions, mites, lice and beetles.

The Property Committee of the Council has authorized purchase of a new automatic vapourising machine which is to be used in the market and other public buildings for the control of insects, as a deodorizer and for distribution of germicides.

WINGHAM, May 12 (CP)—Fire of unknown origin Wednesday destroyed the home of Mr. and Mrs. Murray Hardy, one mile north of Lucknow. Mr. and Mrs. Hardy and their five children, who were left homeless by the blaze, were away from the house at the time.



SAFE IN HIS FATHER'S ARMS, Douglas Walker, 11-day-old son of Mr. and Mrs. James Walker, Kitchener, is carried into the Hospital for Sick Children, Toronto, after an 80-mile race between the two cities. An 'Rh" baby, he needed transfusions to save his life.

Canadian Ship Leaving China

OTTAWA, May 12 — (CP) — HMCS Crescent, Canadian destroyer which was sent to the Far East in February to evacuate Canadian nationals if necessary, is returning to Canada, naval headquarters said today.

RCN officials said that the Canadian ambassador in China, T. C. Davis, had reported that "all Canadians desiring to leave have had ample opportunity to do so and that no useful purpose would be served by having the Crescent continue to stand by."

The Crescent was dispatched to China last Feb. 2 to be available to assist in the evacuation of Canadian citizens should that prove necessary, and has been in Chinese waters since then.

Now she will return to Canada to take part in the navy's summer training program.

Due as Esquimalt June 7, she will make refuelling stops at Kwajalein and Pearl Harbor, both United States navy bases.

TALK ROMANY

Approximately 500,000 people people speak the gypsy language.

Thinks Canada Should Order British Planes

LONDON, May 12 (Reuters)—Group Capt. George Ward, Conservative, in the House of Commons Wednesday urged Britain's Air Minster to draw the Canadian Government's attention to the "superiority of British fighter aircraft."

He was commenting on Canada's intention to manufacture an American type of jet fighter. Ward said he wanted to know what had been done to help British manufacturers compete for RCAF contracts, either by manufacture in Britain or under licence in Canada

This should be done, he said, both in the interests of earning dollars and of standardizing the equipment between the RAF and RCAF.

Geoffrey De Freitas, Air Under-Secretary, replied that the British liaison staff in Ottawa had never failed to bring the superiority of British fighter aircraft to the attention of the RCAF.

Every opportunity and encouragement was given to British manufacturers to tender when tenders were sought.

The type of aircraft to be used by the RCAF was a matter for the Canadian Government alone, he added.

The United States jet fighter, the F-86 Sabre, manufactured by North American Aircraft Company, is to be built under special licensing agreements for the RCAF, it was announced in April and the planes will be produced in Montreal. The Sabre holds the official world speed record of 670 miles an hour, set in September, 1948, at Muroc Air Base, California.

Elected Grand Master

NIAGARA FALLS, Ont., May 12 (CP)—R. E. Sampson of Windsor, Wednesday was elected Grand Master of the Grand Black Chapter of Ontario Loyal Orange Association. J. R. Young of Boston Creek is immediate Past Grand Master with S. W. Reesor, Toronto as Deputy Grand Master and A. S. Brooks, St. Catharines, as Associate Deputy Grand Master.

Just try it! You'll agree Libby's "Gentle Press" Tomato Catchup is as good as any you have ever tasted—perhaps better. It has all the sweet, rich flavour of choice tomatoes ripened in the sun, and it's spiced just right to wake up your appetite.

Libby's exclusive "gentle press" process is what makes the delectable difference. It gently presses the fine, red-ripe tomatoes to extract their choicest juice, finest flavour —avoids crushing bitterness from seeds or fibre. That's why Libby's Tomato Catchup has that famous, fresh-from-the-garden, "gentle press" flavour that has made Libby's Tomato Juice top favourite from coast-to coast in Canada. You'll find Libby's Tomato Catchup is equally delicious. Try it—let your own taste, and that of your family, be the judge.

Israel celebrated its independence day in Tel-Aviv with a two-day program of festion and an Israeli army parade which had to be called off when an excited crowd got out of hand. After waiting for hours for the grand military parade to march by, dejected after police had announced that the parade was cancelled.

India At Issue On Press Rights

LAKE SUCCESS, NY, May 12 —(CP) — India has decided to make an issue in the UN General Assembly against what was called "special citizenship" for press correspondents.

Mrs. Renuka Ray, Indian delegate, told reporters India would join Chile and Lebanon in moving an amendment from the floor to a proposed first world treaty on the international transmission of news and the right of correction.

The draft convention was approved by the Assembly's Social Committee Tuesday night by a vote of 27 ta 4 with 12 abstentions and seems certain of adoption when it reaches the Assembly, probably to-day.

Britain, the United States, France and other countries have hailed its guarantees against discrimination in the seeking of news and transmission across national frontiers as the "best achievable in the present state of the world."

Mrs. Ray said she felt there still was danger in a clause of the convention extending its guarantees to nationals of a contracting country employed by a foreign news gathering agency.

She said this would create a "special citizenship" class of such correspondents, who might be able to disregard their own country's laws and then call on a foreign country for protection.

Rob Truck Driver

TORONTO, May 12 (CP) — Police today were seeking an armed robber who held up a jewelry firm truck driver and robbed him of $100. The driver, John Pritchard, said he was held up on a downtown Toronto street Wednesday by a well-dressed man about 30 years of age. He was forced to drive to the western city limits.

Scales Flagpoles

TORONTO, May 12 (CP) — Burly Avard Totten, 36-year-old steeplejack who suffered a broken back while in the navy four years ago, now is right at home scaling flagpoles. Wednesday he took care of one of his toughest jobs, the 250-foot flagpole on the Montreal Trust building here.

Says Union Trying To Run Management

ASBESTOS, Que., May 12 (CP) —Lewis H. Brown, chairman of the board of Canadian Johns-Manville Company, Ltd., declared in a report published Wednesday that the real issue in the Asbestos Mines strike "is not wages and working conditions" but union demands 'to take over management rights."

Published in booklet form, in French and English, the report is addressed "to our customers and our employees and to those of the province of Quebec and Canada who are interested in understanding the real issues in this industrial relations dispute."

Following outbreaks of violence here last week, George K. Foster, vice-president of the company and mine manager, issued a statement in which he said radical union groups and imported agitators are supporting the strike which he described as against "the entire social structure."

Loses Stork Race

TORONTO, May 12 (CP) — Taxi driver Harry Hancock Wednesday lost a race with the stork, but not by much. The baby arrived seconds before the cab pulled up at the hospital door.

Customers' Corner

Thousands of women come to our stores every day to save money on their family food budgets.

But we are just as proud of the fine quality of our food as we are of our thrifty prices. For price without quality means nothing. It is the combination of low prices and high quality that builds A&P's great values.

That is why we have been able for many years to give our customers this guarantee: "If for any reason anything you purchase is not satisfactory, return it and your money will be cheerfully refunded."

Your advice and suggestions can help us maintain our high quality standards. You will be doing us a favor if you will let us know should the quality of the food you buy at A&P ever fail to satisfy you.

And let us know, too, if you have any suggestions as to how we can make your A&P store a better place to shop.

Please write:

Barbara Brent's BUYS AND WHYS
A WEEKLY INFORMATION SERVICE

LEAMINGTON, ONT., May 12th—Forty years ago this month, the *House of Heinz* installed their first Canadian kitchens at Leamington, Ontario. **1909** . . . the year when men could buy made-to-measure suits for as little as $5.14 and women could buy sateen petticoats, 42" long, for $2.00! **1909** . . . the year Heinz started in Canada and, from humble beginnings, expanded to an all-Canadian operation with 16 sales branches . . . and thousands and thousands of friends. Yes, the name Heinz is known wherever good food is appreciated! And so it is that this month your grocer—and grocers all over Canada—are celebrating HEINZ 40TH ANNIVERSARY with special displays of the famous *57 Varieties!* Look for your grocer's Heinz display when you go shopping tomorrow!

Something To Shout About! . . . that's what this daisy-fresh, delicious, nutritious HARVEST MARGARINE is! Yes, this new taste treat has all the quality of a truly fine food product . . . at prices your budget will take very kindly to! And that wonderful "Harvest" flavour . . . M-mmm! Your family will really "go for it"! Use Harvest Margarine as a spread for bread . . . taste its creamy goodness . . . then, I'm willing to wager—you'll be one of the thousands of "Harvest" enthusiasts! Look for Harvest Margarine in the fresh, white package with the golden "Harvest" . . . but be sure to shop *early*—for it's so popular—it's always sold first!

Yours For The Asking . . . and just 10c—is a wonderful way to give your hair gleaming, new beauty! All you do . . . send 10c to me — Barbara Brent, 1411 Crescent St., Montreal, P.Q.—together with your request for your special 30c bottle of the new KREML SHAMPOO! You'll love Kreml—for it does everything you've ever wanted a shampoo to do for your hair! It has a *natural oil* base so it positively will *not* dry out or break your hair. And besides leaving hair adorably soft and oh-so-easy to manage, Kreml contains an amazing ingredient called "Folisan" ®, which cleanses hair more thoroughly—yet gently—rinses out quick as a wink, leaving hair shiny with a gleaming, natural gloss! ***So send to-day for this special Kreml offer!*** . . . let your own eyes tell you how adorably soft and lovely your hair can be!

"To Put It Mildly", said a friend of mine . . . "I'm crazy about TENDER LEAF TEA BALLS!" Perhaps this doesn't sound like a "mild" statement to you . . . But I know what she means. Thousands of women are switching to the new improved Tender Leaf Tea Balls. They're Orange Pekoe at its tastiest . . . made from the little top leaves. So easy to serve . . . and so economical! Know what I discovered? I can get two cups of delicious tea from just one tea ball! Why not try Tender Leaf Tea Balls? I'm sure you'll find this brand has the flavour, body and everything you've ever wanted in tea!

Vegetables With A Touch Of Glamour! . . . Yes, you can now make tempting, beautiful dishes with left-over vegetables . . . this easy, easy way! Delicious vegetable salads—tasty meat loaves—shimmering jellied consommes . . . all so simple to prepare . . . so tempting to eat—when they're made with SHIRRIFF'S wonderful new product, SALA-JELL! All you do is add salad ingredients to Sala-Jell as it thickens. It sets to a clear, savoury, amber-coloured jelly in which fresh or cooked vegetables, meat, fish, chicken or eggs take on "glamourous" new appetite appeal! Believe me, your family will really love "left-overs" when they're mixed in the satisfying, "meaty" flavour of this new herb-flavoured aspic jelly mix! Ask your grocer for Shirriff's Sa'a-Jell tomorrow!

This Is No Joke To Mr. Moth . . . but a very happy "discovery" for *you!* LARVEX is the *sure* way to mothproof your clothes! Moths don't like it at all—in fact, they'll starve to death rather than eat anything treated with Larvex! And it's the *easiest* way I know to mothproof your woollens—coats—suits—dresses or rugs . . . simply spray it on! It actually mothproofs the cloth itself for a whole year. What's more, after you've mothproofed a garment the Larvex way—it's ready for immediate wear, as there's not the faintest tell-tale "moth-ball" odour. And it's *inexpensive* . . . costs no more to "Larvex" a suit than to get it dry-cleaned. Yes, once you've used Larvex—you'll always use this amazing professional mothproofing method, now available for home use.

Here's A Cooking Discovery! . . . a regular "treasure trove" of wonderful recipes . . . 75 in all . . . and all in the ***"Swift'ning Recipe Book". It's yours for the asking*** and one Swift'ning carton top! Simply print your name and address and send with the carton top to me: Barbara Brent, 1411 Crescent St., Montreal, P.Q. I'll send you your free copy of the recipe book—post-haste. It will make you hungry just to read it . . . recipes as good-sounding as Ham Rolls—Fudge Nut Cake—French Fried Onion Rings! M-mmm! And you'll enjoy cooking with SWIFT-'NING . . . the new kind of shortening! It's digestible, nutritious and so quick-mixing. Martha Logan, Swift's Home Economist, tells me Swift'ning makes the lightest cakes and flakiest pies imaginable!

Here's A Recipe that's *bound* to be a success . . . for its special ingredient is LIBBY'S EVAPORATED MILK—the milk that's *so rich it whips!* Libby's is pure, country-fresh milk with all the original cream left in and half the water removed . . . *ideal* for baking, cooking, every use! Try *this* Libby recipe:

PINEAPPLE MUFFINS

2½ cups flour	1 egg, beaten
5 tspns. baking powder	½ cup Libby's Evaporated Milk
½ tspn. salt	½ cup water
4 tbspns. sugar	1 cup well drained Crushed Pineapple
4 tbspns. melted butter	

Sift dry ingredients together. Combine butter, egg and liquids. Fold all ingredients together with as few motions as possible. Pour into oiled muffin pans and bake. Time for baking—about 25 minutes. Temperature for baking—400 deg. F. Amount—16 medium muffins.

Cheerful As An Early-Morning Robin! . . . that's what this crunchy breakfast cereal is! Yes, KELLOGG'S ALL-WHEAT is a cheery dish to start the day . . . a delicious dish and such a wonderful way to add extra whole wheat to your family's diet! So say women who treat their families to bowls full of All-Wheat at breakfast time! You see, All-Wheat is choice whole wheat magically transformed into toasty, crunchy flakes . . . ready-to-eat. Dish them generously — topped with sugar and milk . . . and fruit, to make a really "gala" dish! Made by Kellogg's in London, Ontario—you'll find this favourite breakfast food in grocery stores all across Canada! Ask for All-Wheat!

A Festival Of Color in the garden . . . a feast of color on the table . . . that's the picture in so many homes these fine days! For many homemakers find *economical* JELL-O Jelly Powders . . . all *seven* glorious "locked-in" flavors . . . are *perfect* for Springtime meals! Here's a favorite Jell-O recipe of mine: Hollow out the centre of cup cakes and fill with slightly thickened Jell-O in any of the gay red flavors—Cherry, Raspberry or Strawberry. Chill. At serving time garnish with whipped cream and chopped nutmeats. Your Jell-O Charlotte will be a huge success!

How Wonderful For Us that modern chemistry is doing so much to bring new beauty into our lives! It's responsible for beautiful and budget-wise, new fabrics such as celanese, nylon and all the acetate rayons. It's responsible, too, for All-fabric Tintex Tints and Dyes . . . the famous household dyes that are so effective with every fabric! All-fabric Tintex eliminates all worry and guess-work from home dyeing and it comes in an amazing variety of fashion-wise colors! Ask for All-fabric TINTEX at your drug, department or variety store and follow the directions on the package for guaranteed results. Only 15c a package!

Accidents Will Happen! But that spot on your new Spring suit will disappear in a jiffy when you use ENERGINE! Sounds like magic, doesn't it? Well, Energine Cleaning Fluid works like magic to remove grease stains from clothes and furniture fabrics. It does a wonderfully thorough job . . . yet it is absolutely harmless to fabrics of all kinds! It's so easy to use and cleans without leaving tell-tale rings. I always keep Energine handy at home and in the office, for I've discovered there's almost no end to the things it can keep clean! Just try it and see! On sale at drug and department stores for as little as 25c.

Baking A Cake for a bridge party—or a church benefit—or simply for your family's pleasure? Here's a wonderful icing for that cake of yours! Made with BENSON'S CORN STARCH . . . it's bound to do the cake justice! . . .

MOTHER'S CHOCOLATE FROSTING

1 (1-oz.) square, unsweetened chocolate, shaved	1½ tbspns. Benson's Corn Starch
2 tbspns. Crown Brand Corn Syrup	1/16 tspn. salt
1/3 cup granulated sugar	½ cup boiling water
	1 tbspn. butter
	½ tspn. vanilla

Melt chocolate in saucepan over low heat. Add Crown Brand Syrup and blend. Combine sugar, Benson's Corn Starch and salt and add to first mixture. Add boiling water and bring all to boil, stirring until sugar is dissolved. Boil gently until mixture thickens (3 to 5 minutes). Remove from heat, add butter and vanilla and blend. While frosting is still hot, spread on cake; in this way it will retain its sheen.

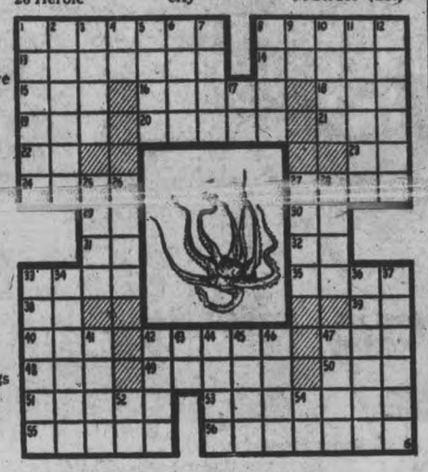
Answer to Previous Puzzle



Trailer Bylaw To Be Enforced

Families living in trailers on the corner of Fairburn and Wolsley Sts. east of Jackson's Park are contravening a city bylaw and were given notice to move before last Saturday. Four men living in the trailers attended a meeting of the Board of Health Wednesday but were told by chairman James Dutton that the bylaw will be enforced. Because the trailers were not moved by Saturday and are still on the site, court proceedings are being taken by the city.

Mr. Harris of Harris and Fair Construction Company, whose employees are living in the trailers while laying foundations for wartime houses, said he wanted to come to some arrangement with the Board whereby two of the trailers could remain on the site until the school summer holidays, to enable children of the workers to attend school nearby.

City Clerk E. Ouram explained that for the past nine years the council had resisted contravention of the bylaw, even when application had been made by Peterborough people who had been evicted from their houses and had nowhere to live.

"You fellows come here and think you can run rough-shod over everybody, Mr. Dutton told delegation. He said there had been complaints that the road had been blocked by these people.

Mr. Outram said the housing shortage in the city was so acute that people would put trailers in back yards if the city allowed them to do so, but fortunately, this city had been more successful than some in avoiding that sort of thing.

Mencken Says Movies Poor

By BOB THOMAS

HOLLYWOOD, May 12 (AP)—H. L. Mencken, who has said harsh words about movies in his long career in American letters, has become a film fan. But he still dislikes 'em.

Recently Variety noted that the famed Baltimore writer sought movies as entertainment during his illness. I wrote him for details.

Mencken has seen about 40 films during his convalescence, enough to convince him that most movies are trash. He thinks that some of the minor movies are fairly well done, but concludes that Hollywood films are bad.

The actresses are poor, he says; they all look alike and few have any talent whatsoever. On the whole, English films are better than American, he declares.

Here are some of the things he has enjoyed:

"So Dear to my Heart," "Pygmalion," Claudette Colbert in "Family Honeymoon," Olivia de Havilland in "The Snake Pit," Clifton Webb in "Mr. Belvedere Goes to College," "Little Women," Robert Ryan in "The Set-Up" and Mickey Rooney in "Words and Music."

Mencken believes when he recovers he'll see an average of three films a year.

Wins Essay Contest

TORONTO, May 12 (CP) — Kay V. Marshall, 13, student at Central Collegiate, in Moose Jaw, Sask., has won the Navy League of Canada's national essay contest, League headquarters announced Wednesday. Besides winning the League's diamond medal and other prizes, she and her school principal will be invited to visit the naval establishment at Esquimalt, B. C., and will get a sea trip in a Canadian warship.

GOODNESS KNOWS, WOMEN HAVE TROUBLE ENOUGH!

Everyday cares are burdens enough for women to shoulder without the added miseries of temporary constipation. That is why thousands of women turn to Beecham's Pills. This purely vegetable compound helps them—gently and pleasantly—to smooth, thorough elimination. It aids, too, in relieving the distressing gas which forms from accumulated intestinal waste—the cause of that stuffy, tired-out feeling. Take Beecham's Pills tonight, and help chase away needless constipation woes. Buy now at your druggist's.

Howe Will Answer Drew Plane Charges

ENGLEHART, May 12 (CP) — Trade Minister Howe said Wednesday that he is ready to answer George Drew's accusations concerning North Star airplanes before any tribunal or investigating body the Progressive Conservative leader chooses.

"We have yet to lose or injure a pilot or a passenger in a Canadair (North Star) plane," he told a meeting which chose Walter Little, Member of Parliament for Timiskaming for the last 14 years, as Liberal candidate in the riding.

Mr. Howe said the North Star plane had been developed toward the end of the war when the government thought it necessary to help establish an aircraft manufacturing industry.

Mr. Drew in parliament criticized the plane as costly and unsafe.

Bishops At Ceremony

KINGSTON, May 12 (CP) — Bishops of the Ecclesiastical Province of Ontario will be present today for the enthronement of Most Rev. John Lyons as Anglican Metropolitan of the Province. Most Rev. George Kingston, Primate of the Church in Canada, will preach the sermon. Officiating Bishops will be: Rt. Rev. W. L. Wright, Sault Ste. Marie, Bishop of Algoma; Rt. Rev. L. W. B. Broughall, Hamilton, Bishop of Niagara; Rt. Rev. R. Jefferson, Bishop of Ottawa, and Rt. Rev. A. R. Beverley, Bishop of Toronto.

Durham Maple Walnut Cream

D6S-49

Other Products—Bee Hive Golden Corn Syrup, St. Lawrence Corn Oil, Ivory Laundry Starch.

SAVES YOU MONEY

With Durham Corn Starch in the house, desserts are never a problem

RECIPE—Thoroughly mix ¼ cup sugar, 3½ tablespoons Durham Corn Starch, ½ teaspoon salt; slowly stir in 3 cups scalded milk. Cook over boiling water, stirring constantly, until pudding thickens; cover and cook, stirring occasionally, 8 minutes. Stir into 1 slightly-beaten egg yolk, then cook, stirring constantly, 1 minute. Cool to lukewarm, then stir in ½ teaspoon vanilla, maple flavoring to taste and ¼ cup chopped walnuts. Beat 1 egg white until stiff; beat in 1 tablespoon sugar and fold into cooled pudding. Turn into dessert glasses and chill.

The Durham recipes call for the kind of staple ingredients you'll have in your pantry. They're simple to make and the results are always delicious.

All the Durham pudding recipes call for plenty of milk, which means they are nourishing, wholesome desserts—the kind that children require.

The Durham box opens without ripping, tearing or cutting and closes neatly after use—no muss of fuss in the kitchen.

Durham CORN STARCH

Product of St. Lawrence Starch Co. Ltd.

GOOD ENOUGH TO EAT — Tasty millinery creations, dished up by master bakers instead of by Lilly Dache, were shown Tuesday by the Ontario Bakers' Association meeting in Toronto. This palatable morsel being modelled by Jean Gulliton is called "The Spooner," since it has a spoon sitting jauntily on the brim among a bouquet of candy roses. Other hats were made of candied flowers and marshmallow rabbits atop sailors and pillboxes of feathery cake.

2 New Chalets At Banff School

EDMONTON, May 12 (CP) — Two new chalets, first units of a projected million-dollar expansion program at the Banff School of Fine Arts, will open July 1, Donald Cameron, director of the department of extension for the University of Alberta, announced Wednesday.

The buildings will help accommodate an expected enrollment of 600 students from the United States and Canada when the school opens June 27. Designed as self-contained units, the chalets will provide classroom, lounge and recreation facilities for 150 students and dining room space for 400.

The two chalets to be completed this summer are provided by Mrs. J. H. Woods as a memorial to the late Col. J. H. Woods, pioneer newspaper man and distinguisher patron of the arts in Alberta.

Twelve leading artists from Canada, the United States and Britain will supervise courses in painting at the Banff school, including A. Y. Jackson, Toronto.

Writing courses will be climaxed by a ten-day writers' conference, featuring special instruction in radio writing by Mavor Moore, Canadian script writer and radio producer, and a course on novel-writing by Dr. W. G. Hardy of the University of Alberta.

Accommodate 350 Men

BURLINGTON, Ont., May 12—(CP)—Work camps are being built here to accommodate 350 men to be employed in building new transformers at the Hydro station at nearby Freeman. The transformers are part of the Ontario Hydro-Electric Power Commission's plan of conversion from 25-cycle to 60-cycle power.

I'm off the bottle.. on to RENNET DESSERTS!

Milk is made more readily digestible, more enticing to infants and children, when transformed into rennet deserts with Rennet Powder or Rennet Tablets and milk. Takes only a jiffy. DISCOVERY OF SARNAK MEDICINE OFFERS NEW RELIEF FOR THOUSANDS

TORONTO NURSE TAKES SARNAK FOR ARTHRITIS

Mrs. Bertha M. Perry, 1044 Lake Promenade, Long Branch Toronto, is highly respected in her profession of nursing. Mrs. Perry relieved a cruel case of arthritic pain by taking Sarnak; her letter to us is interesting. Mrs. Perry writes: "I have been a sufferer of arthritis for a long, time. It takes courage to live with arthritis. The pain seemed to creep up my neck and down my arms. My fingers were swollen, knees stiff. I would take as many as 10 to 12 A.S.A. Tablets a day but still suffered. I started taking Sarnak and in about a week's time I began to get relief. Arthritic pain made my life miserable bu now, thanks to Sarnak, I have found blessed relief from pain and sleepless nights."

Arthritic, rheumatic and neuritic pain, lumbago, gout, neuralgia, roughly speaking all belong to the same family of pain. Often a person suffers from not one but several of these painful conditions.

Nurse Perry spoke for all sufferers of this type of pain when she said it takes courage to live with arthritis, but there is hope. Daily we are receiving letters from people who tell us that they have had their first relief from pain by taking Sarnak medicine. While Sarnak holds out hope for you, will you go another day without trying it?

SARNAK MEDICINE SWEEPING COUNTRY

Mr. A. J. Allander of Simcoe, Ont., "For two years I was pretty sick with pains from shoulders to fingers. The pain was so great I could not close my hands: then I began taking Sarnak and by the end of the first week I was relieved of the pain and I don't feel it now. I truly believe Sarnak is a good medicine for kidney poisons."

Hamilton

Mr. Chas. McDevitt, 153 Cameron St. W., of Hamilton, writes: "I have tried many remedies in the five years I have suffered arthritis, and am grateful to you for Sarnak. I have only taken two bottles and I am perfectly satisfied with the results."

Walaceburg

Mrs. Fred Momney, R.R. 3, of Wallaceburg, Ont., writes: "I suffered with rheumatic pains and stomach pains for about three years. I tried many different things to get relief, then I started taking Sarnak. Sarnak amazed me, after only two bottles it has given me relief and I am sure with Sarnak I will continue to improve."

Oakwood Corners

Mr Gordon McGarry, R.R. 3, Oakwood Corners, writes: "I am a carpenter by trade and for the last seven or eight years have suffered with backache. I have taken all kinds of kidney pills but since I started taking Sarnak, I feel like a new man after only one bottle. I am on my second bottle now and my advice to anyone with backache is to try just one bottle of Sarnak."

Mount Hope

Mr. Paul R Beamer, Mount Hope, Ontario writes: "I think Sarnak is wonderful. I tried many remedies to get relief from constipation and backaches, but nothing seemed to help me. I started taking Sarnak, and it relieved my backache and started to make me regular. Sarnak is not disagreeable to take and its effect on the bowels is mild and gentle.

Toronto

Mrs. R. Homer, 404 Sherbourne St., Toronto. Ont., writes: "I had been troubled with high blood pressure and arthritis for about 8 years and some days the pain was so bad I could not get out of bed. A bottle of Sarnak was given me and by the time I had used half the bottle it had helped me great-[illegible] How have my [illegible] better.

Constipation Is Relieved After 25 Years — Also Had Anaemia

Mr. Wm. J. Overend, 23 Empress Cresent, Toronto, is well-known in the Hotel and Restaurant business in that city and writes:

"I took pills and laxatives for 25 years because of constipation and recently have been troubled with anaemia. After taking Sarnak for only four or five days my bowels stared acting regularly and I consider Sarnak very beneficial for the general relief it has brought me to my condition."

As Mr. Overend continues to take Sarnak he should receive even more relief to his condition of anaemia for Sarnak stimulates the appetite, makes possible increased intake of iron-rich and blood-making foods.

Good News

FOR SICK PEOPLE

Rheumatic, Arthritic, Neuritic Pains, Backache, [illegible], Nervousness, Sleeplessness, Headaches, Poor Appetite, Lack of Vitality, Constipation

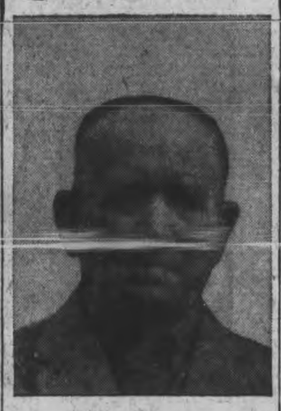
Regardless of how long you have been a sufferer and how many medicines you have tried before, you can now hope for relief if you try Sarnak, the new internal medicine. Feel and enjoy the results within one week after you start taking it. Sarnak comes from the earth—Nature's laboratory. Contains only Nature's botanicals and minerals, the oldest, most reliable remedy for rheumatic, arthritic and neuritic pain, backache, weak kidneys, stomach disorders, constipation. Individual ingredients in Sarnak have been used and recommended by the medical profession for years, now for the first time put together in this combination.

FOR THOUSANDS of years, ever since Hipocrates, the father of medicine, minerals and other natural medicines have been a reliable remedy for most of our common ailments. Sarnak will help enrich your blood; help to make you strong, full of pep, life and energy. If you suffer from nutritional anaemia, nervousness lack of vitality and energy, see what Sarnak will do for you.

AMAZING RESULTS

Medical records show 65% of men and women over 35 suffer from nutritional. mineral iron anaemia. When you feel nervous, dull, tired, lazy, have dizzy spells, no ambition to work or play, a poor appetite; when your eyes lack that bright sparkle and your mind brilliance; when headaches get the best of you and you feel old before your time, and life seems not worth living, with worry wearing you down; then that's when you may look, with hope for relief, toward Sarnak.

THOUSANDS of people are kept in daily misery with rheumatic, arthritic and neuritic pain, toss and turn in bed with racking pain; knees, legs, shoulders, arms and hands often swollen and sore. The analgesic properties of Sarnak are compounded in the medicine to bring you fast pain relief. Sarnak acts fast to bring relief from this type of pain because it is in liquid form; no tablets or pills to dissolve in the stomach. Sarnak starts its effective relief from the moment you swallow the first dose.



Stomach Is Upset After Meals

Mr. John Wyllie, R.R. 2, Orton, Ontario, a retired steel worker, 74 years of age and is quite active. Mr. Wyllie writes:

"For four years I suffered stomach upsets after eating and a kidney disorder that made it necessary to get up frequently at nights. After taking it for only 8 days your medicine Sarnak has surely helped me. Now I can eat a good meal without any fear of after effects and I am always ready for my meals. I shall continue to take Sarnak as it has given me a good deal of relief. I also do not have to get up nights as I once did. I wish Sarnak all success."

Mr. Wyllie is one of thousands of people who have lived an active life and who enjoy good general health but suffer from just one or two symptoms that spoil an other wise pleasant existence. Sarnak helped Mr. Wyllie and stands ready to help you.

117 TAKE SARNAK 105 REPORT RELIEF

Actual Survey In Western Ontario Proves Sarnak A Welcome Medicine

During the early winter of 1949, the Sarnak Company advertised to find people who were suffering from arthritic, neuritis or rheumatic pain, lumbago, lame back, kidney and liver upsets, stomach disorders and constipation. People, who replied to this advertising, were furnished with free medicine. A careful abulation and check was made on all people taking Sarnak during this test. At the end of the survey, it was discovered that out of 117 people who took the test, 55 reported relief within one week, 41 within two weeks and 9 within three weeks a total of 105 people out of 117 who had relief from their suffering after taking Sarnak for three weeks.

What Sarnak was able to do for these people, it should do for you. Remember, no two individuals react exactly the same to most medicine. It took you longer than one week to get in a condition of ill health and it will probably take you longer than one week to be relieved. Take Sarnak fairly and regularly and we are sure that you will be relieved of the aggravating pains of rheumatism, neuritis and arthritis; that lumbago, backache or lame back will be relieved; that non-operatives type kidney and liver disorders will be relieved; that regularity will be restored to the bowels; that gas, sour stomach, indigestion, heartburn and stomach ache, neuralgic and migraine headaches will be relieved.

Sarnak has helped restore men and women of all ages to a better happier, healthier life, and it may help you if you give it the chance.

Neuritic Pain In Arm — Kidney Trouble, Backache, Getting Up At Night

Mr. L. J. Appleby, Hensall, Ontario, writes. "I was troubled with neuritic pain in my arm, during the night and my backache necessitated my getting up frequently at night. I tried several remedies and did not seem to improve. I started taking Sarnak and after the first bottle I slept better, did not have to get up during the night and my bachache was relieved. My wife who suffered stomach upsets also obtained relief to her trouble by taking Sarnak. Sarnak has helped us considerably and I will certainly recommend it to anyone suffering as we did."

Mr. and Mrs. Appleby are one of the many husband and wife combinations who both find relief from their suffering by taking Sarnak.

Stomach Pain, Rheumatic Pain and Swelling of Hands

Mr. L. R. Gore, Belle River. Ontario, is a well-known salesman in that district. Mr. Gore writes as follows:

"For many years I suffered from severe pain in my stomach and nothing I took seemed to do me any good. Three days after I started to take Sarnak, I had complete relief from the pain but even from the first dose of Sarnak, my pain began to ease. My wife also started Sarnak for her rheumatic pain and swelling of the hands and she is equally loud in her praise of Sarnak for the relief it has given her from aggravating pain."

Sarnak often begins to bring relief to stomach upsets or gas conditions right from the first dose. Rheumatic conditions, of course, take a little longer.

Rheumatic Pain In Arm So Bad Could Not Sleep

Mrs. Annie Ferris, 51 Cameron Street North, Hamilton, writes: "I feel it is my duty to write you. I suffer with rheumatic pains in my arms. For over a year this pain was so bad and I was so miserable I could hardly speak nicely to anyone and was up nearly all night with the pain, walking around, trying to tire myself out enough to sleep. Finally I started taking Sarnak and within two weeks what a difference! No more walking at night, no more unpleasant attitude toward my family. I feel so much better. I wish you every success and sincerely hope other people will derive as much benefit from Sarnak as I have. I've told all my friends about it."

Pain is hard enough to endure during the daytime, but when it continues into the night and robs one of his sleep, it is doubly hard to endure.

Feel Much Improved

Mrs. N. S. Foster, 29 Queens Ave., Leamington, Ont. writes:—

"I am very pleased to say that I am improved very much since taking Sarnak. I had suffered with rheumatic pain in my back, hip joints, feet and ankles for a year and a half. By the time I had taken Sarnak for ten days my back was much better, also my ankles and feet and the swelling had gone down. Before taking Sarnak I also suffered with a stomach condition and I am very grateful that Sarnak relieved this condition also."

Mrs. Foster took Sarnak faithfully, never missing a dose and was rewarded with relief within ten days. Remember always, it takes longer than a few days to get sick and it will probably take more than a few days to obtain relief.

LETTERS TO SARNAK EXPRESS GRATITUDE

Unsolicited Testimonials of People Relieved of Their Ailments

The picture above will give you some idea of the volume of mail we receive from people who have found relief from their suffering by taking Sarnak. These letters are happy letters. . .happy, because the writers in some cases have found their first relief from pain and sickness. . .happy for us, because we are gratified at having a medicine such as Sarnak that is proving so effective in the relief of pain and discomfort. Going through our mail, there are unsolicited testimonials from every town and city in Western Ontario.

DO YOU SUFFER FROM ONE OF THESE CONDITIONS?

If So, Sarnak Should Bring Relief

Pain

Rheumatic, Arthritic, Neuritic, Neuralgia, Backache, Lumbago, Gout, Headache.

Stomach Upsets

Indigestion, Heartburn, Belching, Gas, Bloat, After-Eating Distress, Dizzy Spells. Bad taste in the mouth or Bad Breath, Stomach Cramps.

Kidneys and Liver Upsets

Getting up often at night, Scalding or Burning Urine, Backache, Billiousness, Kidney Poisons.

General

Constipation, Nervousness, Jumpiness, Irritability, Unsound Sleep, General Run-Down Condition, Lack of Vitality.

Sarnak is able to bring relief to the above conditions because it works systemically on the stomach, liver, kidneys and bowels.

Sarnak assists Nature in eliminating poisonous wastes by the kidneys and bowels, and contains a combination of analgesics or pain-relieving ingredients that work fast to relieve pain.

Sarnak is a new formula, a combination of medical ingredients never before offered in one medicine. Sarnak is bringing relief to thousands of other people and it should help you.

Go to the Sarnak Druggist Agent in your community and buy Sarnak today. Write us, tell us how you are getting along, of the relief you are getting and how Sarnak effects you.

Eat What You Want When You Want—Sarnak

A big meal of meat, vegetables, pie and other foods gives many people a satisfied feeling, while to others it brings discomfort. Some people can eat onions, garlic, turnips, other strong or highly-spiced food and have no unpleasant after effects, while others suffer indigestion, gas on the stomach, heartburn, fullness, bloat, pains in the abdomen and an unpleasant taste in the mouth

If your digestion is such that you must pick and choose your food, perhaps Sarnak may help you as it has helped hundreds of other people. Sarnak directly assists the stomach, liver, kidneys and bowels to function normally and regularly.

MRS H. HOLMES
59 Colborne St., Brantford

Mrs. H. Holmes, 59 Colborne Street, Brantford, Ontario, suffered with upset stomach, kidney disorder and irregularity and rheumatic pains Mrs. Holmes writes:

"I hadn't been feeling well for several years. I have tried several different kinds of medicines but never got very much relief from any. I was very nervous, tired out before I started the day never caring to go out and didn't take much interest in life. I had a dull ache in the back of my neck sometimes lasting three days and could not eat a meal without bloating and having shortness of breath and I was very irregular By the time I had taken my first bottle of Sarnak, I began to feel like a girl again, relieved of upset stomach and that tired-out feeling. Sarnak also brought me relief of a kidney condition I had suffered for a long time. Thanks you for all your medicine has been able to do for me."

Mrs. Holmes is one of many hundreds of people who have been able to obtain relief from digestive upsets, kidney disorders, rhuematic pain and irregularlies by taking Sarnak.

How Long Do You Take Sarnak?

Well, the chances are that it took longer than a week for you to arrive in your present state of health and it will most likely take longer than a week for you to get well! However, many people report relief one day after taking Sarnak, others take a week. In most cases it is desirable to take Sarnak for a period of six to eight weeks for maximum benefit.

PCVS Cadets Keen, Steady, Inspecting Briagdier Finds On Annual Corps Review

Brigadier Geoffrey Walsh, CBE, DSO, Commander Eastern Ontario Area expressed his "amazement" at the work, energy and keenness shown in the annual inspection of the PCVS cadet corps Wednesday afternoon. He was addressing the corps and spectators after the demonstrations. "From the start", he said, "there was absolute steadiness in the ranks. This is the first thing every inspecting officer looks for. The whole cadet training program is planned to make better citizens, to teach the boys their duty as good citizens to their country. To be a good citizen you have to give some of yourself to your country."

"The only thing wrong with the inspection was the cadets' shoes were not shined," said Capt. R. C. Graves, Eastern Ontario Cadet Training Officer. "But one look at my own shoes revealed the dust on them was the same kind as on the shoes of the boys. This cadet corps was chosen the most efficient last year. From the demonstration today I can see no place where it has slipped."

This has been a magnificent show," said C. S. Browne, principal of the Collegiate, commending his pupils' parade.

During the inspection the concert band of PCVS led by Albert Croasdale, played several selections. The corps then marched past the reviewing stand in column of platoons. After an advance in review order, the flags were marched off.

Battle Tactics Demonstrated

Then followed a demonstration of company and platoon drill, and an ack-ack gun and predictor display, with guns trained on Venture aircraft flying from 5,000 to 6,000 feet up. The aircraft was supposed to be bombing the Western Clock Company. The cadets were trained by the staff of the 50th Heavy AA Regiment, RCA, with which the Collegiate corps is affiliated. The Ventura aircraft was sent from the RCAF field at Trenton.

As the anti-aircraft display was being completed, other cadets brought out trees and started a fire. They were to be an enemy machine gun site. Vyrtle Sisson, dressed in rough clothes, carrying a chicken under his arm, pretended to be a collaborator. He traded the White Rock chicken for cigarettes. He wore Dutch wooden shoes brought home by his uncle. Other cadets acting as an attacking force under cover of pine boughs and smoke bombs, advanced on the gun position. Wounded men were cared for by First Aid men. Finally the enemy was routed from their position and fled. Blanks were used in the Bren guns and rifles, which made the "battle" seem almost real.

Stripping off their tunics, shirts and ties the cadets did a mass display of PT. In nearly perfect unison the cadets did pushups, relay races and knee straightening exercises. The bugle band, directed by Albert Croasdale, impressed the large crowd of spectators with its smartness and clear playing.

Awards Presented

The Strathcona Trophy, awarded annually each year, was won last year by PCVS cadet corps. Capt. Graves presented the trophy to Cadet Lt.-Col. George Coros. The trophy, awarded to the best battery by the 57th Regiment Chapter, IODE, was won by "A" battery. Mrs. C. M. Scott, regent of the Chapter, presented the trophy to Cadet Major Al Northcott on behalf of the battery. Mrs. G. H. Cutmore presented the IODE shield for the best troop, Troop No. 9, to Cadet Lieutenant Len Puliver. Cadet Lieut. Ronald McGill received the trophy for the best shot in the school from Brigadier Walsh.

From the square which had been formed for the addresses and presentation of trophies the boys went on the usual downtown route march. Refreshments were given the boys in the gym.

Guests on the reviewing stand were Lt.-Col. M. E. Clarke, E.D., O.C. 50th H.A.A. Regt., PWR, and Mrs Clarke; G. K. Fraser, M.P., and Mrs. Fraser; Mrs. Harold Scott, wife of the Hon. Harold Scott, Ontario Minister of Lands and Forests; Major J. R. H. Morgan, and F. C. Astury, inspectors of secondary schools; K. S. Wightman, superintendent of schools in Peterborough; Mrs. G. H. Cutmore of 57th Regiment Chapter, IODE; Dr. C. M. Scott and Mrs. Scott, who is Regent of the Chapter; Frank Jobbitt, chairman of the Board of Education; Hon. Lt.-Col. Rev. W. J. Gilling, M.B.E.; Mrs. Gordon Hall and Principal and Mrs. C. S. Browne

Commanding officers in the Cadet corps were Cadet Lt.-Col. George Coros and Cadet Major Donald Armstrong.

Major Frank Klenavic, G.O.C. representative and D.A.Q.M.G., Central Command, accompanied Brigadier Walsh and Capt. Graves to the inspection.

Racket In Cars Echoes In City, Toronto Arrest

Provincial police have unearthed a new car racket in Ontario with one of its outlets in Peterborough. John Reid, 38, of Toronto was arrested by Toronto police on Tuesday on four charges of purchasing Toronto cars for small downpayments and selling them in Peterborough, Oshawa, Forest Hill and London. He pocketed the full sales price and left the trusting dealers holding the bag.

Another racket in the same field is the renting of a drive-yourself cars and selling them in another city. The operator works for a week in each city before he moves to another centre to set up his shady business where he is not known.

The arrest of Reid has started a police investigation as complaints from Ontario motor dealers are being received daily.

CORNERSTONE OF NEW ST. JOSEPH'S HOSPITAL wing was laid at a short ceremony on Wednesday afternoon by His Excellency Bishop Gerald Berry. Members of the St. Joseph's Hospital Board, Sisters of St. Joseph and laymen were in attendance. Shown above with Bishop Berry are John R. Corkery, chairman of the Board, and His Worship, Mayor Max J. Swanston.

—Examiner Staff Photo

One-Hour Limit Be Enforced For All Raffles

George St. merchants are beginning to get somewhat irked over the mounting number of raffles of cars, boats, etc., being conducted in front of their premises, the Examiner learns. In many cases, it is claimed, vendors of tickets on these prizes are violating the one-hour parking ban by not moving on to some other location when the first hour is up.

Chief of Police John W. Thompson, when asked, said that his department had not received any complaints, but he indicated that he had heard of unofficial complaints being made outside. He said that he had given orders that the one-hour parking limit must be strictly obeyed in future.

The chief also said that in future only Peterborough organizations would be allowed to carry on this practice. He stated that one outside organization, which had sought permission to sell tickets on a car, had been told to "move on" this week.

The Examiner has been informed that in at least one recent case a raffle prize car was parked for a whole day in front of one particular business establishment.

Masonic Lodges Plan Annual Church Parade

Annual Masonic church service of lodges of Peterborough District is to be held in the George Street United Church on Sunday evening. Masons are to gather in the basement of the church auditorium at 6.45.

R. W. Bro. James Semple, minister of the church and Grand Chaplain of Grand Lodge in Ontario, will be the preacher.

MAIN ST. TOPICS

FIRE SYSTEM BOOSTS RATE

Brampton's $24,000 fire alarm system accounts for most of the six-mill boost in the Brampton tax rate to 47 mills this year.

LOST LICENCE PLATES

City Police station is becoming a home for lost car licence plates. Already 14 stray plates have accumulated since April when the 1949 licences became operative.

PIPES OVERHEATED

Firemen answered one call on Wednesday. That was to the residence of H. Coombes, 639 Stormont St. where a case of overheated pipes was reported.

CCF CANDIDATE

Arthur Williams was nominated Wednesday night as CCF candidate in Ontario riding in the June 27 federal election. He has held the seat since a by-election last June.

HEAR BELLS

Jingling bells on George Street Wednesday afternoon reminded pedestrians that Christmas is only 30 weeks away. A cutter with tiny bells was on a load of lumber on a truck heading north.

TURN ON LIGHTS AND WATER

One of Peterborough's most beautiful tourist attractions, the Filtration Plant Fountain, is now working. This early start is nearly two weeks ahead of openings in previous year.

MAY NAME THREE

Ald. Dick Raine is hoping to have the deliberations of the last two or three months end in the council meeting Monday night with the appointment of an industrial commission of three members.

ACTED AS USHERS

Ushers for the nurses' graduating exercises at St. Joseph's Hospital were six boys of St. Peter's High School, Jack Kenneally, William Duignan, Terry Wolff, Michael Fitzpatrick, John Mahoney and John McCarney.

HEAVY TAX PAYMENT

Oshawa taxpayers contributed $669,100 in current and overdue taxes in the first instalment period this year ending April 15. This is the largest instalment payment in five years. The city's expected collection is $1,226,922 of which $9,552 is unpaid arrears. The remaining $1,217,370 is this year's levy.

PC CANDIDATE

Richard D. Arnott, former mayor of Belleville and one-time member for Hastings West in the Ontario Legislature, was nominated Progressive Conservative candidate for Hastings South in the federal election June 27. George H. Stokes, a Progressive Conservative, who held the seat since 1940, retired.

A SPRAYER OR FOGGER?

Dr. R. A. Kelly, Medical Officer of Health, and members of the Board of Health were to-day comparing the merits of a sprayer and fogging machine for controlling insects. The Board is purchasing a new machine for use in the city, but has not yet decided whether it will be a sprayer or fogger. Demonstration with a sprayer was seen in one of the city parks to-day.

TO ATTEND MEETING.

The newly organized North Hastings Tourist Association will hold its first meeting in the Hotel Bancroft at Bancroft on Wednesday, May 18, at 2.30 p.m. The meeting will be attended by James F. Fraser, manager of the Peterborough Chamber of Commerce, who will advise the members on policy matters. Membership embraces resort managers within a radius of 50 miles of Bancroft. Art Tompsett is provisional president.

NAME PALLBEARERS

Pallbearers at the funeral of the late Mrs. M. Cantwell, 148 London St., were A. Johns, T. Hatley, D. Lewis, D. Kennedy, J. Anderson and T. Scriber. The funeral was from the Kaye Funeral Home at 2 p.m. Wednesday, the Rev. W. Greenwood of the Full Gospel Pentecostal Church, Peterborough, officiating. Burial was in Little Lake Cemetery.

LEGION DOWNS CGE

Led by the play of Clute and McKane who made a perfect score for six games, the Legion Crib Team on Wednesday night defeated the visiting CGE team by 312 points. Final score was Legion 6206 and CGE 5894. The three top-scoring combinations were from Legion—Clute and McKane 726, Anderson and Pakenham 718, and E. Amyotte and J. Dionne 714. Top duos for CGE were W. Hurst and R. Blair 680 and Davies and Mortlock 677.

New Library's Books, Colors Impress Guests

Members of City Council and the Board of Education as well as other interested Civic officials had an oportunity on Wednesday night to inspect the new branch library serving the south end. It is on the second floor of Jobbitt's Hardware, Park Street South.

It is a 50 by 20-ft. room divided into two parts—one for boys and girls and the other for adults. On February 25 it was open to the public and now it is completely finished and officially open. It already shelves 2,500 to 3,000 books.

A civic grant of a little more than $1,500 was made for fitting and $1,000 for books. The supply of books has been augmented by substantial drawings on the main George St. library.

K. S. Wightman, chairman of the Library Board and William Graff, chief librarian, showed the civic dignitaries around. No formal addresses were made.

New Editions

The visitors were greatly impressed by the fact that about 80 per cent of the books on the shelves were new editions and it was observed that the main library had not merely sent down its cast-off editions.

A permanent collection of children's books is being built up, and in the adult class the emphasis is on books dealing with hobbies, housing, carpentry and trades generally.

The library has fluorescent lighting and the shelves are painted a red tile color in the adult section. In the children's part bright colors predominate.

Hours the library will be open are: 2-6 p.m. and 7-9 p.m. every week day but Wednesday. Mornings will be given over to visits from the six primary schools in that area: Confederation, May's, Grove, King Edward, St. John's and Sacred Heart.

Mrs. J. Henderson is the librarian.

Alderman A. B. Burrows was the only city council member present but the Board of Education was represented by Mr. Wightman, A. E. Borland (in a dual capacity as member of the Library Board and the Board of Education), Frank Jobbitt, W. E. Bansen, and A. Pitchford.

Asparagus Crop Hard Hit By May Frost

Asparagus, beets and the bloom on early strawberry plants were gardening casualties of the weather's drop of 60 degrees this week.

Harold Doig reported 70 per cent loss of his asparagus crop at the south end of Monaghan Road Tuesday night.

"We began cutting last week and had taken off about 420 baskets each of two dozen bunches of asparagus, but the sharp change in the thermometer Tuesday night hit us hard," Mr. Doig said. "It was 28 degrees at 6 o'clock Wednesday morning, and that's what did the damage."

Mr. Doig was expecting to resume cropping Friday, but this morning's probabilities indicated not much change, with frost in the northern section of the Hali- [illegible] Trenton.

John Kitney's beets are a complete loss and the flowers on the early strawberries were blighted in the cold dip Tuesday night.

Forced Growth

"That unseasonable heat last week made the early crops vulnerable," Mr. Kitney said. "It forced growth, and I was afraid we could not depend on that warmth continuing. Our beets showed quite heavy tops for this time of the year. They were an expected casualty when the weather turned early in the week. So, we have to mark them off on the loss side, and while the damage was done by the frost, that excessive heat spell of several days gets some of the blame."

Herb Doig took a chance with some early cucumbers. He was almost certain that they would not escape the vagaries of rises and dips of May weather, and he was prepared for the worst. His cukes were not an expansive planting. They shrivelled up and died Wednesday.

Obituary

MRS. WILLIAM G. STARK.

NORWOOD, May 12 (ENS) — Laura Bell Fogle, widow of William G. Stark of Chatham, Ont., died at the home of her daughter, Mrs. W. G. Barrie, Norwood, on May 5. Mrs. Stark, who was in her 80th year, had been in ill health for some months and had come to Norwood last October.

She is survived by three daughters, Mrs. Harold Horning (Evelyn) of Whitby; Mrs. W. G. Barrie (Laverna) of Norwood, and one brother Victor Fogle, of Los Angeles, California. Her husband and one son, John Stark, Agricultural Representative for Peel County, predeceased her several years ago.

A service was held at the Barrie home on Friday evening, conducted by the Rev. E. E. Pugsley of Norwood. Interment took place in Chatham on Saturday, with service in charge of Dr. Scott M. Fulton of the First Presbyterian Church, of which Mrs. Stark had been an active member. Pallbearers were: J. C. Stewart, Robert Wilson, Frank Weaver, John Ball, Charles Bowers and John Forsythe, all of Chatham.

MEETING POSTPONED.

The meeting of the Garage Operators' Association with a committee of the City Council's Finance Committee, slated to be held Thursday night, has been postponed to Friday night. The matter of night time gasoline sales for the benefit of the summer tourist traffic is the purpose of the meeting.

Thanks For Financial Aid Expressed At Laying Of Hospital Corner Stone

In laying the corner-stone of the new wing of St. Joseph's Hospital Wednesday afternoon, Most Rev. J. G. Berry thanked the citizens of Peterborough for the financial aid granted by the city council during the mayoral term of W. G. Ovens. The simple and brief ceremony was attended by Mayor M. J. Swanston; Rev. P. P. Butler, assisting Bishop Perry; a representative group of Roman Catholic men of the city, and by members of the staff of the hospital with Sister Superior Priscilla occupying the background.

Following a dedicatory prayer, His Excellency blessed the corner stone bearing the inscription "This stone was solemnly blessed and laid on May 12, 1949, by His Excellency the Most Reverend Joseph Gerald Berry, DD, Bishop of Peterborough."

The stone was lowered into its corner position by a winch, and [illegible] was performed by Bishop Berry and Mr. Arthur Faulknor of Hamilton, a foreman of the Pigott Company construction staff.

Ancient Custom

Bishop Berry said the laying of a corner-stone dated back many centuries. "His Worship the Mayor has reminded me how old it is. St. Paul referred to Christ as the corner-stone, indicating that the ancients used a corner-stone in tying together two walls. So, here today we are laying this corner-stone as a symbol of the solid tying together of the walls of this new wing of the hospital."

THANKS EXPRESSED

(Continued on Page 27)

Dr. Albert E. Cliffe Will Conduct Mission

Dr. Albert E. Cliffe, consulting chemist and Anglican layman of Montreal, whose spiritual counselling has brought health and happiness to hundreds will be in Peterborough next Monday to lay plans for the forthcoming Mission, June 12-19. Special meeting of the Ministerial Association will be held Monday afternoon.

For almost two years Dr. Cliffe has conducted lessons in living, Bible classes in St. Columba Church, Montreal, with an attendance of nearly 1,000 each Sunday afternoon.

Last night Dr. Cliffe addressed a large gathering in St. James' Cathedral, Toronto. Just concluded a Mission in Cornwall. He has conducted several Missions in Christ Church Cathedral, Montreal, with capacity audiences representing every denomination.

Condemned Hut Re-occupied; Board's Quandry

Although the small one room building at 535 Howden Ave. was placarded as condemned and unfit for habitation after a family moved out recently, another couple has moved in. The new tenants, Mr. and Mrs. W. Brady, are now established in what Sanitary Inspector R. M. MacPherson described to the Board of Health Wednesday as a one roomed shack with no water, light, or toilet, and a leaking roof.

The Board of Health, by whose authority the building was condemned, is now faced with the problem of evicting the couple, who, Mr. MacPherson says, "have no intention of moving."

James Dutton, chairman of the Health Board, said it was time some public body was given authority to pull down a building as soon as it was condemned as unfit for habitation. While he held firmly to the view that the Board's authority must not be flouted, and was determined to get couple out of the house, he remarked on the difficulty of the situation in which homeless families found themselves.

May Abolish Job

TORONTO, May 12 — (CP) — A recommendation of the city's special fire committee to abolish the position of city fire marshal, now held by Sam Hill, was passed by the Board of Control Wednesday. The recommendation will come before city council next Monday for a final decision. It followed a two-month controversy over fire prevention jurisdiction within the city fire department.

George Street Church Club Presents Three-Act Play

By GORDON BAILEY

The Mr. and Mrs. Club of George Street United Church presented a brisk domestic comedy Wednesday night in the church hall to aid the YPU summer camp building fund.

"Everybody Works But Father" in three acts that ran for 120 enjoyable minutes was well received by an appreciative audience. The entire action of the play takes place in the living room of the Ashton household in a medium-sized town. From the dialogue, one gathers that father Ashton was a shiftless chap who failed at one job after another and in desperation left home for parts unknown to his wife and two children. When the play opens the boy and girl are grown up. They and their mother have jobs and seem to be getting along quite well. Mother's brother is a domineering but highly successful razor manufacturer who apparently was instrumental in father leaving home. He suggests that mother come to live with him and offers the chidren the security of his home if they will forget their wayward father. This the family refuses to do, and when a spinster lady, a friend of the family, returns from a trip to a distant city with father, the family is happily reunited.

This arrangement doesn't suit their wealthy uncle who insists on father leaving again. But pop comes up with a cheque for $10,000 for a new type of razorless shave cream he has invented. Uncle is foiled and mother and the children realize what a hard-working man father is after all. Eventually father sells his "Wipe-Off" the shaving cream to uncle for $50,000 when uncle's razor business starts to dwindle. Through a clever ruse pop calls the deal off and as the curtain falls he is heading for a $100,000 business with his formula.

The play is well staged and the dialogue bright and clearly spoken. Olive Howden as the mother and Ted Hucks as father both turned in a splendid performance. Martha Wardlaw as the spinster did an excellent bit of character work, Evelyn Hamblin was a charming daughter, Bill Buckley was too mature for the part of the precocious young brother but he did well with his lines. Frank Morton as Uncle Roger had a difficult part but handled it capably. Bob Healey as the Socialist awaiting the revolution carried his part exceptionally well. Lloyd Wells supplied the love interest with daughter Dale, while Jeanne Walker did a fine piece of work as a social climber. Comedy relief was well handled by Jan Morton as a maid in the household and Ruby Brown fitted her character as the "girl-next-door."

Quirt McKinney directed the piece. The lighting was good, as was the setting. It was a refreshing comedy handled by a group of married folks in a blithe manner.

CITY-WIDE FREE DELIVERY

70 Students Act As Guides

By RAE CORELLI

HALIFAX, Ma 12 (CP)—Seventy Dalhousie University students, aspiring vendors of Halifax charms for the city's 200th birthday next month, are getting a preview of their wares.

The students gathered Wednesday night for the first of three lectures aimed at qualifying them as tourist guides. Nearly half are co-eds and for their services vacationers will pay $1 an hour.

The set-up, sponsored by the University's Personal Services, [illegible] and the harried bicentenary committee.

Two authorities have donated their time to the project They are R. N. Hattie of the Nova Scotia Historical Society and C. Bruce Fergusson of the Nova Scotia Archives.

Mr. Fergusson Wednesday night plunged back into British history. He came up with a brief sketch of Privy Councillor Lord Halifax, from whom the city gets its name.

"Good idea to have this information and be able to put it across," he injected.

President of Federation

LONDON, May 12—(Reuters)—Sir Robert Sinclair, chairman of the Imperial Tobacco Company, Wednesday night was elected president of the Federation of British Industries, succeeding Sir Frederick Bain.

THE HOME FURNISHING VALUES OF A LIFETIME!

Navy Develops New System Of Wire Service

OTTAWA, May 12 (CP) — A new navy communications system stretching from coast to coast and virtually eliminating the use of commercial land telegraph lines by the senior service was announced today.

The navy has begun installation of new microwave radio equipment at key points in its nation-wide communications chain and the new system is expected to be in operation early this fall.

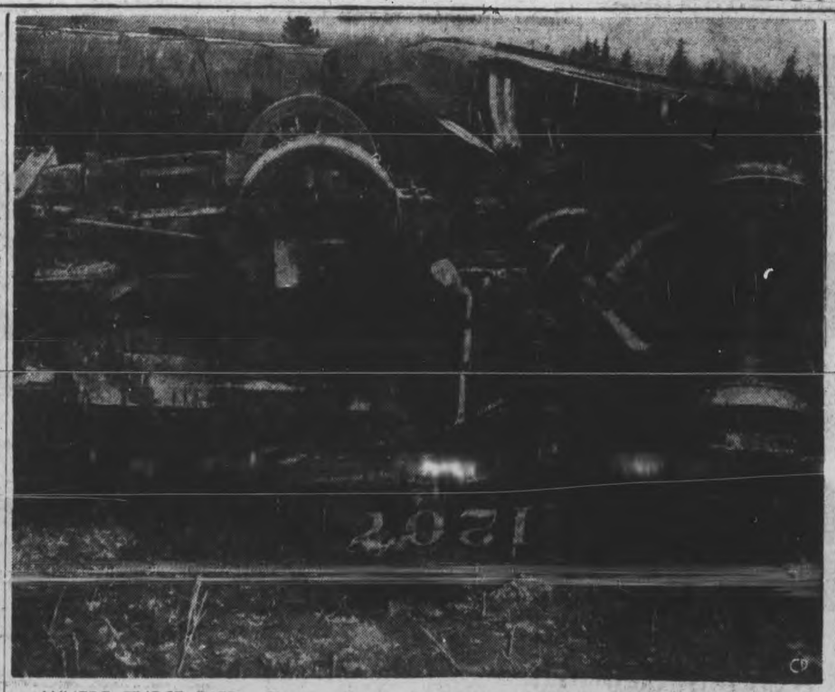
The microwave links, developed and tested by the RCN, are being installed between the naval radio stations at Albro Lake and Newport Corner, NS; Aldergrove and Sumas Mountain, BC, and naval headquarters and the naval receiving station at Gloucester, Ont., 18 miles south of Ottawa.

Only land cables remaining in use in the Navy's system after the new unit are completed next fall will be between command headquarters at Halifax and Esquimalt and their inland receiving stations and between naval headquarters and its transmitting station at Orleans, Ont., 12 miles east of here.

The link between Ottawa and Gloucester will be a microwave wide-band frequency modulation system, first of its kind in Canada. It is expected to start operation this month.

The other two links will use microwave equipment of a slightly different design already used commercially across the Northumberland Strait between Prince Edward Island and the mainland.

To operate the new equipment, 200-foot towers will be constructed at points between which the system functions. Radio waves are transmitted in a direct line between the towers.



WHERE THREE DIED—Three railwaymen lost their lives when a Winnipeg-bound Canadian Pacific Railway passenger train was derailed near Gwynne, Alta., in the worst railway disaster in the history of that province early this week.. Two of the men died in the cab of the overturned locomotive, shown here, which buried itself five feet in the ground. A third crew member died of injuries in the hospital. The bodies of engineer Harry Williams and fireman R. A. Upper, both of Edmonton, were still in the locomotive when this photo was taken.

Fractures Girls' Jaw

TORONTO, May 12 (CP)—Neils Strangholt, 31, a Danish immigrant who came to Canada last year, Wednesday was fined $50 or 15 days for fracturing Zena Hollyoake's jaw and knocking out three teeth. He admitted assaulting the woman because, he said, he suspected another man was calling on her.

LARGE-SCALE PANHANDLING

Begging was so rampant in Paris in the 1650s that its streets were "worked" daily by some 40,000 professional beggars.

3 Brothers Reunited After Seven Years

TORONTO, May 12.—(CP). — Three brothers who parted in 1942 in a recruiting depot in Fredericton, N.B., were re-united yesterday. Edmund Boucher, 42, who came to Toronto looking for "some of the family," found Meddy, 46, and Clors 44, working in the Sunnybrook Veterans Hospital here.

Meddy said he had written Ottawa after the war looking for a trace of Edmund but failed.

The father and another Boucher brother are in Toronto and three sisters and another Boucher are in the Martimes.

Declared Innocent

WINDSOR, May 12 (CP)—John Brugge was declared innocent of manslaughter Wednesday by a Supreme Court jury. Brugge was charged with manslaughter following the death Jan. 15 of cyclist Robert Holt. Holt was killed on a downtown street when struck by an automobile.

Mrs. Newman Heads H and S

CAMPBELLFORD, May 12 — (ENS)—Mrs. A. C. Newman was chosen president of the Home and School Association at the monthly meeting in the high school auditorium Wednesday night. Mrs. W. C. Tatham and Mrs. H. Hendershot were elected vice-presidents; Mrs. Frank Davey, secretary; Mrs. Bill Donald, treasurer; and Rev. W. J. Lennox, Mrs. Don Meyers, Mrs. W. W. Baker and Mrs. Jack Clark executive members. The immediate past president, Mrs. Sid Hopping, installed the new officers.

Pupils of the public and high schools under the direction of Mrs. Jack Clark and Miss I. Stephens with Mrs. George Nicholls at the piano, gave a preview of the vocal numbers which they will render at the music festival in Colborne.

Mrs. Wesley Stephens presented Mrs. Sid Hopping with the past president's pin.

CANADIAN FASHIONS — Bride wears original white French silk marquanza gown encrusted with Alencon lace over strapless satin slip. Fashioned on Grecian lines with wide U-neckline, it has slightly dropped shoulder line and very full sleeves caught in cuff of lace below elbow with lace encrusted on three tiers of skirt undulating towards back forming a train. Bridesmaid's gown of similar material is over ice blue satin while flower girl wears miniature type of frock over rose taffeta.

Fraserville News

Mr. and Mrs. Sanderson of Lindsay were week-end guests at the home of Mr. and Mrs. R. K. Earle.

A special Mother's Day service was held Sunday afternoon combining the Sunday School and church services with Miss Constance Wagar of Peterborough as guest speaker. Lottie Ball's class occupied the choir seats.

Mr. and Mrs. R. F. McIndoo and family motored to Port Perry on Sunday and spent the evening with the latter's parents, Mr. and Mrs. J. H. Sanderson.

Those from Fairmount taking part in the one-act play at Springville on Friday night were Margaret Earl, Myrna Seymour and Roger Hanbidge.

Mrs. Jas. Seymour was a visitor to Lindsay on Sunday.

Group Meets

Mrs. C. Hurl entertained the members of Group 8 of George St. Church WMS at her home on Tuesday evening.

Mrs. H. R. Lancaster was in charge of the devotional period and opened with a poem. The scripture was read by Miss Florence Marshall and Mrs. Gordon Marshall led in prayer.

An article on christian stewardship was given by Mrs. Lancaster. The study book chapter "Christian Citizens in Training" was given by Mrs. C. Hunt.

Mrs. H. Nichols and her committee were in charge of the refreshments.

IODE Serves Tea Following Cadet Inspection

57th Regiment Chapter, IODE, served tea Wednesday afternoon in the officers' mess at the Armouries following inspection of the PCVS Cadet Corps. The guests included officer, teachers, wives of teachers, members of Board of Education and their wives and cadet officers.

Receiving were Mrs. C. M. Scott, Mrs. M. E. Clarke, Mrs. M. J. Swanston, Mrs. C. S. Browne and Mrs. H. A. Craig.

Candles and flowers on the tea table were red, white and blue. The bouquet was of carnations and iris with stephanitis, in a silver bowl matching the high candelabra, on white damask cloth.

Tea cups were filled by Mrs. G. H. Cutmore, Mrs. C. E. Newman, Mrs. P. Latchford and Mrs. T. D. Miller.

Mrs H. Hughes, general convener was assisting to serve with Mrs. D. J. Eldred, Mrs. S. Gibbs, Mrs. J. Dobbin, Mrs. F. Watson, Mrs. C. Gilders, Mrs G. Groombridge, Mrs. H. Dodds, Mrs. E. Graham, Mrs. F. Trape, Mrs. R. Payne, Mrs. G. Langhorne, Mrs. T. Skinner, Mrs. T. Griffin and Mrs. F. Merrett.

Victoria County Pupils Graded

Victoria County Music Festival came to a thrilling climax in Cambridge Street United Church, Lindsay, on Saturday when 35 Rural School Choirs joined in the singing of the unison song "Sunrise" by Arthur Edward Johnstone, under the direction of Mr Harry Hill, Adjudicator. For this event the audience was sent to the gallery, the choirs filling a large part of the body of the church. After each choir had sung the song, Mr. Hill gave them a few minutes "warming up" exercises, and then the song was recorded as it was sung by the massed choirs. The record will be used at the final concert.

This event was part of the "New Look" taken on by the Victoria County Music Festival this year, under the guidance of the president, Mr. Roy Neville. The most significant and sweeping change was in the system of marking. All participants were given a grading of excellent, good, fair or below average. No placings of 1st, 2nd, 3rd, were given, although some groups and soloists were chosen to represent their respective classes at the final concert which will be held in Cambridge Street United Church, Lindsay, on Friday, May 13. Scholarship winners will also be declared among those showing outstanding ability.

All three adjudicators expressed satisfaction in this marking system and a general absence of tension and tears was very noticeable throughout the Festival.

The Adjudicators were: Pianoforte—Mr. John Hodgins, ATCM, Reddick, Toronto.

Vocal, Choral and Band—Mr. Harry Hill, BME, Supervisor of Music, Ottawa Public Schools.

Music.

Verse Speaking—Miss Jeanette

Clear Your Skin

If ugly, disfiguring blemishes, Pimples Eczema, Itching, Scaly Skin, Psoriasis, Acne, Blackheads, or Red Blotches embarrass you try Nixoderm tonight. Now—She Doesn't Feel Tired The Way She Used To
...And WHAT a Difference In Her Figure and Pep!

The pepless, exhausted feeling, common to many women, is often due to low blood count. Lack of sufficient red corpuscles, resulting from iron deficiency, may be robbing your body of vital oxygen. And you must have plenty of oxygen to help explode your energy and give you "going power".

Get Dr. Williams Pink Pills today. They are world-noted for the help they give in increasing the number and strength of red corpuscles. Then with blood count up, most people regain that glorious feeling of health and energy that gets them out of the old rocking chair into the activities they need to help restore a youthful, fit appearance. Don't delay—ask your druggist for Dr. Williams Pink Pills at once.

Coronation Baby

Peterborough's only coronation baby is celebrating her birthday today. She is Mary, Georgina Elizabeth James of 182 Adeline St., daughter of Mr. and Mrs. Morley James, who is 12 years old today.

A party will be held on Saturday from 2-4 p.m. with school friends invited.

Her three names are Mary Georgina Elizabeth in honor of the Queen Mother, the King and the Queen.

✧ ✧ ✧

Group Meeting

District 7, WMS, George St. United Church, was entertained Wednesday evening at the home of Mrs. E. L. Sackville, 22 Maria St., with Mrs. Reynolds presiding. Scripture was read by Mrs. Sackville and Mrs. Townsend led in prayer. Bill Ingall favored with a guitar solo and Mrs. Thompson gave a reading, "My Two Canadian Mothers."

Miss Sylvia Pedak was a guest of the evening and gave a very inspiring and enlightening talk on her experience in Estonia before coming to Canada.

Mrs. Brown voiced the appreciation of the group to all taking part and the meeting closed with Mizpah, after which a social hour was spent with Mrs. Sackville and Mrs. Townsend serving refreshments

✧ ✧ ✧

George Street WMS

The afternoon Auxiliary of the WMS of George Street United Church met in the Board room Tuesday afternoon with a fair attendance.

Mrs. E. Brown, after opening the meeting read an interesting article dealing with the various countries of the world and their relationship to Empire Day celebrations after which the National Anthem was sung.

Temperance secretary, Mrs. McMillan gave information on the success of the Temperance Federation work.

Every member was urged to be ready with their articles for the sale at the Spring Tea being held on Wednesday, May 18.

Mrs. Powers, leader of District No. 5, presided for the devotional part of the meeting. Mrs. A. M. Weldon gave the scripture lesson. Prayer was offered by Mrs. E. Cox. Two chapters of the Study Book were portrayed by several ladies of the group, Mrs. H. Foote, Mrs. J. W. Kelly, Mrs. J. Bickle, Mrs. Malcolm McIntyre Mrs. E. Latimer, taking a part.

Musical selections by Mrs. R. Bullock and Mrs. G. D. Marshall added much to the spirit of the meeting.

Mrs. W. P. Purdy presided at the piano.

The meeting closed with the Mizpah benediction.

Sorority Holds Pledge Banquet

About 40 members of the Beta Sigma Phi Sorority recently held their semi-annual pledge banquet in the Kawartha Room of the Empress Hotel.

Senator Iva Fallis was guest of honor. She brought greetings from the Winnipeg Chapter of the Sorority and told the members of her visits to other Chapters across Canada.

Senator Fallis was introduced by Miss Mildred McIntyre.

Mrs. Marion MacRae of Ottawa, also a guest, told of the Sorority's city council work there.

Mrs. Rita Lambert welcomed the pledges into the Sorority. Mrs. E. McWilliams replied. Mrs. E. Hiland gave a resume of the history of Beta Sigma Phi and stated it was a non-academic, social and cultural organization.

A toast to the parents was proposed by Mrs. J. Doherty and Mrs. W. Grey proposed another one to teachers. Miss McIntyre, president, read a message from Walter W. Ross, founder of Beta Sigma Phi on its 18th anniversary.

The banquet was arranged by Mrs. R. Lambert, Miss Joan Rahmal, Miss Mary Clifford and Mrs T. White.

At the head table were Miss Moira Whalen, Mrs. Maurice Holt, Mrs. G. S. Cameron, Miss McIntyre, Senator Fallis, Mrs. Connie Caccavella, and Mrs. Lambert.

"The psychoanalyst says it's just a natural ambition to be in command of his own ship . . ."

Charles Waters Marries Vancouver Girl

The marriage was solemnized recently in St. Andrew's Roman Catholic Church, Vancouver, of Miss Joyce LaPorte, daughter of Mr. and Mrs. Frank LaPorte of Vancouver, and Charles A. Waters, son of Mr. and Mrs. Edward Waters of Peterborough and formerly of Norwood, at a double ring ceremony.

The bride wore a white satin gown which featured a hoop skirt and a bodice fashioned with an inset yoke of net. The gown also had a trailing veil of soft chiffon falling from a coronet of lily-of-the-valley and orange blossoms. Her only ornament was a strand of pearls, gift of the groom, and her bouquet was of American Beauty roses and gardenias.

The bride's sister, Mrs. William Longbottom of Seattle, Washington, was matron of honor. She wore a frock of rose taffeta with matching veil and carried a bouquet of white roses and iris.

Bridesmaids were Miss Diane Yardley and Miss Helen Rattray, who wore gowns of pale pink taffeta and carried bouquets of calla lilies and roses.

Flower girls were two little nieces of the bride. They wore pale blue taffeta dresses and carried baskets of spring flowers.

Best man was the groom's twin brother Paul of Salmo, and his nephew, Patrick Waters, was ringbearer.

After a wedding breakfast attended by members of the immediate families of the bride and groom, a reception was held.

The couple travelled on their honeymoon to points in the United States. On their return they will reside in Penticton, B.C., where the groom is employed.

Miss M. Fowley Is Given Shower

Miss Marjorie Fowley, Bethune St., to be married May 21, was guest Monday at a personal shower given in her honor by Mrs. S. Trude and Mrs. J. Buller at their residence on Simcoe St.

Games were played and refreshments were served at the close of the evening. Among those present were: Mrs. R. G. Long, Mrs. M. Fowley, Mrs. H. Long, Mrs. R. Gunn, Mrs. E. Goodwin, Mrs. R. Scott, Mrs. H. Searle, Mrs. J. Quinlan, Mrs. V. Crowley, Mrs. S. Buckton, Mrs. A. Murphy, Mrs. M. Sexsmith, Mrs. D. Buller, Mrs. E. O'Brien, Mrs. P. Voyer, Mrs. F. Sargent, Mrs. G. Hughes, Mrs. H. Braithwaite, and Misses Nan Pitchford, Hazel Darling, Jean Fowley, Doreen Buller, Betty Murphy, Nan Scollard, Isabel Miller, Jerry Allen, Marjorie Hayes.

Those who sent gifts but were unable to attend were: Mrs. K. Long and Mrs. Herb Long.

PRODUCTION UP

In 1948 11,501,000 pairs of shoes were produced in Holland compared with 11,216,000 pairs in 1947.

ALMOST UP TO THEIR EYEBROWS in traditional leis, Adm. and Mrs. D. C. Ramsey wave goodby to friends in Honolulu as they prepare to board a plane for Washington. The admiral retired as head of the U.S. Pacific Fleet and was elected president of the Aviation Industrial Association.

Kawartha Ladies Complete Layette

A layette has been completed by the Ladies' Auxiliary, Kawartha Police Association, and it will be presented to the Salvation Army for some family in need. This was announced at the May meeting of the Auxiliary held at the YMCA Wednesday night.

A chesterfield set draw was made by Mrs. H. E. Bonisteel and it was won by Bert Fife of Indian River.

Refreshments were served at the conclusion of the meeting by Mrs. Douglas Farthing, Mrs. Geo. Shaw, Mrs. Vern O'Donahue, and Mrs. Price Morris.

The June meeting will also be held in the YMCA, it was announced.

Mrs. J. Jewison Hostess to WA

Mrs. Jeffrey Jewison was hostess to the members of the Women's Association of Bailieboro United Church for their meeting.

Upon completion of the business session, the program for the afternoon was opened with a reading by Mrs. A. Watt, "To Mothers". Scripture readings and prayer were given by Mrs. R. Kidd, Miss Clara Seens, and Mrs. James Lewis. Two solos by Mrs. Kidd and Mrs. B. Heywood added to the enjoyment of the afternoon. A poem, "Somebody's Mother" was read by Mrs. Charles Dawson, followed by a song "What a Friend We Have in Mother" by the entire gathering.

At the close of the meeting a lovely lunch was served by the hostess, assisted by her committee, after which the members adjourned to the lawn where a sale of spring plants completed the afternoon's activities.

Mrs. George Close Hostess for Tea

A tea to finance a later contribution to the church was held on Wednesday afternoon by the Grace United Women's Association at the home of Mrs. George Close, 473 Arndon Ave. A large attendance was reported.

Mrs. Alan Cameron, president, and Mrs. Close received at the door. General conveners were Mrs. E. Almack, Mrs. Close and Mrs. M. Jackson, assisted by Mrs. D. Sayers and Mrs. Drury.

Mrs. Eric McKinstry and Mrs. H. Corner served. Assisting in the kitchen were Mrs. E. Ireland and Mrs. R. Williamson.

Those pouring tea were Mrs. G. Todd, Mrs. J. Bailey, Mrs. E. W. Rowland and Mrs. W. Harrison.

The centrepiece was a composition of snapdragons and roses.

PCVS Librarian Addresses Mothers' Auxiliary

The pleasures of reading were described on Wednesday night by Miss Genevieve Fowler, librarian of PCVS, guest speaker at the Trinity Baby Band Mothers' Auxiliary. Approximately 50 members were present to celebrate the 11th anniversary of the Auxiliary. The meeting was held in the church.

Miss Fowler urged her audience to find time for reading even though their days may seem too crowded for this luxury. She cited Winston Churchill as a case in point. Mr. Churchill has had to carry the burdens of state on his shoulders for many years, stated Miss Fowler, yet he still finds time to write and indulge in his painting, his favorite hobby.

She followed up her description of Churchill's two volumes of war memoirs—The Gathering Hour and Their Finest Hour—with a brief resume of a variety of books.

Members found her interpretation of the first chapter of I Captured The Castle, by Doddie Smith, particularly interesting. It describes the life of an eccentric family in a draughty old castle.

Other books she outlined were John Gunther's Death Be Not Proud, a recounting by the author of his son's struggle for life against a brain tumor. The youth eventually died. And she sketched the familiar story of This Is My Choice, by Igor Gouzenko, the ex-Russian cipher clerk. This book she highly recommended.

For those interested in poetry she suggested Viscount Wavell's "Other Men's Flowers," a work of beauty and inspiration. She closed her address with a quotation from Samuel Johnson: "Those who do not lead have nothing to think and little to say."

The attention of the ladies was centered on the tea table which was decorated with apple blossoms and tall white tapers. Eleven blue candles topped the birthday cake which was iced with pink frosting. Mrs. S. D. Carver, honorary president, had the honor of lighting the candles.

Mrs. H K. Fallis and group were in charge of the meeting Mrs. C. McIntyre and Mrs. O. Jamieson assisted in the worship service.

Graduating Class Given Dinner

About 80 were present on Wednesday night at the entertainment and dinner in honor of the Civic Hospital Graduating Class of 1949. The event, held at the Kawartha Golf and Country Club, was sponsored by the Supervisory Nursing Staff.

A dance that followed was given by the Student Nurses' Association.

Special guests were Mr. and Mrs. J. R. Marshall, Dr. and Mrs. G. S. Cameron, Mr. and Mrs. John Hornal and Mr. and Mrs. Walter Perry.

Tables were decorated with spring flowers and there were anniversary place cards and favors for the graduating class.

Several novelty dances were held with prizes awarded to the winners.

GOING TO PICK UP A CAR for a customer, Harold Williams, Memphis, Tenn., parking lot attendant, finds it already occupied by a huge swarm of bees. The surprised Williams left this particular parking problem to more capable hands.

Norwood News

Mrs. Wilfred Throop is spending a few days with her parents, Mr. and Mrs. W. W. Thompson, Arden.

Weekend guests of Mr. and Mrs Harry Morgan were: Mr. and Mrs. William Mulligan, Bobcaygeon; Mr. and Mrs. Frank Gibb and small daughter of St. Catharines.

Mrs. Robert Baker, Mr. and Mrs. Harry Baker, Mrs. Ross Baker and son Paul were Sunday guests of Mr. and Mrs. Jack Longworth in Lindsay.

Mr. and Mrs. Donald Baker and daughters Joan and Donna Marie of Richvale, were guests of Mr. and Mrs. Roy Baker on Saturday. On Sunday the latter's guests included Mr. and Mrs. Deane Baker and children Dennis and Doris of Peterborough, and Mr. and Mrs. Bobbie and Linda.

DOROTHY DIX

Single Man Deserving Too Often Unappreciated

Dorothy Dix

DEAR MISS DIX: Please say a few good words for bachelors, soemthing along the line of the tribute you paid paid not long ago to old maids. Or do you feel that we are a form of animal life whose only utility is being the major source of husbands?

J. E. P.

ANSWER: I assure you, J.E.P., that it gives me a great pleasure to lay my heartfelt tribute of gratitude at the feet of the men who are the most envied and the most pitied, the most coddled and the most criticized, the most imposed upon and the least thanked of all the human race.

When we count our blessings we are bound, in honesty, to realize that the bachelor is one of God's choicest gifts to us, yet not ony do we fail to show a proper gratitude and appreciation of him, but we resent his very existence. We urge all single men to marry, yet we can't abide seeing a bachelor playing golf of an afternoon at the club, while the married man trundles Junior around in his go-cart.

There are many theories concerning why bachelors stay bachelors, the most popular one being that they suffered broken hearts early in life. Another belief is that the lovelorn youth was too shy to pop the question. Still another explanation that is offered for a man staying on the safe side of the altar is that he is more in love with the lady on the dollar than he ever is with any woman.

Victims of Families.

But the real truth of the matter is that, barring accident and lack of the romantc instinct, the reason that most bachelors have never married is because they have been the victims of their families. A tyrannical old mother who would not cut her apron strings; a ne'er-do-well father; and children who needed an education have made many a man kiss love goodbye and shut the door on his dream of having a wife and children and home of his own.

All that many an old bachelor lacks of being an angel is his wings and his transportation ticket to Heaven. God bless him.

✧ ✧ ✧

DEAR DOROTHY DIX: Does a wife ask too much of her husband when she begs him to do the wishes ONCE a day? I do office work all day long, come home at noon and get our dinner, go back to work, and at night the dishes are still dirty. I have to wash them before I can get supper and do them again afterwards, besides doing the rest of the housekeeping.

My husband refuses to do a hand's turn of work. He just sits around all afternoon and reads, because he does not have to go to work until 4 o'clock. Since I help him earn the money, should not he help me out a little with the housework?

A NEW BRIDE.

✧ ✧ ✧

ANSWER: I can't think of anything that would make a bride pack up her clothes and go back to Mother quicker than to find out that she had married a man who treated her like a galley slave instead of a Lady Love. Most young husbands' romance lasts long enough at least to get to the kitchen sink, and as yours has fallen short of the dirty dishes it is time for you to read the Riot Act and call for fair play.

No cookee, no washee, no eatee. As long as a wife works outside of the home as well as in it, and brings home a pay envelope, she has a right to demand that her husband should do his share of the housework.

✧ ✧ ✧

DEAR DOROTHY DIX: I am a girl, aged 12, and I am having trouble with my boy friend, Bobby. I feel as if he is getting further and further away from me. What is your advice?

LONELY GIRL.

✧ ✧ ✧

ANSWER: My earnest advice is that your mother turn you across her knee and with her good right arm give you a lesson on how a kindergartener should behave that you will never forget. Or, perhaps, it is your mother who needs the spanking, for surely no mother who is on her job will let her little 12-year-old child indulge in love affairs. Nothing is so sweet and beautiful as an innocent little girl, and nothing so repulsive as a sordid little creature who apes the vices of her elders and who is old and blase in experience before she is of age.

✧ ✧ ✧

DOROTHY DIX cannot reply personally to readers, but will answer problems of general interest through her column.

"Well, darling, if you're so sure that a well thought out publicity campaign can make people do anything why don't you go first?"

Claims Splashes of Color Needed in Home Decorating

By DOROTHY ROE

NEW YORK, —(AP)—Women in the United States at present are at the mercy of a lot of fuddy-duddy decorators digging up the dead remains of the past and filling their homes with ferocious gadgets.

So says Elizabeth Banning, a young woman from out of the west, who has been busily revolutionizing industrial plants, offices, terminals and even homes by splashing them with broad expanses of daring color.

Miss Banning first came into the national eye during the war, when she proved to industrialists that workers' efficiency increased in direct proportion to the amount of cheerful color used on war plant interiors.

Hungry For Modernity

Just back from a quick tour of Europe, Miss Banning reports as follows:

London is hungry for modern architecture, modern furniture, modern color.

"Italy is the most vital place in Europe, with new and modern buildings going up all over the place, sleek cars that outdo anything seen in America, fashions more distinguished than those of Paris.

"France has gone back to tying pink bows on furniture. Its just pretty, fun-loving and relaxed.

"And New York is borrowing all the old ideas of Europe an ignoring the new."

California The Source

All the real news in modern design is coming out of California says Miss Banning, who predicts

"If there ever is a renaissance of art in this country, it's going to start in California. There people aren't weighted down by tradition. They're not afraid to do things that are startling and new.

"After all, any new art form, however feeble, is better than an art that is dead."

Miss Banning attended the conference of the American Institute of Decorators in New York just before she took off for her flying tour of Europe.

From Mouldy Past

"Frankly, I was disappointed," she said. "Being out in California most of the time, I felt that in New York I would find all the new and exciting things. What I saw at the conference was a lot of stuff out of the mouldy past. An example was an old breakfront smeared up with plaster to make it look 'arty. It wasn't even real. Just a ferocious gadget."

Miss Banning's latest venture is a new system of color "chips" for the W. P. Fuller Company, paint manufacturers, which make it possible for women to select colors for their homes by playing with cards, says she:

"The main thing women should learn is not to be afraid to admit what they like in the way of color or decoration, even if nobody ever has done anything like it before. They shouldn't strive to make their homes a carbon copy of great - grandmother's parlor."

Slow-Moving Freight Plows Into Auto

NIAGARA FALLS, Ont., May 12 — (CP). — A slow-moving freight train ploughed into a car driven by 56-year-old Steve Pivnarik of Fort Erie here Wednesday night. The man was seriously injured and his car almost totally demolished.

It is believed Pivnarik was trying to beat the train to the crossing when the accident occurred. He suffered head injuries and undetermined internal injuries.

Says Boys Ought To Learn About Cookery

SHEFFIELD, England, —(CP) —Miss M. E. Marsh, a Birmingham schoolmistress, says there is too much nonsence about what is "boy's work" and what "girl's work" at home and school.

Education is preparation for living, she said in her presidential address to the National Union of Women Teachers. As such it concerns father and mothercraft as much as careers.

"Boys would be none the worse for performing their share of home tasks," she told her fellow teachers. And at school girls might well be taught manual training.

"There might well be girls with original ideas about household furniture which would brighten the home and lessen the drudgery of houseworkers.

"Similarly nothing but good could come of teaching cookery, domestic science and needlework to boys."

The present set-up, she said, leaves girls short of play time. A more equitable division of home chores would give them a break.

Seaman Faces Charge Of Attempted Murder

HALIFAX, May 12.—(CP). — Harry Pilgrim of Montreal, member of the Seafarers' International-Union (A.F.L.), today was committed for Supreme Court trial on a charge of attempted murder arising from a waterfront clash here last month. Bail was set at $10,000.

The attempted murder charge arose from a waterfront riot here April 8 between members of the S.I.U. and the striking Canadian Seamen's Union (T.L.C.).

Testimony at the preliminary hearing was that Pilgrim fired at Hugh Felix of Halifax from the deck of the Canadian National Steamships vessel Lady Rodney. Felix was hit by shotgun fire.

SAFETY FOR PILOTS—A new water repellant which enables aircraft pilots to see through windscreens even in the driving rain has been developed by Dr.. D. F. Stedman of the National Research Council in Ottawa. Here Dr. Stedman demonstrates how his invention works. He is pouring water from a garden hose against a window, the right half of which is treated with the repellant and is clear. The left half is untreated and shows what the pilots normally sees flying through a heavy rain.

Crowned 12 Years Ago

LONDON, May 12.—(AP). — The King marked the twelfth anniversary of his coronation today. Royal salutes of 41 guns were fired in Hyde Park and at the Tower of London. Buckingham Palace did not say how the King and Queen Elizabeth planned to commemorate the occasion.

LEATHER BEDSPRINGS

The Greeks were the first people to use bedsprings. They made them of braided leather thongs hung between heavy boards at the sides of the bed.

GAMBLING EDICT

Charles VI of France issued an edict in 1397 forbidding common people to play cards on working days.

Australia Has Opal Exhibit At Big Fair; Seeks Dollars

By LESLIE BRODIE

SYDNEY, Australia, —(CP)— The hunt for dollar-earning industries has extended to the opal fields of Australia's interior.

John H. Unger, a director of the Opal Cutting and Distributing Company of Australasia, has taken a collection of 300 finest Australian opals to the International Trade Fair at Toronto. Later he will take them to New York to stimulate United States interest.

The federal treasurer is backing Unger's efforts to establish dollar markets by making available to him an extra allocation of dollars.

Has Monopoly

Australia has a monopoly of these beautiful gems. Coober Pedy, in South Australia, Lightning Ridge and White Cliffs in New South Wales have produced opals that far outshine any found in other parts of the world.

Millions of years ago the formation of the opals began with the chemical mixture of water and silica. The chemical action attacked anything from fish to a dinosaur.

No two opals are alike and, so far, they have defied all attempts to imitate them.

Looking into a good opal one may see what resembles Chinese writing in fire, fork lightning, or designs of colored bars moving up and down within as the opal is moved and other designs equally fascinating. The most prominent color they display are blue, green, red, grey, black and yellow.

Prospecting for opals reached its height at the turn of the century, and to a great extent most of the known fields are almost worked out.

Underground Town

The exception is Coober Pedy in that dry, hot patch of land almost in the the "dead heart" of Australia. Most opals being marketed today come from that field.

Besides being the world's biggest producer of opals, Coober Pedy has the distinction of being one of the world's few underground towns. (Its name is aboriginal for "white man lives in ground").

Winds from the interior sweep through the area, making it hard to keep a temporary dwelling, such as the diggers use, on the surface. Coupled with the wind is the heat which soars up to 130 degrees in the shade during the long summer months. At night it is as cold as a mild Arctic winter night.

Went Underground

To dodge the elements the opal diggers built their homes, shops and post office under the ground. [illegible] and comfortable. The old diggings at Coober Pedy were giving out about two years ago when a party of prospectors found a pocket of of opal eight miles from the field.

Little publicity has been given the new field. Only indication that it is worthwhile come from L. W. Parkin, a South Australian government geologist, who spent some time on the field. Parkin declared that a few thousand dollars spent on earth-moving equipment would return a fortune to stake-holders.

Should Unger's mission to Canada and the United States prove a success there is little doubt sufficient money will be available for the equipment.

Have 3 Wash Days

VANCOUVER,— (CP) —Because of superstition, Trinidad native women have three wash days each week, Mrs. Fred J. Partridge, en route to Australia with her husband after 18 months in Trinidad, says the superstition may keep the females healthy, but it's tough for their employers. "Servants won't iron on the same day they wash," she said. "Their superstition is that they will get fever if they do both chores on the same day—so we have three laundry days—two for washing and one for ironing."

For Care-Free Wash Days!

WOMEN WHO KNOW . . . CHOOSE

Inglis CANADA

These "Housewife-Designed Extras" Mean CAREFREE WASHDAYS

GENTLE, THOROUGH WASHING. Your Inglis "Sterling" washes clothes clean, Fast! Actually makes clothes last longer.

TUB DRAINS DRY EVERY TIME. No more tilting. Improved gravity drain—or fast-action pump—drains tub quickly and efficiently.

SAFE. Lightest touch on wringer release bar separates and stops the rollers.

COMFORTABLE. Your Inglis "Sterling" is hand high—just right for comfortable washing.

STREAMLINED. Completely smooth inside and out. Nothing to collect dirt . . . nothing to tear clothes. Easy to keep clean!

BEAUTIFUL. Lifetime, gleaming white enamel finish makes the Inglis "Sterling" a washer you'll be proud to own.

SILENT. This Washer is so quiet — because it's made by precision methods. The motor is sealed-in-oil for life.

ECONOMICAL. The sturdiest kind of construction means a lifetime of trouble-free service; complete satisfaction.

Crough, Patience, Alberta, Joseph A., Edmonton, Alberta, J. Francis of Toronto, Daniel J. Crough, Rochester N.Y. Funeral from the Anglesey Funeral Home, 215 Simcoe St., Friday, May 13th at 9 a.m. to St. Martin's Church, Ennismore for requiem mass a 10 a.m. Interment St. Martin's Cemetery, Ennismore.

6—In Memoriams

BRYAN—In loving memory of mother, Mrs. Sara Bryan, who passed away two years ago, May 12th, 1947.
Peacefully sleeping, resting at last.
The world's weary troubles and trials are past.
In silence she suffered, in patience she bore,
Till God called her home to suffer no more.
—Sadly missed by Willis and Helen.

BRYAN—In loving memory of grandmother, Mrs. Sara Bryan, who passed away two years ago today.
Only a memory of bygone days,
And a sigh for a face unseen;
But a constant feeling that God alone
Knows just what should have been.
—Lovingly remembered by Joe, Ronald, Morris, Bryce, Marilyn and Howden.

CAMERON—In loving memory of Mrs. Gordon Cameron, who passed away May 12th, 1948.
From our happy home and circle
God has taken one we love
Borne away from sin and sorrow
To a better land above.
—Ever remembered by husband, Ronald and Leslie.

CAMERON—In loving memory of Mrs. Gordon Cameron, who passed away May 12th, 1948.
Passing years change many things,
But this they cannot alter,
The memory of those happy days
We both enjoyed together.
—Lovingly remembered by sister Sara.

HATHERLY—In loving memory of a dear husband and father, Jim Hatherly, who passed away suddenly on May 12, 1947.
A wonderful husband, father and aid,
One who was better, God never made.
A wonderful worker, loyal and true.
One in a million that, husband, was you.
Just in your judgment, always right,
Honest and liberal, ever upright,
Loved by your friends and all you knew,
A wonderful husband that husband was you.
—Sadly missed by wife Vera and daughter.

MOORBY — William Moorby died May 12, 1948.
—Always remembered, daughter Carrie, Toronto.

NOKES—In loving memory of Arthur Nokes, who passed away one year ago, May 12, 1948.
His dear bright eyes and cheerful face,
Are so pleasant to recall;
He had a loving word for each,
And died beloved by all.
—Ever remembered by Harry and family of Belleville.

NOKES—In loving memory of Arthur Nokes, who passed away one year ago, May 12, 1948.
He had a cheery smile, a pleasant way,
A helping hand to all he knew.
He was so kind, so generous and true,
On earth he nobly did his best,
Grant him Jesus, heavenly rest.
—Ever remembered by Joy and Art.

NOKES—In loving memory of our dear father, Arthur Nokes, who passed away May 12th, 1948.
His weary hours and days of pain,
His troubled nights are past,
And in our aching hearts
We know he has found sweet rest at last.
—Lovingly remembered by his daughters Lillian, Marjorie, Violet and their families.

WILLIAMS—In loving memory of my dear mother, Mrs. J. B. Williams, who passed away May 12, 1941.
At night the silent stars look down
On a grave not far from here
Where sleeps the one I can't forget
The one we loved so dear.
The dearest mother this world could hold
The cheeriest smile and heart of gold
For those who knew her all will know
How much we lost eight years ago.
—Sadly missed by Mr. and Mrs. F. Mortimer and family.

7—Cards of Thanks

The family of the late Mrs. Henry Weir Kerr wish to express their sincere appreciation to kind friends and neighbours for lovely floral tributes and the many kindnesses shown them in their recent, sad bereavement. Special thanks is extended to the attending doctors, the Victorian Order of Nurses, Dr. James Semple and Dr. J. R. R. Cooper.

Mrs. Raymond Terry and family would like to express their sincere thanks to friends, relatives for their kind expressions of sympathy during their recent bereavement.

Britain's Voting Climax Reached Today

LONDON, May 12 — (CP). — Britain's "general elections in local government" reached a climax to-day amid conflicting claims by rival parties.

Conservative and Labor forces both said they expect to-day's vital borough elections to show which party has swung a balance in the week-long political contest, which opened last Monday.

At stake are 4,718 vacant seats on 420 borough councils in England and Wales.

There are 9,792 candidates. Of these, 3,904 are Labor and 3,251 Conservative. There are another 743 Independent candidates with Conservative support.

Other parties are represented as follows: Independents 732, Liberals 572, Communists 377, Union Movement 13.

There are 83 county boroughs, 309 municipal boroughs and 28 Metropolitan (London) boroughs. Labor now controls 49 of the municipal boroughs, 40 county boroughs, and 23 Metropolitan boroughs.

Yesterday Conservative headquarters issued a statement claiming that in voting so far they had gained 121 seats, including 60 from Labor, with 11 losses. It put Labor gains at 59, Labor losses at 115.

Morgan Phillips, Labor Party Leader, said the current series of local elections, including those in 33 Scottish county councils, had gained Labor 194 seats compared with a loss of 130.

Holds Lottery For Own Benefit

TORONTO, May 12 (CP) — Theron Jackson, 23-year-old Toronto laborer, bought a new car this week with the intention of conducting a lottery for his own benefit, police charged today.

Sergeant E. Walker of the Toronto police department said hundreds of tickets were printed and sold for $1. each. Jackson was arrested yesterday at the factory where he is employed. Police said they seized 1,000 lottery tickets and estimated that "at least 1,000 have already been sold."

Catch Trickster After 2 Years

BRANTFORD, May 12 — (CP) —The long arm of the law Wednesday night reached across two years and arrested a travelling carnival worker believed responsible for a $275 theft of jewellery and clothing from the home of Andrew Menary.

In custody is a man identified by Mr. Menary as Richard H. Howard, 41, who, according to Mr. Menary, rented a room at the Menary home and a few hours later allegedly walked off with wrist watches, a ring, two suits, a camera and other clothing, on June 7, 1946.

Howard denies any connection with the theft and says his name is Orville Conliffe, Deputy Chief Constable George Kerr said today.

King May Soon Get Some Tartan Ribbon

LONDON, May 12 (Reuters)— The King may soon get a length of tartan ribbon for his Scottish highland regiment dress uniforms after awaiting for it for two years.

Reason for the delay is a Board of Trade ban on imports. Almost all tartan ribbon for civilian use and all tartan ribbon used for highland regiment bagpipe streamers, kilt bows, and dress bonnets comes from Switzerland.

The War Office now has commissioned Theo Hewitt, General Secretary of the National Federation of Merchant Tailors, to buy thousands of yards of ribbon held up in Switzerland by the import ban.

Sets New Record

ROME, May 12 (Reuters)— Neville Duke, British test pilot, today flew a Hawker-Fury fighter plane from London to Rome in record time. Duke is on a London-Karachi flight in an attempt to set the record for that distance as well. Duke's time for the 1,011-mile flight from London was two hours, 30 minutes, 58.4 seconds. This was 19 minutes, 41.6 seconds faster than the previous mark.

2-Year Sentence

HAMILTON, May 12 (CP) — Joseph Hasler, 21, of Hamilton was sentenced to two years in Kingston penitentiary today after pleading guilty to having an unregistered firearm in his car. Hasler was arrested several hours after three Hamilton policemen were shot when they surprised two shopbreakers at an east end clothing store.

CNR Orders 38 Diesel Engines

MONTREAL, May 12—(CP) — Canadian National Railways has placed orders in Canada for 38 new diesel-electric locomotives, E. A. Bromley, vice-president in charge of purchases and stores, announced today.

An order for 18 72-ton diesel-electric locomotives has been awarded to the Canadian General Electric Company. For general service on Prince Edward Island they are to carry out the policy of the railway to replace steam locomotives in that province o diesels.

Twenty 1000 horsepower diesel switching locomotives have been ordered from Montreal Locomotive Works. They will be assigned to service at various terminals across the country.

Longshoremen Decide To Fulfill Contract

SAINT JOHN, N. B., May 12—(CP)—Longshoremen who have refused to work strike-bound [illegible] today went through a Canadian Seamen's Union (TLC) picket line to resume unloading the freighter Ottawa Valley.

A group of 64 International Longshoremen's Association (AFL) members passed through the picket line without incident while police looked on.

Unloading the Ottawa Valley ceased when the CSU strike began six weeks ago but ILA members decided early this week to fulfill their contract with shipowners.

IRISH IMPORT

The "Irish" potato, a product of South America, reached North America via Europe.

Order 52,000 Miners To Return To Work

LONDON, May 12 (AP)—The National Union of Mineworkers today told 52,000 striking miners to return to work in the Lancashire fields.

The union's executive council advised the resumption of work "so that negotiations may be opened" on the miner's demands for free coal for their families.

The strike which started a week ago has ended operations in nearly 50 pits in the Lancashire area, near Manchester.

Labor Board Enters Dispute

WASHINGTON, May 12 (AP). —The National Labor Relations Board to-day, for the first time, stepped into a dispute between the machinists and carpenters which started 37 years ago over installation of plant machinery.

The agency decided that an employer may assign the work to his own employees if he chooses.

Under the circumstances it was a ruling in favor of the machinists. The machinists withdrew from the AFL twice in the rough-and-tumble fight with William (Big Bill) Hutcheson, head of the carpenters, over the jobs involved.

To-day's decision came in connection with the shutdown of Westinghouse Electric Corporation operations at Southern California, Edison Company's plant at Redondo Beach, Calif.

The millwrights attempted to require Westinghouse to give its members the work of installing steam turbine generators. The work had been assigned by Westinghouse to employees who are members of Machinists' Lodge 1235.

The board decided that the carpenter and building trade unions (AFL) were not "lawfully entitled to force or require" Westinghouse to assign work to members of the Millwrights' Union.

The board said that the unions have 10 days in which to report what they have done to comply with to-day's decision.

Two Youths Escape Burwash, Cut Wires

TORONTO, May 12 — (CP).— Police to-day sought two youths who escaped from Burwash Jail Farm yesterday after cutting the telephone wires. Charles Spivak 22, of Ottawa, sentenced to two years less a day for car theft, and John McKinnon 22, of Toronto, serving 18 months for assault and attempted robbery, escaped from the jail while working on a road construction gang. With the telephones out of order, Provincial and Toronto City Police were informed of the break Wednesday night by telegram.

Hobby Show Set In Market Hall

Displays of cub, girl guide and scout life are now on display in the market hall. They are part of the annual two-day Boy Scout hobby show which was opened Wednesday night by Mayor M. J. Swanston who was introduced by Ernest Wolff, District Scout Commissioner. Peter Dominik, general chairman of the show spoke briefly on Scouting before he turned the meeting over to Quirt McKinney for the cub demonstration.

Mr. McKinney explained how Scouting originated and the various things that boys have to do when they join a pack. On the stage a pack of cubs chosen from various packs of the city acted out the various stages of Cubbing. Harold Wilson, head of Trinity Church Pack acted as the cubmaster.

In all there are nearly 20 booths demonstrating the various badges that the cubs, scouts and girl guides earn. Some of the things the cubs are doing in the booths are transplanting flowers, building birdhouses, frying eggs, mending clothes and making toys. The Scouts are demonstrating camp life, making rugs, repairing furniture and bicycles.

Altogether some 300 scouts, cubs and girl guides are taking part in the show. Tonight the Girl Guides will put on a demonstration of dancing and other of their activities. The St. Luke's church scout troop will give a display of fire prevention.

Members of the committee conducting the show are Thomas Taylor, exhibits chairman; W. Danahy, cub displays; Bernard Jones, Scout displays; Edward McDonald, finance; Bruce Parker, prizes and judges; John Krough, booth construction; Arthur Malby, stage work; Miss M. Whalon, girl guides; A. E. Farthing, general secretary. The All Saints' Anglican Church Rover Crew, Albert Hope and Cook Munro, are judges of the craftwork of the show.

First Train Arrives In Berlin 3 Hrs. Late

BERLIN, May 12 (AP) — The first post - blockade American train to Berlin at 9.40 a.m. (3.40 a.m. EDT), three hours late.

Passengers said they had been told by other train officials the Russians held the nine-car train for two hours contending the Allies scheduled only one train for the initial trip.

Only a few spectators were on hand at Berlin's Lichterflede west station to greet the train which carried fewer than 20 passengers —most of them soldiers.

Daley Predicts Early Settlement

TORONTO, May 12 — (CP).— Labor Minister Daley said to-day an early settlement of the Toronto builders' strike, now in its 12th day, "looks hopeful, but there is nothing to report yet."

However, a spokesman for the member construction firms of the Toronto Builders' Exchange said he was "pessimistic" about an early settlement of the strike which has tied up most major projects in Toronto.

Some 5,000 workers are affected by the dispute over a modified closed shop.

Building Trades Council spokesman Alf Ward said tradesmen would cross picket lines today to pick up their tools which they left on the job at the time of the walkout.

"There is no organized movemen to get the tools," Mr. Ward said. "The men just need them to work on other jobs outside the srike area."

Dutch Defend Indonesian Pact

THE HAGUE, May 13 (AP) — The Netherlands government defended its agreement with the Indonesian Republic before parliament today.

Dr. J. H. Van Maarseveen, minister overseas territories, said the agreement was "an effort to break through mutual distrust" and reach a final settlement with the Indonesians.

There has been criticism here of the agreement, under which the Netherlands will restore the republican government to Jogjakarta, Java, in exchange for Republican pledges to halt guerrilla warfare and to participate in a round-table conference.

The president of the Lower House announced in parliament that an official report had been received of the resignation of the Netherlands High Commissioner for Indonesia, Dr. Louis J. M. Beel.

Beel and Lt-Gen. Simon Spoor were reported to have resigned in protest against the Indonesian agreement.

Have Voice In Ruhr?

LONDON, May 12—(AP)—A diplomatic official said today France has suggested giving Russia voice in the control of the Ruhr. He said the French advanced the idea that Russia might be permitted to help run the industrially-rich Ruhr valley, one of the arsenals of Europe, in return for Russian agreement to western plans for a broad German settlement. Britain and the United States are cool to the idea, he added.

WI Exchanges Flowers, Shrubs

BETHANY, May 12 (ENS) — The May meeting of the Women's Institute held at the home of Mrs Reginald Palmer on Monday evening was well attended with Mrs. H. L. Challice in the chair. Ten members planned to attend the district annual meeting at Garden Hill, June 7, with Mrs. H. L. Challice, Mrs. T. J. Jackson, Mrs. H. Bristow and Mrs. R. Carr being appointed as voting delegates. "Health, Before and After Forty" was the short course which this Br[illegible] decided to apply for.

The program was in charge of Mrs. J. C. Cummiskey and Mrs. H. Bristow. Three visitors, Mrs. J. H. Armstrong, Mrs. W. Hilton and Mrs. A. Fallis from Millbrook were welcomed. Mrs. Hilton read several letters from her home village in England, telling of their delight in receiving supplementary parcels of food from the Millbrook branch.

An informal sing song led by Mrs. T. Jennings guitar accompaniment was much enjoyed.

Mrs. Hansell Finney, convener of Agriculture and Canadian Industries gave a paper on "Flowers and Their Influence."

Mrs. C. Page read a poem "The Package of Seeds." A contest on "Romance in Flowers" was won by Mrs. Hilton.

An exchange of flowers and shrubs among the members concluded the program.

A social hour was enjoyed during which the hostess, assisted by Mrs. Page, Mrs. Bristow and Mrs. Cummiskey served a delicious lunch.

Mrs. Challice moved a vote of thanks to the visiting Millbrook ladies for their help in the meeting and Mrs. Jackson voiced the appreciation of the members to Mrs. Palmer for the use of her home.

The June meeting will be in charge of Mrs. T. S. Gault and Mrs. F. W. Reynolds.

MORE ABOUT—

Thanks Expressed

Continued From Page 15

"This is part three of the program of expansion of the hospital", Bishop Berry said. "Altogether it has been four years in construction, and with thought and preparations it extends over five to five and a half years. The first part was the nurses' residence and their training school. Then there was the necessary and practical power house on the other side of this wing. Now we have come to the new enlargement of the bed capacity of the hospital.

This wing represents in fact 75 beds, but it does not add 75 beds to the capacity of St. Joseph's Hospital. We shall have the 75 new beds in this wing, but to add them to the hospital we have to provide in the old hospital for the expansion of essential departments.

The Sisters were told that the nursery should be enlarged. It is in the older section, and to provide that extra nursery space will take out twelve beds. Enlargement of the pathological laboratory will take another eight or ten beds. As a result of these changes that are necessary to the whole institution, the 75-bed wing represents actually 52 additional beds in the hospital.

Box For Future

Bishop Berry said the patients and the staff of the hospital would have the benefit of the modern new kitchen which would occupy a large part of the ground floor. In accordance with custom, records of the present were being deposited in a copper box under the stone. They included the names of those attending, coins of this year, and a newspaper,—historical records for a long distant day when some one disarranged the wall and the stone, and came upon the box.

"I should like to say how much the Sisters of the Congregation of St. Joseph, and myself and the clergy of the diocese, and the Roman Catholic people of this city are pleased that the erection of this wing was made possible by the help brought forward by the city before a federal grant was provided. I wish to mention particularly the council which was presided over by Mayor W. J. Ovens, and of which our present Mayor was a member. Mayor Swanston has long been a friend of Ashburnham and interested in all that goes on throughout our city.

"I am happy to say publicly how we are that the city stepped forward and provided encouragement to the Sisters in deciding to undertake this great enterprise."

Additional Encouragement

Bishop Berry said the hospital grant of the federal government was additional encouragement to the Sisters to proceed with plans for the new kitchen and new bed accommodation."

Mayor Swanston said: "An occasion like this makes one feel proud of the organizations for good that we have in Peterborough, and as Mayor I wish to congratulate the Sisters of St. Joseph on their undertaking. Additional hospital accommodation was badly needed for the humanitarian work they have been carrying on for years. The new wing will enable them to continue it into the future. We wish them every success."

Among those present were: V. J. McElderry, K.C., John R. Corkery, K.C., Frank J. Hickey, A. A. Letellier, Rev. W. C. McCarney, Dr. F. P. McNulty, Reeve Jeremiah Mahoney of Douro, Martin Roche, Reeve James Gifford, Ennismore, T. J. Ryan, John G. McCarney.

Construction has reached the framework of the fourth storey, and most of the brickwork of the ground floor, clearly outlining the attractive lines of the building. The first floor will be occupied by administration offices and the large kitchen, and three other floors will be entirely for the accommodation of patients.

In one year, 1923, men flew higher, farther, and faster then ever before in history.

PRINCESS MARGARET ROSE (centre), younger daughter of King George VI, is dressed severely in black as she leaves the papal apartment in Vatican City after a private audience with Pope Pius XII. At right is Monsignor Federico Calori di Vignale, papal chamberlain. At left is one of the Vatican's Swiss guards.

Gang Blamed For Robberies

TORONTO, May 12 (CP) — Police said today they thought an "organized gang" was operating here robbing clothing stores during Wednesday afternoon closing.

Police announced a "liberal reward" for information leading to the arrest of the thieves following a robbery yesterday afternoon in which more than $2,000 in stock was removed from a men's wear shop.

Two weeks ago a store in the northern part of the city had almost its entire stock cleaned out.

Loot from the most recent job consisted of 40 pairs of men's slacks, 12 sports jackets, six dozen shirts, five dressing gowns and six men's suits.

Mrs. J. Mills Buried

Funeral service for the late Mrs. Jennie Mills, 70, of 502 Wolfe St., was held on Wednesday at the Nisbett Funeral Home. The Rev. C. G. Boyd of St. Paul's Presbyterian Church, officiated. He was assisted by Rev. H. G. Douglas of Knox United Church. Pall-bearers were Byron Leggott, William Gaskin, Malcolm McReady, Roland Hunter and Wilmot Mahood. Burial was at Little Lake Cemetery.

Mrs. Mills died at her residence Monday following a lengthy illness. She was born in Smith township, daughter of the late Robert Edward Mahood and Elizabeth Ann Wright, where she lived until 11 years ago. She was a member of St. Paul's Presbyterian Church.

79 Of Crew Leave Ship

LONDON, May 12—(CP)—Seventy-nine crew members of the Canadian Pacific steamship Beaverbrae, strikebound for 40 days in London's Royal Albert dock, left the ship today, a few seconds before a high court's injunction instructing them to leave came into effect.

After mid-day only the ship's 34 officers remained aboard.

Bob Doucette, leader of the crew members who are striking in connection with the dispute between the Canadian Seamen's Union (T.L.C.) and the Seafarers' International Union (A.F.L.) was last ashore.

"We will stay in Britain until this dispute is over and if we go back to Canada it will only be in the Beaverbrae," he said.

He asserted that though the crew was leaving the vessel, the strike was achieving its point in that the dockers would not unload..

"It will be impossible for the owners to take the ship to a continental port for unloading because the tugmen have told us they won't allow her to leave," he added.

Health Chief Checks On Operation Of Pools

WELLAND, May 12 — (CP)— Possible closing of the swomming and wading pools here this summer has been averted by a compromise agreed upon by representatives of the Welland and District Health Unit and the Parks Board.

Dr. L. W. C. Sturgeon, director of the Health Unit, had warned that permission to operate the pools would not be given until he Parks Board installed suitable showers and lavatories Dr. Sturgeon termed an existing dressing station "entirely inadequate" to accommodate the 1,000 to 1,500 persons who used the two pools each day. He recommended the station be used exclusively for the wading pool.

At the conference of interested parties called after the warning was given, Dr. Sturgeon stated the Health Unit would permit the swimming pool to be opened if necessary showers were installed at the swimming pool, and toilet facilities provided at the earliest opportunity.

Black widow spiders kill about 50 people in the United States each year, according to the Encyclopedia Britannica.

Nourishing

WHOLE WHEAT— READY TO EAT! in its most delicious form...

1. WHOLE GRAIN NOURISHMENT
Health Food Rules call for a daily serving of a *whole grain* cereal like Muffets. In Muffets you get *all* the body-building proteins, minerals and energy-giving qualities of *whole wheat*.

2. DELICIOUS TIME SAVER

NEW WASHING DISCOVERY WITH SUPER-WETTING ACTION

washes everything FASTER, CLEANER, EASIER than any soap on earth!

FAB's *Super-Wetting Action* means that when you wash with FAB, the FAB-and-water solution *instantly* penetrates materials . . . soaks them more thoroughly. FAB—*with Super-Wetting Action*—gets *inside* materials; *pushes* dirt *out!*

FAB means faster, cleaner, easier washing of dirtiest overalls, towels, work and play clothes . . . FAB brings extra-dirt-removing power for extra-dirty wash! FAB—*with Super-Wetting Action*—does away with clinging soap scum! Brings you *whiter* shirts, towels, and sheets!

Don't miss *FAB*ulous FAB . . . the *only* thing you'll need for *everything* you wash!

New scientific washing preparation by Colgate-Palmolive-Peet is a FABulous work saver for the dirtiest overalls, work clothes, children's play things that's extra dirty!

WHAT IS SUPER-WETTING ACTION?

See for yourself! Take a length of cotton sewing thread. Roll it into a ball. Drop it into a glass of water. It floats; does not become completely wet for a long time.

Now drop another little ball of thread into a glass of water and FAB. It sinks, becomes completely soaked *at once*. This simple test shows you how FAB makes water wetter . . . *instantly* penetrates *all* washable materials faster . . . *pushes* dirt *out!* That's FAB's *FABulous Super-Wetting Action* . . . something no soap on earth can give you!

FAB WASHES DIRTIEST CLOTHES CLEANER THAN ANY SOAP

FAB—*with Super-Wetting Action*—instantly penetrates materials; *pushes* out dirt. Washes grimiest overalls *faster* than soap! Makes tough dirt like the "line" on shirt collars disappear like magic! FAB leaves *no* soap scum to "gray" or "yellow" white wash . . . Wash is *whiter, cleaner* when washed with FAB!

FAB BRIGHTENS SOAP-DULLED COLORS!

Soap-dulled washables look *FABulously* brighter, fresher, and newer after being washed with FAB. That's because anything you've washed with soap is made duller and grayer looking by soap scum . . . FAB—*with Super-Wetting Action*—removes that soap scum . . . leaves no film or scum of its own even in hardest water.

FAB WASHES CHEAPER... IN HARDEST WATER

Laboratory tests prove that cup for cup, in hard water, FAB washes up to twice as much family wash as soap. This economy is another *FABulous* miracle. Yes . . . FAB—*with Super-Wetting Action*—is up to twice as economical as soap in hard water. You'll notice that all of FAB washes . . . Nothing is wasted in soap scum!

Faster And Better for all family wash and Dishes

Fab is the trademark of Colgate-Palmolive-Peet Company Limited, for a household detergent.

It's *balanced!* perfectly soft... amazingly strong!

Pure white tissue, wonderfully absorbent ... properly balanced for softness and strength.

North Cavan School Area Unites With Peterborough

MILLBROOK, May 12 (ENS) Consent of the Peterborough County Council and the United Counties Council to the proposal of the North Cavan School Area Board to merge with the Peterborough Suburban High School District will be sought, it was decided at a recent meeting of the Cavan Municipal Council. The area concerned is that part of the Township of Cavan lying north of the southern boundary of North Cavan School Area. It was moved by Councillors Bradburn and Hootan that the amalgamation take effect on January 1, 1949. The request was made on behalf of the Area Board by Messrs. Seymour, Jamieson, McIndoo and Johnson, supported by W. H. Carleton.

Bylaws were passed making changes in Polling Divisions Nos. 1 and 2 and appointing Zella M. Bentley as Acting Clerk.

$200 Grant Made

L. W. Smith addressed the council requesting that a grant be made to the Livestock Show of the Millbrook Agriculture Society, to be held in Millbrook on June 8. On motion of Councillors Hootan and McKnight a grant of $200 was made.

F. Brown appeared before the council to claim that he had not been allowed sufficient compensation for the loss of a sheep by the evaluator, Mr. Smith. The latter replied that he felt Mr. Brown had been allowed all that the sheep was worth. Council accepted Mr. Smith's report.

On motion of Deputy Reeve Olan and Councillor McKnight, the council decided to notify John Liggett that unless he builds his part of the line fence between his property and that of Amos Strong within ten days of receipt of council's notice the council would be forced to take proceedings "according to law."

Accounts Paid

The following accounts were ordered paid: Docon Telephones Ltd., 5.22; Robt Wells, relief, $10; S. R. Hart & Co. Ltd., collection, assessors supplies, $22.46; P. I. Bentley, salary, $50; council, fees, $25; Treasurer, Road Voucher No. 4, $10,534.08; Road inspection and mileage: Robert Armstrong $23, Delbert Olan $17.40, Lloyd Hootan $18.10, J.H. McKnight $17.40, H. Bradburn $17.75; Fred Brown, 1 sheep killed, $18; A. V. Thorne, postage on tax arrears' notices, $3.08; Millbrook Agriculture Society, grant, $200.

Bonn New Capital

BONN, Germany, May 12 (CP) — By a margin of four votes, the west German constituent assembly Tuesday night picked Bonn as the capital of the new German federal republic. In a polite undercover tug-of-war, Britain had favored Bonn and the United States Frankfurt. The vote was 33 for Bonn and 29 for Frankfurt.

Gas, Indigestion, Sour Stomach—Tells of Relief

Got Grand Results By Taking Syntona Herbal Compound, Says This Woman. Also Free Of Headache, Appetite Is Improved, Sleep Better.

MRS. J. HOLTZMAN

Sufferers of stomach disorders, sluggish kidneys and liver, constipation, nervousness and other symptoms of faulty elimination and poor assimilation of food can benefit by the experiences of other local men and women and begin taking Syntona Herbal Compound. This medicine has helped thousands, and you, too, may know what it means to get relief from your suffering and to enjoy better health again.

Here, for example, is the recent experience of Mrs. J. Holtzman, 242 Prospect Street South, Hamilton, Ontario, who said:

"I was suffering with gas, indigestion and sour stomach after my meals. Would get gassy cramps and had no appetite to enjoy my food. I was subject to throbbing headaches and often couldn't get my proper sleep at night.

"I wasn't taking Syntona long before I noticed my food was digesting better. Now I am free of gas, indigestion, and my food does not sour as it did. Headaches do not trouble me now and I am getting more sound, restful sleep. As a result, I awaken feeling refreshed and have far more energy."

Syntona is sold and recommended in Peterborough at Elliott's Drug Store.—(Advt.)

TULIP TIME—On the eve of his election campaign, Prime Minister St. Laurent takes time out to inspect the tulips of the Federal lawns around Parliament Hill. The Dutch bulbs were sent to Canada by Queen Juliana in memory of Canada's role in the liberation of her country.

Mrs. Clarence Coons Heads Lakefield Home and School

LAKEFIELD, May 12 (ENS)—Mrs. Clarence Coons was elected president of the Lakefield Home and School Association at the annual meeting of the association held on Monday night.

Others officers elected are as follows: 1st vice-president, Mrs. C. Foster; 2nd vice-president, E. Rath; secretary, Mrs. Vera Deck; treasurer, Mrs. T. Corkery; executive members, Mrs. D. Weaver, Mrs. Stanley Burger, Mrs. Ken Lichty, Mrs. J. Arnott and Mrs. H. D. Wilford.

Mrs. S. A. Grylls was appointed to take the child psychology class in Peterborough.

Present Reports

Mrs. C. Coons and Mrs. C. Foster gave reports of the Home and School convention which they attended in Toronto in April.

Mrs. Harold Deeth, retiring president, presided over the meeting. Mrs. V. Deck presented the slate of officers.

Mrs. W. Whetung gave a report as convener of Home Education.

Mrs. J. Arnott gave reports on advertising, hospitaly and visual aid.

Mrs. F. L. Erskine gave the publication report, Mrs. Wallace Hendren the health report and Mrs. T. Peyton the Founder's Day report. Mrs. C. Fife presented the program report and Roy Brown the citizenship report.

Mrs. T. Corkery's treasurer's report showed a balance of $112.61. Mrs. A. Nelson of Peterborough installed the new officers.

Discusses Aims

Mrs. O. Laderach of Peterborough, guest speaker, gave an address on "Your Own Home and School Looking Backward and Forward".

"The Home and School is one of the greatest influences for good in Canada today", said the speaker.

Miss Bertina Beavis' class won the prize for having the largest number of parents present.

Church, Sunday School Observe Mother's Day

FRASERVILLE, May 12 (ENS) —At the Sunday school service in Fraserville on Sunday the order of worship for a Family Day was followed in the church school.

The superintendent, Mr. Ray Finlay, led the responsive readings and others who took part were Miss Eleanor Whitfield, Masters Earl Lackey and Norman Cook.

Church service followed with the minister, the Rev. B. Heywood in charge. His sermon was about "Problem Parents." Mrs. Heywood sang a solo on "Mother," the choir which consisted of mothers, singing in parts with Mrs. Heywood. Mrs. R. Finlay was the pianist.

Can Only Win East If Welfare Improved

CANBERRA, Australia, Moy 12 —(Reuters) — Joseph Chifley, Australian Prime Minister, said Wednesday that the way to win the support of the east was for the democracies to improve the economic welfare of the Asian peoples—"to win their spirit and so defeat any spread of Communism.

Chifley, addressing the executive of the Australian Labor party said: "This cannot be done with armies and navies.'

"Two world wars have not improved the position of the Asian people and millions of them are still serfs.

s desirable that the Asian people should have a decent way of life and so see that democracy, liberty and freedom do not mean just freedom to starve."

Deputy Ministers Carry On Government

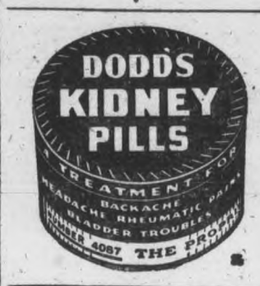
OTTAWA, May 12 (CP)—Most of Canada's 20-man Federal Cabinet is on the road campaigning for the June 27 federal election, but the work of government still goes on.

No policy decisions can be made without a meeting of the Cabinet, but administration of policy—previously agreed on by the government—is in the hands of deputy ministers during the absence of the ministers.

Orders-in-Council, or other policy decisions, can be made by two Cabinet Ministers. There is no set quorum for a Cabinet meeting.

Currently heading the government is Defence Minister Claxton, acting in the absence of Prime Minister St. Laurent.

It's considered likely that at least one minister will be in the capital throughout the election campaign.



Mrs. R. Bullock Named To Head Lakefield WI

LAKEFIELD, May 12—(ENS) —Mrs. W. James Charlton was hostess to the Women's Institute for the May meeting and election of officers.

Mrs. S. Chatten gave the secretary's report, Mrs. Roy Bullock the treasurer's report, Mrs. Clarence Foster the district director's report and Mrs. R. Charlton reported for the flower committee.

Mrs. Howard Bullock presided for the election of officers which resulted as follows: President, Mrs. Roy Bullock; 1st vice-president, Mrs. Ernie Waldon; 2nd vice-president, Mrs. S. Chatten; secretary, Mrs. Albert Bullock; assistant secretary, Mrs. H. Kemp; treasurer, Mrs. H. Bullock; district director, Mrs. C. Foster; assistant district director, Mrs. F Dixon; directors, Mrs. A. Dunford, Mrs. B. Wasson, Miss Barbara Bullock; flower convener, Mrs. R. Charlton; pianist, Mrs. J. McKerchar; assistant pianist, Mrs. L. H. Weaver.

The sum of $10 was donated to the Cancer Research Fund.

To Present Skit

Mrs. S. Chatten is writing a skit to be presented at the district annual meeting to be held in Havelock on June 15.

The next meeting will be held at the home of Mrs. H. Kemp.

Lunch was served by Mrs. R. Charlton, Mrs. T. Morin, Mrs. Roy Bullock.

On Monday afternoon Miss Barbara Broadfoot showed a film on home canning in the United church. Mrs. Bullock welcomed visiting ladies from Warsaw, Buckhorn and Hall's Glen.

Mrs. Margaret Berhalter of Buffalo, N.Y., Mr and Mrs. John J. Charlton and children of Toronto, and Mr. and Mrs. George L. Charlton of Peterborough, spent the week-end with their parents Mr. and Mrs. George A. Charlton, Lakefield.

CHICAGO'S GREAT FIRE

The great fire of Chicago in 1871 destroyed 18,000 buildings.

AUTO LOANS
$50 to $1000

Here is how you can obtain a loan on your auto while the car remains in your possession. Existing liens consolidated.

1. Personal Loans $50 to $1,000 made for any good purpose even though car not fully paid.
2. Refinancing — Present high monthly payments refinanced for smaller amounts and extra cash can often be obtained at the same time.
3. Auto Repairs—You can pay for cost of heavy repairs by spreading amount out over many months here thru a loan on your car.
4. If you want to sell your car we can finance the prospective purchaser if he cannot pay you full cost Ask us for details.
5. If you wish to buy a car—we can finance the purchase usually at lower down payment than ordinarily required. Ask us to finance your next new or used car.
6. Insurance—You may arrange insurance thru your own broker or we can arrange it for you thru various well-known agencies.

No Horses Entered At Dufferin

ICRA Officials Meet To Study Deadlock On Big Controversy

TORONTO, May 13 (CP) — Possibility of a shutdown of the Dufferin Park spring meeting was seen today when no horses had been entered for Saturday's races nearly two hours after the official entry deadline — 10:30 a.m. EDT.

Entry boxes remained open while track officials and members of the Incorporated Canadian Racing Association met shortly before noon. A statement is expected later today.

The no-entry development climaxed a week-long controversy between the ICRA, ruling body of the sport in Ontario, and the Horsemen's Benevolent Protective Association over a decision of the ICRA banning licences to trainers of one-horse stables.

Willie Morrissey, Canadian president of the HBPA, said in an interview no entries had been received at other Toronto tracks—Long Branch, Thorncliffe and Woodbine—and the "next move now is up to the ICRA."

The ban effects any one-horse trainer in Canada wishing to race in Ontario. Trainers must obtain an ICRA licence before their entries may run on tracks under ICRA jurisdiction.

"CONGRATULATIONS, 'DIT' CLAPPER," said guest speaker, the Rt. Hon. C. D. Howe, Minister of Trade and Commerce, on Mr. Clapper's nomination as Liberal candidate, Thursday evening, at a convention of the Peterborough West Liberal Association. Mrs. Clapper, too, tt appears, is pleased with the choice.

—Examiner Staff Photo

Accuses Allies Of African Deal

LAKE SUCCESS, May 13—(CP)—Russia accused Britain and the United States today of making a "deal" to keep control of strategic parts of Italy's one-time African empire.

The charge came from Soviet Deputy Foreign Minister Andrei A. Gromyko as the United Nations Assembly's political committee neared a showdown vote on disposal of the colonies after six weeks of bitter debate.

Gromyko said an anti-American riot in Tripoli on May 11 was a protest by the natives against the plan backed by Britain and the United States to split up Libya under separate U.N. trusteeships.

The Soviet delegate directed most of his fire at a plan approved by a 16-nation subcommittee to put Libya under three separate U.N. trusteeships for 10 years. Under the plan Britain would administer Cyrenaica, France would administer the Fezzan and Italy would become administrator of Tripolitania in 1951 after a two-year interim rule by Britain.

RCAF Ace Pilot Given Aviation Trophy

OTTAWA, May 13 —(CP)—An ace R.C.A.F. pilot with more than 2,000 hours flying on east-coast rescue trips is the 1948 winner of the McKee Trophy, awarded annually for "meritorious service in advancement of aviation in Canada."

He is FO. R. B. West of Canning, N.S. He also holds the Distinguished Flying Cross for wartime operations off the east coast and the Air Force Cross for two hazardous rescue flights to isolated Quebec outposts last year.

McKee is the third R.C.A.F. winner of the award. Others were Group Capt. Z. L. Leigh, now commander of the R.C.A.F.'s Vancouver headquarters, and Group Capt. E. G. Fullerton, now retired. Capt. B. A. Rawson of Trans-Canada Air Lines was 1947 winner.

In January 1948 he flew from Halifax to Harrington Harbor, on the lonely north shore of the St. Lawrence river, to evacuate a seriously-ill woman and flew her to Goose Bay, Labrador despite snow, fog, and heavy icing. From Goose Bay he flew to Mutton Bay, Labrador, to evacuate another sick woman.

FO. West, now on recruiting duties at Rivers, Man., flew special missions into Canada's far north in 1948 and flew emergency flood equipment to British Columbia during the serious spring floods that year.

Britain Passes Atlantic Pact, Raps Russians

LONDON May 13 (CP)—The House of Commons Thursday night overwhelmingly approved the North Atlantic Security treaty.

The vote was 333 to 6. It came after a motion of approval put by Foreign Secretary Bevin was passed.

Parliamentary observers said the near-unanimous approval of the motion was sufficient to effect ratification of the pact. They said similar action was not required in the House of Lords.

Thus Britain would become the third of 12 western countries to ratify the Atlantic treaty. Canada was the first country to ratify it and Belgium completed the final step for ratification yesterday when the Belgian Senate approved the pact, 127 to 13.

Speaking during the Commons debate on the alliance, Bevin and Churchill pulled few punches in their criticism of Soviet policy since the end of the war. The Foreign Secretary was more outspoken than usual.

He blamed Russia for forcing the security treaty on the western powers and he justified its need by saying that if the Soviet Union had gone unchecked the situation would have led to a third world war.

Bevin said he is "convinced" that the closer link between the Atlantic powers under the pact "has led Russia to second thoughts about tactics that have been followed regarding Germany, and particularly about Berlin."

Russians Give Up Attempt To Ban Berlin Exports

BERLIN, May 13—(CP)—The Russians accused the western Allies today of "torpedoing" the agreement to lift the Berlin blockade. A western spokesman promptly labelled the accusation "a lot of nonsense."

The Soviet protest was voiced informally, through the Soviet army newspaper in Germany, Taegliche Rundschau.

"The western powers are evading the lifting of their restrictions under invalid pretexts," it charged.

Some observers saw in those words an implied threat to reimpose the blockade, but such a step would be a matter of policy for higher authorities than the Russians in Germany to decide.

But the Rundschau statements did lend emphasis to the Russian need for getting supplies from western Germany for her nearly-bankrupt occupation zone.

Lawrence Wilkinson, economic advisor to the U.S. military government said that at a four-power meeting of economic chiefs here yesterday the Russian representative insisted on a formal order reinstating the East-West trade agreement of 1948. The Allies counted it is no longer applicable, he said.

Change Minds

However, one source of friction—a dispute over exports from Berlin to the western zones—seemed to have been removed.

The Russians had incurred western wrath yesterday by refusing to allow trucks from West Berlin to travel to the western occupation zones without obtaining permits from the Soviet military or Russian-backed economic commission.

However, early today West Berlin police quoted the officer commanding the Russian highway check point outside Berlin as saying such trucks now need only an order from the West Berlin government.

Approve German Constitution

FRANKFURT, Germany, May 13 (AP)—The western allies approved with reservations Thursday night the new west German Federal Republic's draft constitution.

Thus they gave themselves a high trump card for use in the May 23 Paris peace talks with Russia seeking a solution to the entire German problem. They are shooting for an ultimate agreement uniting the Soviet zone of Germany with the Republic.

Britain, the United States and France also ordered an "occupation statute" or interim peace treaty for the western occupation zones' 45,000,000 Germans, to come into force the day the west German government takes office.

The military governors signed with reservations designed to make sure that no "jokers" in the constitution's wording would permit the Germans to violate the occupation statute which limits German government activity in the fields of armament, the industrial Ruhr valley, foreign relations and trade, or to form a strong central police force under any pretext without the occupation authorities' consent.

Ask Parisians Don't Stare At Princess During Visit

PARIS, May 13 (AP)—Parisians are being asked in advance not to gather in crowds and stare at Britain's Princess Margaret when she pays her first visit to the French capital later this month.

While Paris newspapers have been printing in detail accounts of how the Princess was bothered by too persistent camermen in Capri, the same newspapers are making a plea that she should not be noticed while here.

"The best way to let the Princess appreciate the true face of Paris will be not to bother her by staring curiosity and to spare her the assaults of journalists and photographers which so spoiled her stay in Capri and Rome," commented the evening newspaper Paris-Presse.

Despite the current appeals there is little likelihood that Princess Margaret will be able to window-shop in the Rue de la Paix without being noticed.

There are too many tourists here for that. Besides, a number of Paris newspapers did not hesitate to front page the very pictures whose taking they had criticized in Italy.

Most popular was the one showing the Princess in a bathing suit as she tripped down the beach to bathe with her shirt-tailed escort at Capri.

The morning newspaper Ce Matin, which said the picture had been taken "by an indiscreet photographer hidden among the rocks," declared on its front page it would cause a scandal in Britain.

The scandal, it went on to explain with Gallic galantry, would not be on account of the picture showing "the splendid figure of the young Princess," but because her escort (T. C. Harvey, the Queen's private secretary) was wearing a hat while leading the Princess, which, the paper commented, "was a little off hand."

30 People Overcome In Chemical Explosion

NEW YORK, May 13 (AP) — Drums of chemicals exploded on a truck in the Holland tunnel today, filling the underwater highway with carbon disulphide fumes. Thirty persons, including 20 firemen were overcome.

The explosions, touched off when the truck caught fire, occurred in the tunnel's east bound tube at the height of the heavy morning traffic. The tube links Jersey City with Manhattan.

The flames spread to three other trucks and the acrid ammonia fumes, fanned by the tunnel's ventilating system, seeped through the tube.

Some trucks were backed out of the tube. Other motorists left their cars and, with handkerchiefs shielding their nostrils, raced along the catwalks to the entrance of the tunnel. Carbon disulphide is a poisonous substance that can be used as a solvent for rubber or as an insecticide.

Fear Irish Terrorists May Strike

Ireland Bill Brings Bitter Protests, No Threats Made

By ALAN HARVEY

LONDON, May 13—(CP)—Armed police today patrolled Downing Street, official residence of Prime Minister Attlee and other cabinet ministers, as a precaution against possible terrorism. But the spokesman denied that Attlee had received threats.

Bitter anti-British feeling among Irishmen over the Labor government's new Ireland bill was believed to be the reason.

The Ireland Bill, which received second reading in the House of Commons Wednesday night, would prevent the reunion of the Republic of Ireland with the six counties of northern Ireland without approval of the Ulster parliament.

Some "patriots" claim that four of the six northern counties—Down, Tyrone, Fermanagh and Armagh—would, if given the opportunity, join the Republic. But the Unionist party, headed by Prime Minister Sir Basil Brooke, will fight to the death to maintain Northern Ireland under the British crown.

Bitter Reaction

The Ireland Bill has brought bitter reaction from leaders of the government of the newly-born Republic of Ireland. The 26 southern counties of the Republic are strongly against partition as recognized in the measure.

Not since 1940 has there been any major wave of terrorism in Britain involving Irishmen and Englishmen. During the summer of 1939 members of the Irish Republican Army launched a campaign of violence in Britain. One man was killed and 55 were injured.

Considerable damage was done in London and elsewhere by the I.R.A. through the planting of small bombs. The incidents continued until early in 1940.

During Wednesday's debate Jack Beattie, firebrand rebel Labor supporter from West Belfast—who toured the northern Ireland capital during the last election in a gas mask and battle bowler—moved an amendment to reject the bill. It was defeated by a vote of 317 to 12.

Four-Power Talks Held Again In Berlin

BERLIN, May 13 (Reuters)—Four-power talks were held in Berlin today for the first time in many months, a British spokesman said tonight. He refused to give details of the talks.

First news of the talks came from Gustav Klingelhoefer, economic chief of the "Western" city administration, who told a press conference that representatives of the Western powers had met Soviet representatives today to discuss the complicated question of the resumption of trade between Berlin and the West.

"Another meeting is scheduled for tomorrow," he said.

15 Homes Burned

EDMONTON, May 13 (CP) —The Red Cross reported today that a truckload of clothing and bedding is on the way to 15 families burned out by forest fires in the lesser Salve Lake area of Northern Alberta. An official said word of the families' plight came through the R. C. M. P. Thursday night and one truck was sent with clothes and bedding to Canyon Creek and Assineau. About 150 men with three bulldozers are fighting the blaze south of Lesser Slave Lake which yesterday burned out a trestle bridge delaying railway service.

Roar Of Battle Sounds Across Shanghai

SHANGHAI, May 13 (AP) — The roar of battle could be heard today at Woosung harbor and Lunghwa airfield, Shanghai's remaining links with the world.

SAN FRANCISCO —(AP)— Press wireless and other radio communication companies reported today they were unable to transmit to Communist-threatened Shanghai. Dispatches from Shanghai were still being received, however.

Two Communist prongs crept closer to the city. Red Gen. Chen Yi was driving hard to take Shanghai or close a siege ring around it.

One battle raged southwest of the city some 15 miles from Lunghwa airport, at the southwest edge some 10 miles from the heart of the city.

Another developed around the village of Tainsang just north of the Shanghai-Nanking railroad. Red lines there appear to be about 20 miles from Shanghai.

Lunghwa's loss would cut Shanghai's air link. There are three other airfields but they are even more exposed than Lunghwa.

The Shanghai garrison communique today said the Reds have struck on the northwest with three divisions. The Nationalists were reported holding their own in some places and falling back in others.

The drive from the southwest seems to be concentrated in a single spearhead along the railroad to Hangchow.

Inside Shanghai there has been no great change in the last few hours. People move about their business. Traffic, thinned by the evacuation of hundreds of civilian and military vehicles, moves faster.

Pootung, the dock and industrial area across from Shanghai's bund, has been cleared of small rivercraft as a precautionary move against guerrilla operations in that area.

TAKEN OVER BY CITY.

TORONTO, (CP) — Lambert Lodge, formerly Christie Street Hospital, will be taken over by the city next Monday, Mayor Hiram McCallum said. The former veterans' hospital will be operated as an old people's home.

Clapper Named By Liberals As Candidate For Peterborough West

Canadian Export Trade Best In History Howe Tells Convention, Satisfied Plane Charges Not Justified

Peterborough West Liberals nominated Thursday night as their candidate in the federal elections Dit Clapper, who retired a short time ago to his home and his family and his retail business in this city after a great career as one of the dominant players and personalities in the National Hockey League, star of the Boston Bruins and its coach in recent years. Mr. Clapper was proposed by Dr. A. R. Atkinson of Norwood, vice-president of the Peterborough Liberal Association, and close friend of the candidate. The nomination was seconded by Paige Rowell.

Arthur H. Lewis, president, and chairman, of the convention, called "for any other nominations". The pause of silence was broken by Jack Sackville's motion "that nominations be closed."

The convention of 300 Liberals from the city and townships of the west riding greeted the nomination by Dr. Atkinson with prolonged applause and cheers that mounted higher as Mr. Clapper proceeded to the platform. The spirit of the meeting apeared to be glowingly auspicious in the first tender of support to the man who brings to the local political arena a name and reputation known far and wide on both sides of the border.

"Talk about being nervous," he said laughingly at the microphone on the platform. "I wish to thank my mover and seconder for placing my name before this convention of the Liberals of Peterborough West. As you know I moved to Peterborough three years ago. I spent most of my youth around Hastings. In the course of my hockey career in the large cities I have always had a warm spot in my heart for Peterborough.

I came here to settle down and lead a quiet life with my wife and family. Since my return I have interested myself in the community life of Peterborough and especially among our young

Fights Temperance Act Editor Asks Protection

LITTLE CURRENT, May 13—(CP)—W. J. Patterson, a leader in the campaign to have provisions of the Canada Temperance Act abolished on Manitoulin Island, said today has has asked for police protection for himself and his wife.

Patterson, editor of the Manitoulin Expositor, said a group of men Thursday night visited his house while his wife was alone and knocked violently at the front door. When his wife reached the door the men ran to the side door and knoked there. Then they began hammering at a bedroom window, he said. His wife ran to an automobile parked in the yard and drove downtown to her husband's office.

Labor Party Suffers Heavy Defeat

LONDON, May 13—(CP)—The Conservative party, jubilant over sweeping gains in yesterday's borough council elections, was confident today that the landslide to the right foreshadowed their return to national government in 1950 general elections.

Socialist supporters, while subdued by their party's heavy reverses, were not prepared to accept this view.

They pointed out that their party has not lost in parliamentary by-elections a single seat gained or held in the 1945 general election.

Returns early today showed a steady stream of anti-labor victories in the 420 borough councils involving 9,792 candidates for 4,716 seats.

With final returns in all 392 municipal and county councils and in 11 of the 28 London (Metropolitan) councils, the position was:

Conservatives 560 gains, 24 losses; Labor 77 gains, 530 losses; Liberals 19 gains, 40 losses; Communist no gains, two losses; Independents 122 gains, 178 losses.

The mounting Conservative gains throughout Britain were accompanied by a complete rout of Communists, who had put forward a record number of 485 candidates, none of whom had been elected to date.

Labor, which formerly controlled 23 of the London councils, had been swept out of office in Holborn and Stoke Newington. By midafternon the Conservatives had gained a net of 102 seats in London, raising their total in the London councils to 208. Labor, which lost 98 seats in the votes counted thus far, still held 342 seats.

Quake Shakes Los Angeles

LOS ANGELES, May 13 (AP) —Los Angeles was shaken early today by an earthquake that startled residents out of bed but apparently caused no damage.

The tremor was felt the hardest in cities throughout the San Gabriel and San Fernando valleys such as Altadena, Pasadena, Burbank and Glendale.

It shook buildings in downtown and eastern Los Angeles. Police switchboards were swamped with calls but all of them were anxious queries.

Apparently the quake was local. San Bernardino, Lancaster, Indio and other cities in southern California did not feel it.

Canada Denies Polish Refugees Exploited

UN Told DP's Work Under Worse Conditions Than In German Camps

LAKE SUCCESS, N. Y., May 13 (CP)—Canada Thursday night rejected as untrue Poland's charge in the United Nations that refugees in the Dominion are exploited.

Leon Mayrand presented Canada's case before the 59-member social committee of the General Assembly, answering an attack on the Dominion made earlier by Henry Altman of Poland.

Both delegates spoke in French during a committee discussion of the work of the international refugee organization.

Altman said displaced persons brought to Canada and other countries worked under worse conditions than they endured in German camps. He called for reorganization of IRO which would allow immigrants to return to their native countries and would eliminate what he called exploitation.

Mayrand, head of the American and Far Eastern Division of External Affairs Department, noted that Russia and White Russia as well as Poland had made the same charges previously in the UN. (Authorities in the Dominion have denied these charges.)

"I gather from those statements that they are attempting to show that refugees and displaced persons who came to Canada are being employed at lower rates than those paid locally-hired help for similar work, that their working conditions are unsatisfactory, and that, in general, they are being discriminated against and exploited by their Canadian employers," Mayrand said.

Not Truth

"Nothing, of course, could be further from the truth . . ." he added.

Mayrand said there had been complaints about conditions at a temporary refugee camp at Emerson, Man., but remedial action was taken soon after it came to the government's attention.

"Actually investigation showed that the conditions which caused these complaints were due, in the main, to the carelessness of the workers in the camp themselves," he said.

Altman said an article in the Winnipeg Tribune of last Oct. 19 about working conditions of refugees in Manitoba had provoked a scandal.

Altman described them as suffering from filthy, cramped living quarters and bad food. For a 10-hour working day, he said, they received $3.50 of which $1 was taken for lodging and 25 cents for food.

Quite Satisfied

OTTAWA, May 13 (CP)—Arthur MacNamara, Deputy Labor Minister, said Thursday night immigrants to Canada—and especially Polish immigrants — are "highly pleased with the treatment they have had in Canada."

"Very clear evidence of this is that none of them have asked to go back to Europe and have asked departments to bring others of their nationality from Europe," he said.

Court Hears Case Of Illegal Train Entry

ROCHESTER, NY, May 13 (CP) —A Federal grand jury has adjourned until May 24 after hearing what is believed to be the first case in Canada-United States-border legal history.

The jury will report in about two weeks on "the case of the Alien Train"—a Canadian National Railways train which allegedly entered the United States illegally at Niagara Falls, NY., last June 31.

The hearing resulted from a complaint by the United States Immigration and Naturalization Bureau that the train, with 53 Canadians aboard, was passed at the border by the railroad officials without having been inspected by United States immigration authorities.

National Unity Stressed By St. Laurent

By the Canadian Press.

The campaign for Canada's June 27 general election picked up speed yesterday with a fresh flurry of vote-weaning speech-making developing across the country.

Prime Minister St. Laurent, now deep in his Maritimes campaign, made a 65-mile sweep from Digby to Yarmouth, N. S., delivering addresses en route. George Drew, Progressive Conservative leader, carried his vote-getting appeal to the big Newfoundland newsprint town of Grand Falls.

In the west, Solon Low, Social Credit leader, broadcast to the voters on a national CBC network. At least two cabinet ministers, Defence Minister Claxton and Reconstruction Minister Winters, also moved into the campaign.

St. Laurent carried his gospel of national unity into Nova Scotia's Acadia land.

Moving by car along a 65-mile strip of coastline between Digby and Yarmouth, he spoke again the message he has been proclaiming in the west, in Ontario and in his own native Quebec.

Its core is simple. It is great, he says, to be a Canadian.

More and more Canadians are realizing this because there is a growing consciousness from coast to coast of national unity, of the value of rearing a national edifice bulwarked by the distinctive characteristics of two great races.

Canadians are blessed with an unmatched land and they themselves are a superb and unified race.

Will Adjust Terms

George Drew told an audience in Grand Falls, Nfld., a government under his leadership would be prepared to adjust the terms under which the island entered confederation.

A Progressive Conservative administration also would ensure frequent and continuing discussions between the federal and provincial governments, he said.

He took up the confederation issue after provincial party leader Harry Mews said union terms were not satisfactory.

In various addresses, he stressed these points:

1. A Progressive Conservative government would not abolish family allowances or old age pensions.

2. His party believes that organizing of labor works out to the benefit of the community as a whole.

3. As leader of the Progressive Conservative government in Ontario he and his cabinet colleagues had made the 48-hour working week and collective bargaining compulsory.

He referred to statements that his party would do away with family allowances and old age pensions and said: "We believe in the widest possible measures of social security."

He added that the Progressive Conservative party believed in old age pensions far beyond anything the Liberals had done.

Mr. Low said the fundamental election issue is the retention of the present financial system or "a change to a system that means adequate purchasing power in the hands of the people."

"The only way to avoid unemployment, or war, or both, is through application of the principles of Social Credit," he said.

The Weather

Peterborough Temperatures

Today:
Nigh tlow..33 Noon ...59

Yesterday:
Highest....60 Lowest 39

One Year Ago:
Highest....62 Lowest 50

Thunderstorms and showers moved across Northern Ontario early today in advance of a disturbance approaching Lake Superior. The thundershowers are expected to reach the lower lakes regions by midnight tonight, however they will be scattered over the regions and therefore will not provide any general relief from the current dry spell.

The thundershowers are followed by clear and cooler weather.

Forecasts.

Lake Erie, Southern Lake Huron, Lake Ontario and Niagara regions: Clear becoming overcast tonight clearing again Saturday morning. Scattered thundershowers tonight. Mild tonight, turning cooler Saturday. Winds light. Low tonight and high Saturday at St. Catharines 56, 26; St. Thomas 56, 62; Trenton 55, 58.

Summary for Saturday: Clearing and cooler.

Northern Lake Huron, Georgian Bay and Haliburton regions: Clear becoming overcast this evening clearing again early Saturday morning. Thundershowers this evening. Mild tonight turning cooler Saturday. Winds light becoming north 15 Saturday morning. Low tonight and high Saturday at Wingham 55, 58, Muskoka 50, 55; Killaloe 50, 52.

Summary for Saturday: Clear and cooler.

Trade Policy Said Temporary

HALIFAX, May 13 —(CP)— President Harold Wilson of the British Board of Trade said here yesterday bilateral trade is not a permanent instrument of his country's policy but necessary for European recovery.

Starting a "plain-talk" tour of Canada, he told the Halifax Board of Trade that Britain—like Canada — looks to establishment "as quickly as possible" of a world trading system.

The Dominion was not losing British markets nor was she being subordinated in the United Kingdom trade picture. Last year, Canada was "by far" Britain's largest supplier.

Mr. Wilson said increase, or even maintenance, of Britain's flow of imports from Canada depended on "a great expansion of our exports to Canada."

University Deficit Said To Be $200,000

MONTREAL, May 13 (CP) — McGill University faces a deficit of $200,000 this year, Dr. F. Cyril James, principal and vice-chancellor of the University told the annual meeting of the McGill Associates Thursday night.

The Associates, a group of Montreal business men and industrialists organize a yearly campaign to help finance the University. This year's objective is $40,000.

For lack of money "the quality of our educational facilities is endangered," Dr. James said.

Last year's deficit amounted to $281,092.

UAW Supports New Candidate

WINDSOR, May 13 (CP)—The political action committee of Local 200, United Automobile Workers (CIO), announced today it would recommend all unions support two new Labor candidates instead of those of the CCF in Essex west and Essex east in the June federal election.

The nomination last Friday of Archie Cherniak as the CCF candidate in Essex west is given as the reason for the new action.

The statement did not explain further why the UAW was opposed to Mr. Cherniak, a successful Windsor business man.

The statement said the committee would be prepared to back Roy England, president of Local 200, should he become Labor's candidate in Essex east and suggested Tom McLean, assistant regional director of Region 7, UAW-CIO, as a candidate for Essex west. Ald. William C. Rigs is the CCF standard bearer in Essex east.

Cheese, Produce And Livestock

TORONTO FRUIT

TORONTO, May 13 — (CP) — Wholesale fruit and vegetable prices unchanged here this morning with the following exception: Asparagus, $3-$3.50.

HOG PRICES

TORONTO, May 13 — (CP) — Hog prices at Stratford: Grade A hogs paid $29.85 to formers and $30 to truckers.

At Hull grade A hogs, dressed, were $29.75 delivered.

BUFFALO LIVESTOCK

BUFFALO, N.Y., May 13—(AP) —Cattle 350; beef cows 17.50-19.50; good dairy type heifers for slaughter 21.00-22.00; good weighty sausage bulls 21.00-22.00.

Calves 250; good and choice 27.00-28.00, culls and bobs 18.00-24.00.

Hogs 400; good and choice hogs 14.50-19.50; good sows 14.50-15.50.

Lambs and sheep 300; good and choice clipped lambs quoted to 29.25; culls 24.00 down.

TORONTO PRODUCE

TORONTO, May 13 — (CP) — Produce prices quoted on the spot market here this morning follow: Churning cream unchanged, No. 1, 58 cents fob, 62 delivered.

Receipts are up on a quiet egg market. Prices are unchanged. Country shippers quoted graded eggs, cases free: Grade A large, 45-45½; A medium 44-45; A pullet 41-42; grade B 40; grade C 35½-36. Wholesale to retail: Grade A large 48-49; A medium 47-48; A pullet 45-46; grade B 44-45; grade C 39-40.

Butter solids prices are steady and unchanged. First grade tenderable solids, 58. Other first grades, 57.

WINNIPEG GRAIN

WINNIPEG, May 13—(CP) — Trading, at first fairly active, turned dull as the session continued on Winnipeg Grain Exchange today. Oats and barley were being bought by shippers and American interests, and both grains came in for some seaboard demand, with offerings light.

Rye showed strength, reflecting the continued dry weather over the growing belt, and American interests were in the market for it. Offerings of rye also were light.

Prices:

Oats—May ⅝ higher 70¾; July ⅝ higher 76⅜A; Oct. ¾ higher 71½.

Barley — May 1⅝ higher 1.18¾A; July 1¼-1⅛ higher 1.11⅝A; Oct. ¾ higher 1.02⅜A.

Rye—May 3⅛ higher 1.30⅝B; July 3⅜ higher 1.32B; Oct. 2⅞ higher 1.33¼A.

Flax—Not open.

Inspections: Wheat this year 438; last year 239; cars of contract 352; oats 110-6; barley 124-14; flax 20-3; rye 30-0; other grains 8-1; total 727-263.

WA At Roseneath Makes Two Quilts

ROSENEATH, May 12—(ENS) —Mesdames James and Jack Webb were joint hostesses to the W.A. of St. James' Anglican Church on Wednesday afternoon in the township hall, Roseneath.

After a brief devotional period the members quilted two custom quilts.

During the business period, the treasurer, Mrs. Jas. Brown, reported having sent $52 to the Diocesan treasurer as payment in full for the year for pledge funds and affiliation fees.

A report on the contents of the bale forwarded to the W.A. house was presented. The new material in the bale was valued at $19. Used clothing in W.A. bales cannot be valued.

The president, Mrs. C. R. Spencer, presided and gave a detailed report of the Annual Diocesan board meeting held in Toronto last week. Mrs. Spencer was a delegate to the meeting.

Plans were made for the June meeting to be held in the rectory at Hastings, with Mrs. Spencer as hostess.

Lunch was served by the hostesses.

POISON ARROWS

The juice of the blood-flower in South Africa is used for poisonous arrows.

MORE ABOUT—

Pick Clapper

Continued from Page 1

folks. I have tried to tell them them about good sportsmanship, and how it will make them better members of the community and better citizens of Canada.

Backs Health Program

If I am elected, and I feel that I am going to be, I think I could help in the great health program that has already been begun. I would try always to be a good representative of our industries, the labor man and the farmer, because they are all important.

As coach for some years, I learned that you can only do so much in winning the game. You can tell each man what he is expected to do, on the offensive or on the defensive, but when he leaves the dressing room he is on his own.

I think that is going to be true in this campaign. One man cannot do it. He must have 100 per cent of the Liberals with him. In hockey only one man scores a goal, but he has got to have the co-operation of all the others on the team. I feel sure that if all those who wish to see me elected will keep that in mind, there is no reason why we can't win.

Again, in hockey you try to win the Stanley Cup, but this is something far greater, to be a candidate of the Liberal party and to do the best I can for you in the government of Canada."

Maiden Speech

That was Dit Clapper's maiden political speech. If he felt nervous at the beginning, there was no evidence of that feeling at any time. He spoke easily and simply. The first to congratulate him on his nomination was the Hon. C. D. Howe, Minister of Trade and Commerce, the convention speaker, who passed over his own record as Minister of Munitions and Supply during the war to discuss some phases of the period of reconstruction of which he was director, and his present responsibilities in the Cabinet.

After her husband's nomination, Mrs. Clapper was requested to take a seat on the platform. She was presented by Mr. Howe with a bouquet of roses, gift of the Women's Liberal Association. Others on the platform were Mrs. John Duignad, Dr. Donald Munro of Warsaw, Mr. M. M. McIntyre and W. A. Fraser of Trenton.

"I congratulate this convention of Liberals on the candidate you have selected," Mr. Howe said. "I met Dit Clapper face to face for the first time tonight, but I feel that I have known him intimately for 15 years. It is my custom in reading my newspaper to look over the front page, then the editorial page, and the third page I turn to is the sports page, particularly about baseball in summer and hockey in winter. I have followed his career with the Boston team, and I shared with the people of Boston the regrets expressed by them a few months ago when Dit Clapper decided to retire from hockey. I am glad to see him offering his service in the public life of Canada.

Fight On Hands

The Liberal party in this campaign had a fight on its hands because it was going to meet Toryism head on. "Those who pull the strings are playing their ace in Mr. Drew. They have withdrawn him from Toronto and moved him to Ottawa to try to do what nine or ten of their leaders before him have failed to do. To my mind it would be a calamity to this country if the Tory party was elected. I have been long enough in the government to know what it takes, and when I hear Mr. Drew denounce bureaucrats and controls and our trade matters, I feel that if he could put his ideas into effect it would be a sorry day for this country. I know that the people are not going to let that happen."

Briefly, Mr. Howe recalled that the Liberal party had taken over the administration of Canada in 1935 in the midst of the depression, and was bringing it back to a sound basis when it had to take charge of Canada's action in the war.

Capital Planning

The government undertook capital planning to transfer men and women from war time to peace time jobs, more than one million men and women in jobs that would end when the war was over.

"Since the war we have been able to maintain the high level of employment and income which we had made our objective in postwar planning. We were reinforced by our unemployment insurance for which we had built up a great fund to tide over any temporary condition we could not control...."

The Minister of Trade and Commerce said Canada had become one of the great trading nations, the third greatest in the world. Last year Canada's exports were higher than those of the United States before the war, behind only the United States and the United Kingdom in the volume of exports. Before the war the value of Canada's services and products was five billion dollars; last year it was in excess of $15 billion; and this year would be around $16½ billion. Those figures were indicative of the increase in the nation's production since 1938.

Best Exports Ever

"Our exports last year exceeded $3 billion for the first time in our history, and add to that our investment of $3 billions in manufacturing plants, houses, public buildings and the services required by a growing population. We exceeded last year the volume of exports in 1944 when we were shipping abroad great quantities of war goods. Yet, the Conservatives and the C.C.F. say our exports have collapsed. I hardly know how that statement is consistent with the facts. We really have not much left to sell at the present time.

During the war salmon was virtually a luxury product. Canadian shelves were bare of it. Last year the Canadian market took the whole pack. "With a bigger pack this year, I sold in Britain two weeks ago, when I was there, between 300,000 and 400,000 cases of the 1949 pack. I am told that is about all the salmon Canada will have for export.

Lumber is one of our largest exports. Early this year we sold to the United Kingdom about twice the quantity we sold last year, and I am told that our eastern lumbermen have on hand all the contracts they will be able to fill in 1949. On my trip to Britain I sold $10 million of west coast lumber, and our western lumber industry should be at full capacity well into 1950."

"Britain is having a tough time to balance her trade. It would be impossible without loans from Canada and the assistance of the European Recovery Program. At the Mansion House dinner at the opening of the British Trade Fair, I undertook to discuss the trade problem as between the United Kingdom and Canada. We accepted the necessity of trying to balance trade between Canada and sterling countries.

Our exports of natural products to Britain are too large in volume and value to be balanced by buying manufactured goods in Britain. I suggested that we could take such raw materials as British sugar, petroleum, tin, copper, Egyptian cotton that we are buying from dollar countries. By such purchases we could work out a bilateral balance of trade. This suggestion of mine was taken up, and I may say that committees were set up to study its possibilities. There is a sugar committee meeting at the present time in New York."

Mr. Howe devoted a considerable part of his address to the charges by Col. Drew against the government's enterprise of North Star airplanes. His reference to flying to England and back in that type of plane drew laughter from the convention crowd.

Consult Experts

Experts of Trans Canada Airlines were consulted. They liked the Douglas DC-4 but the company had on its drafting board the DC-6, a larger and faster plane. We bought the rights from the Douglas Company to build the DC-4 and the DC-6. Then there was the question of the engine to be used. The Rolls Royce Merlin had been used in Lancasters built here. Consensus of pilots was that the Merlin had distinct advantages over the air cooled type of engine, especially for Atlantic flights. They were better at greater altitude in riding over storms."

"The Constellation is a fine plane today, but it was twice grounded because of defects in its structure that were brought to light in two serious disasters with loss of life. Trouble was also experienced with the Douglas DC-6 without the Merlin engine, which was also twice grounded.

"But our North Star has been doing all right. In nearly 25,000 flights across the Atlantic, and that is one of the most difficult crossings in the world, the North Star has not had loss of one passenger or injury to either passengers of crew. North Stars are making three flights a day from Montreal to Vancouver and return, and we are getting better utility with it than from any other competing plane."

Knew In Advance

"At Montreal we kept 6,000 on work in addition to the North Stars. They worked on old DC-3s, and turned them out as good as new. I heard this Drew charge was coming long before the session began. Mr. Drew was in heavy consultation with a bookkeeper dismissed by Canadair, and also with a salesman for a U.S. plane."

Mr. Howe said he heard in England about the Drew charge of malfeasance in the aircraft branch, but by the time he arrived back the sessions were ended and the charge went unanswered. "Mr. Drew specializes in charges. You remember his Bren gun charges in 1939. Enquiry showed there was no malfeasance in the Bren gun contract. All that the charges resulted in was six months delay in getting the Brens into production.

I understand Mr. Drew says he should throw the planes away and start all over. I think every expert in the world would testify as to the calibre of the North Star plane. I don't think Mr. Drew wishes to bring this matter before the public accounts committee. It suits his purpose to bring it forward during the election, and let it fade out into the recesses of time."

Mr. Howe said the Liberal party in the last 60 years had only three leaders, Laurier, King and St. Laurent, and had won 10 elections. In the same period the Conservatives had 11 leaders and won two elections.

"It seems to me the government is a good mixture of experience and youth. We regard Mr. St. Laurent as a great leader. He is a man of good judgment, quick decisions, and has at heart the welfare of the common citizens in everything he undertakes. I am the sole survivor of the government that was appointed to office in the elections of 1935. Mr. Gardiner followed me a few weeks later. In the last three months three young men have come into the cabinet, Mr. Pearson, Minister of External Affairs; Mr. Garson, Minister of Justice and Mr. Winters, Minister of Reconstruction.

Mr. Howe was introduced by Col. J. A. Dewart, and the appreciation of the convention was expressed by Dr. Munro.

5,000 Police Close On Bandit

PALERMO, Italy, May 13 (AP) —Some 5,000 police were closing in today on the mountain stronghold where Sicily's "Robin Hood" bandit chief is holed up with about 20 of his men.

The police are trying to force bad man Salvatore Guiliano and his band into an open gun fight.

Three policemen were mowed down by machine-gun fire today about 15 miles southeast of here, but this was believed to be the work of another gang led by a gunman named Mauro.

Guiliano recently issued a challenge from his hideout about six miles southwest of Palermo to duel any 10 government deputies one at a time. Since his "offer" was spurned half a dozen police have been slain—usually from ambush.

Convict 117 People

TORONTO, May 13 (CP)—One hundred and seventeen persons were convicted for breaches of game and fish laws in Ontario last month, Lands Minister Harold Scott announced Thursday. Majority of the offences, 63, concerned fishing illegally. Nine persons were convicted for shooting fish and eight for spearing them.

Fined $500, Costs For U.S. Cigarettes

WINDSOR, May 13 (CP)—Implicated through the arrest of two men in Toronto a week ago, John Robinson of Sandwich East today was fined $500 and costs with the alternative of a year in jail for the sale of 25,600 American cigarettes.

The Toronto men were picked up on a routine arrest and 128 cartons of American cigarettes found in their car.

Windsor RCMP authorities were notified and investigation led to the arrest of Robinson. He made a voluntary statement admitting the sale of the large quantity of contraband smokes.

Margarine In West

REGINA, May 13 (CP) — The Saskatchewan Margarine Act, to regulate the color of the butter substitute, will come into force May 15, but stores will be permitted to sell yellow margarine until current stocks are finished, Agriculture Minister I. C. Nollet said Thursday.

Uses Pen Knife To Foil Four In Holdup

TORONTO, May 12. — Quick-thinking John Pica of Walseley St., foiled four daylight holdup men on King St., near Bathurst Thursday, when he pulled a penknife from his pocket and stabbed one of the bandits in the back. Police were called and a short while later two men were arrested for the attack. They were Ken McGibbon, 21, of Lippincott St., and George Kennedy, 40, of Jarvis St., who have been charged with attempted robbery.

Pica told police he was walking along King St., near Bathurst, when four men approached him. One of them asked him for the time. As he was reaching into his pocket for his watch, one of the men grabbed him around the waist and another went through his pockets. He managed to struggle free and reach into his pocket for his penknife and as McKibbon started to struggle with him, Pica stabbed him in the back. The four then fled, he said.

Pica notified the police, and, with a constable in tow, kept a close watch on the area. A few hours later he spotted two of his assailants, who were quickly picked up. McKibbon was taken to Toronto Western Hospital, where he was treated for a flesh wound and then locked up.

Gets 2 Years In Pen Under Narcotics Act

HAMILTON, May 13—(CP)— Convicted by a general sessions jury yesterday afternoon of a breach of the Opium and Narcotic Drug Act, Harry Chrysler, of Hamilton, was today sentenced to two years in the penitentiary by Judge William F. Schwenger. In addition, he was fined $1,000 or another year in prison.

Also sentenced this morning was Arthur Fludder, convicted earlier this week on a charge of retaining Dominion of Canada bonds in his possession, knowing them to be stolen. His Honor gave him a term of 18 months with hard labor in the common jail.

Toronto Tax 31 Mills

TORONTO, May 13 (CP)—A mill rate of 31.4 mills for this year is indicated in official figures released Thursday of budget estimates and property assessment for Toronto. Last year's rate was 38.5 mills. Despite reductions in budget estimates the budget stands at approximately $41,407,738 on an assessment of about $1,300,062,353. The assessment last year was only $984,784,166.

ONE MINUTE NEWS ABOUT JOHNS-MANVILLE

WOULD CALL HALT TO MACHINE AGE

Without it not a train could move! Not a plane could leave the ground! Without it, industries would shut down. This important material, essential to almost every machine, is a material called "packing."

Johns-Manville makes hundreds of styles and types of asbestos packings for use wherever a seal is needed to prevent leakage of steam, air, gas, oil, or other liquids. J-M Packings are the result of eighty years of experience. They're long-wearing, and meet the most exacting needs. Besides many standard forms of sealing materials, Johns-Manville also specializes in "tailor-made" Packings and Gaskets for specific jobs. For complete information on J-M Packings and Gaskets, write Johns-Manville, 199 Bay St., Toronto—or see your nearest J-M distributor.

FOR YOUNG MEN AND MEN WHO STAY YOUNG

Campbellford Man Freed On Charge of Giving Liquor To 15-Year-Old Girl

CAMPBELLFORD, May 13 (ENS)—Hector MacMillan, 26 appeared in police court on Thursday before Magistrate A. E. Gee of Lindsay on charges of unlawfully and knowingly supplying liquor to a minor and having liquor in a place other than the residence in which he resides. He pleaded not guilty to the first charge, on which he was dismissed, and pleading guilty to the second, he was fined $50 and $14.50 costs. Provincial Constable Arthur Kellogg laid the chares.

A 15-year-old girl who was allegedly given liquor by the accused, told Crown counsel Harry Seyman of Cobourg that she was walking home from a dance at Edgewater Park at about 10 p.m. Saturday, April 23, when a car came along and a man spoke to her. The girl said she ignored him. He drove on a short distance and came back.

Parked on Road

"I recognized Bruce Connor, Dante Pace and Hector MacMillan," she testified when Hector driving. We went to Jack's place, she stated, and bought some paper cups. Then we drove to some pine trees on the side of Hastings road, where we parked.

"Hector had a large round bottle of whiskey and he poured out a drink for me," she continued. "I took the drink and it tasted very bitter. It was the first drink I ever had," she told the Crown. "Later I took another drink of the same stuff. Then we drove to Kelly's on Rear St., where Bruce Connor got out and walked me home. At the corner of Rear and Front Sts. we saw Mrs. Messenger and her daughter Ellen.

"I went to Ellen's home and Mrs. Messenger made me coffee, but I was too sick to drink it. The Messengers took me home and I was so unsteady that I had to be dragged most of the way."

Questioned by defence counsel, T. B. Horkins, K.C. of Toronto, the girl said that she had never worked for MacMillan and never had a date with him. She said that he had been dressed a little more formally for the dance and perhaps looked a little older. "Did anyone suggest that you should dress to look younger in the court?" asked defence counsel. She said that Constable Kellogg had so advised her.

At this point Mr. Horkins, with the permission of the magistrate, had the witness placed in a different position where she couldn't see the constable.

Bottle on Front Seat

Continuing she said that she she had seen a bottle on the front seat of the car, but on being questioned further she could not swear that it contained whiskey. She thought that it wasn't Bruce Connor who had given her the drink.

Testifying for the Crown, Mrs. Janet Messenger said that the girl had come to her house with her daughter Ellen and that she seemed to be intoxicated and was very sick.

She said that she had made coffee for her, but she was too ill to drink it. "After phoning her father, we took the girl home. We had to drag her practically all the way", she declared.

The girl's father said that his daughter couldn't sit on a chair and didn't seem to be able to handle herself. He thought that she was under the influence of liquor.

Under cross-examination by the defence, he told the court that he was peeved when he saw his daughter in such a condition, but maybe I went too far. "I feel sorry for Mr. MacMillan," he said, "and Hector's wife and children. I wouldn't like to see anyone go to jail. Perhaps this is a good lesson for the both of them. I have known the father for a long time and we were in the army together," he stated.

Dante Pace, 20, questioned by the Crown, said that he saw a bottle in the front seat and thought it contained whiskey. "I sat in the back, he said, and the girl sat between Hector and Bruce in the front seat. He testified that when they picked up the girl her hair was messed and her lipsick smeared. When she got in the car she said that she was mad. Bruce asked her if she would like a drink and she answered, "I can use one."

We went to the pines and parked for awhile. I reached for the bottle and poured a drink, he said.

He stated that he believed it was whiskey. In fact it tasted like whiskey. Wanting to get intoxicated, I took another drink, but it had no effect on me. I never saw anyone pouring the girl a drink, he told the court. We let her out at Kelly's and she was walking straight when she left the car.

Made Statement

Provincial Constable Kellogg told the court that MacMillan had made a statement to the police and that he had given him the usuel police warning.

He said that MacMillan had signed the statement without any inducements or threats. He appeared perfectly sober and normal, Kellogg declared.

"Do you remember MacMillan sticking his head in the door of the police station and saying "For heaven sakes I am nervous waiting outside?" The defence asked the witness. The constable replied in the negative. "I suppose you don't know, said the defence, "that MacMillan was discharged from the air force suffering from psycho-neurosis and that he had been in the hands of psychiatrists for a solid year?" The witness stated that he had known nothing about MacMillan. Chief Constable George H. Hardy of Campbellford corroborated Kellogg's evidence.

At this point the defence counsel, addressing the magistrate, argued that there had not been sufficient evidence by the crown to present a case against the accused. Why wasn't Connor called to the stand? he asked. "There is no liquor here as proof that there was liquor in the car," he stated.

The crown endeavoured to introduce the written statement of the accused and a trial within a trial took place. The magistrate would not allow the statement to be used as evidence. The magistrate said that the evidence offered by the crown was quite insufficient and in dismissing him he exhorted MacMillan to go straight from now on, as he was giving him the benefit of the doubt.

THE FIRST U.S. MILITARY TRAIN bound for Berlin in 11 months leaves Frankfurt railroad station. Station attendant in foreground is signalling "All aboard for Berlin."

ChamberOfCommerce Sponsors Potato Club

COBOURG, May 13—(ENS)—The agricultural division of the Chamber of Commerce is functioning well, with the Potato Club in full swing. The 24 boys in the club have elected Ted Carter, president and Mary Jibb, secretary.

The local Co-Op has issued 50 pounds of potatoes and 50 pounds of fertilizer to each member of the group. The crop will be judged at the end of the season and prizes presented.

The Chamber of Commerce plans a membership drive and a new group will be formed, to be known as the Professional group to include insurance men, bankers, dentists, doctors, veterinarians, lawyers and accountants.

Compile Voters' List

COBOURG, May 13—(ENS)—Thirty-four enumerators are canvassing the town to list those eligible to vote in the coming federal election. The returning officer is T. F. Hall, KC. So far, most of the election talk has been confined to the meetings at Warkworth but within a week or two, committee rooms will become active and the usual pre-election routine will start.

Boy Badly Hurt In Cycle Crash

COBOURG, May 13—(ENS)—Falling from his bicycle against the side of a car, seven-year-old George Gibson of Cobourg, sustained a possible fractured skull Thursday afternoon and a broken leg. He was rushed to the Hospital for Sick Children, Toronto, shortly afterward and at eight p.m. was still unconscious.

The youngster was riding home from school on his bicycle behind his 12-year-old sister, Carol. The front wheel of his bike caught alongside the rear wheel of his sister's and he fell against the side of a car driven by Clarence Hie of Cobourg. The accident occurred on University Ave., the boy proceeding west and the car going east.

"We were on our way home from school," Carol said. "I was riding in front and he was coming behind on his bike. His front wheel caught my back one and he fell off. Just then a car was coming."

The boy was examined by a doctor and due to his condition it was decided to rush him to Toronto. His parents are Mr. and Mrs. Percy Gibson, William St.

Drawn Up In Battle Array

Mr. St. Laurent and Mr. Drew have both made important radio addresses which have defined the ground on which the federal election will be fought, and their forces are now drawn up in battle array. So far Mr. Coldwell has made no striking declaration of policy, and there are reasons for thinking that this election will be fought on more clearly Conservative *vs.* Liberal lines than any federal campaign for many years. Mr. Drew has revived Conservatism to a remarkable degree and has strengthened his party as an Opposition in a manner which has been a tonic for Parliament. Mr. St. Laurent, on the other hand, has called the socialists of the C.C.F. "Liberals in a hurry", and has said that his party will go as far as seems practicable in social legislation as fast as it can effectively do so. In other words Mr. St. Laurent has given clear recognition to the fact that whatever government Canada gets will be, in some measure a socialist government because socialism is the inescapable trend of our times; the Liberals, he insists, can cooperate with that inevitable trend without either the delay and reluctance of Conservatives, or the inexperienced haste of the C.C.F. This is a very strong point and will, we feel, bring thousands of former C.C.F. votes to the support of Liberal candidates.

* * *

Mr. Drew is the strongest leader the Conservative party has had since Sir Robert Borden, but he has not been leader for long and his party is inhibited by a long record of defeat. He is attacking the Liberals on the weak points of their record, he is proposing a new method of meeting the problem of foreign trade, and he is making the most of the hysterical fear of Communism which infects us from the U.S.A. He is attacking, also, the Liberal policy of heavy taxation in times of prosperity, and is conveniently overlooking the fact that these heavy taxes are being used to reduce the public debt. In positive proposals for the future Mr. Drew is not so strong; he asserts that the Liberals are taking Canada farther and farther into socialism, and he thinks that Canada can hold her own against the pressure which is driving so much of the world in that direction. No doubt he will make his proposals clearer in future speeches.

* * *

Mr. St. Laurent is also a new and very strong leader, and reports from Quebec suggest that the people of that province look upon him as a new Laurier; they are not likely to toss aside the chance to have a man of their own race and faith at the head of the government. Furthermore, Mr. St. Laurent can point to the long record of the Liberal party in dealing effectively with Canadian affairs, foreign and domestic. There have been some failures (and Mr. Drew is making the most of them) but upon the whole the record is one of fine accomplishment —solid success. And the strongest point in Liberal favour, of which Mr. St. Laurent is making the utmost, is that it is the only party which can hope for a truly national mandate; Conservatism in the West is a lost cause.

* * *

The coming election is the first since 1935 in which the Canadian people have been completely free to make their choice, and contending parties completely free to hit hard and take big chances. In 1940 and 1945 war considerations came first and no chances could be taken. But now we are free to contest an election chiefly upon Canadian issues, and the two chief contestants have told us what they hold those issues to be.

Pupils' Colour And Design

We were pleased, even delighted, with the display of P.C.V.S. pupils' art work recently on view in the Library. There was a great copiousness about it, not only in the number and variety of pieces but in their freedom of expression. Judging from this show, the purpose and scope of art instruction has changed since we were at school, and changed for the better.

There was almost nothing painstakingly, gawkily realistic; no carefully copied designs from the teacher's blackboard; no inane, stultified mimicry of apples or Christmas trees. Instead there were colourful, free designs on fabric, some of which would look well as drapes or chair covers; ceramic work and armbands in metal; model rooms; wallpaper patterns in remarkably good taste and decently executed; a great host of non-representational paintings in a variety of media and techniques, gay, imaginative and lively as the young folk (most of the exhibitors were from Grade Nine classes) who have created them under able, intelligent tutelage. The work seemed light-hearted—some of it was amusing—and free-spirited; nevertheless suprisingly competent for pupils so young. We were quite bewitched by a hat one lad had conjured up.

It was an encouraging display. Perhaps no exceptional talent, no great artist, was revealed but the promise for the future was good. These young folk will be adults in a few years, with homes of their own in Peterborough and elsewhere. The practice they are getting now in school will be useful to them in their homes in a very practical way, when a shelf is to be made, curtains run up, a room remodelled. More important, they are acquiring now a good feeling for colour and design, a sense of taste.

As adults, they should not be satisfied with poorly-designed wall-paper, ugly drapes, garish gew-gaws and hideous furniture. Shops will not be able to sell them some of the mass-produced junk which is now popular in certain quarters. These young people will choose tastefully; and wisely; they will know that the biggest, most expensive, is not necessarily the best, and that often the best can be home-made, hand-made, or given individual touches. And their homes should be pleasant and gay in decoration and appointment, not sordid and dull.

Instruction in art classes in our schools, the kind which results in such work as was displayed during the last ten days at the Library, is of inestimable social as well as cultural value. With such work going on in schools Canadian homes and towns cannot but be better places to live in.

What Makes A Holiday?

Queen Victoria's birthday, May 24, falls on a Tuesday this year, and there have been many suggestions that it be celebrated on the Monday. And, as always when this happens, many people have extended the suggestion, saying that all public holidays should be celebrated on Mondays, in order that the business week should not be disturbed. There is logic in this, but we agree with Winston Churchill that logic is not always the best guide in decisions which involve matters of sentiment.

What is a holiday? Is it merely a "day off"? Or is it a celebration of a particular event? If the former, it does not really matter when the "day off" comes; Christmas can be celebrated on December 22 or December 28 as easily as on the 25th. The Queen's birthday (which should mean much to Canadians, for she was the foundress of our Dominion) can fall any time in May. But if we have any feeling for sentiment or tradition we must celebrate these holidays on the proper day; no other day will do.

Canadians are not strong in sentiment and tradition. What is more, we are a people who rejoice but rarely. We have little regard for the great dead, and because our country has a meagre and short history we care little for traditional observances. If we have more reverence for "the business week" than for anything else, let us by all means arrange our holidays so as to interfere as little as possible with buying and selling. But let us not call them "holidays"; let us call them "shut-till days", or "unprofitable days".

Don't Be Lazy, Get Your X-Ray

More than eleven thousand citizens have been X-rayed in the free mass survey that is now being conducted in Peterborough by the County Tuberculosis Association with the support of other groups. Most of that number have been industrial workers and high school pupils because these were first on the survey lists. Now the general public has the opportunity. It seems from the results of the first ten days of the clinic's operation in zones, that people are a bit tardy or lazy in paying the short visit to the clinic.

The survey has great civic value; it is even more valuable to each individual X-rayed. He or she can then know with reasonable certainty that the blighting T.B. infection is not present. To find this takes but a painless moment. We urge all Peterborough people not to delay visiting the X-ray clinic when it is set up in their own neighbourhood. The dates and locations have been published.

Showmen say that vaudeville is coming back. In politics, of course, it never went out.

Notes And Queries

By ALPHA

Questions are solicited for this column, particularly those relating to local lore and tradition.

DEAR ALPHA: The enumerators have been around, two of them together, like Mutt and Jeff, only they were women. It looks like a nice soft job to me, especially with two of them. Why two? One should be more than enough. There was only one before the Provincial elections last year. And tell me why those Nosey Parkers (Parkerettes?) want to know what a person's occupation is?

ANSWER: Enumerators gathering names preparatory to a Federal Election always seem to work in pairs; for a Provincial election, singly. Perhaps the reason is that the bigger the election the more money there is to splurge. Further, federal elections are generally considered more important than Provincial, and two enumerators rather than one—that is, one on behalf of each of the two major parties — are guarantee against any possibility of accidentally-on-purpose leaving names off the electoral lists.

A lifetime Liberal told me that the reason there are two is that the Tories insist upon it, so that their party's minor henchmen can have some of the gravy that goes with the job.

* * *

YOUR SECOND QUESTION—why do they ask one's occupation?—is readily answered: Because the Electorial Act requires it. I suspect that there are two reasons for this. One is that when the electoral lists with the names, addresses and occupations of the voters are scanned at the polling booths by scrutineers, the given occupation is a check on the person's identity. For instance, if a man listed as a blacksmith were to turn up with hands as white and sensitive as a surgeon's, the scrutineers would have good reason to suspect that a doctor was impersonating the blacksmith and thereby trying to steal his vote.

The second reason, which I suspect is the sounder, is an historical one. In earlier days the commonalty were known as John the Smith (who became John Smith), William the Cooper (a cooper is a barrel and pail maker), who in time became William Cooper, Peter the Scrivener, Joseph the Miller, and so on. A man who did not labour was "squire", and "knight", or "gentleman". People were identified more by their occupations than by their surnames; indeed, the surnames often came to them from their jobs. So, I suspect, the old usage has survived on the electoral rolls.

In these days, surnames are better identifications than occupations. For instance, most women in Peterborough have the exalted ocupation of "housewife", and any woman voter appearing at the polls and saying she was Mrs. Smith, housewife, could be, whether she had dishpan hands or a mink coat or both. In the blest centuries preceding the present one, there was no such problem, since women had no votes.

* * *

QUESTION: Why is the pool in a poker game called a kitty?

ANSWER: It is not definitely known. The probable origin of the term is "kist" from which we get our modern word chest. Since kist was a money box, the pool in a poker game came to be called the kist, then the kit and finally the kitty.

* * *

ALPHA: I noticed in a news page of a recent issue of the Examiner that the Women Teachers' Federation was entertained by a "concert whistler". What on earth is that?

ANSWER: If you had heard Miss Mignon Mayneord, a young Peterborough lady who has whistled her way to more than local fame, you would know. Tin whistles, steam whistles, wolfers' whistles and whistling while one works, tubs, exclaims or meditates crime, are sounds of another colour than concert whistling. In a concert whistler's mouth, a whistle can become a thing of art and a syren call to the ear. Miss Mayneord, who whistles "In A Monastery Garden" and other such airs, and of course without mechanical aids, explained at the Women Teachers' meeting various "figures" of her art. She catalogued them thus: plain chirp, reverse chirp, chewy chirp, trill, yodel, upward and downward cry, whip, Chicago, and some others. Some of these terms are self-explanatory, but I must leave an exolanation and demonstration of the "chewy chirp", "whip", and the "Chicago" to Miss Mayneord.

* * *

ALPHA: Please settle a point for me. When I was out digging for worms yesterday evening— off to fish, old boy— my young daughter asked: "What do worms see down in the ground?" The silly sort of question kids ask which stump their elders. I won't say betters, because I don't even know where a worm's eyes are.

ANSWER: The earthworm doesn't see anything, and I would be surprised if you knew where its eyes were, because it has none. It has no ears, either. Eyes would be of little use to it, since it spends the daylight hours underground. For ears it uses its skin, which is so sensitive that it feels the slightest movement in the soil. The earth vibrates at the step of even the smallest insect and the senstive skin of the earthworm can interpret that vibration instantly. And so, without eyes or ears, it manages to escape many enemies, but not birds which can approach without touching the ground. You, Sir Fisherman-with-worms, must know how quick the earthworm is to sense danger when you grab for him.

* * *

FOR THE RECORD: The Chemong Lake causeway, replacing the mile-long floating bridge which was for so many years a joyous hazard, has been filled. Work on it has been in progress since last autumn. It will be officially opened for use on June 22nd. Thus comes to completion the causeway which has been mooted for thirty years or more, and is still a contentious subject. The pessimists will have to wait a year or two before they see it sink into Mud (Chemong) lake as they expect it to do. The optimists will have to wait as long before it can be a fine roadbed.

ROAD OPEN TO BERLIN

The Blackwell Bill And Freedom Of The Press

(Le Bill Blackwell et la liberte de la Presse)
(A. R. BOWMAN in LE CLAIRON)

SOME days ago delegates of U.N. gravely discussed the freedom of the press, in a unique sense. They insisted, these good gentlemen, on suppressing censorship of the news except in the case where the news would be of a nature directly compromising to the national defence of a country.

For journalists which do more than report with touching regularity dogs which have been run over and the arrest of boozers at street corners, these grave and majestic discussions which were unfolded at U. N. had a touch of the comic. That is because for years freedom of the press has existed only for the masters of the press journalists charged with gathering news, with finding items interesting to the public are themselves under a censorship at least as rigorous as that which exists in a totalitarian country. Journalists know this perfectly well, but the public does not. Therefore freedom of the press is a practical joke. It is only very relative and is becoming more and more so.

No need to recall "freedom" of the German press at the time of Hitler, or of the Italian press at the time of Musso, or that of Spain at the time of Franco, or that of China at the time of Chiang Kai-shek. Nor is there any need at all to go looking far distant for examples that one can find, alas right in Toronto as in Montreal.

If Franco throws journalists into prison who make a blunder, if Mr. Peron, more refined, passes a salary law destined to make impossible the carrying on of a newspaper without its being subsidized, that is the norm; they are heads of totalitarian states.

But neither the United States, nor England, nor France, nor Canada claims, officially at least, to have state totalitarianism. These countries pretend, on the contrary, to be perfectly democratic, on the presumption that they do not instantly impale a reporter or an editor who may have put a comma in the wrong place.

But in practice, things occur which come up to the finest of totalitarianism, that is to say, of arbitrariness, of tyranny, and of intimidation.

It is with a remarkable silence that the Quebec press has welcomed the passage of the Ontario Blackwell Bill, which carries a serious restriction of the freedom of the press, and secondarily of property rights and the right to make a will.

However, the same press raises a stink by raving about the censorship in Hungary, or in any other place which does not concern us directly. A snip of the scissors (un coup de ciseau) in the copy of a foreign correspondent in Czechoslovakia and they speak of a blow against the sacred rights of humanity, etcetera. But a slash of the knife (un coup de canif) in the constitution and in our Canadian law is of no importance. Even when the slash resembles a gash of the guillotine (coup de couperet).

Under undue and secret pressure the Ontario legislature has passed at full steam a bill, in effect retroactive, so that it will be able to demolish a strong opposition organ, the Toronto Star. Under the pretext of regulating charitable laws, one party has voted in bloc for a measure which people ought to remember. Constitutionally it is probable that the Bill is ultra vires. But politically it will give the results that the governmental clique which has succeeded the Drew clique, has been looking for: the suppression of a great opposition newspaper. Since the executing of The Star, the conservative party has a monopoly of the press in Ontario. The Winnipeg Free Press and Saturday Night have had some sharp words to characterize this 'family compact" which has about it the stale air of stalinistic conservatism.

As in Hitler's Germany, a parer of the press seems necessary. It is necessary to say a thing is white when the men in power want it said to be white, and black when it is decided that it should be called black.

This is what is called freedom of the press in the ultra-democratic provinces which go by the names of Quebec and Ontario.

Two friends met who had not seen each other for several years. "Hallo, Jim! Who'd have thought of seeing you? For whom are you working now" "Same people," was the cheery response. "wife and five children!"

How Time Flies

MAY 13

1919 The salary of Harry Evans, street commissioner, is raised to $1,500 a year.

Tariffs are discussed by H. B. Cowan and Edgar Worth at a meeting of the Peterborough Farmers Club.

The Rev. B. Davies of the Lakefield Baptist Church accepts a call to Listowel.

1929 Sixteen plush weavers go out on strike here at the Auburn Woollen Mills.

Traffic Officer J. M. Hinchcliff is assigned to patrol the Peterborough-Lindsay highway.

The C. P. R. Recreation Club at Havelock gives a banquet for workers retired on pension.

1939 Adjournments in liquor cases are to be discontinued here, Magistrate O. A. Langley states.

J. Douglas Paterson of Peterborough will be ordained in St. James Cathedral, Toronto, on Sunday.

City Trust Commission advises the city council it has no funds available to build an addition to the police court premises.

Bible Message

(From the Authorized Version)

Now when he had ended all his sayings in the audience of the people, he entered into Capernaum. . . And it came to pass the day after, that he went into a city called Nain; many of his disciples went with him, and much people.

Now when he came nigh to the gate of the city, behold, there was a dead man carried out, the only son of his mother, and she was a widow: and much people of the city was with her. And when the Lord saw her, he had compassion on her, and said unto her, Weep not.

And he came and touched the bier: and they that bare him stood still. And he said, Young man, I say unto thee, Arise. And he that was dead sat up, and began to speak. And he delivered him to his mother.

And there came a fear on all: and they glorified God, saying, That a great prophet is riven up among us; and, That God hath visited his people. And this rumour of him went forth throughout all Judaea, and throughout all the region round about. (Luke 7: 1, 11-17.)

* * *

Now when John had heard in the prison the works of Christ, he sent two of his disciples, and said unto him, Art thou he that should come, or do we look for another?

Jesus answered and said unto them, Go and shew John those things which ye do hear and see: the blind receive their sight, and the lame walk, the lepers are cleansed, and the deaf hear, the dead are raised up, and the poor have the gospel preached to them. (Matt. 11: 2-5.)

Quebec Moose Stand In

For the past several years there has been grave concern as to the survival of the moose in Eastern Canada. The slaughter, both legal and illegal, of this impressive Canadian animal has been great and its numbers have greatly diminished. The economic value of the moose to Canada is widely acknowledged, and also it is recognized as being very considerable. Statistics and data are lacking to establish a reasonable idea of just how valuable this wildlife resource is, or just how close this section of the country is to losing it altogether.

The province of Ontario has quite wisely decided to call a halt to the hunting of moose for a couple of years at least. As a basis for this action they have, in addition to the general realization of danger, the findings of a research party which has been in the field for the past two years. Research work will be intensified with the banning of hunting and in two years it is hoped information will be available which will permit of the problem being dealt with scientifically and rationally.

Quebec moose are no less in danger than those of Ontario and the action taken by the sister province gives Quebec an excellent excuse also to check the killing of the monarch of the forest and take stock. Certainly if hunting is permitted in Quebec, it will direct such pressure against the Quebec moose that he is likely never again to figure as a big game animal in this province.

A closed season will leave no excuse for the possession of moosemeat under any circumstances, and naturally it would be expected that efforts to prevent illegal slaughter would be redoubled for the duration of such a period.—Montreal Gazette.

Seamen's Strike Settles Down

MONTREAL, May 13 (CP) — The Canadian Seamen's Union (TLC) strike is settling down to picket-line pace with both sides claiming gains in the battle for control of deep-sea jobs.

CSU officials said the strike, marked by waterfront violence and arrests in its early stages, has become "more effective." Leaders of the rival Seafarers' International Union (AFL), which signed with the Shipping Federation of Canada precipitating the CSU strike March 31, said the situation is "clearing up every minute."

A spokesman for the owners said 47 of the 79 ships involved are sailing "fully and freely, manned by SIU crews."

Meanwhile, except for extra police patrolling the Vancouver waterfront after a minor skirmish between rival unionists Wednesday night, the situation was quiet.

CSU pickets marched in Halifax and Saint John, N. B., where scores were arrested after clashes last month, and in Montreal.

OUTPOST NURSE—Antoinette Malouin saw automobiles for the first time in months when she came to Quebec City for a visit from the outpost of Blanc-Sablon, furthest corner of Quebec province. The 36-year-old nurse said her job in the fishing settlement on Quebec-Labrador boundary means being doctor and teacher as well but she likes it and plans to return.

Too Much Power

QUEBEC, May 13 (CP)—Quebec, which produces more electric power than any other Canadian province, is using only about one third of its Hydro potential, A. B. Normandin, technical adviser to the Quebec Hydraulic Resources Department, said Thursday. He told the annual meeting of the Engineering Institute of Canada that the capacity of existing Hydro plants in Quebec is 6,000,000 horsepower and plants under construction will add another 1,000,000 horsepower.

Guilty Of Murder

FREDERICTON, May 13 (CP)—A criminal court jury Thursday found George Hamilton, 23, guilty of the murder of Norman Burgoyne, Fredericton taxi driver. Hamilton's brother, Rufus, 22, was convicted of the same charge last week. The mandatory death sentence winll be passed on the brothers, both Negroes, later in the court session.

ANIMAL IDOLS

Alaskan Indians erect totem poles to the animal from which they believe their tribe descended.

Crashed Into Wigwag Driver Fined $10

When Floyd Abrams, 510 Douglas Ave. crashed his car into the wigwag at the C.P.R. crossing on George St. April 23, his car was damaged to the extent of approximately $100. He was fined $10 with $2.50 costs at city police court Thursday when convicted of careless driving.

Mr. Abrams pleaded not guilty to the charge and was defended by W. J. A. Fair K. C. Constables Claire McGillen and Gordon Trennum gave evidence of the scene of the accident which they visited shortly after the crash.

Will Manage Fair

TORONTO, May 13 — (CP).—Clarence S. McKee, who has been associated with the Royal Winter Fair for 18 years, Thursday was named its general manager. He succeeds William A. Dryden, general manager since 1936.

Seeking Treaty Niagara Water

TORONTO, May 13 (CP) — Robert Saunders, Ontario Hydro Chairman, said Thursday that a treaty with the United States will be sought to ratify the extra flow of water which the Ontario Hydro Commission is drawing at Niagara Falls.

At the same time, the United States will be asked to consider an early start on St. Lawrence River power development.

An Ottawa conference Thursday between Mr. Saunders, Trade Minister Howe and Cabinet Secretary Norman Robertson discussed a draft of a communication to be sent to Washington setting out these requests.

Under the present treaty, the Hydro Commission is entitled to a flow at Niagara of 36,000 cubic feet a second. However, this has been increased to 54,000 cubic feet a second, with permission given by diplomatic note.

Mr. Saunders said that if the change can be ratified by treaty also, the Commission will feel free to proceed with a Queenston development to produce another 400,000-500,000 horsepower.

Hydro officials are pressing for a decision soon on the St. Lawrence power project because, even after ratification of an agreement between Ontario and New York State, it will take about five years to prepare to generate and transmit power.

No Nailing On Poles

NIAGARA FALLS, Ont., May 13 (CP)—Nailing of election advertising on Hydro poles is forbidden. Reminders of the regulation went out Thursday to all federal election candidates in this area. Said Thomas Barnes, chairman of the Niagara Falls Hydro Commission: "The nails create a real hazard for linemen climbing the poles."

80 Present Gifts To Bride And Groom

ROSENEATH, May 12—(ENS)—About 80 friends and neighbors gathered at the home of Mr. and Mrs. Ross Macklin, (nee Betty Spencer) Fenella, in honor of their recent marriage.

The early part of the evening was spent in playing progressive croking.

An address was read to the bride and groom by Elmer Sherwin and the presentation of an electric floor lamp, a two-way plate glass mirror and a purse of money was presented by Clare Harper.

The Rev. R. C. White, pastor of Fenella United Church and Canon C. R. Spencer of Hastings, father of the bride spoke briefly.

Lunch was served by the ladies at midnight.

Guests were present from Hastings, Cobourg, Bethesda South, and Port Hope.

Buys Summer Home

OTTAWA, May 13—(CP)—Barbara Ann Scott was reported Thursday to have purchased a summer home at St. Andrew's By the Sea, N.B. She first saw the house on a trip to St. Andrew's last winter and is expected to move there for the summer after completing a skating engagement in Toronto, her last for this year friends said.

Yes Sir, Bill, they thought of Everything when they designed the Model "M"...

IT'S BUILT FOR THE MAN WHO WANTS THE BEST!

Anyone will tell you the John Deere Model "M" is a *good-looking* tractor, but that's only an outward indication of the real value "under the paint". For instance, where else can you get a built-in, easy-to-service hydraulic control like the John Deere *Touch-o-matic?*

And consider *operator's comfort and safety.* What other tractor for the smaller farms offers an adjustable air-cushion seat, adjustable steering wheel, and provision for the operator to stand safely?

Then, too, the Model "M" gives you the wide *adaptability* you want—it's a powerful, nimble, yet sure-footed and quick-turning tractor with full range of speeds from 1-5/8 up to 12 M.P.H.

And, as for *equipment,* no other tractor offers you so much value as the "M" and its complete line of *Quik-Tatch* working tools.

See us for full details. You'll agree—it will pay you to wait for a Model "M".

Brandon Trounces Royals 5-1 Forces 8th Game In Cup Series

By AL VICKERY

BRANDON, Man., May 13—(CP)—Montreal Royals and Brandon Wheat Kings today are back on even terms in their battle for the Memorial Club—highest honor in Canadian junior hockey—and will fight it out in the final game at Winnipeg Monday night.

Wheat Kings, fighting an uphill battle in the last two contests forced the eighth game in what originally was scheduled as a best-of-seven series when they trounced the Royals 5-1 here Thursday night before more than 4,800 fans. The victory—Wheat King's second straight—levelled the count at three wins apiece, with one game tied in overtime.

Frank King, fast rushing Brandon Captain, added to his individual scoring by blasting in one counter and assisting on two others. He now has scored six goals and assisted five times for 11 points to lead marksmen of both clubs by a wide margin in the series.

Brandon's other goals were evenly divided among Alf Francis, Reggie Abbott, Joe Crozier and Mac Beaton. Royals lone counter went to Neal Langill.

Take Early Lead

For the first time in the series, Brandon skated off the ice at the end of the first period with a lead, going ahead 1-0 on Francis' goal.

The teams split goals in the middle session, but the driving Wheat Kings pumped home three counters without a reply in the final frame to gain their four-goal margin.

Each team drew six penalties, including two majors each. Brandon outshot Royals 32-27 as they carried the play throughout most of the last period when they threw 17 shots at slim Bobby Bleau, Royal netminder.

Ray Frederick, Brandon goalie and star of the game, had a comparatively easy time in the final frame, only making six saves but his work in the first two periods was outstanding.

The Montrealers started off speedily in the last period in an effort to gain a tie which would have given them the series on points, but faded badly after the halfway mark when Brandon scored their last three counters. Abbott put Wheat Kings ahead 3-1 at 12.15 and with Bill Rattray off for tripping King and Beaton added two more within 25 seconds of each other.

Senior Lacrosse See Banner Year

TORONTO, May 13 (CP)—What has been forecast as a record season for the Ontario Lacrosse Association will get under way May 17 at Owen Sound with Brampton Excelsiors pitted against Owen Sound Crescents.

Boxla officials base their predictions of a banner year on steadily-increasing interest in the sport, the new arenas built in several centres and the unprecedented promotion of minor groups in junior, juvenile, midget and peewee divisions.

Hamilton Tigers, Mann Cup winners last year, will be without the services of coach Joe Cheevers who has retired, but hope to get Red Gordon of Orillia and Barney Welch back from St. Catharines.

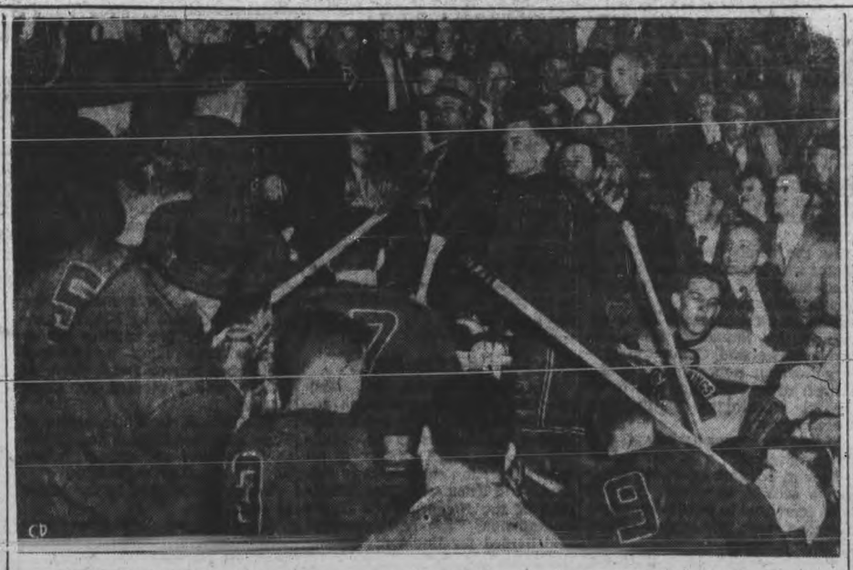
Owen Sound will have Don Ashbee, with Weston last summer, Curly Mason of Fergus, Arnold (Onion) Smith and brother Grant, from Hamilton. Tony Capola of the Tigers and Bob Thorpe, St. Catharines star two years ago, are on the negotiation list. Archie Browning, speedy New Westminster Adanacs star, will be donning Brampton livery.

The league again this year will be composed of seven teams, with Peterborough—Senior B winner last year—moving into the spot vacated by Fergus, which has dropped back to intermediate. Chuck Rowan of Mimico, OLA secretary-treasurer, says no clubs have yet entered the Senior B division, but half a dozen intermediate circuits are expected to operate.

Toledo, O., Detroit, Mich., Windsor, Sarnia, Wallaceburg, and possibly Chatham, will make up a border cities loop. A southern Ontario group will include Brantford, Oshweken, Port Dover, Dundas, and Norval, while Hespeler, Fergus, Orangeville and North Peel are likely starters in a central circuit.

Queries have been received from other points such as Bradford, Midland, Huntsville, Port Hope, Brooklyn, Havelock, Peterborough, and Campbellford, and OLA officials are confident of forming leagues in the near future.

Owen Sound, Brampton, St. Catharines, Weston, Mimico and Hamilton will again make up a junior circuit and about 100 minor teams are expected in other divisions.



TENSE MOMENT—A tense moment in the sixth game of the Brandon Wheat Kings-Montreal Royals series for the Memorial Cup at Brandon came in the second period when a Brandon fan became embroiled with a number of the Royals. The spectator, who was ousted from the rink, sought a fight with Montreal's Gordie Knutson (10) who was in the penalty box with Brandon's Bob Chrystal. Other Royals came to the rescue immediately and are shown in this photo as the trouble started; Gord Armstrong (5), Matt Benoit (7), Lou Appleby (3) and Neal Langille (9). Sole Brandon player visible is Glen Sonmor.

SPORTS SHOW WINDOW

CEC. PERDUE, Sports Editor

Like hockey, lacrosse is a typical Canadian game, orginating in this country and a rugged sport for red-blooded boys. A little lacrosse is played in the States but the Americans can't compare with Canucks in the gutted-stick game. Windsor knocked out Detroit last fall in group playoffs, and the Petes had no trouble rubbing out Windsor for the OLA senior "B" title. Senior "B", mind you, not senior "A". Some 50 local boys from peewees up hope to play lacrosse here this season and they're putting on a "lifesaver day" tomorrow—sort of a tag day but you get lifesavers to eat for your contribution. The money raised will aid the minor lacrossers get started, so do what you can, eh? The boys meet at Miller Bowl at 8.30 a.m. to get final instructions.

* * * * * *

Bill Stern tells of one George Whiteman, whom oldtimers may recall. The veteran outfielder kicked around in the minors for 15 years ere he got his brief chance. In 1918, Red Sox came down to meet Cubs in the world series, and Sox lost Duffy Lewis to the army. Ed Barrow called up Whiteman to fill in. A pitcher named Babe Ruth hurled the Sox to a 1-0 opening win but it was Whiteman who singled in the run. And he stole the show in that series with some phenomenal hitting and fielding all through to almost win the series himself. For six glorious days, old George's name was blazed across the country in headlines. His only time up in the big time, and he made the most of it. Next year? Back in the minors with Toronto.

* * * * * *

Not A Bad Showing, Eh?

With the COBL opening about a week away, let's recall a few of the Petes' 1948 marks. The club led the circuit in hitting with an even .300 average, while Howie Dalton topped all clouters with a swell .468 mark in 20 scheduled scraps. Bob Crowe was second highest in the loop with .436, though only in 11 contests. Gunner Whitehill led COBL moundsmen with seven victories and no losses, as Doug Loucks tied with Gordie Muffitt of Batawa for second spot, each having six and one. The Petes' fielding was good, too, and of course the club won the league championship. A fine showing, though the Central League is likely to be stronger this season.

* * * * * *

Several committee chairmen of the City Baseball League were tied up elsewhere last evening and didn't turn in reports at the executive meeting. Nothing on the grounds' setup yet, but Secretary Albert Watkins received a list of some 250 players with ages, so he will spend the week-end putting 'em in their proper groups and maybe drawing up tentative schedules. Meantime, another executive meeting will be held Monday night at seven in the "Y" to receive the rest of the reports. Prospective managers are asked to contact either Eddie Murphy or Pat Calladine as soon as possible. There's a strong possibility that the Chicago Cubs will stage a baseball school here some week this summer, which would be a fine thing for the minor baseballers.

* * * * * *

They Went On And On

Let's not linger too long commenting on the men's melees at the Bowl last cool e'en. Less said the better, maybe. Outlaws took the Jewellers 21-14 in a loose joust lasting more than two hours, while Knights walloped Unitеds 21-8 in another wobbly affair. Chilled finger fumbled the ball too often for speedy or close play, and the pitchers for the most part took quite a pasting as the stickers teed off. Yeah, 35 runs, 28 hits and 16 errors in the first scramble, with 29 runs, 33 hits and 11 errors in the second. What a night! With warmer weather likely, the twin bill Saturday eve at the Bowl might come up with two snappy tilts, Cosmos vs. Unitеds, and Jewellers vs. Knights.

* * * * * *

Golfers will be out in force this week-end at both the Peterborough and the Kawartha Club courses. Official opening of the northend links is tomorrow afternoon, with dinner, et al, in the evening. Prexy Milf Hardill and his executive, along with Gord Harrison, new pro, will be on deck to welcome all—and it ought to be a fine affair. Play has its official opening a week from tomorrow. They have a field day then for golfers and locker-room players, and a round-robin tourney for the tennis addicts. Guest Day will be combined with the opening, with members' friends as well as prospective members invited. Topped off by a supper dance.

* * * * * *

From The Grab-Bag

Senior "A" lacrosse season opens here a week from tonight when the Mayor will face off ere the Weston-Petes' game: they play in Weston on May 24....St. Kitts' scribe thinks maybe the Mimico Mounties will be the team to beat in senior ranks .. Fred Steel has been officially appointed Ontario Athletic Commissioner.... Soccer starts at 2.30 tomorrow aft in King Edward Park when CGE plays the Petes....Dit Clapper is following in the footsteps of other hockey greats like Lionel Conacher and Bucko McDonald in moving into the political field....Confederation girl softballers defeated King George and St. John's handily this week ....An open practice at 6.30 tonight at the Bowl for the Marines of the girls' loop....East City peewees workout at 10 tomorrow morn in Riverside....Open workout for junior ballsters of the Lakeshore Loop at two tomorrow aft in Trojan Field....Umpire Wimp Borland presented a smart appearance on the Bowl diamond last night....Diamond at Riverside has been swung around considerably and work is progressing there ..Kingston Athletics say they won't enter the COBL but another Limestone City entry is probable....Better quit now while we're even, this being Friday the 13th.

Confederation Girls Defeat King George

The Confederation School girls defeated King George 30 to 7 at King George field on Tuesday. The game was fast moving with both teams playing good ball. They played seven innings.

Linda Jordan hit a homer with the bases loaded for Confederation in the third inning. The winners had a neat lead all the way. Carol Ferguson hit a homer for King George. Pauline McConnel pitched five innings for the winners, then Delores Bannister went in for the last two. King George had three pitchers.

King George—Shirley Johnston, Alice Munro, Maizie Shearer, Thelma Taylor, Elizabeth Cutmore, Louise Lents, Carol Ferguson, Joyce Thompson, Connie Hildenbranch.

Subs—Arlene Ferguson, Joan Laidley, Alison Preston.

Confederation—C, Linda Jordon; p, Pauline McConnell; 1st, Joan Walling; 2nd, Delores Bannister; 3rd, Cleates Baird; ss, Shirley Linsey; lf, Marlene Constable; cf, Elsie Brook; rf, Lucy Lacely.

Subs—Shirley Vaughan, Eleanor Davies, Doreen Moshier.

Foresters League

Post Office won and lost this week in the Foresters Softball League, dropping a 12-5 decision to A and P, and winning 14-8 from Canoe Co. They used Coombs in the first game on the mound and Wallwork in the second, while A and P had O'toole throwing in their tilt and Canoe Co. banked on Plumpton. Results of the third loop game of the week should appear in the sports column.

The standing up to Thursday (but not including that night) has Canadian Order of Foresters and the A. and P. teams tied atop with two wins each in as many starts. Post Office are next with a win and two losses, while the Canoe Co. have dropped their three games. This coming week has A. and P. playing COF on Monday, Post Office meeting A. and P. on Wednesday, and Canoe Co. playing Post Office on Thursday.

Diamond-back rattlesnakes in the zoo at Washington, D. C., are kept in a constant temperature of 80 degrees.

Knights Gain Victory Over Unitеds

Knights of Columbus made their City Softball League debut at the Bowl last night by pounding out a 21-8 decision over the Unitеds in the nightcap of a double-header. It started off like a good game but became a rout in the fourth frame on an eight-run drive by Johnny Russelle's pack. Three twirlers were used by Ken O'Toole as Riches went the route for the winners. His support was good, while Unitеds were wobbly afield in a rather slow struggle. Vic Griffin led the victors at bat with five for six, as Giardino and Leether hit homers. Harrison got three for five for Unitеds, who changed players around considerably. The box score:

Marmora Hockeyist Asked To "A" Tryout

MARMORA, May 13 (ENS) — Ray Darrah, captain of the Marmora midget hockey team, which got into the OMHA finals this past season, attracted the attention of hockey scouts by his fine playing. As a result he has received a letter from L. A. (Hap) Emms, coach of Barrie Flyers, Junior A hackey club, which won the junior championship of Ontario for the past two seasons. The letter invited Ray to come to the fall training camp in Barrie this year to try out with this team. Ray has the good wishes of all local hockey fans if he decides to accept the offer.

Here And There In Sports . . .

By The Canadian Press

At New Rochelle, NY, Johnny Palmer of West Baden, NC, shot a two-under-par 70 over the Wykagyl Country Club course Thursday to post a point total of plus 14 and take the lead over 15 fellow professionals after the first round of the Goodall round robin tournament.

Skip Alexander of Lexington, NC, and Jim Turnesa of Briar Cliff, NY, each posted a 71 to tie for second in the standings with plus 11 each.

Byron Nelson of Roanoke, Texas, and Cary Middlecoff of Memphis shot the day's two best scores, a pair of sparkling 69s, yet could do no better than tie in the next notch, each with plus 9. They ran into tougheer opposition than the leaders.

Play was in foursomes, with each player in a group matching his medal score against that of his three opponents for the round. Five such rounds will be played, the last scheduled on Sunday.

Boston Braves Thursday night cut their roster to the 25-player limit, six days ahead of the May 18 deadline. Pitcher Johnny Beazley was sent to the St. Petersburg club of the Florida International League on 24-hour recall, and Jeff Heath, a slugging outfielder, was placed on the disabled list. Heath suffered a broken ankle last year. The Braves announced he would visit farm clubs and instruct younger players in batting.

Bob Lemon, star Cleveland Indian righthander, suffered a torn rib cartilage and probably will not picth for 10 days, Dr. Edward B. Castle, Tribe physician, reported Thursday at Cleveland. Castle said the injury which forced Lemon out of Wednesday night's game after he had pitched to only one batter was the tearing loose of cartilage supporting the 12th or "floating" rib.

Outlaws Take Men's Tilt In Draggy Go

Outlaws outlasted Jewellers at the Bowl last night to take a 21-14 City Softball League win before a slim and chilly crowd. The Irwin-Godson bunch had more punch the last half than the Peterborough Credit crew in the long, loose contest. The losers kicked in with 10 miscues, four more than the other side in the draggy affair. Three twirlers saw action for Stew Richardson's team as Stan Houlihan used two. Kumpf, Currie and Ralph led Outlaws at bat, while Pagett topped the Jewellers. The box score:

Outlaws	AB	R	H	O	A	E
Currie, 2b	6	3	5	1	1	1
McCarthy, ss	5	3	0	3	1	0
Courtnye, 3b	4	1	1	2	2	2
Foster, cf	5	2	1	0	1	0
Castle, 1b	6	0	1	6	0	1
Jaquith, rf	5	4	2	1	1	0
Ralph, lf	7	2	4	3	0	0
Kumpf, c	5	4	3	10	1	2

PLATE FAVORITE—Favored to win the 90th renewal of the $10,000-added King's Plate at Toronto's Woodbine Park May 28, Speedy Irish, winner of $20,320 in prize money as a two-year-old last year. Owned by George McCullagh, Toronto publisher, Speedy Irish is being quoted at 2-to-1 by bookmakers.

Detroit Snaps 9-Game Win Defeats Washington 2-1

By JACK HAND
Associated Press Sports Writer

Mel Parnell's pitching is the only bright spot in the dreary spring showing of Boston Red Sox.

Down south the wise guys said "Boston can't possibly get off as slowly as last year." They were wrong.

Jack Kramer, who copped 11 straight last summer, still is looking for No. 1. So is Joe Dobson, the vet who was their only consistent winner last spring.

Parnell, stylish lefthander who came so fast in the closing months of 1948, has been manager Joe McCarthy's only steady workman.

Parnell struck out 11 Chicago White Sox hitters Thursday but needed an 11th inning homer by Vern Stephens to get off the hook, 2-1. It was his fourth victory.

Washington's nine-game winning streak finally was snapped by Detroit's Virgil Trucks, 2-1. Don Kolloway, who joined the Tigers Sunday in a trade with Chicago, blasted two doubles and a triple off Walt Masterson. Truck's five-hitter was his fifth triumph of the season.

Rout Athletics

The St. Louis Browns blasted three home runs to rout Lou Brissie and the Philadelphia A's, 9-3, for their third straight following a 10-game losing string.

Dick Kokos, Bob Dillinger and Ed Pellagrini hit Brissie's home run ball out of the park. Chief Fannin was the winner.

New York Yankees and Cleveland were not scheduled.

Cincinnati, who stopped the New York Giants' win surge after seven in a row, made it two straight on a 3-0 shutout by Ken Raffensberger. He held the power-hitting Giants to four singles, dropping them into a first place tie with the Boston Braves whose scheduled game with St. Louis was postponed because of wet grounds.

Clint Hartung, who had won his first four was clipped for eight hits and all the Cincinnati runs in his eight-inning stretch.

Ralph Branca became the National League's first five-game winner with an 11-6 verdict over Pittsburgh. The unbeaten Brooklyn ace was hit freely throughout the game but outlasted Hal Greg and four successors. Roy Campanella hit his fifth homer off Gregg.

Hank Borowy, traded to Philadelphia Phillies by Chicago last winter, whipped his old club mates the first time he faced them, 4-3. Bob Rush gave up only six hits but was hurt by Hal Jeffcoat's costly error on Del Ennis' fly that set up the winning score in the sixth.

Wings Swamp Syracuse 15-1

By the Associated Press.

Tom Poholsky, hefty Rochester pitcher, is the Red Wings' "winter book" entry for the International League's rookie-of-the-year honor.

The 200-pound, 19-year-old righthander from Detroit posted his fifth victory in as many outings Thursday night in beating the Syracuse Chiefs, 15-1. Poholsky yielded 10 hits but as usual he was tough with men on base.

Russ Derry featured the attack against Johnny Hetki and Mike Schultz with his seventh homer, a grand slam drive in the fourth inning that keynoted a six run rally. Catcher Jim Bucha also homered for Rochester.

Buffalo dropped a 3-2 decision to the last-place Newark Bears, getting only two hits off righthander Joe Valenzuela.

Baltimore Orioles smashed Toronto Maple Leafs 9-3. Bryan Stephens scattered nine safeties in posting his second triumph.

Al Porto, who hurled a seven-inning no-hitter last Saturday, started for the Leafs and after yielding two runs in the first inning, departed in the fourth during a four run Baltimore rally.

The scheduled game between the pace-setting Jersey City Giants and the third-place Montreal Royals was postponed because of rain.

Yesterday's Stars

By the Associated Press.

Batting—Vern Stephens, Red Sox, doubled home Boston's first run and then socked his eighth homer of the season in the 11th inning to give the Red Sox 2-1 triumph over Chicago.

Pitching—Ken Raffensberger, Reds, yielded only four singles in pitching Cincinnati to a 3-0 victory over New York Giants.

FIGHTS TONIGHT

Vince Foster, hailed as the hottest thing since Rocky Graziano rocketed to fame, returns to Madison Square Garden tonight to face Charlie Fusari in a 10-round welterweight bout.

Fusari, a stand-up blond boxer from Irvington, NJ, probably will be a slight 5-6 favorite by ring time over the stiff punching newcomer from Omaha, Neb. It has been four months since Foster came out of the West to knock out favored Tony Pellone in a dazzling upset, Jan. 14, but the fans have not forgotten his deadly punching power.

FAVORED ENTRY—Gem Thief, owned by Willie Morissey of Toronto, is third-place favorite of bettors to take the 90th renewal of the King's Plate scheduled for Toronto's Woodbine Park, May 28. Odds on Gem Thief are now 10-to-1.

Ontario Racing Outlook Gloomy

TORONTO, May 13 — (CP) — Canadian and United States horsemen were faced today with an order instructing them not to enter their horses in Saturday racing at Toronto's Dufferin Park.

The instructions came early today from George Hardy, representing the Horsemen's Benevolent and Protective Association.

Hardy said he had been instructed by Dan Chappell, president of the HBPA in the United States to "fight to the finish" a ruling by the Incorporated Canadian Racing Associations which would deny licences to trainers handling only one horse.

Hardy added: "'Any American horseman who enters for Saturday's races is warned that he is acting in contravention of the expressed instructions of the HPBA parent body in the United States."

The controversy, which threatens to affect the Ontario racing season this year, was started with a unanimous decision Wednesday by the Canadian branch of the HBPA to strike against the ruling of the ICRA.

Warns No Racing

Willie Morrissey of Toronto, Canadian president of the horsemens' group, said that if the ruling isn't changed "there will be no racing at Dufferin Park Saturday."

Sticking up for the one-horse trainers, Morrissey declared the ICRA "foolishly put in a law which will put men out of work the small men are the backbone of racing."

James Heffering, chairman of the ICRA which controls racetracks in Ontario, countered with: "There will be no change in the policy as long as I sit here."

Heffering said entries will be taken today at Dufferin for Saturday "and if no entries are received, we'll close . . This goes for all ICRA tracks". That would include Dufferin, Thorncliffe, Woodbine and Long Branch in Toronto, Hamilton, Fort Erie and Stamford Park in Niagara Falls.

St. John's Lose Out

Marmora News

Mrs. H. J. Neath and daughters Shirley and Sandra have been visiting in Toronto.

Paul Pocilujko returned home from Belleville General Hospital on Wednesday.

Mrs. M. Reid spent the week-end with relatives in Toronto.

Mr. and Mrs. Albert Leonard and Miss Joan Loveless spent Sunday in Campbellford with Mr. and Mrs. Donald Johnston.

Recent visitors include: Miss Wilda Hannah, nurse-in-training at Belleville General Hospital with her parents, Mr. and Mrs Thomas Hannah; Mr. and Mrs Robert Boyce and little son, of Wellington, Mr. and Mrs. Carl Jickels of Toronto, Mr. and Mrs Cecil Nayler and daughter Sandra and Mrs. Charles Godfrey and two children, of Peterborough, with Mr. and Mrs. Clare Nayler; Mrs. Jeffrey and son Billie of Montreal, with Mr. and Mrs. Marshall McCoy; Mr. and Mrs. Theron Sager and two children of Belleville, with Mrs. James Dostanko; Ralph C. Young, general secretary of the Maritime Religious Education Council, Saint John, NB, with Rev. and Mrs. G. D. Young; Mr. and Mrs. Jack Grant and family of Toronto, with relatives here.

Carl Lynch, son of Reeve and Mrs. V. M. Lynch, has received word from Queen's University, Kingston, that he was successful in passing all his first year examinations with a good standing.

Red Cross Group At Lakefield Exceeds Quota

LAKEFIELD, May 13 (ENS)—Dr. R. H. Campbell spoke to members of the Red Cross Society at their May meeting held in the council chambers.

Operative dentistry has advanced a great deal in the past decade, said the speaker, and the dentist of today must study constantly to keep up-to-date.

Some interesting demonstrations of methods of making and inserting fillings were given, restorations exhibited and X-ray plates of teeth shown.

Mrs. R. Curry, treasurer, reported a balance in the bank of $898.32.

Proceeds of the recent campaign were $938.09. The village exceeded its quota this year. Letters of congratulations were read from the president of the Ontario Division of the Red Cross and the campaign chairman.

Half To Headquarters

It was moved by Mrs. J. Huddart and Mrs. W. Lampman that 50% of the campaign money be sent to headquarters.

Mrs. F. L. Erskine, knitting convener, asked for knitters.

Mrs. W. Hendren, school nurse, reported on the emergency kit and suggested the society purchase an additional small emergency kit. It was moved by Mrs. H. Ketchum and Mrs. Erskine that it be purchased.

Mrs. Leonard offered the help of the Red Cross in co-operating with the Home and School Association and Dr. Campbell in the dental work at the school.

Projector Available

Mrs. E. H. Northey announced that the Film Board projector will be in the village every two weeks at the school and any society may use it in the evenings. A member of each society is to learn to operate the projector. On Thursday evening E. W. Bailey was appointed to represent the Red Cross.

A device that counts grains of sand for analysis was perfected by a University of Chicago geologist.

Automatic Set-up Routes 50 Trains On Single Track

By RAE CORELLI
Canadian Press Staff Writer

MONCTON, N. B., May 13—(CP)—Three men sit astride Canada's vital eastern rail artery and juggle 50 trains a day between here and Truro, N. S. on a single-line track.

Canadian National Railways' officials recently described the $3,000,000 gadget which enabled one man to route troop and munition trains to Halifax swiftly, and at the same time handle westbound streams of raw material.

Central Train Control rides herd on traffic between Moncton and Truro, a 125-mile section of the mainline to Montreal. When installed in 1941, C. T. C. here was the biggest in the world and the first under C. N. R. operation. Railway officials from South America and India have studied it before making changes in their signal systems.

Three train controllers—one for each eight-hour shift—manipulate a knob-studded switchboard. Position of every train is indicated by tiny red lights dotting a diagram of the Truro-to-Moncton single track. Everything a controller needs to route trains safely and speedily — sidings, double-track stretches, signal beacons—are depicted.

One of the myriad knobs is flipped and 70 miles away a signal beacon changes color. The engineer of an onrushing freight gets a warning signal. Another handle is turned, a switch opens' the freight hurtles onto a siding while an express flashes by.

Telephone Contact

Sectionmen and train crews maintain personal contact with C. T. C. by 150 telephones. They may request "a line" to shunt a train onto a siding for way freight. If the controller has no approaching trains needing the existing set-up he closes or opens a switch. No switches can be operated manually without C.T.C. sanction.

A paper chart automatically records arrival and departure times at all points on the section. It also shows where and at what time trains pass.

The position indicators serve another purpose. A break in the track severs the electric contact and the light nearest the fracture goes on.

At one time during the war, a harried controller found himself faced with 23 trains in the 65-mile stretch between Moncton and Springhill Junction.

"Ate my lunch between times," he observed.

Controllers say the system can handle as much traffic as a double track and is safer. It is heavily equipped with safety devices. One of these "freezes" a switch for five minutes after it is moved so that an accidentally-tripped knob won't derail a train.

C. T. C. does the job of 22 men. There are no more train orders or feverish dispatchers. Six men alone maintain the network of steel signal towers and track mechanism.

Holiday Issue Solved By Cobourg Merchants

COBOURG, May 13—(ENS)—In order to have uniformity in the hours in which stores will be open before holidays this summer, the retail merchants have agreed on a schedule.

It was decided to open all day Wednesday, the day after the 24th of May; to be open all day Wednesday on June 29th, in view of the holiday on July 1; August 3rd in lieu of the Civic holiday and Wednesday, September 7, on account of the holiday September 5, Labor Day.

CSU Leader In London

LONDON, May 13—(CP)—Harry Davis, president of the Canadian Seamen's Union (TLC) arrived at London airport Thursday for a week's stay. He will discuss the CSU strike at a public meeting Sunday. Later he will visit Liverpool, Avonmouth, Southampton and Newport where Canadian ships have been tied up by the walkout of their CSU crews.

TURNING THE PAGES OF
"CANADA UNLIMITED"

When Canada was growing up, hewing a living from the virgin forest left little time for holidaying. By the 1790's, visits to distant friends were popular. Settlers would travel three hundred miles by sleigh in winter to see their friends.

Picnics were popular by 1835. While the men fished, the women picked berries, and all joined for lunch. In Springtime, excursions to the woods for "maple-sugar making" were greeted with delight.

With the arrival of the automobile about 1900, and improvement in the roads, people began to travel to "see the sights". Touring to Niagara Falls, Muskoka or the Laurentians, became a common holiday pastime.

Today, tourists are big business. Canada is a vast wonderland, with countless surprises for the sightseer—and each year millions of Canadians and visitors tour our land. The opportunities that exist in the tourist industry are many—for there's room to grow in Canada Unlimited.

NICK NICKELS

May is the month of forest fires and, despite the warnings of the Department of Lands and Forests, careless people will again cause untold damage to Canada's chief resource, her forests. In the pulp and paper industry alone only one-sixth of the annual forest consumption is used and half as much again is wasted by FIRE, insects and disease. Canada produces three of every five newspaper pages used throughout the world. Good friend CLAUDE MITCHELL of Montreal sent along a fine booklet of ten pulp and paper paintings, reproduced in color. They are a splendid set and well worth framing for your homes and will act as a constant reminder of Canada's major industry and need for everyones vigilance for its PROTECTION. Ex - Peterboroughite BOB FOWLER, president of the Canadian Pulp and Paper Association, Sun Life Bldg., Montreal, is your man.

If you fishermen are still dreaming of the big one that got away take note of Stewart Lindenman's luck at WALLACETOWN He is a commercial fisherman on Lake Erie and on May 3, took a sturgeon from his net that weighed 138 pounds. It was over six feet in length and he sold it for $1.25 per pound. There is no closed season for these big fish in the Great Lakes from the St. Lawrence to the western tip of Lake Superior. This was a BIG fish, even for a sturgeon, but the monster of the species was taken a few years ago on the Pacific Coast and, if I remember correctly, it scaled more than 600 pounds.

NES manager BILL MELLIS comes up with a good yarn, going green bass fishing off Hiawatha on Rice Lake a few years ago he and his partner were taking along small frogs for bait. Lacking a container one of them took of his sock and tied the top securely. On arrival at the fishing beds they were dismayed to see the last of their lively bait doing a swan dive into the lake. The sock had a hole in it. They were not beaten and fashioned a lure from a piece of potato in the shape of the meaty part of a bass' lower jaw. It caught their first fish which provided its jaw for bait. This makeshift, and it works according to Bill, is well worth remembering.

Another natural lure worth knowing about for pickerel fishermen is the eye of a pickerel. I have seen it used with great success by a veteran fisherman at Frog Rapids, below SIOUX LOOKOUT, a few years ago. This is not all about ingenuous lures. TOM CURVIN brought a recent clipping from a Buffalo paper where in Rainbow trout were being taken in goodly numbers in New York State streams on hooks baited with gum drops. Use only the little red and yellow ones, warns feature writer EDMUND DECASTRO, not the cheek-bulging variety. He also tells of some who were using tapioca balls tinted wth mercurochrome and small blobs of vaseline tied in sacks of surgical gauze. The latter were taking Rainbows and Ed had a three-picture layout to prove it.

The old saw about fishermen leaving their wives at home in order to enjoy a solitary day of sport was given a new twist the other day when shutterbug MORRIS DUKE and spouse were trying their luck for trout in Kelly's Creek, off Highway 7. The Mrs. got a strike, fell backwards off her rocky perch in the swift stream and yelled for help. Maurice got her on her feet and ashore waders full and all. She still had the trout on her line however and it was a good-sized one. They beat a quick retreat for home.

Latest figures on the harvest of muskie spawn in the Lake Katchewanooka lunge traps are not yet available. Last Saturday night the lake level was dropped more than two feet and remained low all day Sunday. Millions of naturally-laid muskie eggs in the back reaches of swamps and creeks were left high and dry, a total write-off. Do you see now why spawn is collected, hatched and fry raised under supervision?

IT seems that I layed a fertile egg about a proposed KAWARTHA CANOE DERBY. There is talk of it starting in a small way his summer. GOOD. Proprietor of Glenwood Lodge, GEORGE JEFFREY, steamed into the newsroom on Wednesday with pledges for $250 from resort operators who are getting behind the effort, right way. JACK RICHARDSON, Peterborough Canoe Company, and LARRY McGUIRE, Outboard Marine, are also interested in the project and SEVERAL, I understand, at the CGE. Don't be surprised, therefore to be asked to attend a mass meeting soon to rough out a few details to start the ball a-rolling. JIM FRASER, C of C manager, is giving it the green light, too, I understand. Phone or mail in some ideas, paddlers, the cadence of the Kawarthas is striking a strong new note.

Eight and one-half hours, and one minute, after this column rolls off the presses to-day, PICKEREL fishermen will be wetting their lines at hundreds of well-known spots all along the Kawarthas from Fenelon Falls to Trenton. Have a good time but remember the rules. Six fish, not less than 13 inches in length with any bait of your choice, except luminous, from a boat, if it is anchored and you do not cast from it. Experts say water levels are too high and the temperature too cool, but even they could be wrong. Saturday may produce a different picture. Pictures? Pictures? "AND THERE THEY GO. . .

THE FIRST AND ONLY WOMAN ENVOY to the US, Mrs. Vijaya Lakshima Pandit, right, newly-appointed ambassador from India and sister of Prime Minister Jawaharlal Nehru, arrives at New York's LaGuardia Field. She is accompanied by 19-year-old daughter Rita.

Bracken On Tour

OTTAWA, May 13 (CP)—John Bracken, former Progressive Conservative leader, leaves the capital tonight for a pre-election speaking tour of the Prairie Provinces. Progressive Conservative headquarters announced Thursday. Mr. Bracken's first stop will be in Brandon, Man., where he is seeking re-election to the Commons. His former seat of Neepawa, Man., was incorporated with another Manitoba riding in the 1947 redistribution.

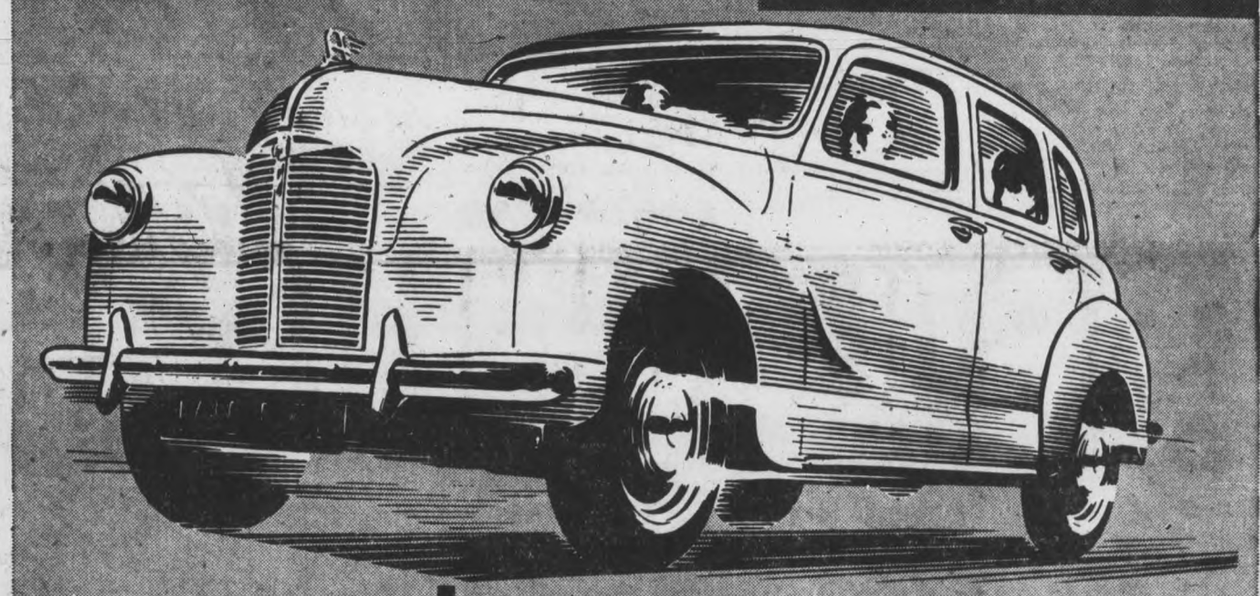
SMALL in what it costs...

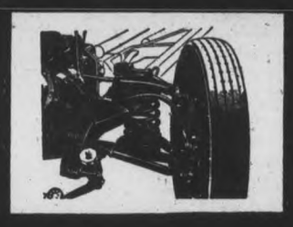
BIG IN WHAT IT GIVES

FEATURES OF THE A40 DEVON

- Independent front-wheel suspension.
- Sliding "sunshine" roof.
- High compression (7.2 to 1) valve-in-head engine.
- 40 miles per gallon economy.
- Ride stabilizing hydraulic shock absorbers.
- Genuine English leather upholstery.
- Electric turn indicators.
- Heater and defroster standard.
- Four speeds forward.
- Roomy 4-passenger interior.
- Extra large luggage compartment.



THE GREAT '49 AUSTIN A40 DEVON



Here is the reason for Austin's superbly-smooth ride. Note the independent suspension, resilient coil spring and ride stabilizing hydraulic shock absorber.

This compact, powerful engine allows fast getaway and high cruising speeds, yet is miserly with gasoline, giving up to 40 miles per gallon. The high compression ratio of 7.2 to 1 means power plus!

CENTRAL PARTS DEPOT
AUSTIN MOTOR CO. (CANADA) LTD.
1393 YONGE ST. TORONTO, ONT.

The biggest car value in years . . . that, in a few words, is the story of the new 1949 Austin A40 Devon. Here's a car that gives you all you'd expect in one costing hundreds of dollars more.

It's roomy — seats four big people comfortably and has loads of luggage space . . .

It's a style leader — smart, modern streamlining combined with a suggestion of continental influence . . .

It's economical — gives up to 40 miles per gallon of gas, and saves important money on upkeep . . .

It's a thoroughbred in performance — handles like a dream under all driving conditions and provides a smooth "stratocruiser" ride . . .

It's dependable — engineered and built by some of the world's finest craftsmen to last longer, and to give more miles of trouble-free motoring pleasure.

Today the swing is to Austin. Join the legion of proud, satisfied Austin owners from coast to coast, and know the thrill of driving the new 1949 Austin — at savings that will really astonish you.

YOUR AUSTIN DEALER CAN NOW GIVE YOU IMMEDIATE DELIVERY ON THE A40 DEVON. SEE HIM TODAY FOR A CONVINCING DEMONSTRATION.

Parts and service are readily available from Austin distributors and dealers throughout Canada and United States.

Marmora To Get Addition To Post Office

MARMORA, May 13 (ENS) — Marmora Post Office, erected in 1928 as part of the Memorial Building, is to be enlarged. Its lease expired last year. After negotiations the Federal Post Office Department, the Department of Public Works, and Marmora Village Council have agreed on terms for a new lease for an extended period. Under the new agreement th space in the building used for the post office will be enlarged to include all that portion of the building at present used as a fire hall.

To Raise Floor

This will necessitate raising of the floor in the fire hall to the level of the floor of the present post office. Other alterations will be made to make the new post ofifce modern and attractive. It is understood that work on the alterations will sar a an early date..

Merging of these two sections of the Memorial Building will result in the erection of a new municipal building. It is proposed to have this new building so constructed as to provide more adequate space for fire protection equipmen tand to house municipal offices.

Bethany News

Mrs. John Smith is progressing favorably following an operation in Civic Hospital, Peterborough, on Tuesday.

Mr. and Mrs. Ralph Woods have moved to the house owned by Mrs. Alfred Driver.

Mr. and Mrs. Harry Davis, who spent the winter months in Pontypool, have returned to their home in Bethany.

Mrs. Reg. Edmunds and son Bobby visited her parents, Mr. and Mrs. McDowell, Millbrook, for several days this week.

Mrs. Hugh McDonald, Toronto, is visiting her mother, Mrs. Richard Fallis.

Following their regular business meeting on Wednesday night, the Young People's Union of the United Church held a pie and ice cream social. Colored pictures were shown by Rev. Mr. Crandall.

Members of the local Orange Lodge staged a "Clean-Up Bee" on Wednesday afternoon at the Orange Hall, making some repairs to the building, which is to be newly decorated.

SECOND CHOICE—With odds of 4-to-1, second favorite to cop the 90th renewal of the King's Plate at Woodbine Park in Toronto May 28 is Bolaris, entry of Steve Chris of Kitchener, Ont., in the classic of Canadian racing. Forty-event but the usual field of starters is around 16.

GRAFTON & Co. LTD.

Cattle Prices Down 50 Cents During Week

TORONTO, May 13 — (CP).— Cattle prices dropped 25 to 50 cents a hundredweight on most grades this week on the Toronto Livestock Market, the Dominion Marketing Service reported today. Calves, hogs, sheep and lambs were unchanged.

The cattle run of 6,434 head was 294 more than for the same week a year ago, and 788 more than for last week. Weighty steers were in surplus and a good many were included in the sizeable holdover, as well as several loads of stockers.

The weighty steers closed from $21-$22 for good to choice quality. Medium to good light steers were $20-$21.25 with the plain downwards to $18. Good heifers closed at $20-$20.50 with a few at $21. Medium to good cows were $15.50-$17.50, with canners from $10-$12. Bulls brought $16-$18 with a few tops at $18.50. Fed yearlings closed at $19-$22.50.

Exports were light, with less than 200 cattle purchased for the United States.

Stockers moved slowly at $19.50-$20.50 for picked lots with plainer ends at $15-$18. Ordinary quality milkers and springers sold at $150-$200 each.

Calf receipts totalled 1,726 head, prices were steady at $23-$25 for good to choice quality vealers, with plain to medium lightweights from $17-$20. Thin grassers sold for slaughter at $10-$14 a hundredweight.

Hogs totalled 2,401 head. After an unsettled opening, the market was up 25 cents at $30-$30.25 for Grade-A and $29.60-$29.85 for Grade-B1. Sows were $21 dressed.

Sheep and lamb receipts were 666 head. Good feed lot lambs, the last of the season, sold at $27 a hundredweight.

A few spring lambs weighing 60-70 lbs. sold at $30-$34 a hundredweight. Sheep were from $6-$12, according to quality.

Department Helping Non-Profit Camps

Assistance will be given according to the Department of Education, the non-profit camps for boy and girls by the Department of Education through its Physical and Health Education Branch. The help will come in two of the most valuable forms, financial assistance and in training counsellors. It is believed that some of the local camps are planning to apply for this assistance.

By meeting the qualifications and conditions, any non-profit camp operated in Ontario, by an Ontario Organization for Ontario boys and girls may secure; (a) 50c a camper for those remaining 6 to 8 consecutive nights, (b) 75c a camper for those remaining 13 or more consecutive nights. The maximum grant for any one club is $3000. Eligible camps may not charge more than $1.75 a person a day and must have an Ontario Department of Health Camp Licence.

Camp licences are required by law for any group of ten or more persons camping three or more days. They are free provided the necessary precautions are taken to safeguard health.

Counsellors and junior counsellors are also trained by the Department by conducting two three-week courses. The courses are open to any Ontario Secondary School pupil 15 years or over, having completed Grade 9 by July 1. The courses for girls are conducted at Belwood Camp near Fergus and for the boys at Bark Lake Camp near Irondale in Haliburton County. They are started July 4th and August 2nd.

In the addition to financial aid the training counsellors the Department has for non-profit camps a library on various phases of camping on a free loan basis.

Re-Elected President

REGINA, May 13 (CP)—F. X. Ahern of Quebec City, Deputy Fire Commissioner of Quebec Province, Thursday was re-elected president of the Dominion Fire Prevention Association at the final session of the group's annual convention here.

MINARD'S LINIMENT
Apply freely, and rub. That's all. It's greaseless, fast-drying; has no strong odor. And it brings quick relief to muscular aches and pains, neuralgia, lumbago.

Chauvert, left, of Haiti and George Hambleton, veteran Canadian newspaper man now with the Department of External Affairs are shown in this United Nations photo studying documents being considered by the Social, Cultural and Humanitarian Committee of the United Nations. The committee is at present drafting a convention on international transmission of news and the right of correction.

Archbishop John Lyons Enthroned Anglican Metropolitan Of Ontario

KINGSTON, May 13 — (CP)— Most Rev. John Lyons, 70, Anglican Archbishop of the Diocese of Ontario, was enthroned Thursday night at Metropolitan of the Ecclesiastical Province of Ontario amid ceremonies centuries old.

Most Rev. George F. Kingston, Archbishop of Nova Scotia and Primate of All Canada, preached the sermon and called on the clergy and laity of the province to work with the new Metropolitan.

As Metropolitan, Archbishop Lyons is President of the Provincial Synod and of the Provincial Council of the Church and also has charge of the Consecration of Bishops in the province.

The ceremony in huge, domed St. George's Cathedral opened with the stately procession of the Primate, in white, red and black vestments, and his chaplains.

Trumpet Fanfare

Archbishop Lyons made his entry to a triumphant fanfare of trumpets.

Rt. Rev. George A. Wells, Assistant to the Bishop of Toronto, opened the enthronement ceremony, which followed the shortened evensong conducted by Very Rev. Briarly Brown, Dean of Ontario. The offering was presented by Rt. Rev. W. L. Wright of Sault Ste. Marie, Bishop of Algoma.

After a short explanatory address and prayer by Bishop Wells, Bishop Wright, Secretary of the House of Bishops, read the certificate of the election of the Metropolitan. Rt. Rev. Robert Jefferson, Bishop of Ottawa, explained the duties of a Metropolitan.

As the climax of the ceremony, the senior officiant, Rt. Rev. A. L. Beverley, Bishop of Toronto, presented the Crozier to Archbishop Lyons. After formally accepting this symbol of office and emblem of the faith, the Metropolitan was conducted to his throne by Bishop Beverley, preceded by his Chaplain, Rev. A. J. Anderson of Stirling. There he was installed by Bishop Beverley.

National Advertising Aids Retailers To Increase Sales

Advertisers who make use of national advertising media do so because such advertising really increases their sales, and they cannot do this without at the same time increasing the sales of the retailer wherever he may be. This was the way in which the importance of national advertising in the business world was summed up by C. J. Laurin, O.B.E., of Montreal, in an address delivered to the Peterborough Businessmen's Association at their annual dinner on Thursday in the Empress Hotel.

Mr. Laurin, who is vice-president of the Magazine Publishers Association of Canada, chairman of the Advertising Bureau of of Canada, and manager of "Canadian Homes and Gardens" and "Mayfair", took as his topic, "National Advertising and Your Business." He was introduced by James M. Fraser, manager of the Chamber of Commerce, and thanked by Paul Irwin, E. C. Braund, president for the past year, was in the chair.

While national advertising is truly national in scope, it must be purely local in effect; this local effect is much greater than most people realize, said the speaker. In support of this Mr. Laurin quoted figures to show that in the City of Peterborough, where there are 8,684 households (including there living in houses, flats, apartments, rooms, etc.) circulation of Canadian magazines totals nearly 12,000.

Mr. Laurin defined advertising as a whole as "the technique of attracting the interest of the potential purchaser to a product or service." He said that "while national advertising reaches a multitude of people as a mass, it reaches the individual as one specific person in one specific place."

Good Sales Response

The speaker urged retailers, who "are obviously interested in gaining the most sales at the least expense," to intensify the local effect of national advertising by using display material which ties in with the national campaign. He declared that it had been "thoroughly proven by many hundreds of actual examples that this produces a remarkable sales response."

President Braund, in reviewing the achievements of the association during the past year, mentioned the following projects:— the Santa Claus parade, co-operation with the Ontario Hydro Electric Commission in last winter's "dim-out" which enabled no power cut offs and appointment of a "receiving committee' to welcome newcomers to the business district.

Candidates for Council

Mr. Braund urged the association to give greater thought during the coming year to the selection of candidates for the City Council. Now that Peterborough has become the ninth largest industrial city in Canada, the citizens should demand "that men of the very highest calibre" represent them as aldermen.

He thanked the members for their co-operation in keeping their stores closed on Saturday nights and the Chamber of Commerce for its generous support during the year. He recommended that the association take action much earlier than it has been doing on deciding upon which holidays they would remain open. Another matter requiring attention, he said, was whether or not the stores should stay open Wednesday afternoons when there is a holiday during the week.

Directors Named

The following were elected directors for the coming years:— E. C. Braund and Don Lewis, grocers; James Clarke, shoes; Norman Hamley, stationers; William Jeffries, Jewellers; Paul Irwin, auto supplies; Harry Green, hardware; A. S. McCarthy, furniture; Chris Hughes, gents' furnishings; Joseph Anthony, fruits; Henry Rennie, restaurants; P. J. LaBranche, printing; A. E. Cauley, theatres; T. S. Gibbons, electrical dealers; Ed Spurway, furs; Charles Collins, dry goods; Chas. Pilon, sporting goods; Robt. Cochrane, chain store; Murray Irwin, druggists; A. B. Collis, ladies' wear; and John Hooper, bakeries. The nominating committee's report was read by Secetary-treasurer J. J. Dorris in absence of the chairman, V. A. Selkirk. The officer will be elected at the first meeting of the new executive.

The retiring president said membership now stands at 147. He made an appea lto bring this figure up to at least 200.

WHEN YOU NEED... MONEY REMEMBER..... HFC

If you need a loan, get one the right way. Borrow $50, $100, $300, $500 or more on your own signature from HFC.

Plane And Guns Phut Plans For Army Week

A high-flying Harvard aircraft making test runs over industries of the city Thursday was the last feature of intensive training in Peterborough prior to Army Week, which is to be officially initiated Monday night.

Peterborough's Reserve Force units, 50th Heavy A.A. Regiments, RCA and its associated 37th Heavy A.A. Workshop, RCME are now ready for their Army Week program.

After training, the gun equipment was moved indoors for the week-end where it will be furbished and made ready for public inspection.

One of the most up-to-date aspects of Thursday's operation with the aircraft was the use of radar equipment.

Army Week program is to include presentation of the Long Service Medal to Sergeant Sherman French of the 149 HAA Battery, RCA. This ceremony will be held Monday night when Mayor Max Swanston inaugurates Army Week.

Queen's Appeal To Local Alumni

Queen's University Canada-wide campaign for endowment funds of two million dollars and a million dollars for essential new construction had its kick-off in Peterborough Thursday evening when a dinner meeting of canvassers was held in Trinity Church parlors. A. M. Laverty of Queen's, a member of the Central Endowment Committee, was present and explained the needs, purpose and methods of the campaign to the graduate canvassers.

Canvass in Peterborough and district will be made first among graduates of Queen's so that, as Mr. Laverty explained, the generous response of members of the Queen's "family," will be encouragement to others canvassed later.

Co-chairmen of the Peterborough canvass are Dr. Bruce Gordon and Miss Jean Lancaster. Miss Helen McGregor, president of the Peterborough Branch of the Queen's Alumni, is a member of the committee.

Mr. Laverty reported that the campaign in centres like Ottawa and Montreal had already got off to a fine start. Chairman of the Ottawa committee is Mr. Donald Gordon, CMG, Deputy Governor of the Bank of Canada. Chairman of the Montreal committee is the Hon. Charles Dunning.

MAIN ST.. TOPICS

NAME OMITTED.

In the reported list of the members of St. Joseph's Hospital Board present at the laying of the corner stone of the new wing, Wednesday the name of Mr. J. J. O'Callaghan was inadvertently omitted.

PRESENT DAVIES PLAY

A proposal that Halifax hold a Dominion-wide drama festival there in August in connection with its 200th anniversary celebrations had been made by the Atlantic Players' Society. The society said if such a festival is held it will present "Louis Riel," a three-act play by Robertson Davies of Peterborough.

PROJECTS PLANNED

Nine major projects are being planned for Ontario fisheries in 1949, Lands and Forests Minister, Harold R. Scott, announced today. Of these, the Algonquin Park creek census; artificial fertilization of lakes; experimental fisheries management in Algonquin Park; and the scientific follow-up of the South Bay Mouth experiment are continuing projects.

PHONE TO TRENTON.

Green and red flares dropped by the Harvard aircraft from Trenton Thursday night caused some residents of Peterborough to phone to Trenton. They believed the aircraft was in trouble. The flares are used as signals by pilots and the ack-ack gun crews at the armouries to tell when the aircraft is coming in and leaving. If the plane actually does run into trouble, there is a special signal.

CAB, CAR COLLIDE

When a taxi cab and a private car collided Thursday at the inersecion of Aylmer and Edinburgh streets, Mrs. Fred Roy, 308 Rubidge St., a passenger in the cab was knocked unconscious. Her head hit against the door of the cab, but she was apparently unhurt and continued without medical aid. The cab was travelling north on Aylmer St. and the other car, driven by Miss Dorothy Jackson, Otonabee, was proceeding east on Edinburgh St. Damage to the vehicles was confined to fenders and the grill of the taxi cab. The car was owned by Vern Ralph, 225 Carlisle Ave.

CITY GETS PUBLICITY.

The City of Peterborough has received some good publicity through an article in the April 22 issue of "Canada's Weekly," published in London, England. The title of the story is "Where To Build Your Factory," and was written by F. W. Collins, Industrial Manager, CPR, Montreal. It is one of a series describing suitable locations for English industrialists who are thinking of establishing branch plants in Canada. It carries three pictures, one of the Liftlock, which it describes as "the world's largest," another showing ex-Mayor W. G. Ovens presenting a model of a Peterborough canoe to the Governor-General Viscount Alexander, during his 1948 visit, and a third showing an aerial view of Peterborough.

THEIR ESSAYS WON PRIZES from the Deputy Postmaster-General, Ottawa, and were chosen from a large field of compositions on the function of the Postal Service. Postmaster Charles Lacheur, Top photo, congratulates Marie Waite, shown with Robert McCoy, Centre, and John Harrington, all of St. Peter's High School. Basil Healey, Left, and Joe Murdock, both of the Immaculate Conception School, are shown examining their prizes with Senior Post Office Clerk Claire Stuart, in the Lower photo.

Veterans Urged To Demand Housing Deal

LINDSAY, May 13 — (CP). — "The housing shortage can be remedied—but every time we go to any government, all we get is excuses, just excuses," Edward S. Evans, president of the Ontario Command of the Canadian Legion said Thursday night.

"They say there is a shortage of materials, but as I tour the province, I find 'glorified hot-dog stands' and million dollar picture shows, with men and material enough to build row on row of houses for veterans."

Evans was speaking at a meeting of the Canadian Legion in this Eastern Ontario town. Evans said that the shortage would continue "until the 500,000 veterans stand up and say this has got to stop."

Past Presidents' Kinsmen's Night

Kinsmen Club celebrated their annual Past Presidents' Night Thursday night at the Kawartha Golf Club. Sixteen past presidents attended the meeting which was conducted by A. L. Elliott, the first president of the Peterborough club. Lorne Bateman gave a brief account of each of the past presidents' years.

Following the banquet six new members were initiated into the club They are Donald Kitchen, Arthur Black, William Roche, William Godson, William Montgomery and Lynn Wilson. Norman Elliott and Kel Sheehy conducted the initiation ceremonies.

The past presidents present were A. L. Elliott, Fred Percy, Alexander Sollitt, Kel Sheehy, Donald Loucks, Dr Mark Crough, Donald Scott, Vernon Selkirk, Lorne Bateman, Norman Elliott, Arthur Lewis, Kenneth Smylie, Weldon Fanning, Roy Lewis, Edward O'Toole and James King.

City Police Acquire 'Black Maria' Truck

The only means of transporting arrested persons, bicycles, beer bottles, guns and all kinds of implements to City Police headquarters has, in the past, been the two police cruisers. The City Force is now the proud possessor of a brand new "Black Maria" which was delivered at the station this week.

City constables take a pride in the appearance of their cruisers and in spite of the medley of articles transported in them, never ceased to keep them looking smart. Their task will not be so arduous now that they have the truck.

Obituary

WILLIAM PORTER ROBINSON

William Porter Robinson, 85, of 177 Murray St., died on Thursday in hospital following a short illness. He was born in Douro township, son of the late Mr. and Mrs John Robinson, and before moving to the city four years ago lived in Lakefield. His wife, the former Isabella Young predeceased him.

He leaves four daughters, Mrs. B. Parliament (Marion) of Lakefield, Mrs. Olive Kidd and Mrs Zetta Anderson both of this city and Mrs. L. D. Hawthorne (Vida) of Sardis, B. C. There are four sons, J. Roy of Noranda, W. Everett of Peterborough, Hector A. of Toronto and J. Emeric of South Monaghan and one brother, Matthew, also of this city.

Mr. Robinson was a retired carpenter and a member of the Lakefield Baptist Church and of Bridgenorth Lodge of the Canadian Order of Forresters.

Funeral service will be held on Sunday at the Kaye Funeral Home at 3 p.m. The Rev. Ivan C. Morgan of Murray Street Baptist Church will officiate and burial will be at Lakefield Cemetery.

Pickets Prevented Removal Of Parts

SOUTH BEND, Ind., May 13 — (AP)—Despite a court order some 60 pickets stopped an attempt today by the Packard Motor Company to remove seven brake dies and 1,000,000 auto parts from the strike-bound Bendix Aviation plant.

Six semi-trailers started to move into the plant through the pickets. But drivers said they could not get through and the attempt was called off by the sheriff.

About 7,500 United Automobile Workers (CIO) have been on strike at the Bendix plant since April 20.

The Union has demanded reinstatement of 47 workers dismissed for an alleged slowdown, elimination of an alleged speed-up and dismissal of a $1,500,000 damage suit filed against it by Bendix.

Escapes From Burwash

SUDBURY, May 13 (CP) — Warm and sunny weather is believed by authorities to have prompted the escape yesterday of Herman Hergaarden, 28, of Brampton, from Burwash Industrial Farm.

Hergaarden, a trusty at the prison farm, is believed to have merely walked away from a job where he was posted.

Boy's Condition Said To Be Poor

TORONTO, May 13 — (CP).— Hospital authorities said today seven-year-old George Gibson of Cobourg was still "seriously ill" and that his condition was "poor." Son of Percy Gibson, well-known Central Ontario Baseball Association pitcher, the child was brought from Cobourg yesterday for treatment of a fractured skull. He suffered the injuries when he fell from his bicycle into the path of an automobile.

Two Days In Bush

MATTAWA, Ont., May 13 (CP) —Joe Brisson, 70-year-old Toronto prospector, walked out of the bush yesterday to end an intensive two-day search for him.

Brisson, one of a party of prospectors that came to the Mattawa district, 40 miles east of North Bay, this week, following news of uranium discoveries was missed Wednesday when he left to return to their group's base camp and failed to arrive by nightfall.

He is reported to have suffered no ill effects from his two-day ordeal.

Six Teachers Appointed To City Staff

Six new teachers have accepted positions on the public school staff, it was announced at the meeting of the Board of Education on Thursday night. There were also several promotions and transfers among the present staff.

As authorized by the Board the following teachers have been offered and have accepted positions on the Public School staff: Miss Elizabeth Wright, Miss Dorothy Leslie, Miss Marian McGill, and Miss June Brown—all at salaries of $1,500 plus $200 bonus; Miss Perla Pidgeon, $1,700 plus $200 bonus; and Clair Brown $2,000 plus $200 bonus.

Promotions and Transfers

The following promotions and transfers were passed as recommended: R. J. Bolton, principal of Central School, transferred to Prince of Wales School in the same capacity; Donald Crawford, principal of King Edward School, transferred to Central School to replace Mr. Bolton; John Telford, vice-principal at Queen Alexandra, promoted to principal and placed in charge of King Edward School. Kenneth McKee, vice-principal of Central School, transferred to Queen Alexandra School in the same capacity; H. V. Cunningham, promoted to vice-principal and assigned to Central School.

Miss Jean Trenholm has been appointed teacher of Home Economics at the PCVS at a salary of $2,200 plus bonus of $200.

Miller, Powell Co. have been awarded the contract for installing fluorescent fixtures at King George School at a total cost of $1,023. Affected will be the kindergarten and Rooms 1 and 9.

The Softball diamond at King Edward School will be available to the nine teams comprising the Peterborough Civic League from May 16 to the end of August, the Board decided. The days are Monday, Wednesday and Friday. On Tuesdays and Thursdays the diamond will be used by the Protestant Church Athletic Association which has a league of 20 teams.

The Association will have the use of Central School softball diamond on Mondays, Tuesdays, Wednesdays and Thursdays. The schedule is from May 16 to June 30.

G. Wilson Craw, Accommodation Committee, reported that the committee had recently examined a possible future public school site in East City. Before any further action is taken he said an architect will be called in for consultation.

Another site in the south end of the city has been looked at with a view toward the eventual building of a secondary school there.

"But a lot of work must be done before we can even make a recommendation whether we should buy it or not," said Mr. Craw.

60 Cabs In City

Taxi cabs operated in the city now number the maximum of 60 and no further licences will be issued by the Police Commission. Application from Loan Dupuis, 5 Edgewater Boulevard for a licence for his two sons to operate a cab business was placed before the Commission Thursday and was the 60th licence to be issued. The Commission had previously set the limit at 60.

Rambling Reporter

FRIDAY THE 13th

How have you come through this Friday the thirteenth? It's the last unlucky day of its kind until January. An evil day for the superstitious, we hope no black cats have crossed your path—and did you remember to walk round that ladder?—H.P.

Y's Men's Club Bring Play For Three Days

By ROBERTSON DAVIES

The Peterborough Y's Men's Club has undertaken the ambitious project of bringing a play to town for three days. The first performance was given on Thursday night, and the play will be repeated tonight and on Saturday. It is the well-known old farce "It Pays To Advertise", and it is performed with a good deal of spirit by a company which originates in Toronto.

The plot of the play is complex, but briefly its story is this: a wealthy manufacturer of soap conspires with his attractive secretary to get his son to go to work. The son, who loves the secretary, goes into the soap business with a publicity agent who has an unlimited belief in the power of advertising. After near failure, and some adventures which involve a bogus French Countess, the father is compelled to buy his son's business, the young people are married, and the power of advertising is vindicated.

The play was performed with commendable speed, it began on time, and its intervals were short. The company as a whole was adequate, and Dennis Murphy, who played the part of the irascible soap-maker, was a good deal better than that. The most accomplished actor of the group was Mack Inglis, who is familiar to Peterborough audiences; he played the part of the publicity agent with admirable attack and verve. But Mr. Inglis is such an accomplished comedian that we would like to see him in a better play. Not long ago he won high praise in a production of "The Mollusc" in Toronto; why not tour in "The Mollusc" rather than in this old tired farce?

Arthur Williams To Support Miles

Howard Miles, CCF candidate for Peterborough West, starts his election campaign Monday with a meeting in the Knights of Columbus Hall, Simcoe St. Arthur Williams, Federal Member for the riding of Ontario in the last house will be the main speaker.

Mr. Williams, who has been associated with the Labour movement all his life came to Canada years ago from the Welsh coal mining area. He was at one time president of East York Workers' Association and reeve of East York.

Thieves Traffic In Used Cars Police Warning

Toronto city police have issued a warning to police in Peterborough and elsewhere throughout Ontario to be on guard against a well organised group of car thieves who have been selling stolen cars. This illegal traffic is mostly in the latest models.

Already a number of farmers and residents in smaller Ontario centres have bought second hand cars of the latest models, only to find later that they have purchased stolen vehicles. Thus they suffer a total loss of the cash paid for the car.

Chief Constable Jack Thompson of Peterborough City Police urges all prospective buyers of late model cars to take extreme caution before buying a new model through a box number advertisement.

Should there be any question in the mind of the prospective purchaser regarding the legality of the sale, he is urged to contact the Provincial Police before concluding the transaction.

The general method of operation of these thieves, Toronto police say, is to advertise the automobile through a box number in one of the smaller district newspapers. The thieves will have obtained new license markers for the stolen car sometimes weeks in advance, through misrepresentation, and should the prospective buyer make enquiries at the Department of Motor Vehicles he will find that these markers are actually registered to the automobile bearing the serial number and motor number of the one offered for sale.

The thieves will also produce a purported original bill of sale for the automobile, made out on a billhead of a motor car sales company, but should this be checked by the prospective purchaser, it will be found to be fictitious.

Invariably, if the purchaser intimates that he wishes to investigate the bill of sale, the vendor offers some excuse for leaving, never to return.

TRIBUTE TO G. N. GORDON.

The convention of Liberals at Canadian Legion Hall Thursday night stood in the silence of remembrance in tribute to the memory of the late Hon. G. N. Gordon immediately after the singing of "O Canada."

Life Of Moose Shown In Film

Kiwanians on Thursday saw a 20-minute color film, the result of a three-year study of the moose. The film was the joint production of the Royal Museum of Zoology and the Carling Conservation Club.

Zoologists and others interested in the preservation of Canadian wildlife have expressed the fear that if the present decrease is maintained the moose will be become as nearly extinct as the bison, elk and caribou.

To make a check on the general habits of the moose a party was formed to travel to St. Ignace, a crown preserve on the north shore of Lake Superior, south of Lake Nipigon, where the species is plentiful.

Included in the group were Dr. R. L. Peterson, director of Mamology, Royal Ontario Museum; Thomas McCormick, biology student and guide; and Dalton Muir, who combined the talents of biologist and photographer.

The party set up camp at St. Ignace and kept an almost constant observation on the animals. Much of their findings are available to the general public due to the excellent color film.

It is believed that the survey which was conducted in a scientific manner will help to prevent the further decrease in the moose population.

Major Percy Ketcheson, secretary of the Carling Conservation Club showed the film. He was assisted by Douglas Delaney, local sales representative. The speaker was introduced by Ralph Standish and thanked by Charles Hearst President Vince McCabe was in the chair.

Norwood News

Mrs. Mansell Elliott of Buffalo, N. Y., is spending three weeks here visiting friends.

Miss Ruth McClelland, Peterborough, was a weekend guest of her grandmother, Mrs. Jacob Gardner.

Mr. and Mrs. Bernard Forestall and daughters Linda and Marilyn of Toronto, were guests of Mr. and Mrs. William Forestall last week.

Mr. and Mrs. G. R. Baker and daughters Betty and Gail spent Sunday in Toronto, guests of Mr. and Mrs. Ed. Tyson.

Guests last weekend at the home of Mr. and Mrs. A. Gill were: Mr and Mrs. B. Peters, Toronto, and Frank Gill of Fenelon Falls.

Mrs. Eugene McLaughlin, Mrs. Gardner Gawley and Mrs. Ross Legg attended the sewing course sponsored by the Belmont Women's Institute last week.

Mr. and Mrs. Claude McNutt attended the funeral of the former's mother, Mrs. William McNutt, in Norham on Saturday.

Mr. and Mrs. Hamilton Humphries and family of Warkworth and Miss Velma Buchanan, Peterborough, were Sunday guests of Mr. and Mrs. Sam Buchanan.

Robert Golloher, Peterborough, spent a couple of days last week with Mr. and Mrs. Frank Andrews.

Mr. and Mrs. Alfred Bongard, Mr. and Mrs. Wesley Chamberlain and daughter Betty, and Mr. and Mrs. Carl Free, were Sunday visitors with Mr. and Mrs. Hugh Arnold, Peterborough.

Miss Eileen Steele spent the weekend in Campbellford with her sister, Mrs. Hector MacMillan and Mr. MacMillan.

Miss Marion Hubble was a weekend guest of Mr. and Mrs. Morley Tanner in Campbellford.

Mr. and Mrs. Wesley Chamberlain were guests in Lakefield on Tuesday of Mr. and Mrs. Jimmie Andrews.

A large number attended the Mother's Day service in St. And[illegible] with the Sunday school in the afternoon. Rev. R. D. Duncanson conducted the service. Those taking part were: Marjorie Smith, Bob Duncanson, Carl Burtt, Leslie Gordon and Harry Parker. Miss Jacqueline Rogers sang "Bless This House" and the Sunday school children sang "A Prayer Hymn for Home and Mother," which had been written by the minister.

The Sacrament of Baptism was administered to Frederick Robert Webb son of Mr. and Mrs. Rod Webb.

Made Chancellor

HALIFAX, May 13 (CP)—Lieutenant-Governor Ray Lawson of Ontario was installed Thursday as Chancellor of University of King's College at the annual convocation here. Mr. Lawson also received an honorary degree of Doctor of Canon Law.

Powell, Wife May Do Film

By BOB THOMAS

HOLLYWOOD, May 13—(AP)—Dick Powell and June Allyson may join the Mr. and Mrs. on the screen.

Powell wasn't able to obtain his wife's services for his own film, "Mrs. Mike" but he reports that her studio has sent him scripts with the idea of teaming with his wife.

The Powells made one film appearance together, a few years before they were married. It was an unhappy wartime musical called "Meet The People".

Odd Notes—

Walt Disney leaves next month for Britain, where he'll film "Treasure Island." It will be his first picture with no cartooning. Bobby Driscoll will star, backed with an all-British cast. . .

Strange guy, that Crosby. Bing remained 2½ hours at a reception for the San Francisco press during "Riding High" locations. But he continues to give the brush-off to the Hollywood press.

Contracts Awarded For Police Uniforms

The Mayor' office was a show place for boots, caps and a variety of cloths Thursday when the Police Commission selected this year's issue of City Police uniforms.

Every city constable is to have a new tunic, two pairs of trousers, a new cap and boots. Grafton Company will supply the uniforms and the contract for boots goes to R. Neill Ltd.

Tunics will be supplied at $36.-65 each, trousers are $14.55 and boots are $9.50 a pair.

Adjourns Hearing

TORONTO, May 13 (CP)—A court hearing of disposition of the $700,000 charitable foundation established by the will of Senator H. C. Cox of Oakville, Ont., was adjourned Thursday. Mr. Justice Dalton Wells of the Ontario Supreme Court said he would hear argument on the case "at some future date." Mr. Justice Wells said he will have to decide whether the foundation is legal under the revised law of Ontario before he undertakes to answer questions concerning distribution of the money.

Big Beef-Producing Centre Proposed By Australia

SYDNEY, Australia (CP)—The Cinderella lands in the northern part of Australia are to be developed into gigantic beef-producing centre.

When Prime Minister Joseph B. Chifley left for the prime ministers' conference in London he took with him a long-range plan to spent $160,000,000 on developing the comparatively empty tracts of arable land extending roughly over 500,000 square miles from West Queensland through the Northern Territory to the Indian Ocean on the west coast.

The Australian government proposes to meet the cost, but as part of the scheme Britain is expected to sign a long-term meat agreement that will guarantee a minimum price for all Australia's surplus beef for the next 10 years.

Safeguard Ranch Owners

The minimum price the government is demanding will safeguard the ranch owners and the government's financial commitments in developing the area.

Twice in the last eight months Britain has agreed to an increase to encourage cattle production in Australia, but they have not been high enough to warrant big scale development.

Sir Henry Turner, head of the British Food Mission, after an inspection of the territory, conceded it was reasonable for Britain to pay a much higher price to cover the heavy outlay necessary to lift production.

So far the British government has maintained the present price of $9.92 per 100 pounds of first grade beef is sufficient compensation.

Ranchers Active

However, ranch owners in the north see the present Anglo-Argentine dispute over meat prices as an opportunity to urge the Australian government to do something concrete to lift them out of the near-pioneering era.

In the past a number of Royal Commissions have been held into ways and means of developing the neglected land but each report has been shelved through apparent lack of interest in the area.

Today after almost a century of occupation there are only 500 miles of railroad in the Northern Territory and only one road worth describing as such—the North-South highway constructed by Australia and United States as a military road during the war.

The present development scheme, which now appears certain of being adopted, will start with the establishment of thousands of miles of good roads linking the cattle ranches with export centres at Darwin and at Wyndham in West Australia.

To Be Extended

The roads later will be extended to the Kimberley districts of the West and in as far as the Barkly Tablelands of Queensland.

Trucks capable of hauling up to 200 head of cattle in one load on their trailer wagons will be used to get the cattle to the abattoirs quickly. Already many of these huge trucks are in operation around the Alice Springs district.

The cost of transport by this method is high but it is offset by the saving in condition and time. The same applies to air transport which has been tried successfully in West Australia.

Police At Waterfront

VANCOUVER, May 13—(CP)—Extra police patrolled the waterfront here Thursday following a skirmish Wednesday night between rival seamen's union members at Lapointe pier. Police reported a dozen men, said to be Canadian Seamen's Union (TLC) members, attempted to board the eastern-owned S.S. Islandside, manned by a Seafarers' International Union (AFL) crew. The skirmish ended with the arrival of police reinforcements who dispersed the raiders—but made no arrests.

Church Opposes Law

BUENOS AIRES, May 13 — (AP)—Roman Catholic church organizations called on the Argentine Congress Thursday to turn down a government plan to restore legal prostitution. The bill, which would authorize reopening "houses of tolerance" which were shut down in 1937, was sent to the senate by the administration. The measure was reportedly drafted by the public health ministry and has the support of various labor unions.

Have No Complaints

OTTAWA, May 13—(CP)—Four former patients testified Thursday that they had no complaints with treatment they received at the Ottawa Civic Hospital. They were testifying before Judge G. A. McDougal, conducting a judicial inquiry into hospital conditions following a series of editorials in The Citizen, containing complaints of hospital patients. The inquiry was ordered by Ottawa city council.

Seize Two Cars

TORONTO, May 13 — (CP).—Two automobiles were seized by the Department of Highways and sold recently because their owners obtained vehicle permits when they had been forbidden to do so. Highways Minister Doucett, announcing the seizures, said Thursday that 30 vehicles have been confiscated since 1947 when a law was passed governing persons convicted of traffic offences.

Sodality Elects Helen Strano

Miss Helen Strano is the new prefect of the senior sodality of St. Peter's Cathedral. She was elected on Sunday when the activities of the sodality ended for the year. Members were at home to their mothers and friends at the final meeting held in the auditorium of Mount St. Joseph's.

Before a shrine erected to the honor of the sodality patroness, the Blessed Virgin, and in a setting of daffodils and snapdragons, Miss Marie Kiernan, prefect, conducted the afternoon's activities.

Miss Barbara Glaun then presented a detailed financial report for the year. The Junior Sodality gave musical selections. The Rev. P. Butler and Rev. G. Gaughan spoke to the gathering.

Successively the chairmen of the various committees were called upon to report their year's activities.

Miss Helen Hajanih entertained the guests with the selection "Ave Maria" accompanied by Miss B. Greenan. Anne Szamers gave a lovely reading "My Mother" and expressed the sentiments of all to the gathered mothers.

Afternoon tea was then served tea being poured by Miss Marie Kiernan and Miss Betty Houlihan.

The new executive elected was: Prefect, Helen Strano; vice prefect, Mamie Sullivan; secretary, Mamie Sullivan; treasurer, Shirley McKenzie; Eucharistic, Loretto Lorenz, Lemoine Cook; Our Ladys, Margaret Caravaggie, Pauline Trudeau; publicity, Mary McTeague, Gerine Doris; good literature, Joan Rodgers, Agnes Barrett; social, Ella Foley, Agnes Sullivan.

A procession in the cathedral Sunday closed the year's activities of the sodality.

Silver Cross Planning Tea

Plans were laid for the garden tea and charter presentation on June 14 at the monthly meeting of the local branch of the Silver Cross Women of Canada. The meeting was held in the green room of the YWCA on Wednesday night.

A letter was read from Montreal and invitations to other chapters for teas and presentation of charters were also received. The garden tea and presentation of the charter will be on June 14. All members were asked to attend and bring a silver cross wearer if possible.

After the secretary and treasurer had given their reports Mrs. Gynane told of the work done by the Local Council. Mrs. Buntom reported for the flower convener and read a "thank you" note.

Mrs. B. D Hall asked the ladies to attend the Grenfell Mission tea to be held in the near future. An invitation was also received from the Hadassah Society for the anniversary tea on Wednesday.

Mrs. Freure closed the meeting with a Mother's Day prayer. President Mrs. B. W. Harvey was in the chair.

Toronto Bride Given Shower

Prior to her marriage on Monday Agnes Sheridan was entertained by a miscellaneous shower held at the home of Mrs. D. Smith, McDonnel St. Mrs. E. Seabrooke assisted.

The bride received many beautiful gifts for which she thanked them in her own capable way.

Those attending were Misses Madeline Toms, Muriel Anderson, Mabel Toms, Helen Curtis, Theresa Doran, Ida Duke, Pearl Chilvers Carol Briggs, Betty Smith, Agnes Sheridan, Mesdames Gertrude Seabrooke, Betty Smith, Winnie Briggs, Millie McKnight, Grace McDonald, Harriet Pelyea, Marjorie Downer.

Those who could not attend but sent gifts were Rose Barie Bosley, Lil Morrow, Aileen Lawless, Lola Harrison, Mrs. J. Draper Miss M. Fay, Mrs. A. Dunning.

Associates in the factory of Outboard Marine presented Agnes with a Tri-Lite lamp as their wedding gift.

Friends from a distance who attended the Sheridan-Jeffery wedding in Scarboro were: Miss Lil Morrow, Pearl Chivers, Mrs. E. Seabrooke, Mrs. D. Smith, Mr. Raymond Hunter of Peterborough, Mr. and Mrs. E. Jeffery, Mr. and Mrs. H. Brisley, Mr. and Mrs. C. Dagnall, Mrs. P. Duffort, Mrs. A. Campbell, Mrs. J. Campbell, Mr. and Mrs. Murray, Miss Helen Murray, Gordon Murray, Helen Nicholus, M. and Mrs. J. Bond, Robert Jeffery of Toronto Mr. and Mrs. F. Saunders and daughter Barbara, Mrs. D. Lester of Newtonville; Mr. and Mrs. B. Forrester of Oakville, and many others from Scarboro.

St.George Bowlers Close Season

Mrs. Leslie Moore on Thursday night was once again elected president of the Ladies' Bowling Club, St. George's Anglican Church. More than 40 members were present for the annual banquet and election of officers held in the basement of St. George's.

Mrs. Moore is now starting her seventh term of office.

The annual banquet brings the bowling season to a close, and members agreed that the past season had been a successful one.

A substantial cheque was presented to the Rev. E. C. Moore, rector of St. George's by the ladies. It will go toward the building fund for the new church. Mr. Moore thanked the president of the club as well as the members for their contribution.

During the bowling season a hand-made crochet tablecloth was presented to the club by Mrs. W. Allen of Romaine St. and tickets were sold on it. The lucky ticket was drawn by Mrs. Sarah Siddall, Princess St., and the winner was Mrs. Thomas Cardwell of Fradette Ave.

Two club members, Mrs. Arthur Simms, McGill St., and Mrs. E. Doleman, Edison Ave., are both taking a trip to England. They were presented with bon-voyage gifts and received the well wishes of everyone present.

It was announced that an afternoon tea would be held at St. Alban's Church on Wednesday, May 18 at 2.30 p.m.

During the meeting a scene "The Hunter" was enacted by Mrs. Moore. It was followed by games and contests. A trio of the members—Mrs. W. Farr, Mrs. T. Hewitt, and Mrs. L. Moore—did an entertaining skit, a caricature of a soap opera.

The complete executive is: Mrs. Leslie Moore, president; Mrs. Walter Farr, vice president; Mrs. E. Bailey, treasurer; and Mrs. T. Hewitt, recording secretary.

Agnes Sheridan Wed in Scarboro To Arthur Jeffery

Many guests attended the marriage on Monday in Scarboro of Ann Agnes, daughter of the late Mr. and Mrs. James Sheridan, Peterborough, to Arthur Frederick, eldest son of Mr. and Mrs. Arthur Jeffrey, Scarboro.

A gown of moira taffetta was worn by the bride fashioned with slim bodice and deep scalloped neckline offset by a sheer yoke. The long fitted sleeves fell to a point over the wrist. The full gathered skirt was enhanced by a short train. Her long veil was gathered in pleats caught by a halo of orange blossoms and seed pearls.

Her only adornment was a bejeweled pendant and she carried a nosegay of red and white roses.

The bride was attended by Mrs. D. Smith, matron of honor of Peterborough, wearing a floor-length gown of pink taffetta. Her pink veil was caught by a cluster of pink rosebuds. She also wore a brilliants pendant, and matching earrings. She carried a nosegay of daffodils and yellow roses.

The groom was attended by his brother Elgin Jeffery of Scarboro. The groom's gift to the matron of honor was cameo earrings studded with brilliants and to the best man gold cuff links.

A reception was held at the home of the groom's parents in Scarboro where about 50 people attended. Later the young couple left for a trip to Niagara and points west. As she left on her honeymoon trip the bride was wearing a navy flowered crepe dress and navy fitted coat. Her accessories were burgundy offset by a gray squirrel neckpiece.

On their return they will live in Peterborough.

The beaver is the largest rodent in North America. Large specimens tip the scales at more than 60 pounds.

Home and School Association News

ST. JOHN'S

Mrs. W. Pushie was elected on Tuesday night president of St. John's Home and School Club. She succeeds Mrs. Helen Holland.

The election was held in St. John's auditorium at the May meeting.

Mrs. H. McLarnon, secretary, read the general annual report, and she was followed by Miss B. Greenan, program convener's report, Mr. B. Anglesey, publication convener's report, and Mrs. G. Maloney, social convener's report.

In her address the president congratulated them for their excellent work during the past year.

Mrs. Nelson, president of the Home and School Council presided at the installation of officers and spoke briefly on the ideals of Home and School. She pointed out that members could be better citizens by being on the alert for those things detrimental to our way of life.

The complete executive for 1949-50 follows: Mrs. W. Pushie, president; Mrs. W. Prindible and Edward Curtain, vice-presidents; Mrs. L Lesley, secretary; and Mrs. W. Jones, treasurer. Executive members—Mrs. J. Doleman, Mr. V. Anglesey, Mrs. Frank Livings, Mrs. C. Smith and Mrs. D. Monaghan.

A social evening followed, catered to by Mrs. Maloney and her committee.

Only state flag bearing a coat of arms is the flag of Maryland, which bears the Calvert arms.

Roseneath News

Mrs. C. W. Varcoe is visiting her daughter, Mrs. Sam Black at Lakefield. Master Terry Black returned home with her after spending several weeks with his grandparents here.

Mr. and Mrs. Leslie Tucker visited Mrs. Ewart Tucker and infant daughter at the Nelson Nursing Home, Grafton, on Thursday.

The YPU will present their play "A Little Clodhopper" in Plainville on Tuesday.

The Fenella Women's Institute held its monthly meeting on Thursday at the home of Mrs. William Sandercock.

Mrs. Arthur Tucker has returned to her home here, after spending the winter with relatives in Belleville.

Mr. and Mrs. Douglas Coyle and Mr. and Mrs. Mervin Smith motored to Vineland this week.

Once again the men have completed the job of planting trees on the Northumberland reforestation for this year. A number of Roseneath men have been employed there.

Mr. Lyle Milne has returned home from attending the annual meeting of the Ontario Bakers' Association held in Toronto this week.

Of Interest to Women

DOROTHY DIX

Children Often Deprived Of Strength to Face Life

DEAR MISS DIX: Is the business about mothers tying their children to their apron strings just a fantasy of the Devil so that he can play with people and watch them hurt each other? Will the children of a mother who binds them to her, hand and foot, ever grow up mentally and be able to think for themselves?

Dorothy Dix

Will the children of these possessive mothers ever have any initiative and be able to look out for themselves when their mother dies?

MOTHER

✧ ✧ ✧

ANSWER: Just how far the Devil is responsible for the weak and flabby men and women who never grow up, or have any minds of their own, only Satanic Majesty knows. It is easy, however, to spot them. They are the leaners and the quitters and the failures and the cowards who never have the courage to face life.

The greatest misfortune that can happen to any human being is to have a perpetual babyhood wished upon it by a doting mother. Yet, strangely enough, thousands of otherwise intelligent women spend their lives trying to bring down this curse on their children's heads. They boast that their children are so obedient that they never think of making a move without asking Mama's permission. They smirk with self-satisfaction when they tell that their adolescent sons and daughters have no friends but Mother and never go anywhere without her, and that they wouldn't dream of picking out a dress or a hat themselves, or of choosing a girl or boy friend on their own initiative.

Become Milquetoasts

The result is that the children who are reared on the slogan "Mother Knows best" grow up to be Milquetoasts who are always running home to mother instead of solving their own problems; who defer to mother instead of their husbands; who let their mothers make their marriages and break them; and never get enough strength to stand on their own feet.

No women in the world do greater harm than the mothers who refuse to let their children grow up. Many a gifted boy and girl have had their talents smothered to death because Mother wouldn't untie her apron strings and let them go to their destiny.

✧ ✧ ✧

DEAR MISS DIX: How can I tell if my husband really and truly loves me? I have no reason to doubt his affection for me, only I want to be sure. You see, I am a little overweight and he is always kidding me about my figure and saying he doesn't like fat women. Also, he calls me "Mama," which hurts my feelings.

He says I am boring and not a good sport, because I never want to do anything he likes, but must I get on a horse when I am scared to death? I have lost 25 pounds on a diet, so what else can I do? Would a new hair-do and a new wardrobe help me?

I can't take any more kidding, so I ask you: Does my husband love me?

TROUBLED NINA

✧ ✧ ✧

ANSWER: Well, Nina, I'll pass you a tip that will save you many a tear, if you will only take it. It is this: Just wake up to the fact that there is nothing that endears a wife so much to her husband as for her to be a good sport who takes his kidding with a laugh instead of getting her feelings hurt. In reality, for a husband to tease his wife about her little eccentricities is a sign of love. If she really got on his nerves, he would be grim about them instead of being funny.

You are in no danger of losing your husband's love by his wisecracks about your being overweight or his calling you "Mama," but every wife stands a fat chance of losing a good husband if she does not cultivate a taste for the things he likes to do. So my advice to you is to quit worrying about your weight. Get a new hair-do and a wardrobe with slimming lines, and, above all, learn to laugh at your husband's kidding in public, even if you grind your teeth in private.

✧ ✧ ✧

DEAR MISS DIX: Five years ago I fell in love with a woman who tell me that she is ten years older than I am. I am 33. That would make her 43. She doesn't look any older than 30, but it wouldn't make any difference to me if she were 63. She refuses to marry me because of the difference in our ages. What do you think?

FRANK

✧ ✧ ✧

ANSWER: I think if you are 33 you are an adult. Your tastes are formed and you are capable of knowing what you want in a wife, so there is no reason why ten years should be a bar between you and this woman.

Any woman who is fascinating in her forties has the attractions that age does not wither. Her charms are indestructible because they are based on intelligence, understanding, tact and a knowledge of how to please.

Social Situations

SITUATION: You receive a formal invitation sent in the name of an organization.

WRONG WAY: Feel that since it was not sent by an individual it requires no answer.

RIGHT WAY: Write a formal acceptance or regret. (A formal invitation is answered in the third person, that is: "Mrs. Richard Ward Smith accepts with pleasure" . . .etc., or "regrets that she is unable to accept.")

London Express Service.

English Chic

By EPSIE KINARD,
NEA Fashion Editor

NEW YORK—(NEA)—The 1949 "Maid of Cotton" is back from her gypsy trek to England with her all-cotton wardrobe enriched by six British-designed dresses.

The international wardrobe of Sue Howell, King Cotton's goodwill ambassadress, now boasts the pick of the cotton crop of the US, France and England. As guest of the Cotton Board of England, the "Maid" modeled her cotton duds and posed for photographers against historic London backgrounds.

Pictured (right) at Big Ben's side and in front of the Houses of Parliament the "Maid" wears an afternoon dress of black and white striped cotton designed by Horrockses of England. The novelty stripe design suggests the threaded edge of picoted ribbon.

Pictured (left) near the statue of Arthur Sullivan of Gilbert and Sullivan fame is a Lawton Lewis-designed sun dress fashion of novelty print lawn of navy and white. This dress has a full skirt, a sun-back top and a brief cover-up jacket styled like a cape.

QUALITY and VALUE hand in hand at Smart Set Shop

Summer square dance companions are off-shoulder blouses of white broadcloth which are mated with plaid cotton skirts. Red embroidery points up neckline and sleeves of blouse (above). Starched eyelet ruffle encircles the neckline of blouse (top right). Bright plaid gingham strips which ring neckline (bottom right) match plaid of skirt.

Bare-shouldered Blouses Put Fashion On a Budget

NEW YORK—(NEA)— Blouse and skirt fashions come together as a team to pull kiting prices down to earth for this summer's budget-minded Cinderellas.

Fine white broadcloth makes lace-trimmed or be-ruffled blouses which induce a pair of pretty shoulders to become arrant show-offs: the companion skirts are made of plaid or solid-color cottons with elasticized waistbands which keep a good grip on the flighty shirt-tails of tuck-in blouses.

This team is heading for the grange halls, schools gyms and and rumpus rooms where this summer the stomp of feet will be drowned out by whoops of the square dance caller.

Crisp, Green Salad Good For Hot Weather Blues

By KAY REX

OTTAWA, — (CP) — A crisp green salad is just the thing to help drive away hot weather blues.

Garden crisp green lettuce leaves, plainly dressed, make the choicest spring salad. Each piece must be completely coated or filmed with a tart spicy dressing.

Home economists of the consumer section, Dominion Department of Agriculture, recommend a honey salad dressing for the plain lettuce salad.

Honey Celery Seed Dressing—Ingredients: one-half teaspoon celery seed; one tablespoon water; one-third cup sugar; one-half teaspoon dry mustard; one-half teaspoon paprika; pinch of salt; three tablespoons vinegar; one-half tablespoon grated onion.

Soak For Two Hours

Soak celery seed in water for two hours. Mix sugar, mustard, paprika and salt. Add celery seed and water. Add other ingredients, beating constantly with rotary beater. Yield: one cup.

The housewife seeking a novelty dish for a special luncheon might try a butterfly salad. It is made as follows: The body — a small banana, the wings — one slice of pineapple cut in two, antennae — narrow strips of pimento, spots on wings—slices of stuffed olives. Cover body with mayonnaise.

Rainbow salad—Ingredients: one cup canned red kidney beans; one cup canned peas; one-half cup yellow cheese cut in one-half inch cubes; one cup chopped celery; one tablespoon chopped pimento; two tablespoons chopped sour pickle.

Drain beans and peas, mix and add other ingredients. Add a cooked salad dressing if desired.

Cooked dressing—Ingredients: one egg; two tablespoons sugar; one tablespoon mustard; one teaspoon celery seed; one-half teaspoon pepper; one tablespoon salt; 1½ tablespoons flour; one small cup vinegar.

Little At Time

Beat egg add dry ingredients. Add vinegar a little at a time. Mix and cook until it thickens. Add a lump of butter just before removing from heat. Keep in refrigerator.

With picnic-time around the corner, mother should have a few ideas on hand for sandwiches.

The home economists recommend cheese sandwiches spread. Ingredients one pound grated cheese (four cups); four tablespoons minced onion; one-half teaspoon salt; dash of cayenne pepper; two hard-cooked eggs (chopped); two tablespoons butter; two tablespoons sugar; two cup vinegar; one cup top milk.

Add grated cheese, onion, salt, and cayenne pepper to the chopped egg. Melt butter in double boiler, add sugar and flour, blending well. Add vinegar and milk, while stirring, and cook over hot water until thickened. Combine with cheese mixture and store in a cool place. Yield: three cups.

Knox Church WA Volunteers Aid

A report on the recent conference at Norwood was given on Thursday afternoon at the May meeting of Knox United Church WA. The ladies met in the church parlors.

A group of ladies volunteered to help with the Sunday School picnic which will be held on June 22.

The meeting opened with the theme song, followed by a prayer given by Miss Susan Summers, president. A motion by Mrs. R. Laing and Mrs. Ross Williamson to have the June meeting the second Wednesday in the month instead of the second Thursday passed unanimously.

The afternoon report was given by Mrs. John Londerville.

Miss Summers led the worship service. Mrs. Sedgwick read the scripture. "Youth" was the theme of the service, with the principle, "The set of the soul determines the goal"

Mrs. Todd, a member of Grace United Church, sang a solo, "Under His Wings."

The service was closed with a prayer offered by Miss Summers and then the benediction.

Women Like Hatted Males

VANCOUVER, May 13 (CP)—Women have definite ideas on what type of hat their men should wear.

"And it better be a snap brim if they want him to be in style" says A. J. Linforth veteran haberdasher here.

Mr. Linforth, who is retiring shortly, has been in the hat business for 50 years. "Hats don't make you bald, he says and has a thick grey thatch to prove it.

Hats are more popular with women than a bare head according to Mr. Linforth, with a wide snap brims in any color—leading the style parade.

Friends of James Edwards, King George St., will be pleased to learn he has returned home from St. Joseph's Hospital and is convalescing.

Of Interest to Women

St. James' WMS Plans Banquet

St. James' Auxiliary of the Woman's Missionary Society convened in Wesley Hall on Thursday afternoon, with a splendid attendance.

Miss M. Bowers, who presided, opened by reading the poem, "A Ritual of Praise" by Catherine Baker.

After the singing of a hymn prayer was offered by Miss Bowers, when Mrs. Sloane and her committee, which included Mrs. Doig and Mrs. Bert Pitchford, took over the program.

Mrs. Pitchford read the 31st Psalm and two hymns were sung. In keeping with the theme, a beautiful reading, "An Act of Praise," was given by Mrs. Doig and Mrs. Sloane, followed by a duet by Mrs. E. Wood and Mrs. V. Davies "God Wills It So," accompanied by Mrs. Doig.

"The Place of the Press in China" was told in an interesting story by Miss M. Bowers, from the study for the month. She was assisted by Mrs. Finnie and Mrs. Doig.

Plans for the mother and daughter banquet to be held on May 20 were completed. Mrs. E. M. David, Miss Morton and Mrs. A. E. Prest were appointed in charge of the kitchen, and Mrs. Pitchford and Mrs. Finnie to the tables, for the banquet.

It was also decided to ask Miss Ruth Simpson to work with the group, Miss Morton, Miss Bowers and Mrs. Davis, to collect for the Bible Society for St. James' Auxiliary.

A message of thanks was received from Mrs. E. A. Johnston for flowers and letters received during her illness.

Reports of the secretary and treasurer were given and also the secretaries of departments reported as follows: Christian Stewardship, Mrs. F. W. Craik; Local Council, Mrs. L. Bird, and Community Friendship, Mrs. Geo. Rowe.

The offering was received and dedicated and the meeting was closed with the benediction.

8 STUDENTS INJURED

LAWRENCE, Kas., May 13 — (AP)—Eight University of Kansas students were injured Wednesday nigh in a riotous "stag week" demonstration. The Dean of Men was doused with water and sorority houses were damaged as students battled back and forth. None of the students was injured seriously, although four remained in the University hospital Thursday for further treatment.

RETURNS TO WAR BRIDE

NEW ORLEANS, May 13 (AP) —George E. Higgins will return to his French war bride whom he left for fear of exposing her to tuberculosis. The 39-year-old former Marine radio operator had left their New Orleans home, after writing a note saying he did not expect to live more than another year. Mrs. Higgins, 25-year-old native of Lyon, France, pleaded for him to return. He heard of her appeal in Philadelphia and started back.

PERSONAL LOANS

$50 to $1000

The Personal Finance Company o Canada has been engaged in the personal loan business in Canada since 1933. Under the direction of skilled Branch aMnagers, a modern financial service is provided for all who wish to make application for a personal loan.

Fruit Farmers Hit By Frost

ST. CATHARINES, May 13 — (CP). — A number of Niagara district frut farmers have reported considerable loss of crops as a result of the sudden cold snap early this week. Autumn grape crops are the hardest hit in the areas immediately surrounding St. Catharines in Louth Township.

One farmer, C. A. Burkstein, who has 30 acres of grapes west of St. Catharines Airport, says that his entire crop has been wiped out. His neighbor expects only two tons in comparison with his usual yield of 40 tons. Low-lying territory seems to show the heaviest casualties.

Peaches and strawberries also suffered varying amounts of damage, while young asparatus tips were nipped in some cases and cutting had to be suspended for two to three days.

St. Catharines' agricultural representative, E. F. Neff, stated that grape damage over the whole Niagara district will amount to about 10 per cent of the expected total.

Dock Workers Endorse Strike

AVONMOUTH, Gloucester, England, May 13 (Reuters) — Harry Davis, president of the Canadian Seamen's Union, (TLC), who flew to Britain to address striking Canadian seamen, today was assured by dock workers that they endorse the CSU strike.

After hearing Davis outline the Union's cause, the dock workers unanimously pledged themselves to refuse to handle cargo loaded by "strike-breakers" in Canada.

The CSU-TLC called its strike more than one month ago after Canadian ship owners signed a contract with the rival Seafarers' International Union (AFL).

One Canadian freighter, the Gulfside, has been tied up at nearby Bristol docks since April 1.

Sure Democracy Can Beat Reds

BERLIN, May 13 — (AP). — Gen. Lucius D. Clay said to-day the forces of democracy in a unified Germany could beat down the Communists in a free election.

The retiring United States military governor told a farewell press conference here he has no fear either of Communism winning control of Germany or of a rebirth of Nazi Fascism.

Germany to-day has "every chance to succeed" as a peaceful member of the family of nations, he continued.

He left this advice:

"Any proposal to withdraw occupation forces fully at this time would be very, very wrong. On the other hand a proposal for the gradual reduction of occupation forces would be good and worth considering."

EARLY GREEK FANS

In Greece, peacock fans were known about 500 B.C.

ENLARGED FLEET

Forty-one new merchant ships with a total tonnage of 240,000 were delivered by Britain's shipyards in December, 1948.

BUSY PAPER MILLS

Every 12 hours, Canadian mills produce $1,000,000 worth of pulp and paper.

Action Slows To Crawl On Toronto Exchange

TORONTO, May 13 — (CP).— Prices continued sliding as action slowed to a crawl on the Toronto Stock Exchange to-day. Industrials were down fractions and junior producers were easier in the golds. A few base metals moved irregularly with some firming tendencies showing in mid-session. Western oils opened stronger but soon relaxed into the easier level.

Volume for the first three hours was 368,000 shares, about 41,000 shares less than yesterday's similar period.

Changes were held to fractions in the industrial groupings as the trading slowed on this Friday the 13th. Papers and liquors weakened and some early advances in the utilities were wiped out.

Senior golds were quiet while losses ranged up to 10 cents in juniors.

Consolidated, Smelters, Noranda, and Quemont dipped fractions in base metals

Matthews Named Secretary Of Navy

WASHINGTON, May 13 (AP)— Francis Patrick Matthews, Omaha lawyer, today was named Secretary of the United States Navy.

The White House announced that Matthews, 62, widely-known Roman Catholic layman, has been picked to succeed John L. Sullivan. Sullivan quit recently with a blast at Defence Secretarry Louis Johnson for halting work on the Navy's super aircraft carrier.

It was learned that the President is not yet ready to name a new Secretary of the Army to suceed Kenneth C. Royall, who also resigned.

Order Ball Game To Be Replayed

NEW YORK, May 13 (CP)—A replay has been ordered of the International League baseball game of May 4 in which Montreal Royals trounced Baltimore Orioles 13-1.

Frank J. Saughnessy, president of the league, announcing the replay today, said an incorrect decision by an umpire is the cause. The game will be played June 26 at Montreal.

The May 4 game, played in Montreal, was protested by the Baltimore club. The Orioles claimed an umpire's ruling of interference in a play at second base was contrary to the official playing rules.

Slug Yardman With Bottle

TORONTO, May 13 —(CP)—A railway yardman was slugged over the head with a bottle and chair and a cafe owner beaten and kicked early today in two restaurant battles which ended in the arrest of five men.

James Brereton and Harry Spence were charged with wounding Frank Beauford, 40-year-old Mimico railwayman in a downtown restaurant. Beauford needed 10 stitches to close deep gashes over his eyes and two more in a cut on his head.

Leo Durocher, his brother Gordon, and Gerald Lacky were charged with aggravated assault, being drunk and malicious damage after another fight in a downtown restaurant. Peter Cuch cafe proprietor was bruised about the face and head and requested hospital treatment.

Woman Burned In Flash Fire

LONDON, Ont., May 13 (CP)— Mrs. Adelia Smyth, 60, died in hospital today from burns suffered late Thursday in a flash fire in the dining room of her home. The fire was believed to have been caused by a cleaning fluid igniting through contact with an electric socket.

Authorities said the woman was cleaning the floor with a solvent mixture, and apparently pulled a radio plug from a floor socket.

Happy Travels THROUGH GRAND RIVER VALLEY

For the sight-seeing tourist, magnificent scenery and historical landmarks abound in the lovely Grand River Valley—stretching 165 miles from Port Maitland, on Lake Erie, through Brantford, Kitchener, and Galt, to Mt. Forest. Visit the historic reserve of the Six Nations Indians . . . the little Church of the Mohawks . . . the tomb of Joseph Brant, famous Indian chief. See the home of Alexander Graham Bell, where the telephone was invented . . . the magnificent Bell monument at Brantford. Travel through the scenic Grand River Glen at Elora . . . along the historic water route of the Six Nations. For information on accommodation and routes, write the Board of Trade at Kitchener, Brantford or Galt, Ontario.

In Ontario we have a holiday paradise . . . let's do all we can to encourage visitors from across the border. Published in support of the tourist business by John Labatt Limited.

Labatt's BREWERS SINCE 1832

LET'S MAKE THEM WANT TO COME BACK!

Woman Evicted Didn't Put StampOnCheque

OTTAWA, May 13 (CP)—That last cheque you wrote—the one you didn't put a stamp on—could get you in trouble.

Because that sort of thing is against the law.

The law, revenue department officials explained, requires that the person who writes the cheque must pay the tax of three cents on cheques up to $100 and six cents for cheques of more than $100.

The tax must be paid before the cheque is cashed. So you just can't make out the cheque for an extra three cents and let it go at that. You may have intended the extra three cents as the tax—but you didn't actually pay it.

The stamp tax has been on cheques, purely as a revenue measure, for some 25 years and there have been prosecutions for not putting stamps on when the cheque is written. Conviction carries a fine of $10, but prosecutions are "few and far between," an official said.

That means you don't have to accept a cheque for payment unless there's a stamp on it when you get it. Judge T. H. Barton ruled in Toronto yesterday, in what was believed to the first legal decision of its kind, that an unstamped cheque doesn't constitute a payment. A landlord was trying to evict a tenant because, he said, she hadn't paid her rent. The tenant had given the landlord an unstamped cheque for one month's rent, but the judge ruled that wasn't good enough and ordered the eviction. The tenant, Mrs. Lillian Baxter, said she will appeal. She can't be evicted until after the appeal is heard.

If some one does give you an unstamped cheque, you can't—strictly speaking—take it to the bank, give the teller three cents and have him put on a stamp. Because then the wrong person pays the tax. The law says it's to be paid by the person who writes—not the person who cashes — the cheque.

London To Paris In 24 Minutes

PARIS, May 13 (Reuters)—A British all-jet fighter plane today flew from London to Villa Coublay airport here in 24 minutes.

The plane, a Hawker P-1052, was piloted by Thevor (Wimpy) Wade. The control tower at the airport here gave Wade's time as 24 minutes, 1.8 seconds, the previous unofficial record from London to Paris being 27 minutes 38 seconds.

The distance is 221 miles.

Rival Union Vote

TORONTO, May 13 —(CP)—A vote to determine which of two rival unions will represent workers at the Port Colborne refinery of the International Nickel Company was ordered Thursday by the Ontario Labor Relations Board. The unions, both claiming to represent a majority of workers at the refinery, are the International Union of Mine, Mill and Smelter Workers (C.I.O.) and the Canadian Congress of Labor Union established in the plant.

Aids Hospital Survey

WINDSOR, May 13 (CP)—Dr. Harvey Agnew, executive secretary of the Canadian Hospital Council, will arrive here Monday to begin a survey of medical affairs at Metropolitan General Hospital. The eminent physician is one of the experts who will be called to testify at the royal commission inquiry into administration and conduct of the City Hospital, which resumes next Wednesday.

Stands By Pact

PARIS May 13. — (AP).—France said Thursday she is standing by the six-power London agreement setting up a purely western supervision of the Ruhr. A Foreign Ministry spokesman said, however, that at times during the last two years France had suggested a system of "double control" of the Ruhr as a possible [illegible] on this issue.

450,000 JAPS STRIKE

TOKYO (AP)—Approximately 450,000 Japanese coal miners will begin a 48-hour strike at midnight tonight.

Previously miners have been walking out in short, separate strikes spotted all over Japan. The new walk-out amounts to a general strike.

The miners want a pay increase. Management wants to cut wages 20 per cent because mine owners recently lost their government subsidies.

TENACIOUS ANT

Ants are said to have the most powerful jaw grip, proportionately, among insects or animals.

No cat can be owned legally, since cats are classed as predacious animals.

Uncover Old Law

TORONTO, May 13 —(CP)—Lawyers Thursday uncovered an obscure clause in the Ontario Railway Act which may affect street railway fares throughout the province. The clause was disclosed during a hearing before the Municipal Board of an application of the Hamilton Street Railway Company to increase its fares. Lawyers for the city of Hamilton, opposing the application, turned up the clause which provides that all fares on streetcars, buses and trolley coaches must not exceed five cents for the first three miles and two cents for each additional mile.

ASK POLICE WITHDRAWAL

OTTAWA, May 13 —(CP)—Withdrawal of Ontario Provincial Police from the scene of a strike at a baby-carriage plant in Orillia was asked Thursday by Pat Conroy, secretary-treasurer of the Canadian Congress of Labor. Mr. Conroy made the request in a telegram sent to Attorney-General Dana Porter of Ontario.

31 Sailors Arrested Police Board Vessel

BOMBAY, May 13 (CP) — Thirty-one members of the crew of the Canadian freighter Shelburne County have been arrested and charged with insubordination and refusal to report for duty following what her captain described as "violence" aboard the ship.

Police boarded the vessel Thursday night after a call from the captain, Frank Kappase, and restored order. Later Magistrate Oscar Brown ordered the arrest of three alleged ringleaders. Another 28 men were arrested early today.

The case will be heard in court tomorrow.

The crew members charged that the food was bad aboard the 7,000-ton ship, owned by Acadia Overseas Freighters Limited of Halifax. It arrived here a week ago.

The cook, who was among those arrested, said he agreed the food was bad.

Papers Discuss Work AmongNewCanadians

HASTINGS, May 13 (ENS)—Reading of two papers on work among "new Canadians" from Europe featured a meeting of the Evening Auxiliary of Trinity United Church held on Wednesday evening at the home of Mrs. Carl Oliver.

The program was in charge of Miss M. Scriver, and she was assisted by Mrs. C. Scriver, who gave an interesting reading on "Newcomers ot Canada" and by Mrs. L. Nelson, who gave a reading on "The Church Works with Immigrants".

Mrs. C. Baker invited the group to hold their June meeting at her cottage. The program of this meeting will be in charge of Mrs. G. Thompson.

It is estimated that there are 120,000,000 cats in the United States, and that 80,000,000 of them are strays.

Marshall Plan Vital

ANNECY, France, May 13 — (AP)—W. Averell Harriman said Thursday night success of the European recovery program is "almost as vital in the long run to the non-participating countries as it is to the Marshall-plan nations themselves." Harriman is United States Ambassador for the European Economic Administration. He addressed delegates to the conference here of 34 States negotiating tariff concessions under the Geneva Agreement of 1947.

Truck Blast Wrecks Big Tunnel

66 Hurt Fighting Fire And Fumes In New York Area

NEW YORK, May 14 (AP). — Bulldozers scraped through deep ooze and matted wreckage to-day to clear the blast-seared Holland Tunnel for its daily load of 46,000 cars and trucks.

A big truck, rolling towards New York with a cargo of chemicals, blew up Friday morning. It spewed fire and poisonous gas through 300 feet of the traffic-clogged tunnel.

However, the tunnel was expected to be ready for normal operations by late this afternoon. Damage may total $1,000,000.

Repairmen said 250 feet of the tunnel's inner ceiling would have to be replaced.

New Jersey authorities sought to determine if criminal negligence led to the concentrated destruction on the underwater highway that links New York and New Jersey beneath the Hudson River.

However, the cause of the blast could not be pinpointed in the welter of debris.

66 People Collapse

Sixty-six persons, mostly firemen and tunnel workers, collapsed or staggered groggily from the tunnel's smokefogged depths during a five-hour battle with fire and fumes.

Twenty-six men were taken to hospitals with burns or gas poisoning. None was reported in danger.

Experts said only the 84 powerful blowers in the walls kept gas fumes from building up a blanket that might have turned

Three Allies Retain Supervision

Keep Disarmament Reparations, Under Strict Control

BERLIN, May 14—(CP)—Britain, the United States and France today approved self-rule for western Berlin under limited Allied supervision.

It was announced that the three western commandants have signed a self-rule statute in the form of a "Statement of Principles." A The statute grants the Germans direct administrative control of the western portion of the city powers to three commandants. but reserves wide supervisory

Fields of activity specifically reserved to the occupations authorities include:

Disarmament and demilitarization; restitution, reparations, decartelization, foreign interests in Berlin and claims against Berlin; relations with authorities abroad; displaced persons; protection and security of allied forces, control of convicted German war criminals, and supervision of police "in view of the special circumstances prevailing in Berlin."

Right To Intervene

One clause retains for the occupation authorities the right to intervene "in an emergency and issue orders to insure the security, good order and financial and economic stability of the city." This proviso is broad enough to keep the door open for the western Allies to take action at any time on any subject.

A four-power conference was called to seek to clear away some of the confusions and differences remaining as a hangover since the lifting of the Berlin blockade. Thursday.

The economic chiefs of all four military governments in Berlin scheduled the meeting. A major subject before them is the Russians' insistence on reviving old east-west German trade agreements, suspended when the Soviets imposed the blockade last June.

The western Allies do not dispute the Russian claim that the agreements still are valid—but they do contend the agreements are outmoded.

Meanwhile, Russia declared her intention of quickly resuming reciprocal deliveries to 18 western nations of the inter-Allied Reparations Agency in return for past reparations delivered to her from western Germany.

Under the 1945 Potsdam agreement, the Soviet Union was granted a 25-per-cent share of western-German reparations and was obliged to reciprocate with goods worth 60 per cent of this share.

American military government officials disclosed that the western Allies, because of Russia's declaration, now are ready to resume shipment of west-German reparations which had been allocated to the Soviets but frozen by the now-lifted counter blockade.

Two Die In Flames

WINDSOR FALLS, Que., May 14—(CP)—Frederick A. Fleck, 57, and Russell Ewing, both of Melbourne, Que., were burned to death when a truck in which they were hauling logs overturned on a back road near here. The truck with the two Melbourne men inside met another vehicle on the road and pulled to the side. It overturned on a soft shoulder, however, and caught fire. The two men were trapped inside. An inquest will be held today.

Trigger-Happy Army Looters Rule Shanghai

By TOM LAMBERT

HONG KONG, May 14.—(AP). —Shanghai today is a city ruled by guns.

Its nearly 6,000,000 residents are more fearful of their trigger-happy Nationalist defenders than of the Chinese Communists.

Harsh and bloody measures taken by the Shanghai garrison are converting from contempt to anger the feeling residents have for the men assigned to defend that greatest Asiatic city.

Military edict, enforced by arms, is now the law for Shanghia Legal looting by soldiers—who never were distinguished for their respect for other people's property — now goes under the alias of "requisitioning."

Through a tightening censorship the garrison decides what Shanghai and the world will know about the war and about conditions in that city.

The garrison is following unswervingly the military patterns of Peiping, Tientsin, Suchow and Nanking, all of which have fallen to the Reds.

With "volunteer" laborers, the army is gouging out trenches, erecting pillboxes, uprooting villages and burning down houses on the outskirts of the city.

The military and those political figures who are allowed to speak all prattle solemnly about a "last-ditch" stand and boast that Shanghai's defenses are like Stalingrad's.

Scramble For Safety

Yet probably no more than a handful of Shanghai residents believes the garrison will even try to defend the city. They expect that as the Reds appear, as many of Shanghai's remaining defenders as possible will scramble to follow those who already have departed

The defense thus far has not qualified for any military accolade.

Each time the Reds have attacked the outer perimeter, the Nationalists have pulled back. The garrison issues resounding communiques that detail great slaughter of the Reds—but the garrison is pulling back steadily into Shanghai.

Some of the defense measures are completely confusing. The defense works at the city limits could not withstand a determined troop of Boy Scouts.

Yet, with the Reds only a few miles away, the Nationalists engage in "combat exercises."

With the Reds grinding through South-Central China and closer to Shanghai, the Nationalist Air Force raids Mukden and Peiping —hundreds of miles to the north

Not content with handling purely military questions, the garri-

TRIGGER-HAPPY

(Continued on Page 2, Column 4)

Marshall Plan Has Meant $700,000,000 Shot In Arm For Canadian People

Dominion Supplies 14% of Goods Shipped To European Countries, 40% Of All Goods Bought Outside The U.S.A.

OTTAWA, May 14—(CP)—The Marshall Plan has meant a $700,000,000 shot in the arm to the Canadian economy. During the first 13 months of the American program to put war-devastated Europe back on its economic feet, Canada sold the plan goods worth $713,150,776, the Trade and Commerce Department reported Friday night. The period ended last April 30. The Dominion supplied 14 per cent of all goods shipped to Europe and 40 per cent of all goods bought outside the United States. In 1949, the Economic Co-operation Administration—administering the plan—will buy some $183,510,000 worth of supplies in Canada. All of the money comes in badly-needed U.S. dollars.

More than 70 per cent of Canadian supplies—nearly $590,000,000—went to the United Kingdom. France got goods worth $39,395,678 and the Netherlands received $19,348,631.

Included in the total was $10,507,000 spent in Newfoundland up to Dec. 19, 1948.

Canada's Sales

Canada sold food and farm products worth $411,890,333; metals and minerals worth $172,364,552; wood products, including paper, worth $90,478,748 and industrial equipment forth $27,614,111. Also authorized were $1,654,955 for textiles; $7,331,067 for chemical products and $1,817,000 for ships and mine equipment.

The food-products total broke down into: Bread grains $316,680,016; coarse grains $14,541,156; fats and oils $4,394,007; oilcake and meal $2,878,244; livestock and animal products $67,288,140; fish $5,169,000 and plant and plant products $929,780.

Chief metal sales were: Aluminum $55,133,215; Copper $46,333,200; lead $26,549,000 and zinc $24,443,607. Sales of $8,286,102 worth of farm equipment and $3,339,986 worth of tractors topped the industrial equipment list.

Ask Amendment To Bylaw On Gas Sales

"I think we made some headway last night toward an arrangement for the sale of gasoline to tourists during the tourist season," said Mayor Swanston this morning.

He said he had been invited to attend the meeting of the service station operators' association.

"They don't want to have their bylaw upset after going to the trouble of getting it passed, but they are willing to have an amendment to it if that can be arranged."

So, the association left this matter to Mr. George Melton and myself to consult City Solicitor Huycke at the beginning of the week."

Mayor Swanston said the operators emphasized that they did not want to be causing embarrassment to the council, and as an association they said they wished to avoid doing anything that would be detrimental to the city's tourist business.

"The council knows the position of the association. They brought in their petition and got the bylaw passed according to the provincial statute. But, we are the ones between the two fires, as it were. The group outside the association is clamoring for the right to sell gasoline any time, day or night, during the tourist season."

His Worship said he could not say off hand whether the proposed amendment could be arranged. The association was agreeable to it for the tourist months.

Mr. Melton confirmed Mayor Swanston's summary of the meeting. The association was not prepared to relinquish what it had gained through the bylaw, but it was willing to assent to some liberal amendment of it if City Solicitor Huycke decides that it can be adjusted.

U.N. Approves News Coverage

NEW YORK, May 14 —(CP)— The United Nations General Assembly early today approved the first world convention on the international transmission of news and the right of correction.

The vote was 33 to 6 with 13 abstentions on the proposal to make certain rights and freedoms for correspondents part of international law. Seven countries were absent. The Russian bloc opposed it.

The words "right of correction" appearing in its title refer to machinery it contains for one member government to submit to another corrections of news material it considers injurious. No compulsion that newspapers print the "correction" is made in the 23-article convention.

Canada backed the convention which was not expected to come into force until next year at the earliest and after individual governments ratify it.

Suggest Using Troops To Fight Forest Fires

SUDBURY, May 14 (CP)—The training and use of Canadian Active and Reserve Armies in fighting forest fires was advocated yesterday at a meeting of the Sudbury and District Chamber of Commerce directors meeting.

Under a scheme outlined in a Port Arthur Chamber of Commerce resolution, permanent force troops would be made available for use by the provinces as needed Reserve forces would be used on a voluntary basis in extreme emergencies.

Pointing to the disastrous Mississagi forest fire last year, chamber members said that the

ian firefighters haggled over rates of pay.

Britain, Israel Decide Raise Representatives

LONDON, May 14 (Reuters) — Britain and Israel have decided to raise the status of their representatives in Tel Aviv and London to that of duly accredited ministers and that of their offices to legations, the Foreign Office announced Friday.

The official statement added that the two governments have not discussed any change in the present basis of the relationship between the two countries.

The new status, it added, was expected to facilitate the work of their respective representatives.

This announcement has ended a hitch over the grant of facilities to the British representative to Israel A. K. Helm, which has so far delayed his departure to Tel Aviv.

He will now, it is understood, leave London for Tel Aviv tomorrow with the rank of minister which is also accorded to the Israeli representative in London, Mordecai Eliash.

Faces Charge For Cruelty

SAULT STE. MARIE, May 14.—(CP).—Rosario Tessier, of Sudbury, will be charged with mistreating horses rented to a logging company for timber salvage operations north of Thessalon, a Sault [illegible] official said today

Harold Allard, Humane Society inspector, said that information relative to the charges was given at Thessalon Friday. He indicated that preliminary hearings would be held next week

Mr. Allard said investigation showed that the Sudbury horse dealer started shipping animals to the logging company Nov. 16, 1948, in small groups. Five were lost through ice during winter operations and five others were drowned in a trek through bushland.

Black water, an ailment commonly found among older horses, caused the death of several more horses, the Sault inspector said.

Press reports also stated "that 50 per cent of the surviving horses would have to be destroyed." Only two horses had been destroyed up to May 8, Mr. Allard said, and the rest had "imoroved remarkably" since April 13 when the Sault Humane Society first became interested in the case.

Ready To Take Eisler Off Ship

SOUTHAMPTON, England, May 14 (AP)—A special court session was called today, apparently in the expectation that Scotland Yard agents will bring Communist Gerhart Eisler ashore from the Polish ship in which he fled New York.

Detective-Inspector W. E. Bray of Scotland Yard accompanied immigration and port officials in a tender which met the Batory when it steamed into Southhampton waters and dropped anchor.

However the captain of the Polish ship on which Eisler escaped as stowaway, was quoted in a radio report as saying: "I will land him in Gdynia." That is the Polish port for which the ship will head after leaving Southampton.

CBS correspondent Richard Yaffee, who also is aboard, said that only instructions from the ship's owners or the Polish diplomatic service would make the captain change his mind.

A U.S. embassy spokesman, who said the United States wants to extradite Eisler, said this would involve taking him off a Polish ship in British legal waters. This presents legal and diplomatic difficulties unless he agrees to leave the ship.

Dollar, Pound Convertible If Elected, Drew Pledges

By THE CANADIAN PRESS

Prime Minister St. Laurent made it clear Friday night that he is campaigning for Canada's June 27 general election on the record of his Liberal administration. Approaching the half-way mark of his Maritime campaign, he told a political rally at Lunenburg, N.S., there are "no great issues of policy" in this election because my opponents have "no policy of their own." He said the only big issue is how the people feel about the reeord of the government.

Mr. St. Laurent criticized what he felt was a lack of policy by the Progressive Conservatives, defended the government's trade record and said there was "good reason" to expect that new trading arrangements, advantageous to both countries, can be worked out with the United States.

But George Drew, Progressive Conservative leader, had other ideas about campaign issues.

Trade Problem

Swinging through Newfoundland, the first national leader to visit the new, tenth province, he said at the capital city of St. John's that the Liberals have failed to tackle the country's deteriorating trade problem and promised that a Progressive Conserv-

Bridge Collapses With Big Truck

BELLEVILLE, May 14.—Friday the 13th proved both lucky and unlucky for Dan Newman of Maynooth, whose loaded truck Friday afternoon crashed through the floor of a steel girder bridge spanning Park's Creek, 25 miles northeast of here.

Newman was hauling crushed rock for spreading on a Tyendinaga Township road. In the middle of the 125-foot span, the heavy-duty dump truck broke through the plank flooring.

Newman, jumping through the window of the cab, narrowly escaped being crushed to death as the truck rolled onto its side. A steel bridge cross member prevented the truck from dropping completely into the water.

"It was an awful feeling when I felt the bridge give way beneath the truck," said Newman. "The truck was still dropping when I jumped through the cab window."

The rear wheels dropped into the water, spilling the load into

ship bridge maintained by Hastings County. It had been previously condemned but no warning signs had been erected.

Rule Quebec Pay Not Ont. Standard

TORONTO, May 14 — (CP) — The majority report of a conciliation board hearing a request for [illegible] wages at the Bata Shoe Company at Batawa, near Belleville, Friday ruled that Quebec wage rates should not be held as a standard for Ontario wages.

The majority report, signed by Judge W. S. Lane of Picton, and submitted to the Ontario Labor Relations Board, recommended a general wage increase of 15 cents an hour for some 500 workers at the shoe company.

The report said "we see no justification for a situation within the Province of Ontario which allows wage rates to be set by the wage structure of Quebec."

Representative of the company on the conciliation board held that because the company is located in Ontario, it should not be forced to accept the wage structure in Ontario. The representative said that 62 per cent of Canadian shoes are made in Quebec and added that the policy "would prevent certain industries operating in this province."

Conservatives Warn Party Against Over-Optimism

LONDON, May 14 (CP)—The Conservative party, buoyed by one of its few major electoral victories over Labor since 1945, today cautioned its followers against pacing too much emphasis on the national significance of the results.

Labor spokesmen stressed the same theme. They were inclined to blame their losses on poor functioning of their electoral organization in the local field.

The Conservatives, on the other hand, said that the balloting showed their own party organization is back to its pre-war standard.

The Conservatives won 1,856 of 4,693 seats at stake in 400 boroughs in England and Wales.

Labor won 1,778 seats, Independents 941, Liberals 107 and Communists 11.

Morgan Phillips, secretary of the Labor party, said that—despite the result in these elections —Labor still holds two-thirds of its post-war gains in the local-government field.

(Labor has lost not a single seat in the by-elections held since the 1945 general election.)

One result of Labor's poor showing in the borough voting may be a stiffening of opposition to the budget introduced last month by Sir Stafford Cripps, Chancellor of the Exchequer.

There have been some demands within the party for an interim budget to provide some tax relief and revoke budgetary increases in the price of basic foods.

Labor lost six of London's 28 borough councils but kept control of 17 it previously held 23.

Parents Of Eight Convicted In Kitchener

KITCHENER, May 14 (CP) — Leo and Edna Horne, Preston parents of eight children, yesterday were convicted of a series of charges in court here, most of them arising from a recent incident in which Mrs. Horne stabbed her husband with a paring knife. They were remanded a week for sentence.

Mrs. Horne was convicted of wounding, and the pair were jointly convicted of drinking while on the interdicted list, failure to support their children and desertion of their children.

Say European Defences Invite Armed Aggression

WASHINGTON, May 14 (AP) —The United States state department said today that the present defences of Western Europe are so weak they 'invite military aggression."

It said the United States "must assist" in rebuilding those defences with a first year arms aid program of $1,130,000,000 and more later.

In an official "peace paper," the department disclosed in comprehensive detail for the first time a plan for helping free nations strengthen their defences.

At the same time, the department went as far as it could in committing the United States to the policy of preventing any invasion of Western Europe.

The paper, latest in a series on "building the peace," brought out that officials expect American arms aid to these countries to continue for a number of years.

The state department said it will be recommended that the military aid program be "separate and distinct from the North Atlantic treaty, but that it complement that treaty through carrying out the principles of self-help and mutual aid."

The nations which would benefit chiefly under the program are the five European members of the Brussels pact — Britain, France, Belgium, the Netherlands and Luxembourg — plus Denmark, Norway, and Italy.

Outside the Atlantic treaty countries, the official paper named only Greece and Turkey and "certain other nations" which, it is understood, will include Iran.

Manitoulin To Vote On Liquor, Beer Sale

LITTLE CURRENT, Ont., May 14—(CP)—Manitoulin Island residents vote Monday on sale of beer and liquor, banned since 1914 under terms of the Canada Temperance Act.

If the 5,582 eligible voters decide against continuation of the C.T.A. on the Lake Huron Island, the Ontario Liquor Control Act will come into force. It would bring about opening of government stores selling liquor, beer and wine for home consumption. A further vote would be required before beer and wine could be sold in hotels or public houses.

Best Pickerel 7½ Pounder Opening Night

Ardent pickerel fishermen lined the banks of the Otonabee River well before 12 o'clock Friday in preparation for the opening of the pickerel season. When the clock started to peel out the hour June Bugs minnows and other forms of bait hit the choice pickerel spots. The catch up and down the river is described as only fair.

Burleigh Falls

George Ruttle, 471 Bolivar St., had just two strikes early this morning at Burleigh Falls, but he pulled in two dandies. At 5.15 he got a six-pound pickerel which measured 27 inches with a 12-inch girth. Shortly before seven, he thought he had a lunge the way the fish rolled in the fast water. But it was a pickerel going seven and a half pounds, 27½ inches long with a 14-inch girth. He was fishing with Charles Lasenby, and there were about two dozen anglers around. A number were pulled in but most were small.

Young's Point

At Young's Point the fishermen numbered between 50 to 75. But no large fish were reported caught. The catch there was fair compared to last year's opening hours. One fisherman said in a local restaurant this morning that he was lucky. He got four at Young's Point. The majority of fishermen there returned home empty-handed.

Lock 22

From the pier at Lock 22 only six fish were reported caught between 12 o'clock and 8 a.m. Due to the smallness of the pier most of the fishermen took to the bank on the west side of the river. At one o'clock there were 15 fishermen on the pier and banks.

Waterworks

At the waterworks dam seven or eight tried their luck. They had good luck as far as the night's catch on the whole was concerned getting 14. Again the good fishing spots are out in the river and a boat is needed. Most of the fishermen preferred spots along the shore.

Auburn

One of the fishing haunts of pickerel fishermen, the Auburn dam raceway, gave poor results. At one o'clock, the 15 or 20 fishermen had yet to catch a fish. It is reported by fishermen in that area that the number of fish is below par, having gone down with the high water in the early spring.

Quaker Oats

At the Quaker Oats dam raceway about 20 fishermen wetted their lines. But only one small pickerel just over the required length was reported caught.

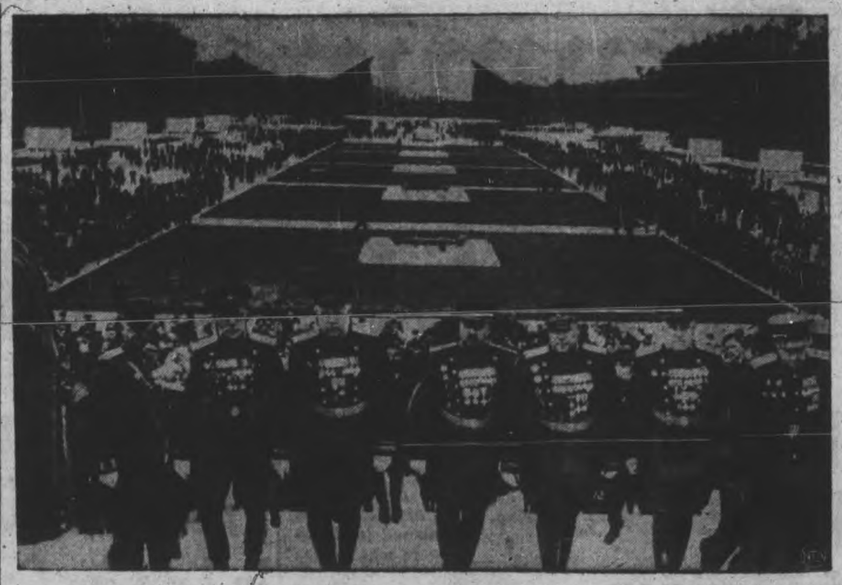
Lower Locks

The catch was described as fair at the Lower Locks where between 150-200 fishermen dotted the piers, dam and banks. One man said the average catch was between three and four pounds. A five-pounder was reported as being tops there.

Local bait sellers say fishermen started coming for bait early in the evening about five or six o'clock. One place said approximately 150 people had pounded on the door from five o'clock Friday night until this morning. Minnows were in great demand, selling at 50c and 75c a dozen, depending upon the type of minnow wanted. Dew worms were slow selling at a cent each.

Russia Uses Myth

GENEVA, May 14.—(AP). — A British official told the Economic Commission for Europe Frida that Russia is propogating a "myth" of western trade discrimination while employing real discrimination freely and openly against Yugoslavia. The statement was made by C. P. Mayhew, British Undersecretary of State for Foreign Affairs. He spoke after both the Soviet Union and Poland had raised charges of trade discrimination against Britain, the United States and other western countries before the Commission.



A LINE-UP OF HIGH-RANKING RUSSIAN BRASS gets into the act during the dedication of a huge war memorial in the Soviet sector of Berlin. The monument, made out of marble from Hitler's torn-down Reichschancellery, was dedicated to the 7000 Red Army soldiers who lost their lives in the battle for Berlin in April and May, 1945. Five thousand Russian troops attended the ceremony.

ative government would seek to make the dollar and the pound convertible.

"The Progressive Conservative party when it forms the next government in Ottawa will open negotiations with the United Kingdom to make the dollar and the pound convertible so that we can not only reopen sterling markets but also expand our trade in other areas which need the things we produce," said Mr. Drew.

Mr. Drew told the meeting that no government can provide a measure of social security unless the people of the country are gainfully employed.

Mr. Drew visited Bell Island, Nfld., and promised that a Progressive Conservative government, while it would not not change the educational system, would try to improve education by making funds available. It also would pass legislation to deal effectively with Communists.

As the developing campaign rolled towards the end of its first in-the-hustings week, Solon Low, Social Credit leader, said at Edmonton that his party advocates control by the Alberta government of the export and conservation of Alberta's natural gas and oil resources. Only in that way would the needs of the people be served first.

Have No Fears

M. J. Coldwell, C.C.F. leader, in an address broadcast from Ottawa, told the operators of small businesses they need have no fear of the C.C.F.

The C.C.F. he said, called only for nationalization of certain key industries, including banking, primary iron and steel, transportation, meat packing and farm-implement manufacturing.

"Opponents of the C.C.F. have long been frightening the small business man of Canada by claiming that the C.C.F. is going to take over all the barber shops, corner grocery stores and candy counters. From the very beginning the C.C.F. has pointed out that in a democratic-socialist economy, such as the C.C.F. proposes, there are many types of individual enterprises that would remain in private hands. Farming, fishing and retail trading are among the many examples."

The C.C.F. believed some key industries should come under public ownership. These included banking, primary iron and steel, transportation, meat packing and farm-implement manufacturing.

IT BURNS TOO

Coal is a source of vitamins, sulf drugs, rubber, fertilizers, paints, insecticides and disinfectants.

RCR Band Here Monday Night

Canada's Army Week will open Monday at 8:00 p.m. at the Armoury Field, Murray St., when the 50th Heavy AA Regiment RCA, with its associated 37th HAA Workshop RCEME, will put on a demonstration of their various training techniques on a model gun site.

Many hundreds are expected to attend the various demonstrations throughout the week, from Monday to Thursday evenings, and a feature of the presentation on opening night will be the attendance of the celebrated Royal Canadian Regiment's military band. As well, His Worship Mayor M. J. Swanston will open the week officially.

A program of information and demonstration will be given each evening at the Armoury Field, while, following the demonstrations, special motion pictures will be shown in the Armoury.

Cheese, Produce And Livestock

TORONTO FRUIT

TORONTO, May 14 — (CP) — Wholesale fruit and vegetable prices unchanged here this morning.

TORONTO PRODUCE

TORONTO, May 14 — (CP) — Produce prices quoted on the spot market here this morning follow: Churning cream unchanged No. 1, 58 cents fob, 62 delivered.

HOG PRICES

TORONTO, May 14 — (CP) — Hog prices were unchanged at Stratford today. Grade A hogs were $28.95 from farmers and $30 from truckers. Other markets unavailable.

WINNIPEG GRAIN

WINNIPEG, May 14—(CP) — Trade was exceedingly active in a nervous session on Winnipeg Grain Exchange Friday which saw general buying stimulated by dry weather in the prairie growing belt. Shippers, seaboard houses, American interest and locals were on the buying side.

Offerings, fairly liberal at top levels, were well absorbed. Rye made broad advances on concentrated buying for American account influenced by the weather and the small acreage sown to this commodity. The session was one of the most active in weeks.

In export business reported, the United Kingdom was allocated 1,000,000 bushels of wheat under the Canadian agreement.

Fund For Widow

NEW YORK, May 14.—(AP).—The Ladies Garment Workers Union (A.F.L.) [illegible] trust fund for the widow and four sons of William Lurye, slain organizer. Lurye was knifed Monday in a midtown Manhattan hallway while he was on an organizing tour of the garment district. The union offered a $25,000 reward for the killers and claimed they were gangsters hired by "non-union sweatshop employers."

420,000 On Strike

TOKYO, May 14 —(AP)—The National Federation of Coal Miners today announced its 420,000 members went on strike at midnight throughout Japan. The 48-hour strike is in protest against an attempt by mine operators to reduce wages about 20 per cent.

First public road in Idaho was the main street of Florence, now a ghost town.

the tunnel into a deadly gas chamber.

At least 23 trucks rumbled to an abrupt halt in bumper-to-bumper confusion as a mushroom of fire signalled the explosion.

Melted Together

The intense heat fused some of them together, melting their metal frameworks into an almost solid wall of wreckage.

Their cargoes of meat, rags, chemicals, butter and eggs were stewed into a thick, stinking mess. It lay ankle-deep on the floor of the tunnel's east-bound tube, through which vehicles travel from Jersey City to Lower Manhattan.

Panic-stricken private motorists abandoned their cars and stumbled for the tunnel exits, handkerchiefs clutched to their smarting eyes.

The tunnel, two miles long and 93 feet under the Hudson, was completed in 1927. It cost $48,400,000 and is insured for $60,000,000.

The port of New York authority said damage would run from $500,000 to $1,000,000.

Edmund Tyndal, 40, was driving the load of chemicals to a Brooklyn pier for shipment to Europe. He escaped serious injury but spent the night in a hospital.

Carbon disulphide is not supposed to go through the tunnel unless it is in glass or earthenware containers holding no more than a gallon each. Even then, the port authority said, a load of the chemicals is not supposed to exceed 100 gallons.

Trigger-Happy

Continued from Page 1

son has gone into economic and political affairs with a bloody vengeance.

Within the last week the garrison has directed police to execute more than a score of men for political and economic "crimes."

Shanghai may be in for a hard time when the Reds do come—and no one doubts that they are coming—but Shanghai will not soon forget its last days under the Nationalists.

Two Communist wedges today plunged closer to Shanghai's heart. The thunder of artillery resounded through the tense city.

The roar of a battle less than 20 miles to the north rolled over Shanghai's lifeline to the sea, all the way to Woosung. It is the fortress guarding the confluence of the Whangpoo and the Yangtze.

To the southwest of Shanghai, another Communist thrust drove within 20 miles of the city's centre. In the path, less than 15 miles away, was Lunghwa airport. This is the last air link with the outside.

Britons in Shanghai were given a final evacuation warning. Deadline for passport clearance was fixed for 8 p.m. tomorrow.

Obituary

HARRY EVERETT

Harry Everett Lorne Jackson, 622 George St., died Friday at his residence after an illness of several months. He was the son of the late William Jackson and Priscilla Dunlop. For 19 years he was a local agent for the Cockshutt Plow Company.

Surviving him are one brother, Stanley; three sisters, Mrs. Ada Elliott, Mabel and Eurena, all of Peterborough. One brother, Melville, and one sister, Mrs. Fred Branch, predeceased him several years ago.

Mr. Jackson was a member of St. John's Anglican church and a member of the AF. and A.M., Omemee.

The Ven. Archdeacon W. P. Robertson, St John's Anglican church, will officiate at the funeral service Monday at 2 p.m at the Belleghem Funeral Home The funeral will be under the auspices of the Masonic Order Interment will be at the Emily cemetery.

Two Men Held Possessing Stolen Goods

WARKWORTH, May 14 — (ENS).—A nine-months-old case involving disappearance of farming tools, fencing, etc., from properties at Madoc and Young's Point is believed by provincial police to have been solved with the arrest of Harry Ketchum and Harry Goodell of this place on charges of being in possession of stolen goods. They are now in the county jail at Cobourg awaiting trial. Ketchum is also charged with striking a police officer while the latter was trying to arrest him.

Goodell was arrested last Saturday on the farm here where the two of them were working, but Ketchum ran away and evaded capture until Thursday when he was finally picked up.

Goods Recovered

Police stated that they found goods on the farm which they believe are some of the missing Madoc and Young's Point goods.

On the day on which Ketchum made good his escape after allegedly striking Provincial Constable David Coffee of Peterborough, a posse of provincial constables had surrounded the farm. They closed in on Ketchum and Goodell when they saw them unhitching a pair of horses from a cultivator. They ordered the pair to wait for them, but they started to walk away from the officers. When the constables caught up with them a fight ensued during which Ketchum made his getaway. Goodell was taken to the county jail at Peterborough and later taken to Cobourg.

Provincial constables taking part in the affair were: Corporal McClure, Peterborough Provincial Police; Chief Constable George H. Hardy of Campbellford; Constable Kemp of Hastings; Provincial Constable David Coffee, of Peterborough; Provincial Constable Arthur Kellogg of Hastings, and Provincial Constable Vincent Coffee of Pembroke.

The fencing recovered is alleged to have been stolen from the Department of Highways.

Woman Dies Of Burns Set Off By Spark

LONDON, Ont., May 14.—(CP).—Victim of an unusual housework accident, Mrs. Adelia Smyth, 60, died in hospital Friday from burns received late Thursday when cleaning fluid she was using on a floor was sparked by an electric socket and fired her clothing. There will be no inquest.

Mrs. Smyth, alone in her home, apparently was on her knees on the dining room floor cleaning it with a solvent. She pulled out a radio cord, and some of the fluid apparently sprayed on the electric socket A flash fire resulted.

Her screams brought three neighbors on East-Central Grey St, who extinguished her flaming clothes and rendered first aid. They were Mrs Walter Laskey, L. E. Lukings and Arch Wakeling.

Three Parties Prepare For Maritime Election

HALIFAX, May 14 (CP) —The three parties putting candidates in the field for the June 9 Nova Scotia general election have drawn their battle lines and are out picking up reinforcements.

The CCF and the Progressive Conservative parties have issued their platforms for the apple blossom contest. The Liberals are going to the people on the record of 16 years in government.

Both the older parties are putting candidates in the running for all 37 seats. The CCF will contest the majority. With 38 candidates already nominated, the parties now are concentrating on campaigning.

Seven more seats than in the last House are being contested in this election.

The Weather

Peterborough Temperatures

Today:
Night low..53 Noon...59
Yesterday:
Highest....67 Lowest..33

Highest....55 Lowest..47
.15 rain.

Cool air advancing southward will cover the entire province by this afternoon. Prevailing cloudy skies are expected to clear by mid-day and the afternoon will be sunny but cool. Frost is likely tonight in Central and Southern Ontario where minimum temperatures will range from 25 to 35 degrees. Sunday will be generally clear for all of Ontario and afternoon temperatures will range between 55 and 60 degrees.

Forecasts:

Lake Erie, Southern Lake Huron, and Lake Ontario regions: Cloudy clearing by noon. Cool with risk of frost tonight. Sunday clear and cool. Winds north 15, light tonight, becoming east 15 Sunday afternoon. Low tonight and high Sunday at St. Catharines 35, 58; St. Thomas 33, 63; Trenton 32, 55.

Summary for Sunday: Clear and continuing cool.

Sudbury, Georgian Bay, Northern Lake Huron, Haliburton, Kirkland Lake, White River and James Bay regions: Cloudy clearing by mid-day. Cool with frost tonight. Sunday clear and a little warmer. Winds light. Low tonight and high Sunday at Sudbury 25, 58; Muskoka 29, 60; Wingham 30, 60; Killaloe 27, 60; Earlton 25, 58; White River 30, 60; Moosonee 22, 55.

COLONEL and Mrs. William Dray who will conduct the services in the Salvation Army Temple on Sunday. Col. Dray is chief secretary of the Salvation Army.

Main Street Topics

TO DISCUSS FOUNDATION

Past District Governor Joseph Caulder will address Monday's weekly luncheon of the Peterborough Rotary Club in the Empress Hotel on the Rotary Foundation, a fund set up in memory of Paul Harris of Chicago, founder of Rotary International.

GIVE COMPLETE PHYSICAL

Two hundred and twelve pupils in Public Schools had complete physical examinations with parent consent during April, according to the doctor's report. Another 17 had the complete physical with written consent, and 31 had a special examination. Eight refusals to be examined were registered. Defects classified were: Abnormal tonsils 5, cardiac 1, emergency visits 2, swimming certificates 5 (one swimming certificate refused due to cardiac condition), vaccination 19, and diphtheria toxoid administered 103.

HIRE DENTAL ASSISTANT

An assistant, a final year dental student, has been hired by the Board of Education to help Dr. S. J. Graham during the month of June. He is Cameron Craig, and his salary will be $200.

750 TO TORONTO

Peterborough Rotary marked up as another success the CPR trip to Toronto Friday night for the Barbara Ann Scott show at Maple Leaf Gardens. The crowd of 750 from this city arrived home about 1:45 a.m. without a marring incident. Several Rotarians reported today that everybody enjoyed the big skating spectacle.

GIVEN DENTAL EXAMS

During April 541 Public School pupils were given dental examinations, according to the report of Dr. S. J. Graham, Board of Education dentist. A breakdown follows: Treated at school clinic 66, treated at family dentist 146, OK 159, left school 19, pupils still needing treatment 151. Operative work completed: Examinations 1, prophylaxis 2, treatment 35, amalgams 244, porcelain 15, local anaesthetic 22. There were a total of 25 extractions.

NURSES' REPORT MADE

There were 459 classroom inspections during April, according to the Board of Education nurses' report. Included in the list of nursing activities were the following: Exclusions due to coughs and colds 5, due to pediculosis 1, treatments for pediculosis 15, for impetigo 4, minor accidents and dressings 104, vision tests 205, hearing tests 111, home visits 116, reports to MOH for chickenpox 14, pupils taken home for illness or accident 8, glasses furnished by Kinsmen 3.

Two Children Struck By Cars

Two children were knocked down and slightly injured on Friday night after colliding with cars. Neither were seriously hurt.

Ten-year-old Mike MacKindlay, 176 Brock St., ran out of a laneway on the north side of Brock St. and collided with a car, driven by Charles Redpath, 219 Bethune St., at Brock and Chambers Sts.

At first the boy seemed uninjured but it was later learned that he had received minor chest injuries and he was taken to Civic Hospital for observation. He was examined by Dr. William Gordon. The accident was investigated by P. C. Eldon McDonald.

While playing with her kiddy-car on Braidwood Ave., two-year-old Sharon Anne Goselin, 222 Braidwood Ave., was knocked down when she collided with a car being backed from a laneway.

Driver of the vehicle was Samuel Parkes, 206 Braidwood Ave. He told police he was backing his car and when crossing the laneway he felt the bump of some object in collision. He stopped his car and saw that it was the child riding the kiddy-car.

Her mother was present and she was taken to Dr. Raymore Scott's office for examination. She had a scrape on the right side of her face and a bruised ankle.

PC Claire McGillen investigated.

Combat Vet Killed

WILMINGTON, Del., May 14—(AP)—A 27-year-old veteran of 175 combat missions during World War Two plunged to his death in a F-47 Thunderbolt on a routine training flight Friday night. Killed was Capt. William D. Livergood, executive officer of the 142D fighter squadron. Witneses said the plane was leading a formation of planes coming in for a landing when it nosed over and

Continue Drive For Funds To Build Rink

KEENE, May 14 —(ENS)—The subscription campaign for the proposed new Otonabee Memorial Rink has now realized "a substantial sum", but considerably more money is still needed in order to put the drive over the top, officials in charge of the canvass stated yesterday. The objective is $25,000.

The rink will be built on the old Exhibition grounds on the west bank of Indian River, the Agricultural Society having promised to turn over the land for this purpose. Various means are being used to raise the necessary funds, including sale of tickets on a purebred Holstein heifer. General chairman of the campaign is David McNevan.

Following is a further list of donations:—

Dav. McIntyre, $50; Bill Taylor, $10; Ross McIntyre, $20; Mrs. Wm. Lavell, $2; Ralph Godfrey, $50, Cliff Coward, $10; Russell Renwick, $2; Walter Ellison, $10; Geo. Anderson, $20; Harold Nurse, $2, Harold Collins, $3; Sam Foma, $1; Lou Shaw, $10; E. Fife, $20; Henry Weir, $50; J. Cavanagh, $5; Wm. Elmhirst, $5, Wallace Breely, $25; Earl Dean, $5, Jim Foley, $1.

Dick Elmhirst $25; Steve Elmhirst, $10; Mrs. Steve Elmhirst, $5; Otonabee Agric Society, $457; Quaker Oats Co Peterborough, $100; Wm. J. Hastie, Toronto, $26; Fred Whalen Jr., $3; Wm. Millar, $20; Jim Godfrey, $25; D. Edwards, $5; Marion Nelson, New York City, $5; Dr. and Mrs. J. Worrell, Hamilton, $10; Trent Valley Bakery, Peterborough, $25, Ernie Bathgate, Peterborough, $25; Mrs. Reta Lambert, Peterborough, $5, Trebilcock Bros., Peterborough, $10; Wm. Lech and Sons Ltd. Peterborough, $10; Mary Gal., $5.

WEST NEDS RAIN

The grain fields of the West need soaking rains, according to the CNR review to-day. Temperatures in the three provinces are from 4 to 8 degrees above normal, but rainfall has varied from 15 to 100 per cent below normal.

Ticket Sales Investigated By Police Force

By PAT USSHER.

NEW YORK, May 14 (CP). — The first problem the theatre-goer in New York encounters is that of getting tickets. And since the hit plays draw the greatest crowd, seats for these are the hardest to find.

Let us say you want to see "South Pacific" or "Death of a Salesman.". The box office will probably tell you "nothing doing" for weeks ahead. The leading ticket brokers probably will have the same story.

So you can either get tickets for some date far in the future, forget the whole idea of a play-going evening—or find a ticket speculator who may charge up to eight times the legitimate price.

Inquiry Ordered

There is a gleam of hope, however. Mayor William O'Dwyer has ordered an investigation into the operations of ticket brokers. The financial records of the city's major ticket brokers have been subpoenaed. But critics of this inquiry contend that the only cure is to stop the operations of under-cover speculators who grab seats and dispose of them at a fabulous premium.

A man found with 18 tickets to "South Pacific" was fined $100 this week, and given a 15-day suspended jail sentence on a charge of reselling tickets without a licence.

Producers themselves are taking steps by refusing to sell more than four tickets to a single person for any one performance. This is designed to cut down the number of seats which fall into the hanrs of speculators.

Furthermore some plays now advertise dates when seats at certain prices will be available.

The playgoer may yet get a break.

Fear Uneasy Calm

VANCOUVER, May 14 (CP).— More than 60 Canadian Seamen's Union (TLC) men were cleared from three strike-bound freighters here Friday night but an uneasy calm gripped the waterfront. Twenty-five crew members of the Eastern-owned freighters Islandside and Rockside were taken to city jail after warrants were served charging they failed to obey lawful orders of their masters. The 28-man CSU crew of the SS Seaboard Star finally obeyed a Supreme Court order to vacate the ship and stop picketing.

FAMILIAR SIGHT DISAPPEARS—Soon to disappear from the streets of ancient Quebec are the travelling snack wagons which have toured the city for years. Under new ordinance they have been banned and the ruling means the end of the road for Gaston and Irene Dellaire, whose cart "Trebuchet (The Hunchback) has been a favorite of night workers. The Dellaires shown here leaning out of the business side of "Trebuchet," served dozens of pork pies and cups of hot tea when restaurants were closed.

Western Allies Destroy Traditional German Corps

LONDON, May 14—(CP)—Germany—The western zone at least—is learning how to do without the luxury of a military class, and there are indications the former soldiers don't like it. The German Officers' and N.C.O.'s Corps already are anxious to refurbish their tarnished prestige, British sources say.

Military collapse after the 1st World War was explained away by claims that a Socialist revolt on the home front was "a stab in the back."

Now they are trying to blame Second Gen. Franz Halder, form-Hitler for the debacle of the er Chief of the German General Staff, speaks of the "complete elimination by Hitler of all military influence in the conduct of the war."

It is an intangible spirit, difficult to counter. But the machinery which between two wars defeated the treaty of Versailles and kept the two traditional corps together has been destroyed.

Germany after the First World War was allowed an army of 100,000 effectives. Of the 100,000, 8,000 were officers and 72,000 NCOs, nucleus for an army of 40 divisions plus headquarters and administrative staffs.

Taking No Chances

But in addition the general staff, by keeping intact the officers' and NCOs, corps records through a bogus "welfare" set-up, had at instant disposal 34,000 regular officers, 100,000 "non-coms" and 226,000 non-professional reserve officers.

The Allies are taking no chances of repetition this time. Once army personnel were demobilized and prisoners-of-war returned, their record went to the incinerators. Personnel were dispersed to their hometowns and military bonds which tied them together snapped.

Demolition of war installations is almost completed and services equipment has been scrapped.

German police for the entire British zone number 40,000.

The same cannot be said of the Russian zone, where a Communist-indoctrinated German "police force" of at least 200,000 is armed with everything from light automatics to artillery and tanks.

Will Seek Re-election

MONTREAL, May 14 (CP) — Liberal Party headquarters here announced Friday that Finance Minister Abbott will seek re-election in Montreal St. Antoine-Wesmount in the general election June 27. It had been reported Mr. Abbott might contest another constituency, probably Stanstead, which was enlarged to take in his native town of Lennoxville, Que.

Capture 2 Prisoners

WINNIPEG, May 14 (CP). — Two convicts from the Stony Mountain Penitentiary, who engineered a prison-break with a pocket knife, Friday were captured without a struggle after less than two hours of freedom. Prison authorities said Clifford Montgomery 32, and Percy Moggy 45, escaped in a dump truck after guard in the truck had been forced out by a knife at his throat.

The thigh bone is the longest and strongest in the human body.

Planning To Publish Andy Clarke Scripts

TORONTO, May 14 — (CP) — Selection from the "Neighborly News" broadcasts of Andy Clarke, veteran newspaper man who died last May, are to be published this fall by the Ryerson Press. Up to his death, he turned out more than eight years of weekly cracker-barrel comments from Toronto.

Frank Macintyre, editor of the Dundalk Herald, is one of the editors who will attack the mountain of foolscap-size sheets on which Andy's broadcasts were typed from his original longhand. The broadcasts were put on by CBC in co-operation with the Canadian Weekly Newspapers Association.

Buddhists Hold Celebration For New Year

LONDON, May 14—(CP)—The Buddhists of Britain—and there are many thousands—are preparing for the festival of the full moon tomorrow. Its called the festival of Wesak and it marks the Buddhist new year.

Hundreds of followers of the Buddhist faith—and a sprinkling of those of other religions drawn by the spectacle— will gather in a hall in London's Red Lion Square. Prayers will be said in Pali, the original language of the Buddhist scripture.

Celebrants will bring a profusion of flowers to place around Buddha. A Buddhist priest will lead them in reciting Pansil, a formula used in the east at the opening of all Buddhist meetings. One of the chief speakers at the London celegration will be Prince Nakkhatra Kitizakara, the Siamese Ambassador.

The festival of Wesak will be celebrated in other parts of Britain as well. An official of the Buddhist Society of great Britain said there are thousands of the Buddhist faith in Britain who do not belong to any society

The Buddhist Society of Great Britain was started 25 years ago by an Englishman, Alan Bennet. Now the organization is under the presidency of an other Englishman, Christmas Humphreys, a London barrister and son of Mr Justice Sir Travers Humphreys of the King's Bench Court.

WMS Members Bring Articles For Bale

COTTESLOE, May 14 (ENS)— The United Church W.M.S. held their monthly meeting Wednesday afternoon. Articles for the bale were brought and Mrs. J. S. Kidd will pack it. It was decided to buy several copies of "World Friends." one for each family with children. Prayers were given by Miss Helen Tedford and Mrs. John Gallaher. Mrs. Howard Harnden read this scripture. Mrs J. S. Kidd and Mrs. F. Toms sang "Have You Counted the Cost." Mrs. Howard Harnden suggested verses be taught to children warning against the use of alcohol. Mrs. Forsythe spoke on items printed in the newspapers on others views of temperance.

The June meeting will be held at the home of Mr. John Gallaher.

Fear Fraser Flood

VANCOUVER, May 14 (CP)— The turbulent Fraser River, winding through rich valley farmlands, is close to flood stage and emergency patrols were on the alert Friday night along its 250-mile dike defence system. Floods in Fraser Valley last year caused millions of dollars damage to crops and farmlands.

CHURCHILL

FRIDAY, MAY 13, 1949

The Princess And The Pope

On Tuesday last Princess Margaret visited the Pope. There had been protests from various Protestant bodies in England, which were very properly disregarded. It is absurd to attach too great a significance to a twenty-minute conversation between a very distinguished old gentleman and a very delightful young lady, both of whom happen to occupy extremely prominent places in the world. Surely there is no one so foolish as to maintain that the British Royal Family and the Supreme Pontiff of the Church of Rome—both potent sources of moral influence in the world—should each pretend that the other does not exist? If they did so, what would be the feelings of British subjects who are also Roman Catholics?

We think that Princess Margaret must have enjoyed meeting the Pope for he is, within his Vatican City, one of the very few absolute temporal rulers left in the world. And we suspect that the Pope may have been curious about the Princess because she is the daughter of a man who is the head of a great church and thus (like the Pope himself) one of the very few priest-kings left in the world. The Pope has been one of the world's most able diplomats, and thus a person whom a young woman just entering upon a long career in public life should know. To suggest that the Princess' Protestantism is in some way lessened because she has visited the Pope is as absurd as to suggest that His Holiness is less a Catholic because he has received her. Our own feeling is that the more friendship and courtesy there is among the great ones of the earth, the better it is for all of us.

The Poor Cry Of The Rich

Some Canadians in and out of Parliament, but not those in the Government or who view the matter in a just perspective, are bewailing the present drop in Canadian exports to external countries other than the U.S.A. They raise their hands in high alarm because, for instance, our export trade with the U.K. declined $35,000,000 in the first three months of this year, relative to that of the same period of 1948. For Canadians to raise or wring their hands because of the condition of external trade seems more than a little pompous. It is like the complaints of the newly plushily rich who, superior now to their earlier state, prattle to the less fortunate that really they do not know where the money goes and really they do not know how them can make ends meet. It is a form of swank.

Canada is not hard up, even in the matter of foreign trade. Even the slump in trade with the U.K. has its compensation. In the same period our exports to the United States increased by $35,000,000—exactly the same amount as the decrease in U.K. trade. Further, that sum is very small in comparison with the total trade we enjoy with Britain. Let us look at this thing closely but not narrowly. What is the picture, viewed from a ten-year perspective?

The latest authentic definite trade figures are contained in the Annual Report of the Department of Trade and Commerce, recently published. They are for the fiscal year ending March, 1948. The Report shows that in the fiscal year 1947-48, Canada's total foreign [illegible] That is a huge sum and represents the greatest trade Canada has ever had. *In the year 1947-48 Canada's external trade exceeded the total value of the United States' foreign trade in 1939.* Canada's 1947-48 external trade was, in value, *triple* that of pre-war years. There are editorialists who look at such figures and say sardonically that they are meaningless. All values have gone up. They ask, what is the *real* increase? Our 1947-48 foreign trade was almost *double in volume* that of annual pre-war trade.

In the face of such huge increases, how dare any Canadians cry havoc because this year trade has slipped from the very highest peak? We have climbed a long way in a decade. Our trade is still exalted. That we have come down from the clouds should not give us a dark view; in fact it looks very bright, if one has one's eyes open. Perhaps the rarefied atmosphere of the highest trade peaks has made the would-be detractors light-headed, a bit foolish; or the great wealth from the great trade has made them smug, like the newly-rich folk prattling about their comparative poverty.

Dogmatic Democracy

There is a large amount of prating about democracy on this continent and we suspect that many of the gabblers do not know what the word means. Democracy is not a religion, an idol or two bathrooms in every house. It is not a formula for incantation at sunrise and sunset or for billboard hoardings along highways. It is not one thing and there is not merely one species of it. It is not fixed and immutable like a doctrine laid down in *Mein Kampf* or the *Communist Manifesto.* It is easier in fact to say what it is not, and to point to what are democratic practices than to say what it is and to say of any one country "There you find democracy". It is an undefined pattern of personal, civic and national life in countries where parliamentary government is acknowledged, and liberty is esteemed. It is an attitude of tolerant minds.

We mention the matter now because both here and in the United States there is a danger that the praters about democracy may infect the schools, and that teachers will attempt, or will have laid down for them, methods of "teaching democracy". Democracy cannot be taught formally. Children parroting cliches do not thereby become democrats.

Last week at the 45th annual meeting of the Middle States Council for Social Studies held in Garden City, N.Y., teachers attending were warned against "slogan" and "cliche-riddled" education. Professor Paul Carr, President of the Middle States group, deplored the limited conception of democracy possessed by many Americans. They are forced to fall back, he said, upon American wage scales, automobiles, refrigerators and, ultimately and triumphantly, upon bathrooms. The indictment may be as necessary in Canada as in the United States.

An understanding of democracy is not forwarded by teaching shiboleths. As Dr. Carr said, the proper way is to let students employ critical and analytical study of issues involved and allow them to balance truth against error.

Sweet, Short Spring

The Canadian spring is so very short. One week the trees are in bud, the next in full leaf. One week the tingle of ice is in the air, the next the dust of summer. Perhaps the season's brevity makes it the more delicious; certainly its grace of foliage, its clean-smelling earth, its tender green, its delicacy strange in a climate and region used to rugged change, extremes of temperature and violence of colour, are a rare delight. Spring must be seized now or summer will have robbed us of it for another year.

The southern, more cultivated parts of this district, rather than the wilder lake country north of the city have the greater appeal in spring. It may be that disciplined, quietly verdant, productive countryside is more in keeping with the delicate tenor of spring and its pregnant burgeons. But wherever one goes in this pleasant district, one must go out and seek the Spring. It is a feminine season and beckons as a beautiful young woman. Tennyson, writing of springtime, commands:

O follow, leaping blood,
The season's lure!
O heart, look down and up
Serene, secure,
Warm as the crocus cup,
Like snowdrops, pure!

And since, as another, later English poet has said—

And since to look at things in bloom
Fifty springs are little room,
About the woodland I will go
To see the cherry hung with snow.

And many people will go this weekend if the sun is gracious, to catch fleeting Spring before she escapes altogether.

NOTE AND COMMENT

"Weather prediction a year in advance is possible" says a meteorologist. It always has been possible; what we want to know is whether it is reliable?

Patou says that American fashion models are far superior to French models in "seriousness, efficiency and punctuality". Dreary virtues in a model, if you ask us.

A prominent spokesman for the C.C.F. says that his party does not believe that the government should take care of everybody. No political party does; they just believe that each party should take care of its own.

Diary Of A Minor Sceptic

By SAMUEL MARCHBANKS

SUNDAY: At a small gathering which I attended this evening, the conversation turned to the congenial topic of Fat, and the company immediately divided into Those Who Could Eat Anything, and Those Who Were Obliged To Be Careful; the second group split into two sub-sections, of Those Who Could Keep Within Bounds if They Took Care, and Those Who Simply Couldn't Lost A Pound, Do What They Might. It is my own belief that this latter sub-section includes many extremely nervous people, who eat in order to cushion their nerve-endings with fat, thereby slowing down their synapses and protecting themselves from the harshness of the world. "Laugh and grow fat" is all nonsense; "Worry and you will have to grow fat to endure it" is nearer the truth.

✧ ✧ ✧

MONDAY: I know, without being told, that the annual examinations of the Royal Conservatory of Music are drawing near. As I walk home each evening "The Merry Peasant" is wafted to me through a thousand windows. (Well, perhaps not quite a thousand—say ten.) This is a piece which I can take or leave alone, and when it is played as though the Peasant were being Merry in spite of the loss of one of his legs, or as though his merriment were the outcome of a disordered mind I have the Peasant with a deadly hatred. Singers, too, are getting ready to face the examiner, and many of them are doing so with their windows open. It all reminds me of a time, years ago, when I lived near a man who was learning to play the trombone, not from a teacher, but from a Complete Trombone Tutor which he bought with the instrument. I do not think that he had ever heard a trombone played by anyone but himself, and consequently had no idea what sort of tone it was capable of producing. I do not recall that he ever advanced beyond a simple scale, but the effect borne through my windows on a summer night, was that of a cow in travail.

✧ ✧ ✧

TUESDAY: I see a groan in the paper this morning from some high school boys who say that girls of their own age snub them, and desire the company of older men. This is the ancient problem of the male: he matures later than the female, but he matures longer. A girl of sixteen will have nothing to do with a boy of that age, for he seems to be a child to her. By the time they are both twenty-five, she thinks he has enough brains to marry her. In another ten years she has fallen behind him in intellectual development, and unless she is an exceptional woman he has gone far beyond her by the time they are both forty-five. Many older women think that they lose their husbands because of their fading charms, whereas in reality the root of the trouble lies in their long-faded minds.

✧ ✧ ✧

WEDNESDAY: A friend of mine has sent his family to a summer cottage, and sold his house. By autumn he expects to have a new house for them, built chiefly by his own hands. I admire his courage and independence, and I shall give him every encouragement short of physical assistance. In our painfully complex world it is refreshing to meet a man who can lay bricks, bang nails, stick glass in windows, and put up those slantwise boards which form the basis of a roof. I can do none of these things, and two-thirds of my income every year is spent in paying men to do things which, if I were half a man, I could do for myself. Nevertheless I feel that there must be some secrets of the builder's craft which are hidden from my versatile friend, and if his house turns out to have no stairs in it, and several doors which will not open, my surprise will be something less than staggering.

✧ ✧ ✧

THURSDAY: An ill-defined malady which has been hanging around for several weeks, waiting for me to catch it, cornered me today, and I stayed in bed. I have noticed this illness, as it were, out of the corner of my eye, and I thought that it would get me sooner or later. It seems a pity that it should have chosen a fine day on which to happen; I consider the first three months of the year the proper time for illnesses. However, man proposes, and God indisposes, and I mustn't grumble.

✧ ✧ ✧

FRIDAY: A radio announcer in the States seems to be in trouble because he told his listeners that the moon was colliding with the sun and that there were earthquakes in the Mississippi Valley. He said he felt an urge to liven things up. I must say that I sympathize with the fellow. I have done a little radio broadcasting myself, and it is an unnerving and agonizing experience. There you sit, talking into a little steel thing, and although you suspect that people are listening to you, you can't tell, for they give no sign. The desire to provoke a response of some kind becomes unbearable; some men shout dirty words into the steel thing; others tell fantastic lies about the sun colliding with the moon. It requires a special sort of mentality to talk to an expressionless steel knob without going mad.... And the attitude of [illegible] seem ready to believe anything they are told. The obvious thing is to test their credulity.

✧ ✧ ✧

SATURDAY: Attended a performance of "La Boheme" this evening, given by the Royal Conservatory Opera School, and enjoyed it. But I could not help thinking that the story of the opera would be impossible under modern conditions. Consider: Rodolfo, a poor painter, falls in love with Mimi, a tubercular maker of artificial flowers; after the usual loverlike scrambling and quarrelling, they are re-united, and Mimi dies of T.B. because her lover cannot buy her anything more effective than a box of cough drops. Today, of course, Rudolfo would be sponging on some Foundation for Artistic Betterment, with a fellowship worth fifty dollars a week; Mimi would be in a union, and a travelling T.B. Clinic would have caught her trouble long before she began to spit up blood into her hanky. And if she did fall ill, six or seven charitable agencies, lousy with taxpayers' money, would rush to buy her all the medicine she needed. Result: no opera. The modern paternalistic state may be good to live in, but it is no place for a composer who is looking for a sad story to set to music.

Determined Little Fellow, Isn't He?

Saskatchewan Closes A Jail

(MONTREAL STAR)

IN most places today crime is on the increase. Correctional institutions of all sorts are commonly crowded to overflowing, with all the handicaps such a condition imposes on efforts to make them work as reform instead of detention centres. It is most unusual to read of authorities being able to close a jail. The more frequent sort of news is of plans to build new and larger places for the housing of offenders. Yet Saskatchewan has been able to reduce the size of its establishment, by the use of enlightened methods. The example is one to be commended.

The improved situation reflects the changed approach to the problem of lawbreaking, a new approach which saw the management of the jails taken away from the Department of Public Works and put under the direction of the newly-created Department of Social Welfare.

What specifically has worked the improvement? Credit is given by Mr. Sturdy, the responsible Minister, to the introduction of a program of individual treatment, including careful study by qualified department workers of each person committed, intelligently planned educational and work schedules and encouragement of efforts to help in rehabilitation following release. Along with this has gone a vigorous development of the province's probationary work.

The willingness of courts to use counselling rather than custodial technique is commented upon. It need not be argued that there is a far better chance of reforming the novice in crime if he is kept away from the repeaters who fill most jails. Probation is not only a far more effective means of dealing with the reformable type of offender; it is vastly more economical. It makes it possible to close jails.

With Moosomin jail vacated, Saskatchewan is operating Regina and Prince Albert jails on Borstal principles. The former is to be used for short-term and reformable prisoners, the latter for the more hardened offenders, applying modern principles of classification and segregation necessary if men are to be released from jail more likely than when they entered it to obey the rules.

What Saskatchewan has done is to be commended—and imitated. Reform, well along in the Federal penitentiary system, is slow in appearing in provincial jail set-ups.

Letter To The Editor

MONUMENT NEEDS ATTENTION

Sir: I have been looking at the War Memorial in Confederation Park.

As I looked at the monument, I could not help feeling that its present condition does no credit, either to the City or to the memory of the men whose names are supposed to be inscribed thereon.

Many years ago I called attention to the fact that the names were being slowly obliterated, and suggested that steps should be taken to ensure the proper recording of the names of the men who made the supreme sacrifice in the First World War.

The present condition is dishonouring to them and humiliating to their relatives. I think the statuary cost in the neighbourhood of thirty thousand dollars and the names of six hundred men were inscribed upon the base.

In my opinion, there was not enough space provided for a proper display of so many names in the first place. They were so jumbled that at the best it was difficult to read them, and I think that any attempt to inscribe the names on the granite would be ineffective.

My suggestion is that the names should be inscribed upon suitable bronze tablets which could be attached to the base of the memorial, and in this way we could be assured of a permanent record of our gallant men who gave their all in order to preserve and maintain the things for which they died. I believe that a complete list of the names of the men can be obtained from the Canadian Legion, and this matter should be attended to without any further delay.

At present the Memorial, in my opinion, has no meaning as such. It is simply a sculptor's monument.

Each year we lay our wreaths upon it and in our remembrance of our heroic dead, we allow the elements to efface their names so that these are liable to be forgotten.

I would like to make a further suggestion, namely: that the City Council appoint a small committee of representative people in order to see what might be done to correct the condition to which this letter refers.

Thanking you, Mr. Editor, I am.

Yours sincerely,

JAMES DUTTON.

Bible Message

(From the Authorized Version)

Therefore fear thou not, O my servant Jacob, saith the Lord; neither be dismayed, O Israel: for, lo, I will save thee from afar, and thy seed from the land of their captivity; and Jacob shall return, and shall be in rest, and be quiet, and none shall make him afraid. For I am with thee, saith the Lord, to save thee.... And ye shall be my people, and I will be your God. (Jer. 30: 10, 11, 22.)

✧ ✧ ✧

Blessed be the God and Father of our Lord Jesus Christ, which according to his abundant mercy hath begotten us again unto a lively hope by the resurrection of Jesus Christ from the dead, to an inheritance incorruptible, and undefiled, and that fadeth not away, reserved in heaven for you, who are kept by the power of God through faith unto salvation ready to be revealed in the last time....

Wherefore gird up the loins of your mind, be sober, and hope to the end for the grace that is to be brought unto you at the revelation of Jesus Christ....

Seeing ye have purified your souls in obeying the truth through the Spirit unto unfeigned love of the brethren, see that ye love one another with a pure heart fervently: being born again, not of corruptible seed, but of incorruptible, by the word of God, which liveth and abideth for ever. (I Pet. 1: 3-5, 13, 22, 23.)

Unconsidered Trifles

Form Master: "So you admit that this boy was thrown into a trough of water. What part did you take in the disgraceful affair?"

Smith Minor: "I took the right leg, sir."

✧ ✧ ✧

"Rastus, I understand that you have become the father of twins?"

"Yassuh, Ah done call the fust one Adagio Allegro, and Ah'm goin' t' call the second one Encore."

"Musical names, all right. But why do you call the second one Encore?"

"Well, suh, you see, he wasn't on the program at all."

✧ ✧ ✧

The teacher was demonstrating a simple experiment in the generation of steam.

"What have I in my hand?" he asked.

"A tin can," was the answer.

"Is it an animate or an inanimate object?"

"Inanimate."

"You are right. Now, can anyone tell me how, with this can, it is possible to generate a surprising amount of speed and power almost beyond control?"

The boys pondered for a minute. Then one of them raised his hand.

"Well?"

"Tie it to a dog's tail, sir."

STONY LAKE LANDMARK, Choate's Store at McCracken's

Choate-McCracken's Store 127 Years In One Family Recalls Early Stony Days

By NICK NICKELS.

McCracken's Landing on the Dummer shore of Stony Lake is one of the most widely-known summer spots on the Kawartha Lakes not only to citizens of Peterborough but to three generations of summer cottagers from Toronto, Montreal and various cities in the United States. Its story stems from the early days of Peterborough County when the corduroy right-of-way was called the Cadge Road, the winter lumber trail to Mount Julian.

It was then a highway of bright-shirted lumbermen who worked and played with great exuberance in and about McCracken's Landing. There are tales of settlers' wives who lived on the colorful Cadge Road who won their families' yearly salt pork rations by wager that they could carry two hundred pound hogsheads of meat from lumbermen's supply wagons to their houses. Forefathers of some of the city's present-day merchants first got their start in business by operating small floating stores on lumber cribs in McCracken's Bay.

In early days when W. R. McCracken owned a great deal of the shore line many of the islands which bear fanciful names now were given more lusty titles than we are aware of today. Juniper Island, for instance, was called Gin Island (many gins are, of course, flavored with juniper) and Mr. McCracken used to t... of his cattle grazing on it from their pastures on the Dummer shore. The animals crossed high points in the lake without wetting a hoof, this before water levels were raised.

Eaglemount was then known as Jones quarry and from it red granite was taken out to build the CPR bridge, Sacred Heart Church and other buildings of note in various Canadian cities. An agreement was also made by the Crown, it is said, whereby any citizen of Dummer township had perpetual rights to camp on Eaglemount at any time. As far as we know this privilege is still in force and its veracity has never been contested.

In 1882 the American Canoe Association assembled at McCracken's Landing for a regatta off Juniper Island. It was a very grand affair attended by many hundreds in the days when male spectators wore beaver hats and their ladies in dresses with bustles and trains. During the early years of this century mammoth summer train-steamer excursions made McCracken's their terminal point. It was not unusual to see 1,400 excursionists crowding small steamers and strings of scows. They descended on the small Choate summer store and cleaned it out of supplies like swarms of locusts.

Retail store management in an unbroken chain in the Choate family of Warsaw and McCracken's Landing has been severed for the first time since 1832 when recent arrangements have been made to sell the McCracken's summer store to Lorne Morrison of Lakefield. He made purchase from Mrs. N. E. Bell, Toronto and Mrs. H. W. Riddle of Texas, daughters of the late Mr. and Mrs. Arthur Choate who have operated the business jointly since 1941. H. G. E. Choate, Armour Rd., has been and will continue to be Postmaster at McCracken's since he established this service in his father's store in 1913.

Mr. Choate's grandfather, New England States, came to Warsaw in 1832 where he built and operated a grist mill and later turned to the sawing of lumber. In 1840 he established the retail store in Warsaw and the Post Office in 1852.

The business was carried on by his son, the late Arthur Choate, until it was sold in 1927. In the interim Mr. Arthur Choate built the summer store at McCracken's Landing in 1897, the same year that Victoria House was built by John Morgan who named it "Victoria" in honour of the Diamond Jubilee. Both he and Mr. Choate bought their properties from the late W. R. McCracken.

Mr. Choate operated it until his death in 1931. The business continued under the management of his wife for the next ten years, until her death in 1941. From then on Mesdames Ball and Riddell, her daughters, carried on. Lorne Morrison, who has just purchased it, might also be said to be at least part of the family tradition, having worked for these ladies for the past seven or eight years. It is believed that he will continue the business under the name of "Choate's Store," one of the oldest continuous businesses in the Kawartha Lakes.

The store is situated beside a natural spring where cottagers for miles around came to get pure drinking water. Whether the proximity to the spring was accidental to the building site or whether it was turned to shrewd advantage by merchant Choate, his store market days on Tuesdays and Fridays were famous on Stony Lake. There you would meet many notable cottagers, some of them deceased, such as Senator George A. Cox, the Hon. J. R. Stratton, the Willoughby's of Washington, New York and Cobourg, the Davis' the Routleys', the Sheriffs Hall. The families of Fairburn, Smith, McCarthy, Bradburn, Fraser and Guillett and many, many others gathered at Choate's market days.

It is also of interest to mention that the late Sam Hunter, popular cartoonist for years on the old Toronto World, and latterly on the Toronto Star, spent his summers in a tent on the site of the hotel. When the Victoria House was built, he moved north along the shore and built a cottage which he occupied for many years. He was a native son of Millbrook and many summer residents will recall past friendships with this kindly bearded man who was accompanied everywhere by a handsome collie dog. His neighbor, the late Judge Dan O'Connell, was often a shore trail companion.

Not a few men who later gained prominence in fields of business got their first taste of commerce as clerks under Arthur Choate. There was the late O. B. Earle, foreign buyer for the T. Eaton Company, A. C. Hawthorne, Vancouver merchant, B. T. Huston, editor of the Canadian Grocer and R. F. (Dick) Choate, veteran newspaperman. But it was their employer, Arthur Choate, whose personality towered above them all. His wit and ability to dress down uppity clerks and customers, and make them like it, was legendary. To thousands of people of three generations the names Choate and McCracken's will be synonymous when they think or speak of Stony Lake.

Lot's Doing In Town, Yes Sir! Jolly Beggars To Sports, 5,000 Speeches In a Year

By HAZEL PAULL

To say that there are a hundred and one ways in which the 36,000 citizens of Peterborough spend their leisure hours is by no means an exaggeration. A study of the countless clubs in the city which range in purpose from the small groups of neighbors meeting for bridge, cribbage, euchre or crokinole to the more ambitious projects of the service clubs and large organizations has revealed hundreds of clubs or groups which meet regularly in Peterborough.

It is probably correct to assume that 90 per cent of the city's population belongs to at least one organization which gives the individual an interest outside the home or through which he or she contributes something to the community apart from the daily occupations of the vast number of workers.

The churches, which play a leading role in the life of the community have more than 100 separate groups which meet monthly, twice monthly and weekly. The seven United Churches, fixe Anglican and four Roman Catholic, three Baptist and one Presbyterian church all cater for the social life of the community with recreation clubs.

Most of the United Churches each have four missionary groups, and the Anglican churches have their Women's Auxiliaries. The Mr. and Mrs. Clubs cater for several hundred married people in the city and men's and women's carpet bowling clubs are a feature of many of the churches of all denominations. The Baby Bands, Catholic Women's Leagues and Women's Associations cover a wide field among women with families. Probably close on 2,000 speeches are given to various church groups during the course of the year, in addition to about 1,800 sermons a year.

Among clubs catering for hobbies there is a group of young men ranging from their teens to the thirties who fly model aeroplanes at Nicholls Oval at the week-ends. This is a recently formed club which is at present in search of a suitable place for headquarters. Members make their models which they fly with small gasoline engines.

The Horticultural and Gladiolus Societies have names which speak for themselves and the Kawartha Conservation Association is an organization deeply concerned with the preservation of the great outdoor assets of this part of the province.

There are also the curlers, skiers, boxers, weight lifters, alley bowlers, badminton players, golfers, tennis players, harriers, motor cyclists, cricketers, soccer and rugby teams.

Of the clubs which meet for discussions and meetings addressed by speakers there is the Sales and Ad Club which meets monthly and the Kawartha Club's program usually includes a speaker. The Business and Professional Women's Club has a monthly supper meeting, usually with a speaker and also a monthly fireside meeting in the Green Room at the YWCA. The Association of Canadian Travellers holds monthly meetings with speakers and there is the Engineering Institute which also holds regular meetings.

The University Women are addressed by a speaker every month and other women's organizations meeting monthly with programs including speakers are the Hospital Women's Auxiliary, the Grenfell Labrador Medical Mission, Women's Progressive Conservatives, the Local Council of Women, Peterborough Hadassah Chapter, Beta Sigma Phi, Women's Auxiliary to the Canadian Legion, Ladies' Kawartha Police Association, Junior Welfare League and the '36 Club meets twice monthly. Weekly women's meetings include the Old Country Club, Overseas Club, 20 Plus Club and Friday Night Supper Club.

The city has seven service clubs which provide several hundred men with opportunities of giving public service and provide platforms for as many as 200 speakers annually. The Home and School Associations which usually meet monthly, invariably have speakers on topics of considerable help to parents.

There are the fraternal societies: the Canadian Order of Foresters with nine separate groups, the Knights of Columbus, Loyal Order of Moose, seven Masonic groups, 11 Orange lodges, the Sons of England and Woodmen of the World.

The Jolly Beggars are a group of nearly a hundred Scottish men who meet from time to time at one another's homes and celebrate on a large scale on Bobbie Burns' Night and St. Andrew's Day.

The only club in the city which might be called a club pure and simple is the Peterborough Club. It has a prominent membership and a considerable age. Club quarters are at the S-E corner of Simcoe and Water streets.

The YWCA and YMCA are regular meeting places for countless groups which meet to discuss and study all manner of topics as diversified as foreign and civic affairs and the right way to wear the latest millinery models.

The YWCA is a centre for so many clubs and groups of women that it is impossible to say exactly how many meetings and functions are held there every month. Rarely does an evening pass without there being at least one social gathering; there is a theatre group and a glee club for singing and dancing, another group studies art and another is engaged in handicrafts and there is a group of some 10 or 12 members of the Twenty Plus Club who meet at the Armouries for rifle shooting every Monday evening.

Gym, swimming, badminton and dancing are activities which are enjoyed weekly by working girls and married women alike. Perhaps the most lively centre for women's meetings, tea parties and social gatherings is the famous Y Green Room.

At the YMCA there are also a number of regular monthly or weekly meetings. As with the girls, supper clubs are a big attraction. There is no limit to the subjects which are discussed on these occasions. There is invariably on outside speaker to set the ball rolling and there are probably some 350 meetings addressed by speakers at the two buildings during the course of the year.

The Public Library has become an important centre for meetings, mostly of a cultural nature. The Men's Sketch Club holds exhibitions there and the Peterborough Group of Painters and the Brush and Palette Club are two thriving are groups. The Film Council also has headquarters at the library.

The Women's Art Association is an active body with five separate

(Continued on page 13)

ARMY WEEK IS FROM THE 15TH TO THE 21ST OF MAY in town and villages across the Dominion. With recruiting at a new high level for peacetime the Canadian Army forges another link in the chain to keep the peace which has been forged by the nations participating in the North Atlantic Pact. The above photos show something of the activities of the Army during the past year: (1)—Reserve Force units from Western Command take part in Tank exercises at Wainwright National Park in Alberta in sub-zero temperatures. (2)—Men of the Royal Canadian Artillery man the heavy anti-aircraft guns at the Artillery School at Point Petre, on the shores of Lake Ontario. (3)—Specially selected cadets from across Canada attended the Special Dominion Camp held at Banff last August. This camp proved a great hit with the lads and is a real incentive to cadet training all over the country. (4)—An officer cadet from the COTC at Toronto University works at surveying during the summer training period at the Royal Canadian School of Military Engineering at Chilliwack, BC. (5)—Officer Cadets from Universities across Canada on parade at the Royal Canadian School of Artillery at Shilo, Manitoba. (6)—A salvo from the twenty-five pounders of the Royal Canadian Artillery is fired during summer training at Petawawa Military Camp in Ontario. (7)—During the disastrous floods in the Fraser River Valley in the Spring of '48, the Army turned out to lend their aid to the stricken. An Army duck is shown above pulling a floaing barn to dry land.

Army Week To Show Forces Geared For Defensive Peace

During Army Week, the 15th to the 21st of May, Canadian citizens in all parts of the country will be able to see something of the work their soldiers do in peacetime.

At the beginning of the current fiscal year, the Minister of National Defence announced a defence budget representing a 50 per cent increase over last year's and of this, the Army will receive a proportionate share for future development.

The present Active Force strength of 19,000 officers and men is the greatest in the country's peacetime history, and recruiting is still being carried on at an accelerated rate. Yet this expansion program has in no way affected the army's high standard of training or efficiency.

During the past year, one Active Force infantry battalion, the Princess Patricia's (PPCLI) qualified in airborne work and a second has begun training. Emphasis has been placed on the importance of Arctic training for both the Reserve and Active Forces and during the past winter detachments at Fort Churchill and at special command camps across Canada carried out manoeuvres under conditions of extreme cold. General military training and special technical courses are in full swing at many training centres and the policy of sending selected officers and men on courses in the United Kingdom continuing.

On higher levels, the third peacetime staff course, is now being conducted at the Canadian Army Staff College at Kingston and various senior army officers are attending the National Defence College along with high ranking RCN, RCAF, and RCMP officers as well as key industrialists and civil servants. This September two new classes will enter the Joint Services Cadet Colleges at Kingston and Royal Roads to qualify for commissioned rank in each of the three services.

This summer approximately 11,000 Reserve Force soldiers will attend two-week camps in each of the military commands and work and train side by side with Active Force troops. In addition 2,000 members of the Canadian Officers Training Corps, representing nearly all Canadian universities will train for periods up to 16 weeks in order to qualify themselves for commissioned rank in either the Active or Reserve Forces.

A large percentage of Canada's 50,000 Royal Canadian Army Cadets will also go to summer camp this year to test the lessons learned during their theoretical training last winter. In addition to the regular cadet camps, groups will be sent to special camps for training in wireless operating, driving and vehicle maintenance and repair. As a special award for efficiency and ability, a selected number will attend a three-week camp at Banff, Alta., as in the summer of 1948.

But the army is not concerned with training alone. It also does work which has a direct bearing on everyday life. The stations of the Northwest Territories and Yukon Radio System not only supply communication for the army and other government departments and civilians, but they also do meteorological wark.

The ideal executor---

SHOULD BE FINANCIALLY RESPONSIBLE;

Pirates Shade Cards 3-2 As Braves Edge Dodgers 6-5

By JACK HAND,
Associated Press Sports Writer.

The major league "rhubarb" season is in full swing with St. Louis Cards and Pittsburgh Pirates in the star bout.

Bad feeling first sprouted between the Cards and Bucs in a game April 27 when Stan Rojek was hit twice by a pitched ball. The second time he was sidelined for over a week. Some of the Pirates thought it wasn't an accident.

Friday night it burst forth again when St. Louis catcher Joe Garagiola and Pittsburgh pitcher Rip Sewell collided after a near "moaning."

Garagiola, who had hit the dirt a few seconds earlier to escape one of Sewell's pitches, tapped a grounder toward first base. It was the routine comeback from a hitter who wants to even matters with a pitcher.

Sewell came over to cover the bag and bumped into Garagiola, sending him sprawling.

Cool Heads Prevail

Players of both teams and their managers swarmed on the field at Pittsburgh but cool heads prevailed before a punch was thrown. Umpire Jocko Conlan told managers Bill Meyer and Eddie Dyer he would clear both benches if order was not restored immediately.

Eddie Bockman's ninth-inning homer off Red Munger gave the Pirates a 3-2 edge in the game. Wally Westlake and Ralph Kiner accounted for the other Pirate scores with homers. It was the sixth of the year for Kiner, a towering smash off Hal Brecheen.

Hugh Casey, who pitched the last two innings after Sewell faded for a pinch hitter, was the winner.

New York Giants and Boston Braves remain tied for the National League lead after the Friday activities which called for an all-night program.

Larry Jansen held Philadelphia to five hits for a 9-1 victory.

Bobby Thomson contributed a three-run homer and a pair of triples to the attack that shelled starter Russ Meyer in the third. Johnny Mize also hit home run No. 5. Bobby Hofman, starting his first game as Giants second baseman, came through with four hits.

Braves Shade Dodgers

The Braves needed 18 hits to shade Brooklyn 6-5 in 10 innings, squaring Johnny Sain's season record at 3-3. Bob Elliott's single, his fourth hit, with the bases loaded broke up the ball game. Eddie Stanky had five hits, and Al Dark and Elliott, four each.

Cincinnati climbed into third place on a 10-hit shutout by Red Lively who notched his third win by blanking Chicago 7-0, four double plays by the Reds helped Lively through some tough spots. After Grady Hatton homered on Walt Dubiel's first pitch, Cincinnati was on its way.

Detroit bounced St. Louis 7-2, behind Ted Gray's pitching and Chicago trimmed Cleveland 11-10 in the only American League action. The other four clubs were not scheduled.

Don Kolloway, a blazing streak since he was sold to Detroit by Chicago, banged out four hits, including three doubles, to lead the Tigers. He was aided by Rookie Johnny Roth who regained his batting eye with a pair of doubles.

Gus Zernial, hitting a sensational pace, doubled in the seventh inning to give the White Sox their winning margin over Cleveland. It was the fourth hit for the rookie outfielder.

Giant Pole Signs To Meet Davis

Talun

Wladyslaw "Iron" Talun will appear in the main bout here next Wednesday night on the Brock Arena wrestling bill. The stupendous Pole has agreed to meet another matman, almost as big, Wee Willie Davis. The huge 280-pound Davis will be outweighed for the first time in many a season for the Polish Giant tips the scales at around 305 pounds. And none of that is fat either for Talun keeps himself in strictly lean and powerful condition.

The fans here have really taken a dislike to Wee Willie and his treatment of popular Pat Flanagan the other night did nothing to endear him further. The cry has gone up, "get someone big enough to give Davis a beating" and Manager Jim Laidlaw may have made a move in that direction with the signing of the six foot eight inch Polish Skyscraper.

Sandy O'Donnell, the rambunctious Irishman has been signed up for the semi-final and it is likely that Bowmanville Billy Stack will wrestle in the third bout, against opponents yet to be selected.

Combines Win Team Prize In Bowling Event

Peterborough-Oshawa Combines took down top honors in the annual Five-Pin Tournament at Duffus Alleys, as they rolled 3879 to take first place money. The team was composed of Bill Lewis, Harold Legrow and Irvin Hanes of Peterborough and Cliff Rendell and Jack Ross of Oshawa.

Alf Mattucci and Roy Suddards won the doubles with a huge 1703.

Harold Legrow rolled 896 to take first in the singles.

Bea Morrow and Ray Kitchen rolled 1591 for top rating in the mixed doubles.

Harold Legrow took the aggregate prize with 2634 with Cec Hardwick of Belleville taking high single game wth 395.

Bea Morrow rolled high three with a tremendous 951 score. This is a real count, the best of the tournament.

Teams from Belleville, Oshawa and Cobourg took part in the bowling as well as local teams.

The prize list:

Teams

Peterborough Oshawa Combines, (3879) $75; Dream Team, Peterborough (3756) $16; Peterborough Combines, Peterborough (3746) $10.

Doubles

A. Mattucci and R. Suddards (1703) $30; B. Goodson-F. McCormack (1700) $12; H. Legrow-I. Hanes (1672) $9; D. Gariepy-J. White, Belleville (1557) $7; F. Martin-D. Abraham (1546) $5; I. Haines-J. Ross, Oshawa (1545) $4; B. Goodson-E. Reynolds (1502) $3.

Singles

H. Legrow (896) $15; D. Abraham (867) $10; J. Denault (855) $7; N. Gordon (855) $7; R. Suddards (854) $7; R. Mason (847) $5; F. McCormack (840) $5; R. Suddards (838) $3; J. Barnes (831) $3; P. Pryde (827) $2; H. Legrow (826) $2; I. Hanes (825) $2; C. Hardwick, Belleville (822) $2; A. Mattucci (820) $2; P. Pryde (815) $1.50; A. Mattucci (815) $1.50; M. Reid (812) $1.50; E. Downer (807) $1.50 A. Mattucci (806) $1.50; A. Mattucci (804) $1.50; R. Kitchen (802) $1.50; A. Mattucci (801) $1.50; R. Suddards (800) $1.50.

Mixed Doubles

B. Morrow and Ray Kitchen (1581) $15; B. Morrow-F. McCormack (1516) $10; M. Hawthorne-J. Ross, Oshawa (1506) $5.

High aggregate—H. Legrow (2634) $5.

High three—B. Morrow (951) $2.50.

High single—C. Hardwick, Belleville (395) $2.

Durocher Gets 2-Year Contract

NEW YORK, May 14 (APP) — Leo Durocher today had a vote of confidence as manager of the New York Giants—in the form of a new two-year contract.

Announcement of the latest upturn in Lippy Lou's fortunes came the tempestuous little leader was believed by some experts to have reached the end of a rocky road. That was just before baseball commissioner A. B. Chandler reinstated him following a brief, summary suspension the result of the great much-ado-about-nothing altercation with a heckling fan who charged Leo assaulted him.

Lippy's present pact expires at the end of the 1949 season and no terms were announced regarding the new one. However, those close to the situation ventured the opinion that the new figure would be around $65,000 a year. It was believed his present contract called for about $60,000.

SPORTS SHOW WINDOW

CEC. PERDUE, Sports Editor

Excess weight is being shed rapidly these evenings down around Miller Bowl—and this aft—as Red Creighton's lacrossers drill hard with the opening of the season less than a week away. They start their OLA senior "A" schedule next Friday night here against Weston, returning to that centre on the May 24 holiday. Keen interest has been shown already by local fans, who go to see the nightly workouts, and no doubt hefty crowds (as in the past two years) will be on deck of a Friday evening when the gutted-stick artists start playing for keeps. It's a big step up to senior "A" for the Petes this semester as this is the fastest lacrosse played in Canada. But we believe the Petes will hold their own in this company.

* * * * * * *

Prexy Dit Clapper of the City Baseball League has called an exective meeting for seven p.m. Monday in the YMCA. Committee chairmen will present reports then on grounds, finances, equipment, coaches, umpires and so forth. Secretary Albert Watkins has some 250 names and ages of boys listed now to segregate in proper groupings and draw up schedules for, in a tentative way. On account of what grounds are available yet is a question mark. Experienced chaps willing to manage these zone teams from peewee up to junior are asked to get in touch right away with Pat Calladine or Eddie Murphy. Time is flitting toward the start of the minor ball season here.

* * * * * *

Athletics Say "No"

Taking unkindly to the OBA edict that Kingston Athletics can't have a bye into senior playdowns but must affiliate with the COBL, the A's say they won't do it. They explain it thusly: "Athletics had applied for an OBA bye on the understanding that the Locos would again represent the city in the COBL. Locos suddenly withdrew from the COBL last Thursday and the OBA informed Athletics they would not be granted a bye. However, they could take over the Locos' berth in the COBL. This offer has been declined and Athletics will perform in the city series only, with probably a side jaunt to the Congress tourney in London. There has been some conjecture that another Kingston team might take over the spot in the COBL."

* * * * * *

Trotting out quite a few young newcomers the other eve, Johnny Russelle's Knights looked quite impressive in their City Softball League debut. With these and possibly the addition shortly of good veterans like Ken Guilfoyle, Joe Blewett, Eddie Starr and Les Burton, the K. of C.-ers will be strong contenders again. But it's too early to make any predictions as several of the other squads show a lot of promise and will add to their rosters in the weeks ahead. A twin bill listed for the Bowl tonight, starting at seven, if the weather is oke: Cosmos vs. Uniteds, and Jewellers vs. the Knights.

Juniors In Lakeshore

Haven't heard the name yet of the Petes-sponsored junior baseball club here—which has an open workout at two this aft in Trojan Field—but the team is entered in the Lakeshore Intermediate League. So is Oshawa, and at schedule's end these two playoff to see which continues in OBA junior "A" playdowns. The intermediate entries are Lindsay, Trenton RCAF, Port Hope, Cobourg, Bowmanville, Newcastle and Whitby. Play starts in another week or so, and the young squad here, probably coached by Art Pagett, will have nine home games. All city juniors are eligible to try out for the team as a strong squad is certainly needed in this kind of company, and the Oshawa juniors will be plenty potent.

* * * * * *

Soon every park and cornerlot in the city will be busy of an evening as ballsters of all sizes and ages battle it out in various loops. So, we'll again make our usual springtime appeal to officials of these many minor circuits to send in writeups or scorecards if they want the tilts to appear in the paper. We can only cover the major sports, but will give what publicity and space we can to the minors—like PMLA, City Ball Loop, Civic, Industrial, etc.—if they'll co-operate and appoint their own scorers at games. Then drop in the cards ere our sports deadline (10.30 a.m. except Saturday when it's 9.30) and we'll do the rest. Thanks.

Down Sports' Rialto

Soccer opens this afternoon at 2.30 in King Edward Park with Petes playing CGE.... A number of local deaf bowlers go to London this week-end for a big trundling tourney.... Anyone wanting the PMHA book may get it by making a donation to the book fund; contact Jim Buchan at 756 Young St. here.... Business girls' golf season starts at Kawartha on Thursday next.... Mention in this column yesterday of "some 50 minor lacrossers expected to play here" should have read "some 500".... Eddie Powers is the new playing coach of Hamilton Tigers in OLA senior "A", succeeding Joe Cheevers, who has retired.... Leo Durocher has signed a two-year managing contract with the Giants at a boost in salary.... Niagara Falls senior ball loop has three Ontario and three N.Y. teams; only the Ontario squads are eligible for OBA playdowns.... A dozen teams are going now in the CGE Shop Softball League.... A & P plays COF on Monday in the Foresters Loop.... Expect the Girls' Softball League schedule sometime next week.... Some of those early-bird fishermen (who started about midnight) were as tired as the pickerel by sunup.

"Mad Russian" At Best, Bears Win 12-2

By The Associated Press.

Lou Novikoff, baseballs' famed "mad Russian" is off to a great start in bringing grey hairs to heads of International League pitchers.

Novikoff, who batted .327 for Newark Bears last year, played his first game of the season Friday night and drove in five runs on a pair of homers to lead the Bears to a 12-2 triumph over the Buffalo Bisons.

In addition to his two homers, Novikoff singled and walked in five trips.

The triumph enabled the Bears to jump from last to sixth place. Syracuse Chiefs, beaten 13-9 by the Rochester Red Wings, dropped into the cellar, nine percentage points behind Baltimore Orioles. The Orioles lost a double header to the Toronto Maple Leafs 6-0 and 2-1.

Rochester overcame a 9-1 deficit in clipping the Chiefs. The Wings tied the count at 9-9 with a five-run drive in the fifth inning that was featured by Jim Buchas two-run homer. The Wings broke the stalemate with a four run eighth-inning uprising against Johnny Bebber.

Trounce Royals

The victory enabled the Wings to remain a half game back of the pace-setting Jersey City Giants who trounced Montreal Royals 11-3.

Rookie Roger Bowman held the Royals to four hits to hang up his fourth victory of an unbeaten season. The Giants pounded Don Newcombe sold prior to the game to the parent Brooklyn Dodgers, and Charley Lare for eight hits.

Veteran Nick Stinchvich blanked Baltimore on four singles in hanging up his first triumph of the season for Toronto in the first game. Johnny Blatnik drove in three of Toronto's six runs with a double and triple.

Bubber Church also set the Orioles down with four blows in the nightcap. Glen McQuillen homered off Church in the eighth inning to tie the score at 1-1 but Ed Sanicki cracked his ninth homer in the bottom half of the eighth to break it up.

Queen Elizabeth, of England, who died unmarried after a reign of nearly 45 years, is known as "The Maiden Queen."

Here and There In Sport

By The Canadian Press

It begins to look today as though the $15,000 Goodall golf tournament at New Rochelle, N.Y., was invented as an annual benefit for Bobby Locke, the South African stylist with the magic putter.

He won it two years ago on his first try, finished a financially gratifying second last year, and today he was threatening to run away from his field of 18 rival professionals in the current event.

After three rounds of play, in which he had shot the par—17 layout in 71-67-66, Locke was far out in front with a score of plus-36. Two rounds remain to be played today and Sunday.

Herman Barron, a surprise winner a year ago, stood second at plus 27. He shot rounds of 68-66 Friday.

Third was Johnny Palmer, Badin, N.C., the first day's leader. He had scores 72-71 Friday to pick up 11 points and go plus 25.

Charlie Fusari, blond Irvington, N.J., whirlwind, exploded the Vince Foster boom Friday night when he stopped the Omaha, Neb., youngster in 2:46 of the first round at New York's Madison Square Garden after knocking him down three times. Foster weighed 147¾, Fusari 147½.

Foster was the Bible-quoting westerner who rode to fame on the strength of a sensational knockout win over Tony Pellone Jan. 14. He was hailed as the hottest thing since Rocky Graziano.

At Cincinnati, Baseball Commissioner A. B. Chandler Friday awarded Artie Wilson, negro shortstop, to Newark Bears, International League farm club of New York Yankees. The baseball commissioner held that Cleveland Indians had no right to Wilson who had been farmed out to San Diego, because of an earlier agreement the player made with the Yankee organization.

In another ruling, Chandler voided a contract between Newark and Luis Marquez, and gave him to Cleveland in the American League.

At London, champion jockey Gordon Richards said Friday his choice of a mount for the Derby June 4 is Royal Forest. There had been some question of whether Richards would ride Royal Forest, the 4-to-1 favorite in pre-race betting or unbeaten Fauxtrage, both trained by Noel Murless. Although he has been Britain's leading rider for two decades, Richards never won the Derby.

Brooklyn Dodgers Friday night purchased negro pitcher Don Newcombe from their Montreal farm club of the International League. He has won two and lost two this season. Newcombe was offered for sale during the winter by the Dodgers but the asking price was said to be at least $300,000. There were no takers. He pitched a no-hitter game and a one-hit game for Montreal last season where he won 17 and lost six.

Indian Land continued to show his supremacy over Dr. Stanon by taking his second consecutive victory Friday night in the featured $5,000 Ontario pace at Roosevelt Raceway in Westbury, N.Y., before 19,734 fans. Dr. Stanton went out front with W. L. (Lidy) Fraser of Forest, Ont., at the reins while Indian Land, driven by Joe O'Brien of New Glasgow, N.S., took No. 2 slot. Indian Land pulled out in the stretch to win in 2:04.4. Indian Land paid $8.90, $2.80, $2.40.

WHEN THE INCREDIBLE SENATORS swept the three-game set at Cleveland's Municipal Stadium, stretching their winning streak, Lou Boudreau decided it was time to sit down and discuss the Indians' batting order with Coach Steve O'Neill. The Tribe's shortstopping strategist broke into the International League with Buffalo under the veteran catcher and manager 10 years ago.

One-Horse Ban Lifted, No Racing Strife

TORONTO, May 14 (CP). — The customers at Toronto's Dufferin Park were no happier than usual to-day.

Amicable settlement of a dispute that threatened to close the track left hem free to lose their money on a horse of their choice in any one of eight races, none of which had a single entry 10 hours after the official deadline.

The dispute, involving a ruling by the Incorporated Canadian Racing Associations that barred one-horse trainers from the Ontario tracks under its jurisdiction was settled when the ICRA reversed itself Friday night. The horsemen had threatened to "boycott" all ICRA tracks if the ruling was allowed to stand.

After an emergency closed-door session, the ICRA announced that trainees would be granted licences "on the basis of ability, character and experience." President James Heffering said a meeting would be held to-day to review rejected applications of trainers handling only one horse.

The ICRA had contended the ruling was imposed "in the best interests of racing and that one-horse entries took up stabling room and that the horses were frequently inferior to others they kept off the track.

Horsemen's Benevolent Protective Association, representing the trainers, protested the ruling and carried out threat to file no tneries for to-day's card unfil the ICRA announced its change in policy.

The HBPA claiming backing from its parent body in the United States, said the small trainers were the backbone of racing.

IF BILLY SOUTHWORTH had any trouble with the Braves, it did not concern Bob Elliott, shown getting up in the world just for the exercise. The old pro is the Boston National's clean-up hitter, intends to bat in his customary 100 or more runs and equal or top his 1948 home run output of 23, meanwhile playing his usual slam-bang game at third base.

Pitching Staff Lets A's Down

PHILADELPHIA, May 14 (AP) —The collapse of his "invincible" pitching staff set Connie Mack to wondering today whether, after all, 1949 is to be the year for that "one more pennant."

A month ago a chipper 86-year-old Mack let it be known he thought that his Philadelphia Athletics could win the American League pennant this year.

He had good reason to be elated. Phil Marchildon, the Penetanguishene righthander, was in great shape, Toronto's Dick Fowler had burned up the grapefruit circuit and everyone knew what Joe Coleman and Lou Brissie could do with a baseball.

The club started out all right. The pitching was shaky but a surprisingly powerful hitting attack carried the A's through.

But, then, suddenly the roof fell in.

Marchildon injured his arm. Fowler was stricken with bursitis. And Coleman and Brissie quit winning ball games.

The A's start a long home stand today after an unhappy road trip in which they won only twice in eight games. They are buried in sixth place with a won-lost record of 11-13, their poorest in three years.

Glass eyes were used by the Romans and Egyptians.

How would your children get their chance in life if you were no longer here?

There's a Mutual Life of Canada policy that will provide a new source of income, just when it is needed most. It will benefit your children as long as they need it, and your widow for the rest of her days. Consult our local representative.

Committee To Recommend Two Additional Totlots

Two playgrounds, dropped from the program of the Recreational Commission, were filled at a meeting of the Playground and Swimming committee Friday afternoon. In the report to the Recreation Commission meeting Tuesday night the committee will recommend that a totlot be placed at the corner of Hamilton St. and McKellar St. and at the lot on Bonaccord St. near Monaghan Rd.

Jack Dane said requests had been received about a totlot in the McKellar district. The Prince of Wales playground proved unsuccessful last year and had to be abandoned after a month of activities due to poor attendance. The Dixon House totlot also proved to be too small for any large activities to be carried on. The decision was made to change the playground from the Dixon House area to the Bonaccord lot.

Quirt McKinney suggested the Dixon House as a possible place for the summer church vacation school. Church officials will be asked their opinion on the matter.

City Playgrounds

Playgrounds in the city this summer to be supervised by the employees of the Recreation Commission are Riverside, Inverlea Park, Fleming Place, King Edward Park, Turner Park, Confederation, McKellar and Bonaccord St. Supervisors have been chosen for some of the playgrounds but more are needed.

Mr. Dane said complaints have been received that too many supervisors were placed at some playgrounds. He added that the people said the supervisors did not do enough work to keep them all working. Three supervisors will be at Riverside and at Inverlea Parks. King Edward and Turner Parks will have two and the others one.

The recommended wages to be brought before the Commission Tuesday night will be $20 for first year supervisors, $25 for supervisors with experience and $30 for the head supervisors at Inverlea and Riverside Parks.

A discussion was had on the matter of specialists being employed in various sporting activities. The specialists would go to the playgrounds giving instruction. The committee agreed that this would improve their program. The sports and activities suggested were swimming, art, tennis and track and field.

HUGE PEST DAMAGE

Canadian agricultural chemists estimate that pests destroy $35-000,000 worth of farm produce each year, or 17 per cent of the national farm income.

Mill To Close

BROMPTONVILLE, Que., May 14— (CP) — The Bromptonville Pulp and Paper Company mill here will cease operations May 28 due to cancellation of a contract by the Philadelphia Bulletin, it was learned Friday night. It was understood that its entire newsprint output was taken by the Philadelphia newspaper on a contract that could be terminated any time. High cost of production was said to be the reason for the Bulletin's action.

Hold Three Seamen

MONTREAL, May 14.—(CP). —Three members of the striking Canadian Seamen's Union (T.L.C.) were arrested Friday night after they had allegedly beat up a Seafarers' International Union (A.F.L.) seaman in front of a downtown hotel. Police held the trio, Frank Clark, 20, Marvin Hartley, 22, and John Young, 27, for arraignment on assault charges. Both Clark and Hartley are from Niagara Falls, Ont., while Young is from Sydney, N.S.

HELD FOR ARSON—Peter Swetlishkoff, [illegible] denied he had anything to do with the burning of a new $85,000 school. He is also charged with burning a factory at Brilliant, near Nelson, in 1943.

SMART PUP—This pup, who wandered into a Vancouver apartment house while firemen were fighting a fire there, found things too hot for his liking and sought a cool spot. He found it in the kitchen of one of the apartments when he climbed into a sink in which the water had been left running.

Ragged Ensign Goes To Museum

OTTAWA, May 14 (CP) — A soiled and ragged remnant of a famed sea-fighter will find a permanent resting place in the Halifax Naval Museum.

It is the white ensign of the Canadian destroyer St. Croix, torpedoed in August, 1943, three years after it first was commissioned in Canadian service and after it had knocked out two German U-boats.

Only one of the crew of 146 survived. He is stoker A. W. Fisher of Black Diamond, Alta.

The flag which once flew from the St. Croix found its way into Swedish hands. It had been given to one of 20 Swedes the destroyer plucked from the stormy Atlantic, seven days after torpedo sank the Swedish motor ship Suecia in August, 1942.

It was returned to Canada yesterday in a brief ceremony at the residence of Per Wijkman, Swedish Minister to Canada.

A note of thanks from the 20 rescued Swedes also was presented to Canada along with the ensign.

Wealthy Woman Shot

ST. PETERSBURG, Fla., May 14.—(CP).—Mrs. Isabelle Marchand, wealthy resident who 30 years ago was an orphan in Three Rivers, Que., was shot to death Thursday night by an elderly man who claimed she had "made a sucker" of him for 10 years. Mrs. Marchand, 43, was struck by two of five shots fired by Lawrence Minutoli, 68, as she left a bingo party. One of the three wild shots went through a window, critically wounding Mrs. Reese M. Whitworth, mother of three children.

R. W. Diamond Receives Medal

R. W. Diamond, vice-president and general manager of the Consolidated Mining and Smelting Co. of Canada, Trail, B. C. received the Julian C. Smith Medal Friday night at the 63rd annual banquet of the Engineering Institute of Canada. The banquet is part of the three-day conference at the Chateau Frontenac, Quebec City. The award was given for "Achievement in the development of Canada."

Born in Campbellford, Mr. Diamond graduated from the University of Toronto. He became one of the pioneers in the concentration of ores by the flotation process working with the Anaconda Mining Co. In 1917 he was employed by the Consolidated Mining and Smelting Company. He developed a process for the concentration of ores of the Sullivan mine in British Columbia.

After a number of years as superintendent of the concentration department he was made head of his company in 1935. He was appointed in 1947 president of the West Kootenay Power and Light Company.

Winner of the Blaylock Medal of the Canadian Institute of Mining and Metallurgy last year Mr. Diamond was later honored by Queen's University by the conferring on him of the degree, Doctor of Law. In 1936 he won the Leonard Medal given by the Engineering institute. In 1933 the McCharles award and the gold medal by the University of Toronto were his prizes. This year he is the immediate past president of the Canadian Institute of Mining and Metallurgy.

2 Bandits Take $67

TORONTO, May 14 — (CP) — Two men who held up a downtown shoe store late Friday and escaped with $67 cash. The pair entered the store and while one held a revolver on the clerk, the other scooped out the contents of the till. Before making their getaway they tied the clerk to a chair.

Hogg Given Medal

QUEBEC, May 14 — (CP). — Dr. Thomas Hogg, Toronto consulting engineer, Friday night was awarded the Sir John Kennedy Medal in a 63rd annual ceremony meeting of the Engineering Institute of Canada. The medal is given "for outstanding merit in the engineering profession and noteworthy contributions to the science of engineering."

Friends In Need

PORT ELGIN, May 14 (CP)— While Dave Jeffrey lay in Owen Sound hospital Friday his neighbors swarmed over his 60-acre Saugeen Township farm near here and in one day completed spring plowing and seeding. Ten tractors and three power drills, loaned by neighbors, were used and other offers of machinery had to be turned down. Mr. Jeffrey has been a patient in the hospital for some time past.

Suffers Breakdown

ROME, May 14.—(AP).— The Italian News Agency Astra said Friday in a dispatch from Vienna that Joseph Cardinal Mindszenty has suffered a mental breakdown. The Astra dispatch was quoted by the Vatican radio. There was no official confirmation anywhere. The Roman Catholic primate of Hungary was convicted in February by a "people's court" on charges of treason and blackmarketing in currency brought by the Communist-controlled Hungarian government and sentenced to life imprisonment.

TOURING CANADA—Harold Wilson, president of the British Board of Trade has arrived in Canada for what he calls a "plain talk" tour during which he will discuss trade policies with Canadian business men and industrialists.

Tulip King On Parliament Hill Keeps Capital Easy On Eyes

By HAROLD MORRISON.

OTTAWA, May 14 (CP)—Meet H. Arthur Luscombe—tulip king on Parliament Hill with a man-sized job keeping this capital easy on the eyes.

From damp April until chilly November he nurses a sparkling array of blooms on government grounds and long, twisting driveways. This mammoth flower show, the envy of tourists and the pride of residents, is an annual display of 600 acres of government lawn sprinkled throughout the city.

About 1,000,000 flowers — crocuses, daffodils, tulips, annuals and chrysanthemums—follow each other through the months to spread sparkling pastures of color. Planting and keeping them in shape is the work of Luscombe and 34 helpers.

Mr. Luscombe is a bronzed, quiet-spoken man, a farm boy from Guelph, who grew fruit in the Niagara peninsula and served as a camouflage officer during the Second World War.

In the eight years he's been with the FDC—four years before the war and four years after — he's directed the planting of thousands of tulips, crocuses and other plants.

Under the watchful eye of the peace tower clock on Parliament Hill about 22,000 in a variety of colors—yellow, crimson, mauve, pink, white and purple—stand in two banks swinging out from the main walk leading to the Commons.

Early Blossoms

Long before crocuses start to sprout in private gardens in the spring he has some 2,000 blossoming on the lawns of the war memorial.

"My secret is a heating tube," says the chief gardener. "It runs under the street from the east block on Parliament Hill, under the memorial to the terminal post office back of the Union Station. It wasn't put there for our flowers, but it sure helps."

When the curtain comes down on the crocuses' show, it raises again on 15,000 dazzling daffodils that paint Parliament Hill and some 22 miles of F. D. C. driveways with sparkling yellow.

Big Splash

Then comes the big splash — the tulip show—to which Mr. Luscombe gives his best attention. The bulbs are grown in Holland. Canada buys about 500,000, or 600,000 each year and there's always a special gift of 20,000 from a grateful Queen Juliana as thanks for a pleasant wartime stay in Canada.

As the summer months race along, red, pink and white zinias flood government ground and then finally, in the fall, row on row of chrysanthemums, red, pink, yellow, white, purple and bronze, spread over green lawns.

Raise $4,500,000

TORONTO, May 14 (CP) — More than $4,500,000 of the 1949 Red Cross appeal of $5,000,000 in Canada has already been raised, L. A. Winters, honorary treasurer, told the Central Council of the Canadian Red Cross Society Friday. He said he expected the national goal to be reached when all branches have reported. Ontario has raised $1,800,000 of its $2,000,000 quota, with some branches still to report.

Drowns In Septic Tank

WALLACEBURG, May 14 (CP) A 19-months-old girl, Diane Lucier, was drowned late Friday in a septic tank on a lot near her home. The body was discovered by the mother, Mrs. Leonard Lucier. The girl had been outside playing and had wandered to a nearby property where a house is under construction.

How Your Reserve Force Units Work - - -

1 Your citizens who take their place in the rank of the Reserve Force units in Canada are medically examined after they recruit, and upon acceptance, are given any necessary General Military Training prior to training on the special equipments. In Peterborough, this is either heavy anti-aircraft gunnery in all its interesting phases, or workshop techniques for tradesmen.

2 As a test of completion of training, and for further experience, the citizen-soldier then is taken to summer camp where he actually works with live ammunition against targets simulating actual warfare. This is the culmination of the several evenings a week that he devotes to the service of his country.

3 As well as training, he is given time for sports, rifle shooting, recreation, and a comradeship of men that cannot be paralleled anywhere. We strive to make the Reserve Force work and play his hobby. Of course, for this work at his hobby he is paid not only in comradeship but in cash.

There is NO training so fine for a young man as that supplied by His Majesty's forces, since it teaches discipline, comradeship, morale, and the knowledge that if any attacker molests us, we can answer back, in this

The Reserve Force soldier receives the same rate of pay as his Active Force brother-soldier, at the rate of one day's full pay for two evenings trained. The units in Peterborough thus bring many thousands of dollars annually to the business life, through their adequate training pay.

The HAA Problem

Contrary to popular opinion, heavy anti-aircraft training is NOT difficult. It entails only certain memory training and the acquiring of a proficiency in understanding the work that is being done. The instruments used by the regiment are marvellous calculators which do all the actual calculations and they require only delicate handling and training to make them most effective against enemy aircraft. As an example, high school students of the PCVI were trained for a very short time but gave a very fine exhibition of HAA work on their recent inspection. Training is strictly a matter of time and perseverance and enthusiasm.

The Training

The regiment, along with its workshop (37th), trains every Tuesday and Thursday from September to June, as well as some week-ends and special occasions. In addition to HAA work, which includes gunnery, predictor, radar, wireless, and associated subjects, the regiment itself trains motor vehicles operators and mechanics, orderly room and quartermaster personnel. The HAA Workshop, which is now being equipped with lathes, presses, etc., will be training mechanics in all branches of trades training, and they will be in charge of all repairs to unit

THERE IS A PLACE FOR YOU IN EITHER OF THESE UNITS — YOU WILL BE WELCOMED HEARTILY AND MEET MANY NEW FRIENDS

Last Judgment Stresses Obedience To Christ

By WILLIAM E. GILROY, D.D.

The account of the "Last judgment" in Matthew 25 is found only in that Gospel. One cannot but wonder why neither Mark, nor John, nor especially Luke, whose Gospel enters into so much detail, refers to it. It presents some questions, also, that various commentators have sought to answer in their own way. One distinguished commentator, for instance, says that the judgment of which Jesus spoke was to be of professed disciples only, of those who in sincerity, or in insincerity called Jesus "Lord," and the statement about all nations being gathered for the judgment he disposes of in a way to suit his strange interpretation.

However, the spectacle of all nations and all generations of men, gathered for judgment in one time and place suggests such difficulties—at least to the materialistic mind—that one might question with what materialistic literalism the passage is to be taken. This is especially true as it appears in a chapter otherwise in the form of parables, which deal specifically with judgment, the Parable of the Wise and Foolish Virgins and the Parable of the Talents.

The portrayal of the Last Judgment confirms the words of Jesus expressed elsewhere, "Not every one that saith unto Me, Lord, Lord,' shall enter into the kindom of heaven, but he that doeth the will of my Father, who is in Heaven." The judgement is not upon what one professes to believe, nor upon the church, or group, to which one belongs. It is upon obedience to the Master's teaching, and the following of His example in ministering to others, especially to those in need.

Nor is he judgment upon deeds and outward acts, alone. Paul made a distinction (I Corinthians 13) between bestowing all one's goods to feed the poor, and having love in one's heart.

Nor is the judgment even upon character, if we think of character in the outward content of one's life, or one's sense of worthiness.

I once heard a famous minister expounding the doctrine of salvation by character, and my mind and heart alike rebelled against the idea as he expressed it. "We are not suppliants," he said. I may have misunderstood the letter or spirit of his words but I could not help thinking of the proud Pharisee, telling God how good he was, and the publican, in contrast, saying, "God be merciful to me, a sinner," and of Christ's warning to us to consider ourselves unprofitable servants, even when we have done what it was our duty to do.

Character counts with God, as it does with men, but humility, the consciousness of something higher yet to be attained, is a deep mark of true character. How different in the judgment was what the "sheep" and the "goats" had to say!

Jeremiahs Modern Times Are Termed Quislings

By REV. E. R. JAMES

The word of God came unto me saying: I ordained thee a prophet among the nations. Then said I: Or Lord God, behold, I cannot speak.—Jer. 1:6.

Many a prophet, a preacher of the Word of God, has been thrilled by these words, seeing that they bring him into fellowship with one of the greatest of the Old Testament prophets. As Bishop Westcott, one of our greatest teacher, impresses upon us that Jeremiah realized that he was in personal touch with the Divine Being. "I am a child" implies that he is a young man, and to the Oriental mind he must sit and listen. His elders would give no heed to his message.

Jeremiah was by nature a sensitive man. He was not a rebel by nature. We must keep this in mind that the Lord called a sensitive man to undertake a message that would arouse hostility and enmity against him. It was his duty to tell his people that Jerusalem would fall and the Temple destroyed by the enemies now at their gates. The message was a horror to his own soul. Isaiah, a few years earlier taught that this could not happen to the Holy City. The Syrian army was destroyed by a plague and the City saved. Naturally the people would not believe or listen.

It needs very little imagination to realize the bitter opposition aroused. Today he would be called a Quisling. Hearken to the advice of the Princes. "The Princes said unto the King: We beseech thee let this man be put to death for he weakeneth the hands of the men of war. This man seeketh not the welfare of this people."—Jer. 35:4.

As a man sensitive to public opinion Jeremiah decides he will not speak he will hold his peace—keep silent. "Then said I, I will not make of Him; nor speak any more in His Name. But His word was in my heart as a burning fire shut up in my bones and I was weary with firebearing and I could not contain". Jer. 20:9. It was a Divine compulsion that compelled him to speak. He spoke with burning words that his hearers were compelled to acknowledge inwardly were from God through His prophet. "Is not My Word like a fire? saith the Lord God; like a hammer that breaketh the rocks in pieces. Jer. 23:29.

Let us consider how modern Jeremiah is in some of his teaching. Through Jeremiah God teachers us the important truth that Jehovah desires to speak to the individual. This was an unheard of thought in that age. No ordinary man thought of Jehovah speaking to him personally. This was God's gradual revelation of His character as men were able to receive it. To Isaiah He reveals Himself as the Holy God in moral character; to Hosea as the God of Love; to Ezekial as the God of Life.

So Jeremiah God reveals Himself: After those days, saith the Lord, I will put My Spirit in their inward parts and write it in their hearts. And I will be their God and they shall be My people—Jer. 31:33.

WHEN THOU SAIDEST: SEEK YE MY FACE. MY HEART SAID UNTO THEE: THY FACE, LORD, WILL I SEEK.

400th Birthday Observed Of Anglican Prayer Book

By The Canadian Press

Four hundred years ago a book was published in London that has since acclaimed as the "bond of union" of the Anglican communion throughout the world.

It was in 1549 that the first copies of the Book of Common Prayer were run off the printing press at "Ye Signe of ye Sunne" in Fleet Street. Since then hundreds of editions have appeared, not only in English, but in dozens of other languages.

The Book of Common Prayer was carried through both houses of parliament by Jan. 21, 1549, by an Act of Uniformity which made its use compulsory in public worship in all cathedral and parish churches of the Church of England on and after the following Whitsunday, June 9.

The 400th anniversary in Canada will be marked by special services in Anglican churches. The Canadian committee in charge of the observance of the anniversary has prepared a form of service to be used on Whitsunday, June 5 or on either of the two following Sundays. In England, Sunday June 19, has been set aside for commemorative and thanksgiving services.

Arising out of the Reformation, the official service book was the earliest effort to embody the church's corporate acts of worship in one volume.

The Book of Common Prayer was revised in 1552 when many important changes were made. Abolished in the reign of Mary Tudor, it was re-introduced in 1559 in the first year of the reign of Queen Elizabeth with a few significant amendments. During the Commonwealth its use was strictly prohibited. With the restoration of King Charles II, it was restored and in an amended form it was annexed to the Act of Uniformity of 1662 and its use thus made obligatory for all the clergy.

The Prayer Book now in use in Anglican churches is the book as amended and revised at various times during the last 400 years.

The Authorized Version of the English Bible, published in 1611, and the Book of Common Prayer, in addition to their religious significance, possibly accomplished more than any other books in standardizing the English tongue.

For hundreds of years, when other books were scarce, these two volumes found their way into the homes of the literate both in England and in many other English - speaking lands. The language of the Prayer Book was heard regularly by thousands unable to read and its dignified euphonious phrases entered the common speech of the people. Dozens of fine expressions, in frequent use today, come from the book.

Emphasizing the spirit of toleration reflected in the Book of Common Prayer, the Canadian committee in commenting on the anniversary says that it was drawn up with a view to including in the corporate worship of God as many people as possible, both conservative and reformers.

"In order to do this, the great truths and practices of the old Catholic religion which had endured from the early centuries of Christianity were retained," the committee says. "At the same time principles for which the Reformers and leaders of the Revivals of Learning contended were provided for.

"In particular, provision was made for the expression of personal faith, and respect was shown for the factual basis of that faith, made known by revelation, scholarship and science."

All this involved the preservation of ancient creeds, the church year, sacraments and the principal parts of the old Latin liturgy. The emphasis on personal religion was expressed in such new forms of prayer as the general confessions, communion devotions and the exhortations, and the "clearing away of myths and legends which had no sure factual basis."

"This effort to hold together in one body men of good will of different religious temperaments involved compromise," the committee says, "but not the sort of compromise which deprives both sides of the essential truths for which each contends. The compromise is a synthesis, or comes close to being one. Four hundred years of using in public worship a rite based on that sort of compromise, or near-synthesis seems to have taught Englishmen toleration."

Should Theatres Ban Peanuts, Popcorn Eating?

By HAZEL PAULL

Would abolition of peanut and popcorn stands from the nation's movie theatres be an un-American, or should we say un-Canadian activity? Out in Oregon movie operators are fighting a legislative bill to promote theatre tranquility by outlawing crunchy food among movie audiences. They argue this would violate free American rights of peanut and popcorn munchers.

Peanuts and popcorn play an almost vital part in the evening's entertainment for a great many Peterborough theatre-goers and who would be so vindictive as to say "you shall not eat nuts and corn because I don't like it."

Part of a Campaign

The movement in Oregon for banning such luxuries was, no doubt, part of a campaign for quieter behaviour during performances. No one can be expected to have sympathy with the person who, having seen the film before, carries on a running commentary to her companion, and the over-zealous youth whose excitement brings forth such warning as "look out, he's got a gun" causes nothing but justified irritation.

Then there is the type who seems unable to find anywhere to place his feet except on the back of the seat in front of him and the woman who, after fidetting throughout the film, drops the contents of her handbag and proceeds to crawl on all fours in pursuit of the precious articles.

But to place the happy corn and nut crunchers in the same category seems to be an injustice calling for a united front of opposition.

The sale of candy in Peterborough theatres has been an up and coming practice in recent months All five theatres are now equipped with candy counters or automatic candy machines.

One theatre, which installed a popcorn counter on Thursday had sold 32 cartons by Friday afternoon. Nuts and corn are in greatest demand with chocolate bars coming a close second.

Candy counters appear to be considered of such importance to the satisfactory functioning of a movie house that one Peterborough theatre which was not so equipped, recently had an alcove converted for the sale of candy.

There seems to be no doubt that in Peterborough, at any rate, corn and nuts will continue to be chewed.

BACKYARDS IN PETERBOROUGH CAN BE BEAUTIFUL, or drab, as these photos show in a random selection around the city. Top Left, is the splendid rock garden, lawn and ornamental crab at the home of Mr. and Mrs. Harley Keefer, 611 Walkerfield Ave., in Foreground; greenhouse and lombardy poplar, Background, are at the residence of L. A. Turner, 395 Monaghan Rd., Top Right Photo, gardening has its social side, too, as Mrs. C. C. Miller, Left, chats with neighbour Mrs. F. W. K. Harris, 492 Rogers St.; Mrs. Miller's beautiful rock garden is shown in Lower Right photo. There are also eyesores in backyards, Lower Left photo, where tenants have done their best in erecting colorful birdhouses to brighten dismal yards and sagging weatherbeaten sheds.

—Examiner Staff Photos

Sparks From Chimney Fire Smith Township Home Family of Eleven Homeless

Sparks from the kitchen chimney on Friday afternoon ignited the shingle roof and caused fire to destroy the 11-room farm home of Clarence Blodgett, on boundary between Smith and North Monaghan Townships about a mile west of Jackson Park. Loss is estimated at $6,000 of which $2,000 is covered by insurance.

The fire has left temporarily homeless, James Blodgett, who lives with his son, Clarence, Mr. and Mrs. Blodgett and their family of eight: Don, employed at CGE; three school-age children—Lily, 12, Joyce, 11, and Wayne, 9, as well as three-year-old Coreen. Also homeless is the eldest son Melville who lives at home with his wife Jean and their month-old daughter.

Mr. Blodgett and Don spent the night in a bunkhouse on the 100-acre farm and the rest of the family slept at the homes of neighbors. Melville, his wife and infant daughter are staying temporarily in Ashburnham with her mother.

Mr. Blodgett made a valiant attempt to douse the blaze which started on the south east corner of the roof. He cut a hole through the roof from the inside when he saw where the fire had started and poured buckets of water on it, but the flames had too great a start.

An alarm was received by the Peterborough Fire Department about 10 minutes after the fire was discovered, and a pumper was dispatched to the Blodgett home. Fanned by a strong south breeze the flames had too great a hold for the booster pump with its 134-gallon capacity to cope with.

City firemen concentrated their efforts on salvaging furniture and other household belongings as well as ensuring that flying sparks did not ignite nearby buildings.

Had the wind been in the opposite direction the solidly-built bunkhouse, barn, and implement shed would have been in great danger of burning.

The prompt help of neighbors as well as that of firemen were credited by the Blodgett family with saving three-quarters of the furniture. Hardest hit was Melville Blodgett, Jr., and his wife who had their possessions in the upstairs portion of the three-storey brick house.

Furniture and other articles were still being carried out of the blazing building when the kitchen roof caved in with a roar. Several people got clear just in time to prevent injury.

Mr. Blodgett had just returned home from the airport where he is employed, and was eating his dinner in the kitchen when his wife informed him she saw smoke coming from the roof. He went outside to investigate but could see no trace of smoke so he went back to his dinner.

A few minutes later fire was visible and he rushed up the stairway inside the house and chopped open a hole in the roof so he could combat the flames.

"I carried buckets of water up to throw on it, but it was no use; it just gained on me," he told the Examiner "It seemed to spread all over the roof. It was the wind that did it."

Turned In Alarm

A neighbor, Mrs. Melville McKee, turned in the alarm and then she came over to be of what assistance she could to the Blodgetts.

"The neighbors certainly were a help—the McKees, Hogans, Mrs Sweeting, Vic Sweeting—all of them. We certainly are grateful," said Mr. Blodgett.

All that remains of the home is the four brick walls Everything that could be burned was destroyed in the fire. During the night part of one wall caved in.

Mr. Blodgett estimates that the house will have to be completely rebuilt as the brick framework is cracked and therefore unreliable. Meanwhile he is looking for some means of lodging his family, and thinks that a tent would do.

A front porch added to the house last year was also destroyed.

"The worst part of it is that we just finished decorating the front part of the house on Thursday night," said Mr. Blodgett with wry humor. "It's bad enough to lose your home, but just think of that wasted effort."

VISIT NORMAL SCHOOL

Harold Elborn, Inspectors of Normal Schools and Gordon Wright, Director of Health and Physical Education for Ontario, visited the Normal School Friday. They are making a survey of the physical education and facilities in the Normal Schools of Ontario.

Dr. E. C. McKee Preceptory Head

Em. Kt. Dr. E. C. McKee was installed as presiding preceptor of Moore Preceptory, Knights Templar, at the annual installation ceremony conducted in the Masonic Temple on Friday night. Rt. Em. Kt. Fred G. Mann was the installing preceptor and he was assisted by a group of preceptors.

The following are the officers: Presiding preceptor, Em. Kt. Dr. E. C. McKee; preceptor, Em. Kt. G. Wilson Craw; constable, Bro. Kt. L. H. Bearne; Marshal, Bro. Kt. R. M. McDougall; submarshal, Bro. Kt. Stanley Adamson; treasurer, Bro. Kt. H. S. Routley; chaplain, Bro. Kt. A. B. Smith; registrar, Rt. Em. Kt. Fred G. Mann; assistant registrar, Em. Kt. L. F. Dyer; director of ceremonies, Em. Kt. A. P. Legon; captain general, Em. Kt. W. Rankin; almoner, Bro. Kt. Richard Ford; captain of the guard, Bro. Kt. Lloyd Grose; 1st standard bearer, Bro. Kt. Percy Windrim; 2nd standard bearer, Bro. Kt. Alfred Newton; sword bearer, Bro. Kt. William Lytle; Persian Guard, Bro. Kt. Ernest C. Williams; organist, Bro. Kt. C. H. Ackerman and guard Bro. Kt. William McKinlay.

Fish Defeat Fishermen As Pickerel Season Opens

Midnight struck on the town clock but at Lock's Bridge, Lansdowne street east, where this reporter had gone to see the pickerel season open, the 200 fishermen along the canal and in the river did not hear it. They were too far away; anyway, they had already been fishing for four minutes and were too busy angling. Fishermen and fisherboys had been congregating for the last hour. By four minutes to midnight 40 cars were in the area, a host of bicycles, and one dutiful young wife asleep in a car.

Under the two or three lock lamps the place looked as crowded and slow-moving as a village Fall Fair, but an expectant hush prevailed. Men lining the banks seemed in the murky light and their assorted costumes like denizens of a forgotten twilight world, poised for some revelation from a nether one. The revelation came—a policeman's voice.

For at four minutes to 12 the police in their patrol car said, "O.K. boys. Go ahead", or something like that. A hundred lines splashed in unison. The great fish was on.

But not on the hooks. Not a fish bit.

The Examiner prowled among the shrouded figures, the pails of worms, and the forest of poles, looking for a captured fish. None at all. Not even the man with a wooden rod as long as a telegraph pole had one. Why weren't they biting?

First Fish

William Martin, 475 Park St., who works in the C.G.E., had his answer. He said the water was too low in the river, the best place to fish. He was sitting on the canal bank placidly dangling his line between the two locks, and this reporter chatted to him. "Last year", Mr. Martin said, "I had three good ones inside ten minutes". Just then he gave a small surprised grunt. "Got one!"

He had. As the line came up over the bank, a biggish pickerel came with it. "How big is it?" "Oh, I guess about two pounds", the modest fisherman estimated. Another voice joined in. "It's three pounds if it's an inch".

"Is this the first fish caught tonight?" William Martin admitted that he had seen no one else catch any so far, except a boy farther up, but his was a mudcat. So, according to eye witness and this reporter's watch, the first pickerel was hooked at 12:14 this morning.

Too Many Minnows

A journey up and down both sides of the canal, and a peer into the shadows along the river bed where men in high rubber boots were angling bore out this statement. All the other dead fish apart from Martin's were lying on top of the canal water—discarded or sluice-trapped big suckers.

A man at the end of the pier said the reason they weren't biting was that there were too many minnows. "Here, look", he said, and turned his flashlight on the water. Sure enough, half a doz-

(Continued on page 18)

Rare Old Watch Chain-Operated

BRIGHTON, May 14 — Any day now Arnold Summers is due to get his watch back from Watchmaker Bert Bishop, complete with some custom-made parts that should put the timepiece back in good working order again.

The watch is a 200-year-old model carried by members of the Summers family for several generations. The present owner doesn't know exactly how many. It has a silver case, gold plated inside, and has graced so many pockets the inscriptions which once adorned it are now worn off.

The ticker weighs something under two pounds and is about two and a half inches wide. It's a bit cumbersome for carrying in the modern pocket, but was toted around with pride by Summers of other days.

"One thing, there's no danger of losing it," said Mr. Summers, "you'd soon miss the weight."

When it stopped going for the first time a few years ago, he was unable to find a jeweller who could fix it. Finally, the turnip went to Mr. Bishop, who is making a new wheel for the watch, and installing a new mainspring.

A key is used to wind it, and it's chain operated. As far as the owner knows, the present rest is the first it's had in 200 years of existence.

HONOR BELL EMPLOYEES

Two Bell Telephone Company employees were honored at a company banquet in Toronto Friday night, attended by telephone first-aid teams from Quebec City and Montreal. K. D. Agnew of Oakville, was given the president's letter for his first aid work at an Oakville highway accident in March and W. R. Hamilton of Toronto was cited for the rescue of a woman in Peterborough Canal last summer.

MAIN ST. TOPICS

ATTEND CITY SCHOOLS

A total of 63 North Monaghan pupils are attending the city schools. Thirty-one go to Prince of Wales, 18 to Grove, nine to Queen Mary, four to May's, and one to Confederation. Of these 10 are kindergarten pupils.

DIES IN HOSPITAL

George Gibson, seven, who suffered a fractured skull in a fall from his bicycle Thursday in Cobourg, died in hospital in Toronto Friday night. He is the son of Percy Gibson, a well-known Central Ontario baseball pitcher.

SHOW LOCAL PHOTO

Peterborough's Board of Education received an indirect tribute when photos of Queen Mary School were published in the latest issue of the Royal Architectural Institute of Canada, monthly journal. On the cover is a photo of the kindergarten and on an inside page there are three other photo shots of the school, interior and exterior.

HIGHER THAN 1948

Enrolment in the city Public Schools during April was substantially higher than for April, 1948. This year the figure is 3,792, compared with 3,538 a year ago. The average April attendance was 3,283, with a percentage of 92.99. Prince of Wales has the highest enrolment with 709, followed by Queen Mary with 691. Other schools: Central 425, King Edward 353, King George 494, Queen Alexandra 356, Confederation 414, Grove 95, May's 191, and Parkhill 64.

Park Trees Go What It A Park?

Several members of the council and other citizens were lamenting Friday the levelling of nine or ten trees at Riverside Park that were removed earlier this week for the site of the Lions' Club swimming pool. It was said that these trees had been established long ago, probably fifteen years, and were an integral part of the park.

"They wanted me to do it on about a half hour's notice," said Armar Butcher. "I wasn't prepared to jump on that kind of a short order, and any way I was never in favor of the pool going over there. My idea of a park is a place of trees and shade, grass and flowers."

A member of the council told the Examiner that a decision should be soon drafted to preserve the rest of the parks as they are from any more service club improvements.

"Somebody suggested recently that we put the Memorial Centre on the park at McDonald's Point. Jim Hamilton, George McDonald and the other members of the council at that time did not plan that park for any purpose other than the beautification of the city along the lake front. The late Mayor Denne bought the Calcutt property to enlarge Riverside Park. He might just as well have left things as they were, and we could buy the same area for this site or that when we needed it."

PRACTICAL PLANS FOR THE HOME YOU WANT AND HOW TO PLAN IT

Use Process Of Elimination In Buying Of Wallpaper

Buying wall paper is undoubtedly one of the pleasures of life. One enters a store and sees an array of interesting papers in all kinds of colours and designs, and all of them have certain qualities that appeal. However, you can't use all of them, and a certain process of elimination is necessary. The question arises, on what to base your final selections.

Ordinarily the home-maker does not select new wall paper frequently. One or more years may elapse before redecorating is done. During these intervals your wall paper dealer is planning the wall paper treatment for several rooms a day. He is constantly studying new trends, new designs, new ideas. Experience with all kinds of conditions is his daily lot. Trained to begin with in decorative principles, it is usually practical for the home-maker to take advantage of all this experience and listen seriously to his suggestions with a view to following them as far as possible.

If individuality is really an issue, it should function in the individual's bedroom or private study. Living-rooms, dining-rooms, halls and other community centres in the home must be acceptable to the entire family.

Avoiding Errors

You may say that you're the one who has to live with the paper. That is the very reason why, if you are inexperienced in the subtleties of colour, design, or the other elements of decoration, your dealer will try to save you from natural mistakes. A paper may strike your fancy at first sight, and yet prove unsatisfactory when hung. That is why it is well to have the choice based on recognized rules for successful decoration rather than impulsive likes or dislikes.

Of course there are some simple rules. They embrace an understanding of colour, design, texture, scale and grade, and their inter-relation. These five factors enter into every wall paper selection. Colours should be selected in the right proportion to the other coloured objects in the room. If the rugs and draperies are strong and positive in colour, for example, the right paper to choose will be one which contains colours equal in strength, but which may be modified in amount.

Designs are determined by the type of period of the room, such as modernistic, Colonial, or any other decorative style. Texture is the surface finish of the paper as it appeals to the sense of touch, and depends upon the wood trim of the room or the wood in the furniture. Fine-grained woodwork requires paper with a smooth texture, while coarse, open-grained wood is properly supplemented with wall paper whose finish is rough.

If a room is dark, papers that reflect light should be used, such as those in tones of yellow, the sunlight hue, and smooth in texture. Sometimes rooms are too bright. For those, colours which absorb the light, such as dark grey and sepia, with rough texture, are recommended. Naturally, too the scale of pattern in the wall paper must be appropriate to the size of the room. A small design in a large room will be lost, while a large design in a small room will be overbearing.

Expense of Papering

The problem of expense is always one to consider in re-papering. In buying furniture, it is thrifty to buy a few pieces at a time and complete the plan gradually. The parallel does not hold in the case of wall paper. An actual economy can be had by having all the rooms done at the same time. This is because of the human factor of labour. The workman can prepare work for two rooms as quickly as for one. Further, there is time saved in not moving the men more than once. In addition to the financial consideration and the savings that would be made, there is also the enjoyment to be had in a complete wall papering job.

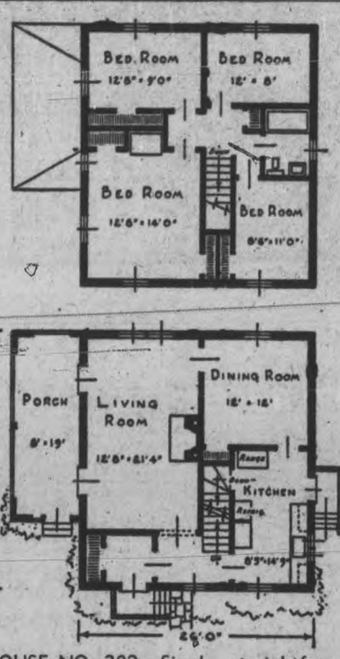
The question of when to buy wall paper is easy to answer. There is no waiting for anything to dry, no mess after the job is finished. Wall paper can be bought at any time. The job is completed when the workmen finish, and the house can be put in order as soon as they leave. No need to wait for dry weather or any particular kind of weather.

Spruces Up Rooms

When any room gets monotonous or dull, that's the time to buy wall paper. If several rooms are the same size, they can be individualized by interesting wall paper treatment, giving totally different impressions instead of box-like effects.

When you suddenly realize that you have accumulated a lot of nondescript furniture which you are not ready to replace, the use of modernistic wall paper can bring the rooms up to date at the lowest cost for refurnishing. Wonderful transformations of this kind beautifully revive "tired" rooms and restore interest in the home among all the members of the family.

When you find yourself with a room containing many unrelated colours, a good choice of wall paper will relate them by repeating them in its design. When your room is too dark, light, cheerful paper will correct this shortcoming.



HOUSE NO. 302—Single, straightforward lines are the first attraction when passing this house. It has dignity, with an unmistakable touch of Regency about it. The hip roof is red, shutters are black, and the walls are grey cedar-grain shingles. An examination of the plan reveals that the house is basically almost square; having a depth only 2'6" more than its width. Although the stairs to the second floor are centred, the entrance is off-centre, overcoming the objection many have to looking up a long flight of stairs when entering a house. There is a good vestibule with coat closet. Many will like the big living room with its open fireplace in the middle of the long inside wall. French doors lead to the screened porch at the side. The kitchen arrangement is broken by doors, but this work room is bright, and has a good service entrance. There is easy access to the front door as well. On the second floor are four bedoroms and a well placed bathroom. For further information write Home Building in Canada, 372 Bay St., Toronto.

Run Over By Tractor

TORONTO, May 14 — (CP) — Five-year-old Mickey Cooper was brought to the Hospital for Sick Children from North Bay Friday night in serious condition with a depressed skull fracture. The boy fell from a tractor on his father's farm in the Red Bridge district, near North Bay, and rear wheel passed over his head. He was brought to Toronto by Dr. Jack Fry of North Bay.

20,000 Buyers Attend

LONDON, May 14 — (CP) — More than 20,000 overseas buyers had visited the British industries fair when the mammoth trade exhibition, covering nearly 1,000,000 square feet of floor space in London and Birmingham, closed its doors Friday night. The total number of overseas buyers last year was about 16,000.

To Lift Restrictions

TORONTO, May 14 — (CP) — Restrictions on the use of electricity for interior store lighting will be lifted Monday, it was announced Friday by Robert Saunders, Ontario Hydro chairman. Previously-ordered curtailments in the use of electricity for show windows, advertising signs, parking lots, service stations and theatre marquees will be continued. These are in force between 7 a.m. and 6 p.m. on week days.

Biologists Try To Save Trout

AUGUSTA, Me., May 14 (AP)—United States Fisheries Biologists are looking to Maine for help in reviving the diminishing whitefish and trout fisheries in the Great Lakes.

Richard E. Reed, Sea and Shore Fisheries Commissioner, said Friday the United States fish and wildlife service is searching Maine tidal waters for a species of eel it thinks may help solve the trouble.

Since 1936, millions of sea lampreys—also a member of the eel family—have swarmed the Great Lakes, devouring trout and whitefish.

The annual catch of trout in the lakes dropped from 1,800,000 pounds in 1935 to 5,000 pounds last year, most of the 1948 catch bore scars of the lampreys suction cup mouth.

Dr. Alfred Pearlmutter of the United States Fish and Wildlife Service believes the "elver" eels that come into Maine waters from the sea in spring will feed on the lamprey's spawn in the small streams where the lampreys go to lay eggs.

CANADIAN CLUB OFFICIALS — The annual ball of the Washington Canadian Club held recently attracted many prominent Canadians and former Canadians now residing in the US capital. Included were Mrs. Tomas Cajigas, left, who comes from Snow Road, Eastern Ontario, vice-president-elect of the club, and Mrs. John Lucker, formerly of Vancouver, and president-elect of the club. This Wardman Park Hotel photo shows the two discussing the event.

Red Cross Big Help

TORONTO, May 14 — (CP) — Civil defence co-ordinator Maj.-Gen. F. F. Worthington said Friday the Red Cross Society is in a position to "render Canada a service unequalled by any other organization." He told the society's annual meeting that civil defence planning in a disaster in Canada would be dependent to a high degree on the Red Cross, the St. John Ambulance Association, amateur radio operators and transportation associations.

Mrs. N. Wilson New President Of Apsley WI

APSLEY, May 14 — (ENS) — Apsley Women's Institute held its 21st annual meeting at the home of Mrs. Sid McCauley Thursday evening.

Treasurer's report showed $151.38 on hand. The year's work included serving dinner to those who attended the district annual here, members and husbands to celebrate 20th anniversary, catering for wedding reception—presentation of a play on 3 occasions, stork shower for an English war bride, who is a member, sponsoring of oratical contest, donating prizes to girl and boy at School Area Field Day. Dr. Fred Froud of Red Cross (Junior) dental coach spoke at one meeting. Dr. J. C. M. Fetterly spoke at another meeting on cancer and K. Birkin spoke on betterment of schools at another meeting. The Institute entertained Chandos and Paudash branches in November.

Decline To Reoffer

Mrs. C. Smith, who has been president for some time, declined re-election.

Officers for 1949—50 were named as follows: — President, Mrs. N. Wilson; 1st Vice-President, Mrs. Sid McCauley, 2nd Vice-President, Mrs. Chesel McColl; Treasurer, Mrs. Rol Tucker; Secretary, Mrs. W. Lean; District Director, Mrs. C. Smith; Branch Directors, Mrs. McIlmoyl, Mrs. Hales, Mrs. R. Harvey, Marion Roberts; Conveners of Standing Committees: Agriculture, Mrs. F. McFadden; Citizenship, Mrs. R. Tucker; Community Activities, Mrs. C. Smith, Historical Research, Mrs. S. McCauley; Home Economics, Mrs. Martin Reddick; Health and Social Welfare, Mrs. T. H. Lean; Publicity, Mrs. W. Lean; Song leader, Mrs. Herb Tucker; Auditors, Mrs. M. C. Tucker, Mrs. W. Tucker.

Lof's Doing In Town

(Continued from Page 5)

groups. There is a music study group, the Home Arts Guild, Literary Study Group, Art Study Group, Guild of Arts and Crafts and a studio program which covers a wide field with programs usually arranged by one of the other groups of the Association.

The Music Teachers Association is another whose meetings usually include a program of music.

Both indoor and outdoor sports are high on the list of leisure time occupations. Close on 100 hockey teams operate in Peterborough every winter from OHA senior "B" right down to such circuits as the Industrial and the Peterborough Minor Hockey Association. There are 12 to 16 teams affiliated with the OMHA—the church, school, shop league and so forth and the coaches are often priests, ministers and teachers.

Baseball has a senior club and usually has intermediate and junior clubs also affiliated with the OBA as is the City Baseball League. Players go from peewee age upwards and altogether some 400 boys perform in the diamond game.

Softball has a large following in both the girls' and men's leagues under lights at the East City Bowl. And there are many minor teams operating in church, school and factory, etc.

Lacrosse has grown in popularity in recent years with some 500 boys now playing from youngsters to senior "A" affiliated with OLA.

Basketball is the big winter game at the YMCA, YWCA and Collegiate with some 18 or 20 teams playing indoors before crowds of enthusiastic supporters.

The council is fully aware of the importance of athletics in Peterborough; parks are made available and money is raised whenever possible to encourage sport.

In the Recreation Commission, the city is fortunate in having an authoritative body which offers support to every type of project for the development of leisure time activities.

A rough estimate of the number of speeches, addresses, talks, or whatever name is given to them delivered each year in Peterborough is 5,000. This figure can be broken down as follows:

Speeches to church groups,	2,000
Sermons	1,800
To YW and affiliates	350
To YM and affiliates	350
To fraternal societies, etc.	200
To Service Clubs	200
To professional and special groups	100
Total	5,000

Five thousand speeches a year in a city of 36,00 people seems a lot, but even so, 5,000 is probably too low an estimate.

Held For Killing Child

HAZELTON, Pa., May 14. — (AP).—A 26-year-old child psychologist, who police say admitted beating her 15-month-old son before his death because she feared he was developing a "freudian complex," sobbed Friday: "I'm sorry it all happened." Mrs. Martha Woodson Kalwaic is charged with murder in the death of her son, Henry Charles. Police Chief Steve Mavrilla said Mrs. Kalwaic, in a statement told of slapping the little boy after deciding he had formed a "freudian jealousy of his sister," Karen, 2½

ENTHRONE METROPOLITAN—Dignitaries of the Church of England from all parts of the Dominion attended the installation ceremonies at Kingston for Most Rev. John Lyons, the Archbishop of Ontario. Here Archbishop Lyons appears in his robe of office standing before the altar in St. George's Cathedral.

Mother Prefers Jail

LONDON, Ont., May 14 (CP)—A mother of three children went to jail rather than promise Juvenile Court Judge Donald Menzies she would send her nine-year-old daughter to school. Judge Menzies remanded the woman in custody for a week after convicting her of a charge of keeping her child out of school. The woman said she kept the girl home for "protection." She said she was afraid of her husband whom, she claimed, had twice struck her and also had threatened her life.

LIGHT WOOD

Balso is one of the lightest commercial woods in the world.

Lots Of Variety In Candidates

By The Canadian Press

ST. JOHN'S, Nfld., May 14. — (CP).—There is almost certain to be a full slate of Liberal and Progressive candidates for Newfoundlanders to choose from in their first Provincial election May 27.

There are 28 seats for 25 electoral districts. Dual districts are Harbor Main-Bell Island, chiefly noted for iron production, St. John's East and St. John's West.

Premier Smallwood, Liberal leader now on a 200-speech campaign tour of the island, will contest the district of Bonavista North against James M. Way, Progressive Conservative.

Mr. Way replaces Wilson Hubphries, first named to contest the seat until he was found ineligible under the residence requirements of the Election Act.

The C.C.F. is not entering the fight. Four Labor officials are in the joust under the banner of the Progressive Conservatives.

Criticism of the financial terms of union is a major plank in the Progressive Conservative platform. Mr. Drew and Mr. Mews, provincial leader of the party, have said repeatedly that the tax-provisions of the agreement would be reviewed should their party take power.

Baron Awarded $3,000

TORONTO, May 14 — (CP) — An assize court jury Friday awarded damages of $3,000 to Sam Baron, Canadian director of the United Textile Workers of America (CIO), who sued another union official for libel and slander. The jury found Val Bjarnason, Ontario organizer of the Textile Workers of America (AFL), guilty of referring to Baron as "the bosses' hatchet man," and a "stool pigeon" for big textile companies in the United States.

✧ ✧ ✧

Mr. and Mrs. A. E. Stewart of Norwich, Norfolk, England, arrived in Peterborough on Wednesday. They were met at Port Hope by their daughter, Mrs. W. J. Goodswan, and their grandson John, 6½, whom they had not seen for nearly three years. Mr. and Mrs. Stewart will be guests of their daughter and son-in-law at their home, 302 Mason avenue, Brookdale, until September. During this period they will also visit Mrs. Stewart's brother B. J. Goodswan, in Toronto.

✧ ✧ ✧

Birthday Celebrated

David Johnson, son of Mr. and Mrs. G. W. Johnson, Donegal St. celebrated his fourth birthday on Thursday. A large party of playmates were invited to the party. Games were played on the lawn and afterwards they sat down for eats. Centre of attention was a large birthday cake topped by four candles. Guests were Sandra and Jimmy Clancy, Diane Foley, Anne Marie and "Red" Burke, Diane Heron, Linda Anne and Brenda Lee Cockerill, Dorothy Johnston, Douglas Phillips, Donny and Teddy Heintzman, Gord McLaughlin, Billy Woodcock, Bobby Woods, Bobby Hamblin, and Alan Williams.

H and S News

The Grove Home and School Association met Wednesday evening in the kindergarten room. Mrs. F. Sanders presided for the business period, when it was decided to hold the annual school picnic on the grounds on Wednesday, June 15. Mr. J. Barnard and Mrs. S. Whitfield were appointed to look into the cost of purchasing pictures for the school. A treat will be given to the winning room in the scrap iron drive.

Mrs. E. Drury rendered two pleasing solos, and little George Duncan, a pupil of the junior room, sang "O Mother of Mine."

The annual reports were presented by the different officers and conveners; and Mrs. W. Higgins and Mrs. F. Sanders brought reports from the convention in Toronto.

Mrs. L. Richardson was present to install the new slate of officers and spoke briefly on the duties of a good member. The following officers were installed: president, Mrs. F. Sanders; vice-presidents, Mrs. E. Drury and Mrs. S. Whitfield; recording secretary, Mrs. D. Keene; corresponding secretary, Mrs. Neis Foster; treasurer, Mrs. H. Bowler and executive members, Mrs. E. McKinstry, Mrs. W. Wood, Mrs. W. Sheppard, Mrs. H. Johnston and Mrs. K. Johnston.

To commemorate Mother's Day Mrs. W. Hargraves presented roses to Mrs. Yates, the youngest mother present; to Mrs. W. Sheppard, the oldest mother, but not a grandmother; to Mrs. B. Johnston, the youngest grandmother; to Mrs. A. Patterson, the oldest grandmother; to Mrs. Commrie, the oldest lady present; to Mrs. K. Dowdall of the teaching staff; to Mrs. L. Richardson, guest of the evening representing council, and to Mrs. F. Sanders, the president.

Mrs. W. Hargreaves expressed appreciation to the guest artists and to Mrs. Richardson.

The meeting closed with the King with Mrs. E. McKinstry presiding at the piano.

Mrs. J. Anslie and committee served lunch of sandwiches, tea and cake. Mrs. Neis Foster made the cake, which was beautifully decorated and dedicated to our Mothers and cut by Mrs. A. Patterson. Mrs. K. Dowdall moved a vote of thanks to Mrs. J. Anslie and committee for their splendid work during the year.

Name Mrs. Wand President Presbyterial WA

NORWOOD, May 14 (ENS)—The annual convention of the Woman's Association of the Peterborough Presbytery of the United Church of Canada was held on Wednesday in Norwood United Church. The theme of the convention was "The work of our hands establish thou it".

A leading feature of the convention was the challenging address given by Mrs. N. R. Fallis, vice-president of the Dominion Women's Council. At the morning session she answered questions put in the question box by members of the various associations and explained ways and means of overcoming difficulties. At the afternoon session she spoke on the subject "Advance, our Watchword." "The women of our church," said Mrs. Fallis, "must work and pray to win every other woman into the fold of Jesus.

Extends Welcome

Mrs. A. M. Weir, president of Norwood W.A., extended a welcome to the assembly and Keene W.A. conducted the morning worship service. The afternoon devotions were conducted by the W. A. of St. Andrew's Church, Peterborough. Rev. E. E. Pugsley, of Norwood, conducted a service Pugsley.

Solos were rendered by Mrs. of Holy Communion.

Greetings were brought from the W.M.S. Presbyterial by Mrs H. Rehill and from the Peterborough Presbytery by Rev. E. L. Winslow of Millbrook, Mrs. Bert Robson of Trent River, Mrs. G. A. Spicer of Millbrook, and Mrs. H. Doig of Peterborough.

Mrs. J. Londerville of Knox Church, Peterborough, conducted a short memorial service for those members who had died during the year.

New Officers

New officers for the coming year were installed at the close of the convention. They are:—President, Mrs. E. Wand; Past President, Mrs. P. I. Bentley; First Vice-President, Mrs. J. Allen; Second Vice-President, Mrs. T. E. Rath; Third Vice-President, Mrs. G. Harris; Recording Secetary, Mrs. C. Bell; Corresponding Secretary, Mrs. G. Seabrook; Treasurer, Mrs. F. Horton.

Surprise Party For Manager

A surprise going-away party for Mr. and Mrs. H. I. Gorrell, organized by the staff of Beaver Lumber, was held on Thursday night at the Recreation Hall, Burnham's Point. Present were the staff, their wives and friends.

Mr. Gorrell, manager of the Beaver Lumber Co., has been transferred to Windsor where he will open a new branch. F. G. McGavin, the new manager, and Mrs. McGavin were welcomed by Frank Macklin.

Following is a list of the staff, wives and friends: Mr. and Mrs. H. I. Gorrell, Mr. and Mrs. F. G. McGavin, Mr. and Mrs. E. Dummitt, Mr. and Mrs. D. Grant, Mr and Mrs. F. Macklin, Mr. and Mrs. E. McGregor, Mr. and Mrs. E. Godfrey, Mr. and Mrs. Wm. King, Mr. and Mrs. W. Packer, Mr. and Mrs. W. Allen, Mr. and Mrs. L. Mahood, Mr. and Mrs. Hughie, Mr. and Mrs. McFadyen Mr. William Allen, Mr. Robert Rowsell, Mr. Stan Clarke, Miss Bishop, Mr. R. Godfrey, Miss Gertrude Young, Mr. Ed Scott, Mr. John Plumpton, Miss Isabel Carveth.

Out-of-town guests were: Mr and Mrs. J. Barr, Beaver Lumber, Belleville, Mr. and Mrs. C. Loucks, Beaver Lumber, Napanee, Mrs. E. H. Whelpley, Winnipeg Manitoba.

FOR A WHILE THERE SEEMED to be a question of who would get the mop—the people who owned it or the robin who built a nest on it. But the Columbus, O., family moved away and left the mop. So Mrs. Robin is all set. And she even has the blessings of the new tenant, Mrs. Ralph Kaminsky.

Mother And Daughter Tea Held By Girls Of PCVS

For the second year the Girls Athletic Association of P. C. V. S. on Thursday held a Mother and Daughter Tea in the school gymnasium. About 250 were in attendance. Mothers were presented with pansy corsages as they entered and were graciously greeted by five hostesses Mary Braund, Mary Craw, Betty Jacquith, Barbara Laurie and Elizabeth Rowell. Tea was served by the form representatives of the G.A.A.

A demonstration of exercises was given by girls from form 10 c, and 10 d and the "Sword Dance" was presented by girls from AC 12 dressed in plaid skirts and capes. Awards were presented by Principal Browne to the winners of inter-house competition in basketball, and the Jun-Junior, Intermediate and Senior Junior,, Intermediate and Senior Athletic Leaders received bars and the swimmers of the school got recognition.

As tokens of appreciation to the two P.T. teachers, Miss Bell and Miss Fenner were presented with engraved compacts by Barbara Lawrie, president of the G.A.A., and necklaces by Dorothy Penhall and Wilma Watson, captains of the Junior and Senior COSSA teams respectively.

The gym was decorated by the Art Department under the capable supervision of Miss V. MacVannel. Brightly coloured streamers were hung producing a false ceiling effect under the balcony. Large replicas of various spring flowers hung all around the gym.

Music was provided by Eleanor McGee.

Mary Braund was the convener for the tea with the following committee: Nancy Mason, Betty Jacquith, Marilyn McInroy, Nancy Rowell, Marian Brown, Irene Nichols.

CGIT Doings

MARK STREET AND MURRAY STREET

The two groups, Mark St. and Murray St., held a joint weiner roast this week on the banks of the canal. After enjoying a rousing game of baseball they had supper which was concluded by the baking of "twisters," glorified tea biscuits filled with jam, which gave the girls the opportunity to display their culinary ability over a campfire.

Marion Pogue and Blanche Quinn, leaders of the Murray Street group, led in the singing of camp songs, before the meeting closed with Taps.

At a recent meeting of Mark Street, Joan Krogh, representative to Camp Council in 1948, spoke to the girls about camp and led them in a sing-song and games.

✧ ✧ ✧

TRINITY

Mrs. George Hill was hostess to the girls of Trinity at her home on the Port Hope Highway when Joan Hastie, vice-president, presided.

Camp was the theme followed throughout the meeting and Joan Krogh read a selection from camp "Morning Watch" for her worship meditation and it was concluded by the singing of the camp hymn, "God Who Touchest Earth With Beauty."

A letter received from the Canadian Council thanking the group for their donation of used clothing, was read by the Secretary, JoAnne Watson.

"The Campers," a skit depicting the fun to be had while at camp was enacted by Helen Lancaster, Marie Woodgate, Betty Crowe, Dorothy Woodcock, Joan Krogh, Margaret Smith, Dorothy Robbins, Barbara Latchford and Marion Eagleton.

The highlight of the meeting was Joan Krogh's description of her experiences at Camp Council and Senior Camp last year, Joan was so enthusiastic about camp life that many of the girls are planning to attend Camp Kawartha this year. With this in mind, arrangements were made to have a sale of home cooking on the market, Beverly Hutton, Joan Krogh and Barbara Latchford being in charge.

Before the close of the meeting Dale Nicholls thanked Mrs. Hill for her kindness in opening her home and for serving delicious refreshments.

✧ ✧ ✧

GEORGE STREET

Carol McKenie reported that the Mothers of the girls were guests at their meeting this week. Shirley Pritchard, Marion Outram and Jane Jarvis conducted the worship service. The remainder of the evening was spent playing games and lunch was served before the party broke up.

Parent-Teacher Association Is Organized

A review of his varied experiences with problem children and parents in social service work was given on Thursday in an address by the Most Rev. Gerald Berry, Bishop of Peterborough, to the Parent-Teachers' Association of St. Peter's Parish. It was the May meeting of the Association held in the K. of C. Hall.

The newly-organized association includes parents and teachers from both St. Peter's and St. Mary's Schools.

Bishop Berry cited cases of child behaviour which revealed the fact that lack of maternal affection had been responsible for the trouble. He gave an account of child clinics in which children were kept under observation. The children gradually improved after home conditions were corrected, he said.

The pesident W. J. Cunningham occupied the chair. Bishop Berry opened the meeting with prayer. A very interesting and informative report on the Convention and inaugural meeting of the Federation of the Catholic Parent-Teachers' Association of Ontario, was given by the delegate Mrs. J. F. O'Brien. The chief resolution of the Parent-Teachers' Association was as follows: "That the Parent-Teachers' Association go on record as being opposed to the sale of horror and crime comic books in Ontario." This resolution to be forwarded to the Attorney-General of Ontario.

Fifteen boys from Grade three of St. Peter's School entertained the audience with three vocal numbers.

Miss Anne Szammers, an honour pupil of St. Cecilia's Convent, played two piano solos, "Rustles of Spring" by Sinding and "Valse-Arabasque," by Theodore Lack.

Jackie Loucks' piano solo was greatly enjoyed.

A promising young orator, a fourth year student of St. Peter's High School, Jack Kennaley, delivered a five minute speech, "It's Great to be a Canadian."

The Rev. P. Butler expressed his gratitude to all those who had assisted in making the meeting a success.

E. J. Boland, convener of membership committee, welcomed many additional members.

At the conclusion of the meeting a buffet luncheon was served by Mrs. D. Embery, convener and the members of the social committee: Mrs. H. Crowley, Mrs. Collins, Mrs. A. Fair, Mrs. Ferren, Mrs. G. O'Brien, Mrs. Max Glover, Mrs. W. Cunningham, Mrs. J. Ouimet, Mrs. Pearson, Mrs. Anthony and Mrs. G. Baker.

THE ENGAGEMENT has been announced of Mabel Vivaline Mae Hockaday, Reg.N., only daughter of Stanley Hockaday of Lakefield and the late Mrs. Hockaday, to Morris Harold Telford, son of Mr. and Mrs. Gratton Telford of R.R. 1, Peterborough. The wedding will take place at Lakefield United Church, June 4, at 2 p.m.

Feted At Shower

LAKEFIELD, May 14—(ENS)—Miss Margaret Pegg, whose marriage to Archie Cameron takes place on Saturday, was guest of honor at a kitchen shower held at the home of Mrs. W. O'Brien Thursday evening.

Paul O'Brien, arrayed as a bride, with halo of poinsettias, drew a gaily decorated wagon into the living room laden with red and white kitchen utensils for the bride-elect.

Lunch was served by Mrs. O'Brien assisted by Mrs. W. Killoran, Mrs. W. Jessup, Misses Joyce Hutt, Nancy Moffat, Doris Henry, Eleanor Jessup and Eleanor Sterling.

Among those who attended were Mrs. E. Craig, Mrs. Walter Killoran, Mrs. Harvey Stabler, Mrs. E. Wright, Mrs. K. Lichty, Mrs. R. E. Sutton, Mrs. W. Croft, Mrs. D. Weaver, Mrs. R. Mathews, Mrs. R. Bratten, Mrs. N. Moffat, Mrs. E. Foster, Mrs. W. Jessup, Mrs. K. Jenkin and Misses Doris Henry, Eleanor Jessup, Eleanor Stirling, Joyce Hutt and Nancy Moffatt.

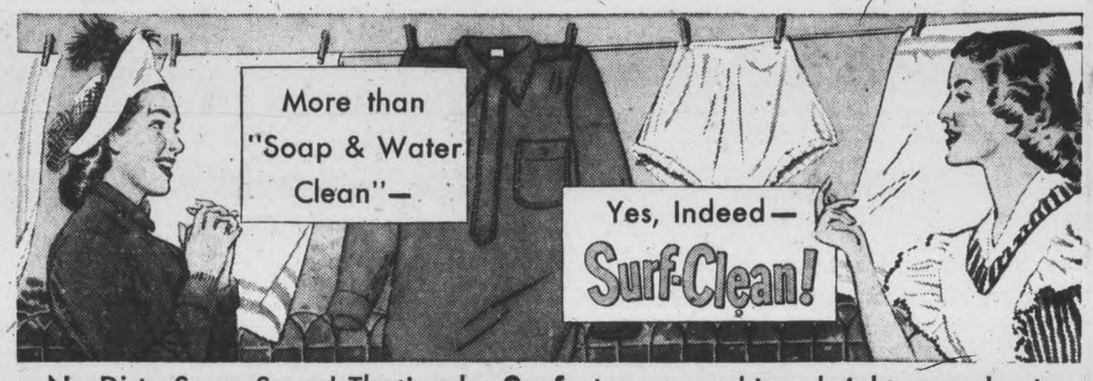
YOU'LL BE PROUD OF A Surf-Clean WASH



No Dirty Soap Scum! That's why **Surf** gives you whiter, brighter washes!

YOU can't get clothes clean if there's dirty soap scum in tub or washing machine. That dirty scum sticks to your wash, and no matter how hard you work you can't get it out.

Surf licks dirty soap scum—licks it in tub, washing machine or dishpan. Watch the water drained from the washing. You'll see that Surf licks that dirty scum—and you'll be amazed at your SURF-CLEAN wash. Get a big, blue box of Surf today. It's at your dealer's now.

Surf licks *Dirty Soap Scum*— even in Hardest Water!

GIVES MORE SUDS! | KEEPS CLOTHES WHITER!
GIVES FASTER SUDS! | KEEPS COLORS BRIGHTER!

Scum-free **Surf** *suds give the* CLEANEST WASH!

Of Interest to Women

DOROTHY DIX

Selfish, Neglectful Parents Cause Many Delinquents

DEAR MISS DIX: I am a young girl, but I am old enough to understand life and I am writing to tell you why we bobby-soxers are in such a hurry to get married. It is because of our parents. They don't know how to bring us up right, or to make a good home for us, and all they think about is going to the taverns and drinking. We children know this and are ashamed of our parents.

Dorothy Dix

Then our fathers and mothers fight with each other and accuse each other of awful things and say words that children should never hear. Do you call this a good life for teen-agers? Why don't our parents have some consideration for us and help us plan out our futures? We don't want to be ashamed of our fathers and mothers. We want to be proud of them. We want to love them and have them love us in return. We want parents who stay at home at nights instead of running around.

Older people think the younger generation is crazy because we marry so young. We do it because we want settled homes and somebody to guide us. Most of us don't get them, but that's what we crave. It isn't the teen-agers who are at fault, Miss Dix. It's the parents.

A TEEN-AGER WHO HAS A ROTTEN LIFE BECAUSE OF HER PARENTS.

✧ ✧ ✧

ANSWER: Read it and weep, for nothing in the world is more pitiful than the children who have parents, but who never know the blessing of having real fathers and mothers. They are poor little waifs, whether they are the children of millionaires or paupers. "Parenthood is the greatest responsibility that any human being can assume and to renege on this is the crime of crimes.

Parents Wonder

Yet thousands upon thousands of parents turn their children over to hirelings to be reared, or let them grow up on the street with less training than they would give a puppy. And then the man who has been so absorbed in making money that he hardily knows his children by sight, and the woman who has been too occupied with her social affairs to keep track of what her daughters are doing, wonder why their children have turned out so badly.

Yet the answer is always the same. It is the parents' fault when their children go astray or are failures in life. It is the parents who are too selfish, too pleasure-amd to take the trouble to form their children's characters who are responsible for their youngsters' misdeeds.

✧ ✧ ✧

DEAR MISS DIX: I am a girl of 16. My ambition is to be a secretary in a big firm. My hobby is the piano, but I don't want a musical career. My father says that a secretary doesn't get paid enough money and that I should make a career of my music. My question is this: Who should plan my career, my father or me?

A GIRL

✧ ✧ ✧

ANSWER: You cannot make a success of a career unless you put your heart in it, so the decision should be yours. But don't delude yourself into thinking that it will be all play and no work to fit yourself to be a secretary in a big business firm. Before you have gotten to be "our invaluable Miss Smith," or Miss Jones, who commands a big sala a hard hour.

Your father, however, is wrong when he thinks there is more money in a musical career than in a business one. It is true that the great musical artists command large salaries, but the average musician makes no fortune.

✧ ✧ ✧

DEAR MISS DIX: Is it not cutomary for a married woman to wear her wedding ring? Our daughter-in-law has a nice wedding ring, but she never wears it. I may be a sentimentalist, but if my wife did not wear her wedding ring I would be greatly hurt. No matter what my daughter-in-law's excuse is about the ring, it is not valid.

A GRIEVED FATHER-IN-LAW

✧ ✧ ✧

ANSWER: The general belief is that a wedding ring is part of the wedding ceremony and is sacrosanct. I have known many women who have never taken taken their wedding ring off since it was put on their fingers by their husbands.

However, it seems to me that you are taking the matter too seriously, and if your daughter-in-law is allergic to her wedding ring, it isn't worth starting a family feud over it.

✧ ✧ ✧

DOROTHY DIX cannot reply personnally to readers, but will answer problems of general interest through her column.

London Express Service.

POCKET CARTOON

"Suppose, Ivan Ivanovitch, that some terrible mistake had occurred, and we were to find that we'd hung up the portrait of the retiring Hero of the Soviet Union and thrown away his successor ! !"

Opportunity Class Work Described

An address on the Junior Opportunity Class was given to the Trinity Scout and Cub Mothers' Auxiliary on Thursday night by Miss Cora Bailey. She spoke at the May meeting of the Auxiliary which was held at the home of Mrs. Frank Jobbitt, Monaghan Rd.

Miss Bailey, referring to her work with the Junior Opportunity Class, said that by praise and individual attention her pupils were progressing and making useful articles in wood and leather.

A piano solo by Gloria Gardner was enjoyed by the members.

The auxiliary decided to obtain about 200 copies of "Cubs Sing" (the cub song sheet.) Mrs. Norman Elliott, president, was in the chair for the business portion of the evening.

Refreshments were served by the hostess assisted by Mrs. E. Robinson, Mrs. H. Dinsdale, and Mrs. R. S. Hutton.

Gourley-Cross Wed In Kingston

Morgan Memorial Chapel, Queen's University Kingston, was the scene of a quiet wedding when Sara Elinor, daughter of Mr. and Mrs. William B. Cross, of Brockville became the bride of Alden Learned, son of Mr. and Mrs. Dawson Gourley, of Peterborough.

The Rev. Dr. W. E. L. Smith officiated and during the ceremony traditional organ music was played by Miss Ruth Bell.

The bride wore a street-length frock of turquoise blue crepe styled with cap sleeves, square neckline and a full skirt below a deep inset of eyelet embroidery. Her hat was white and she wore long white lace mitts. Her only ornament was a strand of pearls. She carried a nosegay of pink sweet peas stephanotis and baby's breath.

The bridesmaid, Miss Bernice McGarvey of Kingston was gowned in a street-length frock of pearl grey taffeta, with matching halo hat and loganberry accessories. She carried a nosegay of red roses, white carnations and narcissi.

Mr. Robert Jones of Toronto was groomsman. The reception was held at the Y.W.C.A., where the bride's sister, Miss Jean Cross and the groom's mother and father received with the bridal party.

Miss cross was in a navy gabardine suit with navy hat and accessories, and the groom's mother wore a bolero style frock of navy crepe and a navy flower trimmed hat and navy accessories. They both had corsages of pale pink carnations.

The happy couple spent their honeymoon in Ganonoque and will reside in Kingston.

Coral are animals.

LEGAL

42—Legal Notices

I, KENNETH R. HEWITT, METHODS Man, Canadian Central Electric 223 Prince Street, will not be responsible for any Debts contracted in my name by my Wife, Ruth Vera, on or after this date, May 10th, 1949.— K. R. Hewitt.

Notice to Creditors

IN THE ESTATE OF GEORGE NEWCOMBE GORDON, DECEASED

All persons having any claims or demands against the Estate of the said George Newcombe Gordon who died on or about the 22nd day of March, 1949, are required on or before the 14th day of June, 1949, to send their claims duly proven by statutory declaration to the undersigned executor of the said Estate.

AND TAKE FURTHER NOTICE that after the last mentioned date the executor will proceed to distribute the assets of the said deceased having regard only to the claims of which he shall then have notice, and the said executor will not be liable for the said assets or any part thereof to any person or persons of whose claim notice shall not have then been received.

Dated at Peterborough this 12th day of May, 1949.

W. B. GORDON,
Barrister, Solicitor,
Peterborough
Executor.

Notice to Creditors

IN THE MATTER OF THE ESTATE OF MARGARET JULIA CALCUTT, Late of the City of Peterborough, in the County of Peterborough, Spinster, Deceased.

NOTICE is hereby given that all Creditors and others having CLAIMS against the Estate of the said MARGARET JULIA CALCUTT, who died on or about the 10th Day of December, 1947, are required to send to the undersigned Solicitor for the Executrices of the said Estate on or before the 30th Day of May, 1949 their names, addresses, and full particulars of their Claims duly verified, and that after such last mentioned date the said Executrices will proceed to distribute the Assets of the said Estate among the parties entitled thereto, having regard only to the Claims of which they shall then have received notice.

DATED at Peterborough, Ontario, this 30th Day of April A.D. 1949.

HATTIE LEVINA DOUGHERTY,
LETITIA GEMMELL,
Executrices,
By P. D. SCOLLARD,
147 Hunter Street West,
Peterborough, Ontario.
Their Solicitor herein.

Notice to Creditors

IN THE ESTATE OF ALEXANDER POTTS, Farmer, Deceased.

All Persons having CLAIMS against the Estate of the above-named Deceased, late of the Township of Manvers, in the County of Durham, who died on or about the 10th Day of July, 1948, are hereby notified to send to the undersigned Executors, on or before the 26th Day of May, 1949, their names and full particulars of their Claims. Immediately after the said date, the Estate will be distributed, having regard only to the Claims of which notice has been received.

DATED May 2, 1949.

EARL ARGUE and EARL FALLIS, Both of the Township of Manvers.
J. C. N. CURRELLY,
3756 Water Street
Peterborough, Ontario
Solicitor for the said Executors.

TOWNSHIP OF DOURO
NOTICE

All Persons contemplating the Altering or Construction of any Building in the Township of Douro, must first secure a Building Permit from the Building Inspector.

Any Person who fails to obtain a Permit and observe the Regulations of the Building By-laws is liable to the Penalties in accordance with the Building By-laws.

W. F. BELL,
Building Inspector.

Would End Partition

DUBLIN, May 14.—(Reuters).—Prime Minister John A. Costello of the Republic of Ireland said Friday night "we can without firing a shot, exercise such power behind a well-organized movement as will inevitably bring partition between Eire and Northern Ireland to an end" "Britain is sabotaging her own defensive system by the policy she is pursuing," Costello told a demonstration attended by about 100,000 persons. They gathered to protest the Ireland Bill, given second reading in the British House of Commons Wednesday.

Aly Khan To Wed Actress May 27

CANNES, France, May 14—(AP)—Rita Hayworth and Prince Aly Khan will be married May 27, a source close to the couple said Friday. Their friends have received invitations for the date but few details could be learned.

Rita, the Hollywood movie star, and Aly Khan, heir to riches and the spiritual leadership of the Ismaili Moslems, were not at home at the Prince's Chateau de l'Horizon near Cannes.

It is rumored the wedding will be at the Chateau de l'Horizon. But under French law marriages must be performed in the city hall, and the official registration book used to record the ceremony must not leave the city hall. French legal authorities say perhaps a special dispensation could be issued by the President of the Republic, but such dispensations are extremely rare.

Aly Khan's chateau is in the village of Golfe Juan, which falls under the administration of the Town of Vallauris. The mayor of Vallauris is Paul Derigon, a Communist whose regular occupation is that of an accountant at a pottery factory. If the ceremony is performed in Aly Khan's home district, Derigon would be called on to officiate.

Rita ordered her trousseau some time ago from Jacques Fath, Paris coutourier. Details of the gowns have been kept secret. One worker at the Fath salon said Rita had given strict orders that no outsider should see or hear about her wedding gown.

The newspaper France Soir, however, said it had learned the gown will be pale blue silk—"the color of glaciers"—with a very full skirt and her hat will be the same color.

UAW Director Refuses To Run In Election

WINDSOR, May 14 — (CP) — Tom McLean, assistant regional director of the United Automobile Workers (CIO) Friday night issued a statement saying that he is not and never has had any intention of being a candidate for office in the coming federal election.

McLean said the political action committee of Ford Local 200 U.A.W. used his name in a public statement without his permission.

The Ford local's political action committee had released a letter to "all labor leaders" stating that they could not recommend CCF candidate Archie Cherniak in Essex West "so it was felt that two labor leaders should be drafted to run" in Essex West and Essex East. The choices recommended were McLean and Roy England, president of the local.

Will Deliver Talks In 16 Ontario Cities

OTTAWA, May 14—(CP)—M. J. Coldwell, national CCF leader, and Premier T. C. Douglas of Saskatchewan will deliver political addresses in 16 Ontario cities during the federal election campaign.

After completing his Maritime tour May 21, Mr. Coldwell will speak in Belleville May 24. Other stops: Brantford, May 25, Windsor May 26, Hamilton May 27, Timmins and Kirkland Lake, May 29, North Bay May 30, Toronto May 31, Sault Ste. Marie, June 1, Port Arthur and Fort William June 2.

Premier Douglas will speak in Oshawa June 6, Galt and Kitchener, June 7, Hamilton, June 8, Toronto, June 9 and 10, St. Catharines and Welland, June 11.

Say 1,000 Rotarians To Attend Convention

NIAGARA FALLS, Ont., May 14 (CP)—More than 1,000 Rotarians from Canadian and United States villages, towns and cities will meet here for three days starting tomorrow, in the annual convention of the 169th Rotary district.

There are 43 clubs in the zone with a membership of 3,150. Main event will be the governor's ball, Monday evening. W. A. Calder, Woodstock, is district governor.

Will Investigate Voting Rules

TORONTO, May 14—(CP)—R. H. Saunders, chairman of the Hydro-Electric Power Commission of Ontario, said Friday he had been asked by employees on some of the commission's construction projects to investigate reports that they could vote in the June 27 Dominion election only in their home constituencies.

He said in an interview the Dominion Election Act provides that a person is not eligible to vote in a constituency he enters temporarily to engage in federal or provincial public works. However, he said that most Hydro construction projects are financed by the commission, not by the government, and should not be regarded as provincial public works.

Largest project is at Des Joachims in the Ottawa River in Renfrew North constituency. He had instructed the commission's legal department to prepare a brief on the question for Jules Castonguay, chief electoral officer, and the department of justice.

Some projects in Northern Ontario would be regarded as provincial public works, Hydro acting as "trustee for the government in the construction," said Mr. Saunders. He mentioned the tunnel project near Thessalon as the largest of these.

5 To Receive Special Degrees

OTTAWA, May 14 (CP)—Honorary doctorates in laws will be conferred on five persons by the University of Ottawa at a convocation June 5.

Those receiving the degrees will be:

C. P. McTague of Toronto, a member of the university's board of regents and a former Ontario Supreme Court justice; Judge H. Adelard Fortier of nearby Hull, Que.; Rev. J. W. Laverdiere, member of the council of Laval University, Quebec; Jacques Greber, noted French architect who drew up the plans for an expanded national capital area and Aurelien Belanger, former professor of the university.

Ex-Halifax Mayor Owns Most Of Paper

GLACE BAY, N.S., May 14. — (CP).—An effusive ex-mayor of Halifax today owned most of the Weekly Glace Bay Star and for the first time in half a century this coal town has no newspaper.

Sale of the Star's equipment to J. E. (Gee) Ahern and suspension of operations were announced yesterday

The Star was born six months ago when the Gazette, Canada's only Labor daily, ceased publication.

The Gazette started its career as a weekly in 1901. The U.M.W. bought it in 1942 for $20,000 but in 1948 could afford to run it no longer

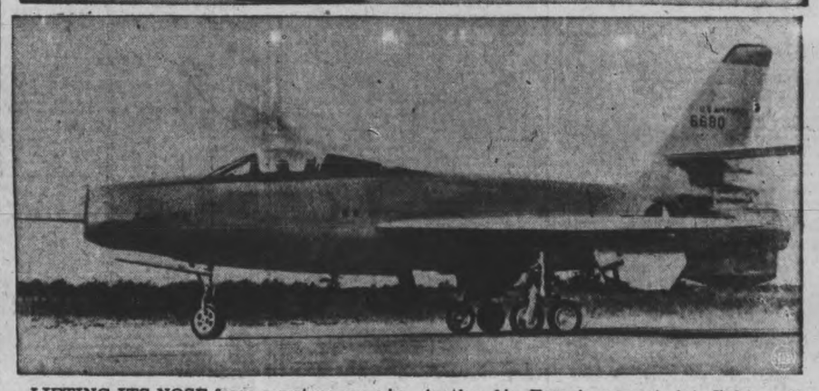
The Union sold the paper for $20,000 to a group of employees headed by Editor Stephen McCormack. Last Jan. 15, Mr. McCormack announced cessation of operations as a daily due to increasing costs and worn-out machinery which could not be replaced except at heavy expense.

The Star continued the Gazette's policy as a primarily-union publication. It highlighted union and political stories for Cape Breton's coal miners.

13-Cent Rides

PHILADELPHIA, May 14 (AP) —More than 3,000,000 users of Philadelphia Transportation Company facilities paid 13 cents today for a trolley ride—the highest fare in the history of the city. The boost was from 10 to 13 cents.

KNOWN TO MILLIONS of Russians at Kyra Petrovskaya of the Moscow Theatre, Russian war bride of Mrs. Elliot Shirk, of New York, volunteered to broadcast over the Voice of America. She wants to "tell the people of Russia the truth about America." Married in 1946 and in US. about two years, Mrs. Shirk added, "This is par[illegible]." State Department officials are considering her offer.



LIFTING ITS NOSE from a wet runway in Baltimore, Md., after a remarkably short run take-off, the U.S. Navy's first jet-powered patrol plane, the Martin Mercator, top, gets airborne. Noted for its high rate of climb, the swift, hard-hitting plane can fight its way into and out of the tight places. Below is the Air Force's newest jet fighter, the Republic XF-91, after completing tests at Muroc Dry Lake, Calif. The plane is powered by a turbojet and will also have rocket motors, not yet installed, for accelerated take-off and climb and for operation at high altitudes.

Scotty Muir Wins In Main Mitt Go

CAMPBELLFORD, May 14 (ENS)—Piped into the ring by Harold Spencer, 106-pound "Scotty" Muir of Toronto, won by an unanimous decision over Gil Geekie, 108 pounds, of the same city in the main event of the amateur mitt show in Davidson's Arena Friday night. The card was sponsored by the Rotary Club and the proceeds are for community service work.

The Runion boys, Mike and Norman of Campbellford, opened with three rounds of clever boxing. A draw decision was popular with the 700 cheering fans. Reg. Lavack, Toronto, got a split decision over Carl Wright of the same city. "Kid" Bradley of Peterborough, lost to Ritchie Watt, Toronto, in a closely contested bout.

There was booing galore when Jackie Devine announced that Vern Merritt of Toronto had taken the bout from Ken Lawson, of Peterborough, by a split decision. The local boy, "Bud" Runions defeated Bruce Deacon of Toronto and Bill Green, Trenton, lost to Don Anderson of Peterborough.

Aldo Winner

The judges handed Frank Morris of Toronto, the decision over Ray Deshane Trenton. In the semi-final, Aldo Caravaggie, a clever mitt artist from Peterborough, won by a technical K. O. near the end of the third round from Bill Merritt of Toronto.

Bill Brady, president of the Rotary Club, welcomed the officials and boxing fans and the master of ceremonies, Jack Devine of CJBQ radio station, Belleville, was introduced by H. J. Taylor. Mr. Devine introduced matchmaker Vic Bagnato of the Diamond Boxing Club, Toronto, and Referee Jackie Dugan of Peterborough. The judges were Tom Gilibrand and George Free, and Kenneth and George Free, and Kenneth Kingston acted as timekeeper.

The special lucky draw made by Hon. W. A. Goodfellow, was won by Willena Duncalfe of Campbellford. She has the choice of an air expense week-end trip to New York City or the equivalent of $150 in cash.

Fish Defeat

(Continued from Page 10)

en minnows swam into its beam. This man was fishing with a minnow, and seemed to think that a minnow on a hook was as attractive to a pickerel as a minnow swimmingly freely. But he thought that for that night a plug was better.

"A fellow on the far bank has caught three already, using a plug", he said.

"Three in the twenty minutes since midnight?"

"Oh, no. He caught 'em all before 12".

"In the four minutes' grace the police allowed?"

"No. He's been over on the other side, out of the limelight. He's been at it for an hour".

So this reporter still sticks to his story that the first pickerel of 1949 caught at Lock's Bridge was hooked at 12.14 a.m.... officially hooked, that is.

Victory For Fish

Rain began to fall about one o'clock after several earlier sprinkles, so the reporter decided to go home, lacking a pole and a desire for moist midnight fishing. On the way back along the bank he spied the fisherman with the rod as long as a telegraph pole. The man still seemed to be out of luck, though as several others agreed, he was a first-rate fisherman.

On the way out to the road the reporter encountered another non-fishing observer, who was new to this country and had gone down to see how Peterburians fish for pickerel. His comment on the total visible catch was, "Well, the fishmongers won't be out of business tomorrow". Which was another way of saying that the night's victory went to the fish, not to the fishermen.

Irish Barrister Ends Practice

By DON GILBERT.

LONDON, May 14 — (CP) — The 78-year-old doyen of Irish barristers in London handed out his last legal opinion.

White-bearded Alexander Martin Sullivan, the King's Sergeant-at-law, declared himself an alien.

Then he announced he has given up his law practice.

Sullivan held that when Eire declared herself a republic all Irishmen living in Britain became foreigners. And he warned fellow-Irishmen holding public office in this country that they lay themselves open to penalties under British law.

In addition to ending his law practice, Sullivan said that as an alien he is disqualified from continuing as a King's Counsel and from holding an office of His Majesty's Sergeant-at-law, an ancient legal office now obsolete. Sullivan was the last of the sergeants.

He was the central figure in many famous cases and played a prominent role in Irish affairs. During the First World War he defended Sir Roger Casement, the Irish conspirator who was hanged for treason.

Sullivan particularly warned Irish-born members of Parliament of the pitfalls of their present constitutional position.

And his views were supported by Erskine May, authority on parliamentary practice

"An alien is disqualified both by common law and by statute for membership of either House of Parliament," May said. "... There are heavy penalties for sitting or voting when disqualified, and these are recoverable at the instance of a common informer."

ORIGINATED IN ENGLAND

The turnip was first cultivated in England in 1724.

From CGE Mail Boy To Works Accountant

COBOURG, May 14.—Now seated between two desks in his own office, prematurely gray Charles Cowling, Works' Accountant of the C.G.E. here, recalls the day in 1926 when he first started at Peterborough Works

Twenty - three years ago, "Chuck," as he is familiarly known, started as a mail boy. After six months of delivery service he was transferred again to the Department as a clerk. In 1928, he was transferred again nto the Accounting Department. He has kept company with ledgers, figures and adding machines ever since. In January of last year, he was named Works' Accountant at Cobourg.

The first few weeks of operations in Cobourg were calculated at Peterborough by Mr. Cowling. During the erection of the building Mr Cowling audtied the accounts of the construction company.

County Farm Notes

By HARRY THEOBALD

Women Of Zone 4 Of The Ontario Federation Of Agriculture Meeting Here Friday, May 20th — Peterborough County Forest Increased This Spring By 20,000 Trees — Second TB Test In Peterborough Is Begun.

Mrs. Fred. M. Rutherford, Campbellford, secretary of provincial women's committee of the Federation of Agriculture, announces zone meeting Friday, May 20, at 2.30 p.m. in the office of the Department of Agriculture, Peterborough.

The zone comprises the counties of Victoria, Durham, Northumberland and Peterborough.

"This meeting is for all women interested in agriculture, and is sponsored by the provincial women's committee," Mrs. Rutherford writes. "We are planning to integrate the work of all rural women, and this general project is being undertaken in the five provincial zones of the Federation.

Mrs. C. A. Campbell of Packenham, members of the executive of the Ontario Federation, is coming to Peterborough and will be the main speaker. She is also the eastern women's representative on the Canadian Federation, and is quite well known among the women of this district who are active in Federation work We are hoping for a large attendance of rural women from the Peterborough area. Key women in the four counties have been requested to stimulate interest and attendance at this meeting. It is an opportunity for our women to extend their acquaintance among our members and thereby to strengthen the women's section of the Federation."

PRIZE PASTURE PROGRAM

George Simpson, a Guernsey breeder of Skylinevue Farm Wallingford, Conn., won the first prize of $500 for the best pasture program last year among nearly 2,000 competing farmers of New England.

His program included 36 acres of Ladino-grass (mostly orchard grass) mixtures; 17 acres of alfalfa; seven acres of spring seeded oats and alfalfa; seven acres of barley and oats, planted about Aug. 1, and 26 acres of permanent pasture.

The Guernsey Breeders' Journal, published in Peterborough, N. H., comments that the total of 93 acres may appear too much for 55 head of pasture-age Guernseys, but, in addition to more than six months of grazing, sufficient hay for 70 head is obtained from the same area.

The only other forage crop on the farm is 16 acres of silage corn.

"It is obvious that this cropping system includes variety, flexibility and balance. All of the fields, excepting the permanent pastures, may be either pastured or mowed, or both, during the six months season. The earliest grazing (April 23, in 1948) was provided by the orchard grass in one of the several Ladino clover-orchard grass pastures. With the aid of the permanent pastures, the Ladino fields carried the herd from early spring to July, when May seeded oats were ready to supplement the lessening growth of grass and clover. In late July and August. Ladino and alfalfa fields, cut for hay in June, were grazed if needed for pasture in 1948.

In previous years, pasturage was insufficient in September, a month when alfalfa should not be grazed or mowed. To fill this expected deficiency in 1948, an old stand of thin alfalfa was plowed and seeded in late July to barley and oats. In October, when the growth of all crops was slow, the 17 acres of third cutting alfalfa provide a large part of the necessary pasture.

Mr. Simpson's plan of fertilizing uses as much as possible stable manure reinforced with superhosphate. In addition, a few tons of complete fertilizer and muriate of potash were bought. That this fertilization has been adequate is shown by the fact that one excellent stand of Ladino clover is nine years old."

CAMPBELLFORD CALF CLUB

Boys and girls of the Campbellford area have reorganized their calf club with Mel Merrill president; Jean Rennie vice-president and Billy Petherick secretary. Other members reported by Ralph Banbury, agricultural representative, are: Jim Forestell, Claire Lisle, Milton Hennessy Bob Lisle. Bob Merrill, Archie McCook, Ruth Milne, Harriet Fry and Gerald Fry. Several others are expected to join. This club is usually strong and active in its membership, and Mr. Banbury reports that prospects look bright for this season.

GRASSLAND MEETINGS

Chairman of all Grassland Day committees are meeting Tuesday evening May 17 in the office of the Department of Agriculture Progress reports are expected, and there will be a grassland film.

+ + +

THE COUNTY'S FOREST

The county forest along the Belmont - Dummer border has been enlarged this spring by the planting of 20,000 white and red pine, and some spruce.

Peterborough came into full possession of this property in March on receipt of the deed from the Crown through the Departments of Lands and Forests. Meanwhile, plans for permanent care and supervision have been slowly advancing, more or less in pace with the slow changes of the trees themselves.

The reforestation committee of the county council has completed the house on the property that was built for a resident manager Raymond Rogers of Norwood was appointed to that new post, and is in occupation of the building.

John McColl of Asphodel, chairman of the committee expressed a wish this week that more of the farmers of the county would visit the forest this season and get acquainted with their investment and property.

"We have had a case of trespass, but there was a measure of misunderstanding about it on the part of a man who had obtained in some deal a deed of part of the property," Mr. McColl said. "It was actually registered, although the county held the Crown deed for the whole area I was very hesitant about what action to take, because I think some 50,000 feet of timber was cut in the last three years.

You don't like to stir up too much fuss in those circumstances Finally, I asked the Department in Toronto for their advice, and they said they would look after it. Of course there is no question about our title. That is all clear. and we have a man on the place to look after the forest. The more I see of it, the more I am satisfied that the county council did the right thing in acquiring the property. It is increasing in value every year, and with a program of planting to help nature it will be quite a place some day."

Some county branches of the Federation of Agriculture are equipping picnic grounds for summer rural affairs. That idea suggests that Mr. McColl's committee might build a picnic table or two in some suitable part of the forest, and thereby offer more encouragement to Peterborough groups to visit the estate.

IN CROPS WORK

Walter B. Reynolds of Port Hope, son of the late Dr. J. B. Reynolds, has been appointed to the field staff of the crops, weeds and seeds branch of the Ontario Department of Agriculture. Decline in health last year forced him to give up farming. Beginning June 1 he will act as part time field man, teaming up with Ken Fallis who will divide his activities between field work and head office duties.

+ + +

SECOND T. B. TEST

The second general T. B. test of Peterborough county's herds of cattle has been begun by Dr. G. R. Penhall. The first test under the restricted area plan was carried out here in 1938, and should have been repeated within a few years at least, but the demands on the Health of Animals branch and the wartime conditions held up the work.

Dr. Penhall has two assistants, one beginning in Otonabee and the other in North Monaghan. Progress will necessarily be slow as Dr. Penhall has the accredited herd work on his hands and is unable to give more than part of his time to the T. B. testing.

WELCOME I. F. A. PARTY

Brant and Norfolk Federations of Agriculture are planning a welcome for a party of foreign agriculturists coming to the International Farm Associations assembly in Guelph. Reception will include a dinner, visit to the Massey-Harris plant and several other places in interest.

Brant Federation has appointed seven delegates as observers to the conference on the four days that are open to visitors. Ivie McClure and Mrs. George Weir are also going as directors of the Ontario Federation of Agriculture.

+ + +

MOVE TO COLISEUM

Ontario Crop Improvement Association's convention next January will be held at the Coliseum at Exhibition on Park in conjuction with the Retail Farm Equipment Dealers' Association. This switch from the King Edward Hotel is for the advantage of larger quarters to display exhibits of seeds, machinery and other educational features. Fruit and vegetable growers are also transferring their convention to the same place that week.

BREEDERS HONORED

Long time production record awards were presented at the social evening of the Holstein Breeders' Association Wednesday night. Recipients were: Coughlin Brothers, Elmhurst Brothers, Will Seymour on the good cow he sold to Hugh Ormiston, Stuart Nelson, Matchett Brothers, Norman McConkey and Joseph T. Tully.

As president of the association, Mr. Tully was chairman. Winner of the most prizes at the county Black and White Day at Lakefield Fair, we received the 1948 premier Holstein breeder banner which was presented by Mr. G. A. Brethen of Norwood.

Mr. Brethen said he liked to recall his first meeting with Mr. Tully as a junior member of a local boys calf club. A car of calves had been obtained for the boys who drew lots for the animals which became their charges in the club competition and also their property.

"Some boys" Mr. Brethen said, "might have been content with the calf received under those conditions, but it was typical of Mr. Tully that he was not satisfied with that way of starting out to build up a herd. It was not long until he made a selection of his own, because he wished to have the best animal he could afford."

That course was characteristic of Mr. Tully, Mr. Brethen said, and it explained very largely the fine success that had marked the success of Mr. Tully among the ranks of the Holstein breeders of this province. Mr. Brethen congratulated the Peterborough breeders on the friendly spirit with which they carried on the competitions of the Black and White Day. They appeared to be all for one and one for all, and that cooperation and good natured rivalry accounted for the success of their association and all the events which they undertook.

Miss Mary Wood, daughter of Mr. and Mrs. Stanley Wood won the brief case prize that was given for the best work in the local club last year. The presentation was made by G.K. Fraser.

The program included the Paul Brothers of St. Mary's, singing comedians, with their sister as accompanist. The evening was concluded with refreshments and a dance. The Holstein members decided to forgo their annual dinner during the winter, and substituted the social assembly which was held in the auditorium of the nurses residence at St. Joseph's Hospital.

+ + +

13 HERD IMPROVEMENT GROUPS

Thirteen dairy herd improvement associations have been organized in nine counties of the province. Others are organizing, according to a report of the live stock branch of the Department of Agriculture.

Four or five farmers of this area have signed applications, but the requirements call for not fewer than 24 and not more than 26 members. Department officials have stressed the point that this is a service depending on the initiative of farmers. If they want it, they have to organize their own group. Membership is restricted to grade or mixed herds.

The details have been outlined in these columns. Herd testing began in the first groups May 1. It may be too late now for action before summer, because instructors have to take a short course before being assigned to an organization, and it is understood that the last course is about to begin, and this training will be suspended until September.

SEYMOUR HOG CLUB

Fred Rutherford is leader of a boys' hog club as a commercial feature of the Campbellford Agricultural Society. The plan is have the member boys secure a pair of hogs at once and feed them until the Campbellford fair. Judging will be on a bacon basis. Boys will keep a record of costs, and will gain practical experience in care and feeding. John O'Rourke is president, Archie McCook vice-president, and Vincent Forestell, secretary.

Other members are Milton Haig, Gordon Curle, Kenneth Matthews, Clairie Lisle, Mel Merrill, Joe Forestell, Bob Lisle and Jim Forestell. Other boys of the Campbellford area are asked to get in touch with Mr. Rutherford.

ARREST WIFE IN BANCROFT SHOOTING

Tornado Blitzes Amarillo 4 Dead, 65 Hurt, Veterans' Homes Damaged

Report Hailstones Large As Man's Fist Add To Havoc In Capital, 45 Planes Wrecked At Big Airport

AMARILLO, Tex., May 16—(AP)—A skipping, whip-sawing tornado chewed up a four-square-mile area in Amarillo last night, killing four persons. About 65 were injured. It was the first destructive tornado in the 62-year-old history of this "panhandle" capital of 102,000 people. Although many sections of Amarillo were hit, the tornado's most destructive blow fell on the southern area dotted largely with new homes of veterans. A near-cloudburst—and hailstones as large as a man's fist added to the damage.

The dead were identified as Mrs. Lois Martin, 30; Eva McPherson, 56; George McPherson, 67; and Mrs. Charles Maserang.

First reports from an ambulance driver that 25 to 50 persons might have died in the swift blow did not materialize.

One hospital had 34 known injured and another had 29.

45 Planes Destroyed

Louis Nordyke of the Amarillo Globe-News said officials at the Tradewinds Airport in Amarillo reported 45 planes were destroyed and that two hangars were flattened. Damage there alone was estimated at $200,000. Nordyke said Massey Harris, biggest farm implement dealer in the Panhandle, reported another $200,000 damage.

Tornadoes hit elsewhere in the Panhandle but the damage at places except Amarillo was believed light.

It was suddenly still, just before the twister hit, then it was as though there was a great explosion.

Maury Teague, a reporter for the Amarillo Globe-News, said most of the houses were levelled.

"My father was sitting in a chair holding his 16-year-old dog when it hit," said Teague. "My father was not hurt. The dog was killed.'

"There was a chicken running around in the back yard of dad's house," said Teague. "The thing didn't have a feather on it."

Police Brutality Charges Heard In Court

SHERBROOKE, Que., May 16—(CP)—Preliminary hearing of conspiracy charges against 15 Asbestos strike leaders was delayed in court today while defence and crown lawyers sparred over the question of investigating alleged police brutality at the time the strikers were arrested.

Noel Dorion, special crown prosecutor representing the Quebec attorney-general's department, told the court that before the strikers faced preliminary hearing he wanted to clear up the charges of alleged police brutality.

To do this, Mr. Dorion said, he wanted the court to hear from police officers who made the arrests.

Jean Drapeau, defence counsel, objected to Dorion's request that police be heard but Judge Chasse said reports of police brutality had been given wide publicity during the week-end and it was "important" that the matter be cleared up.

He granted permission for police officers to be called and Sgt. Detective Ubald Legault, who arrested federation president Rodolphe Hamel, took the stand and said he had received definite instructions not to molest or even question Hamel or any other of the prisoners.

No Force Used

"No force was used," said the sergeant.

Mr. Dorion told the court that should it be proven there was no violence he felt warrants should be issued for the arrest of the authors of the week-end union statement.

The strike leaders scheduled for preliminary hearing were arrested during the week-end. Their arrest followed by 10 days the arrest of some 200 Asbestos workers May 6 after clashes with police at Asbestos where the strikers, by road blocks, sought to keep non-union workers from taking their jobs.

Rail Employees Seek 30% Raise

MONTREAL, May 16 (CP) — The Canadian Brotherhood of Railway Employees (CCL), today announced its intention of seeking a 30-per-cent wage increase for its 25,000 members when the present agreement with the railroads expires July 16.

The average railroad workers' pay at present is $1.09 cents an hour.

Frank Hall, chairman of the General Council of the International Brotherhoods which represent 140,000 workers, said the question of wages has not yet been discussed by his union.

Says Farmers Lose $50,000,000 In 1949

OTTAWA, May 16 (CP)—The National Dairy Council said Sunday night that Canadian farmers will lose more than $50,000,000 in purchasing power this year because of price decreases in dairy products. In a statement by its president, J. H. Duplan, the Council said the dairy industry was piling up surpluses of evaporated milk, milk powder, butter and cheese and other products at an "alarming rate."

Ford Promises To Aid Federal Peace Effort

DETROIT, May 16 — (AP) — The strike-crippled Ford Motor Company, where hardly a wheel now turns with 100,000 men idle, promised "all possible assistance" today to any federal peace effort.

On the 12th day of the tie-up however, Ford indicated an adamant stand against union demands, declaring it would resist "to the utmost."

President Henry Ford II gave a qualified approval to government intervention as the strike's cost in wages and production increased to an unofficially estimated $50,000,000.

Ford asked Cyrus S. Ching, head of the United States mediation service, to "weigh carefully" certain factors other than the strike itself before he stepped into the dispute.

WHEN THE FAMILY of Petrus Berger, formerly of Holland, reached Montreal, Canada gained 15 new citizens. With Mr. and Mrs. Berger arrived 13 of their 14 children—only a daughter stayed behind. In this photo the happy family is lined up on the steps of the plane that brought them to their new home—in chronological order. All were happy, but three-year-old Hendrica, right front, thought the sun was just a little too strong.

Eisler Extradition Hearing Adjourned Until May 24

LONDON, May 16—(AP)—A magistrate in Bow Street court today adjourned until May 24 a hearing on whether Communist fugitive Gerhart Eisler should be extradited to the United States. The hearing on the United States request began shortly after Eisler arrived at Bow Street Court from Southampton. He claims asylum in Britain as a political refugee from the United States.

The court refused a motion by Eisler's lawyer that he be permitted to go free on bail.

The bespectacled 52-year-old Communist had been ordered earlier by a Southampton magistrate's court to show cause in Bow Street why Britain should not send him back to the United States to face a jail term for perjury.

Four Polish diplomats were at the court when the car with Eisler arrived. Polish Ambassador Jerzy Michalowski has a date with foreign secretary Bevin later in the day to protest because Scotland Yard men lugged the squirming Eisler from the ship.

The 52-year-old Communist, who jumped $23,500 bail and

EISLER EXTRADITION (Continued on Page 2, Column 6)

Russians Want Strasser Back

BERLIN, May 16—(Reuters)—Russian authorities in Germany plan to bring Otto Strasser, former Nazi leader, back to Germany from Canada to lead a pro-Soviet Nationalist movement, the British-licensed newspaper, Montags Echo, says today.

Strasser, who broke with Hitler in 1930 and subsequently fled into exile, has lived on a farm near Bridgetown, N.S., for the last five years. Last March he said he had applied to authorities at Ottawa for permission to return to his homeland to lead a "rally of German democratic forces." The application was refused.

Montags Echo says "Otto Strasser already had very close links with Moscow before 1933 when he was leading the 'black front' (anti-Hitler Nazi organization.)"

Eastern Zone Rolls Up Big Vote For Berlin Reds

BERLIN, May 16 (AP)—Eastern zone Communists today were reported rolling up a huge "ja" vote to give Russia a German "government" at its back before the Paris Big Four Conference.

Communist - controlled news agencies said there was a 60-per-cent vote turnout yesterday, first day of two-day balloting for a "people's congress."

The percentage presumably will be much higher by the end of voting tonight—and virtually solid "yes" for a single list of candidates carefully chosen by eastern-zone Communist-front organizations.

The "People's Congress" is expected to set up a government for Germany with great speed.

The Soviet Union thus will be able to go to the council of foreign ministers on German problems, due to open in Paris May 23, with a "government" balancing that now being formed in western Germany.

The Russians are expected to claim the regime represents all Germany.

Britain, the United States and France banned voting for the "People's Congress" in their zones.

However, Communist committees have selected about 500 delegates to represent the Western zones in the congress, which will have about 2,000 members in all.

The Soviet-controlled German agency reported 58.3 per cent of the citizens of east Berlin went to the polls yesterday and gave figures as high as 75 per cent for areas in the east zone.

There were reports here of threats against those who might vote "no," as Communist-led political group drove hard for a big turnout.

U.S. Threatened To Seize Liner

WASHINGTON, May 16 (AP) —The state department said today the United States had threatened action to seize the Polish liner Batory unless the master of the ship surrendered the fugitive Communist Gerhart Eisler to British authorities.

The department said formal notice was served on the ship's captain that unless he gave up Eisler when the Batory put into Southampton "the attorney general will proceed against the steamship line for foreiture of the vessel and other applicable penalties under United States law."

Eisler, German-born Communist leader who fled from the United States aboard the Polish ship, was removed forcibly from the Batory at Southampton Saturday.

Husband Says Bullet Just Misses

Shot Shatters Window As Dogs Rouse Him, Couple Separated

BANCROFT, May 16—(ENS)—On a complaint of her husband that he was shot as he lay in bed early Thursday, Mrs. Jennie Belle Hannah is held by police on a charge of having an unregistered revolver.

Benjamin Hannah told police he was awakened by his dogs "kicking up a rumpus". He said that when he raised his head to look out a window, a bullet broke the glass, passed through a pillow near his head, and buried itself in the wall behind him. Acting on his report, police went to the Bancroft house where Mrs. Hannah was staying, searched the place and found and unregistered revolver. She was taken to Belleville to await trial.

The Hannahs are legally separated. Announcement of their separation was made in April. They are a middle aged couple. Hannah is a farmer about two miles from here. He told police the disturbance outside his house occurred about 2 a.m. Thursday when the barking of his dogs aroused him. He reported the alleged shooting on Friday.

It was said here that disagreements between the couple ended in their separation.

Say 500 Indians May Decide Vote

LITTLE CURRENT, May 16 — (CP)—The result of the Manitoulin Island liquor vote today may rest with 500 Indians who are not permitted to purchase or consume liquor.

The ballot will decide whether the Canadian Temperance Act will remain law on the island or be replaced by Ontario liquor legislation.

Chief Isaac Bebamash of West Bay has said there are 500 votes among the island's 1,900 Indians because almost all men of military age had served in either the first or second world wars.

"It is unanimous among us that we will vote against the Canada Temperance Act," he said. "It has been a curse to the Indian people."

Many Indians are going without food and clothes, he said, because they pay exorbitant prices for liquor. Cheap wine worth 50 cents is sold for $3, whiskey for $10 a bottle and beer for $12 a case.

$300,000 Fire Destroys Church

QUEBEC, May 16—(CP)—An inquiry was ordered today by Fire Commissioner Emile Boiteau into a $300,000 Sunday morning blaze that left St. Vincent de Paul Church in ruins and damaged adjoining buildings including a school and hostel for poor children.

Rev. Emile Fournier, director of the institution which included church, school and hostel, said he thought a cigaret butt may have been responsible. Cure Gaston Pontbriand offered a similar theory.

The fire left 300 school children without classrooms in one damaged wing while 32 priests and brothers belonging to St. Vincent de Paul order, and 83 boarders were left without shelter.

Thousands of Quebecers watched fire-fighters battle the flames and a number of spectators suffered minor injuries.

Quebec city fire department first aid attendants reported that 53 firemen and spectators were treated for minor injuries during the day-long blaze which brought a general alarm. None required hospital treatment.

The fire came just after hundreds of parishioners had walked out of eight o'clock mass.

INJURED BY BLAST

BELLEVILLE, May 16—(CP)—Nine-year-old William Creighton, son of Mr. and Mrs. Charles Creighton of Flinton is in critical condition in Bellevile hospital as the result of a dynamite cap blast.

Cracksmen Get $4200

WINDSOR, May 16—(CP)—A total of $4,200 in cash, cheques and credit cards were stolen today by cracksmen who smashed open the fireproof cabinet used as a safe at the head office of the Supertest Petroleum Corporation. Approximately a year ago the same safe was cracked and $3,800 in cash and cheques taken.

Nationalists Beat Off Shanghai Attack

SHANGHAI, May 16 —(AP)—Nationalist defenders today still held Shanghai's sea and air gateways despite heavy Communist attacks. In far away central China, the Hankow area was left open to the Reds.

A Shanghai garrison communiqu said the Communists had been beaten back around Woosung, fortress guardian of the Whangpoo river outlet to the sea.

Nationalist evacuation of industrial Hankow, the "Chicago" of China, and neighboring Wuchang was announced by the government's central news agency. Hankow is on Yangtze's north bank, Wuchang on the south more than 400 air miles southwest of Shanghai.

(A Canton dispatch said there still was telephone communication with Hankow early today. There was no report that Communist troops had entered Hankow.)

In the Shanghai area, Red artillery hammered Woosung all last night.

Beaten back at Woosung, the Communists jabbed at Shanghai's defences at points several miles south near the Hung Jao airfield. The garrison said these thrusts also were beaten back.

(Commercial radio communication with the United States was broken off abrutly. At San Francisco, both press wireless and the Associated Press listening post reported the Shanghai transmitter handling traffic to the United States went off the air at 1:42 a.m. EDT. All Shanghai radio is handled through the Chinese government radio administration.)

The Nationalists' continued claim of success in the fighting around Woosung seemed borne out by the sound of battle. Artillery firing Sunday night was at a greater distance than the night before when at one time the fighting seemed to have penetrated into the environs of Shanghai around Kaignwan airfield, a half-dozen miles away.

Ship Sinks, Seek Crew

HALIFAX, May 16—(CP)—The United States Coast Guard cutter Owasco today was reported speeding to the rescue of the crew of the Danish motor schooner Edda who abandoned their ship after it sank in a roaring gale 200 miles off Greenland. The RCAF said here four U.S. Flying Fortresses from Greenland, Iceland and Labrador are aiding the Owasco in the search for the tiny boats in which the crew left the Edda.

Gunman Kills Youth 18 Wounds Second At Beach Weiner Roast

Humberstone Man Charged With Murder In Welland Today; Injured Man Grabs His Attacker's Gun

PORT COLBORNE, May 16—(CP)—George James Szendrey, 28, of Humberstone, today was charged with murder in connection with the moonlight beach-party slaying of Harold Snetzky, 18, and the wounding of Richard Joseph, 19, both of Buffalo, N.Y. Szendrey was charged in nearby Welland after the slaying on the beach near here Sunday. Joseph was in fair condition in Welland Hospital, but no effort has been made to remove a bullet from his chest.

Investigators said a man carrying a heavy-calibre revolver accosted the youths and two girls early Sunday as they were leaving a weiner roast attended by a group of young people from Buffalo, N. Y. They said the stranger fired upon the young men after announcing:

"I want the girls."

The first shot felled Snetzky as he stooped over to shake sand from his shoes. The second hit the crook of Joseph's arm and pierced the youth's chest at a downward angle.

The girls, Lydia Luisi, 16, and Geraldine Fiorite, 18, screamed with terror. But they had been the last of the beach party group to leave Pleasant Beach, seven miles east of here, and their cries brought no help to the lonely spot on the Lake Erie shore.

Ignores Victims

While Snetzky lay dying and Joseph writhed in pain, the gunman put the revolver in his belt, sat down on the sand and lit a cigarette. He puffed away, paying no attention to the moans of his victims.

The girls helped Joseph to his feet. As they did so, the gunman jumped up, threw away his cigarette and pressed his revolver against Lydia Luisi's head. He muttered:

"You girls come with me."

Joseph, bleeding severely, lurched toward the girls.

"You're not going to take them," he told his assailant. "I'm going with them."

GUNMAN KILLS

(Continued on Page 2, Column 4)

Tears Jail Apart Before Being Subdued

TORONTO, May 16 (CP) — Police said they had seldom seen such a strong man as Sigmund Wales, 34. Arrested here early Sunday, he tried to "tear down" the station house

Police said he ripped out pipes, unscrewed "T" joints and hammered six bricks loose from around the lock of one cell. Police subdued him, handcuffed him and placed him in another cell. Despite these deterrents, he managed to rip out another piece of plumbing.

He was then handcuffed with his hands through the bars. After two hours of struggling he gave in, was peaceful for the rest of the night.

Plan Food Pact Renewal If UK Sales Up

OTTAWA, May 16 (CP)—Harold Wilson, president of the United Kingdom Board of Trade, told a press conference today that renewal of the Anglo-Canadian food agreements in 1950 depended on United Kingdom sales in Canada.

To that end, the top-ranking British trade officer said: "We must not fail in our mission to increase exports to your country."

The UK, he added, would spend in Canada every dollar available for these food agreements which would mean more than $400,000,000 a year.

Mr. Wilson, on a three-week trade crusade in the Dominion, told 30-odd newspaper men that Britain, meanwhile, was discussing a one-year trade agreement with Russia.

As questions were fired at him on Anglo-Soviet trade, Mr. Wilson said one reason for his 20-day "plain talking" trade trip to Canada was to explain some of the "misconceptions" that have arisen because of Britain's purchases and sales behind the iron curtain.

The UK, he said, was not trying to sell any goods, which Canada may need, to iron curtain countries. British sales to the Soviet, Poland and Czechoslovakia were only a fraction of sales overseas.

During 1948, Mr. Wilson explained, the UK sold Russia only about $1,000,000 worth of goods. At the same time she sold "several hundreds of millions" to Canada and the United States.

Senator Murdock Dies In Guelph

GUELPH, May 16 (CP)—Senator James Murdock, 77, a one-time Liberal Federal Cabinet Minister, who represented Ontario in the Upper House since 1930, died Sunday night in a rest home here. He had been in poor health since December.

He rose from a trainman to become an authority on labor relations and railway law and in 1921 was chosen as Minister of Labor in the first administration formed by Mackenzie King.

He became a storm centre in 1933 when he was ousted from the Canadian vice-presidency of the Brotherhood of Railway Trainmen during a depression days wage dispute. He said he was blamed for not preventing a second 10-per-cent wage cut on Canadian railways.

Yugoslavia Believes West Has 5th Column In Europe

By RONALD PRESTON.

BELGRADE, May 15 (Reuters) —Has the west got a fifth column among east-European Communist parties?

Most people would probably reply "no" to this question; but the Yugoslavs believe the answer is "yes."

The Yugoslav authorities maintain, for example, that Trajcho Kostov, until recently Vice-Premier of Bulgaria and one-time Secretary-General of the Bulgarian Party, was an "imperialist spy."

Kostov, also in charge of the country's financial and economic affairs, was arrested early in April on charges of ignoring the party line and attempting to supersede the Prime Minister, George Dimitrov—who since has been granted leave of absence from his post to undergo medical treatment in Russia.

About 300 "high officials" from the government and party were arrested as sympathizers, Yugoslav authorities claim.

The Yugoslav authorities claim that this is only bluff and that all of them were, in fact, involved in an "imperialist spy plot."

The Yugoslav theory is that former Bulgarian police officers who escaped to Turkey and the west after the war told the inside story about Kostov "to foreign intelligence services who then made good use of the information."

Lazar Kolishevsky, Prime Minister of the Yugoslav Republic of Macedonia, has gone as far as to attribute the Cominform's new plan for an "independent and united Macedonia within a Balkan federation" to the machinations of western agents among Cominform Communists.

The plan involves the detaching of the republic of Macedonia from Yugoslavia and uniting it with terrorists inhabited by Macedonians in western Bulgaria and northern Greece.

Five People Injured In Head-On Collision

PICTON, May 16.—Five persons were injured here Saturday night in a head-on crash on Highway No. 14 near Waring's Corners. Most seriously hurt was Keith Robinson, 18, of Picton, driver of one of the cars, whose scalp was almost torn off in the crash. One eyeball was cut.

Three passengers in his car were also hurt. They were: Jack Hill, 23, deep face cuts; Laverne Smith, 21, and Cecil Wannamaker, 20, head injuries. All are from Picton.

Lewis Yott, 66, of Bloomfield Village, was not seriously hurt, but his wife, Mabel, had a broken rib and internal injuries and their daughter, Carolyn, 14, was treated for cuts.

TCA Denies Plan To Scrap Rolls-Royce Engine In North Star Aircraft

Newspaper Report Says Technicians Fail To Eliminate Various Failures Affectings 20 Planes On Atlantic, Home Runs

MONTREAL, May 16—(CP)—A Trans-Canada Air Lines official said today that T.C.A. definitely does not plan to discard the Rolls Royce Merlin, all-in-line engines powering the North Star aircraft. He added that T.C.A. has had no conversation with Canadian Pratt and Whitney Aircraft Co., Ltd., regarding a possible change-over to American-built radial engines. The official was commenting on a Toronto newspaper story from Montreal today which says that T.C.A. has been "secretly" planning replacement of the Merlin engine. The newspaper story added:

"Officials of Canadian Pratt and Whitney admitted to The Globe and Mail that an installation has been developed which will permit easy replacement of Merlins with American radial engines . . ."

The TCA spokesman said the Toronto story was "away off the beam."

Successful Aircraft

"The North Star is a successful aircraft," he went on. "There have been some minor difficulties — the same difficulties any new aircraft runs into. These have been overcome. Only minor problem we still face is reducing engine noise. At present, a new type of exhaust is being tested in our shop in Winnipeg.

"The North Star is one of the only three aircraft designs which have come into wide use since the end of the war on world airlines—the others being the United States DC-6 and Constellation. Both the DC-6 and the Constellation ran into much more serious problems than the North Star which caused their grounding for a time. So far, North Stars have not been grounded for any general mechanical difficulties.

"We intend to stick to the Merlin engines in the North Star, and we have had not conversations with Pratt & Whitney."

Secret Plan

TORONTO, May 16 — (CP)— A Toronto paper says to-day that "replacement of the Merlin engines in its North Star fleet has been secretly planned by Trans-Canada Air Lines, it was learned here from technicians at Dorval Air Base.

The story says:

"Continued improvement of the Rolls-Royce power plant, they stated, has not eliminated the various causes of failures which have affected every one of the 20 North Stars split between TCA's domestic and Atlantic divisions.

"Most of the failures to date have involved, at any one time, only one of the four engines on the North Star transport, leaving sufficient reserve of power to maintain safe flying. Constant replacement and maintenance cost, however, are reported to have caused extreme anxiety among the airline's top executives."

ROMAN SHORTHAND

An organized system of shorthand was developed and used by the Romans as far back as 63 B.C.

Say Missionaries Stay In China

OTTAWA, May 16 (CP)—Despite repeated warnings from the Canadian Embassy at Nanking, most Canadian missionaries in China plan to stick to their jobs regardless of the spread of Communism.

The External Affairs Department reports some 150 Canadians in the city—about half of them missionaries—have indicated they plan to remain.

Meanwhile, an estimated 100 persons, mostly missionaries of various denominations and already in areas under Communist control, continue their work with little or no communication with Canadian authorities.

The "warnings" from the Canadian Embassy were mild notices advising Canadians they should consider the advisability of not continuing their activities in North China because of the prospect of the spread of civil war and its effect on transportation and communications.

The Embassy estimates that about 550 Canadians are still in China and that "a large proportion" of these are missionaries. The total of 550 compares with an estimated 850 in China last November, but there is no indication of a further exodus on this scale.

Won't Train Troops To Fight Forest Fires

OTTAWA, May 16 — (CP). — Members of the Canadian Active and Reserve Armies will not receive special training in fighting forest fires although their services will be available in emergencies, it was learned Saturday.

Training and use of troops as forest fire fighters was suggested at a directors' meeting of the Sudbury and District Chamber of Commerce.

The Army feels it cannot spare the time to provide special training of that kind, but when the need arises troops and equipment will be available to help fight forest and other fires.

Fall Kills Baby

TORONTO, May 16 — (CP)— Ten-month-old Beverly O'Brien, a ward of the Children's Aid Society, died of a broken neck Sunday, minutes after she fell from a bed in the suburban North York home of her foster parents, Mr. and Mrs. Robert Fairlie. The child was playing on a bed when she fell to the floor. An inquest will be held.

Plants Pepper Local Market

Hothouse plants dominated the sales at the weekly Saturday morning market. All stands were selling their plants at the same price, 30c a box. In a few cases the plants were being sold in rows averaging 15c a row.

Among plants for sale were tomatoes, cabbages, onions, cauliflower plants. Newcomers to the market this year, celery and leaf lettuce. Pepper plants also sold at 30c a dozen. Petunias, pansies, marigolds, asters, larkspur, and stalks sold at 30c. Gladioli bulbs went slowly at three dozen bulbs for a dollar.

A small quantity of strawberry plants sold at 20c for a bunch of 20 plants. Black currant bushes sold at 25c and 35c depending on the size of the bushes.

The market in the hall was slim with only baking, chickens and eggs on display. Eggs sold at 38c a dozen for pullets, 40c for medium Grade A, and 45c for Grade A large. Oversize eggs sold at 48c a dozen, but slipped to 45c with the Grade A large. Chickens were being sold from 49c a pound to 55c a pound.

Fresh cut vegetables and fruit were scarce. A few bunches of onions went at four bunches for 25c. Asparagus went at two bunches for 35c.

Five puppies, mongrels, sold quickly at $2 each. They were being sold by two girls who called goodbye to each puppy as it left. The pups were four male and one female. The girls would not sell the female.

Cheese, Produce And Livestock

HOG PRICES

TORONTO, May 16 — (CP)— Hog prices not established yet this week in Stratford. Other markets unavailable.

BUFFALO LIVESTOCK

BUFFALO, N.Y., May 16—(AP) —Cattle 1,000, including seven loads native steers and nine loads Canadian steers and heifers; market not established to 10 a.m. for Canadians; beef cows 17.50-19.50; good dairy type heifers for slaughter 21.00-22.00; good weighty sausage bulls 21.00-22.00

TORONTO LIVESTOCK

TORONTO, May 16 — (CP) — Prices were steady on all grades of cattle in trading on the local livestock market this morning. Receipts reported by the Dominion Marketing Service were: Cattle, 3,000; calves, 300; hogs, 420; sheep and lambs, 20. The holdover from last week was 350 head.

Weighty steers sold for $20-$21.50 with a few choice going for $22.25. Medium to good light steers were $20-$21.50. Medium to good heifers brought $19.50-$21 Bulls were $16.50-$18.75. Fed yearlings brought $20-$22.50, and a few medium to good steers went at $18-$19.25.

Calves were firm at $23-$26 for choice vealers with a few tops at $26. Plain to medium lightweights brought $12-$20.

Hog prices were not established The previous close on hogs was $30-$30.25 for grade A and $29.60-$29.85 for grade B1.

Sheep were steady at $6-$13 according to quality. A few choice lambs brought $37.

WINNIPEG GRAIN

WINNIPEG, May 16—(CP) — Some nervous selling came into the market on Winnipeg Grain Exchange today, prompted by the possibility of showers in some sections of the west as disclosed by early weather forecasts. Support was not particularly aggressive. Trading was moderately active.

Prices were moving narrowly. Oats and barley attracted routine overnight shipper demand, and there were a few buying orders for rye.

10 a.m. prices:

Oats—May ¾ lower 78⅞B; July ½ lower 74⅞; Oct. ⅜ lower 70⅛B.

Barley—May ⅞ lower 1.17A; July ⅞-⅝ lower 1.09¾B; Oct. ¾-⅞ lower 1.00⅝B.

Rye—May ⅛ lower 1.32⅛B; July ⅜ lower 1.33¼B; Oct. ¾ lower 1.33⅜B.

Flax—May and July, not open.

Inspections: Wheat this year 314; last year 259; cars of contract 270; oats 95-19; barley 123-37; flax 25-6; rye 21-3; other grains 3-2; total 581-326.

FOUR-YEAR OLD MICHAEL BURMAN, son of the Lord Mayor of Birmingham, John Charles Burman, left, doesn't do anything by halves. When he heard that Princess Elizabeth, foreground, and the Duke of Edinburgh, right, were going to visit the British Industries Fair at Castle Bromwich, Birmingham, recently, he was determined to do his share to greet Their Royal Highnesses royally. As this photo eloquently attests, his deep bow commanded a highly appreciative audience.

Gunman Kills

Continued from Page 1

Snatches Gun

With his strength ebbing, Joseph snatched the gun from the attacker's belt and fired two shots. Both missed their mark, but served to rout the gunman. Joseph dropped the weapon into the sand. Miss Luisi picked it up and tried to shoot at the fleeing man, but the revolver jammed.

Thinking Snetzky dead, the girls helped Joseph to the party's automobile and the youth drove half a mile to a farmhouse from where police and a doctor were summoned. The youths were taken to hospital, where Snetzky died a few hours later.

Police said they found Szendrey in an upstairs bedroom of an unoccupied cottage near the scene of the shooting. They arrested him at gunpoint.

Suffers Spells

A veteran of four years in the Canadian army and winner of several sharpshooting awards, Szendrey was said to have suffered "spells." Friends said he had not been "himself" since his engagement to a Humberstone girl was broken three months ago.

His step-mother, Mrs. Elizabeth Szendrey, said she refused to keep him at her house after he was laid off from a flour mill. She said "I couldn't afford to keep him for nothing—he wasn't paying me any board."

He was taken in by Mrs. Charles Simons on condition that he help on her husband's farm and pay board later. She said the workers reported Szendrey acted strange Saturday afternoon that "his face swelled up and seemed to change color."

The man's step-mother didn't know about his arrest until she heard it on the radio.

Obituary

MRS. SARAH WOOD

KEENE, May 16—The death of Mrs. Sarah Wood occurred on Saturday evening at her home in Keene after a long illness. Mrs. Wood was born in Otonabee township 88 years ago and lived there all her life. She was a daughter of the late Richard Hope and Jane Lang. Mrs. Wood was a member of Keene Presbyterian church.

Predeceased by her husband William Wood she leaves two daughters, Mrs. Gerald Adamson and Miss Edith Wood of Keene and one son John Wood of Otonabee township. Also three sisters, Mrs. Bella Davidson, and Mrs. F. A. Eason of Otonabee and Miss Mina Moore of Keene, survive.

A private funeral service will be held on Tuesday at 2.00 p.m. from her late residence to Keene cemetery for burial. Mr. J. Greene of the Keene Presbyterian Church will be in charge assisted by the Rev. George Murray of the Keene United Church.

The Weather

Peterborough Temperatures:

Today:
Night low..38 Noon ...67

Yesterday:
Highest....64 Lowest..40

One Year Ago:
Highest....55 Lowest..40

There is little change in the weather pattern and most of Ontario will enjoy another day of fine weather. A persistent cloud sheet over the Lake Erie region gave a few sprinkles last night but there were no reports of any significant rainfall. Somewhat cooler air is edging southward over Northern Ontario and will reach the Georgian Bay area by Tuesday morning. But Southern Ontario will continue to enjoy above normal temperature and on Tuesday afternoon the thermometer should rise to between 70 and 75.

Lake Erie and Southern Lake Huron regions: Variable cloudiness and continuing warm. Winds light. Low tonight and high Tuesday at St. Thomas 54, 74.

Summary for Tuesday: Cloudy.

Western Lake Ontario, Niagara and Northern Lake Huron regions: Clear today becoming overcast tonight clearing again Tuesday morning. Continuing warm. Winds light. Low tonight and high Tuesday at St. Catharines 51, 54; Wingham 50,70.

Summary for Tuesday: Clearing and warm.

Sudbury, Southern Kirkland Lake, Southern White River, Eastern Lake Ontario, Georgian Bay and Haliburton regions: Clear becoming cloudy this evening. Clearing again Tuesday morning. Warm today, a little cooler Tuesday. Winds light. Low tonight and high Tuesday at Sudbury 35, 65; Earlton 30, 60; Muskoka 40, 68, Killaloe 38, 65, Trenton 47, 65.

Summary for Tuesday: Clearing and a little cooler.

stowed away on the Batory in New York while two prison sentences were impending against him in the United States, charged that he had been "kidnapped" and his rights as a political refugee "brutally" violated.

The embassy, in a statement, said it took a serious view of the whole occurrence, and is lodging a strong protest with the British Foreign Office today against what it regards as a flagrant violation of Polish sovereignty.

Poland Upset

The spokesman, who said the statement was issued after consultation with the Communist-dominated Warsaw government, declared Poland was especially upset at "the virtual commandeering of a Polish ship in British littoral (shoreline) waters.

Ensure Provincial Rights Promise of St. Laurent

By The CANADIAN PRESS

As Liberal and Progressive Conservative leaders today continued their political battle for the Maritime provinces, a third party—the CCF—moved in to contest the field. M. J. Coldwell, C.C.F. leader speaks today at Summerside, PEI, opening a five-day tour of Canada's eastern provinces.

Prime Minister St. Laurent moved out of Halifax Sunday night, just before Mr. Drew moved in.

Mr. St. Laurent, speaking in Halifax, criticized Progressive Conservative policies. He said the sole reason "for the attack of the Tory party on bureaucracy is that civil servants cannot defend themselves in public."

He said the Liberals were traditionally the "party of Provincial rights" and his government wanted a Dominion-Provincial relationship "which will enable all provinces, and not just Ontario and Quebec, to give their people the social services and other opportunities all Canadians desire. . ."

Striking members of the Canadian Seamen's Union (TLC), demonstrated in front of Mr. St. Laurent's hotel, but marched away without seeing the Prime Minister.

One of the highest aims of the Liberal party was "the widest possible distribution of the good things of life" and one of the best ways to do this was to ensure that the "great sources of tax revenues are not monopolized by two or three of the wealthier provinces." All provinces should benefit from exploitation of Canada's commercial and industrial opportunities and not merely those where head offices were.

Press—there were fears that any Socialist government would eventually establish a press monopoly but "certain recent developments in Toronto give some grounds to fear that a Tory government must be just as great a threat to the freedom of the press as a Socialist government."

Raps 'Snoopers'

Mr. Drew, speaking in Petitcodiac and Shediac, N.B., urged voters to "demand that this system of enforcing legislation by snoopers be put to an end."

He said "a' great part of the life of our people is no longer permitted to be the affairs of your elected representative."

He defended the record of his Ontario government at the 1945-46 Dominion-Provincial conference.

Great issues, said Mr. Drew, are involved in the election and one of the main ones is the question of whether Canada is to return to responsible government.

He mentioned the fishing industry and said the government recently had announced withdrawal of support from the herring industry. That, he said, was an example of the government's lack of business methods in dealing with the affairs of the people.

He criticized the government for making promises that were "death-bed" repentances". The government had made promises before the 1945 general election but "forgot" the matter it was over.

Need Housing Scheme

In Toronto Ontario CCF Leader Jolliffe said Saturday night the present housing shortage could not be overcome until "a subsidized low-rental housing scheme on a very large scale" was inaugurated by the Federal government. In a speech prepared for delivery over an Ontario network Mr. Jolliffe said "figures for Canada show how we are falling further and further behind in meeting housing needs." He said only 276,054 new homes were built to accommodate 493,067 new families established in the four years from 1945 to 1948.

Act Of Friendship Costs Man $20

When William Hayes, 190 Brock St., became involved in a collision with a truck while driving without a licence, Alex Hamilton, Bolton, Ont., who was a passenger and owner of the car told Constable Gordon Trennum that he had been driving the car. Although an act of friendship, this was a contravention of the law and resulted in Hamilton being fined in city police court today by Magisrate W. R. Philp, KC, for wilfully attempting to obstruct the course of justice.

Hamilton first appeared before the magistrate on a charge of careless driving and during the course of his evidence, it transpired that Hayes had been the driver.

Hayes was then charged with careless driving and was fined $5 with $10.10 costs.

Hamilton was fined $20 with $2.50 for giving false information to the police officer.

J. C. N. Currelly was the defence counsel.

EARLY SURGEONS

The ancient Egyptians are said to have performed amputations and various operations on the eye.

Success Has Many Forms

Different people have different ideas of what constitutes success. For some it is the acquisition of wealth and the responsibilities of power. For others it is the assurance of security, with time to enjoy the pleasures of life.

Because this Bank ministers to the needs and aims of the individual it contributes to success in all its many forms.

For almost a century the friendly services of The Bank of Toronto have been familiar to generations of Canadians. Here, through Bank Credit—through Savings Accounts and all manner of big and little Banking facilities—they have been enabled to realize the kind of success they wanted—for themselves.

We invite you to avail yourself of the friendly services of The Bank of Toronto.

Apathy Could Lead To Dictatorship Mrs. Upper Tells Liberal Women

CAMPBELLFORD, May 16 — (ENS)—"Any lady who cannot convince her husband to be a Liberal is short on salesmanship," said Mrs. Helen Upper, Colborne, county chairman of the Ladies' Liberal Committee, at an organization meeting of the local Women's Liberal Club Saturday night.

"Mr. St. Laurent is one of the best leaders that the Liberal party has produced," she said. "We must not become apathetic toward our leader and party, because apathy is the greatest fifth column we have. We say that a dictatorship could not happen here. It could happen if the people become indifferent to their responsibilities as citizens of our country."

Liberalism had always supported the rights of the common man, Drew had opposed family allowances, she stated, and the other social services that gave security to our people. Now he is telling the people of Newfoundland that he had always supported family allowances, she declared.

W. A. Hogle, chairman of the local Liberal Association, declared that the Liberals gave social services through private enterprise while Socialism gave the same services through state control.

Higher Than U.S.

Canada's Contribution to the Marshall plan per capita was greater than that of the United States, he declared. "Our industrial and agriculture capabilities are known throughout the world," he said.

Mrs. Upper presided over the election of the following officers: President, Mrs. Gerald West; vice-president, Mrs. M. J. Auger; second vice-president. Mrs. Marshall West, Seymour; secretary-treasurer, Mrs. A. L. Bradley; ward chairman, one, Miss Marie Crossan, two, Mrs. Leo Doherty, three, Mrs. M. J. Auger and four, Mrs. May Phillips. The members of the program, social and election committee will be chosen later.

Mrs. Newell Craig, Brighton; Mrs. Gillis McKay, Mrs. Bruce Rutherford and Mrs. Stella Skinner, all of Colborne were guests. The chairman, Mrs. Walter Wiggins, introduced the speaker and the vote of thanks was moved by Mrs. Marshall West. Mrs. A. L. Bradley acted as secretary.

Emergency Operation

HOLLYWOOD, May 16 (AP)—Actress Greer Garson will remain in a hospital about 10 days to recover from an emergency operation. A studio spokesman said Sunday night that Miss Garson had been ailing for some time and when she became worse Saturday night, decided to go to the hospital for surgery. The spokesman said her condition is not serious. The nature of her illness was not disclosed.

Death Wins Again

PORT ANGELES, Wash., May 16 (AP)—Burton Bay, 19, tempted death once too often. Twice he put a pistol to his head, twirled the chamber in which there was only one shell, and pulled the trigger. The third time the bullet crashed into his temple. He died in a hospital yesterday. Authorities said young Bay and two companions engaged in the game of "Russian Rouelette."

Predicts Bright Future For Television In Canada

COBOURG, May 16 —(ENS)—Progress of television in the past and its prospects for the future were discussed by Sid Wellum, C.G.E. television expert, Toronto, in an address last week to the Rotary Club of Cobourg. Mr. Wellum, who was introduced by Harry Gadd, works manager of the CGE, Cobourg, was associated with John Baird of England, who pioneered television in the Old Country.

The bugbear of television in the early period of its development in England was financing and Baird went through three fortunes in his experiments.

Just before the last war television began to get a foothold in the United States. There were ten stations then, but in the past 15 months, 50 stations had been erected with many applications on the list.

Not To Be Outmoded

It was pure "bunk" that present receivers would be outmoded, as the present 12 channels would remain and smaller channels would be allotted to more isolated communities. Normal range of a television station was 40 miles. It was possible to get pictures from Rochester in Cobourg, but they were not constant because the distance was in excess of 40 miles. The television aerial was a large and comparatively cumbersome affair and there were over 500 of them in the city of Toronto. The problems of television in Canada were different from those in England and United States. One question about Canadian television was the effect upon it of CBS policies and whether the CBC would allow private interests to build stations.

Cost of only the elementary equipment of a television station was $400,000. Main object of a private station was to get its investment back as soon as possible, and to get listeners. It would take a long time to sell enough sets to make it worth while for the sponsors involved.

The CGE was building 1,000 sets a day in the United States. There were 150,000 sets and one television station in England in 1936 and there is still only one. Under private enterprise in the United States, growth was much greater. In Canada a 50-50 ratio of government and private enterprise control should work out all right with a bright future for television in this country.

In Cobourg, a receiver would need an aerial from 60 to 80 feet high to get good signals and an aerial of that height would cost about $100.

Will Benefit

Canada would have the benefit of the experience gained in England and the United States and would be able to get the very latest in equipment. It was an expensive thing so far and in the United States if a station could cut its television losses down to $25,000 a month, the owners considered it something worth celebrating. Experiments were in progress to send color pictures by television, he said.

Havelock Woman Dies At Age 91

HAVELOCK, May 16 (ENS) — Mrs. Sarah Elizabeth Campney, 91, widow of Jesse Campney, died on Friday at the home of her daughter, Mrs. Edward Fennell.

Mrs Campney had been in failing health for nine years. Born in Warkworth district, she was a daughter of the late Mr. and Mrs. Samuel Masters, a pioneer resident of Havelock, she and her husband moved here from Belleville 57 years ago. As long as health permitted she was an active member of Havelock United church and was a prominent member of the choir in its early days. She also served as president of the Ladies' Aid.

Was Lodge Chaplain

In the Dorcas Rebekah Lodge, No. 98, of which she was a charter member, she officiated for many years as chaplain. She was also a member of Lady McGill LOBA No. 471.

One daughter, Mrs. E. Fennell, Havelock, survives.

The funeral was held this afternoon under auspices of Dorcas Rebekah Lodge at the home of Mrs. Fennell, conducted by Rev. F. H. Vanderburgh. Burial was in Maple Grove cemetery.

Plan Radio School

NEW YORK, May 16 (AP)—A graduate school of radio, television, facsimile and communications is being considered by the Columbia University School of Journalism, Dean Carl W. Ackerman said yesterday It is among a dozen projects from which the school "may select in future years," Ackerman said in his annual report.

Ex-Editor Dies

TORONTO, May 16 (CP) — Formerly an editor of the Canadian Labor Press, James T. Gunn, 65, died here Saturday after two years' illness. Born in Glasgow, Scotland, he came to Canada in 1908 to taught for a time at Assumption College, Windsor, Ont.

Junior Farmers Active Group

CAMPBELLFORD, May 16 — (ENS)—F. M. Rutherford, who in promoting a community centre for Campbellford, reports has spared neither time or effort good progress is being made in community work at Cooper, a small village 10 miles north-east of Madoc.

Mr. Rutherford attended a Junior Farmers' meeting recently at Cooper and was greatly impressed with the well organized Junior Farmer groups there.

His invitation to visit Cooper, he said, was chiefly to organize a pig club under special commercial feautures through the Ontario Fairs' Associations and to outline the set up of a community centre.

Many Enroll

He stated that over fifteen boys had enrolled in the pig club and that the membership would go higher. He reported that the calf club was an active organization with the calves all tagged and inspected.

He said that a covered community rink was under construction and the necessary bylaw had been sent to the department. "This is a small community", he stated, "with definite plans for the betterment of the young people."

SHORTENS ROUTE

There are 75 miles of canal in the 1,337-mile route from Montreal to Duluth, Minn.

Three Slightly Hurt In Centreton Crash

COBOURG, May 16—(ENS)—Three people were taken to Cobourg General Hospital Saturday night after a motor accident which occurred near the village of Centreton, northeast of here. Police said that a westbound automobile, driven by Charles Ivatt of Centreton, was involved in a collision with an eastbound car driven by Donald Chapman of Codrington. Both cars were badly damaged.

Ivatt and Chapman were taken to the hospital, along with Elwood Calberry of Castleton. They were treated for facial cuts and released a few hours later.

Provincial Constable Don Nicol investigated the accident.

Charter Member Receive...

HAVELOCK, May 16 (ENS)— Mrs. Joseph Hoffman, a charter member of Prosperity Chapter No. 63, Order of Eastern Star, which was organized about thirty years ago, was honored by the members of that organization recently by being presented with a life membership certificate. Mrs. Pressick, Worthy Matron of Prosperity Chapter, made the ... Mrs. Hoffman was h... ored by being made the ... for the evening. A Mothe... floral service was put on ... the direction of Marshal ... Doris Gibson, assisted by the o... ficers of the chapter.

The event was marked by the presence of the Worthy Grand Matron of Ontario, Mrs. Florence Andrews of Oakland, who is a member of the OES chapter at Scotland Ontario, and Mrs. Dorothy McGlashon, DDGM, of Belleville Chapter No. 55.

GOOD CITIZENSHIP
is a lot of little things

WELCOME NEWCOMERS

Few things in life are so deeply appreciated as the friendly spirit that exists among neighbors. It is one of those things that make life happier. And it can work miracles for the stranger in your community . . . it can make him feel at home; glad that he lives there. Extend a welcome to the newcomer . . . see that he meets your friends and becomes one of them. The spirit of neighborliness is one of the true foundations of "Good Citizenship".

You can help this public service effort. Make a note of some of the little things which, in your opinion, contribute to Good Citizenship.

CHURCHILL

SATURDAY, MAY 14, 1949

Henry Wallace Discredits His Own Arguments

In the recent U.S. Senate examination of the Atlantic Security Pact, many witnesses were called. One of them was Mr. Henry Wallace, one-time member of the Democratic Administration and left-wing candidate for the Presidency last November. He was the first witness to criticize the pact, and his criticism was familiar: the pact was not an instrument for defence but "a military alliance designed for aggression". It was backed, if not inspired, by British imperialists, U.S. big business and the Roman Catholic hierarchy, who were "whipping up a holy war" against Communism.

* * *

Mr. Wallace may sincerely believe what he said. We are quite willing to concede that he does. That his criticism was the same as that emanating from Communist sources since the agreement on the pact was announced does not necessarily mean that he is insincere or an agent of Russia. There are other prominent citizens of the United States who have argued that the Atlantic Pact is more likely to mean war than peace, despite the overwhelming opinion of experts to the contrary. Mr. Wallace attempted to support his argument, however, with a statement so fantastic it actually discredited his earlier declaration. He came up with the charge that the U.S. State Department had deliberately withheld for a long period Russia's offer to lift the Berlin blockade "for fear the announcement might block the North Atlantic Treaty."

* * *

That, we submit, will at least come close to winning first prize for the year's woolliest thinking. If there is one thing Russia would like to do more than anything else, it would probably be to block the Atlantic Pact. So if announcement of the offer to lift the Berlin blockade would have blocked the pact, would Russia have kept silent and allowed the U.S. State Department to withhold the information that would do it?

* * *

The answer, of course, is that Radio Moscow would have blared out the news to the world, had there been any truth in Mr. Wallace's statement. However, the very absurdity of his accusation will probably gain almost as much support for the pact as the testimony of some witnesses who spoke favourably of it.

Why Should Soldiers Have Short Hair?

Military authorities at Farnborough, in Hampshire in England, have given Gunner Ronald Gray of the Royal Artillery a sentence of six months detention because he refused to have his hair cut in the army style. His refusal was said to be prejudicial to good discipline. The army rule is that a soldier's hair must not be longer than two inches on top and must be cut close on the sides and back.

The notion that a soldier must be half-scalped is a fairly recent one. The soldiers in the Crimean War not only had flowing hair but large beards, as well. Wellington, a stern disciplinarian, did not fuss about hair so long as it was not untidy, and some of his officers wore heavy mops. Most soldiers in the eighteenth century wore very long hair, twisted and braided into pigtails which hung down their backs. All through history, soldiers with long hair have fought well, and we know that the Spartans who won imperishable glory at Thermopylae prepared for their great resistance by combing and arranging their locks. In the Canadian army soldiers, if they choose, are permitted to have hair of a fashionable length, and nobody has suggested that it interferes with their fighting powers.

A psychologist might argue that a man's hair is a symbol of his manhood, and that a short crop suggests that he is a slave. It has always been usual to shave the heads of criminals and captives. No good soldier wants to feel like a slave. It might be better for the British Army to change its ideas about haircuts, rather than to humiliate its men by demanding a prison crop.

Unplaying Fountain

Victoria Park below the Court House is looking green and pleasant in its spring dress, and tulips in beds bordering the central walk are coming into late bloom. We shall watch with interest the care and gardening which is given the park in the coming months, for it could be our most beautiful, as it used to be a generation ago. It is disappointing that grass seed has not been sown in some of the bare patches, particularly along the side walks. Even the section nearest Central School might profitably be seeded, for we are sure the children would keep off and give the grass a chance if they were told that rehabilitation was being undertaken. Victoria Park suffers as a child of separated parents often does. It legally belongs to the County, but the city has a maternal interest in it and between the two it does not always get quite as much care as it deserves.

Can nothing be done to put the fountain into operating order again? The structure itself seems sound and the job of refitting it with water pipes and providing a drainage sump should not be too great. A fountain which does not play is like a house that is not lived in. It has a desolate look. This is the only real fountain within the city limits, in a city where water is plentiful. Must it be our perennial shame that this fountain presented to the County Council by Mayor James Stevenson and Mr. George Cox sixty years ago, to beautify the Park and distinguish the city should be neglected because of official lassitude and the want of a few dollars?

Smoke Bylaw For Peterborough?

The Toronto Council is giving final approval now to a by-law designed to rid the city of some of its smoke. Peterborough is not besmutted as is Toronto but during the last decade there has been a great increase in the amount of smoke belched into the air over the city, creating a "smog" noticeable from any eminence outside, fouling the air we breathe and smirching everything from window sills to laundry on a clothesline. Our own Council would do well to study the provisions of Toronto's new by-law and to observe its effects after it has been in operation for a few months.

The Toronto by-law provides penalties for excessive smoke from chimneys of factories, apartment buildings, churches and public buildings. Private residences, steamships, railways and brickyards are not included under the regulations. A simple device called the "Ringelmann smoke scale" is used to determine the density of smoke. Among the more pernicious belchers of smoke in Peterborough are railway locomotives which come into the stations at the very centre of the city and there stoke up and gather pressure for their next run. Provisions such as Toronto's would not apply to them, but we suppose that as in Toronto, a sort of gentlemen's agreement could be made with the railway companies to co-operate in any well-devised, comprehensive plan to abate the smoke in Peterborough.

Permit To Build

A number of people with a praiseworthy desire to improve their homes, make additions or even to build a house for themselves and by themselves are running themselves, their neighbours and the city officials into trouble. They forget the small but important matter of obtaining a building permit from the City Engineer's office before they start work.

Any structural work over fifty dollars in value, or any undertaken in the "fire area" (down town), and even the shingling of a roof, must not be done without a permit. Not only is a permit a legal requirement; it is very often a practical help and prevents amateur builders from falling into trouble. The permit issuer knows whether the intended building, the excavation for the cellar, the new garage, is being located properly, that it is not infringing on city street right-of-way or on a neighbour's land or property rights. It is wise as well as a legal requirement to obtain the permit before work begins. This done, there is no danger that an excavation will have to be refilled or a garage half-completed torn down again. It is not the job of the engineer's department to track down work in progress; it is the duty of the person who is building to first get a permit from the City Engineer.

NOTE AND COMMENT

A doctor writes that wearing a copper ring is not a cure for arthritis. Probably not, but it is as good as most things the physicians have to offer.

The village of Bishop's Itchington, in Warwickshire, has elected six women and one man to form its Council. Isn't it time that one of our ambitious and able local women ran for the City Council in Peterborough?

Of Cabbages And Kings

By PETER ELIOT

"FREEDOM Of Information", is the reply, often witty and pungent, to those who criticize the press in North America. Herbert Brucker, editor of Hartford "Courant" defends the "Fourth Estate" and, incidentally points out for the benefit of those who hold that advertising is the villain that readers have never been willing to pay the cost of the news they read.

This unofficial designation of Fourth Estate became attached to the press sometime in the early 19th century, Brucker writes. It was used by Thomas Carlyle when he made his fifth lecture on "Heroes and Hero-Worship" in 1840 in speaking of the hero as a man of letters:

"Burke said there were Three Estates In Parliament; but, in the Reporters' Gallery yonder, there sat a Fourth Estate more important far than they all. It is not a figure of speech, or . witty saying; it is a literal fact,—very momentous to us in these times. Literature is our Parliament too. Printing, which comes necessarily out of Writing, I say often, is equivalent to Democracy: invent Writing, Democracy is inevitable."

◇ ◇ ◇

BUT according to Brucker there is some question of whether or not Edmund Burke actually said what is ascribed to him by Carlyle, and the Oxford Dictionary states that it "has failed to discover confirmation of Carlyle's statement attributing to Burke the use of the phrase in the application now current." A dozen years before Carlyle's lecture, in the essay Thomas Babington Macaulay wrote on Hallam's Constitutional History Of England one read that. . . "the gallery in which the reporters sit has become a fourth estate of the realm."

◇ ◇ ◇

AN amusing story is told of Maria Mitchell, the first woman astronomer in America, in Sweeper In The Sky, by Helen Wright: "Once at the time of her sister Ann's marriage to Alfred Macy, she was unexpectedly catapulted into the limelight. In honour of the marriage great preparations had been made. A dark Portuguese maid was even hired for the occasion. The guests came, after the simple ceremony, one of them, a 'Stranger,' dashed up to the frightened maid and exclaimed in a booming voice, "so this is our famous Maria!' The mistake was afterwards explained. The stranger had asked, 'How shall I know Maria Mitchell?' and had been informed, 'She'll be the darkest person in the room.' "

Maria had an excellent sense of humour and loved a good tale. Once an old Quaker rebuked a sailor, "Friend Charles, if thee'd ever been one half as economical of this world's good as thee is of the truth, thee'd be the richest man in Nantucket."

Another she told was of a Quaker shipowner, who was disturbed by the profanity of one of his men. "Jack," he said. "I think if thee should wear my coat for a week, thee might cure thyself of thy habit of swearing." Jack agreed to try. On his returning the coat, the Quaker asked, "Well, Friend Jack, did thee have any inclination to swear while thee was wearing my coat?"

"No", replied Jack, "but I did have a terrible hankerin' to lie."

◇ ◇ ◇

THE opening story in a very funny autobiography, The Spice Of Variety by Charles Brewer, takes place at a reception following a large fashionable wedding during the war. The bride had become the target of kisses from all her friends, who had lined up for that purpose. This went on for about half an hour and then the dishevelled young wife, after kissing a stout, bald little man, pulled herself together and exclaimed, "But I don't know you, do I?"

"No, miss," he plaintively replied.

"Then what am I kissing you for?"

"I don't know miss—when I joined the queue outside, I understood it was for razor blades!"

◇ ◇ ◇

ONCE Sir Edward Elgar was invited to stay at the Brewer home. When Elgar came to stay, Charles Brewer and his brother were strictly warned by their father not to play musical comedy tunes or syncopation on the piano. But one day Sir Herbert Brewer "Opened the front door and heard a bright jazz tune being crashed out on his study piano. He rushed for the room, prepared to tear either of us into small pieces, (says Charles) and found Elgar himself playing 'Go to L-O-N-D-O-N' from Jack Hulbert's revue 'Clowns in Clover' to the great appreciation of my young brother."

◇ ◇ ◇

YOUNG Ivor Novello, only nine years old, was a piano pupil of Sir Herbert and did not make dazzling progress. Pressed as to why he did not show more keenness, he replied, "Well, my mother has a private income of three hundred a year, which I shall inherit, so there is really no need for me to work!" But. . .Madame Clara Novello-Davies never had £300 a year of her own, and the incident was merely early evidence of the fertile Novello brain thinking up stage plots—in this case with the motive of avoiding detested scales, arpeggios and exercises.

◇ ◇ ◇

LADY Oxford, Brewer declares, was so overcome by the realism of "Scrapbook for 1914," in which she took part, that at rehearsal she broke down. To prevent a recurrence at the actual broadcast she held a hatpin while she was at the mike and drove it into her leg when she felt emotion overtaking her. . .Later, talking of a visit she and her husband, as Prime Minister, paid to the King and Queen of the Belgians not far from the front line, she said "there was considerable shelling, and that a few moments after they left a ruined farmhouse used as an observation post a German shell completely destroyed it."

"But weren't you frightened?" Esther Curwen asked.

"My dear," she replied. "I adore being frightened! !"

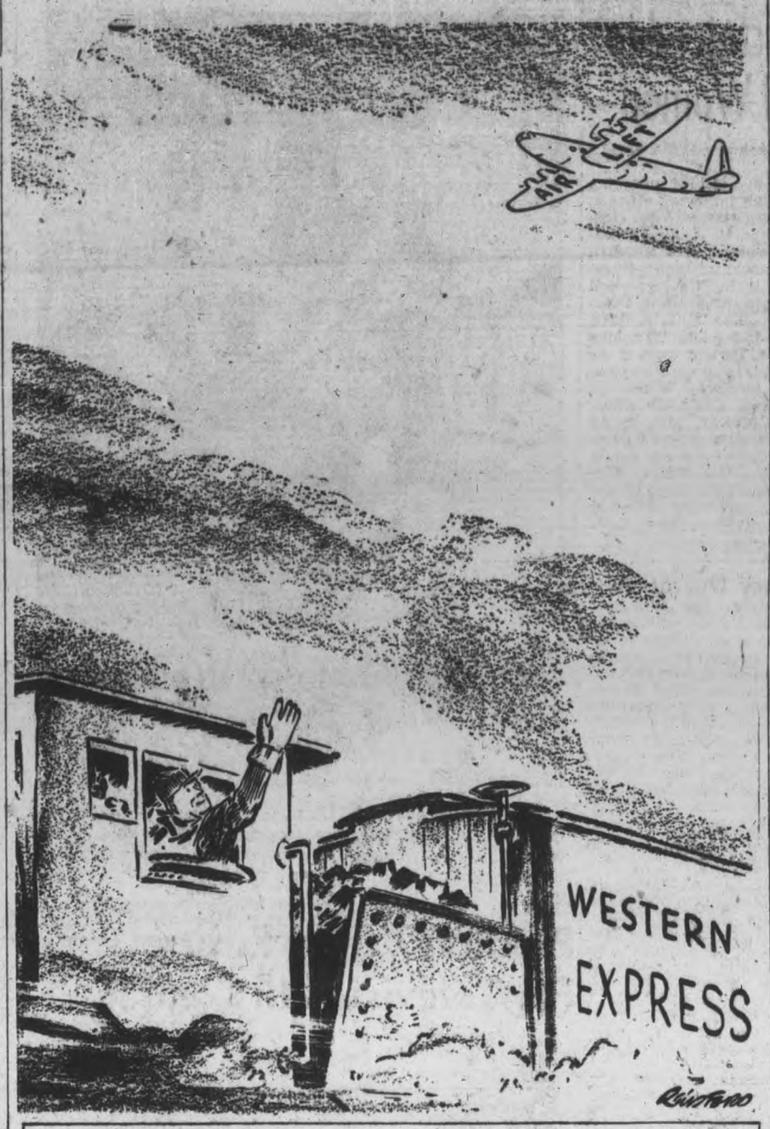
BIGOTRY

"Yes," remarked the young typist to her girl friend, "I like the new job and the boss, but he seems a bit bigoted to me."

"Bigoted? In what way?"

"He seems to think that words can only be spelled his way."

SALUTE



Welfare And The Modern State

(BY THE RT. HON. W. L. MACKENZIE KING, FROM WELFARE)

IN 1939, came the second World War. The war, while it soon provided jobs for those who were able and willing to work, brought still more strongly to the fore the social injustices that had existed for far too long a time. Men and women were compelled to think deeply on the social problems of life, and the causes of human injustices. There came to be a growing belief in the necessity of a new and better order.

The new order seeks to shift the emphasis from the sacredness of possession to the sacredness of life; to weigh more heavily the values of personality and its rights than the values of property and its rights; and to contrast with natural resources the too long neglected, but much more precious, human resources.

The new social order seeks to recognize industry as a public service rather than as a private business, and to stress community well-being rather than individual self-interest.

There has been much talk in the past of the importance of natural resources and their conservation. Only recently has it come to be realized that of all resources, human resources are most important.

Unconsidered Trifles

The couple were being tossed out of their home for not paying the rent. Under the stern gaze of a constable the husband picked up a chair, the wife salvaged a lamp, and they started downstairs to put their belongings in the street.

At the bottom of the stairs the wife suddenly broke into a hysterical laugh.

"What's the matter?" demanded her husband, right behind her. "This is a fine time to be laughing! Have you gone crazy?"

"No, I was just thinking," she returned, "this is the first time in 19 years that we've gone out together."

◇ ◇ ◇

"The very idea!" said Mrs. Simpson. "The grocer cheated me on my order." So she telephoned the grocer angrily.

"What's the idea of short-weighing a little boy? I sent Johnny down to your store to get me three pounds of marshmallows. He just got home, and the bag of marshmallows weighs exactly one pound."

"I can't understand it," said the puzzled grocer. "I have my scales checked regularly. They give honest weight, and so do I."

The grocer thought a bit, and then asked, "Say, have you tried weighing Johnny?"

◇ ◇ ◇

The little daughter of the house had been sent into the room to entertain her big sister's young man.

"Is 'disaster' your Christian name or your surname?" she inquired of the youth.

The latter looked puzzled.

"What do you mean, Mary?" he asked.

"Well," replied the child. "I heard daddy telling mummy that it was disaster Betty was courting."

Letter To The Editor

COURTEOUS

Sir: Reading the article in last night "Examiner" under the above heading, I was amazed that an official of the City of Peterborough should speak in such a rude manner as Mr. Dutton greeted a delegation attending the Board of Health meeting Wednesday night. Surely the first requisite of a city official should be common courtesy.

CITIZEN.

How Time Flies

MAY 16

1919 Nursing Sister Mary MacPherson has arrived in Halifax from overseas.

Work is progressing on the new four-storey addition to the Cressman store.

A Peterborough man is fined $5.00 and costs here for driving past a standing street car.

1929 Doris Cowan and Dohma Roberts, of Peterborough, describe the Cleveland hospital explosion which caused many deaths.

William Chisolm, former science master at Normal School, dies in Toronto.

The Minister of Labour sends a conciliation officer here in connection with the Auburn strike.

1939 The Rev. W. M. McKay, former assistant minister here, preaches the 106th anniversary sermon at St. Paul's Church.

T. C. Carley, K.C., R. E. Cutting, Mack Gordon, Ian McRae and E. L. Sackville are named directors of the local Rotary Club.

W. O. Steer of The Examiner staff accepts a newspaper position in Cornwall.

Bible Message

Lord, thou hast been our dwelling place in all generations. Before the mountains were brought forth, or ever thou hadst formed the earth and the world, even from everlasting to everlasting, thou art God....

Let thy work appear unto thy servants, and thy glory unto their children. And let the beauty of the Lord our God be upon us. (Ps. 90: 1, 2, 16, 17.)

◇ ◇ ◇

Be ye not unequally yoked together with unbelievers: for what fellowship hath righteousness and unrighteousness? and what communion hath light with darkness?....

And what agreement hath the temple of God with idols? for ye are the temple of the living God; as God hath said, I will dwell in them, and walk in them; and I will be their God, and they shall be my people. (II Cor. 6: 14, 16.)

Commonwealth And King

The formal unity of the Commonwealth has until now depended upon the fact that the same King is technically the head of the legislature, the executive, and the judiciary in each separate nation. To the older Dominions this arrangements implies no hint of subjection to an outside authority. Each has long since learned to think of the King as fully a member of its own community.

India cannot think of the King in that way; as head of the internal Government of the independent Indian State he would be seen as representing precisely that political tutelage which has been outgrown. Yet India sincerely wishes to remain associated with the other Commonwealth nations, who themselves are, as they still desire, linked together by the common symbol of the Crown. . .

As the Commonwealth changes peacefully and progressively, so the role of the monarch, more than ever needed as both bond and symbol, changes with it. The British peoples have perhaps been too prone to think of the Crown as a purely political symbol; and this narrow connotation may have influenced the wording of the declaration where, following a recent lead by Dr. Evatt, it speaks not of the Crown but of the King.

For two and a half centuries the custom has been to define the British system as a constitutional monarchy. The term was first coined to denote a kingship vested with a certain political power set about with checks and balances. Now the personal power possessed by the Hanoverians has fallen away, but the informal personal influence of the King has taken on new life and meaning. His place in the national life —and in the life of the Commonwealth—is not today that of a political force; the part he plays is a representative part; more and more the constitutional monarchy has become a representative monarchy.

The Crown is set upon the King's head in the ancient coronation order itself without any reference to his functions in the political domain; it is "the crown of glory and righteousness, to be worn with right faith and manifold fruit of good works." Such a Crown, emblem of an ideal of life and not of authority, is no unworthy image of the associations shared by the member of a Commonwealth enshrined.

—The Times (London)

A BRITISH OPINION

Work In India Related To WMS

HAVELOCK, May 16 (ENS)—The program period of the W.M.S. of Havelock United Church on Thursday afternoon took the form of a playlet entitled "Newcomers to Canada". It gave a picture of the people who are coming to this country as immigrants and displaced persons, what is done to assist them with their problems and what can be done by neighborly approach in each community.

Those taking part were;—Mrs. F R. Vanderburgh, Mrs. Annie Anderson, Mrs. Harry Hubble, Mrs. Fred Chase, Mrs. R. Bonny, and Mrs. Harry Watson.

Lead Worship Period

The worship period was led by the president, Mrs. G. W. Chiles, and Mrs. P. Haig.

The quilt for the bale for European relief will be quilted on May 26.

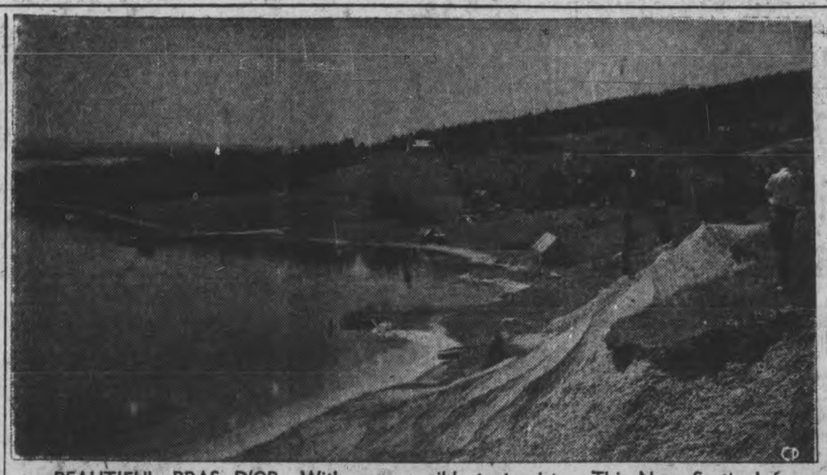
A cot quilt and six pairs of children's wool sockees made by Mrs. A. Anderson and Mrs. P. Haig, were received for shipment to Peterborough.

The treasurer reported that $78 had been forwarded to the Presbyterial treasurer and that the Thankoffering amounted to $58.

A letter was read by Mrs. W. M. Platt, from Miss Ada Sandell, United Church Missionary at Severance Hospital, Seoul, Korea, in which she thanked the W.M.S. for a parcel of clothing and a personal gift of chocolates enclosed for her. She wrote "many of our friends from Hamhuing are now in Seoul, many of them having come with nothing but the clothes they wear.

Much Work Done

Miss Sandell gave a report on her work for 1948, which included the translation of nursing test books, the teaching of First Aid at a girl's summer camp, having charge of the Women's Ward and obstetrical department in Severance Hospital, advisor to the Principal of the nursing school, teaching an English Bible Class composed of Medical Students, teaching a Bible Class each Sunday at a church where the congregation is mostly made up of people from the northern part of Korea, and two afternoons a week assisting the hospital evangelist on his tour of the hospital visiting with patients and talking over their problems with them.



BEAUTIFUL BRAS D'OR—With construction of the proposed bridge across the Strait of Canso, one of the most picturesque areas in the Maritimes—the Bras d'Or Lake district — will be easily accessible to tourists. This Nova Scotia Information Department photo, taken from the top of Marble Mountain, shows a sweeping panorama of Cape Breton's scenic beauty which will long be remembered by visitors.

Junior IODE Group Plans Fashion Show

LAKEFIELD May 16 (ENS)—The Katchewanooka Chapter Junior IODE, again plans to hold a fashion show in the Memorial Hall on May 27.

Nine new members joined the chapter, they are: Beverley Staves, Ruth and Iveen Boyce, Yvonne Mason, Margaret Hefferman, Ethel Chatten, Mary Ann Leonard and Barbara Sterling.

Donna Edwards and Frances Erskine were appointed ticket conveners for the Fashion Show.

The secretary, Eleanor Deck, was asked to send a card to Vivian Clements, who is ill.

The Regent, Mrs. W. O'Brien gave a brief report on the Hamilton Convention which she attended as a delegate of the chapter.

Peggy Samis was elected to look after the P. A. system. Mary Ann Leonard, Suzanne Weaver, Ethel Chatten and Eleanor Deck were named to make posters.

Tells Of Work For Immigrants

OMEMEE. May 16 —(ENS)—"Newcomers to Canada" was the theme of the May meeting of Trinity United Church W.M.S., held at the home of Mrs. H. Deyell, Thursday afternoon.

The treasurer, Mrs. R. Brooks, reported that the Easter Thankoffering totalled $102.25, which is a record for the organization. Reaffiliation with the C.G.I.T. was arranged for Tuesday evening, May 17.

In the worship service, Mrs. V. Lang, who was group leader, visualized the sad condition of thousands of displaced persons in Europe, and asked the members to meditate upon their suffering and their fond hope of starting life anew in Canada.

Greeted at Halifax

Mrs. H. Deyell and Mrs. V. E. R. Zufelt presented "The Story of Immigration Work at Halifax," featuring the work of Mrs. Emily Kelloway Feltham, United Church representative there Mrs. Deyell stated that immigrants have been welcomed by the W.M.S. of the United Church at every port in Canada. Mrs. Feltham, known as "The Lady In Blue," she said, helps immigrants with their luggage, directs them to Red Cross rooms for tea, gives them soap. tooth paste, towels etc. and toys for the children. They were also given a Gospel in their own language and one in English and stationery and a stamp with which to write home.

Warkworth News

LeRoy Newman, M. A., B. Paed., well-known here has been appointed principal of Fort Francis High School his duties will commence in September. The school has a staff of twenty-five teachers.

Rev. J. M. Ritchie has returned from attending the annual meeting of the Synod of Toronto and Kingston at New Liskeard. Mr Ritchie was appointed to the Synod's Committee of Evangelism and Social action.

The Canadian Legion is erecting a War Memorial dedicated to those who fell in the First and Second Great Wars. It will be unveiled on June 5.

The Ladies' Circle of St. Andrew's Presbyterian Church held a home cooking sale in the Community Hall on May 14.

The Young People of St. Paul's United Church are holding a banquet on Wednesday, May 25, in the Masonic Temple.

Mr. and Mrs. Victor Gunter, Tacoma, Wash. are visiting at the home of the latter's sister, Mr. and Mrs. Chas. West. It is thirty-seven years since Mr. and Mrs. Gunter have visited this community.

Mr. and Mrs. Edward Huycke and family attended the wedding of Mrs. Huycke's brother, John Fitchett, in Morganston recently.

Young People Name Conveners

WARKWORT, May 16 (ENS)—Rev A. E. Larke of Gore's Landing addressed a gathering of seventy members of Cobourg Presbytery Young Peoples' Union at a supper meeting in St. John's United Church, Campbellford, Wednesday evening.

A short play was staged by Warkworth Y.P.U. under the direction of Mrs. Lorne Evans and another play was given by Stockdale Y.P.U. directed by Rev. H. H. Lackey.

Cast of the Warkworth play was: Norma McCleary, Marion Stillman, Don Weatherson, Zella Cummer, Murray Laver, Jack Honey, Stewart Lowe, Mrs. Howard Evans and Arnold Dudley.

New officers named are as follows: Conveners—Fellowship, Vera Arkles, Colborne; Missions — Harold Pitcher, Stockdale; Assistant—Kathryn Judd, Wicklow; Citizenship—Douglas Edgar, Warkworth; Culture — Lloyd Kellogg, Welcome; Leadership training— Edgar Gibb, Baltimore; Recreation — Assistant — Mrs. Edna Buchanan. Warkworth; Publication Assistant— Marjorie Carr, Castleton; Conference Representatives: Helen White, Port Hope; Ken Symonds, Harwood; Vera Arkles, Colborne.

A. A. Martin, Brighton, chairman of the Presbytery, installed the officers.

There were nineteen Y.P.U group represented at the convention. Lois Waters, President of Campbellford Y. P. U., welcomed the visitors.

No More Harsh Laxatives!
Famous cereal brings lasting relief from constipation
Are harsh laxatives causing you distress and unhappiness? Then read this unsolicited letter:

"About 8 months ago, I decided to start eating KELLOGG'S ALL-BRAN. After a few days, I realized that regular use of this breakfast cereal was making my system work naturally. Constipation doesn't trouble me any more. Believe me, it's a great relief!" P. Leveille, 4465 Rinard Street, Montreal.

Yes, if you suffer from constipation due to lack of bulk in the diet, you may never have to take another harsh laxative again. Simply eat KELLOGG'S ALL-BRAN daily and drink plenty of water. ALL-BRAN is not a purgative, but a wholesome cereal. Eat an ounce as a cereal or in muffins for constipation relief. If after using one package you are not completely satisfied, get double your money back as guaranteed on the package. Get delicious ALL-BRAN from your grocer. Made by Kellogg's of London, Ontario.

AUTO LOANS
$50 to $1000
Here is how you can obtain a loan on your auto while the car remains in your possession Existing liens consolidated.
1 Personal Loans $50 to $1,000 made for any good purpose even though car not fully paid.
2 Refinancing — Present high monthly payments refinanced for smaller amounts and extra cash can often be obtained at the same time
3 Auto Repairs—You can pay for cost of heavy repairs by spreading amount out over many months here thru a loan on your car.
4 If you want to sell your car we can finance the prospective purchaser if he cannot pay you full cost Ask us for details.

Uniteds Grab Close One Over Cosmos

Jake Wade's smash to centre with one out in the 10th inning scored Tompkins with the winning run as Uniteds edged the Cosmos 13-12 at the Bowl on Saturday night in a City Softball League fixture. It was a see-saw scrap throughout, with the pitching and fielding just so-so, but play close enough to make it exciting for the fans. Each side used two twirlers. Tompkins led the victors at bat with a homer and two singles in six, as Mackness belted a homer and two triples in six for Cosmos. Two catches by Spencer and a double-play by Crowe to Stewart were defensive standouts. The box score:

Cosmos	AB	R	H	O	A	E
Thomson, c	5	2	2	0	2	1
Carpenter, lf	6	2	2	5	0	0
Mackness, ss	6	2	3	2	1	1
Robson, cf	5	1	1	1	0	0
Crowe, 2b	5	1	2	5	4	0
Pryde, rf	4	1	1	2	0	0
Hawkes, 3b	4	1	1	1	2	2
Dalton, 3b	1	0	0	0	1	0
Stewart, 1b	5	1	1	12	0	1
Bigford, p	3	1	2	0	1	0
Parsons, p	1	0	0	0	0	0
Totals	45	12	15	28	11	5

Uniteds	AB	R	H	O	A	E
Sullivan, ss	6	0	2	1	3	1
Spencer, lf	5	1	0	5	1	1
Harrison, 1b	4	1	1	6	0	1
Greenlaw, p, rf	5	2	1	0	0	0

MAT MOUNTAINS IN MAIN GO—Wladyslaw Talun will oppose his 300 pounds of human power against the 280-pound Wee Willie Davis, pictured above, in the main bout in the Brock Arena on Wednesday night. If a mat battle that may well result in the breakage of the big steel ring as well as disaster to one of the mat mountains. Talun has always been somewhat unpredictable and when Wee Willie Davis starts his shady tactics the Polish Giant may just cloud up and storm all over him.

Pat Flanagan meets Sandy O'Donnell in the semi-final and Billy Stack wrestles Frank Valois in the third bout.

They'll Do It Every Time — By Jimmy Hatlo

Electrics Lose To Petes In Soccer Tilt

A last-minute goal by the Petes gave them two league points over CGE with a 5-4 count in the opening soccer league game Saturday afternoon in King Edward Park, before a good attendance. Best for the losers were Titshell, Craig and Cotton, for the winners, E. Lane, and G. Downer.

CGE started with only eight players against the full quota of the opponents. The Electrics settled down to get two quick goals in succession. Craig got the opening counter with a long drive that found the inside of the upright. On the next visit by the CGE, Cotton evaded three men in a row to centre across to Strong who bulged the net with a header. Thereafter, the Petes concentrated on close passing tactics which proved fruitful when E. Lane scored on an individual effort the CGE custodian failed to hold. Just before the interval, Attard broke through to rattle the crossbar. It was cleared by T. Foster who punted up to Lane who broke fast to get the equalizer with a terrific drive. Half time it was 2-all.

Neat Tries

On resuming, Attard, CGE centre-forward was conspicuous with his individual efforts which the Petes' goalie found hard to handle. Electrics responded with an aggressive bombardment that finally awarded them a penalty kick which Craig had no difficulty in converting. Strong went right back again to force Hennessy to concede a fruitless flag kick. A break-away by L. Payne transferred the play into CGE goal where G. Downer equalised. Craig again was trusted with a spot kick he registered to put Electrics ahead but this was short-lived. The players were battling to get the break that went in favour of the Petes in the last minutes of the game when Harold Payne got the winning counter from a scrimmage. Goal scorers—CGE, J. Craig 3, Strong 1. Petes, G. Downer 2, E. Lane 2, H. Payne.

Canadian General—J. Chamberlain, goal; S. Murduff and J. Titshell, full backs; H. Steel, F. Hunter and J. Craig, half backs; R. Strong, E. Cotton, F. Attard, C. Murduff and T. McCauley, forwards.

Petes—J. Hennessey, goal; T. Foster, Jr., and H. Foster, full backs; K. Downer, D. Downer and N. Dane, half Backs; Larry Payne, H. Payne, W. Cribbis, G. Downer and E. Lane, forwards.

Referee—T. G. Garland. Linesmen—J. Adams and H. Foster.

Remember When—

By The Canadian Press

Southpaw Billy Weir, with Toronto Maple Leafs on option from Boston Bees of the National Baseball League, pitched himself back into consideration for a big-league job 10 years ago today with the season's first no-hit, no-run game, beating Baltimore Orioles 8-0. Weir started the 1940 season on the roster of Boston Nationals.

SPORTS SHOW WINDOW

CEC. PERDUE, Sports Editor

Word from Toronto is that Blockbuster Talun has been matched with Wee Willie Davis in the main pro mat bout at the arena on the Rue Brock this Wednesday night. These are two very large grapplers, indeed, guys who tower well over six feet and bump the hay scales not too far below the 300-pound mark. In fact, Talun is the biggest Pole we've ever seen, except maybe a telegraph pole—which he doesn't look too unlike. Davis does villain bit parts in Hollywood when he isn't touring the continent doing villain parts in wrestling rings. Sandy O'Donnell and Bill Stack are expected to be signed for this card today, too, with suitable opponents for the prelimin and semi-final spots.

* * * * * *

Peterborough Golf Club course was a busy spot Saturday aft what with more than 80 making the rounds behind Prexy Milf Hardill and G. H. Cutmore, vice-president, to officially open the season on that links. Sunny skies and warm weather greeted the divot-diggers with blossoms out—and ditto dandelions, though a sprayer was at work on those. A big "do" in the evening there, too. Over at the Kawartha Club there was a goodly turnout, also, as the golfers warmed up for their official opening this week-end. Two tennis courts ready for use, but equipment in the pro's shop going rapidly. It looks like summer is about here.

* * * * * *

Half The Bill Okay

One good game and one smelly one at the Bowl in the men's softball circuit Saturday p.m. Uniteds just eked out a 13-12 verdict o'er Cosmopolitans in the opener, a 10-inning tilt that was exciting enough most of the route. Winners were outhit but made 'em count, as Woods did a good relief chore for them, each side using two twirlers. Tompkins and Mackness were the main stickers. The nightcap was a two-hour 28-17 win for Knights over Jewellers, who used four heavers to two for K. of C. Nearly two dozen walks issued and a crumby contest most of the way. Leether, Evans and Pagett hit hard in this one. A twin bill again Tuesday.

* * * * * *

Committee chairmen of the City Baseball League are urged to attend the executive meeting at seven tonight in the "Y" to present reports. It is hoped to supply minor ball for more than 300 boys this summer on half a dozen diamonds around town. The grounds haven't been definitely allotted or fixed up yet, as time rolls on, and there's quite a bit to do within the next week or so if play is to start by the end of May. Prospective managers are asked to contact Eddie Murphy or Pat Calladine as soon as possible. Work is progressing now on Riverside and the place (minus new dugouts, though) should be ready ere the week-end.

* * * * * *

Then There Were Four

Following the decision of Kingston not to enter the COBL this season, Smiths Falls sent word of their withdrawal. An emergency exective meeting was held here yesterday and 'twas decided to go ahead with the four clubs, Petes, Oshawa, Batawa and Brockville. The first three teams will play a quadruple schedule among themselves and a double schedule with Brockville, with percentage points counting in the standing. Schedule will be drawn up this week and the Batawa outfit is pitted against the Petes here this Saturday. Petes will likely go to Belleville on May 24. More again as the news filters through.

* * * * * *

Soccer season started off at King Edward Park on Saturday afternoon with the Petes yanking out a 5-4 verdict over Electrics on a last-minute goal. A good game before a pretty fair-sized gallery of spectators. Next contest is listed for Wednesday evening at 6.30 in King Edward Park, with Lindsay tackling O'Halloran's, followed next night by Petes vs. CGE there. Nothing doing locally Saturday or the holiday, due to the visit of Newcastle United in Toronto on May 24. Petes' soccer club holds a special meeting tomorrow night at the home of Dalton Downer, 172 Lake St., when all players and associates are asked to attend.

* * * * * *

Dese, Dem And Dose

Lacrossers will be drilling hard this week ere their OLA senior "A" opening here Friday....Bea Morrow led the men in triples at the recent Duffus' open bowling tourney, won by the Combines of Oshawa and this city....William Mayfield of Peterborough was elected Secretary-treasurer of the Ontario Bowling Association of the Deaf in London on Saturday....CRU is to permit forward passes behind the line of scrimmage this year.. Some tennis info in tomorrow....Men's tilts tomorrow at the Bowl: Uniteds vs. Outlaws, and Cosmos vs. Knights... Meeting and practice of the Credit Jewellers in the Ex. at 6.30 tonight.. Annual open meeting at eight tonight in the "Y" of the Industrial Softball League; if enough entries aren't received, the loop may fold....A & P plays COF this e'en in the Foresters League....East City baseball peewees practice at 5.45 this p.m. in Riverside..Plunkett and Wade look good in junior workouts and may see some action, too, with the senior Petes... A real heavy sports week here, if the weather remains reasonable....Got to go now and sharpen up several pencils.

Two In Shooting

VANCOUVER, May 16 (CP) — An elderly man and woman severely wounded Saturday night in what police described as an attempted murder and suicide on Vancouver's skid road. Annie Knezevich, 60, is suffering a severe abdominal wound and Dan Cubich, 62, suffered wounds on both sides of the heart. Police believe Cubich shot the woman and then turned the weapon on himself.

Heoburn Improving

ST. THOMAS, Ont., May 16 — (CP)—Mitchell F. Hepburn, former premier of Ontario, was reported "greatly improved" Sunday night from a recent attack of pneumonia. Mr. Hepburn was recovering from a major abdominal operation when he was stricken last Thursday with pneumonia.

K of C Takes 28-17 Win In Weird Fray

Minus regular moundsmen, the Knights trounced the Jewellers 28-17 in a weird City Softball League affair before a slim crowd Saturday night in the Bowl. The loose, draggy tussle lasted two hours and saw four pitchers toil vainly for the losers as two worked for Knights, this pair issuing 16 walks between them to keep Jewellers in the race till the seventh. The losers, also got a lot of extra-base blows, as did the winners. Homers were hit by Evans (2), Vic Griffin, Leether and Cooper. Evans and Cooper led the hit parade for K of C with five for six each, as Pagett had three for three for the other side. Vic Griffin went good in the field. The box score:

Jewellers	AB	R	H	O	A	E

Runs batted in—National league Mize, Giants 20; Campanella, Dodgers 20; Kiner, Pirates 20. American League: Williams, Red Sox 27.

BROOKLYN PITCHER Ralph Branca helps his own cause by sacrificing Roy Campanella to second in 11-6 victory over Pittsburgh at Ebbets Field. The big right-hander fanned nine on the way to his fifth straight win. Clyde McCullough is the Pirates' catcher.

Lawn Bowling

By HERB MARTIN

It was just 17 years ago last April 25 that we commenced writing this lawn bowling column, and at that time little did we think that we would still be writing it two years later, let alone 17 years later.

During that time there has been a lot of water pass over the dam and we have seen many changes. We have seen the personnel of our Club change from year to year. We have seen many dear friends pass on. We have seen the club come through some difficult periods. We have seen the membership rise and fall. We have seen the club grow from a very small one, till now it is recognized as one of the leading lawn bowling centres in the province. But all this has ben accomplished by the hard work of the different committees, by the boys who are willing to give their time to make this organization the best, and as we drive up and down one highway and then another and see the beautiful green trees and fields—see the fruit trees in bloom, we are more than ever convinced that our bowling club and greens rank as one of the beauty spots of the city—and we are reminded of those verses written by Edna Jaques:

I love bright weather. . when the fields are green,
When every garden tries to steal the scene,
Flaunting its loveliness with tender pride,
And earth takes on the raiment of a bride.
I love bright weather with a touch of rain,
To gladden the fields and wash the grain,
Till every leaf shines like a warrior's blade,
And fields are like a carpet richly laid.

Capot Beats Ponder In Preakness

BALTIMORE, May 16 (AP).—The three-year-old racing spoils are split to-day and even the Belmont, last gem in the triple crown, may not decide which colt will pick up the 1949 championship marbles

Ponder got the same treatment in Saturday's Preakness as he gave Olympia, going off the favorite and finishing fifth, while Greentree's Capot, ridden by Toronto Teddy Atkinson, took the honors.

Olympia is likely to return to the struggle in the Belmont after getting the rest Trainer Parke said he needed following the Derby.

The long layoff between the classics makes it impossible to accurately guess the probable Belmont field. The distance of 1½ miles also is going to weigh heavily in decisions of owners.

The distance brings you back to Ponder. In both the Derby and Preakness he showed he requires a long way to go to make his powerful late drive click. The Derby is 1-16th of a mile longer than the 1 3-16 - mile Preakness and that meant a lot to Ponder.

It did to Capot, too, probably the difference between his second in the Derby and first in Preakness. The longer route also points up the chances of Isidor Bieber's Palestinian

Palestinian missed catching Capot in the Preakness by only a head and if the wire had been a couple of yards away might have made it.

Sure "Activates" 'em!

"Activated" Shell Premium — the most powerful gasoline your car can use!

Activation makes the difference!

Above is a simplified molecule of Shell Gasoline after being split by Shell's own refining processes to give you *extra* molecular energy. When you use "Activated" Shell Premium, every drop of fuel goes to work for you... more power, quicker get-away, full mileage, faster warm-up.

Shell splits molecules to get more power for today's more powerful engines! No other brand of gasoline can do more in the engine of your car than "Activated" Shell Premium!

This is made possible by Shell's own, specially produced power components and by Shell's own blending methods. Actually, Shell *splits molecules* to get extra molecular energy. And you get a gasoline that's "Activated" 4 WAYS:

1. **Activated for knockless power!** In low gear or at full throttle, Shell Premium delivers full, quiet power!
2. **Activated for fast "get away".** Shell Premium delivers the extra power you can feel—no "balking"—you go!
3. **Activated for quicker warm-up!** Shell Premium brings your motor to a *fully* warmed-up condition up to 30% faster!
4. **Activated for full mileage.** Shell engineers "Balance" Shell Premium so that every drop of fuel goes to work for you! Pull into your Shell station and fill up with "Activated" Shell Premium.

Chicago Sox Begin Sizzling Blank Indians In Twin Bill

By JOE REICHLER,
Associated Press Sports Writer.

Chalk up another error for the experts who predicted a two-team race between Boston and Cleveland for the American League pennant.

The prognosticators failed to take into consideration the overall improvement of the so-called weaker clubs—particularly Chicago White Sox and Washington Senators.

First the Senators made the experts squirm by running up a winning streak of nine straight. No sooner had the Senators cooled off that the Chisox began to sizzle.

The White Sox turned in the eye-lifter of the season Sunday when they shut out the Indians in both ends of a doubleheader at Chicago, 10-0 and 2-0, before a record crowd of 53,325.

Bill Wight and Allen Gettel wielded the kalsomine brush for the winners. Wight pitched a five-hitter in the epener for his fourth straight victory without defeat. Gettel doled out four hits in the nightcap.

The double victory boosted the White Sox into third place, 2½ games from the top.

The Sox hammered Bob Feller for four runs in the first two innings of the opener to hand the fireball ace his second defeat.

Nip Yankees

Coming through with spectacular seven-run outburst in what proved to be the final inning of the second game, the Philadelphia Athletics overcame a 6-0 deficit to nip the New York Yankees 7-6 for a sweep of their doubleheader.

The A's also founght an uphill battle in the opener, winning 8-7 in 11 innings after trailing 7-3 going into the seventh.

Elmer Valo's fourth straight hit, a single with the bases loaded, drove in the tying and winning runs in the sixth off relief pitcher Joe Page. The inning proved to be the last because of the Pennsylvania curfew law.

Sam Chapman, whose bases-loaded double was a big feature in the uprising, was the batting hero of the first game. The veteran centrefielder cracked two homers and a double in the opener and drove in the winning run in the 11th with a long fly.

Joe Dobson posted his first victory of the season limiting the Senators to four hits as Boston Red Sox shut out the Senators, 3-0.

The lowly Browns divided a double header with Detroit to make it five victories in their last seven games. After the Tigers had won the opener 9-3 the Browns came back to combine 11 hits and 14 bases on balls to win the second game 12-4. Vic Wertz hit a grand slam homer for the Tigers in the opener, and Dick Kokos, Stan Spence and Sherm Lollar homered for the Browns in the second game.

Continue Deadlock

Boston's Braves and New York Giants continued in their first-place National League deadlock for the third straight day. The Braves made it three in a row over Brooklyn Dodgers with a 4-0 shutout triumph, while the Giants whipped Phillies, 7-3, for a sweep of their three-game set.

Vern Bickford pitched the shutout for Boston, permitting the fourth-place Dodgers only four singles. Outfielder Jim Russell drove in three runs with a homer and double.

The Giants collected only eight hits but took advantage of seven bases on balls by Curt Simmons and Ken Trinkle, to hang the second defeat upon young mons.

Church Diering's two-out double in the ninth drove in the tying run, (and Red Schoendienst's single sent in the winning run as St. Louis Cardinals came up with two runs to nip Pittsburgh Pirates, 4-3.

Cincinnati and Chicago divided a doubleheader, the Reds winning the opener, 6-5, and the Cubs taking the nightcap, 8-5.

Gus Zernial, left, and Gordon Goldsberry are new faces lending a touch of respectability to the White Sox. Outfielder Zernial and 21-year-old First Baseman Goldsberry are among the early American League batting leaders with rousing .360 and .345 averages, respectively. Zernial is from Hollywood, Goldsberry up from Memphis.

Say 50,000 Fans To See Cup Game

WINNIPEG, May 16 (CP) — More than 5,000 will jam the amphitheatre rink to the rafters tonight for the eighth game of the Memorial Cup Junior Hockey final between Montreal Royals and Brandon Wheat Kings—and just as many westerners will have to be content to listen to the game over the radio.

Originally scheduled as a best-of-seven affair, the series—unprecedented in number of games played and the late date of final game—will be extended to nine games if a decision is not reached before three 10-minute overtime periods. Each team has won three games, with another tied.

Al Pickard of Regina, president of the Canadian Amateur Hockey Association, announced Sunday night that if the teams are deadlocked at the end of the regular 60 minutes, they immediately begin the first 10-minute overtime. If no decision is reached then, the clubs will go at it again following a 10-minute rest. A third overtime period will be played if necessary.

Tickets for the game are so scarce, scalpers are having a field day as they ask $6 for a regulsr $2 ducat—and it is expected some will ask $10 for a single seat before game time.

Makes Forced Landing

BAHREIN, Iran, May 16 (Reuters)—Mme. Andree Dupeyron, French flier, made aforced landing in the Minab area of eastern Iran, it was reported here Sunday night. She was uninjured. She had been missing for more than 80 hours.

Locke Triupmphs In $15,000 Event

NEW ROCHELLE, NY, May 16 (AP)—George Schneitter, tournament manager of the United States Professional Golfers Association, said today there was little chance that the organization's executive committee would change its mind and permit Bobby Locke to compete in the 1949 PGA at Richmond, Va.

This strict adherence to rules probably is all right with the players after what the South African did to a select field in winning the $15,000 Goodall round-robin event at the Wykagyl County Club here Sunday.

Bobby shot a 66 for his fifth straight sub-par round to finish with a point total of plus 66, just twice that of defending champion Herman Barron, who finished in second place.

It was Locke's second victory in the event in the three years he has competed. He won two years ago and finished second to Barron last year.

Sixteen leading pros competed in the event. They played five rounds of foursomes so each player met each other player over the 18-hole route. His plus or minus total depended upon his medal score in comparison with the medal scores of each of the other members of his foursome.

Finishing third in this mathematical derby was Sam Snead with 30 points, with Byron Nelson fourth with 29.

GALEHOUSE TO SEATTLE

At Seattle Denny Galehouse, 37-year-old righthander, was signed by Seattle Rainers of the Pacific Coast League Saturday. He was a free agent. Galehouse started for Boston Red Sox last fall in their losing playoff game with Cleveland Indians for the American League championship. He had helped pitch St. Louis Browns to their lone league flag in 1944.

Turtle oil from Mexico is used as an ingredient in some beauty preparations.

"TARZAN", NO APE—This seven-year-old tabby, who answers to the name of "Tarzan" is not only "slightly" overgrown, but unlike other cats, "never touches milk" says owner John Korzec of Montreal. He weights 20 pounds, and will eat nothing but raw hearts and kidneys. "He loves to play with children and is not the least bit wild." PS—He refused the cone held by a customer.

Yesterday's Stars

By The Associated Press

Batting—Sam Chapman, Athletics, drove in the winning run in the first game 8-7 victory over New York Yankees with a long fly after hammering two homers and a double earlier He also doubled with the bases loaded to spark a seven-run sixth inning which gave Philadelphia a 7-6 nightcap triumph.

Pitching—Bill Wight and Allen Gettel, White Sox, combined to pitch a pair of shutouts over Cleveland Indians.

THE SIGN OF SERVICE

The Greatest name

in Outboard Motoring

The name "EVINRUDE" for 40 years has meant the finest of outboards. Positive, hot spark starting, finger tip controls, feather touch responsiveness, complete full pivot manoeuvrability and every modern feature you want is yours in an Evinrude. And every Evinrude model is fully engineered to give season after season of fine performance . . . to deliver its full O.B.C. rated horsepower for hours on end. Evinrude pioneered in outboard motors and Evinrude has consistently and continually improved and perfected them.

See the wonderful 1949 Evinrudes at your dealers today. 5 models to choose from, each one a proud example of Evinrude engineering and in a size and price to suit your boat and budget. Write for complete literature and "Know Your Outboard Motor" booklet.

Evinrude's long established coast to coast Sales and Service organization has genuine Evinrude parts and factory trained mechanics always ready to give you tops in service. This complete service is a real factor to consider in your choice of an outboard motor.

COMPOSERS' MASTER

Franz Joseph Haydn. the wheelwright's son who became one of Austria's greatest composers, taught both Beethoven and Mozart.

Leafs Capture Doubleheader From Syracuse

By The Associated Press.

At the rate Johnny Blatnik is punishing the ball for Toronto Maple Leafs, he'll be back in the majors with Philadelphia Phillies before long.

The young outfielder is hitting at a .400 clip with 20 hits in 50 trips to the plate. He has failed to hit in only one game since coming to the International League early this month.

Blatnik paced the Leafs to a double triumph over Syracuse Chiefs Sunday. Blatnik doubled home two runs in the ninth inning of the opener to help the Leafs rack up a 7-5 triumph. He drove home all three of Toronto's runs in their 3-2 nightcap victory with a pair of homers.

The outfielder homered with one on in the first inning and after the Chiefs tied the count and forced the game into extra innings, homered in the ninth to break it up.

The victory enabled the Leafs to tie Rochester Red Wings for second place, one-half game back of the leading Jersey City Giants.

Divide Doubleheader

Rochester divided a doubleheader with Newark Bears, winning the first game 8-7 and losing the finale 7-1.

Rookie first sacker Steve Bilko was Rochester's big gun in the opener driving home four runs on a homer and a pair of singles. Russ Derry hit his eighth homer for the Wings in the third.

Wally Hood stopped the Red Wings on four hits in the nightcap, the same number culled by the Bears.

The Giants dropped both ends of a twin bill to Montreal Royals, 10-9 and 8-1. The Royals blew an 8-0 lead in the opener as the Giants scored five runs in the sixth and four more in the seventh. The seventh-inning bulge came on Wes Westrum's second homer of the season with the bases loaded.

Montreal, however, rallied and scored twice in its half of the lucky seventh with Bobby Addis scoring the winning run as George Schmees grounded out.

Bob Morgan drove home five runs to spark the Royals home in the finale. He homered with the sacks jammed in the fifth to clinch the game.

Buffalo Bisons and Baltimore Orioles divided a twin bill, the Orioles grabbing the opener 7-2 with a five-run ninth-inning rally that included homers by Frank Mancuso and Red McQuillen.

Buffalo bounced back and captured the finals 4-3 in 10 innings when George Byam homered in the second half of the overtime frame.

Here And There In Sports . . .

By The Canadian Press

The Montreal Standard said Saturday a new national handicap system affecting every golf club member in Canada will be announced shortly by the Royal Canadian Golf Association.

Provincial and club handicaps as they now exist will be abolished and every registered golfer will carry a national handicap card.

Main feature of the change, said the Standard, will be that a player will be able to raise and lower his handicap according to the fluctuations of his game.

Handicaps now are based on a player's five lowest scores. If he slumps and isn't playing to his handicap he can have it revised only by appealing to his handicap committee.

The new system, said the Standard, will be based on an average of 20 per cent of a golfer's scores, whether made on his home course or not.

One racing fan at Toronto's Dufferin Park race track cleaned up nearly $3,000 Saturday with an original investment of $22. The bettor had 11 tickets on Shelley B, winner of the first race. He sold two of them for $35 each and traded the remaining nine in for tickets on Tetramore in the second, despite pleading from friends that he cover the board. Tetramore won and the double combination was worth $319. This gave him $2,871 plus the $70 for the two tickets he sold — a grand total of $2,941 for his efforts.

At Yonkers, N. Y., Victor Dyrgall, durable New York accountant, staged a driving finish Sunday to win the National Amateur Athletic marathon in two hours, 38 minutes and 48.9 seconds. He finished nearly a full minute ahead of his closest pursuer, defending champion Johnny Kelley of Boston, in the large field that covered the route of 26 miles, 385 yards. Gerard Cote of St. Hyacinthe, Que., finished fourth in 2:42.38.

Change Forward-Pass Rule

TORONTO, May 16 (CP) — Football's rulemakers touched up next season's playing code at their annual meeting here Saturday and proposed a major change in the forward-pass rule that would further open up the attack.

The proposal is to lift the requirement that a forward pass must cross the line of scrimmage.

The amendment was not approved on the spot by the Canadian Rugby Union's eight-man rules committee. W. C. (Billy) Foulds, veteran chairman, announced that a sub-committee was set up to consider the possibility of putting it into effect.

It was indicated unofficially, however, that most delegates favored the idea and it is merely a matter of fitting it into the rulebook.

Foulds announced after the closed meeting that the rulemakers approved three playing-code changes. Two others were voted down when it was decided to leave the running interference rule unchanged and to continue using the horn to signal a rules infraction.

Rule Changes

1. On a kickoff, defending players are permitted to block or interfere in an area of 20 yards, instead of 10, from the line of kickoff to the defending side's goal. This blocking is legal only until possession of the ball is gained by either side, however, so there still is no running interference permitted on kickoffs.

2. If feasible, this blocked-kick rule is to apply on kicks from scrimmage when the ball, before crossing the line of scrimmage, strikes an offside player of the kicker's side. Previously the ball was immediately declared dead.

3. In substitutions, one player only of each side may be given the right to enter on the field and report direct to the referee when the ball is dead. All other substitutes must continue to report through the headlinesman. Once these subs appear on the sidelines, they must enter the game immediately subsequent to the stoppage of play, otherwise their team will be penalized 10 yards.

Delegates felt this ruling will stop unauthorized players cluttering up the sidelines. At the same time, by letting one played bypass reporting to the headlinesman a valuable kicker or passer can be shuttled in and out at crucial moments without delay.

3 Big Parties Woo Maritimes

OTTAWA, May 16 — (CP). — A rich political prize — the 34 Commons seats of the Maritimes and Newfoundland—is the objective this week of the three major parties looking for victory in the June 27 Federal general elections.

Heaviest guns of the Liberals, Progressive Conservatives, and the CCF will be booming through the seaside area most of this second week of the campaign.

Prime Minister St. Laurent and George Drew, Progressive Conservative Leader, will continue operations they began in those provinces last week. M. J. Coldwell, CCF Leader, starting his country-wide swing a week behind the other two, joins them to-day.

In the last Parliament, Maritime representation was preponderantly Liberal. The new Province of Newfoundland is untried fighting ground, with seven seats at stake.

During the first week of campaigning, no new issues developed that had not previously been brought forward by one party or another. Prime Minister St. Laurent, in Nova Scotia, went so far as to say there were no great issues at all in the campaign.

FIRE, THAT STARTED when exploding cans of chemicals on a truck exploded, severely damaged the interior of the Holland Tunnel, which connects New York City and New Jersey. At least 30 persons were overcome by escaping fumes, as 12 trucks burned. The interior, normally white, was blackened and the tiles lining the tunnel "peeled" off. Traffic into the city was snarled for hours. (Photo by NEA-Acme staff photographer Maurice Maurel.)

Fire Hits Farm On Unlucky Day

HASTINGS, May 16—(ENS)—Len Cleary and family, who live two miles south of Hastings on No. 45 Highway, had bad luck on Friday the 13th. At 2.30 p.m. Mr. Cleary's mother noticed smoke coming from the rear of the house.

On going outside she saw smoke and flames leaping up the side of the building. Rushing inside to give the alarm, Mrs. Cleary tried to save a few possessions, but by this time the whole east end of the house was blazing settling on the roof of the barn and flames and sparks were 50 feet away.

Neighbours Assist

Neighbours and friends, noticing the smoke, immediately gathered to give what aid they could.

The Hastings Fire Department was summoned and concentrated their efforts on saving the barn and other buildings close by. The lack of water hampered the firemen in their efforts, water having to be pumped and carried to the fire engine, as their only source of supply was from the water in the barn running into a trough close by.

Only a few pieces of furniture were salvaged from the fire by neighbours.

An hour after the fire started nothing remained of the house but a smoldering ruin.

Mr. Cleary had left for Peterborough with his wife and children about an hour before the blaze started. Mr. Cleary heard of the fire in Peterborough and immediately hastened back to Hastings only to see his home nothing but a smoldering ruin.

The house was only partially insured

Save Other Buildings

By the combined efforts of the Fire Department, friends and neighbours, the surrounding buildings were saved. Several times they caught fire and were promptly put out.

Bad luck seems to be following Mr. Cleary, as only three weeks ago the building he owns on Front St., Hastings, partially collapsed.

Mr. and Mrs. Cleary and family were given shelter by Vincent Keogan of the Cobourg Road.

Wm. P. Robinson Buried At Lakefield

Funeral service for the late William Porter Robinson, 85, of 177 Murray St., was held at the Kaye Funeral Home on Sunday at 3 p.m. The Rev. Ivan C. Morgan of Murray Street Baptist Church officiated and pall-bearers were four sons, Everett, Roy, Emeric and Hector and two nephews, Jack and Arthur Robinson of Detroit. Bpurial was at Lakefield Cemetery.

Mr. Robinson died on Thursday in hospital following a short illness. He was born in Douro township, son of the late Mr. and Mrs. John Robinson, and tbefore moving to the city four years ago, lived in Lakefield. His wife the former Isabella Young, predeceased him.

He was a retired carpenter and a member of Lakefield Baptist Church and of the Bridgenorth Lodge of the Canadian Order of Forresters.

FISH RADAR

A catfish's "whiskers" are sensory organs that enable it to feel its way through muddy water.

Havelock News

Miss Lorene Youmans, daughter of Mr. and Mrs. William Youmans, underwent an operation in St. Joseph's Hospital, Peterborough, recently and is reported to be progressing favorably. Mrs. Youmans accompanied her daughter to Peterborough and was the guest of Mr. and Mrs. Claude Bertram.

The following members of the Women's Association of Havelock United Church attended a convention of the WA at Norwood on Wednesday: Mrs. Harry Houle, Mrs. A. Anderson, Mrs. P. Haig, Mrs. R. Bonny, Mrs. F. R. Vanderburgh, Mrs. F. Chase, Mrs E. W. Seeney, Mrs. A. McMullen, Mrs. T. Easterbrook, Mrs. Rae Williams.

Mr. and Mrs. Gordon Seeney and son Clare left on Friday to take up residence in Toronto. Their son Winston will remain with his grandparents, Mr. and Mrs. [illegible] school closes.

Mr. and Mrs. W. Nobes, Sr., Mrs W. Stevenson, Mrs. L. H. Cooke and Mrs. W. W Hill attended a recent meeting of Madoc Chapter Order of Eastern Star, at Madoc

Don't be fooled by "The Average Family"!

FACTS AND FIGURES about "the average Canadian family" may lead you to think that most families are pretty much alike.

But of course while families may be similar in *some* ways, they are *different* in countless other ways.

Your family, for instance, has its own individual combination of size, ages, income, rent, tax bills and living expenses. It has its own private plans and dreams, *its special needs for life insurance.*

That is why the services of your life insurance *agent* are so necessary. He is trained to analyze your family's needs and help you meet them with a life insurance plan designed especially for you.

Often it is difficult to decide *how much* life insurance you should own, or *what kind of policy* or policies will best meet your needs. But your agent can help you solve these problems. And he knows how to arrange your life insurance to take care of all the money problems that arise in connection with protection and retirement.

Rely on him. More than a million Canadian families have benefitted by the experience and advice of the modern life insurance agent!

A helpful citizen in your community

When your agent sells you life insurance, *he also helps to improve your community.* For a large part of each life insurance dollar is put to work, through investments, to build schools, bridges, highways, industrial plants and many other projects that create jobs and make for better living.

You share in these improvements, made possible through the efforts of your helpful fellow-citizen — the modern life insurance agent!

A message from the more than fifty Life Insurance Companies in Canada

LIFE INSURANCE . . . Guardian of Canadian Homes

There's a big investment behind the gas for every car

Finding oil and bringing it to you—in the kind of products you need, and at low prices—is a big job and takes a lot of money. Behind that dependable supply are thousands of Canadians engaged in finding, producing, transporting, refining and marketing—working with tools that cost hundreds of millions. But the investment in those tools is your guarantee of adequate supply and minimum price.

FIRST, the oil must be found. This means expensive equipment and the risking of money in patient search. A single deep test drilling rig is worth half a million dollars and one unsuccessful well in the Alberta foothills has cost more than a million. Then when oil fields *are* found, they must be developed; just to drill and equip one well in the Leduc field costs about $100,000.

SECOND, crude oil must be transported to a refinery. Tank cars, pipe lines and ocean and lake tankers are the vehicles. A large pipe line may cost $100,000 a mile; Imperial's largest tanker, just put into service, cost more than $5 millions.

THIRD, the crude oil must be refined into hundreds of useful products. Large and complex refining units are the workman's equipment here. To meet your increasing needs for more and better products Imperial since the war has added refining capacity to process an extra 31,000 barrels per day. The cost was more than $30 millions.

FOURTH, the products must be marketed—this means they must be made available to you when and where you need them. The tools of the marketer are such things as service stations, truck fleets, coastal ships, barges, oil drums and tanks. This equipment, too, adds up to millions.

Canadians are using twice as much oil as in 1939. To help meet your increasing needs Imperial has sought and found new fields, built ships and pipe lines, erected new refinery units, installed new marketing equipment. It costs more than twice as much to do these things as before the war.

The money we needed to do these things came from borrowing, from the sale of investments and from earnings put back into the business after paying dividends.

This money is helping to provide the tools to bring you all the oil you need—at the lowest possible price.

Bringing you oil is a big job—and a costly one.

IMPERIAL OIL LIMITED

If you're interested in facts . . ,

The price of a gallon of gasoline today is about the same as the price of a gallon of distilled water.

For years before the war the wholesale price of gasoline dropped almost steadily and although it has been caught in the general upswing of costs it has not increased nearly as much as other commodities.

Since 1939 the general wholesale price index has more than doubled but the petroleum products price index has advanced by less than two-thirds.

On its 1948 operations Imperial earned a profit equivalent to less than one cent a gallon for each gallon of products sold.

Army Week Opens Tonight!

Yes, it's Army Week tonight, and all this week, in Peterborough, and you can see your local citizen-soldiers busily at their training at the Armoury Field on Murray street under the floodlights. They will show you how they have learned and are learning their various tasks in your defence, and they hope you'll ask many questions so that you, too, can take your part in this great training that has become a hobby for so many. In addition, the Peterborough regiment has arranged the following attractions for you for this week:

- **The Famous RCR Military Band**
- **Heavy AA Demonstratior**
- **Special Displays, Motion Pictures**

The RCR Band, which has been assigned to Peterborough for its opening night, will give an outstanding program of music, following the special opening of the week's work by His Worship Mayor Max Swanston.
The ceremony will open at eight o'clock on the Armoury Field, and will be broadcast over CHEX.

PLEASE NOTE:
Remember that Wednesday evening there'll be the visit of the Army's Travelling Circus—a smashing display of how the Army was supplied during the past War—the Army's special driver testing equipment which will service as many civilians as possible—and the Army's fast-moving signal equipment for laying lines and poles—plus many special vehicles and equipment. DON'T MISS IT.

50th Heavy AA Regiment (RCA)
(The Prince of Wales Rangers)
and its
37th Heavy AA Workshop (RCEME)

A Word About Recruiting!

YOU CAN RECRUIT WITH the 50th HAA Regiment in Peterborough, or, if you are mechanically inclined, with the regiment's associated 37th HAA Workshop RCEME, recently formed.

You must be 17 years of age and not over 50 and in good health. You must be enthusiastic and prepared to give a little time to this, your share of citizenship. You will receive comradeship, recreational training, use of all the Army's facilities for entertainment, and, of course, generous training pay while with us.
You will learn general military training, including the handling of all types of weapons, gas respirators, signal equipment, radar, guns, and calculators, and can assist us in our vehicle and wireless sections if your traits are bent that way. We are on the lookout for sharp young types, or former Active Service Force soldiers now in civilian life and we are sure that there's a place for you with us.

There's summer camp to think about, too. The regiment goes to RCSA (AA) Picton (Point Petre Firing Camp) for actual firing against air-towed targets, and this is the real highpoint in the training of heavy AA gunners. Many city firms have already agreed to permit any personnel of these units to attend summer camp by giving them extra time off with pay made up.

IF THERE ARE ANY QUESTIONS YOU WANT ANSWERED ABOUT RECRUITING, SEE THE INFORMATION BOOTH OFFICIALS. THEY'LL BE GLAD TO ANSWER YOUR QUESTIONS.

Committee After Improved Roads

GORE'S LANDING, May 16—(ENS)—The Hamilton Township road committee met in the public library here Thursday evening. Deputy Reeve Hilton Harris was elected chairman pro tem.

The committee was appointed last winter at a public meeting of ratepayers and interested citizens for the purpose of seeking improvements to the county road between Cobourg and Harwood and the 8th concession to No. 28 highway.

The committee decided that they were not yet in possession of authentic information as to the program of implementing the recommendations made by the road committee to the county council spring meeting in Cobourg.

To Seek Conference

On motion, it was decided that the secretary should seek to bring about a meeting between the township road committee and the road commission of the counties council.

The Hamilton Township road committee was aware that some road maintenance work was being done, but there did not seem to be in sight any major new construction which is very badly needed on the Cobourg-Gore's Landing-Harwood road. As the 8th concession road is undergoing some repair at present, the committee asked Deputy Reeve Harris to make arrangements for the road committee to meet the Hamilton Township council with a view to eliminating the sharp right angle junction of the 8th concession and the Lander road.

The road committee consists of the following members: R. E. Drope, MP, chairman; Rev. A. E. Larke, secretary; Deputy Reeve Hilton Harris, MacLean Herriott, Charles Burrison, Lyle Wallace and Harry Carter.

Held Without Bail

MONTREAL, May 16 (CP) — Three Canadian Seamen's Union (TLC) members Saturday were ordered held without bail pending voluntary statement May 20 on charges of grievous assault on a rival Seafarers' International Union (AFL) member, The trio, Frank Clark, 20, Mervin Hartley, 22, both of Niagara Falls, Ont., and John Young, 27, of Cape Breton, NS, were arrested Friday after they allegedly beat up Joe Finlayson of suburban Verdun for having switched from the CSU to the SIU.

Flood Threat Eases

VANCOUVER, May 16 (CP) — Waterways in the Similkameen Valley, 150 miles east of here, rampaged this week-end, flooding roads, snarling traffic and threatening new devastation. Meanwhile, towards the coast, the Fraser River began to slow down. Fears of a recurrence of last year's disastrous inundation were removed partly, when the river registered only a 1.5 foot rise at Mission during the week-end.

Three Die In Crash

OKOTOKS, Alta., May 16 (CP) —Three men were killed and a fourth injured Sunday when an automobile in which they were riding plunged off the road near here and caught fire The dead: Burt Trout of Calwin, Alta., Arthur Stewart of Calgary, and Frederick Macamond. Andrew Chisholm escaped with minor injuries.

Opens Army Week

TORONTO, May 16 (CP) — Defence Minister Claxton Sunday night officially opened Army Week here at what was described as the largest massed band concert in Canadian history. Sixteen top Canadian military bands, composed of 500 musicians, took part in the ceremonies before 15,000 persons in Maple Leaf Gardens.

Boy 11, Hangs Self

KELOWNA, BC, May 16 (CP)— An 11-year-old boy hanged himself here Sunday and police said they believed comic books were responsible for the death. The boy was Larry Cacchioni, youngest son of Mr. and Mrs. August Cacchioni. Police said the boy had a habit of acting out stories he read in lurid comic and detective books.

Introduced To CCF

ST. JOHN'S, Nfld., May 16 (CP) —The CCF introduced itself formally to Newfoundlanders Saturday night in a radio address by Eamon Park, member of the Ontario Legislature for Toronto-Dovercourt. Mr. Park, firing the first gun in Newfoundland for the CCF's Federal campaign, said his party would contest "several if not all of Newfoundland's seven Federal seats."

Attempted Robbery

MONTREAL, May 16 (CP) — Two youths were arrested Sunday following a chase punctuated by shots after they allegedly attacked and attempted to rob Harold Riseborough, 47, a British seaman of Plymouth, England. Arrested on charges of attempted theft with violence were Roger Chicoine, 22, and Roger Ouellette, 20, both of Montreal.

Bride "Showered"

MARMORA, May 16 —(ENS— Ninteen girl clerks of the village participated in a miscellaneous shower for Jean Bishop, bride-elect, at the home of Mr. and Mrs O. P. Marett on Thursday evening. Others unable to be present also sent gifts. The evening was spent playing games.

15 WEEKLY PRIZES
RULES - - READ CAREFULLY

The "Radio Ad-O-Gram" Page will appear in The Peterborough Examiner every Monday. In the spaces, in the heading of this page there appear phrases and slogans which have been taken from the advertisements appearing on this page.

TO QUALIFY FOR PRIZES

The reader must find among the advertisements appearing on this page, the ones from which the phrases and slogans have been taken. In making up solution, fist write down the number as it appears in the heading. Then opposite the number, write the name and address of the Advertiser from whose advertisement it has been taken, listing them in order of number. To make your solution eligible for entry, attach to it a receipt or label showing that goods or service have been purchased from any one of the Advertisers on this page.

AWARDING OF PRIZES

From all correct and eligible solutions received during the week, 15 will be drawn and the prizes awarded to each respectively in the order in which they are drawn, 1st, $5.00—2nd, $3.00—3rd, $1.00—4th, $1.00, the next 10 will receive a Capitol Theatre ticket.

MEYERS STUDIOS, are awarding a special weekly Prize. This is an 8 x 10 Black and White Portrait, nicely mounted in a folder. This Award will be made to the person whose reply is judged the neatest.

Mention the "Radio Ad-O-Gram" advertiser on whom you wish your prize order. Address replies to the "Radio Ad-O-Gram" editor and make sure they reach The Peterborough Examiner by Friday.

Awards will be made in the form of merchandise orders, redeemable at any Advertiser on this page. State on your solution, at which of these "Radio Ad-O-Gram" establishments you wish to redeem your prize order.

RADIO Every Monday the Radio Ad-O-Grams will be announced over CHEX and attention directed to the page in that day's Peterborough Examiner.

Pearson Visit Non-Political, Plan Reception

"There is nothing political about the visit of Hon. Lester B. Pearson, Secretary of State for External Affairs, to Peterborough at the end of this week," said City Clerk Outram today in a reference to the council's civic reception to the Minister and Mrs. Pearson at the Empress Hotel Friday night.

"He will be here as the guest of the Life Underwriters' Association," Mr. Outram said. "Mr. Pearson accepted their invitation many weeks before the election was announced. Since that announcement he wrote the Mayor as to whether, in view of the political campaign being under way, he should come and keep the engagement. We have been trying for almost two years to get Mr. Pearson here."

Mr. Outram said the visit and the reception were non-partisan, both the life underwriters and the council reported that they saw no circumstances which should prompt them to cancel or postpone this affair.

Mr. Pearson lived in Peterborough during the pastorate of his father at George St. United Church, and the claim could be made here that his education at the Collegiate Institute was the basis of his remarkable success in public life. His former residence here was a large part of the reason of the invitations that were sent to him from Peterborough.

"There will be an 'ad' in the paper inviting the public to meet Mr. Pearson at the civic reception which will be held in the Kawartha Room of the Empress after 9 p.m. Friday," Mr. Outram said. "It will be an informal affair, and the opportunity will be given to the people generally and to any old friends of his family to meet him. I would like to emphasize that Mr. Pearson suggested that we might wish to leave the affair until later, but no one wanted to do that. Peterborough has grown past that stage of development. This is a personal, not a political, reception."

Mr. Pearson is Secretary of State for External Affairs.

Tax Bills Mailed

Peterborough's municipal tax bills are on the wing and coming home to roost with the first instalment due and payable during the first week in June.

Property owners have known since the council adopted its 1949 budget that the increase in the rate will be reflected in the amounts to be paid across the counter in the collector's office. Probably as an indication of the general experience throughout the city one property that paid $156.87 in 1945 will be required to pay $238.63 this year.

PERCY DALLIN, Left, has been named president and Donald Loucks, Right, vice-president of the Peterborough Sales and Advertising Club. The club winds up the present season on Tuesday night with a dinner at Gilmar Lodge, Sturgeon Lake when the new officers will be installed. Charles S. Watson, Toronto, one of Canada's best speakers on public relations, is scheduled to address the club.

Night Tryst Under Bridge To Return Stolen Cash

In search of $113 which was discovered missing Sunday evening from Braund's groceteria, Charlotte St., Roy Penrose, manager, had an experience reminiscent of childhood adventure stories. Mr. Penrose who was due to start his holidays Saturday made a final check-up of the store on Sunday night. He found the rear door of the store open and discovered that $113 in silver was missing.

Soon after discovery of the loss Mr. Penrose received a telephone call and made a rendezvous with the caller under Hunter St. bridge. Here he was given $104.35 of the missing money which his informant told him, had been taken from the store by a young brother and sister aged seven and nine.

It appeared that the little girl had opened the door of the store while the boy had taken the money.

Mr. Penrose had called the aid of his assistant, Ernest Found and Constables Clair McGillen and Vern O'Donoghue when he found the store had been entered.

Three Cars Bump

Three cars brushed fenders on Hunter St. Saturday but none of the cars was damaged to the extent of more than $25 according to the estimate of Constable W. G. Scott.

Harry F. Spearling of Toronto had his car facing west on Hunter St. waiting to back into a parking space after Jack Matchett RR 11, Peterborough, had passed by. Mr. Matchett and Brinson F. Cox, 533 McKellar St. collided as they passed Mr. Spearing, whose car was also involved in the impact.

Damage was confined to fenders and running board.

Hardill's Team Wins Opener

Members and guests of the Peterborough Golf Club were welcomed by President M. G. Hardill at the dinner officially opening the season's play Saturday evening in the clubhouse. More than 80 golfers made the rounds of the course in the afternoon, and 75 sat down to dinner. Frank Buckland of the Kawartha Golf Club spoke briefly on the sportsmanship and the friendly rivalry prevailing between the two city clubs.

President Hardill's team won the opening competition from G. H. Cutmore's vice-presidential team 11 matches to 10, with four being tied. In the ball sweep Gordon Whatman had low gross in the first flight, and Arnold O'Heron low net. M. Brady had low gross in flight two and R. Segar low net. Flight three saw Doug Wiley take low gross, with T. Cooke winning low net. H. C. Sootheran had low gross in flight four with Claude Elliott taking low net

Harvey Taylor Held As Material Witness

TORONTO, May 16 — (CP) — Vera Powless, 29-year-old mother of five children, and Herbert Isaacs, 28, were charged with wounding Saturday night following an argument in a west-end house. Police said that during the fight, Isaacs wielded a knife and the woman a chair.

Police said they found Mrs. Powless beating Isaacs with a chair. Isaacs, a roomer in the Powless home, required 15 stitches to close severe scalp wounds. Mrs. Powless suffered a cut hand.

Harvey Taylor, 24, of Peterborough, and Wilf Powless, the woman's husband, were held as material witnesses.

Need Of Man Spiritual Masons Told

"We are part of an irreverent age. Some people have no reverence for anything, not even age, the Sabbath Day, or the Bible," declared Right Worshipful Brother Rev. James Semple, Th.D., minister of George Street United Church and grand chaplain of the Masonic Grand Lodge of Canada in Ontario, at the anual service of Peterborough district A.F. and A.M., G.R.C., in his church on Sunday night.

"Man's needs today are not material, but spiritual," said Dr. Semple in stressing that the world would be a better place to live in if the Masonic vows of reverence, uprightness, obedience and fellowship and love were generally accepted and practised.

The service was attended by members of the following lodges: Keene, Percy (Warkworth), J. B. Hall (Millbrook), Norwood, Havelock, Golden Rule (Campbellford), Hastings, Clementi (Lakefield), Royal Arthur (Peterborough), Peterborough Lodge and Corinthian (Peterborough).

The scripture lesson, I Corinthians XIII, was read by Right Worshipful Brother C. J. Ray, district deputy grand master, who also represented the grand master of the Ontario Grand Lodge at the service. Brother Charles E. Allen, organist of the church, presided at the organ. The solo, "God Hath Not Promised," was sung by Sam Castle and the choir sang the anthem, "Watchman, What of the Night," with solo part being taken by Mrs. James Goldie.

Important Work

In welcoming his Masonic brethren to the church, Dr. Semple said that they "represented a very important organization whose work is lauded throughout the whole world."

Dr. Semple chose as his text, Ecclesiastes 5:4, "When thou vowest a vow unto God, defer not to pay it; for he hath no pleasure in fools: pay that which thou hast vowed." His sermon theme was "Our Vows."

In discussing the various vows assumed by members of the Christian church, the Masonic chaplain said that the marriage vow is often "held very lightly" today. It being looked upon by some "as just a ceremony to be gone through with and not to be taken very seriously."

A Sacred Thing

"A vow is a sacred thing," declared Dr. Semple, reminding those present that the word "vow" occurs in the Bible no less than 54 times. All through history, up until the present day, a breach of a vow was considered "the most unpardonable of crimes, something that in some countries was punishable even by death," he said. "Today our vows are not kept as seriously." Dr. Semple asserted that there will be plenty of examples of this between now and June 27, during which time "dishonest rhetoric of politicians will be heard up and down the country, as they make vows concerning some things."

Dr. Semple declared that "reverence is the essence of manhood; without it life becomes petty and vulgar." The vow of obedience taken by Masons was "the fundamental law of life" and the basis of family and community life. In taking this vow, Masons pledge themselves to serve not only their order, but humanity by "a continual outreach for the better life."

In taking the vow of fellowship, members of the Masonic Order promise to help those in need, and to offer to all "friendship and love", without which money "is the poorest thing we can give." To emphasize the need of more abundant fellowship in the modern world, Dr. Semple said that one reason some people turn to Communism is because it offers fellowship of a kind. "When we consecrate ourselves to the keeping of these vows, life becomes rich and meaningful, not only to ourselves, but to those others we are trying to serve."

Obituary

BRIAN DAVID McDONALD

Five-day old son of Mr. and Mrs. David McDonald of 340 Wolsley St., Brian David, died on Sunday in hospital. Besides his parents there are Mr. and Mrs. Yeatman of this city, grandparents, and grandfather D. Mcdonald of Bolsover, Ont. Funeral service will be from the Bellegherh Funeral Home on Tuesday at 2 p.m. The Rev. H. G. Douglas of Knox United Church will officiate and burial will be at Little Lake Cemetery.

MAIN ST. TOPICS

CELEBRATED

Herb Payne, well known Peterborough transport operator, celebrated the birth of a colt to one of his ponies Saturday by distributing cigars and singing Cruising Down the River as he walked along Charlotte St.

LANDS BIG ONES

John Moncrief lifted a 7¼-pound pickerel from the waters at Young's Point Saturday for one of the largest fish caught opening day. John Moore and Mr. Moncrief were fishing from the bridge. Jerry Wilson, 814 Water St., caught a 4¼-pound pickerel at Nassau Saturday morning.

PRESENT AT CLINIC

Mrs. Jessie Powell, swimming instructor at the YWCA, Gordon Minty, honorary swimming director at the YMCA, Frank Wright and William Lech attended in Toronto the Royal Lifesaving Society annual meeting for instructors over the week-end. A lifesaving clinic was held Saturday at the University of Toronto.

ATTEND CHURCH

PCVS Cadet Corps attended Murray St. Baptist Church Sunday morning for their annual church parade. The Rev. Ivan Morgan's topic was "The Commanding Officer." At the evening service the PCVS choir led in the service of song. The topic for the evening service was "The Singer and His Song."

INSTRUCTS INSTRUCTORS

Capt. P. W. Sargeant, attached to the A. and T. staff at the armouries, has been posted to Picton until June 21. There he will instruct instructors at the Royal Canadian School of Artillery. Upon completion of the course he will go to Valcarier, Quebec, to give another course of instruction.

WIRES CAUSE SHORT CIRCUIT

Firemen made only one call over the week-end, and even then their services were not required. The trouble arose at the residence of J. Bennett, Park St., where a light fixture was removed as a re-papering job commenced. In some way the two wires came in contact with each other and the insulation was burned. The situation was rectified before any damage was sustained.

BOWLING OFFICERS

More than 400 members of the Ontario Bowling Association of the Deaf gathered in London over the week-end for their annual meeting and tournament. There were 36 teams represented and about 250 visitors from Ottawa to Detroit, Michigan. George Forfar of Toronto was elected president for his fifth term; other officiers include, Secretary - Treasurer, William Mayfield, Peterborough; Directors, Howard J. Lloyd, Brantford and Frank Mair, London.

Collarbone Broken When Car Hits Rail

Eugene McCormick, 111 Rubidge St., is a patient in St. Joseph's Hospital suffering from a fractured collarbone and lacerated forehead which he sustained in an accident in which he was involved on No. 7 Highway, a quarter of a mile east of the Locks bridge, at 12:30 a.m. Sunday. The car he was driving went out of control in some manner and knocked off a guardrail post and hit a telephone pole. The vehicle suffered about $300 damage, its whole left side being almost completely wrecked. The roof was also considerably damaged and the windshield shattered.

The accident was investigated by Provincial Constables George Henderson and David Coffee of the Peterborough headquarters staff of the Provincial Police.

Friends Present Purse Of $600 To Fire Victims

Rural community life showed to its best advantage on Friday night when friends and neighbors presented Mr. and Mrs. Lewis Downer of the 6th line, Otonabee, whose home was recently destroyed by fire, with a purse containing more than $600.

The social evening, spent at the home of Mr. and Mrs. Elmer Davis, also of the 6th line, drew about 50 Otonabee residents. Besides presenting the purse they also gave a community shower for Mr. and Mrs. Donald Davis.

Newly married, the young couple are living with his parents, Mr. and Mrs. Elmer Davis. The recent bride and groom received a silver tea service from their friends.

Entertainment at the Davis home consisted mainly of dancing to old time music. Refreshments were served at the end of the evening.

Presented Purse

Harold Weir of the 6th line presented the purse of money to Mr. and Mrs. Downer on behalf of the community.

The Downer home burned down about three weeks ago with a loss estimated at nearly $10,000. Rebuilding has already commenced and progress is said to be rapid. It is believed that it will be ready to live in before the end of the summer. Completion of the exterior is the primary task as the interior can be finished later.

At present they are living at their daughter and son-in-law, Mr. and Mrs. David Henderson, 198 Rubidge St. Also displaced because of the fire was Mr. Downer's son, George, and his wife and two children — Diane, age 5, and 10-month-old Douglas. They are now residing with Mr. and Mrs. Alton Downer, St. Marys St.

The willingness of their fellow-residents of Otonabee to help them through their misfortune has won the gratitude of the Downers. The burned-out family is receiving volunteer help from neighbors in the rebuilding of their home.

First Choir Leader In Ennismore Buried

Pall-bearers at the funeral of Mrs. Catherine J. Crough, age 84, who lived most of her life in Ennismore, were Ambrose Crough, Dr. E. M. Crough, Daniel K. Crough, Dennis Sullivan, J. Norman Burke, and Joseph Redmond.

Mrs. Crough died on Tuesday and the funeral was on Friday from the Anglesey Funeral Home to St. Martin's Church, Ennismore where the celebrant of Requiem Mass was the Rev. V. J. Gillogly.

In the sanctuary were the Rev. Dean McCauley of Lindsay, the Rev. Quenton Killen, and the Rev. J. Killen of Immaculate Conception parish.

Mrs. Crough was organist at St. Martin's for more than 50 years; and she organized the first choir there.

Graveside prayers were said by Father Gillogly and burial was in St. Martin's Cemetery.

NEW FIRE HALL NUMBERS

Those wishing to telephone the Fire Hall should record the following numbers: Fire Chief 5712, Business Phone 5713, and Alarm 5711. Formerly business calls were put through a local number at the City Building switchboard. Those calling on routine business or seek permission to burn rubbish should use 5713, leaving the 5711 for emergency calls only.

10-Room Cavan Home Burns Neighbors Give The Alarm

MILLBROOK, May 16 (ENS)—The 10-room house of Christopher Peterson on the 7th concession of Cavan, about four miles northeast of here, was destroyed by fire this morning with all its contents except a few odds and ends of furniture. Loss was estimated at $8,000.

Smoke pouring from the back kitchen of frame construction was noticed by neighbours who ran across to Peterson's with the alarming news that their house was on fire. The kitchen was soon in flames, and by the time volunteer help arrived it was evident that nothing could be done to save the main building, a big house of brick veneer, comprising ten rooms.

Efforts were temporarily concentrated on getting out furniture some of which was carried out on to the lawn. Neighbours in the meantime forming a bucket brigade and reinforced by the pumper from the Millbrook fire department turned their attention to saving the barn which was dangerously close to the kitchen. Their efforts were successful in restricting the damage to the residence, but it was a total loss.

The fire was first noticed about 10 a.m. It was said that there was no fire in the kitchen stove. The cause was not known. The farm occupied by Mr. and Mrs. Peterson and their four children, the youngest a baby.

Mr. Peterson said he was going to try to put up temporary quarters for himself and family until he could decide about rebuilding. His estimate of the damage was $8,000. He was working in a field with his hired man, Mr. Steele of Millbrook, when the fire broke out.

Mrs. Peterson was in the house with her daughter Karen, three years old. The baby was in Millbrook with Mrs. Steele, and Marie, 8, and Joan, 7, were at school. Several hundred farmers of the neighborhood turned out to fight the fire, but it had too great start for their feeble efforts without equipment.

8-Lb. Pickerel Biggest Yet?

Probably the biggest pickerel caught in this district so far this season was pulled in about nine Saturday morning by W. B. Payson of 845 George St. The finny prize weighed eight pounds, measuring 28½ inches, being half a pound heavier than the largest previously reported since the season opened.

Mr. Payson, an employee of the Peterborough Glass Co., was fishing with his wife and child at the time, and it was the only strike he had. It was caught near Kawartha Lodge on Katchewanooka Lake. He hopes to enter it in a fish derby if there is one between here and Toronto for pickerel.

Female Hound Takes Over Barn

A female hound is busy bringing up her pups, with the aid of a black bobtail Collie, in an empty barn on the Warsaw Rd. east of Curtis's brick yard. She made the barn her home last fall and will take no heed of well wishers who have endeavoured to find her a more comfortable home.

Gerald Dunford, Peterborough Humane Society inspector, has been trying to discover who is the owner. He has made several unsuccessful attempts to catch the hound and is hoping that if the owner were to approach her, she might be more congenial.

Two Bush Fires Under Control

Two bush fires were reported in Eastern Ontario over the week-end. One, at Caledon East, 35 miles north-west of Toronto, destroyed 50 acres of hardwood and threatened several farm buildings and the district school. It was not within the protective area of the Department of Lands and Forests and a volunteer brigade with bulldozers and shovels confined the blaze and brought it under control.

The second fire in Haliburton which burned through about 250 acres of Hydro power line right-of-way last week appears to be out, according to District Forrester A. B. Wheatley. Although there are now no signs of smoke, he has ordered the Hydro patrol to supervise the area in case of an outbreak.

JUST HOW THE TOURISTS' DOLLAR is disposed of in the first instance is illustrated by a breakdown figured by tourists promotion interests, as shown above. Twenty-five cents are spent in retail and department stores; 22 cents in restaurants and food stores; 17 cents in hotels, resorts, and tourist camps; 12 cents in service stations and garages; nine cents for movies, entertainment and other forms of recreation; seven cents for train, steamship, motor coach and plane fares; five cents for refreshments and roadside purchases and three cents for novelties, souvenirs, gratuities and other incidental expenditures. Under each of these divisions, it is emphasized, the tourist dollar again keeps circulating and benefiting everybody.

5 People Share Yukon Jackpot As Ice Breaks

DAWSON, Y.T., May 16.—(CP).—The ice broke up on the mighty Yukon River here Saturday—and so did this year's $10,000 jackpot.

Five persons shared the sweepstakes when the breakup came at 1:32 p.m. PDT—within one minute of the winning guesses.

Measured to the second by a new, elaborate timepiece, it was the first timed breakup in three years. In 1948 and '47, the old clock failed to record the mighty upheaval.

Winner of this year's sweep was Lloyd Spencer, a Dawson woodcutter. He'll collect about $4,000 of the pot.

The four other winners are collecting the money they didn't get last year and the year before.

And Woodcutter Spencer will cash in on the $4,020 pool for 1948. He guessed the same time—1:31 p.m.—for both years.

Sharing last year's pool with him are J. Harrison of Whitehorse and Mrs. J. MacLennan of Dawson. They also were a minute out, guessing 1.33 p.m.

HARDEST SUBSTANCE

A diamond is composed of pure crystallized carbon, which is the hardest substance in the world.

THE LONG LINES of tractors pictured here pouring ashore at Port Elizabeth, South Africa, are part of a record shipment from Britain. Including automobiles, the shipment was so vast that it took two ships to carry it. Production of agricultural tractors in Britain last year rose to more than 100,000, ten times the annual prewar total.

Ask Canadians To Take Look At Army Work

OTTAWA, May 16 (CP)—Canadians were asked Sunday night to use this week to take a look at what their army is doing.

The invitation was extended by the army's Chief of Staff, Lieut.-Gen. Charles Foulkes, at the opening of Army Week. In a speech at Parliament Hill during opening ceremonies and later in a CBC broadcast, Gen. Foulkes said the army is helping to make a lasting peace by doing its part in ensuring that democratic countries can show a "preponderance of force" to any potential aggressor.

"We firmly believe," he said, "that with the coming of the Atlantic Pact there is a hopeful prospect of avoiding a war, provided we can establish the essential preponderance of force on the side of democracy."

Army week opened as some 2,000 active and reserve troops of the Ottawa garrison, some of them wearing colorful full-dress uniforms, marched past a flag-draped reviewing stand at the foot of the Peace Tower on Parliament Hill.

Gen. Foulkes said the army was concentrating on the training of officers non-commissioned officers and tradesmen and would not begin to train large numbers of men until this was done. He said "our primary task. . . is to ensure that we obtain the highest quality of leadership for our army." The training now given potential officers was of a higher standard than that given during the war.

He said the reserve army still "is our main force in any future emergency."

SHOWING ITS AGE

The age of the universe, based on uranium content in meteorites and other sources, is estimated at about 2,000,000,000,000 years.

KIDNEY ACIDS Rob your Rest..

Many people never seem to get a good night's rest. They turn and toss—blame it on 'nerves'—when it may be their kidneys. Healthy kidneys filter poisons and excess acids from the blood. If they fail and impurities stay in the system—disturbed rest often follows. If you don't rest well get and use Dodd's Kidney Pills. Dodd's help the kidneys so that you can rest better—and feel better. 136

Educationist Dies

BOSTON, May 16 (AP)—Dr. Georgia Laura White, well-known educationist, died at her home here yesterday, aged 77. During her career she served as dean of women at Olivet (Mich.) College, Michigan Agricultural College, and Carleton College in Northfield, Minn.

Seeking Revelers

WHITBY, May 16 (CP)—Provincial Police are seeking revelers who have been holding parties on the grounds of the Ontario Mental Hospital here. Residents say parties of as many as 50 people damaged a catwalk and boathouse on a nearby private game and fishery reserve.

45 Poisoned

GUAM, May 16 (AP)—Six of 45 Saipan Filipinos, taken to hospital after eating a poisonous moray, remained in serious condition today. A United States army hospital said three of them were in grave condition. The others are reported improving. The poisonous moray was speared off Saipan a week ago.

Dedicate Coat of Arms

TORONTO, May 16 (CP)—The Coat of Arms of the Anglican Dioceses of Athabasca and Moosonee were dedicated at the Sunday morning service of St. Paul's church here in tribute to Bishop R. J. Renison, former rector of the parish and now Bishop of Moosonee. The Most Rev. G. R. Kingston, Archbishop of Nova Scotia and Primate of all Canada, dedicated the plaques.

Receive Colors

OSHAWA, May 16 (CP)—At a special memorial service yesterday at St. George's Anglican Church, the colors of the Ontario Regiment (Tank) were handed over to Lt.-Col. E. F. Bastedo, officer commanding of the 11th Armored Regiment (Reserve). The colors had been deposited in the church when the regiment went overseas in 1941 and now will hang in the officers' mess of the city Armouries.

Marshal Dodge Head

NEW YORK, May 16 (AP)—Marshal J. Dodge, 72, one of the organizers of the Todd Shipyards Corporation, died yesterday while en route from Britain to New York aboard the Lineral Caronia, his office reported. He was a director of the corporation from 1917 to 1936 when he became its European representative. Dodge also engaged in a lumber business in Canada.

Given High Offices

TORONTO, May 16 (CP) — Arthur L. Bishop and Leopold Macaulay, both of Toronto, Saturday were elected to the highest offices of the Canadian Red Cross Society at the closing session of the central council's three-day annual meeting. Mr. Bishop will serve as the executive head of the organization, succeeding Paul Vaillancourt of Montreal. Mr. Macaulay, former president of the Ontario division and the Toronto branch, succeeds Mr. Bishop as chairman of the national executive committee.

STOP EASIER.. QUICKER.. WITH *CHRYCO Cyclebond (RIVETLESS) BRAKE LINING

UP TO 75% LONGER LIFE!

Because they're "rivetless" CHRYCO Cyclebond brakes provide thousands of *extra* miles of brake life.

MORE EFFECTIVE BRAKING!
The absence of rivet holes means greater braking area . . . *more actual braking surface to contact the drum.*

GREATER ECONOMY!
Drum scoring is practically eliminated, since dirt and grit rarely collect on its unbroken surface.

See your Chrysler-Plymouth-Fargo or Dodge-DeSoto Dealer today about CHRYCO Cyclebond brakes.

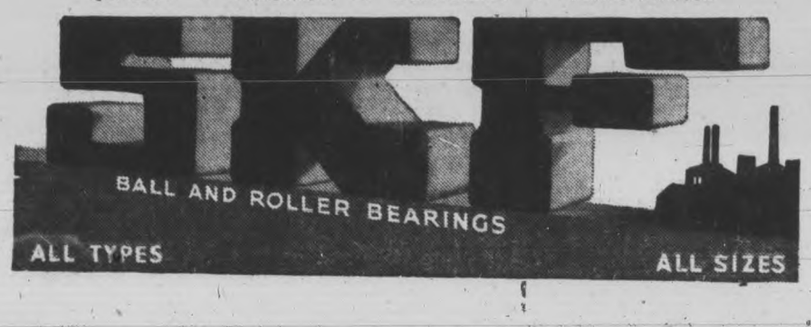
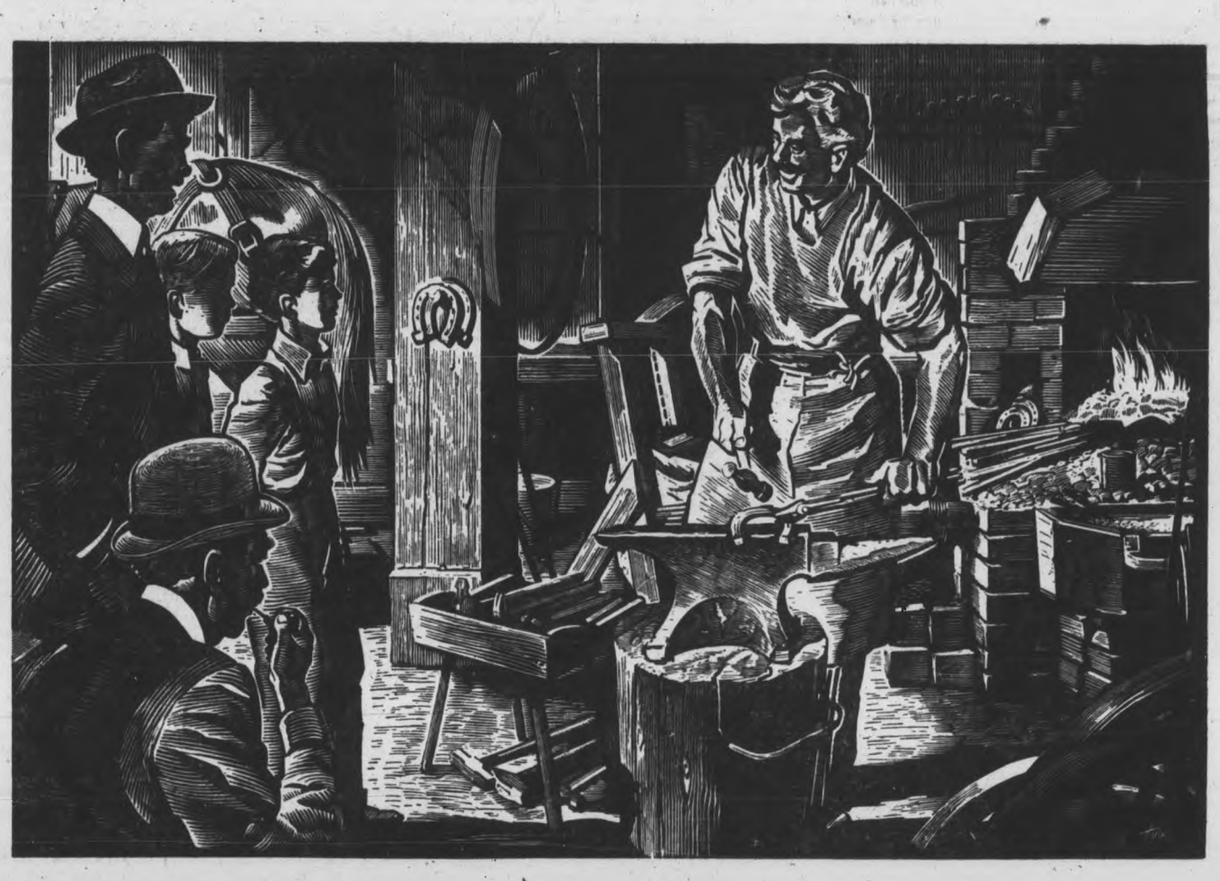
QUALITY • PRECISION • DURABILITY • PERFORMANCE



60 YEARS OF ACCOMPLISHMENT

1889 1949

The blacksmith of 1889 forged a great variety of articles with hammer and anvil and the strength of his brawny arm. Today a giant forging hammer rains 50-ton blows on the anvil. A hammer made of ordinary metals could not stand the strain or vibration. So Nickel Steel and Nickel Cast Iron are used to provide extra strength and durability.



Nickel Brings Dollars to Canada

Since more than ninety per cent of the Nickel produced in Canada is sold to the United States and other countries, it brings a constant flow of dollars back to Canada. In fact, Canada's Nickel industry is one of our chief sources of U.S. dollars so essential at the present time to maintain our foreign trade and make available products not produced in this country.

These dollars help pay the wages of the 14,000 Nickel employees, and help provide the dollars which make it possible to pay millions in freight to Canadian railways, to buy timber, steel, coal, machinery and supplies amounting to many millions each year.

These millions, flowing into all industries through the length and breadth of Canada, help create jobs for Canadians.

Teachers Plan Field Day At Roseneath

ROSENEATH, May 16 (ENS)—John Loukes, teacher of Alderville school, was host to the teachers of Alnwick and North Haldimand schools when a teacher's meeting was held in the new school at Alderville Friday afternoon.

The purpose of the meeting was to plan the annual field day to be held on the Agriculture Society grounds at Roseneath. Teachers from Alnwick township attending were Mrs. Reg. Crego, teacher at S.S. 1 and 29, Mrs. Louis King, teacher at S.S. No. 3, Mrs. Fred Lewis and Miss Helen Arnold, teachers at S. S. No. 2.

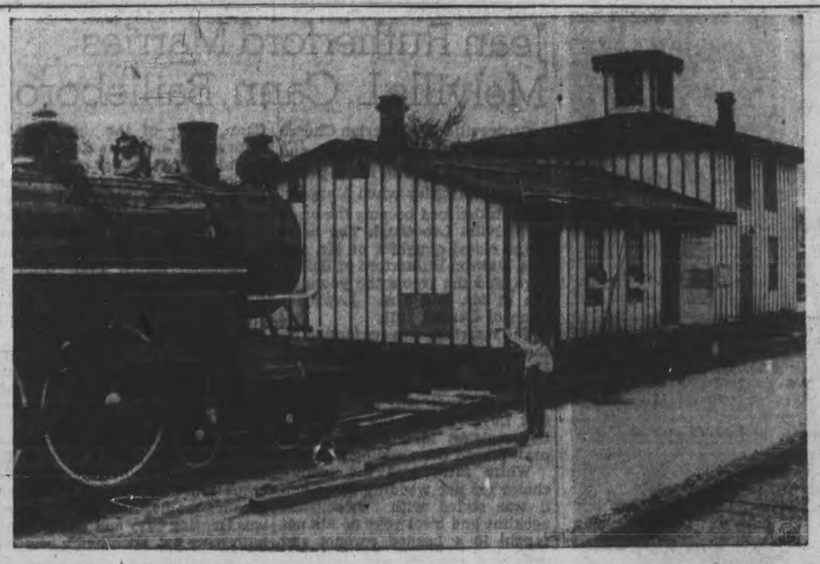
Burton Roberts and Mrs. Verona Brisbin are the teachers from North Haldimand who were present.

Personals

Mrs. Frank Down, Fenella, was a guest of her sister, Mrs. George Mouncey on Thursday.

Mr. and Mrs. Fred Morrow, Hastings, were recent guests of Mrs. Morrow's sister, Mrs. Harold Mouncey.

The many friends of Mrs. John Beatty will regret to learn of her continued illness, necessitating her removal to St. Joseph's Hospital, Peterborough on Friday afternoon.



A RAILROAD STATION gets a train ride, as a replica of an old Chicago station is moved to a new site on the Railroad Fair grounds in Chicago. Waving the engine on is M. J. Niesavage, trainsmaster of the fair, which reopens June 25. The girls hanging out the station windows are just along for the ride.

Soldier Condemned

GUAM, May 16—(AP)—A United States Air Force court martial today condemned Pte. Herman P. Dennis, Jr., to death for the rape-slaying of Ruth Farnsworth, a civilian employee of the United States Navy here.

Chamber Commerce Work In Marmora Highly Praised

MARMORA, May 16 (ENS)—Interesting facts and figures with respect to the governing body and local branches of the Canadian Chamber of Commerce were given in an address given by J. M. Smith, Field Service representative, to the Marmora District Chamber of Commerce at their monthly dinner meeting in the Royal Hotel Thursday evening. Introduced by H. A. McNally, the speaker, referred to the local Memorial Arena as one of the finest pieces of work encountered by him on his travels. Five years ago, he continued, the inauguration of the hundredth Chamber of Commerce in the Dominion was noted. Now there are 618 Chambers. In that same period, the number in the province of Ontario increased from 36 to 182. Twenty-five per cent of the Chambers in Canada are in localities of populations less than five thousand, an indication of its appeal and value to the rural areas.

He touched upon long term and short term projects, the need to keep an eye on the taxation and projects of the three forms of Government the desirability of sponsoring a "Get out and vote" campaign and to have faith in their enterprise.

Irwin McCoy, vice-president, was chairman. Secretary Ralph E. Neal gave a report of the Directors meeting on May 5.

A Conservation Committee was appointed to comprise the following — Irwin McCoy, H. R. Pearce, C. H. Buskard, R. E. Bonter, Ritchie Wells and D. P. Marett with power to add. It had been also decided to observe July 6 as Marmora Day. Mayor Percy Gray was appointed chairman with power to appoint committees. Funds accruing from the venture are to go toward the reduction of the debt upon Marmora Memorial Community Centre.

Named Chairman

Rev. Father H. J. Farrell accepted the appointment of entertainment Committee chairman.

A letter from Walter Nobes of Havelock with reference to water levels at Crowe Lake led to some discussion. As the Chamber has been taking up the matter of having a water authority with regard to local waters, no immediate action could be taken on the matter referred to.

Vote of thanks was given the speaker by Rev. G. D. Young.

The following were appointed as a "Get out and vote" committee. Mayor Percy Gray, James L. Shannon and Fred R. Wells another committee was formed, that of National Affairs, and Vaughan Glover was appointed chairman with Rower to add.

The June meeting will be known as Agriculture Night.

WA Packs Bale For Europeans

ROSENEATH, May 16 (ENS)—Packing of a bale of used clothing for European relief and donation of aprons from the members for their annual bazaar were the highlights of the May meeting of the Women's Association held in Centenary United Church on Thursday.

During the business period the W. A. contributed $10 toward the redecorating of Roseneath parsonage.

The Treasurer, Mrs. Reginald Timlin, presented the financial statement, showing a balance on hand of $41.45.

A letter was read from Fenella WMS inviting them to an open meeting on June 16. The invitation was accepted.

Give Readings

Mrs. Reginald Timlin presided over the program which centered around Mother's Day. Readings were given by Miss Hilda Arthur, Mesdames Luther Harvey, Dawson Timlin, Neil Sherwin, Mrs Ernest Burrison, Miss Emma Sherwin and Mrs. Arnold Elder.

Rev. R. C. White contributed a humorous reading "A Husband's Vacation."

Up To Working Man

OWEN SOUND, May 16 —(CP)—Charles Millard, CCF member of the Ontario Legislature for York West, said here Saturday that the CCF party didn't intend to do things for the working man but rather let him do it himself. In his address at the annual meeting of the Grey North CCF Association he said, "we intend . . . to let you run the big industries and take the big profits, let you make contributions and provide for yourselves the maximum of services at a minimum of cost".

Head Keene C.W.L.

KEENE, May 16 —(ENS)—Mrs. Catherine Houle was elected President of the Catholic Women's League of St. John's Church at the annual meeting held recently in the Parish House. Other officers elected are:— First Vice-President, Mrs. Stafford King; Second Vice-President, Mrs. Earl Doris; Third Vice-President, Mrs. Rorion LaPlante; Secretary, Mrs. Roy Faux; Treasurer, Mrs. Leo Foley; Press Convener, Miss Anna Houle, Rev. Father C. W. McCarney is spiritual director.

People Philosophical

TORONTO, May 16—(CP)—James Cardinal McQuigan, Roman Catholic Archbishop of Toronto, said Sunday the people of western Europe have adopted a philosophical attitude toward the International situation. The Cardinal, who returned Saturday from a six-week visit to Vatican City, said in an interview that the signing of the Atlantic Pact had given Europe new hope and courage.

Take Extra Precautions

LONDON, May 16—(AP)—Scotland Yard is taking extra precautions to guard Whitehall, the government quarter, against possible disorders when the Commons debates the Ireland Bill today. A 24-hour special watch will be kept on 10 Downing Street, home of Prime Minister Attlee, and the home, foreign and colonial offices. This is in addition to routine patrols by regular police.

Councillors Act To Clean Up Village Dump

LAKEFIELD, May 16 (ENS)—Stan Richardson was appointed Weed Inspector Thursday night by the village council.

The chairman of the Health and Sanitation Committee was asked to take some action in having the village dump cleaned up as soon as possible.

An application to lay a water line to the river was received from Walter Killoran, of the Lakefield Hotel. Permission to lay the line was given.

It was moved by Councillors A. Buchanan and Ken Morris that the work's commissioner report on the results of his inspections of all water lines laid since March 1, 1949.

Action Defered

Due to the fact that only two councillors were present, Reeve W. C. Grant informed Erskine Douglas that they would be unable to do anything about his request for permission to erect tourist cabins in the park, and asked him to attend Monday night's meeting.

Clerk Harry Hill announced information had been received about the classes for camp training and such information is available at his office.

The name of E. W. Bailey, chairman of Industrial Committee, Lakefield Chamber of Commerce will be forwarded to receive the bulletin issued by the Industrial Division of the Department of Planning and Development.

Seek Swimming Teacher

Councillor Albert Buchanan reported three applications received for swimming instructor.

Mr. Buchanan was authorized to contact Jack Dane of the Peterborough Recreation Committee and M. G. Griffith of Toronto University to see if they might aid in securing a good swimming instructor.

The Club was instructed to write the Department of Agriculture for a $5,000 grant for the rink.

Laud Good Work In Red Cross Drive

WARKWORTH, May 16—(ENS)—The following is a copy of a letter recently received from the Canadian Red Cross Society by Ben Buchanan, president of the local Red Cross Society.

Dear Mr. Buchanan,—

"Please accept my heartist congratulations on having exceeded your campaign quota.

"According to the last report we have from your Branch your total now is $497.46 which means that you have exceeded your quote 66.4%.

There were no easy quotas set for this campaign. These results represent careful planning and hard work on the part of you and your associates, and a generous response from your community.

"I wish to express my personal appreciation as well as that of the Ontario Division Campaign office for the support and co-operation extended by your branch.

Your very truly
S. H. Young

Black Marketeer

LONDON, May 16 (Reuters)—Marks Cole, 40-year-old head of an east-London poultry firm, was sentenced to one year's imprisonment Friday and fined £10,000 ($40,000) with an additional one year's jail in default of payment of widespread poultry black market offences.

Says Human Element Need In Penal Reform

TORONTO, May 16 (CP)—Dr. Stuart Jaffrey, professor of social work at University of Toronto, said Saturday that what he termed "the human element" is needed in Canadian penal reform.

"We should be keeping people out of institutions," he said during a panel discussion at an Ontario conference of the fellowship of reconciliation a Christian-pacifist organization. "We want to reduce prisons in size and number and eventually get rid of them altogether."

Earl Rowe Raps Wilson's Tour

CHATHAM, May 16 (CP)—Earl Rowe, former Federal Cabinet Minister, Saturday night criticized a Canadian trade tour now being made by Harold Wilson, president of the British Board of Trade.

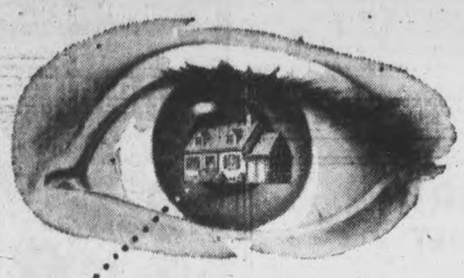
Mr. Rowe, who represented Dufferin-Simcoe in the last House told a Kent County Progressive Conservative nominating convention that this is the first time since confederation that a British minister has come to Canada "to campaign during a campaign." He said there should be an explanation of "what is going on between the Liberal-Socialists of Canada and the Labor-Socialists of Britain."

The convention chose E. Earle Desmond, Ridgetown district farmer, to seek re-election in the June 27 federal election to the seat he held in the last house.

ACID indigestion

Be ready anytime, anywhere, to help neutralize excess acid—with Rennies. Rennies are nice-tasting individually-wrapped tablets which you carry in your pocket and eat like candy. 25c and 75c—all druggists.

RENNIES



look at your home through the eyes of a stranger

Could it do with a good coat of paint and a general 'fix up'?

Strange how we are apt to notice signs of neglect in someone else's house and overlook the same things in our own. It's a costly tendency, too. For one bit of disrepair soon leads to another. Wood deteriorates when the paint wears off. A broken post undermines the whole fence.

It pays to make your repairs promptly.

That goes for indoor improvements, too. You save money, time and material, by attending to home repairs right away — before the damage gets worse. And every improvement adds to your comfort and to your pride in your home.

If you need more money than you have on hand to pay for the necessary repairs, see your B of M manager about a low-cost loan. Save by paying cash. And save yourself trouble by paying off all repair bills at once.

Why not make a list of the repairs your house needs *today?* Then discuss your improvement plans with your B of M manager . . . in confidence. You'll like his helpful attitude.

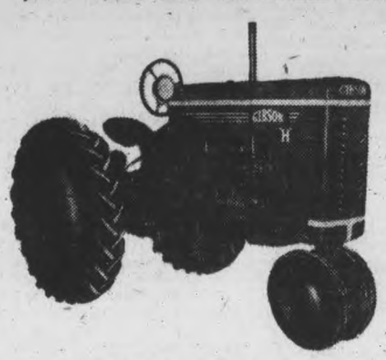
4 POWERFUL REASONS
Why GIBSON is "YEARS AHEAD"
with "ADVANCED ENGINEERING

GIBSON offers you more power for easier farming—more tractor value per dollar. You'll thrill to the ease of the exclusive GIBSON "Shockproof" steering — you'll feel the surge of greater power to master your heaviest and toughest job in less time . . . with utmost ease . . . at lowest cost . . . and minimum upkeep. In brief — "years ahead" with "ADVANCED ENGINEERING."



GIBSON MODEL "H"
2-3 Plow Tractor

Featuring powerful 34 H.P. 4-cylinder Hercules water-cooled engine — comes complete with starter, lights, fenders. Hydraulics, power take-off, belt pulley and many other outstanding features optional. Rear tires 10" x 38" (larger sizes optional).

GIBSON MODEL "EF"
Row-Crop or Standard, Capacity Two 10" Plows

Standard features include — etxra high clearance, 12 H.P. Wisconsin Engine, fly-ball governor, oil-bath air cleaner, high tension magneto with impulse coupling, independent rear-wheel brakes, power take-off. Has 3 forward speeds; reverse; 8" x 24" rear tires (larger sizes optional).

GIBSON MODEL "I"
3-4 Plow Tractor

For greater acreage has extra power of 56 H.P. 6-cylinder Hercules water-cooled engine. Standard equipment includes starter, lights, fenders. Hydraulics, power take-off, belt pulley and other features optional. Rear tires 11" x 38" (larger sizes optional).

GIBSON MODEL "SD"
Capacity—One 10" or 12" Plow

Has 7 H.P. Wisconsin engine with 3 forward speeds. Reverse. Governor controlled—operates on approximately 2 Imp. gallons per day. Oil bath air cleaner. Stromberg carburetor. Wica magneto with impulse coupling. Truly the "Biggest Little Tractor on Earth".

Further Suspension OF Lighting Restrictions

Effective Monday, May 16th, 1949, regulations respecting the use of electricity for interior store lighting are revoked. In order to service equipment and prepare for the coming fall and winter, present restrictions on lighting of show windows, advertising signs, parking lots and theatre marquees between the hours of 7 a.m. to 6 p.m., Monday to Friday inclusive, will remain in effect.

The Hydro-Electric Power Commission of Ontario and the Municipal Systems wish to extend their sincere thanks for the co-operation of all Hydro users whose united efforts provided invaluable aid throughout the power emergency.

McCaw, Dr. and Mrs. B. Greer, all from Toronto; Mr. and Mrs. F. Duncan, Mr. and Mrs. C. Duncan, Mr. and Mrs. V. Wilson, from Orono; Mrs. M. J. Rutherford and Miss Sylvia Rutherford, Mr. and Mrs. H. Fredericks, Mr. and Mrs. H. Rutherford, Mr. and Mrs. Adam Sands, Sr., Mr. and Mrs. R. Pulford, Mr. and Mrs. R. Stewart, Mr. and Mrs. R. E Knox, Mr and Mrs. M. McCullough, Miss Mary Greer, all from Peterborough; Mr. and Mrs. F. Cann, Mr. and Mrs. James Kelly, Mr. and Mrs. O. Woodley, Mr. and Mrs. A. Dawson, Mr. and Mrs. W. Horner, from Port Hope, Mr. and Mrs. W. D. Ecobichon from Lindsay.

Douglas-Third Nuptials At Campbellford

Christ Church at Campbellford was the scene of a double-ring wedding ceremony Saturday when Frances Geraldine Third, daughter of Mrs. Third and the late Mr. G. Neil Third, became the bride of John Gordon Ross Douglas, son of Mr. and Mrs. William Douglas, Weyburn, Sask. The Rev. W. J. Lennox officiated and Mrs. Frank De Carrol was soloist with Mrs. James Benor at the organ.

The bride, given in marriage by her brother-in-law, Mr. W. I. Wigg, wore a two piece powder blue crepe dress, matching hat with navy accessories and carried a Bible with shower of white gardenias and stephanatis. Miss Laura Third, wearing a navy crepe dress with pink and navy accessories and a corsage of pale pink carnations, was her sister's bridesmaid. The groomsman was Murray Douglas, brother of the groom.

After the ceremony a reception was held at the bride's home. Her mother was in a navy blue gabardine suit and the groom's mother wore a navy crepe dress, each with a corsage of pink carnations.

Mr. and Mrs. Douglas left later on a wedding trip to western Ontario. For travelling the bride chose a navy blue gabardine suit with matching accessories. They will reside in Campbellford.

Three Teams Place In Competition At Cleveland Pool

Three teams from the Peterborough Ornamental Swimming Club entered AAU Synchronized Swimming competitions for Junior National Championship in Cleveland, Ohio, Saturday, and each won a place in the top six listing.

In fourth place were Norma Grant and Jillian Groombridge gave a duet routine called "Deep Purple." Beverley Rumary and Joan Coombes followed closely in fifth place with their "Spanish Dance" and Isabel Crary and June Storey doing a novelty "Teddy Bear" routine were sixth. Each of the numbers is from the Club's annual water ballet revue, "Enchanted Garden" which is to be presented in the YMCA pool this Friday and Saturday evening.

The swimmers found their opposition extremely stiff, the other 11 teams coming from large centres of the United States. Being the only Canadians entered, the girls were the centre of considerable attention throughout the contests, and received high praise from judges and coaches present on their showings.

On arrival in Cleveland on Wednesday, the Canadian girls were greeted by Cleveland Swimming Club officials and presented with tickets for the Indians-Yankees baseball game. On Thursday the Monagua Swimming Club at opening of a new YWCA pool and gave a swimming exhibition.

Peterborough was well advertised on all their public appearances in the US city as the girls wore their Club sweaters displaying the name "Peterborough Ornamental Swimming Club" and a picture of the lift lock. They were stopped on the streets by residents who had formerly lived in Peterborough or had visited this district on holidays. In the stores they were frequently called by the manager and clerks who had cottages on the Kawartha Lakes or some knowledge of the area.

Coach Mrs. James Forbes, who accompanied the swimmers, received a request from RKO studio to allow the girls to remain over Monday and give a demonstration of their technique which would have been on a coast to coast television broadcast, featuring them as Canadians.

19 Sub-divisions Represented at Diocesan Council

Last quarterly meeting in the current season of the Diocesan Council of the Catholic Women's League was held in St. Mary's School Saturday afternoon.

Diocesan President Miss Agnes Grant was in the chair. Representatives from nineteen sub-divisions were present.

The following reports were read and adopted: Recording secretary, Mrs. Collins, Hastings; education, Mrs. A. Torpey, Indian River; citizenship and laws, Miss M. Baker, Lindsay; finance, Mrs. Smith, Campbellford; magazine, Mrs. Young, Bowmanville; publicity, Miss M. Grady, Peterborough; resolutions, Mrs. Power, Hastings.

Considerable discussion arose as to awarding the annual CWL Diocesan scholarship, valued at $200. It was decided to let it stand (as is) for the present.

It was decided to omit the magazine campaign trophy. Miss Grant congratulated Mrs. Young on her success as convener of magazines.

The president read a letter giving the particulars of the new foundation of the missionaries of Mary Alexandria, whose work will be in the foreign mission field. She urged co-operation with this project. Miss Grant suggested a portion of the constitution be read at monthly subdivision meetings. She also asked members to interest themselves in new Canadians and also newcomers to their own parishes.

Mrs. F. J. Lynch, provincial convener of organization, was present and brought greetings from Mrs. Alexander Walker of Toronto, provincial president. The latter regretted her inability to attend the diocesan convention to be held in Campbellford, June 15. Mrs. Lynch welcomed the new sub-division of Our Lady of the Assumption, whose president, Mrs. F. Crowley, attended the meeting.

The provincial convention will be held in Chatham and the national in Windsor this year.

The ladies present were asked to lend enthusiastic support to the summer theatre to be held in Peterborough for ten weeks this summer.

Tea was served by Miss Grant and her assistants, Mrs. F. J. Lynch, Mrs. S. J. Houlihan and Miss M. Grady, after the meeting.

Hold Shower For Jean Chambers

A miscellaneous shower was held at the home of Mrs. Don Chambers, 99 Aylmer St. for Miss Jean Chambers prior to her marriage to Barney Clarke on May 21. The shower was given by Mrs D. Chambers, Misses Gwen Abraham and June Blackmore assisted by Mrs. B. C. Chambers and Mrs. E. Abraham.

A large attendance showered the bride to be with many useful gifts. At the close of the evening a lunch was served by the hostesses.

Those attending were as follows:—The mesdames M. Wall, L. Self, E. Austin, L Saunders, E. Abraham, C. Morley Sr., P. Morley, V. Chambers, B. Chambers, J Clarke, C. Berwick, A. Curtis P Procter; and the Misses Jeanine Collins, Elsie Saunders, Gwen Abraham, June Blackmore, May Bertrand, Vickie Gray, Jean Graham, Gail Chambers, Pat Page Shirley Davis, Joan and Shirley Lennard.

DISREGARD TIME

Clocks are seldom given as wedding presents in China where [illegible]

CORPORAL C. W. Dunford, RCAF, is seen with his bride, the former Mildred June Webster, following their marriage Saturday afternoon in St. John's Anglican Church, Lakefield. The groom who is stationed at Centralia is a son of Mr. and Mrs. Gordon Dunford, and the bride is the eldest daughter of Mr. and Mrs. C. F. Webster, all of Lakefield.

Dunford-Webster Nuptials

With a floral setting of apple blossoms and tulips in St. John's Anglican Church, Lakefield, the marriage of Miss Mildred June Webster to Corporal Cephas Weldon Dunford, RCAF, was solemnized Saturday afternoon. The bride is the eldest daughter of Mr. and Mrs. C. F. Webster, and the groom is a son of Mr. and Mrs. Gordon Dunford, all of Lakefield.

The ceremony was performed by the Rev. L. J. Delaney. Mrs. J. Twist played the wedding music.

A beautiful gown of white satin was worn by the bride, given in marriage by her father. Tulle illusion veiling was caught to a beaded headdress with lily of the valley to form a halo and she carried a bouquet of American beauty roses.

Attendants of the bride were Miss Hazel Dunford, sister of the groom as maid of honor, and Miss Joyce Hutt, cousin of the bride, as bridesmaid. They were in pretty frocks of pink chiffon and lace and blue embroidered lace and net. They wore halos of pink and blue daisies in their hair and carried sweet peas in pastel shades.

Mr. John Dunford was groomsman for his brother. Ushers were Bill Webster and Neill Barr of Toronto.

The bride's mother wore a dress of navy printed silk with Talisman roses. The groom's hat of navy straw and corsage of mother chose a grey afternoon dress and wore a hat of navy felt and corsage of pink roses.

Following the reception in Lakefield Parish Hall, the bride and groom left for Centralia where the groom is stationed in the RCAF. The bride travelled in a beige suit and wore accessories in British Tan and a corsage of Talisman roses.

Muriel Hodgson Is Bride Of Harold Power

In George St., United Church, Saturday afternoon, the marriage was solemnized of Muriel Irene, daughter of Mr. and Mrs. Elymer W. Hodgson, 531 Chamberlain St., and Harold Bruce Power, son of Mr. and Mrs. Wilfrid Power of Sunderland. The Rev. Dr. James Semple officiated.

The bride's gown was of white French crepe, ballerina length, and was simply styled with square neckline, caught with tiny bows, and the waist accented with Grecian pleating which dropped into a small bustle in the back. Sleeves were cap length and she wore long lace mittens. Her veil of embroidered net was caught to a tiara of orange blossoms and her bouquet was of pink roses and bouvardia. Mr. Hodgson gave his daughter in marriage and she was attended by the groom's sister Miss Vera Power of Toronto. The bridesmaid's frock was of pale blue moire and styled similarly. She wore matching mittens and a white hat trimmed with pink roses and carried pink roses with forget-me-nots.

The groom was attended by Mr. Robert English of Sunderland.

Following the ceremony a reception was held in the YWCA Green Room. The bride's mother received in a gown of pale blue faconne crepe with pink and blue feather hat and corsage of pink roses, assisted by the groom's mother in brown figured silk with hat of natural straw trimmed with brown and corsage of Talisman roses.

Later the couple left on a motor trip, the bride wearing a tailored dress of navy with pink trim, navy accessories and corsage of pink roses, and carrying a pale blue shortie coat.

Mr. and Mrs. Power will reside in Sunderland.

Jean Rutherford Marries Melville L. Cann, Bailieboro

Centreville Presbyterian Church decorated with spring flowers and fern, was the setting for a pretty wedding Saturday when Margaret Jean Rutherford became the bride of Melville Leo Cann. The bride is the eldest daughter of Mr. and Mrs. Dawson Rutherford of Bailieboro, and the groom the youngest son of Mr. and Mrs. Lawrence Cann of Garden Hill.

The marriage was performed by the Rev. J. Riddell of Port Perry. Mr. Adam Sands of Peterborough was soloist and sang "Because" before the ceremony and "O Perfect Love" during the signing of the register. Mrs. Grace Muspratt played the wedding music.

White satin was the bride's choice for her wedding gown and it was styled with sweetheart neckline and inset yoke of silk net caught to a beaded coronet and carried a bouquet of Talisman roses. She was given in marriage by her father.

Bridal attendants were Miss Betty Rutherford, as maid of honor for her sister, Miss Grace Cann, sister of the groom as bridesmaid, and Miss Helen Rutherford, younger sister of the bride as flower girl. They were in frocks of turquoise, yellow and orchid taffeta, fashioned similarly to the bride's gown, with high neckline and inset yoke of net giving an offshoulder effect. Each wore a floral cap in matching color. The flower girl carried yellow roses and the attendants had bouquets of pink carnations.

The groom's attendant was his brother, Mr. Jack Cann. Ushers were Arthur Rutherford and Fred Cann of Port Hope, brothers of the bride and groom.

The reception was held at the bride's home where her mother received in a gown of grey flowered crepe with matching grey hat. The groom's mother also received and was wearing navy and white crepe with navy hat. Each had a corsage of pink carnations.

For going way the bride chose a wine gabardine suit and grey and black accessories.

Mr. and Mrs. Cann will live in Bailieboro.

Of Interest to Women

DOROTHY DIX

Rearing Family Successfully Takes Brains, Perseverance

DEAR MISS DIX: I am a young woman with two small children to rear, and when I realize that I am responsible for the way they develop and whether they turn into fine human beings or rotters, I get the jitters. Being a mother is the greatest career that any woman can espouse and the one in which she can do the most good, but it is also the most hazardous and the one in which she can do the most harm. And when I see the hordes of undisciplined, spoiled children all about me, I wonder if I, too, am inadequate for my job.

Dorothy Dix

So will you please tell me what is your conception of what it takes to make a woman a good mother?

BEWILDERED MOTHER.

✧ ✧ ✧

ANSWER: Well, in reality, the ideal mother should be a woman who has the wisdom of Solomon, the patience of Job, the disciplinary talents of a top sergeant, the clairvoyance of a mind-reader, a funny-bone that is always in working order and a heart that is sloshing over with mother love. That is a pretty large order but being a mother is a big job also, and it takes brains and grit and courage and perseverance for any woman to make a success of it. Rearing a family is no occupation for the weak-kneed mothers who are so tender of their darlings that they can't bear to make them behave.

My idea of a good mother is a woman who does not become afflicted with the mother-astigmatism that makes her see her children as little godlings before whom a mere mother and father must prostrate themselves in child-worship. No, a good mother keeps her sanity and she doesn't cherish any illusion that she can rear her children to be brats and that they will grow up into fine, altruistic men and women.

No Doormat

She knows that if she lets little Johnny talk back to her and call her names that he will curse her out when he is a man. She doesn't make a doormat of herself for her kids. She puts herself on a pedestal and as long as they live they look up to Mom and think she hung the moon.

The good mother tries to prepare her children for life. She knows that they are bound to have plenty of hardships and she endeavours to breed into them, from infancy up, the spirit that will enable them to bear whatever comes to them without whining.

The good mother does not try to make perpetual babies of her children, nor does she keep them tied to her apron strings. When they are grown she sends them about the business of life with her blessing and her love that always follows them, but that never hinders them.

Weak mothers rear weak children. They make the derelicts of society, but the influence of the good mother never fails.

✧ ✧ ✧

DEAR DOROTHY DIX: I am much in love with a boy who is two years younger than I am and who drinks and smokes continuously. I love him, but I fear that our differences will break up our engagement. He has already taken my engagement ring and pawned it to buy cigarettes and liquor.

Please tell me what to do.

V. MARY

ANSWER When a girl writes me that she is thinking about marrying a kid who has no occupation by which he can make a living or support a wife, who is a drunkard, and who takes away her engagement ring to pawn for money to buy liquor, I wonder what has become to the Fool-Killer. Surely he has gone out of business, for never were his services so needed as at the present time.

Why any girl with even a vestige of common sense would even consider marrying that sort of a heel, nobody knows. But they do it and spend the balance of their lives repenting it.

✧ ✧ ✧

DEAR MISS DIX: I am a girl of 20, very much in love with a fine young man. The only trouble is that I am taller than he is. It doesn't make any difference to me because I know he is the right one for me, but I am sure he will be teased about having a tall wife.

Should height make a difference so far as love is concerned? My family and some of my friends seem to think that it is foolish for me to marry a man who is shorter than I am. Could a 5 ft. 1 in. boy and a 5 ft. 5 in. girl be happy if they married?

A HOPEFUL READER

✧ ✧ ✧

ANSWER: You must be short in brains, even if you are long in stature, if you let your fiance's height keep you from marrying him. Character and intelligence and love and congeniality are the things that make a man desirable as a husband, and these are not mesured by the inch. Some of the greatest and most famous men in the world have been shorter than their wives.

✧ ✧ ✧

DOROTHY DIX cannot reply personally to readers, but will answer problems of general interest through her column.

Shredded Green Salad: Radish, Cucumber, Lettuce, Cress
English Trifle (Marmalade)
Coffee

Directions

Those who are on low-calorie diets could ask the butcher for corned beef from the blade or shoulder — this has less fat content than the brisket point—the usual corned beef cut. Cook the cabbage quickly in the liquid in which the beef was boiled, and drain well. Since there is no other carbohydrate food included on this meal the ripe banana only brings the total calories up to 500.

Rhubarb Crumb is ideal for this season; slice 2 or 3 cups rhubarb into bottom of deep buttered pie plate or shalow casseroe. With the fingers mix together 1¼ cups flour, 2-3 cup sugar and 1-3 to ½ cup butter or margarine, and ½ teaspoon salt. Pat this mixture over the rhubarb and sprinkle with nutmeg. Bake at 350 deg. Fahr. 1 hour.

I worked out a way of making meat balls with spaghetti on one burner. My family wondered why I was worrying around on that one burner trying to cook 2 things,—when the oven and all of the other burners were empty. I told them I was doing my duty to my readers. You should have heard the laughing!—and then the next reaction "Are they coming for dinner?!"

First I made the hamburg up into meat balls with an egg, some crumbs, salt, pepper, Worcestershire sauce and ground onion. I sautee these in bacon fat on all sides, then added 1½ cups canned tomatoes (to 1 lb. hamburg), some finely chopped celery and green reduced by about one-half. While it was simmering I added a little reduced b yabout one-half. While curry powder, chili powder, paprika and salt and pepper. But these seasonings are optional. I poured this into a covered bowl. Into the pan, without rinsing it out, I put 3 cups boiling water and added 1½ cups broken spaghetti, and ½ teaspoon salt. Let this boil until spaghetti was nearly tender, then I poured the meat balls and sauce over top, covered and simmered very gently until spaghetti was very tender, and sauce had blended with remaining water and simmered down enough to serve. I tipped it carefully into hot bowl, sprinkled grated cheese over top and served at once.

Probably you one-burner cooks could tell me plenty of tricks like this, but I know this one works, and hope it will help some novice.

ENQUIRY COLUMN

By MARY MOORE

QUESTION: I would like a recipe for a chicken salad to serve to 24 people. I would like to use celery and hard-boiled eggs and some cucumber in it, but want to know how to use the French Dressing you marinate, the meat in and exactly how much mayonnaise to use. This party is for a girl who is a dietitian and who is being married, and I want everything to be just right.

I think I could have the salad ready ahead of time, maybe in the afternoon,—the party is at night. And—if I can manage it I will make Parkerhouse Rolls from a refrigerator roll recipe if you will send it too. I have made yeast bread but would like recipe from you as a sort of refresher course.

Tilda.

✧ ✧ ✧

ANSWER: With pleasure.

Chicken Salad De Luxe
(for 24 people)

Five cups diced cooked chicken (1 large boiled fowl will give you this quantity), 1½ cups genuine mayonnaise (not salad dressing), 5 cups finely diced inner stalks celery, 8 chopped hard cooked eggs, 1 tablespoon salt, 2 cups diced pared cucumber, ½ cup French Dressing for marinating), about 3 heads lettuce. Combine all ingredients except lettuce and mayonnaise, and let stand, covered in refrigerator at least 3 hours. Pour off any excess French Dressing and moisten the salad with the mayonnaise. Taste for salt. Serve on washed and dried well-cupped inner iceburg lettuce leaves. This is very good garnished with a pickled pear or peach or crabapple.

Parkerhouse Rolls
(from Refrigerator dough)
(4 dozen)

Eight cups sifted bread flour, 2¼ cups water, 2 packages dehydrated yeast, 2 teaspoons salt, 1-3 to ½ cup sugar, 4 tablespoons soft shortening or butter, 2 eggs, well beaten. Heat the water to lukewarm (110 deg. Fahr. and soak the dry yeast in 1 cup of it with 2 teaspoons sugar for 15 minutes. (the amounts of water and sugar used for soaking the yeast are part of the total quantity listed above.) Sift the flour into a large bowl. Make a well in centre. The remaining warm water should be in a saucepan. To it add the salt, sugar, soft shortening or butter, and beaten eggs, and dissolved yeast. Mix well. Pour this into the well made in flour, stir until liquid is aborbed. Remove the spoon and mix with one hand using a rotary motion. Firm dough into smooth ball and place in large greased bowl. Brush top with melted butter, and cover tightly with buttered wax paper and lid. Store in refrigerator until needed. When ready to make Parkerhouse Rolls, divide dough into quarters after punching it down. Roll each quarter into a long cylinder about 1½ inches in diameter, on floured board. With sharp knife cut off 12 uniform pieces. Roll each into a ball between palms. Place balls on floured board in row and roll out into slightly oblong shapes about ⅜ inch thick. Brush each with melted butter, and make crease with back of knife across centre. Fold over pressing ends of crease slightly to keep folded. Place rolls fairly close together on greased baking sheet. Cover and let rise to double in size at room temperature. Bake at 400 deg. Fahr. about 12 minutes. When taken from oven brush tops of rolls with melted butter. This dough may be used for shamrocks, braids, poppy seed rolls or any plain or sweet dough breadstuff.

✧ ✧ ✧

QUESTION: Would you print recipe for rhubarb pie for me? I would like to know your proportions for making plain paste—I know how to roll it out.

—Minnie Wade.

✧ ✧ ✧

ANSWER: Plain Paste (ingredients only): for 4 medium-sized crusts: 3 cups unsifted flour, 1 cup best quality shortening, 1¼ teaspons salt, about 8 tablespoons ice cold water. Rhubarb Pie Filling: about 4 or 5 cups fnely cut raw rhubarb, 2 tablespoons minute tapioca, about ½ to 2-3 cup sugar, grated rind 1 orange, ¼ teaspoon salt (1 tablespoon butter to do over filling if desired.)

Social Situations

SITUATION: A young man, just starting a date, wonders whether he should suggest a place to go, or let the girl he's dating decide how they will spend the evening.

WRONG WAY: He should leave it up to the girl.

RIGHT WAY: Generally, he should make a suggestion as to how the evening will be spent when he asks for the date.

CWPC TRIENNIAL PERSONALITIES—Presswomen from right across the Dominion will convene in Vancouver week of June 20 to attend Canadian Women's Press Club Eleventh Triennial being held in Hotel Vancouver. Acting as hostess club will be Vancouver Branch and shown above are two of the members busily making arrangements. Toddy Beatty, triennial bulletin editor and (extreme right Miss Doris Milligan, National CWPC Resolutions chairman. Convention program will terminate in Victoria, B.C., at Empress Hotel June 24-26 with many events scheduled.

Miss Nell Schell Speaks At CJL Breakfast

Annual communion breakfast of the Catholic Junior League was held Sunday morning at the Empress Hotel after members had assisted at mass and holy communion in a body at St. Peter's Cathedral. Arrangements were in charge of the social convener, Miss Gladys Costello.

Mrs. Robt. Baldwin acted as toast-mistress and called upon Miss Thelma Lucas, who proposed a toast to the Holy Father. Miss Florence O'Toole proposed a toast to King and country, and Miss Mary Clancy to the Junior League, with response by Mrs. Leo English.

President Miss Rita Young welcomed the members and expressed pleasure in the large attendance.

Mrs. Jack Lynch introduced guest speaker, Miss Nellie Schell, who gave a very interesting talk on her native country, Holland. She outlined social, economic and religious life there and explained some of the differences between her country and Canada, especially regarding size as compared to the vast population.

Miss Schell has an amazing command of the English language and her knowledge of general conditions in Canada as well as Holland makes her a most delightful speaker. Mrs. J. O'Brien expressed the pleasure of the members and thanked her.

Mrs. J. Henry favored with two vocal solos, "Panis Angelicus" and "Gollaway Bay." Miss Veronica Scollard, ATCM, acted as accompanist for the morning.

Mrs. E. Collis, on behalf of the league, presented retiring President Mrs. M. Leahy with a lovely rosary in appreciation of her work while in office.

42—Legal Notices

TOWNSHIP OF DOURO
NOTICE
All Persons contemplating the Altering or Construction of any Building in the Township of Douro, must first secure a Building Permit from the Building Inspector.
Any Person who fails to obtain a Permit and observe the Regulations of the Building By-laws is liable to the Penalties in accordance with the Building By-laws.
W. F. BELL,
Building Inspector.

PAINTING TENDERS
FOR CITY HALL
Sealed tenders marked "Tenders for Painting" will be received by the undersigned at his office up to 5 p.m. May 20th, for painting the whole City Hall building at the south-west corner of Water and Simcoe, including Police Department and Utilities Offices.
Work to include removal of all loosened old paint by steel brushing, etc., and covering brick and woodwork with two new coats of paint
Tenderers to suggest colour scheme and to specify manufacturer and quality of paint to be used.
Lowest or any tender not necessarily accepted.
E. A. OUTRAM,
City Clerk.

Program Presented By Red Cross Juniors

HASTINGS, May 16.—(ENS). —Grades 3, 4 and 5 held a joint Red Cross meeting Friday afternoon in Miss N. Highland's room, with the president, Bette Ryder, in the chair.

The treasurer, Elaine Hess, reported that donations totalling $1.63 had been received.

The program consisted of sons by Eleanor Emmorey, Tommy Fairman, Brenda Thompson, Margaret Baker, Marilyn Hess, Paul Humphries, Helen Doumoulin, Donna Edwards, Elaine Hess, Barbara Whitred, Bette Ryder, Frances Oliver, Heather Sherwin, and Anne and Lorraine Whitred.

Jokes and riddles were given by June Clark, Maurine Humphries, Maryin Blackbourn and Barbara Whitred.

Plan Baking Sale

Group 2 of Trinity United church WA met at the home of Mr. and Mrs. W. S. Ways for regular monthly meeting last week. The Bible lesson was in charge of Mrs. R. Collins, assisted by Mrs. H. E. Oliver.

The business centred around a home baking sale to be held in the former post office on May 21 and a quilting on May 25 to quilt a fancy quilt for July bazaar.

Donations for the group's "Foor For Britain" parcel are to be left at Mrs. M. J. Baker's home to be packed.

Thieves Take Cash

CAMPBELLFORD, May 16 (ENS) — Entry was made through the rear window of P. H. MacMillan and Son's egg grading station late Saturday night and a considerable amount of cash taken. The latch on the door leading to the office was broken and the cash register was almost completely wrecked.

Donald Petherick, an employee, discovered the break in Sunday morning. Chief Constable George H. Hardy is investigating.

Churches Try Advertising To Win Souls

By MICHAEL O'MARA

LONDON, May 16 (CP)—Mass-appeal advertising methods as well as hard-hitting sermons are the Church of England's weapons in its fortnight-long campaign against London "paganism."

Amid ringing of bells from 500 churches, spectacular parades of robed clerics walking through city streets en route to St. Paul's Cathedral opened the "mission to London" Saturday.

During the next two weeks, billboards, neighborhood movie screens and skywriting will be used to overcome what Bishop William Wand calls the "crass paganism of central London and the ignorance of suburbia."

Bishop Wand gave the two objects of the mission—to make the half-hearted full-hearted and to capture the indifferent."

Later in the mission's headquarters, he studied a military-style map on which little red flags marked churches where special sermons are being preached every day for the next two weeks in the militant "fight for souls."

Own Campaigns

Many London vicars are carrying on extra advertising campaigns in their own parishes. One is Rev. J. W. Griffiths of St. Augustine's, Fulham. He toured the parish in a truck carrying a set of bells Sunday afternoon urging pedestrians to come to the evening service. Later in the day he visited several public houses to repeat appeals.

One church, St. Stephens in Chelsea, stole a leaf from the book of London's Windmill Theatre, the home of the nearest thing to four-a-day burlesque that can be found in the west end. Windmills proud boast is that throughout the war years of blitz and buzz bombs "we never closed."

Posters outside St. Stephen's proclaim: "We never closed either."

William E. Ross 30 Years With CGE

William E. Ross, assistant to the president of the Canadian General Electric Co., who died recently in Toronto as result of a heart condition had a long and varied career with the CGE.

Mr. Ross joined the Company at Peterborough Works in 1919. Acting as Industrial Control Engineer here, he left 11 years later to go to head office to set up and manage the Engineering Service Department. In 1938 Mr. Ross became manager of the Apparatus Dept.

He was a prominent figure in the Electrical Industry. During the last war he served in the government as a Director of Research and as an Administrator of Electrical Equipment and Machinery for the Wartime Prices and Trade Board. Mr. Ross was the immediate Past-President of the Electric Club of Toronto, Past President of the Engineers' Club of Toronto, as well as a member of many other electrical and engineering associations.

Mr. Ross is survived by his widow, Dorothy Para Ross and son, David.

Call Overtime Meet Study Franco Boycott

NEW YORK, May 16—(CP)—United Nations delegates today called an overtime meeting to vote on the disputed questions of lifting the diplomatic boycott of Franco Spain.

They had set last Saturday as the adjournment date for the six-week general assembly spring session. But heavy argument on the Spanish issue and disposal of Italy's pre-war colonies dragged the session past the deadline.

First up for a decision today was a Latin-American proposal to repeal the U.N. assembly resolution of December, 1946, which advised member States to withdraw Ambassadors and Ministers from Madrid.

Bail of $500 Set

Joseph Fontaine, 75 Park St. S. was placed on $500 bail today on charge of illegal sale of liquor. At city police court Magistrate W. R. Philp, KC, remanded Fontaine until May 25 and Jean Judge, who was charged with buying the liquor, will also appear before the magistrate on May 25.

For having liquor in a place other than his home, Ray Dunford, RR 4, Peterborough, was fined $15 with $2.50 costs when he pleaded guilty before the magistrate.

Board Chairman Dies

CLEVELAND, May 16 (AP) — Joseph Oriel Eaton, Board Chairman of the Eaton Manufacturing Company, died Sunday. He was 75. Eaton formed the company bearing his name in 1911 with an invested capital of $120,000. Eaton Manufacturing currently is one of the five largest producers of automobile parts in the world.

THE ENGINEER on the first train to reach Berlin after the lifting of the blockade gets a royal reception. The one-woman welcoming committee hands him a bouquet and kisses him, as the city jubilantly greets the end of the long seige. (Photo by NEA-Acme staff corespondent Al Cocking)

Princess Finds It's Against Law To Instal Small Movie Theatre

LONDON, May 16.—(CP). — Princess Elizabeth has found it would be against the law to have a small movie theatre installed in the basement of Clarence House, her new home.

Clarence House, a four-story mansion where she and her husband, the Duke of Edinburgh, are to live, is just about ready for them. Technicians have started installing refinements for comfort and enjoyment. That's where the law cropped up.

The Royal couple are ardent home movie fans and they had planned the small basement theatre, patterned after real cinema houses with stage, screen curtains and everything.

The movie industry gave them the projectors and other apparatus as a wedding gift.

Now they've found it is against the law for them to install the stuff. Movie installations require fireproofing. Fireproofing requires certain building materials. The government says no licenses are being issued yet for those materials in private homes.

Other than the movie, however, the house is going according to plans, and the Royal couple are expected to move in late this month, when the parents finish a visit to Scotland and Northern Ireland.

The kitchen has all the latest gadgets, such as refrigerators, pressure cookers, and a special "hot chute" to send food to the dining room on the floor above.

Prince Charles' nursery, looking out over the mansion's gardens and across Pall Mall to St. James' Park, is finished in bright yellow-cream. Animals and fairyland characters are painted on the walls.

The Princess has a private sitting room, with a grand piano. Her bedroom is decorated in peach color, with bed linens and blankets to match.

The Duke's dressing room is fitted out like the cabin of a ship. The design was by Artist Neil Morris, who designed the interiors of the liners Queen Mary and Queen Elizabeth.

H and S News

PARKHILL SCHOOL

Parkhill Home and School Association concluded their meetings for this season last week. Their guest speaker on the occasion was Miss Myrtle Sargent. She was introduced by the president, Mrs. F. Elcombe and thanked by Mrs. M. Bullied.

Routine business and discussions were conducted by the president.

Mrs. A. Mills and her committee served lunch and a pleasant social hour was enjoyed.

✧ ✧ ✧

QUEEN ELIZABETH SCHOOL

A large number attended the regular meeting of Queen Elizabeth Home and School Association.

Convention reports were given by Mrs. S. Elliott, Mrs. E. Lymburner, Mrs. H. Race.

Grade VII, including Jane Jarvis, Harold Smith and Bob Smith, presented a play, "The Three Wishes." Miss Brown's class contributed two vocal selections, "Will You Walk a Little Faster?" and "Early One Morning."

Mrs. W. Frise read the following slate of officers for the coming year, and they were installed by Mrs. H. Telford:

President, Mrs. P. Jarvis; vice-presidents, Mrs. G. Astelle, Mrs. Hicks, Mrs. H. W. Race; secretary, Mrs. Payne; treasurer, Mrs. Harrison; corresponding secretary, Miss M. Cathcart; executive members, Mrs. C. Barnum, Mrs. S. Elliott, Mrs. R. Kingdon, Mrs. E. Lymburner, Mrs. J. Rea.

A film, "The Opening of Parliament," shown by Mr. E. Ball, principal, was very interesting.

The attendance prize was won by Miss Cathcart's room.

A social half hour, in charge of Mrs. Rea, was enjoyed at the close.

Can Sell Old Stock

TORONTO, May 16 — (CP) — Ontario [illegible] law [illegible] to effect today but no official action will be taken to halt the sale of products still on merchants shelves that violate the color content of the new regulations, Hon. T. L. Kennedy, minister of agriculture said today.

Heinz CONDENSED Soups
Great to start a meal. Delicious in sauces and casserole dishes.

Report Base Metals Show Stronger Prices

TORONTO, May 16 (CP) — Firming tendencies in a wide list of industrial issues in today's dull session here. Base metals continued to show stronger prices while golds and western oils moved narrowly.

Volume for the first three hours was 266,000 shares, about 102,000 shares less than Friday's similar period.

Industrials opened slightly easier but buying support showed in mid-session as fractional gains were marked up in key issues.

Several papers brightened and Winnipeg Electric was strong in utilities.

Several base metals showed strong penny advances.

Senior golds were mixed and several juniors weakened on penny declines. Okalta and Pacific Petroleum gained slightly in a very quiet western oil list.

Faced Three Charges

John Condon, 620 Rogers St. faced three charges in city police court today as a result of a drunken scene on Brock St. Saturday evening. He was fined $20 with $5 costs for being drunk and causing a disturbance and a charge of assaulting Melbourne Roy Hynes was withdrawn.

Crown Attorney John Bradshaw told the magistrate that Condon had struck Hynes, had broken his glasses and had been abusive when the police arrived.

Joseph McGarvey, 418 Sheridan St., was fined $10 with $2.50 costs for being drunk on Brock St. on Saturday.

GUELPH, May 14—(CP)—Mrs. Pearl McNeil, wife of Kenneth A. McNeil, local manager of the Bank of Montreal, died in hospital today. A native of Parkhill, Ont., Mrs. McNeil came to Guelph with her husband from Tweed a year ago.

Edmund Coleman Dies In Lindsay

Edmund Coleman, 121 Brock St, died Sunday at the Nightingale nursing home, Lindsay, where he had been a patient 14 weeks. Mr. Coleman's health had been declining for more than a year.

Born in England and educated there, Mr. Coleman came to Canada in 1911 from South Africa, and joined the firm of Coleman Brothers, confectioners on George St. for years. Later he went to British Columbia and took up fruit farming in the Okanagan Valley. Eventually he returned to South Africa, by way of England, and was in business in Johannesburg Mr. Coleman came back to Peterborough, and in 1933 retired from the local Coleman firm. England called him home again. He remained there for a while, but then crossed the Atlantic for the last time, and was with the confectionery firm here until it was dissolved in 1942.

Mr. Coleman was a man of literary interests and took an active part in the social work of the city. He taught in St. John's Church Sunday School, and sang in its choir, but latterly had been a member of the choir of St. Luke's Church. At one time he was a member of the Peterborough Male Voice Choir and also of the Peterborough Bowling Club.

Mr. Coleman leaves his sisters, Mrs. J. Dodds of Suffolk, Eng., and Miss Annie Coleman of this city; and brothers, Charles E. and George R. of Peterborough and Jesse Coleman of Melksham, England.

The body is resting at the funeral home of A. Comstock and Sons. The service will be at St. Luke's Anglican Church, Tuesday at 2 p.m., the Rev. Walter Gilling officiating. Burial will be at Little Lake Cemetery.

Drowning Mars Fishing Contest

STURGEON FALLS, Ont., May 16 (CP)—Leo Leach, 19, was drowned in 15 feet of water Sunday just as a fishing contest was getting under way as the west end of Lake Nipissing, 11 miles southwest of here.

Eye witnesses said Leach and four companions were in a row boat some distance from shore when some of the youths stood up and overturned the boat. Leach, who couldn't swim, disappeared under the frigid water. Divers weren't able to reach his body. Dragging operations will resume today.

Brown Hurts Back

TOLEDO, O., May 16 (AP) — Actor Joe E. Brown was treated in hospital here yesterday for a back injury suffered in a fall on a local stage. He slipped during a pantomime of "Elmer the Great," one of his biggest Hollywood laugh successes. He reinjured his back, which was fractured in an automobile accident in 1939.

Port Colborne's Fire Pumper A Little Bit of Everything

PORT COLBORNE, May 16. — The No. 1 fire pumper here, with 23 years of service to its credit, broke down this week, providing a problem for council and firemen, as well as some enlightening information.

Consultation held over the paralyzed machine revealed that: The radiator bore the name Gotfredson; the motor was made by Buda; the windshield had been salvaged from a motorboat that went to its doom on Lake Erie; the pump was made by Bickle; identity of the clutch was unknown; Salisbury had made the transmission, and the steering wheel was a Studebaker.

None of the parts showed any inclination to operate, but Councillor J. R. Harris and the fire and light committee said fix it.

Fire Chief Rank T. Dimond and "Sparky" Weaver are trying to but haven't had much success.

Their efforts have been complicated by the fact that Gotfredson retired shortly after the engine rolled to its first fire, and the name Salisbury was added to the list of firms no longer operating, a short time later.

The parts required are not on the market, so the town's purchasing department turned the problem over to a couple of Toronto wreckers. Meanwhile, No. 2 pumper, a shiny new model, is doing double duty and Chief Dimond and his under-the-hood expert, Weaver, are worrying about what they will find when they open No. 1's clutch for inspection.

Receives Gifts From Friends

ROSENEATH, May 16 (ENS)—After church service on Sunday afternoon, the family and near friends of Mrs. Newman Lean gathered at her home for a surprise party to show their appreciation of her many kindnesses to them during past years.

In recognition of her untiring efforts in her home and community life, Mrs. Lean was presented with an electric heating pad and bed lamp.

Twenty-seven sat down to dinner, the table being centred with a three-tier cake with the word "Mother" inscribed, made by Mrs. Les Tucker, Burnley.

Present at Function

Those present were: Mr. and Mrs. Lawson Taylor and daughtrs Mona, Joan, Linda and Hayden; Mr. and Mrs. Leslie Tucker, all of Burnley; Mr. and Mrs. Cecil Wilson of Harwood; Mrs. Mary Stevenson, Gore's Landing; Mr. and Mrs. Dawson Timlin, Mr. and Mrs. James Timlin and son Larry; Mr. and Mrs. Joseph Kelly, Sr., Mr. and Mrs. Frank Dowler, Mr. Thos. Lean, Mr. and Mrs. Walton Lean and sons Perry, Paul and Edward, all of Roseneath.

Mrs. Lean, a daughter of the late Mr. and Mrs. James Edington, has spent her entire life in Alnwick township and is highly respected by all.

ANTALGINE
he tested formula used
by thousands. Try it today.
At your druggist 25c. and 75c.
ANTALGINE

Help Kidneys In 30 Minutes
If you suffer from Backache, Getting Up Nights, Loss of Energy, Bladder Weakness, Burning or Itching Passages, Leg Aches, or Rheumatic Pains, due to Kidney and Bladder troubles, you should try Cystex. Within 30 minutes Cystex usually starts helping the Kidneys clean out excess acids and irritating wastes which may be the real cause of your trouble. And this may quickly help you gain pep and energy—make you feel younger. Unless Cystex quickly brings you satisfactory help from the pains and distress of Kidney and Bladder troubles, simply return the empty package and you get your money back. You have everything to gain and nothing to lose, so don't suffer another day without asking your druggist for Cystex.

ONE MINUTE NEWS ABOUT JOHNS-MANVILLE
HOME EQUIPPED FOR ANY SEASON?
To everybody, home means comfort—a place to get the most out of life. Yet, as a J-M engineer recently remarked, not everyone realizes how much our comfort depends on temperature!
Thousands of Canadians have discovered a way to keep temperatures even all year-round by insulating with Johns-Manville Rock Wool. In summertime—even on the hottest day, it keeps your home up to 15 degrees cooler. And in winter, Rock Wool helps to keep your home snug and warm without harmful draughts. What's more, this comfort actually pays for itself—by saving you up to 30 percent on fuel bills! If your home is not already insulated, write for free folder on J-M Rock Wool Home Insulation, address, Canadian Johns-Manville, 199 Bay St., Toronto or see your nearest J-M dealer.

Here's What Better Breakfasts Do For You
Read this plain message addressed to folks everywhere. It's based on straight facts — simple truths. How you can benefit . . . how your family can benefit.
Breakfast
A Meal of Special Importance
You believe in good nutrition. But do you appreciate the need for an adequate breakfast? Do you realize how much a satisfactory first meal of the day contributes towards efficiency, towards enjoyment of the day's activities, towards meeting your daily food requirements?
Grape-Nuts
A Special Breakfast Cereal
Be better nourished. Have the whole family feel and act better all day. Here's how: make breakfast more nutritious, more appetizing. Eat Post's Grape-Nuts for extended nourishment. Fine food values are in this highly concentrated cereal, useful amounts of carbohydrates, minerals and proteins. Extra good with milk or cream. Also recipes on the package for other uses. Enjoyable — economical — order from your grocer.

"Something Different"
Elora, Ontario, man writes in: "We find Grape-Nuts a satisfactory breakfast food because of its crisp, crunchy quality and pleasing flavor. Also Grape-Nuts are something different."

23 Fatalities Recorded Over Weekend

By The Canadian Press.

A four-year-old Hamilton boy, kicked in the head by a horse, was one of 11 children, all under seven years, who died in week-end accidents in eastern Canada. Five were found drowned three died in traffic mishaps, one was asphyxiated and another was killed in a fall from her bed.

In all, 23 accidental deaths were recorded by The Canadian Press in Ontario, Quebec and Nova Scotia. For the second consecutive week, no fatal mishaps were reported from Newfoundland, Prince Edward Island or New Brunswick.

Darrell Frederick Baker, four-year-old son of Mr. and Mrs. R. W. Baker of Hamilton, was kicked in the head by a horse while he played with friends in a park. The horse, described by his owner as an "old and tractable animal" was believed frightened by noise in the park.

At Lloydtown, 35 miles northeast of Toronto, Elizabeth Ann Cairns, three, drowned in an unused well, and 19-months-old Diane Lucier drowned in an open septic tank at Wallaceburg. The body of four-year-old John Hartley was found after he fell from a dock at Seely's Bay, 20 miles northeast of Kingston. Douglas Crerar, four, drowned in the Ottawa River after slipping from a rocky ledge.

Six-year-old Pierre Parent of Montreal was struck and killed by a truck, and at nearby Como, young Guy Beaulieu opened the door of his father's car and fell to the road. Eleanor Bowes, five, of York Township, and Ronnie Thompson of Amherst, NS, also died in traffic mishaps.

Smothers in Crib

At Windsor, three-months-old Robert Louis Kerr smothered under a sheet in his crib, and 10-months-old Beverley O'Brien of North York Township died in a 17-inch fall from her bed.

Dr. Francois Dumas 62, his 2-year-old grandson, and Francis Bennett drowned when their automobile plunged into Lake Jacques Cartier in Laurentian Park, Chicoutimi, Que. Haldon Lowe, 18, drowned in Rossignol Lake at Caledonia, NS, when he slipped from a log while working on a drive.

At Windsor Mills, Que., Frederick Fleck, 57, and Russell Ewing, both of Melbourne, Que., burned to death when their logging truck overturned and caught fire. In Montreal, Laurier Lacelle, 25-year-old cyclist, was killed when hit by an auto.

Mary Spring 48, was killed in a fall from a Toronto viaduct, while George Tackwood 48, died after falling down a flight of steps in his rooming-house. Mrs. R. W. Crashley, 53, was found asphyxiated in her Toronto home.

Injuries suffered in a traffic accident last week resulted in the death of Mrs William H. Lalanville, 65, of Sudbury. At Durham, Harvey Sumers 19, died when his car crashed into a tree.

Harold Snetzisky, 18-year-old Buffalo youth, was shot and killed near Port Colborne, while attending a wiener roast with another youth and two girls.

Silent on Engagement

LONDON, May 16—(AP)—Erwin Stein declined to confirm or deny Sunday reports that his daughter, 22-year-old pianist Marion Stein, intends to marry the Earl of Harewood. The Earl, 26, is the son of the Princess Royal, and a nephew of the King. "I cannot say anything just yet," Stein said. "Lord Harewood and my daughter met in musical circles and became friends."

Hungarians Vote

BUDAPEST, May 16—(AP)—Hungarians voted Sunday for the government's hand-picked slate of candidates for parliament. Most forecasts were that the government would be able to produce a counted vote 90-per-cent favorable to the Communist-dominated regime.

Try Something New

NEW YORK, May 16—(CP)—The Journal-American Sunday published a full-sized rayon-fabric page with an advertisement for the material printed on it. The fabric was run through the presses like newsprint. It had printing on both sides of the material, stronger than newsprint and slightly darker.

Kicked By Horse

HAMILTON, May 16—(CP)—Four-year-old Darrell Baker of Hamilton died Sunday shortly after he was kicked in the head by a horse while playing near a park here. The child was playing with two cousins when the horse, being cooled off by his owner, became startled, and struck the boy with a hoof.

Aid Stricken Family

WORKWORTH, May 16 (ENS)—A "benefit bingo" was held Friday evening at the Norham Community Centre. Proceeds were given to the Stillman family who were victims of the recent fire in Warkworth, when they lost everything their garage, restaurant, apartment and all contents.

WHERE TREASURES HIDDEN — The Polish treasures whose disappearance was revealed in 1946 were stored for sometime in the ancient vaults of Hotel Dieu in Quebec City, it was disclosed in February of 1948 at which time Premieur Maurice Duplessis of Quebec announced they had been removed to the Quebec Provincial Museum at Quebec for safekeeping. This is a photo of Hotel Dieu, the vaults of which date back to 1695.

See Atlantic Pact Canada's Safety

BRANDON, Man., May 16 (CP)—Canadians are far more secure with the North Atlantic Pact than they would be without it, Justice Minister Garson said here Saturday in an address to a Liberal party nominating convention.

The convention, attended by 200 delegates, picked J. E. Matthews, Member of Parliament since 1935, to contest the Brandon constituency again for the Liberal party in the June federal election. John Bracken, former national leader of the Progressive Conservative party, already has been nominated to contest the seat for his party.

SAFETY IN ALIAS

Among primitive peoples, it is believed that a person can change his personality to avert threatening dangers by changing his name.

C.D.S. Across-Canada Specials

Children's Play Sandals

Outstanding Values

Tuesday and Wednesday

A dandy sandal for the camp or cottage, or here at home . . . a shoe that should stand up well under hard or constant use. Sandals are made with crepe rubber soles and heels for greater comfort and flexibility. Soft brown or red side leather uppers with side buckle fastening. Come early, while quantity and sizes last on this outstanding Across Canada Special.

Sizes 5 to 7 1.39 Sizes 8 to 10 1.59 Sizes 11 to 2 1.89

C.D.S. Outfits Young Canada for the "4-C" SEASON

Camp Cottage City Country

The day that school closes for the holidays ranks next to Christmas in importance with the 3R crowd! That's the day when reading, writing and 'rithmetic give way to camping, riding, swimming, sailing, hiking . . . when holiday togs have to be rugged and practical . . . and priced to fit into a family budget. We planned just such garb for the whole holiday crowd from tots to teen-agers. And like everything else for the younger crowd, all-year long colorful, sturdy outdoor togs are at C.D.S., The Store for Young Canada.

Berlin Vote Bad Shock To Russians

Many Germans Snub Red "Yes" List, One-Third Vote No

BERLIN, May 17 (AP)—Eastern Germany has dealt Communism an unexpected blow in Soviet-controlled territory. Official figures in the People's Congress election today showed a surprising snub by a third of the voters.

Of 12,024,221 valid ballots, 4,080,272 were marked "no."

The Communists had hoped to roll up a virtually solid "yes" vote for their hand-picked single slate of candidates, so that they could go to the Foreign Ministers' conference in Paris next week with a government for eastern Germany which would match that of the west.

Reds Shocked

So shocked were the Communists that election returns were withheld 20 hours after the polls closed, and the Soviet-controlled press cried double cross at their political allies in the eastern zone.

There were 13,533,071 persons eligible to vote. Of these 12,887,234 cast ballots, or 95.2 per cent. The valid ballots totalled 12,024,221.

This was the vote:

Yes: (in favor of the hand-picked single slate) 7,943,949 or 66.1 per cent.

No: 4,080,272, or 33.9 per cent.

The Soviet-zone election bureau announced the figures.

Wanted It Unanimous

The Communists, playing upon German nationalism, had thrown heavy propaganda artillery into the campaign to give them a virtually unanimous endorsement in the "yes or no" vote for the screened slate of 2,000 delegates to the congress.

Soviet policy was the only issue in the election. All the candidates had been chosen by the Social Unity (Communist) party and splinter elements of the Christian Democrats and Liberal Democrats, all welded into a "Popular Front" with Russian blessing.

The Russians even set aside denazification laws in order to

BLOSSOM QUEEN—Miss Ellen McClenahan, pretty 19-year-old Burlington High School student, has been crowned blossom queen of the Niagara Peninsula. Here Miss McClenahan is crowned by Betty Ferguson of Halifax, Miss Canada of 1948, at Grimsby, Ont. The queen, who won over six other contestants, is five feet six and a half inches tall, weighs 130 pounds, has chestnut hair and grey blue eyes. She is the daughter of Dr. and Mrs. C. A. McClenahan of Burlington.

CSU To Blame For Strike Mitchell Says In Letter

OTTAWA, May 17—(CP)—The Canadian Seamen's Union (T.L.C.) must accept full responsibility for the east coast shipping strike, Labor Minister Mitchell said today in an open letter. Mr. Mitchell attacked "misleading and incorrect" statements attempting to put responsibility for the strike on the Federal government.

His 2,500-word letter again extended the services of his department to the disputing parties should they want to re-open negotiations.

The Minister declared the CSU executive—alleged to be dominated by Reds—had committed an error in judgment in staging sit-in strikes on the east coast during March—a move that was followed by operators signing up with the rival Seafarers' International Union (AFL).

He also said the C.S.U. would have been "well-advised" to accept the unanimous finding of a conciliation board—which included a C.S.U. nominee — recommending a new contract with major provisions unchanged from the 1948 agreement.

On the question of lawful striking, Mr. Mitchell again emphasized that striking Canadian ships in ports abroad is illegal.

The strike was legal in this country, Mr. Mitchell said, but this did not "justify the action of officers of the C.S.U. in counselling and encouraging seamen on ships at sea or in ports abroad to refuse to obey the master's orders"

The minister hit out at statements concerned strike which he called "extravagant, misleading and incorrect and clearly initiated from one source." A few days ago, he said, Prime Minister St. Laurent received 85 telegrams on the strike purporting to be signed by different persons. Inquiry disclosed all had been sent from Toronto by the same person.

Engine Explodes Mill Destroyed

BANCROFT, May 17 (ENS) — One of the most modernly equipped lumber mills in North Hastings County, owned and operated by Clarence Wasmund at Maple Leaf, eight miles east of Maynooth on Highway 62, was destroyed by fire late Monday afternoon. The fire broke out when the Diesel engine which operated the planing mill exploded. Total loss is estimated at $14,000.

The flames spread quickly. After completely levelling the planing mill, they ignited ignited a large pile of newly-sawn lumber nearby, destroying some 30,000 feet.

A call was put in to the Lands and Forests firefighting service here and several pieces of equipment sped the 22 miles to the scene of the fire. After a strenuous three-hour battle, during which the fire also spread to the surrounding forest, the blaze was brought under control.

Fortunately, the flames did not spread to Mr. Wasmund's store, garage, and house which are located on the same property Four men were employed in the planing mill. As far as could be ascertained the loss was not covered by insurance.

It is believed that the owner will rebuild the mill immediately. The mill was situated on a sizeable creek, but there were no facilities locally available to fight the fire.

Finds DP's Cruel To Patients

Sanitation Disgraceful For 1,726 Inmates, Ex-Inmate Declares

TORONTO, May 17 — (CP).—Unsanitary, filthy, dangerous and inhumane conditions exist at the Whitby Hospital for the mentally ill, Lyssa Sherman, a former patient charged at the Mental Patients' Welfare Association meeting on Monday night.

Dr. J. T. Phair, Ontario Deputy Minister of Health, declared today he believed Mrs. Sherman's charges "exaggerated," and said if they could be supported he would start an immediate investigation.

Mrs. Sherman, a nurse who spent six months at the hospital with a nervous breakdown, claimed that by the time she was able to get a bed at the hospital she was almost recovered.

The sanitation at the hospital is "unbelievable," she said. "I was in Cottage 5. There were 70 patients to one bathtub, four sinks on the first floor, and four on the second, but never more than four working a one time." Mrs. Sherman said that from 5 o'clock at night until 5:30 in the morning no nurse supervised the cottage.

Wade Through Snow

During the winter, said Mrs. Sherman, patients were required to wade through snow to the nearby dining-room and "I've never seen a filthier place. China is chipped and broken, only a few of the cup have handles. The breakfast cereal is always lumpy and cold and still adheres to the bowl in which the soup is served at night.

Actual cruelty to patients sometimes takes place, Mrs. Sherman said, and she felt it was due in many cases to the hospital practice of employing displaced persons.

Sheer Cruelty

"I don't know whether it's because of the treatment they received in Europe or not, but they are unsurpassed for sheer cruelty." I saw one of them drag an old woman across the floor by her hair and another woman in the 70s had her face blackened where she had been beaten by a DP. That girl was finally discharged but the cruelty is still going on."

Mrs Sherman claimed the "pack" treatment used to soothe a frantic patient is often used as punishment at Whitby.

"The patient is stripped and wrapped in heavy tent canvas from the ankles to the neck. Some are left lying on their face, and I have seen patients lie there from two to 24 hours without being given a drop of water," she said.

The eighth annual report of the province on mental hospitals states there are 1,726 patients at Whitby and a staff of 270.

Wounded Youth Said Improving

WELLAND, May 17—(CP) — There is marked improvement today in the condition of Dick Joseph, the 19-year-old Buffalo youth who was wounded early Sunday in the flurry of bullets fired by a man who accosted Joseph and three companions at the conclusion of a party at Pleasant Beach. Joseph's friend, 18-year-old Harold Sneztsky died from a head wound suffered in the affray.

Dr. S. V. Railton, who is attending the youth, said today the boy received a severe chest wound from a bullet which finally had lodged in the liver. In addition, fairly serious chest complications developed in the left lung, where a temporary collapse occurred.

Since his admittance to hospital, Joseph has undergone continuous treatment for the lung complication and Dr. Railton said that examination today revealed considerable improvement in the clinical sense.

There has been no attempt to remove the bullet and none will be made unless a situation develops later that makes this course advisable, Dr. Railton said.

Rescue 8 In Crew Off Fire-Ravaged Steamer As 500 Gallons Of Gasoline Catch Fire

HALIFAX, May 17 (CP) — The eight-man crew of the fire-ravaged steamer Uronick was rescued by the cable ship Lord Kelvin off Newfoundland's east coast today while search continued for about 20 Danish seamen in small boats off Greenland.

The men went over the side when the ship carrying 500 gallons of gasoline, caught fire yesterday. The captain warned other ships not to approach the burning vessel.

Two RCAF Lancaster bombers joined the search over a cold, snow-spattered sea for the crew of the 120-ton motor schooner Ebba. The seamen abandoned ship about 200 miles off Cape Farewell, the southern tip of Greenland yesterday after her hull was ripped apart by a raging sea and she sank under their feet.

Manitoulin Vote Favors Liquor Control 2-1, Toss Out Temperance Act

LITTLE CURRENT, May 17—(CP)—Manitoulin Island is coming under provisions of the Ontario Liquor Control Act after 35 years under the liquor-handling regulations of the Canada Temperance Act. Residents voted nearly 2-1 yesterday to scrap the 1876 Federal legislation. The Provincial regulations will permit sale of liquor under government control but another vote will be necessary to decide whether residents favor opening of hotel beverage rooms. The CTA prohibited sale of liquor on the island but left consumption of spirits unrestricted.

It will be at least another 30 days before the CTA becomes inoperative on the island. That period must elapse between voting day and passing of a federal order-in-council making the vote effective. The order takes effect on publication in the Canada Gazette and Ontario liquor laws then apply automatically.

W. J. Patterson, editor of the Manitoulin Expositor who campaigned editorially for repeal of the C.T.A., said the voters' decision will bring control to drinking on Manitoulin.

"Our main aim (in urging appeal) was to bring control and decency to the island and an end to the hypocritical way we have been handling our liquor problem up to now," he said.

Crack Down On Bootlegging

Law officers said introduction of provincial liquor laws will enable them to crack down on bootlegging, drinking by young people at dances and consumption of liquor in public places.

Close to 4,000 of the 5,582 elegible voters cast ballots. Their decision was announced less than two hours after the 36 polls scattered across the island closed at 6 p.m. EST.

The complete vote was 2,472 for revocation of the CTA and 1,284 for its retention.

Chinese Reds Take Over Port Of Hankow

SHANGHAI, May 17—(AP)—A new Communist threat to menaced Shanghai developed today as pressure eased on the city's vital sea and air gateways. In Central China, the Reds were reported walking into Hankow, the country's greatest inland port.

A Shanghai garrison command communique said the more than 10,000 Reds based at Fengyen drove to Chowpu, less than 10 miles southeast of Shanghai's famous Bund along the Whangpoo river.

Another Red force of 2,000 Reds pushed to Chawansha, 12 miles almost due east of the Bund, the Nationalist communique said.

Thus it appears the Communists, held off at the Woosung ship entrance to the city on the north and balked at Lunghwa international airport to the south, are concentrating on a "soft spot."

This is Pootung, dock and industrial area just across the Whangpoo from the Bund.

The occupation of Hankow was reported in a dispatch to the newspaper Sin Wan Pao from the big mid-Yangtze industrial centre. It said the Reds marched in yesterday at 4 p.m.

Close To Canton

Reports from Hankow said Red Gen. Lin Piao's fourth field army of Manchurian veterans was taking over the big inland port on the Yangtze river 600 miles west of Shanghai and about the same distance north of Canton.

Other reports said the Communist second field army's southeast drive through Kiangsi province had carried to Liuchin, 225 miles northeast of Canton. The main body of Gen. Liu Po-cheng's 70,000-man army was reported at Ningtu, 275 miles from Canton.

SAN FRANCISCO, (AP)—Chinese Communists in a 50-mile lunge have seized Nanping only 87 miles by road from the big southeast-China port of Foochow, the Red radio said today. Foochow is capital of Fukien Province.

Hint New Prosecution Of Eisler As Fugitive

WASHINGTON, May 17 (AP). —Officials said yesterday a new link may be added to the chain of charges facing Communist Gerhart Eisler if and when he is extradited from England: "Departing the court."

The 52-year-old Eisler, alleged former No. 1 Communist in the United States, skipped the country May 6 as a stowaway aboard the Polish liner Batory. He was taken off the Batory by Scotland Yard men when the ship touched England.

Assistant United States District Attorney William Hitz said Eisler violated the terms of his $23,500 bail and indicated the new prosecution of Eisler as a fugitive.

leaving the jurisdiction of the court which sentenced the defendant, Hitz explained.

Forest Fires Sweep Prairies

WINNIPEG, May 17 — (CP) — Charred tree stumps and blackened shells which once had been homes dot hundreds of thousands of acres of the northern Prairie provinces today as forest fires continued their crackling advance.

Rains yesterday in Alberta and Northern Saskatchewan aided thousands of firefighters somewhat in their struggle to stem advance of the flames, and Manitobans looked for showers today.

There are no official estimates yet as to extent of damage caused by fires, described by forestry officials as the worst in many years. But observers said the damage easily will reach into millions of dollars, estimated in terms of the years it will take to substitute for present fire-scarred timber stands.

National Health Scheme Could Operate, CCF Says On Yearly Payment Of $35

Arthur Williams Derides Old Parties At CCF Rally - Claims His Party Will Be Official Opposition In Next House

"We are paying in interest alone on the national debt more than it would cost for a national health club," Arthur Williams, CCF candidate and member for Ontario riding in the last House of Commons said in an election address Monday at a CCF meeting in the Knights of Columbus Hall, Simcoe St.

"Despite the fact that there is a national bank, the national Government went to a chartered bank—which is private enterprise—to ask for a loan and $664 million is being paid every year on interest", Mr. Williams declared.

A national health scheme could operate in this country, Mr. Williams said, with annual contributions of $35.

The Ontario riding candidate was speaking at the first election meeting held on behalf of the Peterborough county candidate, Howard Miles.

Discussing the Conservative election program, Mr. Williams referred to that party's promise of equal pay for women for equal work. "In April this year," he said, "the CCF introduced a bill for equal pay for equal work but every single Conservative and Liberal in the Provincial Legislature voted against the bill." Two Labor Progressives and 21 CCF members were the only members to support the bill," he declared.

Promises Forgotten

There had been promises of a national health insurance plan in 1919, but there was still no such scheme.

If only the people who were being served by the Conservative and Liberal parties would vote for their own candidates and the working people would vote for their own party, the CCF would win the forthcoming election, Mr. Williams maintained. If the capitalists alone voted for the Conservatives they would not win one seat in the Government.

"The pity is that people complaining every day of their lives turn around and vote Conservative and Liberal," he declared.

The Conservatives would play with the Canadian Broadcasting Corporation and the Canadian National Railways in the same way they had played with the Hydro in Ontario, he said.

Asked what advantage would result from nationalization of the banks, Mr. Williams said there were many worth while enterpris-

NATIONAL HEALTH

(Continued on Page 2, Column 4)

India Votes 156-2 For Commonwealth

NEW DELHI, May 17 (AP) — With only two dissenting votes, the Constituent Assembly today approved the agreement under which India is to remain in the Commonwealth.

The 156-to-2 vote endorsed the agreement reached with Britain which permits India to become a sovereign republic and still maintain a tie to the crown.

Prime Minister Pandit Jawaharlal Nehru, who negotiated the agreement, told the assembly it would place India in position to work for peace in a world that seemed to be drifting toward a war that nobody really wants.

CIO Executive Board Ready To Quash Left-Wing Revolt

WASHINGTON, May 17 (CP)— The executive board of the CIO gathered today in an air of tension and considerable mystery to lay down the law to the CIO's rebellious left-wing minority.

President Philip Murray was generally believed to be ready for some drastic actions. The right-wingers control the board by a majority of about 40 to 12.

The top CIO officers met all day long yesterday, preparing the ground for the 52-man executive board which meets today and tomorrow for the first time in six months.

The board is expected to consider a report by a three-man committee that, Harvey Murphy, Western Canada director of the International Union of Mine, Mill and Smelter Workers, is guilty of a "flagrant offence" against the CIO Union.

William Mahoney, Western Canada director of the CIO, said earlier this month in Vancouver that Murphy is likely to be expelled by the Mine Union.

The committee investigated charges that CIO affiliates aided a secessionist movement against the International Woodworkers of America (CIO) in British Columbia. It said it had proof that Murphy was "fully aware of the secession movement—and that he gave aid and comfort to the movement."

Proposes Airlift To Bring Parts To Canada

OTTAWA, May 17 —(CP)—A small-scale airlift to shuttle machinery parts into the Canadian market will be proposed by President Harold Wilson of the United Kingdom Board of Trade when he returns to London, it was learned today.

The proposal, it was learned, will be one way of meeting United States competition in Canada, and giving Canadian buyers assurance that British replacement parts will be available quickly.

This innovation means that a one-day replacement service may be available to Canadians buying U.K. farm equipment, motorcycles and some types of automobiles and other equipment. It is understood to have the approval of Canadian trade experts.

Details of the airlift plan are expected to be made public by Mr. Wilson as he continues his 20-day trade tour of the Dominion. The top U.K. trade officer left for Toronto Monday night after meeting with the cabinet and speaking before a press conference and a district convention of Rotary International.

Another sales-boosting plan which Mr. Wilson may lay before U.K. manufacturers when he returns overseas is a large-scale British advertising campaign in Canada—a campaign which may equal United States advertising here.

Federal government authorities have already indicated that they will give all the help they can to increase the flow of British goods to Canada and ease the trade problem which finds the U.K. importing from Canada about 2½ times what she exports to the Dominion.

UN Retaining Spanish Boycott

NEW YORK, May 17 (CP) — The United Nations' boycott on top diplomatic representation in Franco Spain remains in force today.

The UN General Assembly voted 26 to 15 Monday night in favor of returning envoys withdrawn from Madrid in 1946 as a gesture of disapproval against Generalisimo Franco.

But the move failed because it was four votes short of the two-thirds majority needed for Assembly approval.

Sixteen countries — including Canada, Britain, the United States and France—abstained from voting although British and United States spoke strongly against the Franco regime.

At the same time the Assembly rejected by a 40-6 vote a Russian-bloc proposal to slap military and economic restriction on Spain.

Two Dam Gates Break Angler Tossed 200 Ft.

BLUEVALE, Ont., May 17 (CP) —A seven-foot wall of water rushed down the bed of the Maitland River here Sunday when two gates of the mill dam broke loose, sweeping an unsuspecting angler 200 feet downstream and washing him ashore, bruised but alive, on a small Rocky Island. The angler's identity was not known, with the exception that he was a visitor from Toronto who had stopped in the village with the hope of getting some fish.

Call Strike Off Ford Requests

DETROIT, May 17 (AP)—The Ford Motor Company today asked the United Automobile Workers (CIO), to call off their strike in all except one building of Ford's big Rouge plant and at the Lincoln-Mercury plant.

The one unit which would remain strike-bound along with the Lincoln plant under the company proposal would be the "B" building, centre of the production line speed-up dispute.

Ford handed the proposal to the union as another in a long series of negotiating sessions opened early today.

Ford said union acceptance of the new proposal would have the following effects:

1. Recall of more than 72,000 employees in the Detroit area beginning at once;

2. Recall of another 25,000 in Ford assembly plants outside of Detroit as soon as parts could be supplied from the Rouge plant.

Strike Affects Princess' Hotel

FLORENCE, Italy, May 17 — (Reuters)—The strike of hotel workers in this city today affected the hotel at which Princess Margaret is staying while on her visit here.

Early today 100 employees of the hotel joined 2,000 other hotel workers in their strike for an increase in the minimum wage. The current wage is 20,000 lire (about $40 a month).

But the Princess probably will scarcely notice the strike. A uniformed waiter today served breakfast in her room. The elevator used by the Princess was manned by a volunteer.

Sneezes Steadily 10 Days Cure Promised London Boy

LONDON, May 17 (AP)—The London schoolboy who can't stop sneezing still can't stop. But a chiropractor has him in hand and says he can cure the achoo's for good.

Michael Hippisley, 14, has sneezed about every three seconds for 10 days, except when he's asleep from drugs or exhaustion.

Leslie W. D. Jelfs, the chiropractor, entered the case Monday night.

He said today he has already eased the sneezes.

Michael wandered around Jelfs' apartment and office, sneezing quietly and regularly into a series of white handkerchiefs.

His own verdict, expressed to a reporter while Jelfs was out of the room: "I think I'm a little better."

Mike's parents called in Jelfs when doctors, a hypnotist, a faith healer and sundry telephoned suggestions from well-wishers had left Mike still sneezing.

Jelfs said Mike has had sneezes and hay fever since he was three.

"Probably had a fall or a severe bump when he was small," he said.

That, said Jelfs, knocked six neck joints of his spine too far to the right, pinching some nerves and causing irritation in the nose. He says X-ray pictures prove the point.

To cure the sneezes, he will have to get the neck bones lined up straight again. He won't say how long that may take, because, he says, the muscles have shrunk on one side and stretched on the other. To cure the sneezes, they'll have to be trained properly again to hold the bones straight.

Council Names Langan To Commission

Some of the business of city council Monday night in capsule form:—

Appointed Wilfred Langan to the Recreation Commission, at its request, for 2½ years, to the end of 1951.

Gave third reading to the by-law authorizing the borrowing of $1,500,000 for Civic Hospital.

Gave permission to the Louis Anthony estate to erect a house on a Perry St. lot, west of George St., that is of less frontage than the required 40 ft.

Write a new clause of protocol: Any deputations desiring to address any committee may do so only after conferring with the city clerk, and making arrangements with him for their proper and orderly appearance at the meeting.

Appointed Arthur G. Metheral to distribute funds of the Joseph Tooley Green estate of which Victoria Trust and Savings Company are executors, "the funds being particularly allocated to providing parcels at Christmas to persons in need."

Enquired of Canadian Legion whether they have a list of the names of Peterborough men and women who served in the war, to be set up in the Memorial Centre.

Commended the directors of the Civic Arena on their surplus of $3,418 from the first season of the Park St. rink.

Decided to ask A. E. K. Bunnell of the Department of Planning and Development "to suggest names of competent persons to serve as landscape directors at Civic Hospital grounds."

Directed City Clerk Outram to ascertain from other municipalities their policy respecting sick leave for all their employees.

Granted used car sale license to Messrs. Moore and Connelly at 747 Park St. south.

Granted George Reed, 460 George St., a rebate of $6.67 on his tobacco license fee "since he used the license only four months."

Another item in Ald. Hugh Waddell's finance committee report, which the council endorsed: "That Chief John Thompson be informed that this Council desires him to take immediate action against the operaor of the auto-wrecking yard on Monaghan Rd. south."

Authorized City Engineer Chalmers to have the oiling of streets done by contract this season, and that he arrange to have it done as early as possible.

Accident Prevention

OTTAWA, May 17—(CP) — A national conference on accident prevention was proposed Monday to the Canadian Association of Administrators of Labor Legislation as it opened its eighth annual conference. Arthur McNamara, federal deputy minister of labor, asked delegates to consider such a conference, which would be similar to one called by President Truman in Washington this year.

Goes To Privy Council

OTTAWA, May 17 — (CP) — Speaker Gaspard Fauteux of the House of Commons Monday was sworn in by Viscount Alexander, governor-general, as a member of the Canadian Privy Council. Prime Minister St. Laurent announced last week that Mr. Fauteux had been appointed to the council, which entitles him to be called "Honorable."

Government's Farm Policies Under Opposition Fire

The C.C.F. and Progressive Conservative parties took a couple of hefty swipes at the government's agricultural policies Monday night in the budding campaign for Canada's June 27 general election. M. J. Coldwell, CCF leader, moving into Prince Edward Island in the early stages of his maritime tour, told a rally at Summerside that the Liberals had "dodged" their responsibilities to the Canadian farmer by what he said was their failure to meet demands of agriculture for uniform marketing legislation.

George Drew, Progressive Conservative leader, asserted at Lunenburg, N.S., that the government had power to go on Canadian farms and seize farm produce at terms which it alone would determine.

Mr. Coldwell said that only the CCF had pledged itself to support measures sought by the farmers, including passage of national marketing legislation proposed by the Canadian Federation of Agriculture, the major producer organization.

Not Satisfied

The farming population was dissatisfied with the government's policy of negotiating contracts for food exports on a year-to-year basis. The marketing of farm products was "bedevilled with the uncertainty of what another year might bring."

Mr. Drew held that the government would use its farm-produce expropriation powers "if the long-haired boys in their ivory towers get to the point where they believe that they should be used in that way." Along with that authority, the government had power to take over control of the steel and lumber industries.

The Progressive Conservative leader, in the second week of a 20-day jaunt through the Maritimes, delivered his second major speech of the day at Halifax and told an audience there that the budget introduced in the Commons shortly before dissolution "does not mean a thing because it was not passed by Parliament."

Tax Agreements Praised

With his administration thus under two-pronged attack, Prime Minister St. Laurent opened a PEI campaign at Charlottetown by dubbing Mr. Drew the "self-appointed saviour of confederation" and denying that Dominion-Provincial tax agreements were "destroying" the autonomy of the provinces.

In Charlottetown, Mr. St. Laurent said the Dominion had turned back to the provinces "just as fast as we could" every field of provincial jurisdiction it had entered under emergency wartime authority.

The Prime Minister indicated his feeling that the June 27 election might pave the way for a financial agreement between the Federal government and all the provinces. Ontario and Quebec are the only provinces which have not entered separate agreements on tax sources with Ottawa since collapse of the 1946 general conference.

"I believe," he said in his first public address in this cradle of confederation, "that it won't be very long after June 27 when the people dispose once and for all of this charge that the Liberal party is trying to destroy provincial rights and it may not be very long before we are able to reach tax agreements with all 10 provinces.

British Artist Dies

READING, England, May 17 — (Reuters)—Sir William Nicholson 77, versatile British artist who never signed a picture, died yesterday at his Berkshire home.

Cheese, Produce And Livestock

TORONTO FRUIT

TORONTO, May 17 — (CP) — Wholesale fruit and vegetable prices unchanged here today with the following exceptions: Asparagus, $2.50-$3; radishes, 40-45; green onions, 25-35; spinach, 60-75; cucumbers, $5.50-$6.

10 a.m. prices:

Oats—May ⅞ lower 77½; July 5⅞-½ lower 73⅞A; Oct. ¼ lower 69¾.

Barley—May 1⅜ lower 1.15⅛; July 1⅛ lower 1.08½B; Oct. ¾ lower 99¾B.

Rye—May 3¼ lower 1.26⅝A; July 3¾ lower 1.27½; Oct. 3¼ lower 1.28¼A.

Flax—Not open.

Inspections: Wheat this year 655; last year 242; cars of contract 517; oats 173-25; barley 192-31; flax 23-3; rye 35-1; other grains 10-3; total 1088-305.

LIVESTOCK

TORONTO, May 17—(CP)— Prices were steady on all grades of cattle in trading on the local livestock market this morning. Receipts reported by the Dominion Marketing Service were: cattle, 700; calves, 300; hogs, 400; sheep and lambs, none. Held over from yesterday were 600 head.

Medium to choice weighty steers sold for $20.50-$22.35. Medium to good light steers brought $20-$21.50; medium to good heifers bringing $19.50-$21. Bulls were $16.50-$18.75 and fed yearlings $19-$22.50. Plain to medium steers sold for $15-$18.25.

Calves were firm at $24-$25 for choice. A few tops sold for $26. Plain to medium vealers were $13-$21.

Hogs were steady at $30 for Grade A and $29.85 for Grade B1. Sows were $21, dressed.

Prices Backed Down Under Mild Pressure

TORONTO, May 17 (CP) — Prices backed down under mild selling pressure in moderately active dealings on the Toronto Stock Exchange today. Industrials and base metals eased quietly from yesterday's advances and junior gold producers continued to show losses. Several western oils were quietly lower.

Volume for the first three hours was 411,000 shares, about 145,000 shares more than yesterday's similar period.

Changes were held to fractions in the industrial groupings with many of yesterday's gainers weakening. Papers were lower and several steels and utilities eased.

A few small golds attracted a large bulk of the trading activity for small changes. Junior producers showed losses ranging up to 25 cents.

Consolidated Smelters added ¾ at 97¼ in base metals.

Foothills and Pacific Petroleum were down 10 cents in an easier western oil list.

Says Plane Damaged

LOS ANGELES, May 17 (AP) — Aircraft builder Howard Hughes said Monday his 200-ton flying boat had been damaged sufficiently to cause it to crash, but he would not comment on rumors of sabotage. He said only that the damage was not done during water tests and a brief wave-skipping flight in November, 1947. The eight-engined craft has been docked at Los Angeles harbor since then, ostensibly for changes in its control system.

Syndicate On Strike

NEW YORK, May 17 —(AP)— Employees of the Bell Syndicate, newspaper feature distributors, and three affiliated organizations are on strike over failure to reach a contract agreement. Local 3 of the American Newspaper Guild (C.I.O.) said 49 employees of the Bell firm and its affiliated North American Alliance, Consolidated News Features and Associated Features were affected.

National Health

Continued from Page 1

es which the chartered banks would not back. Private enterprise would not back a co-operative store. The CCF would make the national bank the dominating factor as far as credit was concerned.

National Health

The Bank of Canada—the national bank—had been started by Rt. Hon. R. B. Bennett "but now the Conservatives say that if we did what they have done with the bank it would be a heinous thing" Mr. Williams said.

"It is our intention to clothe the Bank of Canada with the authority the chartered banks now have," he stated. He said that the Foreign Exchange Control Board was also hampered by private enterprise.

The Minister of Finance had said that the dollar must "find its own level." That was the action of opportunists, not statesmen. No Canadian thought of a dollar as less than 100 cents and the CCF was not going to devalue the dollar.

One of the interesting features of the CCF movement was that it allowed freedom of expression without "throwing you in the can."

Can't Understand

Since the advent of the Labor Government in Britain there had been continual reference in the newspapers of this country to the rebels in the Labor party. A resolution had recently been passed in the British Columbia Provincial CCF convention which had been interpreted by the press of this country as a split in the CCF movement. The old parties and the press could not understand and had no conception of the democracy inside the movement.

"In the Conservative party you must not step out of the bounds of what the heads consider to be conventional propriety," Mr. Williams declared. And it was the same in the Liberal party.

The Liberals were trying to circulate the belief that in order to defeat Drew the electors must vote Liberal.

"It would not surprise me to find ourselves the official opposition after this election," the speaker said. He predicted that the CCF would win 20 Ontario seats, Fusion with the Liberals was the only hope for the Conservatives, he thought.

Mr. Williams declared, and he stressed that his remarks were said respectfully. "In my own mind I think that is Jesus trotted this country again He would be doing exactly the same for this country as the CCF is doing."

"I am not conceited enough to say that I am either a socialist or a Christian because that is the very highest plane for any human being to set himself on. To be a Christian is to be Christ-like and I cannot believe that I am like that—I wish to God I were."

Remain In Background

"To be a socialist is to put yourself completely in the background and everything about everybody else in the foreground. I do not do that—I wish I were able to. And yet that is what I think this movement will arrive at."

"When we arrive at that state it will be amazing how similar is the activity of this movement with the work of Christ."

Howard Miles, the Peterborough West candidate said it was not his intention to criticize candidates of other parties but to work out a system of a new and challenging planned economy. The CCF was the people's movement which, even if it did not succeed at this election, would come later.

Mr. Williams was introduced by Jack Morton, and Walter Dinesen was chairman.

Get Heavy Rains

REGINA, May 17—(CP)—The heaviest and most widespread rainfall of the year fell on Southern Saskatchewan late Monday to give hopes to farmers who had already begun to predict a return of "the dry 30s." The end to a long siege of hot, dry weather was called a "million-dollar shower" by one agriculture official.

The Weather

...ures:

Today:
Night low..43 Noon...78
Yesterday:
Highest....75 Lowest..38
One Year Ago:
Highest....62 Lowest..48

The dry spell over the western prairies came to an abrupt conclusion early today as strong northeasterly winds lashed rain into Southern Alberta and Saskatchewan. Calgary reported rain and icy snow whipped up by 50 mile-an-hour northerly gales. Cause of this weather is a developing disturbance over Montana now accelerating eastward.

This means that tonight and Wednesday strengthening southerly winds will feed warm moist air into Ontario. A noticeable increase in cloudiness and humidity will follow and scattered showers will be general throughout the province.

Forecasts:

Sudbury, Lake Ontario, Niagara, Georgian Bay and Haliburton regions: Clear today, becoming overcast early Wednesday morning. Scattered showers Wednesday. Continuing warm with increasing humidity. Winds light, becoming southeast 15 Wednesday afternoon. Low tonight and high Wednesday at St. Catharines 57 and 79, Sudbury 52 and 75, Trenton 51 and 73, Muskoka 45 and 77, Killaloe 42 and 75.

Summary for Wednesday—Warm, humid with scattered showers.

Warns Church Heed Challenge

KINGSTON, May 17 (CP) — A world "distracted and in distress" confronts the Christian Church with "a challenge that must not at all costs go unheeded," Most Rev. John Lyons, archbishop of Ontario, said today in his charge to the 83rd session of the Ontario Anglican Synod.

"The struggle today is the age-long one between the forces of good and evil," said Archbishop Lyons, who is Metropolitan of the Ecclesiastical Province of Ontario. "We must take stock of our resources and potentialities, lay our plans and shape our strategy, not only to consolidate what we possess but to advance in making the Christian way of life known and accepted among men."

Commenting on the Lambeth Conference in England of Anglican Bishops last year, Archbishop Lyon said "it brought a message of encouragement to the people of God all the world over and called to remembrance the fact that the church discharges its mission to the world through the devotion and work of its members." He added that the conference was a recognition of the Church's determination to "think out afresh the Christian Gospel of work in terms of modern working conditions."

In reference to the World Council of Churches meeting in Amsterdam this year, Archbishop Lyons expressed pleasure at the harmony and frankness of the meeting.

Urges Colleges Not Be Vocational Schools

SACKVILLE, NB, May 17 (CP) —Canada's Governor - General said to-day Canadian universities will lose much of their unique value if they become "only a further step in school education" and if degrees become something needed to get a good job.

The Governor-General Viscount Alexander, spoke at the annual convocation of Mount Allison University, where he received an honorary Doctorate of Laws.

"...The result of several years spent at university," he said in a speech prepared for convocation, "is development of the cultural side of life, and I cannot believe that this will continue to be possible if literally thousands of the students are working to obtain degrees in subjects which could just as well, if not better, be obtained at a commercial school designed for specializing knowledge."

Outlining the history of universities and university customs, Viscount Alexander said Canadian universities now were greatly overcrowded.

Discuss Ireland Bill Without Incident

LONDON, May 17 — (CP) — The House of Commons rose early today after completing the committee stage of the controversial Ireland bill as police in plain clothes watched from the public galleries.

The session was completed without incident and the bill emerged from committee virtually unaltered. During the debate, 40 amendments were disposed of.

During the sitting, policemen in plain clothes sat in the public galleries. Visitors were scrutinized and armed detectives were on duty at strategic points.

These precautions were taken to guard against possible "incidents" while the debate proceeded. The bill, which received second reading last week, provides that Northern Ireland will remain a part of the United Kingdom and of the Commonwealth unless her own parliament decides otherwise. In other words, it continues the partition of Ireland to which the government of the newly-created Republic of Ireland strenuously objects.

Obituary

MRS. MIRIAM CUFFE

After an illness of three months Mrs. Miriam Cuffe, beloved wife of the late Reginald Sims Cuffe, died in hospital on Monday in her 47th year. Daughter of Percy T. Rutherford and the late Mabel Dawson, Mrs. Cuffe was born near Bailieboro but spent the greater part of her early life in Peterborough, where she attended public school and the Collegiate Institute.

She was a member of the George Street United Church and the Independent Order of Daughters of Empire. Following her marriage to Reginald Cuffe she resided in Montreal and on his death in 1946 she took up residence at 626 Charlotte St.

There survives two sons Edward Sims Cuffe and John David Cuffe both of this city; her father, Percy C. Rutherford of Peterborough, and two brothers, Dr Frederick Rutherford of Detroit and Dr. Lloyd Rutherford of Halifax.

The funeral will be from the Comstock Funeral Home on Thursday at 2 p.m., the Rev. Dr. James Semple officiating. Burial will be in Little Lake Cemetery.

5 Students Killed

KINGSPORT, Tenn., May 17 — (AP)—Five college students were killed yesterday and four other persons injured in an automobile collision during a heavy hailstorm.

Liftlock Made Ready For 1949 Opening

Finishing touches are being made today in connection with the annual spring overhauling of Peterborough's Liftlock on the Trent Canal with a view to having it open for the 1949 season on Wednesday, T. J. Ryan, superintending engineer, stated this morning.

The work of checking on the machinery and general operation of the Liftlock has been going on for some days. It will be completed well ahead of the opening of the tourist season. It is a popular pastime for American visitors to take their cabin cruisers through the lock during their summer visits.

The Liftlock is also receiving a new coat of paint, so that it should present a very attractive appearance when the overhaul is completed.

MORE ABOUT—

Berlin Vote

Continued from Page 1

let former Nazis vote and swell the total.

The obvious evidence of protest in Eastern Germany could possibly compel the Russians to scrap their carefully-planned strategy for the foreign ministers meeting in Germany. They had planned to present the people's congress—with 500 hand-picked delegates to represent West Germany—as a government for the whole country.

Lets Out Secret

Taeglische Rundschau, long before the figures were made public, let the cat out of the bag. It accused the Christian Democrats and Liberal Democrats in the popular front of a "double game" —of swearing allegiance to the congress and "agitating in secret" against it.

The voting was for a people's congress of 2,000 members, all hand-picked and put on a single ticket. Voters were given a choice of voting "yes" or "no."

Just before the lid was clamped on the results, the main election committee of the congress for Eastern Berlin announced the breakdown of the first 7,000 votes counted.

Only 2,820 voted "Ja." A majority of 3,809 voted "Nein." About 250 ballots were declared invalid. Some wrote on their ballots "we won't vote for a police state and we reject Communism."

The Western Berlin press reported soon afterward that the election committee was "re-examining" the ballots.

ELECT EXECUTIVE MEMBER

A new executive board member will be elected at the regular meeting of the Allied Labor Council tonight at Union Hall. This was caused by a vacancy being left on the Board when Robert Harvey (Local 1320 AASER and MC of America) became treasurer. The Labor Day preparation committee will report on its meeting and will make proposal for this year's activities.

Orillia Plant Strike Ended

ORILLIA, May 17 — (CP). — The strike at the Heywood-Wakefield baby carriage plant is over.

Labor Minister Daley announced Monday night that officials of the plant had signed a four-point agreement with the Orillia General Workers' Union (CCL) which called the strike 16 days ago.

The cases of the 18 discharged workers which preceded the strike, the first in this Simcoe County town's history, will go before an arbitrator or a County Court Judge, to be chosen by the Labor Department.

All the others on strike are to return to work at once.

Brief skirmishes between the strikers and non-strikers last Monday resulted in 26 Ontario Provincial Police being called to the scene at the request of Mayor W. M. Seymour. They arirved at the plant last Wednesday to keep order after five foremen were molested.

The settlement was seen as a compromise between the terms laid down by the plant manager A. J. Lloyd and union organizer George Brough.

Science Editor Drowns

BILOXI, Miss., May 16 (AP)— Harry M. Davis of New York, 38-year-old science editor of Newsweek Magazine, was drowned in the Gulf of Mexico late today, a short time after he and Mrs. Davis arrived on a vacation trip.

Summer Fun IN ALGONQUIN PARK

Algonquin Park is 2,700 square miles of unspoilt woodland, where you can recapture the thrill of the early pioneers in canoe camping trips, or take shorter trips from comfortable hotel or tourist cabin accommodation. It is so popular among fishermen, artists and plain holiday-makers that it's wise to make reservations well in advance.

The Superintendent, Algonquin Provincial Park, Algonquin Park Station, Ontario, can give you all the details. Train service to Huntsville from Toronto and the South or to Brent and Kiosk from Ottawa or North Bay. Allow at least a full day to drive . . . the entrance to the Park is 200 miles from Lake Ontario via highways 11 and 60.

In Ontario we have a holiday paradise . . . let's do all we can to encourage visitors from across the border. Published in support of the tourist business by John Labatt Limited.

Labatt's BREWERS SINCE 1832

LET'S MAKE THEM WANT TO COME BACK!

Some Controls Still Needed Says Candidate

CAMPBELLFORD, May 17 — (ENS). — "Young people add energy and inspiration to the Liberal Party and women play an important role in the affairs of government," declared Dr. Fred Robertson, Federal candidate of the Liberal Party for Northumberland County, in a campaign speech on Monday night.

He stated that the Liberal government had spent millions in rehabilitating the veterans. The government's labor legislation, he declared, had improved working conditions and wages of the worker. Farmers had been restored to their rightful place in the prosperity of our country.

Only Three Left

"Drew," he declared, "is demanding the government do away with controls. Is he aware there are only three left?" he asked. "Rent control means much to the common man and steel should continue to be controlled because we only product 30 per cent of our steel needs. If citrus fruits were not under control," he continued, "the short supply would cause excessive prices. A few vegetables are controlled because market gardeners should have some protection," he said.

"What we need more than anything else is national security," he stated. "The North Atlantic Pact is the brain-child of our Prime Minister, and no doubt it has been instrumental in persuading the Russians to lift the Berlin blockade."

The National Health Plan, which means spending over 150 million dollars during the next five years, is the forerunner of a national health insurance plan, he said. Every one will receive adequate health care and this plan alone should return the Liberal Party to office, he declared.

Young Liberals Name Officers

COMPBELLFORD, May 17—(ENS) — Harry Bennett was chosen president of the Young Liberal Association at an enthusiastic organization meeting held in the Parish Hall Monday night. Alan Curle was named vice-president; Gwen McGee, secretary; and Joan Wood, treasurer.

Ward chairmen were named as follows: Myersburg, Mac Waddell, Connelly's School; Alan Curle, West's School; Alan Rutherford, Stanwood; Jerry Mitchell, English Line; Stuart Milne, Menie; Jim Doherty, Trent River; and Ray Thompson, Petherick's. The town ward chairman will be chosen at a later date.

James McKagne, Castleton, president of the Northumberland Liberal Association, and Ed Quinn, president of the Central Young Liberal Association, spoke briefly on the importance of Young Liberal Associations in educating the young people in the doctrines and principles of Liberalism. Chairman W. A. Hogle introduced the speakers.

Members Of Play Cast Honored At Banquet

APSLEY, May 17 (ENS).—The executive of the Women's Institute gave a banquet to the cast and director of the play "Where's Grandma?" on Saturday night.

Chas. Alphey, on behalf of the cast, thanked the Institute for the pleasant evening.

In replying, Mrs. W. Lean said it had been a great pleasure for the Institute to thus show its appreciation of the players' efforts.

On Saturday, Beverly and Francis Alphey entertained several little friends at a birthday party, it being a joint birthday.

The little girls were pleased to welcome their grandmother, Mrs. J. Pashler of Peterborough, who arrived during the evening to spend the week-end.

Ten-Pound Pickerel Caught Opening Day

MARMORA, May 17 (ENS)—On checking up with fishing enthusiasts as to who got the biggest pickerel as the season opened, it was learned that James Gordenier who is also well-known as a hunter and trapper, got the biggest one on Saturday. It was over ten pounds.

On Monday morning, Wesley Wannamaker, who also fared well on Saturday, displayed at 7 a.m. a fish which tipped the scales at nine pounds, two ounces.

Mr. and Mrs. Charles McInroy spent the week end in Toronto and attended the Ice Follies.

Mr. and Mrs. J. W. Nayler of Madoc visited Mr. and Mrs. Frank Hulsmans on Sunday.

Aerialist Dies

CHICAGO, May 17 — (AP) — Marie Alvina Amy Leabeau, 75, for 25 years an aerialist with Ringling Brothers-Barnum and Bailey Circus, died yesterday. Miss Lebeau retired from the circus 30 years ago and later worked as a department store matron.

SENORA DELORES LOAEZA with her children Dolores (14), Antonia (12), Eugenia (11), Natalia (eight), Enfiqueta (nearly six), Enrique (five), and Lupita (two). Senora Loaeza, wife of Enrique M. Loaeza, council member for Mexico to the International Civil Aviation Organization, is returning to her home this summer with her children. Senora Loaeza is looking forward to telling her family and friends how she likes Canada and Canadians.

Paid $5 For Setting Fire To Car, Witness Testifies

COBOURG, May 17 (ENS) — Evidence was taken yesterday at a preliminary hearing into a charge of wilfully damaging an automobile, laid against John A. Sullivan of Hastings. It is alleged that the car of A. F. Sparks of Hastings was set afire on December 4, 1948. Joseph Hynes of that village, testified yesterday that he was paid by Sullivan to do the job. The balance of the preliminary evidence is to be heard at a later date.

Hynes told the court that on December 3, Sullivan and he had a conversation in which Sullivan told him that he had a job for him to do.

Total Wreck

"He told me that he wanted me to burn a car at the back of the garage and he said it belonged to Sparks. He asked me how much I wanted and I said five dollars. He gave me the money and left out a pail of gas that we use in the garage for washing our hands. I poured it next day over the upholstery and set fire to it. The car was a total wreck," he said.

To defence counsel, J. C. M. German, Hynes said that he had served a 15-day sentence for arson in connection with the affair. He said that he had tried to get Joseph Cleary to help him set fire to the car, but he wouldn't do it.

A. F. Sparks, owner of the car, testified that he bought it in September from Sullivan and that the sale was made through a finance company. It was involved in an accident and taken to Sullivan's garage where it later caught fire. The insurance company paid the claim three weeks ago.

William Amos, insurance adjuster, corroborated Sparks' evidence in regard to the insurance settlement.

Offered to Settle

Inspector R. Simmons of the Fire Marshal's Dept., said that his investigation of the fire led to questioning of Sullivan. Simmons said that Sullivan intimated to him that he would like to settle the matter to avoid publicity. "He indicated to me that he wanted to pay me to hush it up," Inspector Simmons said.

Provincial Constable A. Kellogg who was with Simmons and Sullivan when the statement was taken, testified that Sullivan reached for his pocket and said that he would like to straighten the matter up. Witness recalled that after the fire he removed part of the upholstery and squeezed gasoline out of it.

Adjournment was made at this stage for later argument on the admissability of Sullivan's alleged statement.

ANTI-SNAKEBITE

Medical science has developed a "suction-cup" appliance to combat snakebite where serum is not readily available.

A HALO for the HOSTESS

WHO SERVES THIS ROYAL TREAT!

FRESH FRUIT PARFAIT

1 pkg. Royal Raspberry Gelatin
1 cup boiling water
1 cup cold water
few grains of salt
sweetened to taste
1 cup sweetened whipped cream.

Dissolve Royal Raspberry Gelatin in boiling water. Add cold water and salt. Cool until mixture begins to thicken. Add cup of fresh fruit. Chill until firm. Alternate spoonfuls of gelatin and whipped cream in tall parfait glasses using cream for top spoonful. Serves 6.

Tender, ripe raspberries glowing with full, rich color . . . brimming with dewey-fresh flavor . . . that's what comes to mind with the very first spoonful of this mouth-watering dessert! For here's jelly that's deeper in flavor . . . more sparkling in color . . . than any you've ever tried! Try all delicious Royal Gelatin Desserts — strawberry, raspberry, cherry, orange and lemon.

Inspect Nest Ruffed Grouse

An open woodlot south of Highway No. 7 in the old Keene road was the area chosen by the Peterborough Nature Club for the first field trip of the 1949 season. Thirty-eight members of the Club gathered at the Collegiate Institute Saturday afternoon, where J. L. McKeever, president of the Club, outlined the route to be chosen site, and pointed out that a stop would be made en route to inspect the nest of a ruffed grouse which had been located earlier in the week.

This earlier stop proved to be one of the highlights of the afternoon. A female grouse sat on her nest while the group of nearly forty approached, to within 15 feet of her. A perfect example of the effectiveness of Nature's camouflage, the hen partridge, spread wings, was all but invisible even from this short distance. To the untrained eye, binoculars were of little assistance in distinguishing the bird from its background of dried leaves and bark.

A short drive took the party to the woods where the Club members split into two groups, those interested in plants under the leadership of Mr. V. R. Henry and Miss M. Eastwood, while the other group followed Mr. J. L. McKeever and Mr. J. D. Hooper in search of birds. Although neither group made any outstanding discoveries during the afternoon, the wood provided a variety of interesting specimens for both botanists and ornithologists.

In the evening the party drove on a few miles for a picnic supper on the banks of the Indian River. The field day concluded with a general discussion of the afternoon's highlights conducted by the leaders of each group.

Bakeries Close 2 Days Protest Bread Ceiling

ST. JOHN'S, Nfld., May 17. — (CP).—Five city bakeries, closed since Saturday to protest ceiling prices on bread, re-opened today after the Government promised an investigation of the price set-up.

Supply Minister Addison Bown announced last week that bread prices in the heavily-populated Avalon Peninsula must be slashed from 18 to 16 cents a loaf. The Newfoundland Master Bakers' Association claimed it would lose money under the new arrangement and ceased operations in protest. Some 200 persons were made idle.

Roosevelt Tries Election Hurdle

NEW YORK, May 17.—(AP).—West side Manhattan voters, aroused by a noisy and bitter campaign, decide today in a congressional election whether Franklin D. Roosevelt, Jr., gets over the first hurdle in his ambition to follow his late father in a political career.

As FDR did years ago, the handsome young heir to a famous name was battling Tammany Hall which is running Municipal Court Justice Benjamin Shalleck against him.

Roosevelt's name was on today's voting machines as candidate of New York State's Liberal party and the Four Freedoms party, a newly-formed group.

It was largely a Roosevelt-Shalleck fight, but Republicans predicted the Democratic split will give the election to the Republican candidate, William H. McIntyre, an insurance executive.

The left-wing American Labor party also had a candidate in the race—Dr. Annette T. Rubinstein, head of a private school.

The election was to fill the seat of Sol Bloom, Democratic congressman from the district from 1924 until his death early this year.

How To Hold FALSE TEETH More Firmly In Place

Do your false teeth annoy and embarrass by slipping dropping or wabbling when you eat laugh or talk? Just sprinkle a little FASTEETH on your plates. This alkaline non-acid powder holds false teeth more firmly and more comfortably. No gummy gooey pasty taste or feeling. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug store.

YOU WILL ENJOY A SUMMER HOME

—Courtesy Parks Studio

If you live in Peterborough you should have a Summer Home; for you are the envy of thousands of tourists who drive many miles each year to enjoy this wonderland of lakes, forests and streams.

A Summer Home need not be expensive – to start with all you need is a small cabin.

For a full summer's enjoyment plan your Summer Home now - - - Armstrong's will be glad to help!

CHURCHILL

TUESDAY, MAY 17, 1949

Stormy U.N. Session

Although the spring session of the U.N. Assembly has been considered and labelled "stormy" by international political observers, there are a good many people in Canada who do not even know that the Assembly is in session. It is, at New York, and has been in session for weeks. In fact, the Assembly is about to put an end to current deliberations and to close in a day or so. The reason that even a "stormy" session of U.N. goes unremarked by millions is that U.N. has declined in importance as an international organization, and its fireworks are like the sputtering of a penny firecracker compared with the bangs of skyrockets like the Berlin Air Lift or the illuminating display of a North Atlantic Treaty, both effected outside the confines U.N.

* * *

Some useful work has been accomplished at this Spring Assembly, a carry-over from the Assembly of last autumn. Israel has been admitted to membership. Various international trade practices and attitudes toward various "freedoms" have been codified. The fate of the Italian colonies, and the method of treating Franco's Spain, the problem-child of the international world in trade and politics, have been discussed. In the dying days of the Assembly, U.N. once again made front page news with the departing Gromyko's statement that: "We have to work for peace. Americans and Russians can work together if they want to". As Mr. Gromyko said in answer to a question about whether the lifting of the Berlin Blockade would ease East-West tension, "the future will decide". It will decide, and Russia's attitude will have much to do with whether the Americans are blood-curdling in their cries against Russia; most Americans, and certainly official America, want to work together with Russia to keep peace, if Russia plays the game fairly.

* * *

So another session of U.N. ends. One good aspect of U.N. is that as long as it exists and Russia remains a member, it does provide a platform on which East and West can meet.

Shanghai Falling

As the third act falls pat in a melodrama whose development can be anticipated in Act 1, so the Chinese civil war develops now. As appeared inevitable three months ago, Shanghai is falling. A consequence of the recent Chinese Communist advance into Fukien province (opposite Formosa), the capture or "liberation" (the Communist term for it) of the frontier town of Chungan, and the cutting off of neighbouring ports and airfields, Shanghai is virtually segregated and surrounded. Gunfire is heard in its streets.

The long civil war in China could be compared with tragedy rather than melodrama, except that there seem to be two villians and no hero. Neither Nationalists nor Communists recommend themselves to the pity or admiration of most outsiders and the war itself is a great disaster for all China and particularly the peasant people who most suffer from it.

Canada's embassy, like those of most other countries, continues to remain in Nanking and the probability is that some sort of working relationship will be established with the Chinese Communist leaders who now have a larger part of China under their control than the Nationalists have. There are still about 550 Canadians in China, and a large proportion of them are missionaries.

Because of the prospect of the spread of the war, and the fact that many of them are now in areas occupied by the Communist forces, the Embassy has given them a formal warning about the advisability of their leaving the country.

The missionaries have decided to remain. This is understandable. Their duties continue whoever is in control of the country, and many of the Canadian missionaries have lived in China for a long time, have pleasant homes, friends and a restful routine of life, jobs to do, and do not like to be uprooted. There seems at present little likelihood that they will be molested. If the new government of their areas wants to get rid of them it will order them out, and then, whether they like it or not, they will have to go.

Straining At A Gnat

A curious case appeared recently in a Toronto court, in which a tenant was evicted from the house in which he lived because he neglected to stamp his rent-cheque. The court upheld the landlord because it is the law that a cheque which is not stamped is worthless; it is not enough to give three cents with the cheque, or to add three cents to the value of the cheque; the stamp must be affixed to the cheque by the person who signs its. This looks like straining at a gnat, but so long as it is the law of the land we must know about it and heed it, or we may find ourselves in the sad plight of the Toronto tenant whose landlord has evicted him on a technicality.

The stamping of cheques is one of the many nuisance taxes which we all endure without complaint and without any hope that it will ever be lifted. Governments love these taxes, for they are easy to collect and they bring in considerable sums of revenue. In Peterborough there are seven banks which handle roughly a thousands cheques each every day; on paydays the number would be much larger; it is not hard to see what the stamps on those cheques would produce in this area alone. For this money the government provides nothing; it simply rules that whenever money changes hands by cheque the Dominion must get a small squeeze. Like the entertainments tax (now in the hands of provinces) it provides a good deal of money for nothing.

Signs To Peterborough

All roads lead to Peterborough, at any rate all roads within a radius of twenty-five miles, and other avenues which may run around it can give access to the city. As shown by the *Examiner's* "Vacation Guide", now off the presses, Montreal is only 300 miles distant (via Highways 14 and 7), Detroit 332, and New York 616. Even Ottawa is within our orbit, being a mere 179 miles from this heart of the Kawarthas. Perhaps since we last wrote about this matter a sign has been put up in Confusion Square telling Ottawans how to get out of their city and headed Peterborough-ward.

Direction signs along the roads leading to Peterborough are good business, and so the Chamber of Commerce and the Businessmen's Association are putting up a couple at both city ends of Highway No. 7 as it zips through the south ward. These signs will inform motoring strangers how to get to the shopping centre.

May we remind all putters-up of signs that paint weathers, signs decay, and unless renewed periodically they become eyesores and bad for business? The dilapidated highway blemish on Highway Two advertising Peterborough's lures is a sign in point; it is very bad advertising—the kind that does not pay.

What Does "Cabal" Mean?

The Toronto *Globe and Mail* published an editorial yesterday in which it patted Mr. Donald Fleming on the back for declaring that if a Progressive Conservative government comes to power in Canada "the laws of the country will be passed in the open, not by a secret cabal behind closed doors". The Toronto morning paper goes on to say that the word "Cabal" was formed from the initials of Clifford, Arlington, Buckingham, Ashley and Lauderdale, who formed a committee of the Privy Council of Charles II in 1671; the *Globe* fails to mention it, but this committee was an antediluvian conservative cabinet, although the party as such had no entity in that day; its chief desire was to restore the *status quo ante*.

But this word "cabal" which the Globe likes so well is but a form of the much older word "cabbala" which was a traditional, mystical body of lore and magical formulae, supposedly handed down by Moses to the elect. And as such it could be said to bear a powerful resemblance to the beliefs of the party of which *The Globe and Mail* is such a fervent supporter.

NOTE AND COMMENT

The Scottish Savings Committee reports that Aberdeen is the thriftiest city in Scotland "with Dundee a close second". Yes, very close.

The Stratford City Council is considering a bylaw which makes it an offence to have an uncovered well or cistern on one's property. A good idea, for although such things are uncommon, they are very dangerous.

Mr. Attlee On The Ireland Bill

(U. K. INFORMATION OFFICE)

MOVING the second reading of the Ireland Bill in the United Kingdom House of Commons on May 11th, Mr. Attlee said "The Bill arises from the decision of the Eire Government to leave the British Commonwealth. It is a decision I think we all regret, but which Eire had a perfect right to make under the provisions of the Statute of Westminster. We have therefore to regularize the position. As the House is aware, this announcement was made by the Prime Minister of Eire during a visit to Canada. It came without any particular notice to us, but I thought this was a matter which concerned the other Commonwealth countries and I took the opportunity of the presence of the representatives of Canada, Australia and New Zealand to discuss the position (and with representatives of the Eire Government) when representatives of the Commonwealth were here for the Prime Ministers' conference. These are the three countries of the Commonwealth which have considerable populations of Irish descent and which after the United Kingdom have the closest ties of all the Commonwealth countries with Eire".

* * *

AFTER referring to the co-operative and friendly spirit of these discussions Mr. Attlee spoke of the practical difficulties in any attempt to treat Eire as a foreign country, adding "We came to the conclusion and it was reciprocally decided that the people of Eire and those of Britain should not be foreign to one another. Indeed I go further; this action was taken by other Commonwealth countries. I do not say the decision is logical. Very few things in the relationship of these islands have been logical, but I believe they are practicable and to our mutual benefit. Hitherto there has been this division in international law in which one is either 'belonging' or foreign. But international law is made for man and not man for international law. We are moving into a time when various other relationships are being created".

On the use of the nomenclature "Republic of Ireland" Mr. Attlee said that when a country adopts a particular name it is a matter for that country alone.

* * *

REFERRING to the position of Northern Ireland, the Premier said "In October 1948 I said the view of the Government in the United Kingdom was that no change should be made in the constitutional position without Northern Ireland's free agreement I have received reports from the Government of Eire and have noted the speeches made yesterday in the Dail. I am very surprised. My original statement was received without protest, and why the clause should evoke a good deal of opposition and heated protest I cannot understand.

"These protests are based on a misapprehension. It seems to be suggested that this is a new declaration by His Majesty's Government affirming partition. But the initiative did not come from this side. It is the action of the Eire Government itself in deciding to leave the Commonwealth which has made it inevitable that a declaration for that part of Ireland staying in the Commonwealth should be made. This Bill recognizes that the part of Ireland heretofore known as Eire ceases to be part of the Commonwealth, but it is a natural corrollary that Northern Ireland remains part of the Commonwealth and will not cease to be so without the consent of the Parliament of Northern Ireland".

* * *

MR. ATTLEE also said "I know that Mr. Costello said in the Dail that the question of partition was raised at the Chequers Conference — that is the Conference I referred to which we had with the Prime Ministers and representatives of the Commonwealth countries. It was only raised in this sense—that it was agreed this was not a matter for discussion at that Conference. It was of course intimated by the representative of Eire that they had this matter very much in mind, but it was not in fact discussed. It really is not raised in this Bill except insofar as this Bill recognizes the status quo".

Mr. Attlee added that he did not intend dealing at any length with the partition question, and declared he had had to conclude that the Eire Government considered cutting the last tie with the Commonwealth a more important objective than ending partition. "I am bound to say", he commented, "it is not the Government of the United Kingdom but the Government of the Republic of Eire which has, to use Mr. Costello's words, tigntened the ligature fastened round the body of Ireland".

Turning to Clause 2 of the Bill (which declares Eire shall not be a foreign country) Mr. Attlee admitted its novel conception and referred to the "new category" of a country owning no allegiance to and outside the British Commonwealth yet not held to be foreign. He then went on to Clause 3 and, referring to the British Nationality Act, said "All the provisions are reaffirmed in this Bill and there should be no doubt whatever they are still in force".

* * *

THE PREMIER stated that about 7,000 Eire citizens had submitted claims for British citizenship. He also commented on the Eire Premier's statement that a new Bill was to be introduced in the Dail providing statute rights to Commonwealth citizens comparable with the rights afforded Eire citizens in Commonwealth countries. "Comparable is not exactly the same word as identical", said Mr. Attlee.

In further explanation of the Ireland Bill Mr. Attlee said that after January 1st, any United Kingdom legislation intended to apply to the Republic of Ireland would have to say so specifically. Of the Clause proposing a three months qualifying period for an electoral vote in Northern Ireland he said this was a provision against persons really resident in Eire crossing the border to vote.

Referring to suggestions that under this Bill the Republic of Ireland, although outside the Commonwealth, was attaining all the advantages of membership, Mr. Attlee stated "This is not so. It is greatly to underestimate the advantages which belong to the Commonwealth with its close consultations and the support which belongs to members, and while we have the utmost goodwill to the Republic of Ireland, their position will remain different from those who belong to the Commonwealth.

After explaining that the Bill was retrospective to April 18th, which was the date of the corresponding legislation in Dublin, the Premier concluded "We have put in this Bill what we believe are reasonable and practical proposals for dealing with a difficult situation and for making quite clear what is the existing position—the position as between Northern Ireland and the Republic which must remain until it is altered by mutual consent".

AN IMPORTANT STEP

Letters To The Editor

BRITAIN'S TRADE SITUATION

Sir: Your recent editorial "Is Canada Being Frozen Out" refers to "annoyance and a sense of having been ill-used" on the part of Canadians at the present British policy of restricting imports from Canada and doing everything possible to expand exports to this country.

The annoyance would be eliminated if the situation existing on the other side was given greater publicity. The president of the British Board of Trade stated recently "Canada last year was by far our biggest single source of supply by a very long way. In 1938 this was not so." He then referred to the inconvertibility of sterling which prevents the trade surplus from being converted into dollars, and to the effect that "We cannot allow our resources of gold or dollars to fall below the present level. We can, therefore, only increase our purchases from Canada, if we can get more dollars from somewhere with which to defray them." For these reasons, "an increase in exports to Canada is the only solution." Referring to bilateral trade agreements in Eastern Europe he said "these totalled one hundred and sixty million dollars in 1948 or about half the Canadian figure and only a very small proportion of what went into Eastern Europe could have been bought by Canada even if we had cut off all trade with the east."

The Under Secretary of State for Commonwealth Relations stated in February that the Canadian import bill was three times its pre-war value. Regarding the bilateral trade purchases, he stated "the fact is that we would simply just have to do without these imports all together. We would not be able to buy any more from Canada. In a word, our trade with Eastern Europe is an addition, and not a subtraction from our trade with Canada and the rest of the Commonwealth. Without it our whole economy would have to operate at a lower level."

British indebtedness to Canada at present is represented by the one thousand two hundred and fifty million dollar loan less one hundred million remaining while the balance of trade increasing this indebtedness was about six hundred million dollars in 1948. Much of the latter was due to the abandonment of the Canadian market by British exporters in order to devote the resources of their country to the war effort, this enabled foreign exporters to become established in their place. In addition Canada's invisible export of interest on British investments has fallen away with the British sale of these investments in order to augment the war effort before Lend-Lease came into operation.

The net result is a severe shortage of dollars. At present two-thirds of the United Kingdom purchases from Canada are paid for by dollars made available by the U.S. under E.R.P. But E.R.P. will diminish yearly and cease after 1952, while by 1951 the U.K. will become due to pay interest and capital repayments on the 1946 credits.

Bilateral trade agreements, following the inconvertibility of the dollar, by which Britain acquires raw materials and food from European countries in exchange for steel, etc., have been criticized in Canada, but without some steel the deals could not have been put through.

The need for immediate action is obvious, and Great Britain has either to be execrated for not paying her debts or abused by the Peterborough Examiner and others for not showing "more inclination to play the game in matters of trade".

Yours truly,
C. W. HOLMAN.

NINE O'CLOCK CURFEW

Sir: In regards to this heading I think it is time our city fathers took action and put it into force. From what I have seen children are allowed to run the streets at any hour of the night. A good many parents today do not seem to care where their children are or what they are doing. In wartime areas children are running around till ten and eleven o'clock at night. This I believe is not fair to these children or to the other children who are home and in bed and trying to sleep. Children playing on the streets at nights and young people hanging around corners does not help to curb child delinquency.

This idea of a curfew may sound old fashioned but I think it will be a great help both to the children and their parents.

Thanking you very much, I remain,
A CITIZEN.

THE DOG NUISANCE

Sir: Hail to the City Council for enforcing the Dog Bylaw as early as they have done this year!

Would the so-called dog-lovers allow their children to use other people's property as a public toilet? A dog never seems to do this daily disgusting act on his owner's lawn.

Then, too, do these selfish owners of the jolly doggies ever stop to think of the investment involved in a well-cared for garden? Perhaps if they were called upon to replace one evergreen to the tune of $5.00 they might be more considerate of the just rights of other citizens.

Again, I say, "Hail to the City Council".
Yours sincerely,
A GARDEN LOVER.

How Time Flies

Ron Akers strikes out 17 as George St. seniors of the Church Softball League defeat St. James.

Bible Message

(From the Authorized Version)

Then Paul stood in the midst of Mars' hill, and said, Ye men of Athens, I perceive that in all things ye are too superstitious. For as I passed by, and beheld your devotions, I found an altar with this inscription, TO THE UNKNOWN GOD. Whom therefore ye ignorantly worship, him declare I unto you.

God that made the world and all things therein, seeing that he is Lord of heaven and earth, dwelleth not in temples made with hands; neither is worshipped with men's hands, as though he needed any thing, seeing he giveth to all life, and breath, and all things; and hath made of one blood all nations of men for to dwell on all the face of the earth, and hath determined the times before appointed, and the bounds of their habitation; that they should seek the Lord, if happily they might feel after him, and find him, though he be not far from every one of us:

For in him we live, and move, and have our being; as certain also of your own poets have said, For we are also his offspring. (Acts 17: 22-28.)

Primary Duty

Whenever governments accentuate the "duties" of the press, the independence of the press is cast in grave jeopardy. For the duties of the press, and they are many, are not to governments but to the people.

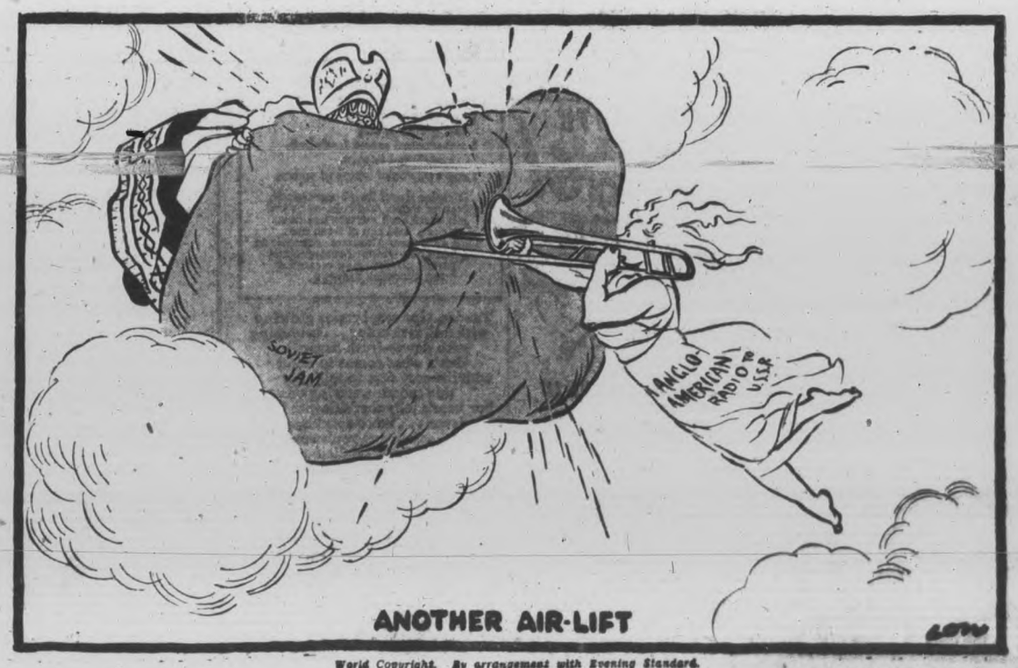
A BRITISH OPINION



World Copyright. By arrangement with Evening Standard.

Norwood Cadets Lauded At Inspection

NORWOOD, May 17 (ENS) — A fine, sunny afternoon broke the weather jinx of the Norwood High School Cadet Inspection, the first fine day for the event in three years. Lieutenant C. G. Forrester, DCM, Cadet Training Officer, Eastern Ontario Area, Kingston, was the inspecting officer. He said he was greatly impressed with the display by Cadet Corps No. 40 under the command of Captain David Hayes.

Physical exercises by boys and girls were well done, the girls looking very smart in their green gym suits. For the parade they wore long sleeve white blouses and dark skirts.

Officers were: Captain David Hayes, Lieutenant John Weir; sergeant-major Boyd Kelly, platoon commander No. 1, Art LaBrash, No. 2 Lavern Thomas, No. 3 Elma Scriver, No. 4 Lois Stackhouge, No. 5 Marion Cuthbertson, sergeants, Jack Rork, Toronto, Frances Hogg, Laura Horne, Laurabel Barrie; drummer, Jack Southward.

Give Demonstrations

Also presented were demonstrations of PT; knots and splices, tumbling, a sham battle, and administering of first aid, in connection with the battle, Randal Logan being the casualty.

Lt. Forrester was most impressed with the battle drill, and said he hoped to arrange for the boys to have blank firing Bren guns next year.

Boy cadet trophy was awarded to Arthur LaBrash; senior girls, Elma Scriver, and Junior girls, Marilyn Radcliffe. These awards were made possible by the staff of the Norwood High School.

DANGEROUS JOB

At present there are 800 persons in Canada engaged in the manufacture of commercial explosives.

NORWOOD HIGH SCHOOL CADET Inspection was held on Monday afternoon and crack displays by both boys and girls attracted many townspeople. The Top photo shows the corps passing the reviewing stand as Lieut. C. G. Forrester, DCM, Cadet Training Officer, Eastern Ontario Area, Kingston, takes the salute. In the Lower photo, Lt. Forrester presents trophies to best junior girl, Marilyn Radcliffe; Elma Scriver, Centre, best senior girl, and Arthur Labrash, best cadet.—(Examiner Staff Photos).

Five-Day Week Approved By City Council

The five-day week for the civic employees of the several works departments and city hall staff and was adopted by the council Monday night in the finance committee report presented by Ald. Hugh Waddell.

These groups are: board of works, sanitation and parks branches and the city hall employees. They are given Saturday mornings off duty for the four months, June to September. On the other five days of the week the works men begin at 7 a.m. instead of 8, and the city hall staff at 8.30 instead of 9 o'clock.

2nd Front B Copy .. 5 DAY —

Ald. Doug. Miller raised a question as to the advantage of the city hall staff being on Saturday morning duty as a convenience for industrial employees who now had that morning off work, and could not call at the city hall during the other days of the week.

"I don't know whether it is wise or not," Ald. Miller said. "Some people will be bound to criticize us if we shut off those services in the only free time the factory people have. I think it is very convenient to a large number of industrial employees."

Discussed Twice

Ald. Waddell quietly mentioned that this matter had been considered at two committee meetings. "We also asked the staff heads to discuss it among themselves. They recommended that it should be adopted.

It does not mean that we have to stick to it if it is not approved by the public."

Ald. Grant Miller said he was favorable to the five-day week in July and August, "but I can't see it for June and September. The four months period won't get my support."

Ald. Dodds recalled that when factories worked all day Saturdays, the city's employees follower the same schedule. Then, when the Saturday hours were cut to noon, the same concession was made to the city employees, including the city hall staff.

"Why can't our city employees have Saturday mornings off now the same as the employees in the factories have?" Ald. Dodds suggested.

The finance committee's report carried.

Marmora News

Rural Dean Rev. J. M. Brownlee and Mrs. Brownlie, Mr. and Mrs. C. R. Whittemore, Mr. and Mrs. C. H. Buskard and Mr. and Mrs. R. E. Bonter attended the enthronement of Archbishop Lyone in St. George's Cathedral, Kingston, on Thursday.

Here and There In Sport

By The Canadian Press

Lorne Howes, 17-year-old netminder who starred for Porcupine Combines during the all-Ontario junior hockey final against Barrie Flyers, will play for Toronto St. Michael's College in the Junior OHA next season, it was announced Monday night at Toronto.

Sought by several Junior A and senior clubs—including Barrie—Howes is reported to have also turned down an offer of $150 a week from a western Canada senior team. He has already enrolled at the college here.

Rev. T. Flanagan, athletic director at the college, said he did not approach Howes to play for the college. He said that when St. Michael's played a post-season exhibition tour in northern Ontario Howes' father asked if Lorne might be admitted to the college in order he be assured of "good discipline, good teaching and good coaching."

W. C. (Billy) Foulds, chairman of the Canadian Rugby Union's rules committee, said Monday at Toronto it is an "open question" whether football's forward-pass rule will be liberalized before next season by lifting of the requirement that a forward must cross the line of scrimmage.

The rules committee's annual meeting here Saturday decided to refer the proposal to a sub-committee for consideration. Foulds disagreed with the version of one delegate attending the closed meeting, who reported most committeemen favored the amendment and it was merely a matter of how to fit it into the rule book.

Davis Cup tennis teams of Czechoslovakia and Hungary Monday moved into the quarter-finals of the European zone eliminations, leaving only one bracket unfilled. Chile and Egypt are still scrapping for the unoccupied round of eighth spot, with Chile leading 2-1 on the strength of a straight-set doubles victory Monday. The favored Czechs Monday at London eliminated Great Britain by adding a doubles triumph to the two singles victories recorded Sunday. The Czech doubles team of Jaroslav Drobny and Vladimir Cernik merely toyed with Britain's Tony Mottram and Geoffrey Paish, 6-3, 6-3, 6-1.

At Chicago, Brooklyn Dodgers Monday announced that Clarence Podbielan, rookie right-handed pitcher, has been optioned to Montreal Royals of the International League. Podbielan, who came up to the parent club in the National League this year from the Royals, was knocked out of the box in his first start.

The champion Boston Braves, deadlocked in the first place with New York Giants, entrained for their first long western swing Monday without Earl Torgeson, their bespectacled first-base star. It is likely that Torgey will be forced to sit out the remainder of the National League season. He [illegible] a game here Saturday night.

The world lightweight championship fight between title-holder Ike Williams and Enrique Bolanos has been postponed indefinitely because of Williams' shoulder injury, Clayton Frye, chief inspector for the California State Athletic Commission, said Monday at Los Angeles. The fight was scheduled for May 26. He described the ailment as bursitis of the right shoulder joint.

Boxer Knocked Out

BERKELEY, Calif., May 17 — (AP)—The captain of California's boxing team was knocked out yesterday by an all-America football guard—with a 12-pound shot. Rod Franz, the all-America guard of last year's Bear gridiron squad, was heaving the shot between classes at Edward's Field. It struck Rod Lamke in the head. The boxer, unconscious, was taken to Cowell Hospital. Doctors said he was suffering from concussion and scalp cuts.

Canadian Shots Lose In Texas

LAREDO, Tex., May 17 (AP)—A hot Texas sun and gusty winds, plus some mighty fine shootin' by American and Mexican hombres, proved too much for the Canadian marksmen in an international pistol shoot yesterday at this border town.

The unique contest was held in connection with the Texas premiere of the film "Streets of Laredo."

The United States team from Lowry air force base at Denver, Colo., took top honors with a team total of 1,076 points. The second-place Mexican team scored 1,058 and the Canadian army team 1,021.

Capt. J. G. Kirk of Listowel, and Maj. T. W. (Bert) Platt of Wingham, each chalked up 268 points out of a possible 300 to pace the Canadian marksmen. Next in line were Maj. W. J. Strachan with 249 and Capt. R. W. Hampton with 236. Both Strachan and Hampton are from Ottawa.

Capt. Charles Miller and First Sgt. Eugene Burly Battles of the United States team tied for individual honors with identical scores of 273. Sgt. Cecil Gilmore and Staff-Sgt. Eugene Bethea were the other American marksmen.

Maj. Jose Gonzales led the Mexicans with 269 points. Other members of the Mexican team were Gen. Jolio Pardinas Blances, Maj. Maxmilian Del Valle Huerta and Capt. Alfonso Camerera Nava.

Royals Capture Memorial Cup Defeating Brandon 6-4 In Eighth Game Of Series

By AL VICKERY

WINNIPEG, May 17—(CP)—They may not go down in the record books as the best Junior team in history but Montreal Royals, newly-crowned Memorial Cup champions, can lay claim to having won the hardest-fought series. They defeated Brandon 6-4 Monday night It took Royals eight games to dispose of Brandon Wheat Kings, western champions, in the longest series in Memorial Cup history and send the cup east of Ontario for the first time.

Another record was set in that between 70 and 80 degrees May 16 is the latest date to which a Junior final has extended. The thermometer registered through the drawn-out affair, which switched between the Winnipeg and Brandon rinks.

In gaining Montreal's first Canadian junior title in 32 years, Royals had to come from behind before downing Wheat Kings 6-4 in the eighth and final contest. The teams had split even with three victories apiece and one game tied in the originally-scheduled best-of-seven final, necessitating an eighth game.

Close Contest

Monday night, the Royals, working in front of the steady goaltending of Bobby Bleau, built up a 2-1 first-period lead, but were behind 3-2 at the end of the second period. After giving away another goal near the start of the third session the speedy easterners came back with four straight counters.

Playing his best game of the series, Bert Herschfeld, flashy wingman, topped the Montreal scorers with three goals and one assist. His linemate and team captain, Bob Frampton, was right behind him with two markers and one assist. Gordie Knutson bagged the other goal and assisted once.

Brandon's four goals were split evenly among Joe Crozier, Bob Chrystal, Jack McKenzie and Reggie Abbott.

Penalties Help

After Brandon had taken a 4-2 lead at 2:20 in the third period, Royals' cause was helped by two successive penalties to Wheat King defenceman Bill Allison. Taking advantage of the extra man, the fast-breaking easterners scored two goals to even the count.

Loss of their lead seemed to break Brandon's spirit, and they were no match for Montreal from there on in, getting caught on breakaways for Royals' winning and final goals.

Frampton's second goal was the winning counter and came at 11:13 of the third period, when he outraced the Brandon players, caught deep in Montreal territory, to the Wheat King goal, where he outguessed Ray Frederick, Brandon netminder. Herschfeld's third goal and the clincher came about two minutes later and it was only a matter of time until Wheat Kings were counted out.

Teachers Victors

Men teachers of the public schools outhit Normal School students to win 31-8 last night in an exhibition game at Queen Alex. It was a free-hitting affair with the students a little loose defensively, though Patterson supplied the fielding feature of the night with a running one-hand catch. Spectators made a lot of noise at this tussle. Teachers scored nine runs in the second inning, one each in the fifth and seventh, 10 in a big third chukker, eight in the fourth and two in the sixth. The losers got two in the fourth and three each in the sixth and seventh.

Teachers: J. Barnard, J. Weir, H. Currie, E. Dreury, A. Olmstead, H. Wilson, J. Burns, W. Patterson, D. Lawless.

Students: E. Evans, M. Patterson, T. Loveday, D. McNight, B. Batten, H. Hutchinson, N. Drew, J. Armstrong.

Umpires: R. Moore and R. J. Bolton.

LAWN BOWLING

By HERB MARTIN

With the passing of Edmund Coleman in Lindsay on Sunday, the Peterborough Lawn Bowling Club lost one of its oldest and most faithful members. Although in declining health for some time he never missed an opportunity to come out to the greens, sit on the benches, and watch the games. He was of a quiet and reserved nature and was greatly respected by all. He bowled on many rinks, but was probably at his best when he played vice for James Harrison for several seasons. We doubt if there was any bowler who could "draw to the kitty" as persistently as the late Mr. Coleman.

He will be greatly missed by all. The sympathy of the club is extended to the members of his family.

Yesterday's Stars

By The Associated Press

Batting—Eddie Robinson, Senators—Collected two singles, scored a run and drove in another in Washington's 3-2 victory over Boston Red Sox.

Pitching — Mickey Haefner, Senators—Followed up his one-hit shut-out over Cleveland with an eight-hitter over Boston.

MISS CANADA IV, the Canadian entry in this summer's Harmsworth Trophy race for speedboats on the Detroit River, has been completed at Greavette Boats, Ltd., plant in Gravenhurst and the engine, a Rolls-Royce Griffon of 2,500 horsepower, is being installed. Picture taken of 31-foot hull under construction shows it upside down. There are two "steps" on bottom, reducing water resistance as boat rides high. Hull is largely laminated with modern synthetic glues. Design embodies same principles as Miss Canada III, which holds the world's record for its class of 119 mph.

Galloping Ghosts Seek Playing Spot

COBOURG, May 17—(ENS)—Unable to come to terms with the Kiwanis Club along lines mutually agreeable, the Coboug Galloping Ghosts, 1948 Dominion intermediate rugby champs, are now faced with the problem of having a team and no place to play. The Kiwanis Club has asked for a 15 per cent cut on the gate receipts, because of the cost of keeping up the park. The rugby club points out that already the Kiwanis Club gets the receipts from parking and from the canteen.

A spokesman for the Galloping Ghosts said that unless it can be arranged to secure the golf club grounds for a game or else play all home games in Port Hope, there will be no place to play and the team will have to fold up.

Fred Dufton, manager of the Ghosts, said that if it had not been for the financal help from interested citizens, the rugby club would not have been able to carry on and that even with what help is available, expenditures have always been so heavy that it has been impossible to finish the regular season without a loss. In spite of this, the rugby club has pledged the sum of $250 toward the recreational director's program.

A & P Takes Win

A. & P. yanked out a 19-16 decision over COF last evening in their Foresters Softball League fixture at King Edward. The losers took an early lead but lost it in the fifth on a drive by A & P. the grocers lengthening their lead the next two heats. Foresters rallied again in the seventh only to see their opponents clinch things in the ninth.

Plumpton in field for the victors made a swell running catch on a labelled homer. Levasseur looked good on second for them. Errors on both sides helped run up the count. S. Tyndall, R. Hobson and Collins went good for the COF crew. O'Toole pitched and Thorburn caught for A & P, as Parnell and Phillips saw slab action, with Tadei receiving for the other team

SPORTS SHOW WINDOW

CEC. PERDUE, Sports Editor

Roy Johnston is president of the Kawartha Tennis League for this year. Ches Richmond of Lindsay is vice-prexy, with Ralph Charlton chosen secretary-treasurer. Both Johnston and Charlton belong to the Quaker Tennis Club. Entries close this week, and teams are expected from Port Hope—out since 1940—Cobourg, Lindsay, Campbellford, Kawartha Club, and two from Quaker, the Q.O. racquet-wielders winning out last year. Play will open the first week in June and go in a single schedule with the top two teams playing off for the title around the end of August and first part of September. All courts are in good shape around town now.

* * * * * *

Lot of week-end sports coming up locally of considerable interest to fans. Friday night at 8.45 in Miller Bowl, the OLA senior "A" schedule opens with Weston playing the Petes. Next aft at three in Riverside, COBL season starts off with Batawa tackling the Petes' ballsters. A twin bill in men's softball that evening in the Ashburnham Bowl, beginning at seven. And on the holiday, the Jaycees' Jamboree features an open softball tourney for men's teams as well as some horse races. Kawartha Golf Club official opening is Saturday, while lawn bowlers, tennis addicts, ballsters and others will be out in full force from now on.

* * * * * *

Over Around The Bowl

A new pressbox and P.A. system has been set up at the Ashburnham Bowl for girls' and men's games. City Softball League goes tonight in a double-header, Uniteds vs. Outlaws, and Cosmos vs. K. of C., beginning at seven sharp. Thursday eve it's Cosmos vs. Jewellers, and Outlaws vs. Knights. Girls' loop doesn't open till May 25, when Westclox plays Marines, followed by Lindsay against the Electrics. Haven't got their complete schedule yet. Other teams in are Lock Co., Woollens and Ashby's. Shorty Barrett again is looking after the Bowl grounds. Lindsay has home games this season on the Scugog diamond.

* * * * * *

Armar Butcher and his men have been doing a lot lately in Riverside and ball fans will hardly recognize the layout now. Home plate is over in the north-east corner, the scoreboard is in centre where deep right field used to be, a high fence runs along the river and the odd long drive to right will plop into the drink for a homer. Sunken dugouts are out of the question owing to water down a few feet but the old dugouts and pressbox will be fixed up and arranged so as not to interfere with fans in bleachers in horseshoe fashion around the infield. Clay and ground rock are used to build up a mound and for base-paths, and the infield will be levelled. It's going to be okay by this week-end, and maybe a new grandstand next year.

* * * * * *

Awaiting On Grounds

Schedules in the City Baseball League will be released as soon as the grounds for minor ball are allotted, and that may be toward the end of the week. The circuit won't likely start play till the week of June 6, running double schedules from peewee up to junior. If all works well, the junior entry will go in the Lakeshore Loop but, if there's a hitch, then perhaps two local junior squads may be rounded up and play an interlocking schedule with the juveniles. Meantime, there are still some uniforms out and boys having them are asked to contact Pat Calladine, Cy Whatley or Percy Killingbeck immediately.

* * * * * *

Glad to see Doug Miller has reconsidered his resignation of last fall and he will again manage the Petes' lacrossers. Mick Magee willingly stepped aside last eve to get Doug back on the job. With Fergus Thistles dropping out, the senior "A" setup is: Hamilton, St. Catharines, Owen Sound, Weston, Mimico, Brampton and the Petes, schedule opening this Friday. The list should be released any day. OLA last night refused to grant Jack Dorner of Weston permission to play with Brampton, since Hamilton had a previous claim on him. Don Ashbee of Weston has gone to Owen Sound. St. Kitts' scribe says the financial setup in Hamilton has tightened up, owing to illness of the sponsor, Hon. [illegible] ling over coaching from Joe Cheevers, and for the holdout of several of the Tigers' stars. Petes hope to have Jack Westonfeldt and Terry Gordon of Orillia commute here this season.

* * * * * *

Off The Grapevine

Montreal Royals finally took the Memorial Cup... Blockbuster Talun and Wee Willie Davis headline the pro mat bout here tomorrow....Lindsay and O'Halloran's have a soccer tilt here tomorrow with T. Foster the referee; J. Buchan handles the Petes-CGE game on Thursday....Al Watkins and Gordon Reynolds need more infielders for Marines; an open drill at 6.30 p.m. Wednesday in the Bowl... Post Office plays A & P tomorrow... Teachers beat Normal students handily last e'en... Local men's teams wanting in the May 24 tourney should phone R. McDonald at 2-0063 this week....Civic Loop opens tomorrow with Bus Drivers playing Bell, and Police meeting Kingan's....Arnie Jarrell wants an apartment and other considerations to play for Oshawa in the COBL, so it looks like no deal.... Doug Loucks will pitch for Lindsay this season ...JB: Batsman always gets a hit when a baserunner (on or off a base, regardless of how many are out) is struck by a fair hit ball; see Sec. 12 of Rule 49 of the OBA rule book....Jack Mockrick of the House of Davids is with St. Thomas now....Don Gallinger gets $3 000 as playing coach of Waterloo; Fischer gets $500 monthly to twirl for Kitchener ....Legion hockey dinner is at seven Thursday eve in the hall.... Finis.

Six Teams Enter Trent Valley Loop

CAMPBELLFORD, May 17 — The Trent Valley Softball League was formed with Frankford, Colborne, Hastings, Wooler, Stirling and Campbellford entering teams at a meeting in the Legion Hall on Sunday. Karl Austin of Wooler presided.

Each team has the privilege of affiliating separately with the OASA and the league will be governed by OASA rules and regulations. The first local game will be on Thursday, May 26, with Colborne. .

Remember When—

By The Canadian Press

Max Schmeling, German heavy-weight boxer and former world champion was found safe and fit by United States troops, four years ago today. Previous reports of Schmeling's death had come from Crete and from Norway. Since then beetle-browed Maxie, much slower and less explosive than in his prime, has fought several bouts in Europe.

McFater Takes 5 Rounds

TORONTO, May 17 (CP)—Alan McFater, tough little Toronto lightweight, hammered out a five round decision Monday night over Ottawa's Ronnie Lacelle in the main event of an amateur boxing show at Maple Leaf Gardens. It was McFater's third win over the scrappy Lacelle, who represented Canada at last year's Olympic games.

Senators Edge Boston 3-2 After Dispute Over Play

By JOE REICHLER,
Associated Press Sports Writer.

The month-old baseball season has been packed with odd turns and unexpected happenings, but one piece of script remains unchanged from last year. The managers are having a trying time of it.

Last season was known as the "year of the axe" because no fewer than six big league pilots were sent to the chopping block. This season is rapidly becoming known as the "year of the blow-up" for the harried skippers, many of whom have been on the receiving end of criticism, abuse and downright malignity.

Others, free of such form of censure, have come to blowing their top because of fights with opposing players, lack of the same by their own, and disagreements with umpires.

Burt Shotton of Brooklyn and Joe McCarthy of Boston Red Sox, two of the milder masterminds, are the latest to blow off steam.

After watching his charges drop three straight to the Braves in Boston, Shotton exploded Sunday. He ripped into his players with a tongue-lashing the likes of which they had not heard since the departure of Leo Durocher.

Blame Umpire

McCarthy's explosion came Monday, but his tirade was directed at the umpire. It came about after the final out was made in the Washington-Boston game won by the Senators 3-2.

Plate umpire Joe Paparella had just ruled that the final out was made before the potential tying run had crossed the plate. This brought McCarthy and the entire Boston team out on the diamond, protesting bitterly that Tom O'Brien had crossed the plate before Lou Stringer was tagged after rounding second on pinch hitter Sam Mele's single. After considerable wrangling, Paparella walked off the field with McCarthy and his Red Sox swarmed around him. Of course, the decision stood.

The triumph enabled Washington to deadlock Philadelphia Athletics for fourth place in the American League. They trail the front-running Yankees by three games. The seventh-place Sox now are five games off the pace.

Mickey Haefner pitched an eight-hitter for his third triumph. Eddie Robinson, with two hits, a run scored, and another batted in, led the Nat's nine-hit attack against Jack Kramer.

RESERVE JUDGMENT

At Toronto the Ontario Municipal Board Monday reserved judgment on an appeal against the city's 1949 assessment of $1,568,633 for Woodbine Park land and racing buildings on the grounds it was served three weeks late. The previous assessment of $577,808 had stood from 1932 until last fall.

IN OPENING BOUT—Billy Stack, pictured above, will be trying for a higher place on future cards when he opposes Frank Valois in the opening bout at the Brock Arena Wednesday night. A sparkling semi-final match has also been lined up with Pat Flanagan taking on Sandy O'Donnell. Pat who loses very few tussles will attempt to improve on his loss to Davis last week by defeating O'Donnell.

The main event brings together two towering mat gladiators Wee Willie Davis (how did he get that nickname) and Wadyslaw "Iron" Talun. The Polish Skyscraper and Davis are two of the biggest (outside the fat men) athletes to ever stomp into the ring here in opposition. It should be a might struggle.

Jersey City Nips Toronto In 7-6 Victory

By The Associated Press

Wesley Westrum, hard-hitting catcher of Jersey City's Giants, is using his big bat to pave the way back to the big leagues.

Westrum, who proved somewhat of a flop with the parent New York Giants last year following a big buildup, has been the leading light in Jersey's climb to the top of the International League pennant race.

The 26-year-old receiver walloped a grand-slam homer Monday night to lead the Giants to a 7-6 victory over Toronto. The triumph enabled the Jersey City to retain their grip on first place. They now lead Rochester Red Wings by a full game, with Toronto and Montreal in third place, a game-and-a-half behind.

The grand-slammer was Westrum's second in two days and his third of the year. It also was his ninth home run of the campaign.

The Giants won in the 11th when Monte Irvin's fourth hit of the night drove in Rudy Rufer with the tie-breaking run.

Ed Sanicki banged a pair of homers for the losers, his 11th of the season coming in the last half of the ninth to force the game into overtime.

A ninth-inning three-base blow by pinch hitter Kermit Wahl drove in the tying and winning runs as Montreal defeated Syracuse Chiefs 7-6. Trailing 5-1, the Chiefs had shelled Frank Laga from the mound with a five-run rally in the top of the ninth to take a temporary 6-5 lead.

The victory moved the Royals into third place, 12 percentage points over the Maple Leafs.

Indians Grab 4-3 Win Over Pittsburgh Team

PITTSBURGH, Pa., May 17 (AP)—Lou Boudreau, shortstop-manager of the world champion Cleveland Indians, is more than a little perturbed about his team—but he thinks they'll repeat.

"Once the warm weather sets in, we'll be okay," Boudreau said Monday night before an exhibition game with Pittsburgh. Trying to shake off a hitting slump he started his regular lineup and the Indians eked out a 4-3 victory.

Sunday Chicago White Sox shut out the Indians twice. Frank Lane, general manager of the Chicago nine, Monday sent Comiskey Park's home plate to the Indians' front office—saying he wanted President Bill Veeck to see what it looked like.

Boudreau smiled—a little weakly—when told of the gag but he declared:

"We're not hitting, but we will."

OPTION TWO PLAYERS

New York Giants, slicing their roster as they start on their first western trip, Monday optioned infielder Jack Lohrke and pitcher Andy Tomasic to Jersey City of the International League. Both are subject to 24-hour recall.

They'll Do It Every Time

Find Penalties Too Light For Cruelty

By STUART UNDERHILL

LONDON, May 17 (CP). — Public opinion in Britain has been roused by a number of cases in which children have been cruelly treated or neglected by their parents.

The immediate reaction has been agitation to stiffen the penalties now provided by law.

Home Secretary James Chuter Ede told the House of Commons, however, that the existing law is adequate. It provides a maximum penalty of six months imprisonment and £25 ($100) fine or two years and £100 fine if a magistrate sends the case to a higher court.

National Disgrace

Earl Winterton, Conservative member for Horsham, said cases of "Belsen-like" cruelty to children should be punished more severely.

Newspaper reports recently have told of children who have been cruelly beaten or otherwise hurt or left untended in filthy conditions for long periods.

One case which roused the indignation of The London Evening Standard was that of a seven-year-old girl who had been deprived of food and clothing and was burned on various parts of her body. Her mother by adoption was fined £25 with costs and given three months in which to pay.

"This sentence was woefully and grossly inadequate," said The Standard.

BLUE BABY FROM WEST—Blue Baby John Lloyd Anderson, 10 months, rests in the arms of his mother, Mrs. Ernest Anderson of Calgary, Alta., at Malton airport as they arrived in Toronto to obtain treatment which will relieve the baby's heart trouble. His condition was discovered when he was five weeks old but the cost of taking him to Toronto for treatment in Sick Children's Hospital was beyond his family's means. A city-wide drive for funds was launched in Calgary and sufficient money raised to fly the infant and his mother east for an operation if it will help the child.

Maps Now Used In Schools Said Inadequate

It is high time that the "much out-dated, inaccurate, sailboat maps" which continue to be used in Canadian schools were discarded in favor of maps more in keeping with the air age in which mankind is now living, declared Burritt Smitheram, of the staff of the Peterborough Normal School, in speaking to his fellow Rotarians on Monday on the subject "Geography in the Air Age." Teachers of geography are being greatly handicapped in keeping their pupils abreast of geographical changes the air age has brought by being forced to continue using maps which date back to the Elizabethan era, said Mr. Smitheram.

"We must realize that types of schools and methods of teaching which were good enough for you and I when we went to school are no longer good enough for the citizens of 1980 whom we now have in our schoolrooms. We must discard the fallacious, foolish notions about what the world is like, which maps at present in use perpetuate."

The teaching of geography is no longer just a matter of providing children with "endless lists of names and places"; it has become a "study of man in relation to his environment," with emphasis on such things as "the dignity of human labor and on methods of better utilization of the resources of the earth."

"Nature did not make geography; it is man-made and just as subject to changes as any other man-made institution," said the speaker. Our sailors and airmen have caught up with the changing world of geography and now use maps which accurately portray the changes brought about by the many new developments of the last 50 years in air and sea transportation, but education lags far behind. As an example of what he was discussing, Mr. Smitheram said that it would be quite impossible to convey to pupils of our secondary schools the real significance of the Atlantis Defence Pact by attempting to make use of present outmoded maps.

"It is a matter of great importance, both in peace and war, that we gear our thinking to the need of keeping in step with the ideas of a changing world. Our safety and prosperity depend on it. Development of the airplane has brought all countries of the world so closely together that the grossly misleading maps still in use simply will not do any longer.

Mr. Smitheram was introduced by Bob Maybee and thanked by K. S. Wightman, superintendent of schools, who said that the speaker's remark were "very pertinent" at the present time.

Knocked Over By Pig

BRANTFORD, May 17—(CP)—Bowled over by a pig he was killing at the Proctor packing plant late Monday, Hilton Reeder, 35, suffered severe scald burns when he fell into a vat of boiling solution of water and caustic. Reeder, who lives at nearby Mount Pleasant, was reported in fair condition in hospital Monday night.

Transport Crashes

ROSWELL, N.M., May 17—(AP)—Six persons were killed Monday when a United States air force C-47 transport crashed and burned 12 miles northeast of Walker air force base. Officers said an engine fire caused the crash.

Two Old Political Parties Wage Strenuous Fight In Newfoundland

Newfoundland's first election as a province of the Dominion of Canada, which is also its first visit to the polling booth in 17 years, is now being conducted at fever pitch, with both Liberals and Progressive - Conservatives vieing strenuously with each other to gain victory, declared H. C. Herder, secretary-treasurer of The St. John's Evening Telegram, during a visit to Peterborough, on Monday. Everything points to a hard-fought battle on polling day, and the same thing holds true for the Federal election to be held a month later, he said. Date of the provincial election is May 27, while the Federal election is June 27.

Mr. Herder is no stranger to Peterborough, as he attended The Grove School at Lakefield for three years ending in 1936. He was in the city en route back to his home, after having accepted membership in the Canadian Daily Newspapers Association at Toronto last week on behalf of his paper.

Mr. Herder was enthusiastic in his praise of the warm hospitality he and his wife had received on their trip. They left St. John's on April 23 and are travelling by car, the Newfoundland license plates on which have proved an "open sesame" to many acts of kindness all along their route. Nothing else than this has convinced him more of the sincerity of the welcome which Canada has extended to Newfoundland upon her entry into the Dominion, he told The Examiner in an interview.

Mr. Herder drove from St. John's to Ottawa at the start of the Second Great War to enlist in the Royal Canadian Air Force in which he served throughout the war as an instructor at many points in Canada. He and Mrs. Herder left Peterborough today to return home by way of Ottawa and Montreal.

Shocking Standards

TORONTO, May 17 — (CP) — A Canadian union official Monday described Newfoundland's standard of living as "shocking," with wages "terribly low" and prices "exorbitantly high." A. F. McArthur, international representative of the Teamsters Union (AFL), said in an interview on his return from Newfoundland that wage rates of 50 to 60 cents an hour in Canada's newest province are 30 to 40 cents below Ontario pay scales. The highest rate for girls is 43 cents an hour, he added.

FACES TOUGH BATTLE — Wilfred Kennedy (Bucko) McDonald, 37-year-old former National Hockey League player turned politician, is facing the biggest fight of his political career in the present federal election. Bucko, who has represented the riding of Parry Sound since 1945 for the Liberals, is opposing J. M Macdonnell, Progressive Conservative financial expert in the last parliament, in the new riding of Parry Sound-Muskoka which replaces the two ridings represented by the two candidates.

"We Liberals have dedicated ourselves to maintaining a high level of employment and income, because that means a high and widely distributed standard of living for our people."

Prime Minister Louis St. Laurent

You share— every Canadian shares— in the greater

Opportunity Prosperity Security

brought about by constructive Liberal policies

Liberals mean what they say. Look over the record of the last five years — the most impressive period of prosperity and growth in our history. It shows that Liberal performance exceeds Liberal promises.

Under Liberal policies, Canadians can be confident that this forward march will continue — that Liberal promises will again be carried out.

More Jobs—More Income

More people are working than in any previous peacetime period — nearly a million more than in 1939. National income is *three times* as high as in 1939, is more widely distributed than ever before.

More Savings

People have nearly 2½ million *more* bank accounts than before the war. They have put aside more than 4 billion dollars in personal bank savings.

More Production and Trade

The products of our farms and forests, factories and mines and fisheries are worth twice as much as ten years ago. And Canada's exports are more than *four times* greater. Canada is the world's third largest trading nation.

More Family Allowances

The federal government has, since 1945, invested *one billion* dollars in Canada's children. Four million boys and girls in 1¾ million families are receiving a better start in life. Benefits are being extended this year.

More Old Age Pensions

Federal payments have been twice increased since 1945. The new pension basis is now increased to $40.00 a month, providing greater comfort and security for the aged and blind.

National Health

Health grants to provinces are helping to build a stronger nation. Many projects are already under way: nine province-wide health surveys; 13,000 additional hospital beds; training for health specialists, increased health services and research.

Aid to Home Builders

Close to 300,000 dwellings have been built since the war. More homes have been built in Canada, in proportion to population, than in any other country; and more were built last year than any time in our history.

And lowered taxes as well!

By careful administration the Liberal government has established these records and been able at the same time to cut the national debt by 1,625 million dollars.

And every budget since 1945 has announced lowered rates of taxation.

Protect your stake in OPPORTUNITY, PROSPERITY, SECURITY

VOTE LIBERAL!

Council Sets Up Commission For Industry

City Council established an industrial commission Monday night composed of Ald. Dick Raine, Harold L. Garner, Herbert I. Bradburn and Bruce Payne, with Mayor Swanston an ex-officio member. The commission replaces the industrial committee of the council, previously known as the manufacturers' committee, and virtually creates an industrial department. Its general scope falls within the elastic bounds of the old committee, but in its practical operations it is an autonomous body.

The bylaw sanctioning the change in this branch of the city's administration took form recently after discussions that were initiated early in the year with the appointment of Ald. Dick Raine as chairman of the industrial committee.

Recommendation for the setting up of the Commission was approved by the council April 18. in its acceptance of a report of the committee of the whole. A digest of conversations culminating in the bylaw indicate the broad purpose of the change.

Majority Not Councillors

"The proposed personnel of the Commission is to be composed of five members, three not Aldermen, the Mayor and one Alderman, the City Solicitor to be appointed in an advisory capacity. . . The Commission is to appoint their own chairman, vice-chairman and secretary.

"The duties of the Commission would be to maintain the goodwill of our local industries, having in mind the importance of those industries already established in our city.

"To endeavor to keep a balance of suitable industries to conform to our population and tax structure, by bringing to the notice of manufacturers and others the advantages of the city as a location for industrial enterprises, etc.

"The Commission will be expected to set up an advertising program much more widespread and effective than the one we have at present."

It is also to compile a complete record of business conditions with particular reference to classification of labor, wage rates, assessments etc. Most of this information can be obtained from the city offices and town planning committee.

To Survey Needs

The Commission should encourage the participation by our local industries in trade exhibitions, not only in Peterborough but in larger cities.

"In their findings, the Commission would ascertain whether there was a need for a feeder fac-

Eastwood's Bid $11,500 Accepted

Eastwood Construction Company's $11,500 tender for the work preparatory to the installing of artificial ice-making equipment at the Park St. arena was accepted by the council Monday night. That motion by Ald. H. Dodds, seconded by Ald. Grant Miller, followed a bylaw authorizing an agreement with Canadian Ice Machine Co., Ltd., for the supplying and setting up of the ice plant.

"I am in favor of this improvement at the Arena, but I would like to have some information as to what the costs are adding up to," said Ald. Doug Miller.

"I understand it is about $1,000 less than we anticipated in the first place," Mayor Swanston said.

"What comes next after the Eastwood contract?" Ald. Miller enquired.

"The terraza floor," said Mayor Swanston. "It will cost around $5,000."

A Little Under

Ald. Dodds said: "We estimated that the total cost would be $43,000. It is all in the record of what was recommended. As to how it is turning out, I'd say we are within a few hundred dollars less than the original estimates."

The contract with Eastwood Construction Co. calls for excavation of the present soil cushion in the rink, its replacement with filler, and the laying of the concrete base; putting a header trench from which the refrigerating pipes will lead; and laying the concrete foundation for the ice-making machinery in a quarters that have to be built for that purpose.

This is a general contract laying the ground work for both the permanent terraza flooring of the arena and the installation of the artificial ice plant and its lines of piping throughout the flooring.

The bylaw authorizing the signing of the agreement with Canadian Ice Machine Co. was introduced by Ald. Dodds.

Eastwood Construction Co. is ready to begin its work immediately.

PROMOTED TO CAPTAIN

Lt. R. R. Asselstine, commanding officer of the 37th Heavy AA Workshop, RCEME, has been promoted to captain. The Workshop is affiliated with the 50th Heavy AA Regiment, RCA.

Seek Property For New Homes

Aldermen Burrows, Gillespie, Anglesey and Grant Miller were appointed a special committee by the council Monday night to recommend property on which the latest 100 houses are to be built by Central Mortgage and Housing Corporation.

This action followed the reading of letters from Central Mortgage acknowledging the council's recent application for an additional block of low rental dwellings, with preference for ex-service men, and expressing urgency for the providing of the land by the city.

"One of the first things we have to do is to arrange a meeting with the Board of Education, because they have an interest in this project," said Mayor Swanston.

To Name Committee

A motion by Alderman Young and Anglesey authorized his worship to name a special housing committee to obtain suitable sites for what Central Mortgage list this housing job as Peterborough project No. 11.

The terms of the agreement with Central Mortgage for the 100 houses, that will be similar in design and construction to the 226 now building here, are much the same as the conditions applying to the two preceding projects. The city has to provide the lots and usual services, water and sewer accommodation, street lights, sidewalks, fire protection. Municipal liability shall not exceed $600 a lot.

Doug Vaisey Heads Jaycees

Douglas A. Vaisey on Monday night was elected president of the Peterborough branch of the Junior Chamber of Commerce. He succeeds Les Reid.

Last year Mr. Vaisey was executive secretary and was considered one of the most active members of the local branch. He worked hard in promoting the current chest X-ray survey undertaken by the Peterborough County TB Association, and organized by the Jaycees.

"Young men have common problems and ideas and in the Junior Chamber of Commerce they find a better medium for expressing their aims and desires and then carry them out by following this expression in action," said Mr. Reid, retiring Jaycee president.

A significant result of active participation in the affairs of Junior Chamber, he said, is that a young man's executive ability is developed and his capacity for getting things done is expanded.

During the election of officers, Past President El Jones was chairman.

Officers elected for the 1949-50 term were: president, Doug Vaisey; 1st vice president, Bill Edworthy; 2nd vice president, Gerry Grady; executive secretary, Keith Pilkington; recording secretary, Bill Thomas; treasurer, Charles Boulter; directors, Bernie Morin, Ruben McDonald, Herb Schacher, Grenville Lathangue, Ken Billings Charles McCabe and Jack Ferren.

Don Clarke, Jaycee Jamboree chairman, reported on the program for Tuesday, May 24, and urged every Jaycee to be available for work at the Jamboree.

H. I. GORRELL, manager of the Beaver Lumber Company in Peterborough for the past six years who has been transferred to Windsor. There he is to manage the new branch of the lumber company. Before coming to Peterborough Mr. Gorrell was the manager of the company branch at Geraldton.

MAIN ST. TOPICS

CANOPY AT HOTEL

City council gave permission Monday night to N. D. King, proprietor of Queen's Hotel, Simcoe St., to put up a canopy over the lobby entrance.

COUNCIL INVITED

Council received Monday night an invitation from the Fire Fighters' Union to a dinner at the fire hall Thursday, May 26, in farewell to Captains Jones and McDonald who are retiring from the Department.

INSPECTS REGIMENT

Brigadier Geoffrey Walsh, commander of the Eastern Ontario Area, will be at the armouries Tuesday night to view the regiment in action. The Workshop unit of the 37th HAA Workshop will be placed outside for the inspection of the public.

GUESTS OF ROTARY

Two American Rotarians were introduced as guests at Monday's weekly luncheon of the Peterborough Rotary Club: John Fisher of Rittman, Ohio; and W. C. Knight of Highland Park, Michigan. They are both summer residents of the Kawarthas.

NEED HOME FOR AGED

A request to the Salvation Army to endeavor to establish a home for the aged in Peterborough was adopted by the city council Monday night, as recommended by the finance committee. "There is a great need here for such a home to care for aged people," the proposal affirmed.

CONFIRM APPOINTMENT

Chief George Smith reported to the council Monday night 95 alarms in April with $1,425 damage to buildings and $685 to contents. The appointment of Virgil Carr as assistant chief was confirmed by the council on the recommendation of Chief Smith who wrote that three months' probational period was ended.

OVERFLOW

Softball team outnumber the softball playing fields in Peterborough, Jack Dane reports. Numerous teams have to postpone their practices due to this situation. He asks anyone not using their playing fields to notify the Recreation Commission.

DAMAGES ASSESSED

Alvin E. Stoneburg, Wellington St., on Monday was awarded $225 and costs in an assessment of damages case which arose out of a car accident last year between himself and James Elmhirst, RR 1, Keene. His Honor Judge S. L. Smoke made the assessment taking into consideration damage to Stoneburg's car and loss of the use of the vehicle. The cars collided August 11, 1948, on the Chemong Rd. at Wolsley St. Ralph Standish appeared for the plaintiff and Elmhirst defended himself.

LumberManager Goes To Windsor

H. I. Gorrell, Peterborough manager of the Beaver Lumber Company since his firm set up business in the city in 1942, has been transferred to Windsor, where he will open up a new branch and lumber yard. He left for Windsor on Monday.

Establishing a new branch is no new thing to Mr. Gorrell, and the success with which he accomplishes it is well illustrated in Peterborough. When he came to this city he took over on behalf of Beaver Lumber the old collection of frame buildings of the McDonald Lumber Company immediately south of the George Street Wharf and behind the newly landscaped St. Charles Point. In the next six years Harold Gorrell transformed the small, weather-beaten establishment into a modern lumber yard, refurbished old buildings, and added new ones, the latest being the new office and sales building opened a few months ago.

Mr. Gorrell came to Peterborough from Geraldton, Ontario, where as manager he had opened a company yard. Before working in Geraldton he had been with the company in its Manitoba plants. He was a bank manager before he became associated with the Beaver Lumber Company.

Prominent in Affairs

Mr. Gorrell is a veteran of the First World War, having served three and a half years with the Army. In Peterborough he is a member of the Canadian Legion, Rotary Club, and the Peterborough Golf and Country Club. For five years he served on the Session of Knox United Church and two years he was on the Board of Directors of the Chamber of Commerce.

Mr. and Mrs. Gorrell have been tendered numerous farewell parties, including one from the company's local staff which was attended by various managers from Central Ontario branches of the firm. The Board of Session of Knox Church presented Mr. Gorrell with an engraved silver tray in appreciation of his service to the church. Mrs. Gorrell will remain in Peterborough for a time until suitable housing accommodation is found in Windsor.

For the past few weeks Gordon McGavin, Mr. Gorrell's successor at the Peterborough branch of the company, has been in Peterborough. He worked for the Beaver Lumber Company four years before the war in the north-west part of Manitoba. During World War Two Mr. McGavin spent six years with the Army, rising from a gunner to captain. He comes to Peterborough from Sutton, where he had managed a company yard.

Demonstrations, Band, Movies OpenArmyWeek

"The citizens of Peterborough can prove their interest in the work of the Reserve Army by accepting the invitation to visit the armouries during the week," said Alderman (Major) James Gillespie in opening Army week in Peterborough at the armouries Monday night. Mr. Gillespie acted for Mayor M. J. Swanston who was engaged in other civic duties.

Mr. Gillespie added that Army Week offered the public the opportunity to see the training program that is carried on by the Reserve units in Peterborough. He said they would also see thousands of dollars of radar, guns and other technical equipment used by regiments in action.

Major Harry Willis, E. D., introduced by Mr. Gillespie.

Efficiency Medal Presented

Sergeant Sherman Roy French received the Efficiency Medal from Lt.-Col. M. E. Clarke, E.D. The medal is given for 12 years' service and good conduct among other ranks than the officers. War service counts in the service.

Capt. R. V. Leamen, filling the vacancy left by Capt. P. W. Sargeant of the A and T staff of the armouries who has been posted to Picton, described the actions of the men on the equipment. With the aid of the predictor and the two radar units the guns were trained on a Harvard aircraft from Trenton which was making a practice bombing run on the city.

During the demonstration the celebrated band of the Royal Canadian Regiment played for 25 minutes. The 28-piece band opened Army Week in Kingston Sunday. Through the week they will play eight times. Tuesday they will be in Smith's Falls. The band is led by Warrant Officer Class I William Armstrong.

In the Gun Room of the armouries after the demonstration three movies were shown. They were Break Through, a Canadian Army film of the Canadian forces on the continent after the invasion; A Harbour Goes to France, about the building of the floating harbour during the invasion, and a film on ack-ack guns.

Car Upset On Gravel

Three occupants of a car driven by Arthur McCaski of Lakefield escaped injury Monday night at 7:00 when it turned over after striking loose gravel on the shoulder of No. 28 Highway where it intersects the Stony Lake road, just north of Lakefield. Others in the car were Guy and Daniel White, brothers, of Glenalda.

The accident occurred at a point on the highway where Department of Highways workmen have been making repairs to the roadbed. The car sustained damage amounting to about $150. McCaski was proceeding south at the time. The accident was investigated by Provincial Constable Keith O'Shaughnessy.

RECOGNIZE PCVS CHAMPS

The Board of Education has authorized a special committee to spend not more than $10 per player to reward the Canadian championship juvenile basketball team, and the senior COSSA basketball team. Choice of award will be in the hands of the committee.

New Public Park Proposed West End Along Clonsilla Negotiations To Buy Land

Purchase of the property of Montgomery Brothers on the west side of Clonsilla Ave. for a public park was proposed to the council by Ald. Grant Miller Monday night. It extends from the head of Charlotte St., the turn toward the southwest, to Shefbrooke St. Ald. Miller presented three reasons supporting this municipal investment and civic improvement. The west end of the city has no park such as Nicholls Oval in Ashburnham; Confederation Square and Victoria Park in the centre; Inverlea and Jackson Parks in the north end; King Edward Park in the south. There are school playgrounds on the expanding western frontier, but no park.

"We have failed to some extent in providing a beautiful approach to the city on its main entrance along Clonsilla Ave. I was greatly impressed by the splendid local beauty that has been accomplished in the approaches to the city of Niagara Falls," Ald. Miller said.

The spacious grounds of Civic Hospital are to be landscaped, but if the Montgomery property is to be a housing area the effect of the beautification of the hospital will be appreciated only by persons going into its grounds.

Long View

"If we don't purchase that property for a park we will hide the whole thing. And the time to take the first step is now. We have got to lay plans now—take the long view. If we permit one house to be built there we will lose the opportunity that is in our hands now.

"I suggest that no person be given a permit to build in that area to construct a house there, until the city has had an opportunity of considering its purchase."

Ald. Dick Raine said town planning committee had the Montgomery property designated for a park. "I agree that this is our last chance for a park on that west side of the city."

Ald. Dodds: "I'm very much in favor of this proposal. On two occasions we made offers for it."

Ald. G. Miller: "Well, let's go back and try to reopen negotiations with Montgomery brothers."

Re-open Negotiations

It may be recalled that a few years ago, Mr. J. A. Gibbs, who has been associated with the Montgomery brothers, submitted to the council plans for a residential area along the west side of Clonsilla Ave., with reservations for a shopping centre. Mr. Gibbs said he had certain offers for the purchase of business lots. Some other persons were interested in housing sites.

Discussion by the council of that time halted at what was said to be difficulty in providing a sewer for the front and also the entire block, and the general plan gravitated into the municipal limbo that is dubbed "abeyance." In the meantime the enterprising Montgomery brothers switched their interest to other parts of the city.

Ald. Raine seconded Ald. Grant Miller's motion to consult the owners of the Clonsilla Ave. area again.

3 Men, 52 Fish Speckled Haul

Most fishermen report a slow opening of the speckled trout season but not so one three-man party that tried its luck on Trout Lake, east of Bancroft.

In a two-day session, the party consisting of Percy McTaggart of Belleville, and Bruce Turner and Everett Schram of Bancroft, came away with 52 fish which totalled the quota of 60 lbs.

The best trout was a two and a half pound beauty landed by Mr. Turner. Four were 10 inches and the rest were all longer than 12 inches.

Mel Inwood, District Game Warden, who has seen his share of fish during his career, declared it was the best catch of speckled trout he had ever seen.

Biggest Haul

Every year the trio are in at the beginning of the trout season, but they have never had such a successful haul as this one. Ironically enough, none of the other parties in the vicinity even got his quota and most of them complained it was a poor start to the season.

The anglers used worms for the most part; four of the fish were caught on minnows. Fly rods were used briefly but abandoned for the reliable worms when the trout refused to play along.

"Lucky?" asked the trio incredulously. "Not at all. It depends on the fishermen, that's all."

Try To Assess Election Vote

LONDON, May 17 (Reuters) — Both Labor and Conservative leaders are trying to assess the probable effect on next year's parliamentary general election of the county-wide local government contests now completed.

Final results of the local contests show that a turnover of 30,000 seats, Conservatives regained at least half their total of more than 3,000 losses suffered after the 1945 general election.

Labor losses in the just-completed contests exceeded 1,000 seats.

The elections, which ended Saturday, were unique, because for the first time all local government contests were compressed into a single month, instead of being spread over the year.

Conservative and Labor leaders now must determine to what extent the "local government general election," with its representative character, was an accurate index of national political feeling.

Spring Siege Ends

EDMONTON, May 17—(CP) — The spring siege at Dawson, Yukon, which cut off airborne supplies of fresh eggs, meat and vegetables for 15 days, is at an end. Canadian Pacific Airlines officials reported Monday the city's soggy airport had dried enough Saturday night to permit a plane to land with a cargo of perishable goods.

QUITS USING LAXATIVE PILLS

Keeps regular now with famous cereal

Is constipation a serious trouble with you? Then read this unsolicited letter:

"I was sick with constipation. I reached the point where no sort of pill helped. Then my mother said I should try KELLOGG'S ALL-BRAN. So I began eating ALL-BRAN every day. It's hard to believe, but I am regular now!" Mrs. Lucien Kelly, 8 Deslauriers Street, Quebec.

You, too, may forget you ever had constipation due to lack of bulk in the diet. Simply eat an ounce of KELLOGG'S ALL-BRAN daily and drink plenty of water. ALL-BRAN is *not a purgative* but a wholesome regulating cereal. Eat as a cereal or in muffins for constipation relief. If after using a package you are not *completely* satisfied, get *double* your money back as guaranteed on the package. Get delicious ALL-BRAN from your grocer today. Made by Kellogg's of London, Ontario.

210 Students Given Degrees At McMaster

HAMILTON, May 17 (CP) — Some 210 students of McMaster University Monday were presented with degrees in arts and sciences during convocation ceremonies here.

Chancellor G. P. Gilmour also conferred honorary degrees of Doctor of Laws on Rt. Rev. L. W. B. Broughall, Bishop of Niagara; Dr. Hugh L. Keenleyside, Deputy Minister of Mines and Resources and Mrs. Blanche Edy Marshall.

One of the outstanding graduates to receive a degree was Robert Storey of Brantford, a blind student who graduated in arts.

A Doctor of Science degree was posthumously awarded to Dr. Charles Burke, dean of arts and science, who died Sunday.

Bowmanville Dentist At 45th Convention

TORONTO, May 17 — (CP) — Dr. James C. Devitt, dental practitioner at Bowmanville, says he has been pulling teeth for more than 50 years and has fished for trout even longer.

Here for the annual convention of the Ontario Dental Association, he said:

"There is no city pressure in a small town, and besides, it's only 20 minutes to the trout stream."

Dr. Devitt, a former president of the association, is believed to have some sort of record for attendance of dental conventions. This one is his 45th.

Rev. C. E. Kidd Dies

GANANOQUE, May 17—(CP) —Rev. Charles Edward Kidd, 74, minister of St. Andrew's Presbyterian Church here for 33 years, died Sunday in the Sunday School hall. Born in Carleton Place, he was graduated from Queen's University in 1905 and served in mission fields in British Columbia and the Yukon territory. He was a former moderator of the Synod of Toronto and Kingston and also served as moderator of the Kingston Presbytery.

Bank Manager Retires

WINDSOR, May 17 — (CP) — William H. Hiscock, manager of the Bank of Toronto since its inception here in 1927, retires at the end of the month after a banking career which dates back to 1903 when he started with the old Ontario Bank as a junior clerk. A native of Kingston, he was manager of branches at Montreal, Toronto and Brockville before coming here.

ELEPHANT CARE

The hides of circus elephants are oiled regularly to keep them from cracking.

88-YEAR-OLD SPINSTER Emma Arnold told Detective-Lt. Ronald La Rue, "I guess I'm a good shot" when he arrested her for investigation in the shooting of a youth for picking flowers in her weed-grown Detroit garden. Donald Walsh, 15, is in a critical condition with a bullet wound below the heart.

New Plymouth Emerging From Shattered Bomb Ruins

By STUART UNDERHILL

PLYMOUTH, England, May 17—(CP)—A new Plymouth is emerging from some of the most shattering bomb damage inflicted by German bombs in the United Kingdom. The heart of the famous old port, home of Sir Francis Drake and other British seafaring heroes, still lies in ruins. Amid them business goes on as usual, to the tune of clattering tools that are building a new city for the 190,000 inhabitants.

Plymouth won't look its old self when the task is completed. It is being remodelled to provide greater space and efficiency.

Reconstruction plans are largely in the hands of City Engineer J. Paton Watson, 49, a peppery Scot.

"We have completed five of the eight self-contained residential units that are being grouped around the downtown cultural and business centres. The city has spent £2,000,000 ($8,000,000) acquiring land in the latter areas," he announced

Some slum areas and congested sites were abandoned after being struck by bombs, and their former residents shifted to outlying districts.

Key Roads In Ruins

Key Roads are being laid through the ruins. A wide boulevard known as Royal Parade cuts across the centre of the city.

Another main artery will be Armada Way, eliminating narrow, winding streets which once choked traffic. Building of the first big new downtown store will start this Summer.

Every big department store was smashed by the blitz which reached its greatest intensity in March; 1941, but did not end completely until three years later. The stores hired space in old houses and carried on as best they could.

Other merchants have improvised quarters in attractively decorated Nissen huts, or crowded into covered market-places. But 170 sites have been acquired in the Civic Centre for future business building.

"Life is too uncertain to predict when our master plan will be completed," Watson said. "But we have one plan and one purpose at which we will keep plugging away."

Present Strikers With Margarine

MONTREAL, May 17—(CP)—A gift of 1,000 pounds of margarine was presented to striking miners at Asbestos, Que., Saturday by the United Packinghouse Workers of America (CIO), Romeo Mathieu, UPWA international representative, announced here Monday.

The margarine, its manufacture and sale banned in the province of Quebec, was brought here from Ottawa and taken to Asbestos by truck.

Mr. Mathieu said that his union has "endorsed the manufacture and sale of margarine in this province and our action in giving it away as a gift will serve as a test case with the provincial government."

Ontario Girl To Have Audition In England

LONDON, Ont., May 17—(CP) —Another London Little Theatre player with an eye on the professional stage, Daphne Dyer, is sailing early in July for England for an audition with the Old Vic Theatre School in London.

If accepted, she will be entered as a student in a two-year course in acting.

Admission to the Old Vic School acting course is confined to 40 students per year, 20 men and 20 women. Of that number only six can be from outside of the United Kingdom.

To Operate Grandstand

TORONTO, May 17 — (CP) — City council Monday endorsed the recommendation of a special sportsmen's committee for the operation of the $3,500,000 grandstand and sports field at the Canadian National Exhibition Park. The city will control and decide on applications for use of the structure, and the CNE will conduct the physical operation and provide all necessary services. A 25 per cent gate charge will be levied on major sports events for operation of the grandstand.

LEATHERETTE

Artificial leather is a cotton or linen fabric treated with a solution of pyroxylin.

Must Find New Spot To Hold Conventions

TORONTO, May 17 (CP) — The Union of Regular Baptist Churches of Ontario and Quebec will have to look for a new meeting place for its next convention.

During the 21 years since it was organized, it has held all but four of its annual conventions in Jarvis Street Baptist Church here. But Monday the trustees of Jarvis Street Church served notice that from now on the conventions will not be welcome there.

The trustees' action arose from a split at the Toronto Baptist Seminar last December as a result of dissension over theories taught to ministerial students. The controversy was climaxed by the dismissal by Rev. H. T. Shields, pastor of Jarvis Street Church, of W. Gordon Brown, Dean of the Seminary.

Thumbs Down On Sham Battles

NEW LISKEARD, May 17 (CP) —Residents and police officers in this northern Ontario village have turned thumbs down on "sham battles."

Operation Wabi, carried out here during the week-end by the Algonquin Regiment, was marked by "belligerent" conduct, police said.

Constable V. J. Lawley said he "saw a soldier throw a heavily-charged firecracker in a group of women and children just to see them jump."

Spokesmen for the Regiment denied all the charges.

"We fired 17 rounds with a six-pounder without breaking a single window in town," an officer said.

Walk 45 Miles

TORONTO, May 17 — (CP)— Three vegetarians and a newspaper reported — all women— walked 45 miles during the week-end to Hamilton just to see if they could do it. Despite many offers of rides along the route, they trudged every foot-blistering step with just a couple of minutes off for a vegetarian's idea of an ideal lunch.

Skinny men, women gain 5, 10, 15 lbs.

Get New Pep, Vim, Vigor

What a thrill! Bony limbs fill out; ugly hollows fill up; neck no longer scrawny; body loses half-starved, sickly "bean-pole" look. Thousands of girls, women, men, who never could gain before, are now proud of shapely, healthy-looking bodies. They thank the special vigor-building, flesh-building tonic, Ostrex. Its tonics, stimulants, invigorators, iron, vitamin B1, calcium, enrich blood, improve appetite and digestion so food gives you more strength and nourishment; put flesh on bare bones. Don't fear getting *too* fat. Stop when you've gained the 5, 10, 15 or 20 lbs. you need for normal weight. Costs little. New "get acquainted" size *only* 60c. Try famous Ostrex Tonic Tablets for new vigor and added pounds, this very day. At all druggists

Peggy Cummins Finds Hollywood Disappointment

By BOB THOMAS

HOLLYWOOD, May 17 (AP).— From "Forever Amber" to a female Dillinger. That's where three years in Hollywood have taken a little Irish girl named Peggy Cummins.

It was three years ago that I first met Peggy when she was to play Kathleen Winsor's free-loving heroine. Petite and pixyish, she was fresh from Britain and we pondered on what the future would bring her.

I saw her again this week while she was making "Gun Crazy." I doubt if she cold ever have foreseen herself playing a murdering gun-Moll.

I asked Peggy if she ever sheds a tear over losing the Amber role.

"Not so much anymore," she said. "But it's not too easy to forget. Especially when people say, 'Peggy Cummins — oh, yes, aren't you the girl who was supposed to play Amber? What happened'?"

Peggy's view on that is philosophical: "I guess if you aren't right for a role, that's all there is to it."

In 1946, she arrived here a wide-eyed lass of 21 and plunged almost immediately into Amber. After a few weeks of filming, the picture was halted.

The studio indicated that Peggy was not suited for the part. But some insiders praised her portrayal and said the stoppage was due to poor writing and direction.

Anyway the Cummins footage was scrapped at a loss estimated at $700,000. The unhappy film resumed with Linda Darnell as star.

She then was starred with Ronald Colman in "The Late George Apley." It wasn't a box-office hit. Nor was "Moss Rose," which had the unique casting of Vic Mature as a British nobleman.

TELLS FOLKS OVER 45 - HOW TO LIVE!

—gain in energy — look and feel years younger—start to enjoy life—says Toronto man who was sick and ailing

"I want to tell every man and woman who is rundown, weak and tired that he can find — just like I did — that life can be wonderful, when your health is good. I was sick — constipated — had stomach trouble — and couldn't sleep. I tried Mosby's Tonic — took three bottles and now I'm a new man — feel like a young colt. I'd recommend this great medicine to any sufferer." *W. A. Foster, Toronto.*

Mosby's Great Tonic with B_1 Works on STOMACH-KIDNEYS-BOWELS-LIVER

Because Mosby's Tonic contains 20 different ingredients well-known to physicians plus fortifying Vitamin B1. It helps "tone up" sluggish systems by cleansing the bowels — clearing gas and bloat from the stomach, and helps flush out the kidneys, thus helping to relieve backache pains and keeps you from getting up nights. Thousands of men and women over 45 know that Mosby's Tonic helps make them feel better — gives them more pep and energy — they walk with a spring in their step — a sparkle in their eyes —they feel years younger. You must find real, lasting help with Mosby's Tonic or your money back! Go to your store today. A large bottle costs little for the great help it gives. Available at all Drug and Department stores. Product of:

World Wide Laboratories Ltd., Windsor, Ont.

Knox Players Capture YPU Festival

Players from the Knox Young People's Union on Saturday won top honors in the Peterborough Presbytery YPU. Drama Festival with the one-act play "Joint Owners In Spain." The group will enter the Bay of Quinte Conference Drama Festival along with winners of the other seven presbyteries this Fall.

This year there were four entries in the Festival held at St. Andrew's Church. Last year there were two.

In declaring the Knox group winners, Adjudicator Peter McCombe said: "The vigorous handling and appropriate dress reflect great credit on the team. I wish you well in the finals to be held in the Fall."

The winning production was "Joint Owners In Spain" directed by Walter Downs. Members of the cast were: Mrs. Mitchell, the matron—Miss Eileen Thompson; Mrs. Blair—Miss Grace Stewart; Miss Dyer—Miss Joyce Pitchford; and Mrs. Fullerton—Miss Helen Dummitt.

Standard Higher

The adjudicator told the audience of about seventy people that the general standard of players and performance was higher this year than last. And he contended there was a decided improvement in the staging.

First of the four productions was "Goodnight, Please," staged by St. James' YPU. Adjudicator McCombe said it suffered from bad positioning of the furniture which resulted in most of the action being confined to half the stage. Bad masking also resulted Characterizations were good but the comical situation was never fully realized.

"The grouping in the latter part of the play was noticeably good," said Mr. McCombe.

"A vigorous presentation of a very well known play," said the adjudicator of "Joint Owners In Spain." He complimented the group on its costuming and make-up and stated that considerable ingenuity had been displayed by the producer in arranging his set.

He criticized a certain monotony of voice and lack of clarity in articulation in certain passages.

"His First Shave" was put on by the Fraserville YPU and was the winning production last year, though played by a different group.

The adjudicator described it as an amusing little play that makes no great demands on the actors. It was adequately performed, he said, but he criticized makeup of the older characters.

The last play, "He Ain't Done Right By Our Nell" was staged by another St. James' group.

It was an attempt at melodrama which the adjudicator thought to be an unfortunate choice.

"Melodrama," he said, "reads easily but makes demands on actors which few amateurs can meet . . . This presentation was obviously much under-rehearsed with bad prompting all through. No attempt has been made to dress it in its proper period."

UNITY DEMONSTRATION — Montreal's New Canadians, more than 100,000 strong, celebrated New Canadians' Day with church services, parades, folklore and cultural displays. Above a general view of the 17 national groups which paraded to the Cenotaph in Dominion square, where a wreath was placed in memory of those Canadians who died in two world wars. Right, one of the floats which took part in the colorful parade.

100 In Alberta Left Homeless As Wall Of Flame Advances Unchecked

CANYON CREEK, Alta., May 17 (CP)—Stories of terror, heroism and heartbreak in a week-long forest fire were related Monday in this tiny Northern Alberta settlement as 100 fire refugees joined with the 300 inhabitants in prayers for rain to check the flames.

The refugees lost their homes when the wind-driven fire raced through the sparsely settled area on the south shore of Lesser Slave Lake, 200 miles northwest of Edmonton. The fires have spread a smoke-pall over most of Alberta.

Mrs. W. A. Rosenau told of a "shower of fiery hail" suddenly striking her home

Thinking there was no danger, the Rosenaus and their three children were carrying on as usual at their two-storey log dwelling a few hundred yards from the south shore of the lake.

"I heard a distant rumble like a freight train," Mrs. Rosenau said

"We looked to the west and could hardly believe our eyes. A big wall of flame was rushing toward us. My husband yelled for me to help carry some of the furniture from the house into the yard but we didn't have a chance.

Almost Suffocated

"The children were scared and almost suffocating from the terrific heat of the advancing fire. My husband told me to beat it with the youngsters toward the highway and I did.

"The fire was upon us almost before you could tell about it. It was useless to attempt saving the house and other buildings. It even burned the clothes in my washtub. I saved half a towel out of the whole wash," she said.

"The blazing embers, driven ahead of the fire by the terrific wind, sounded for all the world like hail as they hit the roofs of the buildings," Rosenau declared.

The flames levelled the Rosenau home and sheds and raced further eastward. They also wiped out the home of Waldo Francis and his wife, burning to death four horses, 75 mink and 15 sheep.

William Francis, father of Mrs. Rosenau, said he lay in the shallow waters of the Assineau River for 2½ hours while a wall of flame roared 20 feet over his head after he was trapped by flames last Wednesday.

Two RCMP constables were described by the refugees as heroes of the disaster. They raced up and down the highway between Kinuso and the town of Slave Lake, a distance of 35 miles, helping families move out of the path of the fire and arranging for shelter and meals for those who were burned out.

Cannot Sue CBC

TORONTO, May 17 — (CP) — The Canadian Broadcasting Corporation, as an agent of the Crown, cannot be sued in any action involving a private or civil wrong, Mr. Justice P. E. F. Smily ruled Monday in Assize Court. He dismissed a $5,000 damage action against the CBC brought by Mrs. Edith Branton for injuries suffered while attending a Happy Gang broadcast Oct. 18.

Named Candidates For Election

WINDSOR, May 17—(CP) — Hon. Paul Martin, minister of National Health and Welfare, Monday night was unopposed in his bid for the Liberal candidacy of the Essex East Liberal Association for the June 27 federal election. More than 4,000 attended the nomination meeting at nearby Tecumseh.

WOODSTOCK, May 17—(CP) —Kenneth R. Daniel, Progressive Conservative member for Oxford in the last parliament, was chosen by acclamation at a nominating convention here Monday night to contest the riding again in the Dominion election. He is a former mayor of Ingersoll.

SARNIA, May 17—(CP)—John W Murphy, Progressive Conservative who represented Lambton West in the last House, was chosen Monday night to contest the riding in the June 27 federal election. He told a nomination meeting that the election should be considered a referendum on whether voters want taxes levied against Polymer Corporation and other Crown companies not now taxed.

CHATHAM, May 17—(CP) — Kenneth Simpson, president of the Kent CCF Association, was Monday night chosen CCF candidate to contest the Ken federal riding in the June 27 election.

TORONTO, May 17 — (CP) — Lionel Conacher, former National Hockey League player, was nominated Monday night as Liberal candidate in Toronto Trinity in the June 27 federal election. Lawrence Skey, a Progressive Conservative, held the seat in the last House.

TORONTO, May 17 — (CP) — J. E. McMillin was chosen Monday night as Progressive Conservative candidate for Toronto Greenwood in the June 27 federal election. The seat was held in the last House by Denton Massey, Progressive Conservative, who announced recently that he would not contest this election.

TORONTO, May 17 — (CP) — R. H. McGregor, a Progressive Conservative who represented York East in the last House, was chosen Monday night to seek re-election in the June 27 federal election. More than 1,000 persons attended the nominating convention.

MONTREAL, May 17—(CP)—Nomination of Leon Balcer of Three Rivers, Que., a lawyer, as Progressive Conservative candidate for Three Rivers riding in the June 27 federal election, was announced here Monday night.

AMHERST, N.S., May 17—(CP)—Lawrence M. Hanway, son of J. A. Hanway, chairman of the Nova Scotia Public Utilities Board, Monday was named Liberal candidate for Cumberland in the June 27 federal election.

ST. QUENTIN, N.B., May 17—(CP)—Benoit Michaud, who represented Restigouche-Madawasha in the recently dissolved parliament, was chosen Monday to contest the seat again as a Liberal candidate in the federal election June 27.

CARAQUET, N.B., May 17—(CP)—C. T. Richard, member for Gloucester in the last parliament, was nominated Monday as Liberal candidate for the constituency in the June 27 federal election.

MACLEOD, Alta., May 17—(CP)—At a nominating convention during the week-end, E. G. Hansell, Social Credit member of parliament for MacLeod for many years, was nominated to contest the June 27 federal election. He was unopposed.

To Visit Mont Joli

George Drew, national leader of the Progressive Conservative party, will open his election campaign in Quebec province at Mont Joli May 20, it was announced Monday by Frederic Dorion, Quebec district party organizer. Mont Joli is on the south shore of the St. Lawrence River, about 300 miles below Quebec City.

RECEIVES HONOR — Hon. Leighton McCarthy, former Canadian ambassador to the United States and prominent Red Cross worker, has been given the highest honor the Red Cross can bestow, an honorary counsellorship. Mr. McCarthy has retired and living in Toronto for the past several years.

"Smackin' good... it's GRO-PUP"

IT'S Gro-Pup for dogs of all ages, sizes and breeds, say kennel owners. Has every vitamin and mineral dogs are known to need! (Thrifty, too! Not 70% water like most canned dog foods.) *Gro-Pup comes in cubes and meal*—your grocer has both.

YES, SMACKIN' GOOD ...IT'S GRO-PUP

Co-operation Counts!

The Atlantic Pact has given the world the greatest modern example of co-operation between nations.

But to back up this co-operation, Canada must have a strong force readily available and well trained, so that we can do OUR share in this pact that guarantees our safety and well-being.

ONE OF THE METHODS

One of the methods of ensuring that the Atlantic Pact becomes a reality in fact, is to take up arms with your 50th Heavy Anti-Aircraft Regiment, RCA, or in its associated HAA Workshop (RCEME). Both of these units are going along in strong fashion, but they need even more support than ever before if they are to do a real job. Army Week demonstrations by these two units will answer your many questions about service with the Reserve Force. You should not miss these demonstrations.

ANOTHER WAY

If you do not come within the category of the first method, your co-operation, enthusiasm and support is most important. Your outward show of this support will urge our young soldiers to carry on with their training and will show them that YOU appreciate their efforts.

RECRUIT NOW WITH THE
50th Heavy AA Regiment
AND ITS
37th HAA Workshop

Back Up The Atlantic Pact — Join Reserve Now

Get set for carefree Summer driving!

see your Ford of Canada Dealer

Winter weary cars and trucks can take a costly beating when hot weather comes. Don't risk a big repair bill! Knox Married Couples Group met in the church parlors with president John Donaldson presiding, and 21 present. Devotions were led by Mr. and Mrs. Don Richardson. Mr. Peter McComb gave a short talk on his impressions of "appeals" on charitable grounds. Mrs. R. Pearce described a visit to the coves near Collingwood. Mrs. Clare Hubbs, led in a quiz. Mrs. E. McIlraith and Mr. Donaldson gave short talks. Others taking part in the program were Don Ireland, Mrs. John Donaldson, Mrs. Don Hubbs and Harold Murduff. Lunch was served by ladies of the Club.

C. Hall, Buckhorn Marries Detroit Girl

In St. Andrew's United church Saturday afternoon the marriage was solemnized of Miss Alma Durham of Detroit, daughter of Mr. and Mrs. Chas. Durham of Cadillac, Michigan, and Mr. Earl Hall, son of Mr. and Mrs. Leslie Hall, of Buckhorn. The Rev. M. J. Aiken performed the ceremony.

Spring flowers and ferns formed a lovely setting and Mr. Harry Northrop played the wedding march and an organ interlude during the signing of the register.

The bride's gown and sweeping train was fashioned of silk illusion which had an interwoven design of roses. The neckline was high with a yoke-effect given by a ruffle over the shoulders. She wore a veil of matching silk illusion edged with lace which fell to finger-tip length. She carried a cascade of America Pride white roses and Gloria yellow roses. Mr. Durham gave his daughter in marriage.

tron of honor wore a blue organdy frock in full-skirted style

Mrs. Duane Bloomquiet as mawith narrow band of white velvet at the waist and an off-shoulder ruffle edging the yoke of sheer net. She wore a floral headpiece and carried a Colonial bouquet of pink sweet peas and pink roses.

The groom's attendant was Mr. Duane Bloomquist and ushers were Douglas Graham and Robert Barr of Buckhorn.

The reception was held at the home of the groom's parents at Buckhorn. Mrs. Hall who was wearing blue with navy accessories, received the guests, assisted by Mrs. Durham who was in black two-piece dress and grey accessories. Each wore a corsage of sweetheart roses. Tea was poured by Mrs. Bruce Hall and Mrs. Fred Hall, aunts of the groom, and served by Misses Jean Hall and June Windover.

After a motor trip through the province, Mr. and Mrs. Hall will live in Buckhorn. For going-away the bride wore a grey suit and green accessories with a corsage of spring flowers.

Miss R. Young Addresses Mission Circle

Miss Rachael Young of the Children's Aid Society was guest speaker at a meeting of Living Link Mission Circle of Trinity United Church, held Monday evening in the ladies' parlor. Mothers of circle members were guests at the meeting. Miss Young spoke on success in life which could mean a great many things. She said that in spite of success, people are still unhappy, because they canot co-ordinate their many personalities, and live as one integrated person. "We cannot be a whole person until we live on a spiritual level, and until we live on that level we will not be concerned with our fellow men."

Miss Young said: "We have got to, as individuals, reach this higher plain of living. We have got to be good inside, and then we won't have to worry about the outside, because we will make the rest of the world good."

The brief business session was conducted by President Miss Mignon Mayneord, who welcomed the guests. The annual picnic was announced for June 27, to be held at the home of Miss Doris Morrier. The devotional period was led by Miss Doris Hendry. Scripture was read by Mrs. Marjorie Delaney, and prayer led by Miss Ruth Taylor. The speaker was introduced by Mrs. Merle Lee, and thanked by Miss Hendry.

Lunch was served by the group leaders and a social hour enjoyed.

Mrs. H. Lambert Installed Sorority President

An impressive candlelight ceremony installed new officers of Alpha Theta Chapter, Beta Sigma Phi, on Monday evening. Miss Mildred McIntyre conducted the ceremony in the club room of the YWCA.

Those installed were: Director, Mrs. Maurice Holt; president, Mrs. H. Lambert; vice-president, Miss Elaine Cook; recording secretary, Miss Ruth Aiken; corresponding secretary, Mrs. B. Dudder; treasurer, Miss Hazel Hunt.

Appointments as committee conveners are: Program, Miss Myrtle McKeown, assisted by Miss Jean Caverly; publicity, Miss Betsy English; scrap book and parliamentarian, Miss Mary Clifford; continuity, Mrs. Thora Rolph; social, Miss Joyce Watt; secret panel, Miss Mary Bolton; ways and means, Mrs. E. McWilliams; courtesy, Mrs. J. Dougherty.

The chapter members will enjoy a pot luck supper at the home of Mrs. Holt during June, and Misses Elaine Cook, Hazel Hunt, Muriel Adams, Mary Bolton and Mrs. B. Brown were appointed to assist with arrangements. A picnic for the two sororities will be held in September at the summer home of Mrs. G. S. Cameron.

Members decided to make a donation to the Cancer Society.

Mrs. Thora Rolph gave a two-minute talk on the timely topic, "TB and X-Rays."

A social time followed the meeting, and Miss Betsy English served coffee.

Mitchell-Snelling

CAMPBELLFORD, May 17—(ENS)—In Christ Church rectory on Saturday the marriage took place of Viola Snelling, daughter of Mr. J. C. Snelling of Campbellford and the late Mrs. Snelling, to Wilmot Norman Mitchell, son of Mrs. William Dawson of Trenton and the late Mr. Wilmot Mitchell. The Rev. W. J. Lennox officiated.

The bride wore an afternoon dress of powder blue moire taffeta and carried a white Bible and a corsage of pink carnations. Miss Joyce Pryke, as maid of honor, wore a navy blue taffeta dress and carried a navy Bible and corsage of white roses. Mr. Cameron Stuart of Oshawa was groomsman.

After a short honeymoon Mr. and Mrs. Mitchell will reside in Hamilton.

Top left: Fine black suede ankle strap, open toe sandal for party and after-five wear. Right: Zinnia calf spectator type with decorative stitching and perforation pattern.

Good Flavor Essential In Meat Loaf

By MARY MOORE

When I think of my good slicing cold meats for hot summer nights, cold ham, cold beef tenderloin, jellied veal (head cheese), cold sliced smoked tongue are my old reliables—but they are all luxury meats — luxuries for anyone living down to a low-scale budget.

I often wish a meat loaf could be made a better flavour for slicing cold, so last night I made one —and it was.

For your information I weighed it when it was baked and chilled and it weighed three pounds and cost me about 95 cents. The texture is good enough that it will slice thinly too.

If you are in the same cost-watching brackets you should give it a try.

Summer Beef Loaf

(particularly good for slicing cold)

Two cups soft bread crumbs, ½ cup evaporated milk, 2 eggs, 2 lbs. ground beef, 2 tablespoons grated onion, 3 teaspoons salt (if this is to be used cold 2 teaspoons are sufficient), 1-3 teaspoon pepper, 1½ to 2 tablespoons Worcestershire sauce, 1 tablespoon horseradish, ½ teaspoon celery salt. Soak the bread in the milk. Beat the eggs in a large bowl and add all remaining ingredients and mix well with hands. Shape into a loaf on shallow baking pan which has been greased. Bake at 350 deg. Fahr. for 1 hour.

If to be served hot the drippings in pan should be made into gravy.

This is good, too, varied by adding ½ lb. ground sausage meat or any other meat such as leftover ham or bologna or weiners—and reducing amount of beef by ½ lb. To give it a good appearance if t be served whole, but cold, at table, pour ½ cup tomato soup over it when it is put into the oven to bake.

Former Peterborough Boy Wins $750 Scholarship

A $750 scholarship for musical composition was awarded 17-year-old Paul McIntyre, a native of Peterborough, on Monday by the Composers, Authors and Publishers Association of Canada. Announcement was made by Sir Ernest MacMillan, chairman of the board of judges. The winning compositions are "Scherzo for Flute and Piano" and "The Green Month," the latter a song with words by Majorie L. C. Pickthall.

Presently studying composition at the Royal Conservatory of Music, Toronto, under Oskar Morawetz, McIntyre began his study of music at St. Peter's Convent, Peterborough, and at the age of six passed Grade One piano examinations with exceptionally high marks. Even before this, however, he had won acclaim from the general public by entertaining at concerts and various events in the city.

A son of Mr. and Mrs. J. Vincent McIntyre, Paul was born in Peterborough while his father was on the staff of the Normal school. He commenced his education at St. Peter's school, continued at Hamilton schools when his family moved there in 1938, and has been in Leaside High school for the past year, his father now being master at the Toronto Normal School. In June he will write six Upper School papers with the idea of qualifying for a Bachelor of Music Course. He has also studied violin but gave it up after a short time due to pressure of his other studies.

Paul was winner of awards in the CAPA junior division for three years. Some of his other compositions have been performed in Hamilton and Toronto.

Other winners of 1949 awards known here are Patsy Parr, 11, and Elizabeth Auld, 12, both of Toronto, who received $50 to be divided equally.

O'Connor-O'Neill

In St. Anne's Church, Windsor, on Saturday the marriage was solemnized of Margaret O'Neill, daughter of Mr. and Mrs. R. L. Hickson of Peterborough and Daniel Joseph O'Connor son of Mr. and Mrs. P. O'Connor of Windsor. The Rev. Father McMartin oficiated.

The bride, given in marriage by her father, wore a powder blue gabardine suit with hat of natural straw and navy accessories and she wore a corsage of pink carnations.

Miss Phyllis Hickson, of Peterborough, sister of the bride, as bridesmaid, wore a navy gabardine suit with navy straw hat and matching accessories and corsage of red carnations. The groom was attended by Mr. Thomas Murphy of Windsor.

After the ceremony a reception was held at the Norton Palmer Hotel. The bride's mother received in a black figured dress with black straw hat and corsage of Talisman roses. The groom's mother assisted in a navy sheer dress with navy hat and corsage of pink roses. Later the couple motored to Chicago. On their return Mr. and Mrs. O'Connor will reside at 1974 Decotach Drive, Windsor.

St. Paul's WMS Holds Meeting

Mrs. W. A. Cochrane presided for the regular meeting of St. Paul's WMS. Brief report on the recent Synodical meeting was presented by Mrs. E. H. Howson who thanked all those who had contributed to the outstanding success of the meeting. Devotions were taken by Mrs. T. H. Taylor.

Mrs. J. H. Eastwood took the mission study period on "Tomorrow in Tai-Wan (Formosa)" It was revealed that spread of the gospel there had not been held back in the war years but most encouraging progress was made, due to one woman who 20 years before had been the only known Christian on the island and is now one of 20,000 Christian tribesmen. She acomplished amazing work among the aborigines in Formosa. A Bible School for these people is now in second year and has 27 men and one woman student.

It was pointed out that a Christian university is much needed on this island which has a population of six and a half million and has only one small government university. All spheres of work call for expansion to meet the need and make the most of the advantages already gained.

Supporters of the Presbyterian Church hold the answer to whether the work will progress or not.

Of Interest to Women

DOROTHY DIX

Mother Denies Young Girl Dates, Sacrificed to Sister

DEAR MIS DIX: I am a girl in my late teens and my problem is this: My mother will not let me go out with boys because my older sister has never had any dates, Mom thinks that I should never have any. She thinks it would be disloyal for me to have boy friends and to go about and have good times, but goodness knows it is not my fault that the boys run after me and run away from sister, and it would not help her a bit if I sat back and sucked my thumbs too, instead of stepping out.

Dorothy Dix

But the trouble is that Mother's refusing to let me have any of the fun that belongs to my time of life is forcing me to be a liar and a cheat and that takes the cream off of my pleasure. I have to be sly and deceitful. I cannot ask my boy friends to the house. I have to fib about where I have been and what I have done, and I hate it.

What can I do to make Mother see that she is spoiling my youth and that she is making two old maids instead of one?

Teen-Aged.

ANSWER: There is not much chance of your ever being able to open your mother's eyes to the folly she is committing in denying you the pleasures of girlhood because Nature didn't put the come hither look in your sister's eyes, for it is just about as easy to move a mountain as it is to get a mother to alter her rules for a girl's conduct.

Loses Chance

So if Mother thinks that a younger daughter should be kept in the background until an older daughter gets married, that is the way it is. Many a pretty young girl loses her chance of making a good marriage by being sacrificed to a homely elder sister.

Also, many a mother is responsible for her daughter going astray because she tries to force a perpetual babyhood on her and denies her the privileges and the freedom to which she is entitled. Little Annie does not always stay little Annie. She grows up. And if she can't tell Mother what she does and where she goes, God help them both.

✧ ✧ ✧

DEAR DOROTHY DIX: I am a girl of 19, in love with a boy of 22, and we plan to marry. My fiancee drinks. On Friday night, which is his night out with the boys, they sit in a tavern and drink all night. I object to this strongly, but was inclined to let it ride until I go to thinking about the future. Just recently he told me that I should expect to have a hard time when we marry because he is going to do exactly as he pleases.

I know what I want in married life, and I certainly will not bring children into the world if they are to have a drunken father. How do you think I should go about making my point clear to him?

TROUBLED.

ANSWER: The shoe is on the other foot. It is your boy friend who is making his point clear to you, and if you refuse to take the tip that he is giving you about what will happen to you if you marry him, you will deserv aellteeate rahhkbr nRID m inevitably come to you.

There is no other one thing in the world so tragic, and so strange as that intelligent women know perfectly well what sort of a fate they are letting themselves in for if they marry drunkards, or philanderers, or ne'er-do-wells or tyrants, and yet they do it. There isn't a day that I don't get letters from girls saying their sweethearts beat them, or that they are libertines, who are unfaithful to them or that they are lazy loafers who graft their living off of their hard-working fiancees. Yet these girls, whose Guardian Angels have shrieked warning after warning to them, go on and marry the men who will bring them nothing but misery.

This cad whom you are thinking of marrying is giving you a chance to save yourself. He tips you off to what you can expect. He tells you that he is going to drink as much as he wants; that he is going to do as he pleases, and that marriage with him will be a tough road to travel. Unless you are qualifying for martyrdom, don't marry this type of man.

✧ ✧ ✧

DEAR DOROTHY DIX: I am a divorced woman with seven children whose ages run from 12 to 3 years. I am in love with a man whom I want to marry, but who will not marry me unless I put the children in some sort of an institution. At present I get $22.50 a week from the children's father and also an $80 pension from a society, which, of course, I will have to give up if I marry this man. What do you advise me to do?

L K.

ANSWER: A mother's duty is to the children she brought into the world. Any woman with seven children to rear should be through with love-making and philandering. It will take all of her time and effort to bring the youngsters up to be decent men and women.

SUNWORTHY AND TOWNWORTHY is two piece dress of orchid shantung (left) with fitted jacket and bow at bodice finely tucked and threaded in gold. Centre, precise tailoring in oyster white linen accented with gold buckle and buttons at pockets and bodice, while of Chinese inspiration and motif is the black linen dress with white cording as trim and soft treatment at bodice and hips. All are Canadian-designed.

Mothers Guests Of Mission Band

SPRINGVILLE, May 17.—(ENS).—Springville Mission Band met on Saturday at the home of Nancy Johnston, one of its youngest members, Mrs. Clifford Johnston, Mission Band leader, was in charge of the program. The 17 members present entertained their mothers at this meeting.

Worship service was conducted by Lila Seymour and Lorraine Paddock, who led in prayer and Jeanette Kelk, who read the Scripture.

Mrs. C. S. Reddick, guest speaker, gave a helpful address on "Mothers" and Mrs. S. S. Staples spoke on "Love."

Carolyn Whitfield and Joy Seymour recited poems and Lila and Joy Seymour sang "What Friend We Have in Mother." Keith and Nancy Johnston each recited a short poem.

A playlet, "Building a Lovelier World," was presented by Billy Whitfield, Nelson Edgerton, Joan Kempt Lila and Joy Seymour, Carolyn Whitfield and Lorraine Paddock.

Lunch was served by Joan Kempt, Lila Seymour, Beryl Kempt, Ross Whittington and Keith Johnston.

Next meeting is to be held at the home of Nelson Edgerton. The Band also plans to sell candy at Springville on Monday evening, May 20, when St. James church of Peterborough is to present their play, "Family Ties," under the auspices of the Springville Red Cross.

Fairmount Mission Band, under the leadership of Mrs. Roy Hooten, has invited the Springville group to a game of ball on May 23.

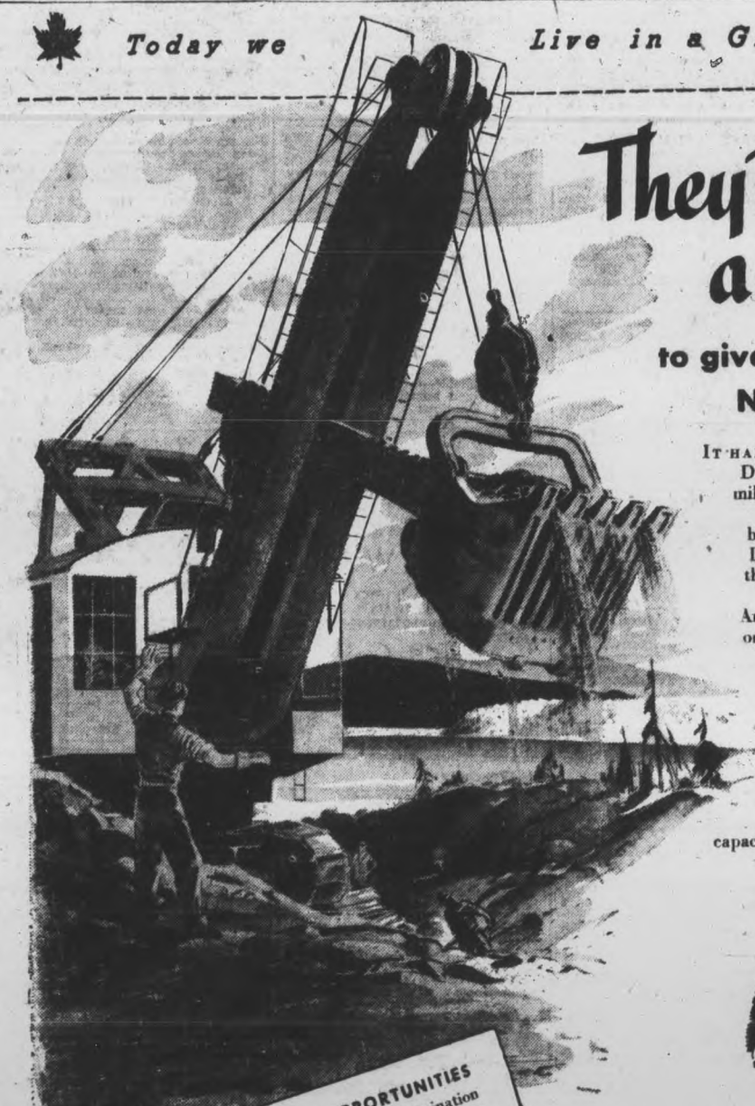
Today we Live in a Greater Canada

They Drained a Lake
to give Canada a Great New Industry



IT HAPPENED in Ontario's Rainy River District. Steep Rock Lake — fifteen miles long and ranging in depth from 40 to 265 feet — was emptied by batteries of giant pumps. Finlayson Lake was lowered by draining from the bottom. The course of the Seine River was completely changed. And one of the richest bodies of iron ore on the continent was uncovered. Providing millions of tons of ore a year — with enough uncovered for years to come — Steep Rock's development has been spectacular, but it is only ONE of many examples of Canada's tremendous modern advance. Today we truly live in a Greater Canada—one with productive capacity vastly increased and diversified, offering to young Canadians greater opportunities than ever before in every field of endeavour.

The iron and steel manufacturing industry presents another spectacular example of development: productive capacity and number of employees have been doubled since before the war, striking indication of Canada's new position as one of the world's great industrial nations.

SO MANY OPPORTUNITIES

"A sound idea and the determination to carry it through—those are sure passports to success in Canada today where there are so many interesting opportunities in so many different kinds of activity" —says MR. LESLIE BUTCHER, of Windsor, Ont.

Mr. Butcher—member of Canada's 1936 Olympic basketball team—after returning from college in the U.S. and being manager of a local insurance office, started his own Butcher Enterprises. Their development provides many examples of this young Canadian's energy and enterprise. They include: a unique and successful service in the wrapping of products for shipping; and the modernization of the Windsor Arena to present outstanding sports and entertainment events with great success.

One of a series presented by
Molson's
to promote a fuller realization by Canadians of Canada's present greatness

6—In Memoriams

MANLEY—In loving memory of dear father, Joseph Manley, who died May 17, 1946.
When our dad was taken from us
It was hard to understand
But we know that all is guided
By our Heavenly Father's hand.
—Always remembered by son, Gordon, daughter-in-law Florence, and their family.

MANLEY—In loving remembrance of a dear husband, Joseph Manley, who passed away May 17th, 1946.
There's a sad but sweet remembrance
There's a memory fond and true,
There's a token of affection
And a heartache still for you.
—Ever remembered by wife, Elizabeth.

MANLEY—In loving memory of a dear father and grandfather, Joseph Manley, who passed away May 17, 1943.
"Gone but not forgotten."
—Always remembered by his daughters Irene, Rose, Lillian and their families.

BONDS—In loving memory of Lola (Starke) Bonds, who left us one years ago today, to be with Jesus.
To know her was to love her,
None spoke her name, but in praise
The grief is just as deep today
As in the hour she passed away.
—Mother and Sisters.

7—Cards of Thanks

I wish to sincerely thank the Sisters and nurses of St. Joseph's Hospital for their many acts of kindness, while a patient. Also Mr. Mitchell, those who called, sent cards, fruit. —M. I. Healey, Douro, Ont.

Mr. and Mrs. George Downer also wish to thank neighbours and friends for their donations toward the gift presented to Mr. and Mrs. Lewis Downer.

Mr. and Mrs. Harry Sisson and family of Omemee, wish to express their sincere thanks and appreciation to Rev. F. W. Pooley, Rev. V E R. Zufelt, Rev. C. M. McLean, attending doctor, Outboard Marine & Mfg. Co. and their friends and neighbours for their kind expressions of sympathy and floral tributes in the loss of a dear father and grandfather.

Council Sets Up

(Continued from Page 9)

tory for the industries already established here. By way of illustration, there is said to be a need for a general foundry in Peterborough.

It would be made clear to the Commission that their office is not an elected one, but is by appointment. Therefore, they would not be subjected to the pressure which is common among most elected bodies.

The Commission would engage their own stenographic help to start, but the secretary should be appointed as soon as possible, and with care, as the correspondence which comes to the Commission through him, is in the main, confidential.

Collaborate With Others

The Commission and Town Planning Committee would be expected to collaborate with each other. At the end of each fiscal year, the Commission would be requested to submit a detailed report of their activities, so compiled in such a form that it could be published and made available to the industrial, commercial and professional men of the city."

Expenses of the Commission would be provided by the manufacturers' committee for the remainder of this year, and at the end of the year, the most effective means of financing could be determined for the future. The appropriation to the manufacturers' committee is to be turned over to the new Commission.

"Beginning 1950, the bylaw could amended to make such changes as would be for the improvement of the Commission. One of the necessary changes would be to stagger the terms of the commissioners, so as to have continuity of service through the years.

After the appointment of the Commission, the Commissioners could draw up a constitution, which would be presented to the city council for their information."

Wanted Beauty at Tomb

LOS ANGELES, May 17 (AP)—Showman Earl Carroll, who died in a Pennsylvania plane crash last June, planned to be surrounded in death as he was in life with "the most beautiful girls in the world." A cemetery official testified Monday at the court contest over Carroll's $1,300,000 estate that the showman planned to have an ornate relief of chorus girls on a marble wall which would include a niche for his remains.

GOLF CLUB OPENS

Prior to the official opening of the Kawartha Golf Club season this Saturday afternoon, an open ball sweep for nine holes was staged over the past weekend, with 40, while Merrill Ruitter had first low net of 36, Dave Arskey second with 38, and Gray Copping third with a 38 carded. Sweeps and a prize competition start next Saturday's program, followed by dinner and a dance in the evening.

Hospital Ladies Hospitably Collar Coins

Just try passing up the Civic Hospital Auxiliary ladies down town! This is the week of the big cent draw, and the auxiliaries have been appointed in shifts to sell cards of tickets. Everybody knows the system by this time.

The auxiliary women are serious about this enterprise of theirs because they are hoping to do things for the new hospital, and they have to sell a heap of cards before they have enough money in the handbag for anything substantial. And in that cause they start out each day with fresh zeal and energy and renewed determination.

So, do you buy a two-bit card every time you buck the line? Not when you're shuttling back and forth through the hands of importunate women. On the first round you probably contribute a dollar in the expectation that will help the cause, especially if everybody else kicked in at the same rate. By afternoon or the next day you find that your dollar purchase doesn't mean a thing. The sales line has been replaced and refreshed, and if you are a George street businessman like Mr. R. Grafstein, perambulating between his two stores, well, you can see how it might turn out.

One of the shifts Monday afternoon really did a grand job on Grafstein. In fact Robert probably envied their elan and their resistance to customer objection. They sold him two 25-cent cards plus two dime cards (70 cents all told), and pinned them on his coat as a friendly gesture of helping to advertise the hospital cause. And today is another day, and the whole week stretches out ahead. At that rate, if the ladies sustain it, Mr. G. could pay a chunk of the cost of a bed and ensure a room for himself against possible mischance before he retires from the hazards of George St.

H and S News

PCVS

Annual meeting of the PCVS Home and School Association was held Monday evening, Mrs. W. T. Fanjoy, president, in the chair. A recommendation was brought in by Mrs. L. M. Richardson that the procedure for election of officers be changed.

Mrs. C. S. Browne answered queries from a question box. He spoke of the successful year enjoyed from scholastic point of view and extracurricular activities and said he felt this was the first post-war year in which students had been really settled.

The reason for changing examinations to November and June was explained by the Principal, the main one being to give parents an idea how their children are getting along early in the year. If it is apparent that headway is not being made, a change in course can be made without losing an entire year. By adopting the semester system, drafting and motor mechanics are taught for two hours each day during half a term, switching to electricity for the remainder, thus giving the pupil more instruction than the former plan of one hour each day in either subject. The same method is employed with music and art.

Holding the final examination in June, instead of giving promotion on recommendation is found to keep the better students working throughout the year and thus raises the standard of scholarship.

Mr. Browne deplored facilities of the school for pupils who stay during the lunch hour and pointed out the need for a cafeteria in the school.

He also explained the scholarship established by the Board of Education for the pupil with ability for university who cannot afford to attend. Those interested should contact Mr. Browne or Mr. Moebus while in Grade 13.

Annual reports were read by corresponding secretary, Mrs. C. H. Crowe, recording secretary, Mrs. J. H. Matthews; treasurer, Mrs. L. B. Cunningham; program, Mrs. J. D. Fanning; hospitality, Mrs. G. H. Frise; finance, Mrs. R. J. Ward; membership, Mrs. E. Chambers; publicity, Mrs. J. Low; publications, Mrs. O. Laderach.

Report of the nominating committee was read by Mrs. L. M. Richardson and Mrs. Crowe acted

tion.

The officers are: president, Mrs. W. T. Fanjoy; vice-president, Mrs. J. Wood; recording secretary, Mrs. J. H. Matthews; corresponding secretary, Mrs. T. H. Taylor; treasurer, Mrs. P. Martyn. Executive members are Mrs. R. J. Ward, Mrs

STANLEY R. ADAMSON

StanleyAdamson AccountantHead

The Peterborough Chapter of the Society of Industrial and Cost Accountants of Ontario held on Monday evening their second annual meeting at the Empress Hotel. A review of the past year revealed an increase in membership of 18, bringing the total to 37.

Directors for the 1949-50 season were elected. At a short directors meeting immediately following the dinner meeting, Stanley R. Adamson of CGE, was elected chairman; E. H. Jones of CGE, secretary-treasurer; Gordon Langhorne of A. Wander Ltd., vice-chairman. Other directors are L. Bearne, Outboard Marine; A. Pitchford, Quaker Oats; G. T. Cheatle, Canadian Nashua Paper; A. Cox, Brinton-Peterborough; J. Purdon, De Laval, and the immediate past chairman, R. C. Bastable of Peterborough Lock.

Mr. Bastable, as retiring chairman, received the thanks of the members expressed by Blake Bel of Quaker Oats for his excellent service and guidance during the past year.

Kemptville School Results Announced

Peterborough and Durham students were prominent in the results of the senior examinations at the Kemptville Agricultural School's two year course.

W. A. Hills of Enniskillen headed the class with 85%; J. M. Green of Nestleton was second with 83.6%, and D. J. Chambers of Otonabee was fourth with 80.6%. Others well up in the standing of the students were C. L. Doughty of Peterborough and W. J. Brealey of Indian River.

Among those who passed in the junior year were: K. F. Masters of Peterborough; E. L. Thackeray of Peterborough; E. H. Landry of Bancroft; H. J. McCarrell, Omemee, R.R. 1; and D. S. Meiklejohn of Smith.

Jack M. Green of Nestleton won the Stanley G. Anderson shield for highest proficiency in agricultural engineering; Donald Chambers of Otonabee, won the $25 Anderson's Department Store, Kemptville, prize for the student progress for two years. J. M. Green won a $25 scholarship for making the most satisfactory highest ranking in farm management; and Wesley Hills won the award in general proficiency.

GET LIMIT

Bob McClellan and Dave Wilson have been getting their limit of pickerel the last three nights at Burleigh Falls. They have been using the new spinning rod and reel with flies and spinners. They report the fish are going for the flies.

W. H. Frise, Mrs. J. Carlyle, Mrs. L. Hollingsworth and Mrs. G. McMillan. They were installed by Mrs A. W. Nelson, president of Home and School Council.

Refreshments were served by Mrs. G. H. Frise and her committee.

X-Rayed Women Chary Of Age

The mobile X-ray unit, with headquarters at George St. United Church until the end of the week, is being kept busy throughout the day with a steady flow of callers. This morning there were some 30 people lined up inside the hall when operations started at 10 a.m.

People are being co-operative, an X-ray technician told the Examiner. Only difficulty encountered is a reluctance on the part of many women to disclose their ages. There are the type that do a good deal of hedging in the hope of avoiding ultimate declaration of such a tell-tale fact and others who refuse point blank to make any admission of age. These are the ones who require all the skill and tact of a practised X-ray unit operator. Record of age is an essential to the proper functioning of the unit.

Industrial workers throughout the city took full advantage of the X-ray when the unit visited the plants at the beginning of the campaign. Another section of the community which has made full use of the facilities are the Chinese citizens. Jim Hum organized the restaurant people and the Chinese laundrymen's enthusiasm was aroused by Lee Kam.

Dealers Pop Out Thieves Pop In

Following a daylight robbery from the till of McCarthy and Johnston, coal dealers of 111 Hunter St. E., City Police Chief John Thompson is warning owners of small businesses to avoid being called away from their premises on a false pretext.

Mr. McCarthy received a telephone call at his business Monday afternoon to be told that there were some children playing on the roof of the coal sheds. He was away from the office for only 10 minutes and during that time $51 was stolen from his till.

Last week there was a $95 robbery from the till of another coal dealer in the south of the city. Bernard Jones of Jones Bros., 71 Ware St., was working in his coal yard when $95 in cash and $400 in cheques were taken from a desk in his office.

"Do not leave your offices unattended," Chief Thompson warns owners of small businesses.

Lansdowne Lodge Honors Veterans

Veterans' jewels were presented to Bros. C. F. Kitney and R. Frise at the lodge meeting Monday evening. Bro. Frank Kitney joined the lodge May 15, 1899, and Bro. Dick Frise joined the Lakefield lodge in the same year. Bro. Frise unfortunately, at the last moment, was unable to attend.

The presentation was made by Bro. George Benton, worthy deputy supreme president, assisted by seven veteran members: Bros. H. Beal, C. Wood, W. W. Gray, J. Thirnbeck, J. Runnett, H. Starr and R. Wright. Bro. Robert Starr, the president of the lodge, congratulated Bro. Kitney on having attained this record, and also thanked him for the many years he had filled various offices in the lodge. He also expressed his regret that Bro. Frise was unable to be present. Arrangements will be made to present his jewel as soon as convenient to Bro. Frise.

After the presentation of the jewels and the conclusion of the lodge business, the members joined in an hour of reminiscences around the table on which Bros. W. Gray and W. G. P. Benton had prepared the usual refreshments. The singing of the National Anthem brought another successful evening to a close.

Andy Lytle Gives Advice To Candidate Dit Clapper

Andy Lytle, sports editor of the Toronto Daily Star, in his column "Speaking on Sport" on Monday gives some unsolicited advice to Dit Clapper, Liberal candidate in the June 27 election in Peterborough West.

Mr. Lytle writes:

"I see by the papers, Dit, that you have "trun" your stick into the political pot and expect to land in the Ottawa net via the Peterborough red line.

"And why not? You've won tougher battles. You've always been a big leaguer."

"In this league, as Bucko has no doubt informed you, there are few rules and no referee but the voter who stands on the bench side of the dasher and takes his only swipe at the players on election day."

"Though you won't be able to appear on this type of ice in hockey rig, keep your big stick handy and your left high. In this game, the sneak punch, the rabbit blow, the bolo and the shot from behind is as common as promises. Politics, by the way, has been defined as the science of promises."

"You may have noticed, while sojourning in Boston, how that little man from Missouri, who couldn't, they said, make the team or even collect the Byng trophy, banged his way to the presidency over what was said to be insurmountable odds."

"They said Harry won the match because, as a common man he appealed strongly to the grass roots voters. This is where you come in, Dit, for they tell me the countryside of your riding is occupied principally by the same type of solid, down-to-earth folk. If you dropped a covey of your people at the corner of King and Yonge at the cocktail hour, 15 minutes later we'd find 'em browsing contentedly o'er the green spaces of the CNE."

"You don't have to sell your capacity for leadership to such people. They know about you in athletics. They followed you since you shook that barnyard stuff off your brogans and readed into lacrosse and hockey at the beckon of Eddie Powers. That's your priceless heritage as a politician to be. They watched you, too, in those years at Boston when you led the Bruins capably on the ice and just as skilfully after you picked up the club reins.

"You used to be a fine stickhandler, Dit, and I trust that you have not forgotten how to weave and bob and duck. In the game you've chosen to play, the illegal check, the elbow to the chin, the half-nelson, the double-cross, the knee to the groin is as common as the stab in the back or the sinister rumor.

"It seems to me there has been a woeful lack of grass rooters like yourself in our sports government and in our legislative and parliamentary leagues in the past.

"We'd have had a better A.A.U., for example, if more of your type took office. The best athletic Commissioner Ontario ever had was himself first, a great athlete. Thus he brought understanding to the job as you will do after you reach the heart of stuffed-shirtia.

"What tthis country needs, Dit, more than the nickel cigar or the 10-cent hot dog, is less sound and fury in government and more guys like yourself, who came up via the back pasture and the wood lot, didn't look back afterwards, always felt easy in homespun or tailored suiting and never suffered from enlargement of the ego.

"So get in there and score, old boy. Keep your head up and your eyes alert. Those babies you'll be playing against like to let their shot go from ambush. You can bet, because you're you, Dit, they'll take their best cuts at you.

1,200 Dockers Return To Jobs At Avonmouth

AVONMOUTH, Gloucester, Eng., May 17.—(Reuters).—Dockers here who stopped work yesterday to demand guarantees that they would not be required to handle the cargo of the Canadian ship Montreal City, returned to work today.

About 1,200 men were involved in the stoppage, which held up the unloading of 11 ships.

The dockers have pledged support to members of the Canadian Seamen's Union, now on strike, and say that they will not work on ships whose crews belong to the rival Seafarers' International Union.

VISIT LIBRARY

Pupils of Grade Three of King George School enjoyed a diversion from their usual round of studies this morning when they paid their fourth visit of the year to the children's section of the Public Library. They were in charge of their teacher, Miss Shirley Boyce, and during their visit listened to a "book talk" given by the librarian.

Pentox Pete Says—

"PENTOX" FOR HARDWOOD FLOORS

"PENTOX" Clear brings out the full beauty of the grain when applied to hardwood floors; prevents moisture damage, such as warping, shrinking, and swelling. A coat of Pentox plus a coat of wax or other finish provides for a low cost, grand looking, long lasting surface. The next time you finish an old or new floor—see what a difference "PENTOX" makes in appearance, wear and how much easier it is to maintain.

Annual WCTU Convention Held In Plainville Church

PLAINVILLE, May 17 (ENS)—The annual Peterborough and Northumberland WCTU County Convention was held in Plainville United Church with Camborne, Smith, Peterborough and Plainville Unions represented.

The president, Mrs. J. Gordon Mann of the Smith Union, called convention to order.

Miss Clara King delivered an address of welcome. The treasurer's report was given by Miss Margaret Milburn in the absence of the treasurer, Mrs. Elmer Milburn. Receipts amounted to $234.55, expenses $185.05, with a balance on hand of $50.50.

Committee Members

The courtesy committee members appointed were Mrs. Gordon Adams and Mrs. Austin Poast. Resolutions committee composed Mrs. G. Lacey and Mrs. A. J. Throop.

Mrs. H. T. Rehill gave the report of the nominating committee and Mrs. A. J. Throop had charge of the installation of officers as follows: Past President, Mrs. F. Westington, Plainville; President, Mrs. J. Gordon Mann, Smith; Vice-President, Mrs. W. A. Poast, Smith; Corresponding Secretary, Mrs. H. T. Rehill, Peterborough; Recording Secretary, Mrs. Frank Westington, Plainville; Treasurer, Mrs. Elmer Milburn, Smith; Financial Secretary, Mrs. J. H. Lewis, Smith; L. T. L. Secretary, Mrs. G. Lacey Camborne.

Mrs. F. Westington, Mrs. King and Mrs. Manley of Plainville conducted a memorial service in memory of Mrs. F. J. Allen, and Mrs. J. E. Moore, both of Peterborough, who died during the year.

Mrs. Gordon Adams presented prizes to children who had won highest awards in the recent temperance papers.

A report of the Ontario Temperance Federation Convention held in Toronto at Easter, was given by Mrs. J. Harold Lewis, including quotations from the president's address given by Rev. M. J. Aiken of Peterborough.

Rev. A. E. Lark of Plainville, addressing the convention, said that if the men who run the breweries caught a glimpse of the love of Jesus there would be no need of meeting in gatherings such as this.

Mrs. Gordon Adams presented the courtesy report.

Head Departments

Superintendents of departments elected are: Evangelistic and Christian Stewardship, Mrs. Eldred Lean, Camborne; Flower Mission, Miss Clara King, Plainville; Little White Ribboners, Mrs. Earl Joice, Plainville; Lord's Day observance law and legislation, Mrs. G. Lacey Camborne; Medal Contest, Mrs. Fred Bowman, Plainville; Press, Mrs. J. H. Lewis, Smith; Peace and International Relations, Mrs. W. D. Wilson Smith; Publicity and Social Meetings, Mrs. G. Atchison, Peterborough Union; Scientific Temperance Instruction in Day Schools, Mrs. R. S. McMullen, Smith; Temperance in Sunday Schools, Mrs. Max Archer, Smith; World's Canadian Missionary Work, Mrs. H. Lander, Camborne.

An invitation was extended by Peterborough Union to hold the 1950 convention there.

Contest Winners

Winners in poster contests were announced as follows: Grade One, 1 Beverley Elvidge, Grove School; 2, Tommy Woods, Grove School.

Grade 3—Edward Givens, SS No. 4, Smith.

Grade 4—1 Harry Sherry, May's School; 2 Blaine Boswell, SS No. 3 Smith.

Grade 5—1 Muriel Givens, SS No. 4, Smith; 2 Eleanor Ball, Queen Alexandra.

Grade 6—1 Josie Hendren, Queen Alexandra; 2 Thomas Fredericks, Queen Mary.

Grade 7—1 Bob Lauchlan, King Edward; 2 Gordon Barker, King George.

Grade 8—1 Doreen McClure, Queen Alexandra; 2 Franelda Gibson, SS No. 4, Smith.

Winners in essay contest were:

Juniors 9 and under—1 Iris Armstrong, Lakefield; 2 Jimmie Harrison, Lakefield; 3 Larry Hubble, Colborne.

Junior, 10-11 years—Barbara Bulmer, Smith; Douglas Clark, Smith, Allan Pearson, Lakefield.

Intermediates, 12, 13, 14 years —Doreen Bowles, Springville; 2 John Pearson, Lakefield; 3 Nola Wilson, Smith.

Seniors — Marilyn Bowles, Springville; Edna Davis, Springville; Hazel McIntosh, Springville.

Iris Armstrong, nine year old girl, received second prize from the provincial WCTU and Marilyn Bowles received honorable mention from it.

Charged With Assault Man Remanded Week

LINDSAY, May 17 (CP). — Stewart Wilkie, 29, Toronto, appeared in Lindsay court Monday on a charge of indecently assaulting a nine-year-old girl from the village of Minden, 51 miles north of here.

According to O.P.P. Constable Ed Mulligan of Minden, Wilkie entered the young girl's hotel room about 11 p.m. Saturday night and is alleged to have molested her. The girl's father, the proprietor of the hotel, heard the cries and held Wilkie until police arrived.

The accused was remanded one week on the request of the Crown.

MOSTLY DESERT

Arabia has no rivers and no forests and is principally a desert with many oases.

PRESIDENT'S SALARY

The first salary of the President of the United States was $25,000; today it is $75,000.

Lakefield High School Results

May examination results at Lakefield District High School are as follows:

(75 and over 1, 60-74 2, 50-59 3, below 50 failure.)

Hastings News

Mr. and Mrs. L. W. Potter and children Catherine and Charles returned home Thursday after visiting relatives and friends in Orillia, Camp Borden, and Toronto.

George McNabb, Peterborough, called on friends here on Thursday.

Mrs. Fred Lynch has returned to Hastings after spending several days in Lakefield with her daughter, Mrs. Herb. Campbell.

Miss Marie Lynch, Toronto, spent the week end at her home in Hastings.

A birthday party was held Tuesday evening at the home of Mr. and Mrs. Verdon Chrysler of Marmora to celebrate Mr. Chrysler's birthday. His mother, father brothers and sister of Hastings spent the evening with him. Mr. Chrysler was presented with an electric clock.

Miss Geraldine Faux is a patient in St. Joseph's Hospital, Peterborough.

Mr. and Mrs. Wallace Orr and family spent Mother's Day with the latter's parents, Mr. and Mrs. W. R. Grass of Gilmour.

Word has been received here of the death of Mrs. N. R. Dainard's mother, Mrs. Bruce Nicholas, of Wooler.

Mr. and Mrs. L. W. Potter celebrated their 11th wedding anniversary on Friday, May 13.

Wm. Martindale, Toronto, is vacationing at his cottage.

Abolish Marshal's Job

TORONTO, May 17 —(CP) — City council Monday abolished the position of city fire marshal, held by Sam Hill. Its action arose from a clash of jurisdiction between Hill and Fire Chief Peter Herd over fire inspection practices. Hill is to be retained in the fire department in a different capacity.

"And that's a Schnorkel —it'll keep 'em alive till 1952 even with their 'eads under water."

[Among exhibits seen by Navy Day visitors at Portsmouth yesterday was a submarine fitted with the Schnorkel under-water breathing device.]

Flood Waters Paralyzing City Of Fort Worth, 6 Dead, 13,200 Homeless

Water Supply Crippled For Three Days Schools, Factories Closed; Dallas Facing 20-Foot Wall of Water

FORT WORTH, Tex., May 18—(AP)—Flood waters which swirled over great chunks of Fort Worth slowly receded today. They left six known dead, damage in the millions, an estimated 13,200 homeless. Thirteen persons were killed and more than 100 injured in three days of turbulent weather that hit parts of west and north Texas and Oklahoma.

The count was six drowned and a dozen in hospital here; five dead and 83 injured from a tornado at Amarillo Sunday night; one dead and nine injured from twisters in Oklahoma, and one dead and at least 12 injured in West Texas tornadoes.

As Fort Worth struggled back to normal it faced this situation:

Areas west, north and east of the business district under water; all schools closed; snarled traffic, blocked highways, powerline breaks, a flooded water plant and a water supply that officials say will take three days to make normal.

Residents were warned not to drink water unless it had been boiled.

Dallas Has Trouble

Dallas itself watched the biggest flood since 1908 swelling in its Trinity river lowlands. A crest of 48 feet is expected today, 20 feet above flood stage.

Fort Worth, with a population of more than 300,000, was one of the places hardest hit by the storms.

The homeless were quartered in schools, clubhouses, the city recreation building and the Carswell air force base gymnasium.

Police patrolled the flood areas to prevent looting.

One woman was killed by the tornado which hit near Spur. About ten homes were smashed by the twister, one of a series in west Texas yesterday.

Others hit Memphis, Southland, Rochester, Silverton, Daughterty and in Floyd county in the rich wheat and cotton belt of the south plains.

Roosevelt Jr. Licks Tammany Hall

NEW YORK, May. 18 (AP) — Franklin D. Roosevelt, Jr., first of the late President's five children to seek elective office, has launched his political career by giving Tammany Hall a sound licking.

The 34-year-old lawyer, bearing one of the most potent political names in United States history, collected 41,146 votes, 31,037 on the Liberal party ticket and 10,109 under the Four Freedoms party banner.

His three opponents got 39,726 distributed this way: Justice Benjamin Shalleck, Democrat, 24,352; William H. McIntyre, Republican, 10,026; Dr. Annette T. Rubinstein, American Labor party, 5,348.

The Tammany Hall candidate, given the Democratic nomination denied young Roosevelt, was his chief rival in the election.

F. D. R. Jr., centred his campaign fire on the ancient Manhattan Democratic organization, just as his father had battled Tammany in his first political job as a State Senator more than 35 years ago.

In turn, the Democratic organization denounced young Roosevelt as an interloper in the district and as a playboy trying to trade on his father's name.

Voting Protest To Be Considered

OTTAWA, May 18 (CP)—Jules Castonguay, Chief Electoral Officer, said today consideration is being given to a brief of the Ontario Hydro-Electric Power Commission protesting disfranchisement of some Hydro workers in the Federal general election.

The workers, employed in the constituency of Renfrew North, had been ruled ineligible to vote under a clause of the election act which says that temporary workers on government projects outside their home constituency may not vote in the districts where they are employed.

Some 2,000 workers are employed on Hydro projects in Renfrew North. However, many of these are eligible to vote in any case, since their domiciles are in the riding.

Clings Hour To Boat Fisherman Drowns

TIMMINS, May 18.— (CP).— Ennis A. Martin, 37, of Timmins, an employee of the Paymaster Mines, slipped to his death Tuesday night in the icy waters of Hopkins lake, about 24 miles from Timmis, after clinging to an overturned canoe for more than an hour.

His two companions on the fishing trip, D. P. Macelwee and Roy Stodda l, both of Timmins, clung to the canoe for another three hours before it drifted into shore. It is believed Martin was seized with cramps

The three men had gone fishing after coming off shift Tuesday afternoon. Provincial police are dragging for the body.

Martin is survived by his wife and two daughters, his father, William, and brother, Bill, of South Porcupine, and brothers George and Jack, of Timmins, and two sisters, Mrs. K. Kellyart of Fort Erie, and Mrs. Frank McLellan, of St. Thomas.

Find Old Paintings

FRANKFURT, May 18 — (Reuters)—More than 100 valuable old paintings, missing from the Frankfurt art gallery since 1945 and for which a worldwide hunt had been organized, today were found in the cellars of the gallery. The paintings included works by Rubens, Von Dyck, Franz Hals, Cezanne and Renoir.

Dual Control Too Difficult Nurse Resigned

WINDSOR, May 18 (CP)—Mildred Maybee, former superintendent of nurses at Metropolitan General Hospital, testified today before a Royal Commission conducting an inquiry into hospital administration that "certain implications" were the reasons for her resignation in February.

The inquiry into the affairs of the hospital resumed today before Judge Eric Cross, one-man Ontario Royal Commission. It was Miss Maybee's resignation and subsequent rumors of lack of discipline which resulted in the inquiry.

Enumerating the reasons for her resignation, as requested by Commission Counsel George L. Mitchell of London, Miss Maybee said there was dual control at the hospital and "one man being the big boss."

Miss Maybee said she did most of the hiring and firing but that there were implications that nurses could be fired over her head by Horace E. Atkin, business superintendent.

Recalls Case

The former nursing superintendent said she recalled a case where she had suspended a nurse but that the nurse was not penalized or docked pay because of an objection placed with Mr. Atkin.

She said that four nurses had attended a party at a Detroit hotel, on the invitation of Mr. Atkin, and that they went with married men whom she considered "not proper escorts. . . because they are nice girls."

Miss Maybee said she had heard about girls going to parties before but when she spoke to superintendent Atkin about it, he discredited the stories, termed them rumors and told me "to laugh it off and pay no attention."

Elect Higher Trial In Licence Racket

WELLAND, May 18 — (CP) — Michael P. O'Connor and Wm. J Horrigan, of Toronto, both elected trial by a higher court here today when they appeared before Magistrate H. D. Hallett of St. Catharines on charges in connection with an alleged liquor licence shakedown racket.

The hearing, on a charge of conspiring from 1943 to January 1949 to obtain money by false pretences with intent to defraud, commenced today.

First witnesses were Jackson B Gunn, manager of the Yonge and Gould St. branch of the Bank of Commerce, Toronto, and A. G. Mackenzie, manager of the Royal Bank of Canada, St. Catharines, who produced documents in connection with bank accounts opened by the Conservative Young Men's Movement of Canada.

Locomotive, 21 Cars Derailed At Bushnell

NORTH BAY, May 18—(CP)—Auxiliary train crews from here worked feverishly today to clear the main line of the Ontario Northland Railway, blocked by the derailment of a locomotive and 21 freight cars.

No one was injured when the huge locomotive jumped the tracks and hauled all but 14 of its 35 freight cars off with it last night at Bushnel, 49 miles north of here.

CNR officials reported no serious damage would result from the derailment. All cars derailed and the engine slid off the tracks in an upright position. The locomotive travelled several hundred feet after leaving the rails but did not overturn and the crew remained in the cab.

Surprise UN Vote Rejects Plan For Italian Colonies

NEW YORK, May 18—(CP) — A British-Italian plan to split up Italy's pre-war colonies was rejected early today by an upset vote in the United Nations General Assembly.

Latin-American countries revolted at the last minute to bring thumping defeat to the measure which had been denounced by Arab and Russian blocs as a "deal" to strengthen Anglo-American control of the Mediterranean.

Delegates gather again for what was expected to be a final meeting at 3 p.m. to arrange details for continuing study of the colonial problem at the next assembly session in September.

The Latin-American revolt came after the assembly defeated by one vote the section of the proposal which would have placed Tripolitania under Italian trusteeship.

The vote on Tripolitania during the heated assembly meeting was 33 to 17 in favor one vote short of the necessary two-thirds majority.

After the crucial vote on Tripolitania. Argentina's Jose Arce shouted that a "spirit of evil" had broken loose. He said Argentina would vote against the entire proposal—putting the problem right back where it was when the assembly opened debate May 5.

Other Latin-American delegates followed his lead.

Final vote on the British-Italian plan was 14 for to 37 against the same proposal had been approved in committee 34 for and 16 against.

The defeated plan provided:

1. Independence for all of Libya after 10 years under the U.N. trusteeship system.
2. Italian administration of Italian Somaliland.
3. Annexation of Eastern Eritrea to Ethiopia.

Trenton Aces Killed In Plane Dive

Airplane Crashes In Pond 4 Ft. Deep, Both Men Veterans

TRENTON, May 18.—(CP). — Two air force officers with wartime experience were killed on a routine training flight late yesterday when a light training plane plunged cockpit-down into four feet of water in a pond a mile northeast of the R.C.A.F. station here.

They were Sqdn. Ldr. H. G. Keillor, staff officer at Central Command here, and Sqdn. Ldr. J. E. McLurg of the Central Flying School here.

Sqdn. Ldr. Keillor, who held the Distinguished Service Order and the Distinguished Flying Cross, served during the Second World War with the R.C.A.F.'s 415 Squadron, a coastal command unit. His widow and a two-weeks-old son live in Trenton.

Said to be one of the most experienced pilots in the R.C.A.F., Sqdn. Ldr. McLurg was credited with more than 3,000 hours' flying time. During the war he flew with a Mosquito squadron. He returned five months ago from England, where he took a course at the Empire Flying School. He was qualified on 60 types of aircraft. His widow and an 11-year-old daughter are in Trenton.

Three Trenton youths who had been fishing in the Trent river saw the crash of the Auster aircraft, a British type.

Plane Flying Low

The eye-witnesses were Ken Brooks, 17; Earl Way, 20; and Don Aldrich, 19.

They said the plane was flying low—at an altitude of "a few hundred feet"—when its engine stopped. It lost altitude as it crossed above the town dump. Then it "flopped over" and crashed into the pond.

The youths ran to the pond. Way and Alrich, first to reach it, waded in and brought out the body of one of the airmen. Men from the nearby Central Brick Company recovered the other body.

Officials at the RC.A.F. station launched an investigation.

Lose Uranium U.S. Searching

WASHINGTON, May 18 (AP)—The United States Atomic Energy Commission today was looking for a missing quarter-ounce of uranium-235 after reporting recovery of a larger amount from waste material at one of its laboratories.

In an announcement Tuesday night the commission took note of reports that a much greater quantity of the atomic-bomb material had disappeared and could not be found.

It said that all told about 1.05 ounces—32 grams—could not be accounted for last February after a routine inventory at the Argonne National Laboratory in Chicago.

"To date," the announcement said, "25 grams of the 32 have been accounted for at Oak Ridge, Tenn., through analysis of contents of containers of salvage material, machine turnings, chemical solutions and so forth sent there covery treatment.

"The remaining seven grams—less than ¼ ounce—is not believed to have been stolen or lost as analysis of the waste is still continuing.

15 Inches Of Snow Cripples Alta. Town

PINCHER CREEK, Alta., May 18—Residents of this foothills area Tuesday were digging themselves out from beneath 15 inches of snow that fell overnight.

A driving snowstorm left cars stalled, school vans stuck, and brought a general tie-up of traffic. Tractors had to be used to pull school vans out Tuesday and many sleighs were put into use.

Calves taken out to summer pasture on forest reserves were caught in the storm and ranchers were busy hauling them to safety.

A SKELETON WAS FOUND in a sandput about two miles south of Lakehurst on Tuesday afternoon by Carl Wilson, Left, and Paul Richard. The skeleton was exhumed under direction of Provincial Constables Emmett Crough and Joseph Hanson. They believe it to be that of an Indian, because in the grave was found an oddly-shaped sandstone pipe bowl held by the men above.

—Examiner Staff Photo

County Forest Threatened By Bush Fire

A bush fire in the 10th concession of Dummer, on the edge of Peterborough county forest, was reported out of control this morning, threatening a Hydro line and the upper section of the forest.

John McColl, chairman of the country's reforestation committee, and Raymond Rogers, caretaker of the forest, had five or six men helping them late Tuesday afternoon.

"The fire is about a mile and a half east of the ninth line," Leonard Hannon informed the Examiner this afternoon. "The first we noticed it was Sunday. It ran through some range land, but died down when it hit a swamp, but it started again early in the afternoon."

"It flared up again Tuesday, and there were about 30 or 40 Hydro men helping to check it. By night it looked pretty well out. The new Hydro tower line is in the path of the fire. There was some opinion that the fire broke out in the brush that was cleared for the route of the towers, and has been left there for the last two years."

Mostly Ranch Land

"The fire started on lot 22, according to what I was told. On Tuesday it had spread to lots 21 and 20, owned by Cliff Davey of Norwood. It is mostly ranch land that was burned over some years ago. There is a lot of poplars and cedars on it."

Mr. Hannon said the fire Tuesday was about 200 yards from the Ouse River and the edge of the county forest, and it is about a

Indian Buried 100 Years Ago Startles White Brothers

A brief flurry of excitement was stirred up in the Lakehurst region on Tuesday afternoon when "a decomposed body" was reported to have been found in a gravel pit on the property of Mrs. W. J. Shearer, a mile and a half south of Lakehurst.

Provincial police raced to the scene and local residents ransacked their memories in an effort to remember anyone missing in the district, or who might have been a victim of foul play.

For a while it was a first class mystery, but when the remains were finally exhumed they were declared to be those of an Indian buried there before the coming of the white man. It is estimated he had been there at least 100 years.

The unusual discovery was made by Paul Richard and Carl Wilson, both of Lakehurst, who were digging in a gravel pit. Because the bones were well preserved the two men thought they must be from someone who died comparatively recently.

Buried at the crest of a small knoll and covered in sand the skeleton was in a dry piece of ground and therefore had not decayed.

In Good Condition

According to the finders it was lying on its right side with the knees pulled up against the chest. All the bones but those of the feet were found, and were in good condition.

"We've been digging here fo a couple of weeks" said Mr. Richard, "I uncovered the top part of the skull. It looked just like a rock so I flicked it away with my shovel. Then I saw that the rock had a perfect set of teeth."

Thinking they might have stumbled on a victim of foul play they phoned to Peterborough for the Provincial Police. A

Rail Traffic Checked By Reds

BERLIN, May 18—(Reuters)—Six days after the agreed lifting of the Berlin blockade, the Russians were understood today to be still barring the movement of almost all road and rail freight traffic from Berlin to West Germany —on a permit technicality.

Only one truckload of freight was believed, in fact, to have got through to West Germany. It carried metal scrap and was believed to have been let through by accident.

Reason for the virtual continuation of the blockade was understood to be the Russian requirement of a traffic permit as laid down by the Soviet military authority Jan. 1, 1948.

So far, the Russians have argued that this restriction does not come under the mutual lifting of those restrictions imposed since March 1, 1948, which was agreed upon in New York recently.

When the Russians are asked for eligible permits they reply that; the procedure for granting them has not yet been settled.

Observers here believed today that the Russians aim at keeping the position open until the opening of the foreign minsiters' conference in Germany in Paris next Monday.

Buffalo Line Blocked By 16-Car Derailment

FORT ERIE, May 18—(CP)—Two emergency crews with a wrecking crane and other heavy railway equipment worked Tuesday night trying to reopen the main line of the Canadian National Railways' Buffalo-Goderich division where it was closed Tuesday, 10 miles west of here, by a 16-car derailment.

A split rail is believed responsible for the cars of the eastbound freight jumping the tracks. Several of the derailed cars toppled. About 500 feet of track was torn up.

Emergency crews from Hamilton and Fort Erie terminals, about 50 men in all, were rushed in. Officials said the line may not be open until late today.

The derailed cars were partly loaded. One boxcar, carrying heavy rolls of paper, was so severely damaged that its cargo spilled along the right-of-way. No one was injured in the accident.

Trying To Oust Communists From Great Lakes Crews

DETROIT, May 18 — (CP) — More than 50 Great Lakes vessels manned by Canadian Seafarers' Union (T.L.C.) crews were targets of a drive launched today by the Seamen's International Union (A.F.L.) to oust Communists from lakes shipping.

The S.I.U. put on the alert all allied AFL unions at docks on Great Lakes waterways to deny cargo service to three Canadian shipping firms whose vessels are manned partially by CSU members.

Affected by the move were 24 ships and two barges of the Paterson Steamships Limited of Fort William; 20 ships and six barges of the Upper Lakes and St. Lawrence Company; and six ships and six barges of the Quebec and Ontario Transport Company, and half a dozen smaller concerns.

The situation was touched off yesterday when the Paterson firm's Cartierdoc was not permitted to dock at the newsprint pier of the Detroit Free Press.

Russell Smith, International representative of the S.I.U. said the object of the drive was to have non-Communist members of the Canadian Seamen's Union join the Canadian branch of the S.I.U.

"The Communists will be screened out in the process," he said.

Fred Farnen, S.I.U. Secretary, said the drive was designed to coincide with a Cleveland meeting today of top representatives of the Seafarers' Union from Canada, Detroit and New York. He claimed the "National backing" of "a dozen" AFL trades groups both in Canada and the United States.

Five Others In House Lose Posts

Defy Strict Orders To Follow Suit On Ireland Bill Vote

LONDON, May 18—(Reuters) — The Labor party today announced the expulsion of two members of Parliament. Five other members of the House of Commons were relieved of their posts as parliamentary secretaries to various ministries.

The members expelled were Konnie Zilliacus, member for Gateshead, and Leslie Solley, member for Turock. Both are persistent and severe critics of the government's foreign policy.

The parliamentary secretaries disciplined were:

Flt.-Lt. Frank Beswick of the air ministry; William R. Blyton of civil aviation; Robert J. Mellish of the admiralty; George H. Rogers of the ministry of supply; and Joseph P. W. Mallalieu of the food ministry.

Defied Orders

In the sternest purge of its rebels, the government relieved the five parliamentary secretaries because they defied the strict order to vote with the government on the controversial Ireland bill.

The government's action came as a shock today to parliamentary observers who had expected that a disciplinary talk to the "rebels" would be the only punishment meted out following the Ireland Bill voting.

In the case of the parliamentary secretaries it is understood Prime Minister Attlee felt more severe punishment was needed. He wrote to the five ministers served by the secretaries saying he did not see how their subordinates could vote against the government yet continue to hold their posts.

The decision to expel Solley and Zilliacus from the party was made today at a meeting of the National Executive committee of the Labor party.

A complication is that Zilliacus himself had just been nominated for membership of the Labor party's national executive.

May Attend Conference

It is possible he may be allowed to attend the Labor party's annual conference in two weeks' time and appeal to the several

Forest Fires Cost 2 Million

OTTAWA, May 18 — (CP) — The Resources Department today warned tourists, campers and sportsmen to be careful about forest-fire hazards, and backed up its point with grim figures on fire damage to Canada's forests in 1948.

Fire-fighting costs last year, amounting to more than $2,500,000, were the highest on record, the department said. This figure, added to damage caused by forest firest, brought the fotal 1948 loss to the second highest point in history, the pak being 1941.

"The amount of merchantable timber on lands burned over in 1948 was equal to that used by all the pulp and paper mills in Canada for a 7½-month period, sumption from 1937 to 1946," the statement said.

Say Servant Steals $50,000 Furs, Jewels

NEW YORK, May 18—(AP) — A 25-year-old woman today was charged with stealing $50,000 worth of furs and jewels while working as a domestic servant.

Police said they also were investigating whether she was involved in other robberies totalling more than $100,000.

The woman, Peggy Townsend (negro) was charged with grand larceny. Her arrest followed an 11-hour vigil by detectives at her apartment.

The arrest was made on the complaint of Mrs. Ida Levin, whose apartment was looted May 5. Mrs. Levin said some $50,000 worth of jewels and furs were taken.

Have $100 Prize For Bale Of Hay On Grassland Day

One hundred dollars for a bale of hay sounds like a grand forage price.

Neither is it a price, nor probably ever will be in agricultural economy, but it is the grand prize to be given at the district Grassland Day June 29, at the Cathcart farm, south of Springville.

It was reported Tuesday night as the top prize at the hay show feature. The cheque is a contribution from Canada Packers Limited. Second prize is likely to be a ton of fertilizer given by Co-Operative Services, and there may be several other prizes to encourage entries of new crop hay from the counties comprising the Grassland area of Central Ontario.

G. A. Gillespie, general chairman, presided at a meeting of committee chairmen, called together to review progress of organization. Frank C. Paterson was secretary. Twenty-two members were present.

Wilson Gemmell, finance chairman, reported receipt of $250 from the Ontario Department of Agriculture, $200 from Peterborough Federation of Agriculture and $25 from De Laval Company, with $22 spent, leaving $453 on hand. Mr. Gillespie said $75 was in sight, and the expected total would be around $900. The council of Northumberland-Durham has indicated a contribution of $50 and Victoria county another $50.

To Judge Show

Prof. R. G. Knox will judge the hay show. The meeting appointed Reeve Jeremiah Mahoney as chairman if that committee, with Robert Armstrong of Cavan and they are authorized to select other helpers.

Graham Eastwood reported for the Publicity Committee, of which Art Douglas is chairman. They are planning to order stickers, posters and directing arrows, with newspaper and radio publicity. A budget of $150 for publicity was provided in a motion by Art McIntyre and Bob McAdam.

F. A. Lashly of the Ontario Agricultural Societies branch was a visitor, offering suggestions from the Grassland Day at Alliston last year.

Mr. McAdam reported from the Grounds Committee. Ken Fallis of the Ontario Department outlined the work that has been done on the Cathcart 45 acres on the east side of Highway No. 28, just south of the CPR at Kendry.

Full Co-operation

Mr. McIntyre and Cliff Curtis said there would be full co-operation by the farm machinery companies. Junior farmers have charge of the parking details. Gordon Hancock reported that details of a program to last about an hour had not yet been settled. Dick Stewart said several rural groups of women were undertaking the catering for the expected crowd of thousands.

Mr. McAdam reminded the meeting that provision has to be made for cleaning up the grounds after the show, "and anybody who has seen the litter of papers after a provincial plowing match has an idea of what this job might be."

W. W. Dawson suggested that St. John Ambulance be requested to assign one of their first-aid units for Grassland Day. Another precaution will be public liability insurance, but the committee passed up the idea of rain insurance for the simple reason that there is no admission charge.

Mr. Gillespie said the reports were decidedly encouraging, and he asked for further announcements of progress at the next general meeting.

Hospital Orders Child Out Baby 5 Months Old Dies At Home With Measles

SARNIA, May 18—(CP)—Five-month-old Raymond John Spencer, son of Mr. and Mrs. Earl Raymond Spencer, of Sarnia, died at his home Monday after his parents had been requested to remove him from Sarnia General Hospital because he had measles. A request for permission to take the baby across the United States border to a Port Huron hospital was denied. This is the third time in less than two months that a child has died in this city from a communicable disease which lacks an isolation hospital.

Dr. Gordon Anderson, Medical Officer of Health said "this case accentuates the urgency of the need for isolation accommodation in the Sarnia area."

The attending physician who did not wish his name published, said "there is no doubt the child's death was due to a clear cut case of measles. No one could say with any certainty that he might not have died under hospital treatment, but there is no doubt he would have had a vastly greater chance of survival had there been an isolation hospital to which he could have been admitted.

Order To Remove Baby

The Spencer baby had been admitted last Saturday afternoon to the hospital suffering with gastro-enteritis. Less than 12 hours later the worried parents received a phone call from the hospital informing them their child had measles and must be removed from hospital immediately.

"We know the child is deathly sick," Mr. Spencer quoted a hospital official as saying, "but he can't stay here with measles."

Ontario law permits general hospitals to refuse to care for patients with infectious diseases.

Mr. Spencer desperately called St. Joseph's hospital and was informed they too were unable to care for his child. He telephoned hospital in Port Huron, Michigan, and was told it would be impossible to take the baby across the international border with a communicable disease.

So he and his wife cared for their child as best they could at home, and he seemed actually to be improving a little until he died Monday.

Rail Brotherhood Asks 40-Hr. Week

MONTREAL, May 18—(CP)—A group of International Railway Brotherhoods representing 100,000 workers Tuesday announced it will seek the 40-hour week and higher basic wage rates this summer.

Tuesday's announcement came from Frank Hall, chairman of the International Brotherhood's general conference committee which has held a two-day meeting. He said the unions will seek the same take-home pay for 40 hours as now is received from the 48-hour week.

"The unions," he said, "represent employees who are paid by the hour, day or month. Train-service employees who are paid on a mileage basis are represented by four other international unions and are not affected by these demands."

Peterborough Hogs, Grain And Produce

WEDNESDAY, MAY 18

Hog quotations' $29.40 plus transportation.

Sow quotations $20 plus transportation.

Quaker Oats Company of Canada quotes Ontario Winter Wheat No. 1 $2.00; No. 2 $2.00; No. 3 $1.97; feed oats 75c; buckwheat $1; feed barley $1.12.

Leaves For London

RANGOON, May 18 (AP)—A high government source said Tuesday Premier Thakin Nu will leave shortly for London on undisclosed "important business." The source said the Premier would return before June 7 when the Burmese parliament opens. The recent Commonwealth conference in London promised aid to the Burmese government.

Indian Buried

Continued from Page 1

car containing Provincial Constables Joseph Hanson and Emmett Crough responded to the call.

The only means of indentification to lead police and the finders to think it was an Indian skeleton was an Indian-style sandstone pipe found along with it. Whether it was a man, woman or youth remains a mystery.

As the shovels dug away the supporting sand the ribs collapsed so that finally the find amounted to an assortment of bones and a skull with a perfect set of teeth.

Jack Coones, owner of the Sandy Lake Garage, said local residents had frequently found bits of pipe and other odds and ends of Indian equipment in the surrounding countryside, but it was the first time a skeleton had been unearthed.

"There's no Indian burial ground around here that I know of," he stated. And he added that his father James Coones who came from Murray Twp. about 75 years ago had never told him of any Indian buried in the vicinity. He was the first white man to settle near Lakehurst, Mr. Coones declared.

Referring to the pipe found along with the skeleton, he said it was of Indian make but of strange design.

"It's a little different from any I've seen before. Most of the Indian pipes are of dark red clay or stone but this one is of lighter grain."

Digging is continuing today at the gravel pit but those handling the shovels are keeping a wary eye for other skeletons or Indian bric-a-brac.

Drew Opposed To Union Of 2 Railroads

By The Canadian Press

Railway policies held the spotlight in yesterday's general election campaigning in the Maritime Provinces.

With the major party leaders still concentrating their pre-election oratory on the eastern seaboard, George Drew, Progressive Conservative leader, and M. J. Coldwell, CCF chieftain, put their views on the country's railway problems before the people of the transportation - conscious Maritimes.

Both spoke in eastern railway centres, Mr. Drew at Truro, N.S., and Mr. Coldwell at Moncton, N.B.

Mr. Drew declared his party's opposition to amalgamation of the country's two main railroads —Canadian Pacific Railway Company and Canadian National Railways—and said great changes in the employment centres of Canada would take place if the two lines were joined. The services should be expanded and improved.

He stressed that there are great opportunities for the advancement of every part of the Maritimes. Transportation was one of the main problems facing the area but it could be solved and would be solved under a Progressive Conservative government. Other points in his speeches included:

1. The Progressive Conservative party is opposed to amalgamation of Canada's two main railways.

2. Parliament should accept responsibility for ironing out the freight rates issue.

3. His party advocates assistance to veterans on the widest possible basis.

4. The CBC has become a propaganda agency of the government.

5. The Progressive Conservative platform against Communists does not call for the establishment of concentration camps.

Mr. Coldwell said the CCF, if placed in power in the June 27 election, would take early action on the formulation of a national transportation policy.

Mr. Coldwell said the CCF's transportation policy called for the integration, where possible, of rail, road, water and air services so each could be used most effectively. The railways would be preserved for heavy traffic and would be fed by the other services, particularly trucking.

He predicted the CCF party would make "substantial gains" in the June 27 voting, but conceded that "we won't know whether we will make large enough gains to form a government."

While the two opposition leaders campaigned on the mainland, Prime Minister St. Laurent rounded out a two-day tour of Prince Edward Island at Summerside. There, he told a political rally it was "more than confidence" that Canada's periods of prosperity coincided with Liberal administration.

By the same token, he said, depression had coincided with Conservative rule.

To Bare Platform

The Prime Minister left Prince Edward Island today with an early draft of a Thursday night speech at Moncton, N. B., in which he will bare the Liberal party's platform for the June 27 election.

He has given no hint in his week in the Maritimes of any new major steps the government has in mind. But if there are any they would logically be saved for this keynote speech.

He told a capacity theatre audience he would not say there are not trade problems or that today's prosperity can continue indefinitely but he knew or no one more able to find any available foreign outlets than Trade Minister Howe.

Canadians were saving twice as much after taxes as in 1939. Savings in banks were up 140 per cent and savings in insurance firms 85 per cent.

"This is a pretty satisfactory situation," the Prime Minister said, "and it all happened while we were in power."

Prices Move Quietly In Dull Action

TORONTO, May 18.—(CP).—Prices moved quietly lower in stock exchange today. Only a comparative handful turned over in the industrials with the majority showing fractional declines. Golds lost their early firmness to slip into lower ground and western oils dipped in midsession. A few base metals mixed gains and losses.

Volume for the first three hours was 317,000 shares, about 94,000 shades less than yesterday's similar period.

Several industrial issues showed signs of strengthening at the half-way mark. Papers were slightly lower and foods were down.

Golds were better early in the day as senior issues gained.

Noranda added ¼ at 54 in a mixed base metals list.

HOG PRICES

TORONTO, May 18 — (CP) — Hog prices at Stratford today were: Grade A hogs, from farmers, $29.85; from truckers, $30.

Other markets unavailable.

OBITUARIES

MRS. JAMES H. McGREGOR.

Mrs. James H. McGregor, 53, of Highland Grove, Ont., died on Tuesday at the home of her sister, Mrs. F. B. Smitheram, 431 Hunter St. W. Ill for about a year Mrs. McGregor was born at Highland Grove. She was the daughter of Eleanor McInroy and the late Alexander Nicoll.

Besides her husband she leaves one daughter, Mrs. Garfield Curtain (Lela), and one son Donald of Bethany. There are four sisters, Mrs. G. R. Russell of Campbellford, Mrs. L. M. Plunkett, Mrs V. E. Forbes and Mrs. F. B. Smith[illegible], all of this city, also seven brothers [illegible] Alberta, James of Saskatchewan, Frederick of British Columbia, Edward of Toronto, Albert of Haliburton, Arthur of Baptiste and Harold of Lindsay. She was a member of the Salvation Army.

Funeral service will be held on Friday at the Nisbett Funeral Home at 2 p.m. Major Charles Watt of the Salvation Army, assisted by Mr. Cleveland Robb, will officiate and burial will be at St. Mary's Cemetery, Manvers township.

State Manages Pubs

LONDON, May 18 (Reuters)—A bill to put all the inns and "pubs" of new towns in Britain under state management — described by the opposition as a first step toward nationalization of the brewery trade—was passed by the House of Commons Tuesday night. It now goes to the House of Lords.

The Weather

Peterborough Temperatures:

Today:
Night low..51 Noon ...77
Yesterday:
Highest....78 Lowest..43
One Year Ago:
Highest....59 Lowest..45

Most of the province will obtain some relief from the dry weather by midnight tonight, with this relief coming in many cases in the form of thundershowers. Cold air which covers the prairie provinces and the extreme northern portion of Ontario is not expected to extend over the southern part of the province until late Thursday evening, so that very warm humid weather is expected in the southern regions for today and most of Thursday.

Lake Erie, Southern Lake Huron, Western Lake Ontario, Niagara and Haliburton regions: Clear. Variable cloudiness with scattered thundershowers this evening. Thursday overcast with showers and thundershowers clearing late evening. Very warm and humid becoming much cooler Thursday evening. Winds light becoming south 15 midafternoon and shifting to north 15 Thursday evening. Low tonight and high Thursday at St Thomas 62 and 80, St. Catharines 62 and 82, Killaloe 54 and 75.

Summary for Thursday—Warm with showers. Evening clearing.

Eastern Lake Ontario region: Clear. Thursday overcast with showers and thundershowers clearing late evening. Very warm and humid becoming much cooler Thursday evening. Winds southwest 15 becoming north 20 late Thursday evening. Low tonight and high Thursday at Trenton 57 and 75

Summary for Thursday—Warm with showers. Evening clearing.
